

THE RESILIENT INDUSTRY LEADER:

ALWAYS DELIVER ALWAYS AHEAD

annual **20**
report **23**

PT Bank Mandiri (Persero) Tbk.

THE RESILIENT INDUSTRY LEADER:

ALWAYS DELIVER
ALWAYS AHEAD

The year 2023 marks 25 years since Bank Mandiri has taken part in fostering the development of the country, serving customers and advancing the community with a diverse range of high-quality banking products and services that are conveniently accessible from anywhere. Over the course of its journey, Bank Mandiri continues to maintain its consistency as a forerunner in adapting to changing times.

Today and beyond, Bank Mandiri persistently strives to transform into the forefront in establishing a green digital ecosystem, ensuring a seamless experience, and building an ever-accelerating digital lifestyle through the development of cutting-edge digital products with reliable features on Super App Livin' by Mandiri, and Digital Super Platform KOPRA by Mandiri, which includes Branchless Banking. This endeavor is sustained through reliable, available, scalable, and secure Information Technology that is accessible at all times from anywhere, including while travelling overseas.

Bank Mandiri is also at the forefront in supporting the achievement of the Sustainable Development Goals through Sustainable Banking, Sustainable Operations, and Sustainability Beyond Banking practices, with eight major sustainability initiatives, making it the first Bank in Indonesia to issue an ESG Repurchase Agreement of \$500 million, as well as the first Bank to launch Digital Carbon Tracking as part of environmental impact management. Bank Mandiri currently manages a "Sustainable portfolio" of up to Rp264.1 trillion, 18.9% of its consolidated loan portfolio in 2023, and will keep on rising.

These programs are executed in keeping with the commitment to implement best governance practices, which are regularly assessed internally and by reputable independent institutions using the most recent assessment methods. Bank Mandiri has participated in the ranking of the Corporate Governance Perception Index (CGPI) program for 17 (seventeen) consecutive times by The Institute Indonesian for Corporate Governance (IICG), with the **"The Most Trusted"** rating. The Bank also received **"The Best Overall"** category, at the "14th IICD Corporate Governance Conference and Awards 2023" hosted by The Indonesian Institute for Corporate Directorship (IICD) in 2023.

Despite the sluggish growth of international trade and the economy on a national and global scale, Bank Mandiri persevered with a remarkable and rewarding performance in an uncertain 2023. Bank Mandiri's total assets grew to **Rp2,174 trillion**, the **largest in Indonesia**, with **loans portfolio** and **net profit growing by double digits**, with practically all performance indicators outperformed the national banking industry average.

All of this was made possible by the discipline of all management in implementing strategies while constantly adhering to governance best practices, as well as the support of Mandarian, who carried out their duties with high dedication, loyalty, and all of their competencies. Bank Mandiri aspires to be declared **"The Resilient Industry Leader: Always Deliver, Always Ahead"**.

THEME SUSTAINABILITY

2019 INSPIRING NATION'S NEXT GENERATION

Strengthening performance that has been back on the track in 2018 is followed by an increase in Bank Mandiri's contribution to the focus of the Government in 2018, namely strengthening human resources (HR). Bank Mandiri continues to spread inspirations, especially to the millennial as the nation's next generation. Internally, in order to improve the quality of human capitals, most of whom are millennial generations, a process of revamp culture has been carried out systematically in order to perfect the Work Culture with the fundamental core values of Trust, Integrity, Professionalism, Customer Focus and Excellence. The revamp culture has resulted in 5 (five) new Work Cultures of Bank Mandiri, namely One Heart One Mandiri, Tough Mandiri, Growing Healthy, Meeting Customers' Needs and Building the Nation Together as the guidance in thinking, acting and behaving in daily life. Externally, Bank Mandiri has carried out various innovations aimed at improving the quality through the Mandiri Young Entrepreneur program and Mandiri Hackathon program, which is a recruitment program in the field of information technology that aims to accommodate innovative ideas that correspond with digital banking needs and there

2020 INTEGRATION AND COLLABORATION THROUGH SUSTAINABLE DIGITALIZATION

As a form of Open Banking implementation in expanding customer access to Bank products, PT Bank Mandiri (Persero) Tbk has implemented the Leverage Digital Ecosystem strategy through collaboration with Fintech and e-Commerce. The initiatives included to developing Digital Acquisition, Digital Payment, and Digital Financing. In the Digital Acquisition initiative, Mitra application users who are not Bank Mandiri customers can open a Bank Mandiri account through the Partner platform with attractive offers for those who successfully open an account. The Digital Payment Initiative is a means of payment that provides convenient customer transactions on the Partner platform. One of them is the development of Direct Debit which facilitate customers to make digital payment transactions. Currently, Bank Mandiri has collaborated with the Top 5 (five) e-wallets and e-commerce for Direct Debit services. Meanwhile, Digital Financing is a process of disbursing productive and consumer loans through the Partner platform. Bank Mandiri has collaborated with the Top 5 (five) e-commerce and Fintech for digital financing services through the Partner platform. The Digital Ecosystem Leverage Strategy is one of the focuses of information technology development in supporting the alignment of the 2020-2024 Corporate Plan. This is a digital transformation by implementing integration and collaboration through continuous digitalization.

2021 ENHANCING DIGITAL BANKING TRANSFORMATION & INNOVATION

Bank Mandiri saw the challenges of the COVID-19 pandemic as a momentum to accelerate digital transformation in 2021. The shift in people's behavior to become more digitally minded demanded fast, efficient, safe, and convenient financial services. Digitalization had undeniably become one of today's society's fundamental needs. Therefore, Bank Mandiri was fully committed to digital transformation and innovation to be able to compete and meet customer needs. Bank Mandiri believes that digital technology would continue to change Indonesia's banking landscape in the future, along with the rapid migration of people's activities to digital channels. This was reflected in the significant increase in the use of digital financial products and services such as internet banking and mobile banking. As evidence, the Super App Livin' by Mandiri and the Wholesale Digital Super Platform Kopra by Mandiri have both been received extremely well by customers and the public in general since their launch in the second semester of 2021. The strong push for digitalization by the majority of banks in Indonesia has also driven customer demand for integrated digital financial services, which Bank Mandiri has addressed very well through Livin' and Kopra by Mandiri. With that in mind, strengthening and optimizing digital channels have become increasingly important in building loyalty and growing business. Bank Mandiri believes that digital banking penetration would continue to increase in line with Indonesia's economic growth and financially mature customers. For this reason, Bank Mandiri brought the theme "Enhancing Digital Banking Transformation and Innovation" for its 2021 Annual Report.

