ANT BANK (HONG KONG) LIMITED

REPORT OF THE DIRECTORS

The directors present their report and the audited financial statements for the year ended 31 December 2023.

Principal place of business

Ant Bank (Hong Kong) Limited (the "Bank") is a limited liability company incorporated and domiciled in Hong Kong and has its registered office at Suites 2312-13, Tower One, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong.

Principal activity

The principal activity of the Bank is the provision of banking services to its customers. The Bank is a licensed bank registered under the Hong Kong Banking Ordinance.

Share capital

Details of the Bank's share capital during the year are set out in note 15 to the financial statements.

Directors

The directors of the Bank during the year and up to the date of this report were:

Executive directors

Leung Yin Fan Yvonne

Non-executive directors

Chen Leiming

Lee Wing Sze Venetia (appointed on 21 July 2023 and resigned on 15 March 2024)

Liu Zheng (appointed on 12 April 2024)

Shi Wenyi (resigned on 21 July 2023)

Lam Wai Chung Gordon *

Wang Qing *

Zee John *

* Independent non-executive directors

There being no provision in the Bank's articles of association in connection with the retirement of directors, all existing directors continue in office for the following year.

Directors' interests

Pursuant to the share option schemes of the Bank's ultimate holding company and its fellow subsidiary, one of the directors of the Bank has been granted share-based payment awards.

During the year, one of the directors has exercised the Restricted Share Units ("RSUs") and Share Appreciation Right ("SAR") of the ultimate holding company and the fellow subsidiary. At the end of the reporting period, there were share options outstanding in respect of the abovementioned share-based payment awards granted by the fellow subsidiary to one of the directors of the Bank.

Further details of the share option schemes of the Bank's ultimate holding company and its fellow subsidiary are set out in note 16 to the financial statements.

Save as disclosed above, at no time during the year was the Bank or any of its holding companies or fellow subsidiaries a party to any arrangement to enable the Bank's directors to acquire benefits by means of the acquisition of shares in or debentures of the Bank or any other body corporate.

ANT BANK (HONG KONG) LIMITED

REPORT OF THE DIRECTORS (continued)

Directors' interests in transactions, arrangements or contracts

No director had a material interest, either directly or indirectly, in any transactions, arrangements or contracts of significance to the business of the Bank to which the Bank or any of the Bank's holding companies or fellow subsidiaries was a party during the year.

Management contracts

No contracts concerning the management or administration of the whole or any substantial part of the business of the Bank were entered into or subsisted during the year.

Compliance with the Banking (Disclosure) Rules

The Bank has fully complied with the requirements set out in the Banking (Disclosure) Rules under the Hong Kong Banking Ordinance.

Auditors

Ernst & Young retire and a resolution for their reappointment as auditors of the Bank will be proposed at the forthcoming annual general meeting.

ON BEHALF OF THE BOARD

.....
Chen Leiming
Director

Hong Kong
25 April 2024

Independent auditor's report
To the member of Ant Bank (Hong Kong) Limited
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the financial statements of Ant Bank (Hong Kong) Limited (the "Bank") set out on pages 6 to 33, which comprise the statement of financial position as at 31 December 2023, and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Bank as at 31 December 2023, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Bank in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises the information included in the report of the directors.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent auditor's report (continued)
To the member of Ant Bank (Hong Kong) Limited
(Incorporated in Hong Kong with limited liability)

Responsibilities of the directors for the financial statements

The directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Bank or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Bank's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Independent auditor's report (continued)
To the member of Ant Bank (Hong Kong) Limited
(Incorporated in Hong Kong with limited liability)

Auditor's responsibilities for the audit of the financial statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

ANT BANK (HONG KONG) LIMITED

NOTES TO FINANCIAL STATEMENTS

31 December 2023

1. CORPORATE INFORMATION

Ant Bank (Hong Kong) Limited (the "Bank") is a limited liability company incorporated in Hong Kong on 16 August 2018. The banking license was approved and obtained on 9 May 2019. The registered office of the Bank is located at Suites 2312-13, Tower One, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong.

