CC2: Reconciliation of regulatory capital to balance sheet.....	8
CCA: Main features of regulatory capital instruments.....	9
Part IIB : Macroprudential supervisory measures	
CCyB1: Geographical distribution of credit exposures used in countercyclical capital buffer.....	10
Part IIC : Leverage ratio	
LR1: Summary comparison of accounting assets against leverage ratio exposure measure.....	11
LR2: Leverage ratio.....	12
Part III : Credit risk for non-securitization exposures	
CR1: Credit quality of exposures.....	13
CR2: Changes in defaulted loans and debt securities.....	14
CR3: Overview of recognized credit risk mitigation.....	15
CR4: Credit risk exposures and effects of recognized credit risk mitigation – for STC approach.....	16
CR5: Credit risk exposures by exposure classes and by risk weights – for STC approach.....	17-20
Part IV : Counterparty credit risk	
CCR1: Analysis of counterparty credit risk exposures (other than those to CCPs) by approaches.....	21
CCR3: Counterparty credit risk exposures (other than those to CCPs) by exposure classes and by risk weights – for STC approach.....	22
CCR5: Composition of collateral for counterparty credit risk exposures (including those for contracts or transactions cleared through CCPs).....	23
CCR6: Credit-related derivatives contracts.....	24
CCR8: Exposures to CCPs.....	25
Part IVA : Credit valuation adjustment risk	
CVA1: CVA risk under reduced basic CVA approach.....	26
Part VI : Market risk	
MR1: Market risk under STM approach.....	27
Part XI: Asset encumbrance	
ENC: Asset encumbrance.....	28
Abbreviations.....	29

Regulatory disclosures (unaudited)

Introduction

The information contained in this document is for Chong Hing Bank Limited ("the Bank") and its subsidiaries ("the Group") to comply with the Banking (Disclosure) Rules ("the BDR") made under section 60A of the Banking Ordinance. It should be read in conjunction with the Group's consolidated financial statements. The banking disclosures are prepared in accordance with the BDR and disclosure templates issued by the Hong Kong Monetary Authority ("the HKMA"). It has been prepared on a consolidated basis for regulatory purposes which is different from the consolidated basis for accounting purposes. Information regarding subsidiaries that are not included in the consolidation for regulatory purpose is set out in the "Basis of Consolidation section" of the Group's consolidated financial statements.

The approaches used in calculating the Group's regulatory capital and risk-weighted assets are in accordance with the Banking (Capital) Rules. The Group uses the standardised (credit risk) approach to calculate its credit risk. For counterparty credit risk, the Group uses the standardised approach (counterparty credit risk) to calculate its credit risk exposures. For market risk, the Group uses the standardised (market risk) approach to calculate its market risk. For CVA risk, the Group uses reduced basic CVA approach to calculate its CVA risk. For operational risk, the Group uses standardised approach to calculate its operational risk.

A disclosure policy has been put in place for the disclosure of material information (including inside information) relating to the businesses, state of affairs, profit or loss and capital adequacy ratio to the stakeholders and the public in compliance with the disclosure obligations required by the Banking Ordinance, the Securities and Futures Ordinance and other applicable laws, rules and regulations. The banking disclosures are governed by the Group's disclosure policy, which have been approved by the Board. The disclosure policy sets out the governance, control and assurance requirements for publication of the document. The banking disclosures are reviewed by independent party in accordance with the Group's disclosure policy.

The Group's Banking Disclosure Statement at 30 June 2025 comprises Pillar 3 information required under the framework of the Basel Committee on Banking Supervision. The disclosures are made in accordance with the latest BDR issued by the HKMA.

According to the BDR, disclosure of comparative information is not required unless otherwise specified in the standard disclosure templates. Prior period disclosures can be found in the Regulatory Disclosures section of our website, www.chbank.com.

