In Hong Kong, an AI is n in full, irrespective of their origin, from CET1 capital. Therefore, the a reported in row 10 may be greater than that required under Basel III. The column "Basel III basis" in this box represents the amount reported in reported under the "Hong Kong basis") adjusted by reducing the amount which relate to temporary differences to the extent not in excess of the 1 arising from temporary differences and the aggregate 15% threshold set from temporary differences and significant investments in CET1 capi financial sector entities (excluding those that are loans, facilities or connected companies) under Basel III. | s which relate to required to ded amount to be of amount reported n row 10 (i.e. 0% threshold so the for MSRs, D tal instruments | o temporary m deduction uct all DTAs deducted as ed under the the amount be deducted set for DTAs DTAs arising s issued by |

Remarks:

The amount of the 10% threshold mentioned above is calculated based on the amount of CET1 capital determined in accordance with the deduction methods set out in BCR Schedule 4F. The 15% threshold is referring to paragraph 88 of the Basel III text issued by the Basel Committee (December 2010) and has no effect to the Hong Kong regime.