THEME SUSTAINABILITY

2022 DIGITAL TRANSFORMATION WITH EXCELLENT RESULTS

Bank Mandiri is committed to accelerating digital transformation in an inclusive and efficient way so as to remain in the digital ecosystem's orbit. In 2022, Bank Mandiri placed special attention to and be aggressive in working on the digital banking segment to promote digital transformation as a sustainable business by capitalizing on opportunities in all sectors and prospective segments. The Bank's mission to enforce digital innovation does not conclude with the introduction of Livin' and KOPRA. In 2022, Bank Mandiri enhanced the features of Livin' and Kopra and simultaneously introduced a Smart Branch, further solidifying the Bank's position as one of the industry leaders in digitalization through a more thorough corporate transformation. The tireless transformation spirit of Bank Mandiri in digital has yielded excellent results and continues to develop new added value, which have a significant positive influence on the Bank's overall performance in 2022. This background has allowed us to present "Digital Transformation with Excellent Results" as the theme for our 2022 Annual Report.

2023

THE RESILIENT INDUSTRY LEADER: **ALWAYS DELIVER ALWAYS AHEAD**

2023 marks the starting point of a new phase in Bank Mandiri's business transformation journey, following the successful establishment of a solid foundation over the previous two years through the 3-3-1 strategy and 8 Strategic Goals. This transformation addresses six key areas: human resources, technology, wholesale core competence, retail business growth in urban areas, synergy with subsidiaries, and sustainable business.

By focusing on these aspects, Bank Mandiri believes it will continually provide added value to all customers and remain at the forefront of this industry. Business transformation that prioritizes these aspects is also expected to motivate Mandirians to remain committed to delivering the best and staying at the forefront of the industry, often known as "always deliver, always ahead."

Bank Mandiri has successfully navigated an uncertain 2023, with world trade, global and national economic growth declining, by implementing the always deliver, always ahead approach. Bank Mandiri's total assets increased to **Rp2,174 trillion**, while its **loan portfolio and net profit grew by double digits**, with practically every performance indicator exceeding the national banking industry average. This reflects Bank Mandiri as a "**Resilient Industry Leader: Always Deliver, Always Ahead**".

ANALYST REPORT

No.	Sekuritas	Rekomendasi	Target	Resume	Tanggal
1.	Indo Premier	BUY	8,000	<p>FY23 net profit of Rp55.1trillion (+34% YoY/+16% QoQ) came ahead at 110/107% of ours/consensus, the strongest among big 4. Loan grew 16% YoY while CASA (Current Account/Saving Account) grew by 7% YoY (savings at 6% YoY) – all are the strongest in the industry. This proves our re-rating thesis. Cost of Credit stood at 0.9% (still 2x of BCA) as Loan At Risk dropped to 8.6% vs. BCA's 7%. Maintain BUY with higher Target Price of 8,000 based on 2.4x P/B multiple.</p> <p>We increase our FY24/25F EPS by +12/+14% this also resulted in higher Target Price of Rp8,000 based on 2.4x P/B multiple. It is currently trading at 2.0x FY24F P/B (vs. 10Y average of 1.6x) and 9.9x FY24F P/E (vs. 10Y average of 11.9x), we think the strong loan/CASA growth warrants a re-rating. Risk is weak loan growth and further NIM compression from tight liquidity.</p>	31 January 2024
2.	DBS Vickers	BUY	7,500	<p>BMRI's ongoing efforts to enhance Livin' and Kopra in order to drive retail and wholesale banking outcomes continue to power growth across various segments. We also expect BMRI to show continuous yield improvement due to changes in loan mix and re-pricing strategy, BSI contribution, and ongoing economy recovery to support the company's NIM by expanding 23bps in 2024F to 5.9%. BMRI is also working to drive CIR down as various digital initiatives continue to drive efficiency, with a longer term target of ~36%.</p> <p>With digitalization, BMRI gathered a higher CASA level which also led to an increased deposit level. Therefore, they can disburse steady and high loan growth. In our forecast, Mandiri will deliver a 11% YoY loan growth in FY24F while maintaining LDR at 85%.</p> <p>We believe BMRI will be able to continue delivering ROE improvement as it tweaked its asset and yield mix and gained market share through the ecosystem's value chain growth strategy and digital innovations, all while working to bring structural costs down. With these factors, we forecast Mandiri will have an ROE of 23% in 2024F.</p> <p>Our TP of Rp7,500 implies a 2.5x FY24F P/BV, slightly below +2SD of its 10- year average P/BV. Our TP assumes a ROE of c.23% (prev: 21%), a growth rate of 9%, and cost of equity of 15% (prev: 14%).</p>	31 January 2024
3.	CLSA	OUTPERFORM	6,700	<p>Mandiri booked 15.6% QoQ earnings growth in 4Q23 driven by 6% loan growth and a 34% decline in provision expenses, albeit its margin corrected 11bps. Its FY23 results beat our estimate and Bloomberg consensus by 10% and 7%. This year is about sustaining its margin in the midst of continuing tight liquidity in 1H24, while pushing for low to mid-teen loan growth. Credit costs are also expected to normalise.</p> <p>Overall, this was another strong result from Mandiri on the back of the lower CoC. Key guidance items for 2024 were in-line with our 24CL estimates, except for loan growth. We factor in a c.11% growth given it is an election year. If Mandiri could grow loans as targeted, there is 1.5%-2.5% upside to our 24CL earnings estimates.</p>	1 February 2024

EVENT HIGHLIGHTS 2023

January

13 January 2023

Bank Mandiri through the Bank Mandiri CSR Center renovated 5 uninhabitable houses in the capital city of Jakarta. It is hoped that with this program, underprivileged people can have a better quality of life and can support productive community activities.

BOARD OF COMMISSIONERS REPORT

The year 2023 marks 25 years since Bank Mandiri's establishment, and it has become one of the leading banks in supporting national economic development and enhancing the welfare of society, while also preserving the environment. This has been made possible with the support of competent Mandirian workforce equipped with various innovative banking products, with comprehensive digital-based services accessible anytime and anywhere. The dedication, loyalty, and hard work of all Mandirian workforce have led Bank Mandiri to once again achieve outstanding performance, surpassing the industry average, amidst the challenging, dynamic, and uncertain global and national economic conditions. The achievements in performance and consistency in implementing digital business transformation have placed Bank Mandiri at the forefront of advancing the nation.

BOARD OF COMMISSIONERS REPORT

Dear Distinguished Shareholders and Stakeholders,

Please allow us to begin by expressing gratitude and praise to the Almighty God for His blessings and grace, which have enabled all of us, PT Bank Mandiri (Persero) Tbk, and Indonesia as a whole, to navigate the year 2023 with its dynamics, challenges, and uncertainties. Hence, at this valuable opportunity, please allow me, on behalf of the Board of Commissioners, present the supervisory report on the management of Bank Mandiri's business for fiscal year 2023.

The Board of Commissioners' report includes our assessment of the Board of Directors' performance in managing the company and its basis for evaluation, supervision of the Board of Directors' strategy formulation and implementation, perspectives on the company's business prospects drafted by the directors and their underlying considerations, and supervision of corporate governance implementation and governing structure performance.