79	Cap for inclusion of provisions in Tier 2 under the IRB approach and SEC-IRBA	-	

Part IIA : Composition of regulatory capital (unaudited)

CC1: Composition of regulatory capital

As at 30 June 2025

Notes to the template:

In HK\$'000

Row No.	Description	Hong Kong basis	Basel III basis
9	Other intangible assets (net of associated deferred tax liabilities)	619,222	619,222
	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage servicing rights ("MSRs") may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to follow the accounting treatment of including MSRs as part of intangible assets reported in the AI's financial statements and to deduct MSRs in full from CET1 capital. Therefore, the amount to be deducted as reported in row 9 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 9 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of MSRs to be deducted to the extent not in excess of the 10% threshold set for MSRs and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities or other credit exposures to connected companies) under Basel III.		
10	Deferred tax assets (net of associated deferred tax liabilities)	-	-
	Explanation As set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities or other credit exposures to connected companies) under Basel III.		
18	Insignificant LAC investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	-	-
	Explanation For the purpose of determining the total amount of insignificant LAC investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the MA that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business. Therefore, the amount to be deducted as reported in row 18 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 18 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.		
19	Significant LAC investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	-	-
	Explanation For the purpose of determining the total amount of significant LAC investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the MA that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business. Therefore, the amount to be deducted as reported in row 19 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 19 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.		
39	Insignificant LAC investments in AT1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	-	-
	Explanation For the purpose of determining the total amount of significant LAC investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the MA that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business. Therefore, the amount to be deducted as reported in row 19 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 19 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.		
54	Insignificant LAC investments in Tier 2 capital instruments issued by, and non-capital LAC liabilities of, financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold and, where applicable, 5% threshold)	-	-
	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant LAC investments in Tier 2 capital instruments and non-capital LAC liabilities may be smaller. Therefore, the amount to be deducted as reported in row 54 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 54 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.		
Remarks:			
The amount of the 10% threshold and 5% threshold mentioned above is calculated based on the amount of CET1 capital determined in accordance with the deduction methods set out in BCR Schedule 4F. The 15% threshold is referring to paragraph 88 of the Basel III text issued by the Basel Committee (December 2010) and has no effect to the Hong Kong regime.

15 Optional call date, contingent call dates and redemption amount	NA	The First Call Date is on 3 Aug 2025. The Capital Securities have no fixed redemption date. Optional Redemption (on a designated date in 2025 or on any Distribution Payment Date thereafter), Tax Redemption and Regulatory Redemption are all subject to prior written consent of the Hong Kong Monetary Authority. Redemption amount of each Perpetual Capital Security will be USD1,000 per calculation amount, subject to adjustment following the occurrence of a Non-Viability Event or the issue of a Resolution Notice.	The bank may redeem all, but not some only, of the Notes then outstanding on 27 July 2027, at their outstanding principal amount together with interest accrued to (but excluding) the date of redemption, subject to adjustments following the occurrence of a Non-Viability Event and prior written consent of the Hong Kong Monetary Authority. The notes will be redeemable at the option of the Bank in whole but not in part, at a redemption price equal to their principal amount together with interest accrued to (but excluding) the date fixed for redemption, upon the occurrence of a Capital Event (Regulatory Redemption), a Tax Deduction Event (Tax Deduction Redemption) or upon the occurrence of certain changes in taxation in Hong Kong requiring the payment of additional amounts (Tax Redemption), in each case, subject to adjustments following the occurrence of a Non-Viability Event. Tax Redemption, Tax Deduction Redemption and Regulatory Redemption are all subject to prior written consent of the Hong Kong Monetary Authority.	The Bank is entitled to a one-time redemption right of the Bonds at the Bank's option. The Bank may redeem the Bonds then outstanding in part or in whole on 28 September 2028, at their outstanding principal amount together with interest accrued to (but excluding) the date of redemption, subject to adjustments following the occurrence of a Non-Viability Event and prior written consent of the Hong Kong Monetary Authority. The Bonds will be redeemable at the option of the Bank in whole but not in part, at a redemption price equal to their principal amount together with interest accrued to (but excluding) the date fixed for redemption, upon the occurrence of a Regulatory Change Event (Regulatory Redemption), or upon the occurrence of certain changes in taxation in Hong Kong requiring the payment of additional amounts (Tax Redemption), in each case, subject to adjustments following the occurrence of a Non-Viability Event. Tax Redemption and Regulatory Redemption are all subject to prior written consent of the Hong Kong Monetary Authority.	The Bank is entitled to a one-time redemption right of the Bonds at the Bank's option. The Bank may redeem the Bonds then outstanding in part or in whole on 11 June 2029, at their outstanding principal amount together with interest accrued to (but excluding) the date of redemption, subject to adjustments following the occurrence of a Non-Viability Event and prior written consent of the Hong Kong Monetary Authority. The Bonds will be redeemable at the option of the Bank in whole but not in part, at a redemption price equal to their principal amount together with interest accrued to (but excluding) the date fixed for redemption, upon the occurrence of a Regulatory Change Event (Regulatory Redemption), or upon the occurrence of certain changes in taxation in Hong Kong requiring the payment of additional amounts (Tax Redemption), in each case, subject to adjustments following the occurrence of a Non-Viability Event. Tax Redemption and Regulatory Redemption are all subject to prior written consent of the Hong Kong Monetary Authority.