The principal activity of the Bank is the provision of banking services to its customers. The Bank is a licensed bank registered under the Hong Kong Banking Ordinance.

The Bank's immediate holding company is Alipay (Hong Kong) Investment Limited, a limited liability company incorporated in Hong Kong, and the Bank's ultimate holding company is Ant Group Co., Ltd., a company established in the People's Republic of China ("PRC").

2. ACCOUNTING POLICIES

2.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the Hong Kong Companies Ordinance.

2.2 BASIS OF PREPARATION

These financial statements have been prepared under the historical cost convention. These financial statements are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand except when otherwise indicated.

2.3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Bank has adopted the following new and revised HKFRSs for the first time for the current year's financial statements.

| | |
|---|---|
| HKFRS 17 | <i>Insurance Contracts</i> |
| Amendments to HKAS 1 and HKFRS Practice Statement 2 | <i>Disclosure of Accounting Policies</i> |
| Amendments to HKAS 8 | <i>Definition of Accounting Estimates</i> |
| Amendments to HKAS 12 | <i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i> |
| Amendments to HKAS 12 | <i>International Tax Reform – Pillar Two Model Rules</i> |

2.3 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

The nature and the impact of the new and revised HKFRSs that are applicable to the Bank are described below:

- (a) Amendments to HKAS 1 require entities to disclose their material accounting policy information rather than their significant accounting policies. Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. Amendments to HKFRS Practice Statement 2 *Making Materiality Judgements* provide non-mandatory guidance on how to apply the concept of materiality to accounting policy disclosures. The Bank has disclosed the material accounting policy information in note 2 to the financial statements. The amendments did not have any impact on the measurement, recognition or presentation of any items in the Bank's financial statements.
- (b) Amendments to HKAS 8 clarify the distinction between changes in accounting estimates and changes in accounting policies. Accounting estimates are defined as monetary amounts in financial statements that are subject to measurement uncertainty. The amendments also clarify how entities use measurement techniques and inputs to develop accounting estimates. Since the Bank's approach and policy align with the amendments, the amendments had no impact on the Bank's financial statements.
- (c) Amendments to HKAS 12 *Deferred Tax related to Assets and Liabilities arising from a Single Transaction* narrow the scope of the initial recognition exception in HKAS 12 so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences, such as leases and decommissioning obligations. Therefore, entities are required to recognise a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for temporary differences arising from these transactions. The amendments did not have any impact on the Bank's financial statements.
- (d) Amendments to HKAS 12 *International Tax Reform – Pillar Two Model Rules* introduce a mandatory temporary exception from the recognition and disclosure of deferred taxes arising from the implementation of the Pillar Two model rules published by the Organisation for Economic Co-operation and Development. The amendments also introduce disclosure requirements for the affected entities to help users of the financial statements better understand the entities' exposure to Pillar Two income taxes, including the disclosure of current tax related to Pillar Two income taxes separately in the periods when Pillar Two legislation is effective and the disclosure of known or reasonably estimable information of their exposure to Pillar Two income taxes in periods in which the legislation is enacted or substantively enacted but not yet in effect. The Bank has applied the amendments retrospectively. Since the Bank did not fall within the scope of the Pillar Two model rules, the amendments did not have any impact to the Bank.

31 December 2023

2.4 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Bank has not applied the following revised HKFRSs, that have been issued but are not yet effective, in these financial statements. The Bank intends to apply these revised HKFRSs, if applicable, when they become effective.

| | |
|----------------------------------|--|
| Amendments to HKAS 1 | <i>Classification of Liabilities as Current or Non-current</i> (the “2020 Amendments”) ^{1, 3} |
| Amendments to HKAS 1 | <i>Non-current Liabilities with Covenants</i> (the “2022 Amendments”) ^{1, 3} |
| Amendments to HKAS 7 and HKFRS 7 | <i>Supplier Finance Arrangements</i> ¹ |
| Amendments to HKAS 21 | <i>Lack of Exchangeability</i> ² |

¹ Effective for annual periods beginning on or after 1 January 2024

² Effective for annual periods beginning on or after 1 January 2025

³ As a consequence of the 2020 Amendments and 2022 Amendments, Hong Kong Interpretation 5 *Presentation of Financial Statements - Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause* was revised to align the corresponding wording with no change in conclusion.