GLOBAL AND NATIONAL ECONOMIC CONDITIONS

The prolonged political fragmentation in Europe, combined with the Israel-Hamas conflict that erupted in the beginning of the fourth quarter of 2023, has led to continued food crises and kept global inflation high despite its decline, reaching 6.8% in 2023 compared to 8.7% in 2022. In order to contain inflation levels that still remain above the long-term target during 2023, developed countries have responded by maintaining the implementation of high interest rate policies for an extended period (higher for longer), including the Federal Funds Rate (FFR). The Fed gradually raised the FFR to 525 basis points, from 0.25% in January 2022 to around 5.25-5.50% by the end of December 2023.

The increase in the FFR was followed by a rise in long-term bond yields of developed countries, particularly the US Treasury. This condition has triggered capital outflows from emerging markets to developed countries and significantly strengthened the US dollar against various world currencies. To mitigate this, Emerging Market countries raised their

benchmark interest rates, resulting in a decrease in aggregate demand and hindered economic growth.

Global trade volume was ultimately affected and declined. In the World Economic Outlook report of January 2024, the IMF forecasted that the world's trade volume in 2023 would only grow by 0.4%, a significant decrease from 5.2% in 2022. The IMF also released predictions that the global economy in 2023 would grow by 3.1%, down from 3.5% in 2022. These growth forecast figures increased from the IMF's October 2023 forecast of 3.0%.

The economies of advanced countries appear to be more pressured by the prolonged geopolitical conflicts compared to developing countries, particularly Emerging Markets in the Asian region. Through the report, the IMF predicts that the economic growth of advanced countries in 2023 will decrease to 1.6% from 2.6% in 2022, while developing countries will maintain at 4.1%. Developing countries, including India, China, and Indonesia, on average, record an increase in growth to 5.4% from 4.5% in 2022.

The realization of the United States (US) economy grew by 2.5% (yoy) in 2023, which is higher than the realization in 2022 at 1.9% (yoy). The faster economic growth of the US than anticipated is primarily attributed to the increase in government and private spending, coupled with the prolonged relaxation of various post-pandemic restrictive policies compared to other advanced countries. Meanwhile, the economies of Eurozone countries continue to weaken due to the ongoing energy supply disruptions resulting from the prolonged conflict between Russia and Ukraine, which keeps inflation high and forces the European Central Bank (ECB) to maintain high interest rates. As a result, the economies of Eurozone countries are projected to grow only by 0.5% compared to 3.4% in the previous year. Core inflation issues due to high energy prices are also experienced in the UK, which is predicted to have its economy grow only by 0.5% compared to 4.3% in 2022.

BOARD OF COMMISSIONERS REPORT

Meanwhile, the stimulus policies implemented by the Chinese government could provide a cushion for the economy to grow better than the previous year. The IMF forecasts that the Chinese economy will grow to 5.2% in 2023 from 3.2% in 2022.

In the midst of the global economic uncertainty and high interest rates, but accompanied by the strengthening of the regional economy, the national economy continues to show resilience thanks to the implementation of fiscal, macro-prudential, and anticipatory monetary policies by the Ministry of Finance and Bank Indonesia. The continuation of social assistance programs, coupled with ongoing connectivity infrastructure projects within the National Strategic Projects (PSN), has maintained domestic demand and the purchasing power of the society, with inflation under control.

To maintain exchange rate stability and the momentum of economic recovery in 2023, Bank Indonesia (BI) has only raised the benchmark interest rate (BI Rate) twice, reaching 6.00% as of December 2023, an increase of only 50 basis points from the 2022 position of 5.50%. This decision is supported by the continued strength of Indonesia's trade balance, which recorded a surplus of US\$36.9 billion amid the downward trend in the prices of primary commodities such as coal, tin, and Crude Palm Oil (CPO) over the past year.

The surplus in trade over the past few years since the pandemic has led to an increase in Indonesia's foreign exchange reserves, reaching US\$146.38 billion, equivalent to financing for 6.7 months of imports or 6.5 months of imports and payments of Government's foreign debt. The strong foundation of the national economy has led to a 1.10% appreciation in the value of the Indonesian Rupiah, reaching Rp15,397/US\$, compared to Rp15,568/US\$ at the end of 2022.

RESILIENCE OF THE INDONESIAN FINANCIAL SYSTEM

The tight competition and reduced liquidity in the market, coupled with high interest rates, have led to varying performance in the resilience of the domestic financial system. Bank loans in 2023 continued to grow by 10.38% (yoy) in December 2023, slightly slower than 11.35% (yoy) in 2022. This

growth was driven by a 10.05% (yoy) increase in working capital loans and a 12.26% (yoy) increase in investment loans. Based on the user group, in November, loans to Micro, Small, and Medium Enterprises (MSMEs) grew by 8.46% (yoy) while corporate loans grew by 10.56% (yoy). Third-party funds (TPF) also significantly slowed down, grew only 3.73% (yoy) in 2023 compared to 9.01% (yoy) in 2022.

Nevertheless, the liquidity position of the banking industry in 2023 remained at an adequate level. The Liquid Assets to Non-Core Deposit and Liquid Assets to TPF ratios stood at 127.07% and 28.73%, respectively, in 2023, well above the respective thresholds of 50% and 10%. The banking sector's credit risk, as reflected by the Gross Non-Performing Loan (NPL) ratio, remained stable, decreasing from 2.44% in 2022 to 2.19% in 2023. The decrease in credit risk is partly due to the improvement in the quality of restructured loans as a result of the pandemic. Furthermore, the capital resilience of the financial services sector increased, with the Capital to Adequacy Ratio (CAR) reaching 27.69% in 2023, up from 25.68% in 2022.

In contrast to the slowdown in banking intermediation, the disbursement of financing receivables by Multifinance companies remained resilient, recording a growth rate of 14.96% (October 2023) compared to 14.18% (YoY) in 2022. This growth was supported by an increase in working capital, investment, and consumer financing by 13.96%, 15.75%, and 14.19% (yoy), respectively, in October 2023. However, financing risk tended to slightly increase, with the Non-Performing Finance (NPF) ratio rising to 2.57% compared to 2.32% in 2022. The gearing ratio of the financing companies stood at 2.25 times in October 2023, well below the threshold of 10 times.

The insurance industry has shown mixed developments. Total premium collection increased by Rp19.92 trillion (yoy) as of October 2023, however Life Insurance premiums decreased by Rp9.74 trillion (yoy), while General Insurance premiums increased by Rp16.96 trillion (yoy) as of October 2023. However, the capital resilience of the insurance industry remained intact, with the Risk-Based Capital (RBC) for life insurance and general insurance at levels of 435.98% and 340.5%, respectively, in 2023, both exceeding the threshold of 120%.

BOARD OF COMMISSIONERS REPORT

Fundraising in the capital market continued to increase, reaching a total of Rp181.11 trillion from new equity and bond issuances. 79 new companies raised funds through the capital market, setting a new record for the Indonesian Stock Exchange (IDX). The stock index also strengthened by 6.62% (year-to-date/ytd) to reach 7,303.89 as of 29 December 2023.