30 Write-down feature	No	Yes	Yes	Yes	Yes
31 If write-down, write-down trigger(s)	NA	If a Non-Viability Event occurs and is continuing, the Bank shall, upon the provision of a Non-Viability Event Notice, irrevocably reduce the then prevailing principal amount of, and cancel any accrued but unpaid Distribution in respect of, each Capital Security (in each case in whole or in part) by an amount equal to the Non-Viability Event Write-off Amount per Perpetual Capital Security. "Non-Viability Event" means the earlier of: (i) the Hong Kong Monetary Authority notifying the Bank in writing that the Hong Kong Monetary Authority is of the opinion that a Write-off or conversion is necessary, without which the Bank would become non-viable; and (ii) the Hong Kong Monetary Authority notifying the Bank in writing that a decision has been made by the government body, a government officer or other relevant regulatory body with the authority to make such a decision, that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable.	If a Non-Viability Event occurs and is continuing, the Bank shall, upon the provision of a Non-Viability Event Notice, irrevocably reduce the then principal amount of, and cancel any accrued but unpaid interest in respect of, each Note (in each case in whole or in part) by an amount equal to the Non-Viability Event Write-off Amount per Note. "Non-Viability Event" means the earlier of: (i) the Hong Kong Monetary Authority notifying the Bank in writing that the Hong Kong Monetary Authority is of the opinion that a Write-off or conversion is necessary, without which the Bank would become non-viable; or (ii) the Hong Kong Monetary Authority notifying the Bank in writing that a decision has been made by the government body, a government officer or other relevant regulatory body with the authority to make such a decision, that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable.	If a Non-Viability Event occurs and is continuing, the Bank shall, upon or prior to the provision of a Non-Viability Event Notice and following or concurrently with the Write-off of the aggregate principal amount of all Subordinated Capital Instruments which constitute Junior Obligations of the Issuer (which for the avoidance of doubt includes all Additional Tier 1 Capital Instruments) in accordance with the terms thereof, irrevocably (without the need for the consent of the Bondholders) reduce the then outstanding principal amount of, and cancel any accrued but unpaid interest in respect of, each Bond (in each case in whole or in part) by an amount equal to the Non-Viability Event Write-off Amount per Bond. "Non-Viability Event" means the earlier of: (i) the Monetary Authority notifying the Bank in writing that the Monetary Authority is of the opinion that a Write-off or conversion is necessary, without which the Bank would become non-viable; and (ii) the Monetary Authority notifying the Bank in writing that a decision has been made by the government body, a government officer or other relevant regulatory body with the authority to make such a decision, that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable.	If a Non-Viability Event occurs and is continuing, the Bank shall, upon or prior to the provision of a Non-Viability Event Notice and following or concurrently with the Write-off of the aggregate principal amount of all Subordinated Capital Instruments which constitute Junior Obligations of the Issuer (which for the avoidance of doubt includes all Additional Tier 1 Capital Instruments) in accordance with the terms thereof, irrevocably (without the need for the consent of the Bondholders) reduce the then outstanding principal amount of, and cancel any accrued but unpaid interest in respect of, each Bond (in each case in whole or in part) by an amount equal to the Non-Viability Event Write-off Amount per Bond. "Non-Viability Event" means the earlier of: (i) the Monetary Authority notifying the Bank in writing that the Monetary Authority is of the opinion that a Write-off or conversion is necessary, without which the Bank would become non-viable; and (ii) the Monetary Authority notifying the Bank in writing that a decision has been made by the government body, a government officer or other relevant regulatory body with the authority to make such a decision, that a public sector injection of capital or equivalent support is necessary, without which the Bank would become non-viable.