Further information about those HKFRSs that are expected to be applicable to the Bank is described below.

Amendments to HKFRS 16 specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains. The amendments are effective for annual periods beginning on or after 1 January 2024 and shall be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of HKFRS 16 (i.e., 1 January 2019). Earlier application is permitted. The amendments are not expected to have any significant impact on the Bank’s financial statements.

The 2020 Amendments clarify the requirements for classifying liabilities as current or non-current, including what is meant by a right to defer settlement and that a right to defer must exist at the end of the reporting period. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement. The amendments also clarify that a liability can be settled in its own equity instruments, and that only if a conversion option in a convertible liability is itself accounted for as an equity instrument would the terms of a liability not impact its classification. The 2022 Amendments further clarify that, among covenants of a liability arising from a loan arrangement, only those with which an entity must comply on or before the reporting date affect the classification of that liability as current or non-current. Additional disclosures are required for non-current liabilities that are subject to the entity complying with future covenants within 12 months after the reporting period. The amendments shall be applied retrospectively with early application permitted. An entity that applies the 2020 Amendments early is required to apply simultaneously the 2022 Amendments, and vice versa. The Bank is currently assessing the impact of the amendments. Based on a preliminary assessment, the amendments are not expected to have any significant impact on the Bank’s financial statements.

Amendments to HKAS 7 and HKFRS 7 clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity’s liabilities, cash flows and exposure to liquidity risk. Earlier application of the amendments is permitted. The amendments provide certain transition reliefs regarding comparative information, quantitative information as at the beginning of the annual reporting period and interim disclosures. The amendments are not expected to have any significant impact on the Bank’s financial statements.

31 December 2023

2.4 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS
(continued)

Amendments to HKAS 21 specify how an entity shall assess whether a currency is exchangeable into another currency and how it shall estimate a spot exchange rate at a measurement date when exchangeability is lacking. The amendments require disclosures of information that enable users of financial statements to understand the impact of a currency not being exchangeable. Earlier application is permitted. When applying the amendments, an entity cannot restate comparative information. Any cumulative effect of initially applying the amendments shall be recognised as an adjustment to the opening balance of retained profits or to the cumulative amount of translation differences accumulated in a separate component of equity, where appropriate, at the date of initial application. The amendments are not expected to have any significant impact on the Bank's financial statements.

2.5 MATERIAL ACCOUNTING POLICIES

Related parties

A party is considered to be related to the Bank if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Bank;
 - (ii) has significant influence over the Bank; or
 - (iii) is a member of the key management personnel of the Bank or of a parent of the Bank;or
- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Bank are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Bank are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Bank or an entity related to the Bank;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Bank or to the parent of the Bank.

Intangible assets

Intangible assets include purchased software. Purchased software is stated at cost less accumulated amortisation and impairment.

Software is recognised when it is separable or arise from contractual or other legal rights, and it is probable that future economic benefits will flow to the Bank, the cost of which can be measured reliably. The cost of internally generated software comprises all directly attributable costs necessary to create, produce and prepare the software to be capable of operating in the manner intended by management. Costs incurred in the ongoing maintenance of software are expensed immediately as incurred.

Intangible assets with finite useful lives are amortised over the shorter of the license period or 5 years on a straight-line basis. Amortisation are recognised as an expense in the month when the asset is available for use. The intangible assets are subject to impairment testing, and both the period and method of amortisation are reviewed annually.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Impairment of non-financial assets

The Bank assesses at the end of each reporting period whether there is an indication that non-financial asset may be impaired. If such an indication exists, the Bank makes an estimate of the asset's recoverable amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e., a cash-generating unit).