The growth of the Indonesian capital market is supported by the increasing number of investors, reaching 12.16 million investors, with the number of stock investors currently reaching 5.25 million.

Total investors in the capital market reached 10.31 million in 2023, which is a new milestone for the industry. The ease of access to capital market instruments and the expansion of distribution channels, especially through digital means, have supported a 17.94% (yoy) growth in the number of investors.

Throughout 2023, COVID-19 bank loan restructuring decreased significantly to Rp265.8 trillion from its peak of Rp830 trillion at the end of 2022. This indicates that the end of the restructuring period is approaching, in line with the target to conclude by March 2024.

BOARD OF DIRECTORS' PERFORMANCE ASSESSMENT

The Board of Commissioners' assessment on the Board of Directors' performance is reflected in the Key Performance Indicators (KPIs) of the Directors, both individually and collectively, which are presented to the Shareholders through the mechanism of the General Meeting of Shareholders (GMS).

The Board of Commissioners evaluates that the Directors have performed their duties and responsibilities exceptionally well during 2023, as evidenced by the overall performance of the Company, which has met the targets set in the Corporate Work Plan and Budget (RKAP) and other established criteria, resulting in a total score of 107.28%.

We have observed that Bank Mandiri has navigated through the challenging and uncertain landscape of 2023 while consistently delivering outstanding performance, with the majority of its indicators exceeding the banking industry. For instance, Bank Mandiri's consolidated loan balance grew by 16.29% (yoy), while the gross Non-Performing Loan (NPL) ratio was successfully kept at 1.02%. In comparison, the industry's loan growth and gross NPL ratio reached 11.38% (yoy) in December 2023 and 2.19% in November 2023, respectively.

Amidst increasing competition and declining liquidity in the third-party funds acquisition market, Bank Mandiri also exhibited growth of 5.78% (YoY) in its third-party funds, surpassing the industry's growth rate of 3.80% in 2023. Bank Mandiri's consolidated Low-Cost Funds Ratio (Current Account and Saving Account/CASA) also strengthened from 73.42% in 2022 to 74.30% in 2023.

We believe that Bank Mandiri's excellent performance in 2023 is attributable to the consistent implementation of adaptive strategies by the Directors, their astute approach in targeting potential segments, and their ability to optimize digital transformation throughout various operational phases. As a result, Bank Mandiri's efficiency level increased, driving business volume growth across all segments and enabling the Bank to close 2023 on a high note. Notably, Bank Mandiri achieved a consolidated net profit of Rp55.06 trillion, representing a remarkable growth rate of 33.74% (yoy).

BOARD OF COMMISSIONERS REPORT

OVERSIGHT IN THE STRATEGY
FORMULATION AND
IMPLEMENTATION BY THE BOARD
OF DIRECTORS

Referring to OJK Regulation No. 5/POJK.03/2016 regarding Bank Business Plans, the Board of Commissioners oversees the implementation of the Bank Business Plan (RBB), which includes management policies and strategies. We submit the Supervision Report on the Implementation of RBB to the Financial Services Authority (OJK) every semester. The Board of Commissioners also submits a Supervision Report on the achievement of the Company's performance and KPIs to the Ministry of State-Owned Enterprises (SOEs) as the Series A Dwiwarna Shareholder on a quarterly basis.

The reports on the supervision of the Bank Business Plan implementation presented to the OJK and the Responses on Performance Achievement and KPIs of the Company submitted to the Ministry of SOEs include assessments on:

1. The assessment of the Board of Commissioners on the implementation of Bank Mandiri's Business Plan, encompassing both quantitative and qualitative aspects concerning the realization of the Business Plan.
2. The assessment of the Board of Commissioners on the factors influencing Bank Mandiri's overall performance, particularly capital factors, earnings, risk profiles, especially credit risk, market risk, and liquidity risk.
3. The assessment of the Board of Commissioners regarding efforts to improve the performance of Bank Mandiri indicates a decline in performance, as mentioned in point 2 above.

The assessments made by the Board of Commissioners on points 1-3 are complemented by evaluations of external factors that impact Bank Mandiri's performance.

BUSINESS PROSPECTS
DEVELOPED BY THE BOARD OF
DIRECTORS

The global economy in 2024 is anticipated to remain uncertain due to ongoing geopolitical conflicts and relatively high interest rates aimed at addressing inflation. However, with the decline in energy prices resulting from monetary tightening in 2023, inflation is expected to decrease, accompanied by lower interest rates. These developments will lead to varied growth rates across different regions.

According to the IMF's World Economic Outlook Report in January 2024, the economic growth of the United States is projected to slow down to 2.1% in 2024 from 2.5% due to the tight monetary policy implemented since 2022, fiscal tightening, and a decrease in the labor market as aggregate demand declines. However, this decline will be offset by increased economic growth in Europe, due to energy subsidies, decreasing inflation, and lower benchmark interest rates. The growth of developing countries in Asia will be affected by China's slowing growth, however this will be compensated by the strong economies of India and other emerging countries in the region, resulting in a growth rate of 4.1% in 2023. Overall, global economic growth is projected to remain at 3.1%, but global inflation is projected to decrease from 6.8% to 5.8% in 2024, primarily due to the decline in energy and food prices.

In the midst of global economic dynamics and uncertainties, Indonesia's economy is expected to continue to grow positively. The consistency in implementing macro-prudential policies by the Ministry of Finance and accommodative and responsive monetary policies implemented by Bank Indonesia have been supporting the strength of Indonesia's economy. Several factors that will have a positive impact on Indonesia's economy in 2024 and the following years include improved domestic consumption, realization of private and government investments, continued infrastructure connectivity and telecommunications development, and the peaceful conduct of elections.

BOARD OF COMMISSIONERS REPORT

Downstreaming is expected to continue, not only limited to nickel but also to other basic primary commodities, particularly CPO, copper, bauxite, tin and others, which will strengthen the balance of trade. The marine fishery industry, which has yet to be tapped, is expected to be developed in the future. All of these potentials will have a significant impact over different time periods, be it the short, medium, or long term.

Referring to these indicators and various achievements in 2023, coupled with the latest consumer confidence and PMI surveys, Bank Indonesia and the government agree that Indonesia's economy will continue to grow above 5% in 2024, with a range between 4.7% and 5.5%, accompanied by controlled inflation at around 3%. The IMF, in its World Economic Outlook 2024, also projected Indonesia's economic growth to be around 5.0%, relatively similar to the growth in 2023.

Considering the dynamics of the global and national economies, and taking into account the work plans and strategic plans developed by the Board of Directors for the period 2024, as well as the outstanding performance of Bank Mandiri in 2023, the Board of Commissioners believes that there remains room for Bank Mandiri and its subsidiaries to grow sustainably in every line of business. As such, we encourage all members of the Board of Directors to collectively strengthen the foundation of growth, optimize digital transformation, enhance business synergy among all subsidiaries by improving the quality of risk mitigation, and prioritize the implementation of best corporate governance practices at every operational phase.

