AIRSTAR BANK LIMITED
REGULATORY DISCLOSURE STATEMENT (Unaudited)

1. INTRODUCTION

Purpose

The information contained in this document is for Airstar Bank Limited ("the Bank") and is prepared in accordance with the Banking (Disclosure) Rules ("BDR") made under section 60A of the Banking Ordinance and disclosure templates issued by the Hong Kong Monetary Authority ("HKMA").

These banking disclosures are governed by the Bank's disclosure policy, which has been approved by the Board. The disclosure policy sets out the governance, control and assurance requirements for publication of the document. While the Banking Disclosure Statement is not required to be externally audited, the document has been subject to independent review in accordance with the Bank's disclosure policies.

Basis of preparation

The approaches used in calculating the Bank's regulatory capital and risk-weighted assets ("RWA") are in accordance with the Banking (Capital) Rules ("BCR"). The Bank uses the standardized (credit risk) approach to calculate its credit risk for its non-securitization exposures. For counterparty credit risk, the Bank uses the current exposure method to calculate its default risk exposures. For market risk, the Bank uses the standardized (market risk) approach to calculate its market risk. For operation risk, the Bank uses the basic indicator approach to calculate its operational risk.

According to the BDR, disclosure of comparative information is not required unless otherwise specified in the standard disclosure templates. Prior period information is not available for first time quarterly disclosure statement. This document and subsequent disclosures can be found in the Regulatory Disclosures section of our website, www.airstarbank.com.