An impairment loss is recognised in profit or loss whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. The impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. A reversal of the impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. The reversal of the impairment loss is credited to profit or loss in the year in which it arises.

Financial assets

All financial assets are initially recognised at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace are recognised on the trade date, that is, the date that the Company commits to purchase or sell the assets.

(a) Classification and measurement

Financial assets are measured at amortised cost using the effective interest rate method, subject to impairment if the assets are held for the collection of contractual cash flows where those contractual cash flows represent solely payments of principal and interest.

(b) Impairment

The Bank applies the expected credit loss model on all the financial assets that are subject to impairment. For trade receivables and contract assets without a significant financial component, the Bank applies the simplified approach which requires impairment allowances to be measured at lifetime expected credit losses.

For other financial assets, impairment allowances are recognised under the general approach where expected credit losses are recognised in two stages. For credit exposures where there has not been a significant increase in credit risk since initial recognition, the Bank is required to provide for credit losses that result from possible default events within the next 12 months as Stage 1. For those credit exposures where there has been a significant increase in credit risk since initial recognition or the repayment is more than 30 days past due, a loss allowance as Stage 2 is required for credit losses expected over the remaining life of the exposure irrespective of the timing of the default.

Lifetime expected credit losses will be recognised for credit-impaired financial instruments as Stage 3 if the Bank considers that a default has occurred or the repayment is more than 90 days past due. Interest income will then be accrued net of the impairment amount of the respective Stage 3 financial assets.

31 December 2023

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Financial assets (continued)

(c) Derecognition

Financial assets are derecognised when the rights to receive cash flows from the assets have expired; or where the Bank has transferred its contractual rights to receive the cash flows of the financial assets and has transferred substantially all the risks and rewards of ownership; or where control is not retained.

Financial liabilities

Financial liabilities are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, they are subsequently measured at amortised cost using the effective interest rate method.

Financial liabilities are derecognised when they are extinguished, i.e., when the obligation is discharged or cancelled, or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash on hand and at banks, and short-term highly liquid deposits with a maturity of generally within three months that are readily convertible into known amounts of cash, subject to an insignificant risk of changes in value and held for the purpose of meeting short-term cash commitments.

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand and at banks, and short-term deposits, as defined above, less bank overdrafts which are repayable on demand and form an integral part of the Company's cash management.

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of profit or loss.

31 December 2023

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Bank operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Bank has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

31 December 2023

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Revenue recognition

Net interest income arising from financial instruments

Interest income for financial assets held at amortised cost, and interest expense on all financial liabilities held at amortised cost is recognised in profit or loss using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the expected life of the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of a financial asset or the amortised cost of a financial liability. When calculating the effective interest rate for financial instruments other than credit impaired assets, the Bank estimates cash flows considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider expected credit losses. The calculation of effective interest rate includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability and all other premiums or discounts.

Interest income for financial assets that are held at amortised cost that have become credit impaired subsequent to initial recognition (stage 3) and have had amounts written off, is recognised using the credit adjusted effective interest rate. This rate is calculated in the same manner as the effective interest rate except that expected credit losses are included in the expected cash flows. Interest income is therefore recognised on the amortised cost of the financial asset including expected credit losses. Should the credit risk on a stage 3 financial asset improve such that the financial asset is no longer considered credit impaired, interest income recognition reverts to a computation based on the rehabilitated gross carrying value of the financial asset.

Employee benefits

(a) Bonus

Provisions for bonus plans are recognised when the Bank has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made.

The Bank recognises a liability and an expense for bonuses, with reference to the performance of the Bank. The Bank recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation. Liabilities for bonus plans that are expected to be settled within twelve months are measured at the amounts expected to be paid when they are settled.