OVERSIGHT OF CORPORATE GOVERNANCE IMPLEMENTATION

The Board of Commissioners acknowledges that Bank Mandiri is committed to consistently implementing best corporate governance practices throughout its operational activities. This commitment is reflected in the results of self-assessment of Individual Governance, Integrated Governance, and

external assessments such as the ASEAN Corporate Governance Scorecard (ACGS) and Corporate Governance Perception Index (CGPI) during 2023.

Here is a summary of the assessment results of Bank Mandiri's governance implementation in 2023:

- **Individual Governance Self-Assessment**
The self-assessment of Individual Governance implementation was conducted based on POJK No. 17/2023 and SEOJK No. 13/POJK.03/2017 regarding Corporate Governance Implementation for Commercial Banks. The self-assessment was conducted twice a year (June and December).

The self-assessment results for the first semester of 2023 obtained a score of 1 (one), then receiving feedback from the OJK with a score of 2 (two). This indicates that Bank Mandiri's management has generally implemented good corporate governance practices, as reflected in the adequate fulfillment of governance principles. In the second semester of 2023, the self-assessment score for individual governance was 1 (one), reflecting the excellent implementation of corporate governance by Bank Mandiri. Bank Mandiri has not received feedback from OJK for the self-assessment of the second semester of 2023.

- **Integrated Governance Self-Assessment**
The self-assessment of Integrated Governance implementation was conducted based on POJK No. 18/POJK.03/2014 and OJK Circular No. 15/SEOJK.03/2015 regarding Integrated Governance. The self-assessment was conducted twice a year (June and December) and involved all Financial Service Institutions (LJK) within the Bank Mandiri Financial Conglomeration.

BOARD OF COMMISSIONERS REPORT

The self-assessment results for both the first and second semesters of Integrated Governance implementation received a score of 1 (one). This indicates that the Financial Conglomeration has implemented excellent integrated governance practices, as reflected in the highly adequate fulfillment of integrated governance principles. If there are any weaknesses in the implementation of Integrated Governance principles, they are generally minor and can be promptly addressed through normal actions and improvements by the Parent Entity and/or LJKs within the Financial Conglomeration.

- ASEAN Corporate Governance Scorecard
Bank Mandiri has adopted the assessment of corporate governance implementation based on the principles developed by the Organization for Economic Cooperation and Development (OECD) and agreed upon by the ASEAN Capital Market Forum (ACMF), known as the ASEAN Corporate Governance Scorecard (ACGS).

- Corporate Governance Perception Index
Bank Mandiri participated in the research and ranking program of the Corporate Governance Perception Index (CGPI) in 2023, with the theme of "Building Agility within the Framework of Corporate Governance." The assessment process of CGPI includes self-assessment, document completeness evaluation, and observation. The aspects assessed in CGPI include Governance Structure, Governance Process, and Governance Outcome.

score
95.22

Bank Mandiri's participation in CGPI in 2023 marks its 20th participation since 2003, and **Bank Mandiri has maintained the title of a "The Most Trusted" company for 17 consecutive times, with a score of 95.22.**

Advisory Mechanisms to the Board of Directors

In addition to overseeing the management of the Company by the Board of Directors, the Board of Commissioners also carries out periodic monitoring and provides advice to the Board of Directors. The monitoring and advisory duties are carried out by the Board of Commissioners' Supporting Committees.

The monitoring and advisory mechanisms are implemented through meetings organized by the Board of Commissioners and joint meetings between the Board of Commissioners and the Board of Directors. During 2023, the Board of Commissioners held 29 Internal Meetings, 12 Joint Meetings between the Board of Commissioners and the Board of Directors, 28 Audit Committee meetings, 25 Risk Monitoring Committee meetings, 12 Remuneration and Nomination Committee meetings, and 6 Integrated Governance Committee meetings. The number of each Board of Commissioners meeting has met or even exceeded the minimum

BOARD OF COMMISSIONERS REPORT

requirements as stipulated in OJK Regulation No. 17/2023 on the Implementation of Corporate Governance for Commercial Banks.

Anti-Corruption Policy and Anti-Fraud Strategy Implementation

To support the ongoing efforts to combat corruption, in 2023 Bank Mandiri obtained the ISO 37001:2016 Anti-Bribery Management System certification on 13 October 2023, which has been expanded to include Procurement, Vendor Management, and Internal Audit Processes.

Furthermore, to comply with OJK Regulation No. 39/POJK.03/2019 on the Implementation of Anti-Fraud Strategy for Commercial Banks, and as part of the continuous improvement of Internal Control Policy, Bank Mandiri continues to develop and refine these provisions. The improvement of the Internal Control Policy is also carried out in every related policy, such as Standard Operating Procedures (SOPs), Operational Technical Instructions (OTIs), and other regulations. Bank Mandiri's Anti-Fraud Strategy encompasses four pillars:

1. Pillar 1 (Prevention) includes Anti-Fraud Awareness, such as the dissemination of an Anti-Fraud Statement, Employee Awareness Program, and Customer Awareness Program; Vulnerability Identification, such as the application of Risk Management principles; and Know Your Employee (KYE) Policy.
2. Pillar 2 (Detection) includes the Whistleblowing System-Letter to CEO; Fraud Detection System; Surprise Audit; and Surveillance System.
3. Pillar 3 (Investigation, Reporting, Sanctions, and Legal Processes).
4. Pillar 4 (Monitoring, Evaluation, and Follow-up Actions).

Risk Management Practices

The Bank's risk management is governed by a Bank Risk Management Policy, which is formulated with reference to regulations from the Central Bank and the Financial Services Authority, Basel requirements, the implementation of IFRS S2 Climate Related Disclosures, and other international best practices. This policy is periodically reviewed to anticipate changes in business conditions, regulations, the Bank's internal conditions, and the social and environmental impact.

As a precautionary measure against declining macroeconomic stability, worsening climate change impacts, and the accompanying social conditions, Bank Mandiri has regularly conducted stress testing both individually and in collaboration with its subsidiaries, based on macroeconomic scenarios developed by the Office of Chief Economist, taking into account scenarios of increased climate-related risks and social conditions.

Bank Mandiri has also updated its Recovery Plan, particularly the Recovery Options, to prevent, restore, and improve the Bank's financial condition and business continuity in the event of financial stress, as regulated by OJK Regulation No. 14/POJK.03/2017 on Recovery Plan for Systemic Banks. Bank Mandiri also has a Resolution Plan in place as a precaution in case the recovery efforts outlined in the Recovery Plan fail to restore the Bank's condition to meet the minimum regulatory requirements as stipulated in LPS Regulation No. 1 of 2021 regarding the Resolution Plan for Commercial Banks.

The Board of Commissioners assesses that Bank Mandiri has actively identified, measured, monitored, and controlled Mandiri Group's risks through self-assessment, using an integrated information system called the Risk Assessment Consolidation Generator (RACER) System, to support the implementation of such self-assessment.