Part IIB : Macroprudential supervisory measures (unaudited)

CCyB1: Geographical distribution of credit exposures used in countercyclical capital buffer ("CCyB")

Geographical breakdown of risk-weighted amounts (RWA) in relation to private sector credit exposures with a non-zero applicable JCCyB ratio

In HK\$'000		As at 30 Jun 2025			
		(a)	(c)	(d)	(e)
	Geographical breakdown by Jurisdiction (J)	Applicable JCCyB ratio in effect (%)	RWA used in computation of CCyB ratio	AI-specific CCyB ratio (%)	CCyB amount
1	Hong Kong SAR	0.500%	100,403,001		
2	United Kingdom	2.000%	617,238		
3	Ireland	1.500%	321,508		
4	South Korea	1.000%	180,114		
5	Australia	1.000%	414		
	Sum		101,522,275		
	Total		165,291,250	0.315%	631,297

The jurisdiction in which the Group has private sector credit exposure is determined on an "ultimate risk basis". Exposures are allocated to the jurisdiction where the risk ultimately lies, defined as the location where the "ultimate obligor" resides.

Part IIC : Leverage ratio (unaudited)
LR1: Summary comparison of accounting assets against leverage ratio exposure measure

In HK\$'000		(a)
		As at 30 June 2025
	Item	Value under the LR framework
1	Total consolidated assets as per published financial statements	307,749,572
2	Adjustment for investments in banking, financial, insurance or commercial entities that are consolidated for accounting purposes but outside the scope of regulatory consolidation	-564,952
3	Adjustment for securitised exposures that meet the operational requirements for the recognition of risk transference	-
4	Adjustments for temporary exemption of central bank reserves	Not applicable
5	Adjustment for fiduciary assets recognised on the balance sheet pursuant to the applicable accounting standard but excluded from the LR exposure measure	-
6	Adjustments for regular-way purchases and sales of financial assets subject to trade date accounting	-
7	Adjustments for eligible cash pooling transactions	-
8	Adjustments for derivative contracts	2,528,270
9	Adjustment for SFTs (i.e. repos and similar secured lending)	85,031
10	Adjustment for off-balance sheet ("OBS") items (i.e. conversion to credit equivalent amounts of OBS exposures)	14,824,201
11	Adjustments for prudent valuation adjustments and specific and collective provisions that are allowed to be excluded from LR exposure measure	-106,430
12	Other adjustments	-2,133,386
13	Leverage ratio exposure measure	322,382,306

Difference between the total balance sheet assets (net of on-balance sheet derivative exposures and securities financing transaction exposures) as reported in published financial statements and on-balance sheets exposures as stated in LR2 was due to investments in entities that are consolidated for accounting purpose but outside the scope of regulatory consolidation.

Part IIC : Leverage ratio (unaudited)

In HK\$'000							
1 Loans	4,449,485	226,132,557	2,754,324	1,884,597	869,727	-	227,827,718
2 Debt securities	-	69,587,428	84,459	-	84,459	-	69,502,969
3 Off-balance sheet exposures	-	13,953,491	105,708	25,724	79,984	-	13,847,783
4 Total	4,449,485	309,673,476	2,944,491	1,910,321	1,034,170	-	311,178,470

The Group identifies the exposures as "default" if the exposure is past due for more than 90 days or has been rescheduled.

Loans included balances with banks, loans and advances to customers and balances with central banks.

Off-balance sheet exposures included direct credit substitutes, transaction-related contingencies, trade-related contingencies, forward asset purchases and irrevocable loans commitment.

Part III : Credit risk for non-securitization exposures (unaudited)

CR2: Changes in defaulted loans and debt securities

In HK\$'000		(a)
		Amount
1	Defaulted loans and debt securities at end of the previous reporting period (31 December 2024)	4,959,501
2	Loans and debt securities that have defaulted since the last reporting period	218,710
3	Returned to non-defaulted status	(24,425)
4	Amounts written off	(696,093)
5	Other changes	(8,208)
6	Defaulted loans and debt securities at end of the current reporting period (30 June 2025)	4,449,485