(b) Retirement benefit costs

The Bank operates a mandatory provident fund scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for its employees in Hong Kong. The assets of the MPF Scheme are held separately from those of the Bank in an independently administered fund. Contributions are made based on a percentage of the employees' basic salaries and are charged to profit or loss as and when the contributions fall due.

2.5 MATERIAL ACCOUNTING POLICIES (continued)

Employee benefits (continued)

(c) Share-based payment

The Bank's ultimate holding company operates several equity-settled and cash-settled share option schemes for the purpose of providing incentives and rewards to eligible participants including certain employees (including directors) of the Bank.

Where share-based payment awards are awarded to employees, the fair value of the awards at the date of grant is charged to profit or loss over the vesting period, with a corresponding increase in equity as a contribution from the ultimate holding company. At the end of each reporting period, the Bank revises its estimates of the number of awards that are expected to become vested. The impact of the revision of original estimates is recognised in profit or loss and a corresponding adjustment is made to the contribution from the ultimate holding company over the remaining vesting period.

The cost of cash-settled transactions is measured initially at fair value at the grant date, taking into account the terms and conditions upon which the instruments were granted. The fair value is expensed over the period until the vesting date with recognition of a corresponding liability. The cumulative expense recognised for cash-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Bank's best estimate of the number of awards that will ultimately vest. The liability is measured at the end of each reporting period up to and including the settlement date, with changes in fair value recognised in the statement of profit or loss.

Foreign currencies

Transactions in foreign currencies are translated into the functional currency of the Bank using the exchange rates prevailing at the dates of the transactions. Exchange differences arising from the settlement of such transactions and from the retranslation at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of profit or loss.

31 December 2023

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Bank's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Judgements

In the process of applying the Bank's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

Useful lives of intangible assets

Amortisation are provided to write down assets to their residual values over their estimated useful lives. The determination of these residual values and estimated lives, and any change to the residual values or estimated lives, requires the exercise of management judgement.

Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about expected credit losses. The Bank uses judgements in making these assumptions and selecting the inputs to the impairment calculation, based on the number of days that an individual receivable is outstanding as well as the Bank's historical experience and forward-looking information at the end of each reporting period. Changes in these assumptions and estimates could materially affect the results of the assessment and it may be necessary to make an additional impairment charge to profit or loss. Further details of the financial assets are given in notes 18 to the financial statements.

Deferred tax assets

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Further details are disclosed in note 14 to the financial statements.

14. DEFERRED TAX

Deferred tax assets and liabilities recognised

The components of deferred tax (assets)/liabilities recognised in the statement of financial position and the movements during the year are as follows:

| | Amortisation of intangible assets HK\$'000 | Impairment allowance HK\$'000 | Unused tax losses HK\$'000 | Total HK\$'000 |
|---|---|-------------------------------------|----------------------------------|-------------------|
| At 1 January 2022 | 13,405 | - | (13,405) | - |
| Recognised in profit or loss | (9,115) | (244) | 9,359 | - |
| At 31 December 2022 and 1 January 2023 | 4,290 | (244) | (4,046) | - |
| Recognised in profit or loss | (1,609) | (1,955) | 3,564 | - |
| At 31 December 2023 | <u>2,681</u> | <u>(2,199)</u> | <u>(482)</u> | <u>-</u> |

Deferred tax assets not recognised

As at 31 December 2023, the Bank has estimated tax losses arising in Hong Kong of approximately HK\$729,489,000 (2022: HK\$578,232,000) that are available indefinitely for offsetting against its future taxable profits.

Except for the amount disclosed in the table above, deferred tax assets have not been recognised in respect of these losses as the Bank has been loss-making and it is not considered probable that taxable profits will be available against which the tax losses can be utilised. The estimated tax loss in respect of the year of assessment 2022/23 has not yet been confirmed by the Hong Kong Inland Revenue Department.

