REGULATORY DISCLOSURE STATEMENT (Unaudited)

1. INTRODUCTION

Purpose

The information contained in this document is for Airstar Bank Limited ("the Bank") and should be read in conjunction with the Bank's Interim Financial Disclosure Statements for the six months ended 30 June 2022. The Bank's Financial Disclosure Statements and the Regulatory Disclosure Statement, taken together, comply with the Banking (Disclosure) Rules ("BDR") made under section 60A of the Banking Ordinance and the disclosure templates issued by the Hong Kong Monetary Authority ("HKMA").

These banking disclosures are governed by the Bank's disclosure policy, which has been approved by the Board. The disclosure policy sets out the governance, control and assurance requirements for publication of the document. While the Regulatory Disclosure Statement is not required to be externally audited, the document has been subject to independent review in accordance with the Bank's disclosure policies.

The Regulatory Disclosure Statement includes the majority of the information required under the BDR. The remainder of the disclosure requirements are covered in the Interim Financial Disclosure Statements which can be found in the Financial Reports section of our website, www.airstarbank.com.

Basis of preparation

The approaches used in calculating the Bank's regulatory capital and risk-weighted assets ("RWA") are in accordance with the Banking (Capital) Rules ("BCR"). The Bank uses the standardized (credit risk) approach to calculate its credit risk for its non-securitization exposures. For counterparty credit risk, the Bank uses the standardized (counterparty credit risk) approach to calculate its default risk exposures. For market risk, the Bank uses the standardized (market risk) approach to calculate its market risk. For operational risk, the Bank uses the basic indicator approach to calculate its operational risk.

According to the BDR, disclosure of comparative information is not required unless otherwise specified in the standard disclosure templates. Prior period disclosures can be found in the Regulatory Disclosures section of our website, www.airstarbank.com.

Basis of consolidation

The Bank does not have any subsidiaries to consolidate the financial information in this Regulatory Disclosure Statement and its Interim Financial Disclosure Statements for the six months ended 30 June 2022.

Combined with the movement of due from Exchange Fund and customer deposits were the major drivers the movement of average LMR across the reporting periods.

¹ The LMR disclosed above represent the arithmetic mean of the average value of its LMR for each calendar month within the quarter.

The following table provides an overview of the geographical distribution of private sector credit exposures relevant for the calculation of the Bank’s CCyB ratio.

			As at 30 Jun 2022			
			(a)	(c)	(d)	(e)
	Geographical breakdown by Jurisdiction (J)	Footnotes	Applicable JCCyB ratio in effect	RWA used in computation of CCyB ratio	AI-specific CCyB ratio	CCyB amount

	Sum	1		907,581		
	Total	2		1,087,851	0.834	9,076

1 This represents the sum of RWA for the private sector credit exposures in jurisdictions with a non-zero countercyclical buffer rate.

2 The total RWA used in the computation of the CCyB ratio in column (c) represents the total RWA for the private sector credit exposures in all jurisdictions to which the bank is exposed, including jurisdictions with no countercyclical buffer rate or with a countercyclical buffer rate set at zero. The CCyB amount in column (e) represents the total RWA multiplied by the AI-specific CCyB ratio in column (d).
