	Notes to the Template					
	Description	Hong Kong basis HK\$'000	Basel III basis HK\$'000			
	Other intangible assets (net of associated deferred tax liabilities)	210	210			
9	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage servicing right ("MSRs") may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up t the specified threshold). In Hong Kong, an AI is required to follow the accounting treatment of including MSRs as part of intangible assets reported in the AI's financial statements and to deduct MSRs in full from CET1 capital. Therefore, the amoun to be deducted as reported in row 9 may be greater than that required under Basel III. The amount reported under the colum "Basel III basis" in this box represents the amount reported in row 9 (i.e. the amount reported under the "Hong Kong basis" adjusted by reducing the amount of MSRs to be deducted to the extent not in excess of the 10% threshold set for MSRs and th aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities or other credit exposures to connecte companies) under Basel III.					
	Deferred tax assets (net of associated deferred tax liabilities) Explanation	245	245			
10	Explanation As set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities or other credit exposures to connected companies) under Basel III.					
	Insignificant LAC investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0			
18	Explanation For the purpose of determining the total amount of insignificant LAC investment financial sector entities, an AI is required to aggregate any amount of loans, facilitie any of its connected companies, where the connected company is a financial sector credit exposures were direct holdings, indirect holdings or synthetic holdings of the sector entity, except where the AI demonstrates to the satisfaction of the MA that an granted, or any such other credit exposure was incurred, in the ordinary course of th deducted as reported in row 18 may be greater than that required under Basel III. The III basis'' in this box represents the amount reported in row 18 (i.e. the amount repo- by excluding the aggregate amount of loans, facilities or other credit exposures to subject to deduction under the Hong Kong approach.	s or other credit r entity, as if su AI in the capital y such loan was e AI's business. the amount report rted under the "I	exposures provided by it to ch loans, facilities or other instruments of the financial made, any such facility was Therefore, the amount to be ed under the column "Basel Hong Kong basis") adjusted			
	Significant LAC investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold) Explanation	0	0			
19	For the purpose of determining the total amount of significant LAC investments in C sector entities, an AI is required to aggregate any amount of loans, facilities or other connected companies, where the connected company is a financial sector entity, as if exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the entity, except where the AI demonstrates to the satisfaction of the MA that any such I granted, or any such other credit exposure was incurred, in the ordinary course of the deducted as reported in row 19 may be greater than that required under Basel III. The III basis" in this box represents the amount reported in row 19 (i.e. the amount reported subject to deduction under the Hong Kong approach.	credit exposures such loans, facil he capital instrur loan was made, a AI's business. T e amount reporte ed under the "He	provided by it to any of its ities or other credit ments of the financial sector my such facility was herefore, the amount to be d under the column "Basel ong Kong basis") adjusted			

	Notes to the Template

	applicable, 5% threshold)					
	Explanation					
	The effect of treating loans, facilities or other credit exposures to connected compani	The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as				
54	CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row					
	18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of					
	other insignificant LAC investments in Tier 2 capital instruments and noncapital LAC liabilities may be smaller. Therefore, the					
	amount to be deducted as reported in row 54 may be greater than that required under Basel III. The amount reported under the					
	column "Basel III basis" in this box represents the amount reported in row 54 (i.e. the amount reported under the "Hong Kong					
	basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies					
	which were subject to deduction under the Hong Kong approach.					
Rema	rks:					

The amount of the 10% threshold mentioned above is calculated based on the amount of CET1 capital determined in accordance with the deduction methods set out in BCR Schedule 4F. The 15% threshold is referring to paragraph 88 of the Basel III text issued by the Basel Committee (December 2010) and has no effect to the Hong Kong regime.