15. SHARE CAPITAL

| | 2023 | | 2022 | |
|---|---------------------|------------------|---------------------|------------------|
| | Number of shares | HK\$'000 | Number of shares | HK\$'000 |
| Ordinary shares, issued and fully paid | | | | |
| At beginning and end of year | <u>200,000,000</u> | <u>1,563,510</u> | <u>200,000,000</u> | <u>1,563,510</u> |

In accordance with section 135 of the Hong Kong Companies Ordinance, the ordinary shares of the Bank do not have a par value.

ANT BANK (HONG KONG) LIMITED

NOTES TO FINANCIAL STATEMENTS

31 December 2023

16. SHARE OPTION SCHEMES

The following table lists the total fair value of share option schemes for the years ended 31 December 2023 and 2022:

| | 2023 | 2022 |
|------------------------------------|-------------|-------------|
| Granted during the year | 22,333,395 | 29,221,529 |
| Vested during the year | 15,966,614 | 24,632,286 |
| Replaced/forfeited during the year | 15,972,369 | 19,593,705 |
| Average remaining life (years) | <u>4.53</u> | <u>4.72</u> |

The fair values of SERs, RSUs, SAR, Alibaba RSUs and GRUs were determined at the grant date using the binomial option-valuation model. The following table lists the inputs to the pricing models for the years ended 31 December 2023 and 2022:

| | 2023 | 2022 |
|-------------------------|------------------------|------------------------|
| Risk free interest rate | 2.74% - 2.76% | 2.51% - 2.72% |
| Expected dividend yield | 0% | 0% |
| Expected life (years) | 6.00 | 6.00 |
| Expected volatility | <u>27.76% - 27.80%</u> | <u>24.80% - 26.06%</u> |

Management estimated the equity volatility based on the average historical volatility of the comparable companies with a term commensurate with the time to expiration date as of the valuation dates.

Share Economic Interest Rights ("SERs")

Since 2014, Hangzhou Junhan Equity Investment Partnership ("Junhan") made a grant of Share Economic Interest Rights ("SERs") similar to share-appreciation awards linked to the valuation of Ant Group Co., Ltd. ("Ant Group") to employees of the Bank. The vesting of SERs is conditional upon the fulfilment of requisite service conditions to the Bank, and SERs will be settled by Junhan according to the SERs plan. Junhan has the right to repurchase the vested awards from the holders upon certain conditions.

During the year, the Bank reversed share-based payment expense of HK\$146,000 (2022:HK\$145,000) in connection with the above SERs.

Restricted Share Units ("RSUs")

In 2018, Ant Group adopted the 2018 Equity Incentive Plan (the "2018 Plan"). A fellow subsidiary, Ant International Co., Limited ("Ant International") was established to hold the 2018 Plan. Some employees were granted RSUs. The fair value of RSUs at the grant date was based on the fair value of an ordinary share of Ant Group. The vesting of RSUs is conditional upon the fulfilment of requisite service conditions to the Bank and RSUs will be settled by Ant International according to the RSUs plan.

During the year, the Bank recognised share-based payment expense of HK\$4,900,000 (2022: HK\$14,011,000) in connection with the above RSUs.

ANT BANK (HONG KONG) LIMITED

NOTES TO FINANCIAL STATEMENTS

31 December 2023

16. SHARE OPTION SCHEMES (continued)

Share Appreciation Right ("SAR")

According to the 2018 Equity Incentive Plan (the "2018 Plan"), some employees were granted SAR by Ant International. The fair value of SAR at the grant date was based on the fair value of an ordinary share of Ant Group. The vesting of SAR is conditional upon the fulfilment of requisite service conditions to the Bank and SAR will be settled by Ant International according to the SAR plan.

During the year, the Bank recognised share-based payment expense of HK\$6,166,000 (2022: HK\$8,824,000) in connection with the above SAR plan.

During the year ended 31 December 2023, a supplementary agreement was signed and part of the 2018 Plan became cash-settled share-based payment plan. Of which, HK\$573,000 (2022: nil) was paid.