The proposals of the self-assessment results of Consolidated/Integrated Risk Profile and Consolidated RBBR are recommended by the Integrated Risk Committee (IRC) and approved by the Risk Management & Credit Policy Committee (RMPC) Category A. Subsequently, the approved self-assessment results of Consolidated/Integrated Risk Profile and Consolidated RBBR are reported to the Regulator and submitted to the Integrated Governance Committee.

Internal Control System Effectiveness

The Board of Commissioners has the authority to approve the Internal Control System (ICS) established by the Board of Directors. The Board of Commissioners, through the Audit Committee, actively evaluates the ICS by reviewing the results of internal audits.

BOARD OF COMMISSIONERS REPORT

Based on the evaluations conducted throughout 2023, we confidently believe that Bank Mandiri's ICS is sufficiently adequate and effective. However, we also acknowledge the need for continuous improvement in line with the expanding scale of operations and the increasingly complex challenges that need to be anticipated and addressed.

View on Whistleblowing System Implementation

Bank Mandiri has implemented a whistleblowing policy and mechanism, known as the Letter to CEO (WBS-LTC), to promote the implementation of the code of conduct and support the Anti-Fraud Strategy program. The WBS-LTC has been implemented since 2009, with continuous updates through Operational Technical Instructions. The most recent update occurred on 3 October 2022.

The management of the WBS-LTC involves independent parties to create a safe environment that encourages employees and stakeholders to report violations. Whistleblowers can choose to provide their full identity or remain anonymous (with identity known only to the independent party). Furthermore, in 2023, Bank Mandiri enhanced the quality of WBS-LTC management by opening access to the Corruption Eradication Commission's Whistleblowing System (KWS) to report Corruption Crimes (TPK), as part of the implementation of the Anti-Corruption Strategy and Bank Mandiri's commitment to prevent and combat corruption. With these developments, the Board of Commissioners believes that Bank Mandiri has effectively implemented the WBS throughout 2023.

Board of Commissioners' Committees Assessment

In carrying out their duties of providing guidance, supervision, monitoring, and advice on the management of the Company, the Board of Commissioners is assisted by four Supporting Committees. These committees are the Audit Committee, Remuneration and Nomination Committee, Risk Oversight Committee, and Integrated Governance Committee. Bank Mandiri has periodically reviewed all of the Charters of these Supporting Committees.

Based on the work programs outlined in the 2023 Annual Plan, the Board of Commissioners assesses that all four Committees of the Board of Commissioners have executed their duties and functions effectively. The Board of Commissioners has received all recommendations from each committee, which have served as considerations in the decision-making process regarding proposals from the Board of Directors, as well as in the formulation of guidance and recommendations to be implemented by the Board of Directors.

The Board of Commissioners believes that the Reports and Recommendations from the committees have been prepared based on sufficient in-depth analysis of each topic discussed, due to various meetings, discussions, and even site visits to gather information from the first party. We also note that the four committees have had good and intensive communication with relevant parties in discussing emerging issues within Bank Mandiri and following up on the progress of recommendations and decisions made by the Board of Commissioners. The following are summary of the activities carried out by each Committee of the Board of Commissioners.

The Audit Committee is responsible for providing opinions to the Board of Commissioners regarding the reports and/or other matters presented by the Board of Directors, as well as identifying areas that require the attention of the Board of Commissioners in the areas of Financial Reporting, Internal Controls, and Compliance. The activities of the Audit Committee during 2023 were as follows:

1. Held 28 Audit Committee meetings, including drafting meeting minutes.
2. Conducted 107 internal discussions, discussions with relevant Units, and joint discussions with the Risk Oversight Committee, including drafting and documenting discussion minutes.
3. Reviewed both in-house/unaudited and audited financial reports and information to be published.
4. Reviewed more than 30 Reports/ Proposals/ Directors' Submissions requiring written approval from the Board of Commissioners and prepared recommendations.
5. Compiled 4 quarterly reports on the activities of the Committee and presented them to the Board of Commissioners.
6. Prepared the Evaluation Report on the Implementation of the Provision of Audit

BOARD OF COMMISSIONERS REPORT

Services for the Bank Mandiri's Annual Historical Financial Information for the Fiscal Year 2022 by Tanudiredja, Wibisana, Rintis & Rekan (PwC).

7. Conducted 5 site visits, including preparing the Site Visit Report.
8. Prepared the Audit Committee's Work Plan for 2024.
9. All Committee members have participated in at least 1 competency development activity related to Banking/Audit.

The Remuneration and Nomination Committee was established to assist the Board of Commissioners in carrying out the supervision function and ensure that the process of nominating strategic positions in management and determining remuneration is done objectively, effectively, and efficiently, in accordance with OJK Regulation.

In 2023, as stipulated in the Committee's Charter, through discussions held in 12 meetings, the Bank Mandiri Remuneration and Nomination Committee has provided recommendations/proposals for qualified candidates as Members of the Board of Commissioners and Directors of Bank Mandiri to the Board of Commissioners for submission to the General Meeting of Shareholders. These recommendations are obtained through a series of processes carried out by the Remuneration and Nomination Committee, including the formulation of policy, criteria, and qualifications required in the nomination process for candidates for Members of the Board of Commissioners and Directors that align with the Company's strategic plan. The Remuneration and Nomination Committee also assists the Board of Commissioners in obtaining and analyzing data on potential Director candidates from the talent pool of officials one level below the Board of Directors, as well as identifying qualified candidates for the Board of Commissioners.

Apart from the nomination system, the Remuneration and Nomination Committee has also assisted the Board of Commissioners in proposing a suitable remuneration system for the Directors and Board of Commissioners of Bank Mandiri, including salary/honorarium, facilities/allowances, and bonuses for 2023.

The Risk Oversight Committee was established to assist the Board of Commissioners in carrying out the oversight and advisory roles to ensure that the Bank's risk management practices continue to meet the adequacy principles of risk management procedures and methodologies, thereby maintaining the Bank's business activities within acceptable limits and profitability.

The following were activities of the Risk Oversight Committee during 2023:

1. Held 25 Risk Monitoring Committee meetings, including preparing and documenting meeting minutes.
2. Conducted 85 internal discussions, discussions with relevant Units, and joint discussions with the Audit Committee, including preparing and documenting discussion minutes.
3. Reviewed more than 25 reports, including Risk Profile Reports, Bank Soundness Rating Reports, Individual Debtor Reports with Credit Limits of over Rp3 trillion, Wholesale Segment Watchlist Debtor Reports, and Anti-Fraud Strategy Implementation Reports.
4. Reviewed more than 15 Proposals/Submissions from the Board of Directors requiring written approval from the Board of Commissioners.

BOARD OF COMMISSIONERS REPORT

5. Compiled 4 quarterly reports on the activities of the Committee and presented them to the Board of Commissioners.
6. Conducted 6 site visits, including preparing the Site Visit Report.
7. Developed the Risk Monitoring Committee's Work Plan for 2024.
8. All Committee members have participated in at least 1 competency development activity related to Banking/Risk Management.

