LIQUIDITY RISK MANAGEMENT

Bank has established in all material respects, the Internal Control system and Procedures in accordance with the requirements set-out in the "Supervisory Policy Manual (LM2- Sound Systems and Controls for Liquidity Risk Management) issued by HKMA. The Risk Management Committee, comprising of the Senior Executives of the Hong kong Branch is responsible for implementing the Liquidity Risk Management Strategy. Guidelines are issued by this Committee periodically for funding and contingency Planning. The bank uses the Cash Flow projections / Liquidity Planning schedules, prepared on a daily basis for Liquidity Management. The risk is tracked through maturity and cash flow mis-matches. Surplus or deficit at selected maturity dates, known as "Time buckets" is adopted as the standard tool for measuring Liquidity Risk. Limits on tolerance level of mis-matches have been set by the Bank and monitored regularly. Wholesale deposits and borrowings are also monitored on a daily basis. The Bank calculates periodically various ratios with reference to the borrowings, wholesale deposits, commitments and derivative positions and these ratios are also used for monitoring the liquidity management. Overall, the Bank has established sound Liquidity Policies and Procedures for Liquidity Management and they are being adhered to strictly.