Alibaba Restricted Share Units ("Alibaba RSUs")

Some employees were granted Alibaba RSUs by Alibaba Group Holding Limited. The fair values of Alibaba RSUs are the fair value of the underlying stock of Alibaba Group Holding Limited. The vesting of Alibaba RSUs is conditional upon the fulfilment of requisite service conditions to the Bank.

During the year, the Bank recognised share-based payment expense of HK\$81,000 (2022: HK\$478,000) in connection with the above Alibaba RSUs.

Growth Rewards Units ("GRUs")

According to the 2021 equity incentive plan ("2021 plan"), some employees were granted GRUs by the Ant Group. The vesting of GRUs is conditional upon the fulfilment of requisite service conditions by the employee to the Bank. The value of GRUs is linked to the fair value of an ordinary share of Ant Group. Since GRUs shall be settled using cash of the subsidiaries of Ant Group according to the fair value of GRUs at exercise date, GRUs were recognised as cash-settled share-based payments.

During the year, the Bank reversed share-based payment expense of HK\$39,000 (2022: HK\$122,000) in connection with the above GRUs.

ANT BANK (HONG KONG) LIMITED

- (i) The software support services provided by the related party were made on terms mutually agreed between the Bank and the related party.
- (ii) The IT system and software support services provided by the related parties were based on the direct costs incurred plus a margin, depending on the nature and location of the services performed.
- (iii) The premises fee charged by the related party was based on the actual usage of the premises.
- (iv) The marketing fee charged by the related party was based on the actual usage.

(c) Compensation of key management personnel of the Bank

| | 2023 HK\$'000 | 2022 HK\$'000 |
|------------------------------|------------------|------------------|
| Short-term employee benefits | 7,618 | 7,569 |
| Pension scheme contributions | 308 | 284 |
| Share-based payments | <u>4,181</u> | <u>4,905</u> |
| | <u>12,107</u> | <u>12,758</u> |

Further details of directors' remunerations are disclosed in note 7 to the financial statements.

31 December 2023

18. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS

The Bank's exposure to credit, liquidity, interest rate and currency risks arises in the normal course of its business. These risks are managed by the Bank's financial management policies and practices described below:

Credit risk

Credit risk is the risk of financial loss to the Bank if a counterparty of a financial instrument fails to meet its obligations, and arise principally from banks and other financial institutions.

All the Bank's balances with banks are held in major financial institutions located in Hong Kong, which management believes are of high credit quality. All the Bank's financial investments are issued by financial institutions at investment grade. The Bank has no significant concentration of credit risk.

Expected credit loss ("ECL")

HKFRS 9 requires an impairment model that calculates the recognition of ECL on all financial debt instruments held at amortised cost, fair value through other comprehensive income, undrawn loan commitments and financial guarantees. ECL is computed as unbiased, probability weighted amounts which are determined by evaluating a range of reasonably possible outcomes, the time value of money, and considering all reasonable and supportable information including that which is forward looking.

The internal rating and probability of defaults ("PDs") estimation process

The Bank operates its internal rating models for its key portfolios in which its customers are rated or assigned to specific internal grades or risk pools. The models incorporate both qualitative and quantitative information and, in addition to information specific to the borrower, utilise supplemental external information that could affect the borrower's behaviour. The Bank adjusts the PDs to incorporate forward looking information and the HKFRS 9 stage classification of the exposure to determine the PDs for ECL calculations. This is repeated for each economic scenario as appropriate. Loans and advances to customers mainly comprise retail loans and corporate loans. These products are rated based on the models.

Maximum exposure and year-end staging

The tables below show the credit quality and the maximum exposure to credit risk based on the Bank's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 December 2023 and 2022. The amounts presented are gross carrying amounts for financial assets.

| | Stage 1 HK\$'000 | Stage 2 HK\$'000 | Stage 3 HK\$'000 | Total HK\$'000 |

18. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

Liquidity risk

The Bank aims to maintain sufficient cash and credit lines to meet its liquidity requirements. The Bank finances its working capital requirements through balances with banks.