The Integrated Governance Committee was established to assist the Board of Commissioners in carrying out oversight duties and functions in the Governance implementation at each Financial Services Institution (LJK) within the Bank Mandiri Financial Conglomeration to align with the Integrated Governance Guidelines and the implementation of duties and responsibilities of Bank Mandiri's Board of Directors. The committee also serves to provide guidance or advice to the Bank Mandiri Board of Directors on the implementation and evaluation of the Integrated Governance Guidelines, as well as to provide direction for improvements.

The Integrated Governance Committee has conducted the following activities in 2023:

1. Held 6 Integrated Governance Committee meetings, including preparing Minutes of Meeting.
2. Conducted 8 internal discussions and discussions with relevant Work Units.
3. Evaluated the adequacy of the implementation of integrated internal controls, compliance, and risk management, and provided recommendations for future improvements.

Changes in the Board of Commissioners Composition

Pursuant to the decision of the Annual GMS held on 14 March 2023, there have been changes in the composition of the Company's Board of Commissioners. The Annual GMS has respectfully discharged Mr. Boedi Armanto of his duties as an Independent Commissioner and subsequently appointed Mr. Heru Kristiyana and Mr. Zainudin Amali as Independent Commissioners.

The termination of Mr. Boedi Armanto's position is a result of the expiration of his term on 14 March 2023, in line with the decision made during Bank Mandiri Annual GMS. The Board of Commissioners expresses its utmost appreciation to Mr. Boedi Armanto for his dedication and contributions during his tenure. Additionally, the Board of Commissioners extends a warm welcome to Mr. Heru Kristiyana and Mr. Zainudin Amali, as they join us on the journey ahead for Bank Mandiri.

Based on the Annual GMS decision held on 14 March 2023, the composition of Bank Mandiri's Board of Commissioners currently consists of 11 members, comprising 1 President Commissioner/Independent, 1 Vice President Commissioner/Independent, 4 Independent Commissioners, and 5 Commissioners. All members of the Board of Commissioners are based within the working area of Bank Mandiri's Head Office.

Following the Annual GMS held on 14 March 2023, the composition of the Company's Board of Commissioners is as follows.

BOARD OF COMMISSIONERS REPORT

Name	Position	Appointment References	Effective Date	Period
Muhamad Chatib Basri	President Commissioner/ Independent	Annual GMS dated 19 February 2020	09 December 2019	2019 - 2024

Muhammad Yusuf Ateh	Commissioner	Annual GMS dated 15 March 2021	18 August 2021	2021 - 2026

*) Appointed as Independent Commissioner at the Annual GMS dated 14 March 2023.

APPRECIATION

All members of the Board of Commissioners and I would like to express our full appreciation to the entire Board of Directors and all Mandiri employees for their strong determination and dedication in carrying out their duties throughout 2023. With the support and aspirations, Bank Mandiri has been able to navigate through the challenging, dynamic, and uncertain 2023, achieving outstanding and commendable performance. This further strengthens the foundation of the Bank as a preparation to seize every opportunity available and to subsequently achieve the best performance in the future.

Representing the Board of Commissioners, we would also like to express our gratitude to the Shareholders, Customers, and other Stakeholders for their trust and support, which have enabled Bank Mandiri to navigate through 2023 with remarkable performance. This further strengthens our confidence that Bank Mandiri will be able to journey and overcome the challenges of 2024 and beyond with optimism.

BOARD OF DIRECTORS REPORT

Bank Mandiri has demonstrated its strong fundamentals after weathering a challenging and uncertain year of 2023, achieving impressive performance milestones. The Bank's assets continued to grow, reaching Rp2.174 trillion, driven by double-digit loan growth of 16.3% yoy with maintained quality. Despite a weakening third-party funds growth in the banking industry, Bank Mandiri managed to achieve a 5.8% yoy growth, owing primarily by the growth of low-cost funds. Notably, Bank Mandiri's bank-only low cost of funds ratio reached an impressive 79.4%, enabling the Bank to maintain a low cost of funds at 1.91% by the end of 2023. Bank Mandiri's commitment to digital transformation has also improved operational efficiency. As a result, the Bank recorded a consolidated net profit of Rp55.1 trillion, representing a significant growth of 33.7% yoy. Moreover, Bank Mandiri successfully delivered innovative digital financial products and services, catering to the diverse needs of customers across various segments, including both wholesale and retail banking. Bank Mandiri exceptional achievements throughout 2023 is presented in this report titled "The Resilient Industry Leader: Always Deliver, Always Ahead".

**DARMAWAN
JUNAIDI**
President Director

BOARD OF DIRECTORS REPORT

Dear Esteemed Shareholders and Stakeholders,

First and foremost, we would like to extend our gratitude and praises to the Almighty God for His abundant blessings, which have enabled PT Bank Mandiri (Persero) Tbk to successfully navigate through the dynamic and uncertain year of 2023, achieving remarkable growth and performance. This achievement aligns with Bank Mandiri's mission to provide reliable, simple, and trustworthy digital banking solutions that become an essential part of our customers' lives.

The cessation of the pandemic in 2023 did not result in an instantaneously favorable environment. The governments and businesses in various countries continued to exert considerable effort in addressing the numerous crises precipitated by the pandemic of the previous two years. Simultaneously, a number of factors including prolonged geopolitical tensions in the Middle East, high inflation stemming from food and energy crises, and the implementation of high-interest rate policies by numerous nations, presented the world with new and more complex challenges. As a consequence, the rate of worldwide These factors have led to a slowdown in global economic growth and ultimately a decrease in demand for goods and services.

Nevertheless, Bank Mandiri has successfully weathered these conditions through the delivery of various performances that bolstered the Bank's foundation and firmly established its position as the leading Wholesale Bank. As Bank Mandiri Board of Directors, it is our honor to present the management report for the 2023 fiscal year.

GLOBAL AND NATIONAL ECONOMIC CONDITIONS

The prolonged conflict between Russia and Ukraine, coupled with the Israel-Hamas conflict since the second half of 2023, has hindered global economic growth due to persistent high inflation, leading central banks of various major countries, including the United States Federal Reserve (The Fed), implementing a prolonged high-interest rate policy (higher for longer). The Federal Funds Rate

(FFR) as of December 2023 stood at a level of 5.25% - 5.50%, an increase of 525 basis points (bps) from 0.25% in January 2022. The global interest rate hike is expected to be followed by long-term tenors with an increase in the yield of bonds of developed countries, particularly the United States (US Treasury). This condition certainly triggers outflows of foreign capital from Emerging Markets to developed countries and drives significant strengthening of the US dollar against various world currencies.