The tables below summarise the maturity profile of the Bank's non-derivative financial liabilities at 31 December 2023 and 2022 based on the contractual undiscounted cash flows:

| | Total contractual undiscounted cash flow HK\$'000 | On demand HK\$'000 | Less than 3 months HK\$'000 | 3 to 12 months HK\$'000 |
|--|---|--------------------------|-----------------------------------|-------------------------------|
| <u>At 31 December 2023</u> | | | | |
| Deposits from customers | 632,656 | 632,656 | - | - |
| Amounts due to fellow subsidiaries and other related parties | 67,619 | - | 67,619 | - |
| Financial liabilities included in other payables and accruals | <u>31,707</u> | <u>-</u> | <u>31,707</u> | <u>-</u> |
| | <u>731,982</u> | <u>632,656</u> | <u>99,326</u> | <u>-</u> |
| <u>At 31 December 2022</u> | | | | |
| Deposits from customers | 351,260 | 351,260 | - | - |
| Amounts due to fellow subsidiaries and other related parties | 41,196 | - | 41,196 | - |
| Financial liabilities included in other payables and accruals | <u>14,210</u> | <u>-</u> | <u>14,210</u> | <u>-</u> |
| | <u>406,666</u> | <u>351,260</u> | <u>55,406</u> | <u>-</u> |

Interest rate risk

As at 31 December 2023 and 2022, the Bank has placements with banks, loans and advances to customers, financial investments and deposits from customers with fixed interest rates and the interest rate risk is considered to be minimal.

Currency risk

The Bank has no significant foreign currency risk because most of the transactions are denominated in the Bank's functional currency and United States dollars. Since the Hong Kong dollar is pegged to the United States dollars, the Bank's exposure to foreign currency risk in respect of the financial instruments denominated in United States Dollars is considered to be minimal.

ANT BANK (HONG KONG) LIMITED

NOTES TO FINANCIAL STATEMENTS

31 December 2023

18. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

Fair value measurement

The carrying amounts of the Bank's financial instruments carried at amortised cost were not materially different from their fair values as at 31 December 2023 and 2022, except for the following financial instruments, for which their carrying amounts and fair value and the level of fair value hierarchy are disclosed below:

| | Carrying amount HK\$ | Fair value HK\$ | Fair value measurement categorised into | | |
|----------------------------|----------------------------|--------------------|---|------------------|-----------------|
| | | | Level 1 HK\$ | Level 2 HK\$ | Level 3 HK\$ |
| <u>At 31 December 2023</u> | | | | | |
| Financial investments | <u>1,135,728</u> | <u>1,135,663</u> | <u>-</u> | <u>1,135,663</u> | <u>-</u> |
| <u>At 31 December 2022</u> | | | | | |
| Financial investments | <u>668,474</u> | <u>673,940</u> | <u>-</u> | <u>673,940</u> | <u>-</u> |

Capital management

The Bank's primary objectives when managing its capital are to safeguard its ability to continue as a going concern, to provide returns for shareholders and benefits for other stakeholders, and to secure access to finance at a reasonable cost.

The HKMA sets out capital requirements for the Bank. In implementing current capital requirements, the HKMA requires the Bank to maintain a prescribed ratio of total capital to total risk-weighted amount. The Bank calculates its capital adequacy ratios in accordance with the Banking (Capital) Rules of the Hong Kong Banking Ordinance.

The Bank actively and regularly reviews and manages its capital structure to maintain a balance between maximising return on capital with higher borrowing level, and the advantages of a higher capital level, and adjusts the capital level and structure in light of changes in economic conditions and business opportunities. The Bank engaged in banking activities is regulated by the HKMA. The capital management function is undertaken by the Asset and Liability Management Committee and is reviewed regularly by the board of directors.

19. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 25 April 2024.