These conditions led the IMF, through the World Economic Outlook report as of January 2024, to forecast global economic growth in 2023 to reach only 3.1% (yoy), decreased from 3.5% in 2022. High-interest rate policies have caused economic growth in advanced countries to decline to 1.6% (yoy), however the economies of developing countries have remained at the level of 4.1% (yoy) in 2023 compared to the previous year. World trade volume is also forecasted to weaken, with a growth projection of 0.4%, significantly lower than the achievement of 5.2% in 2022.

In its release, the IMF also predicted global inflation, although it is starting to decline, it remains at a high level, around 6.8% from 8.7% in 2022. This condition caused the Global Manufacturing PMI for 2023, according to J.P. Morgan and S&P Global, to show a weakening trend and linger in the contraction zone (below 50.0), decreasing from the previous level of 49.3 in November 2023 to 49.0 in December 2023.

Amidst the uncertainty and turmoil in the global economy, the national economy continues to demonstrate resilience by recording positive growth. By the end of the fourth quarter, Indonesia's economy registered a growth of 5.05% (yoy), driven by most sectors. The sectors that posted significant growth were Transportation and Warehousing by 14.74%, followed by Other Services by 11.14%. On the other hand, Indonesia's economic growth in the third quarter of 2023 was supported by private consumption, including the consumption of the younger generation, as well as the continued

BOARD OF DIRECTORS REPORT

realization of National Strategic Projects (PSN). The national inflation rate has been successfully managed and decreased to 2.61% from 5.51% in the previous year.

Responding to the implementation of high-interest rates by The Fed and other advanced economies, but considering the low inflation rate, Bank Indonesia (BI) only raised the BI 7-Day Reverse Repo Rate (BI7DRR) to 6.00% from 5.50% per December 2023. BI's decision was made to maintain exchange rate stability while also preserving the momentum of national economic growth. The combination of macroprudential policy implementation by the Ministry of Finance and monetary flexibility from Bank Indonesia resulted in Indonesia's trade balance recording a surplus of US\$36.9 billion, leading to foreign exchange reserves reaching US\$146.38 billion at the end of 2023, equivalent to financing for 6.7 months of imports or 6.5 months of imports and government external debt payments, and above the international adequacy standard of around 3 months of imports.

The strength of the economic foundation resulted in the exchange rate of the Indonesian rupiah by the end of December 2023 at Rp15,399/USD, appreciating by 1.10% from Rp15,568/USD at the end of 2022.

NATIONAL BANKING AND NON-BANK FINANCIAL INDUSTRY OVERVIEWS

The national banking performance exhibited strong results in 2023, specifically with regard to financing (lending), fund raising, and profit generation. The Financial Services Authority (OJK) data stated that bank loans increased by 10.4% year on year (yoy) in December 2023. This growth was driven by an increase in working capital loans of 10.14% (yoy) in November, investment loans of 9.25% (yoy), and consumer loans of 9.40%. According to the user group, loans to Micro, Small, and Medium Enterprises (MSMEs) grew by 8.46% (yoy), while corporate loans increased by 9.99%.

The COVID-19 banking restructuring loans also significantly declined, with the position staying at Rp265.8 trillion, decreased from Rp469 trillion at the end of 2022. This suggests that the trend of lowering restructuring loans continues in line with the government's target, and that the restructuring period for COVID-19-affected loans may conclude in 2024.

The improvement in loan quality can counterbalance the increase in loans in 2023. This is reflected in the Gross Non-Performing Loan (NPL) ratio, which was reduced to 2.38% in 2023, down from 2.44% in 2022. Meanwhile, the Capital Adequacy Ratio (CAR) strengthened from 25.68% in 2022 to 27.97% in 2023.

Banking Third-Party Funds (TPF) only grew by 3.8% (yoy) in 2023, driven by increases in demand deposits, savings, and time deposits, each grew by 2.96% (yoy), 2.57%, and 3.50% (yoy) respectively, as of November. Meanwhile, the liquidity of the banking industry was well maintained at adequate levels. The Liquidity Ratio to Non-Core Deposit (AL/NCD) and Liquidity Ratio to TPF (AL/TPF) were recorded at 127.07% and 28.73% in 2023, respectively, far above the threshold limits of 50% and 10%, respectively.

The Indonesian capital market expanded robustly, notwithstanding the numerous obstacles posed by the global economic climate. This is reflected in the performance of the Composite Stock Price Index (JCI), which continued to rise, reaching the level of 7,272.8 on 29 December 2023, an increase of 6.16% from the position on 30 December 2022. Meanwhile, market capitalization reached Rp11,708.0 trillion in 2023, an increase of 22.86% compared to the end of 2022 figure of Rp9,529.86 trillion, and also briefly hit a new record of Rp11,792.0 trillion on 28 December 2023.

The continued recovery of the Non-Bank Financial Industry (IKNB) is evident in the insurance and financing company (multifinance) sectors. Multifinance financing receivables grew 14.96% (yoy) in October 2023, in line with the improving

BOARD OF DIRECTORS REPORT

performance of the banking sector. The growth in multifinance financing is mainly supported by investment, working capital, and consumer financing, each grew by 13.96%, 15.75%, and 14.19% (yoy) in October 2023. However, the quality of multifinance financing is affected by economic conditions, as reflected in the Non-Performing Finance (NPF) ratio, which tended to increase from 3.32% in 2022 to 2.57% in October 2023. Meanwhile, the gearing ratio of financing companies stood at 2.25 times in October 2023, well below the threshold of 10 times.

The performance of the insurance industry, on the other hand, is typically variable. As of October 2023, total premium collection increased by Rp19.92 trillion (yoy), while Life Insurance premiums decreased by Rp9.74 trillion (yoy) as of October 2023. However, General Insurance premiums increased by Rp16.96 trillion (yoy) as of October 2023. Meanwhile, the insurance sector witnessed a notable increase in capitalization in 2023, as evidenced by the Risk-Based Capital (RBC) of the life insurance and general insurance industries, which stood at 435.98% and 340.5%, respectively, surpassing the threshold of 120%.

PERFORMANCE ANALYSIS

Overall, Bank Mandiri has achieved outstanding performance in 2023. Bank Mandiri also made a milestone as the first bank in Indonesia to achieve Rp2.174 trillion in assets, which increased by 9.1% yoy. This asset growth is being driven by an increase in loan volume across all segments, with asset quality steadily improving. Bank Mandiri's consolidated loans reached Rp1.398 trillion, grew by 16.3% yoy with an NPL ratio of 1.19%, decreased 72 bps from the previous year. Additionally, amidst tightening liquidity conditions and a slowdown in industry third-party funds growth, Bank Mandiri successfully acquired third-party funds of Rp1.576 trillion, grew by 5.8% yoy. This growth was driven by low-cost funds, namely savings and current accounts, which grew by 7.05% yoy to reach Rp1,171.7 trillion, with

a CASA ratio reaching 74.3% on a consolidated basis and 79.4% on a bank-only basis. With these achievements, Bank Mandiri CASA market share among the banking industry continues to increase to 21.72%. Bank Mandiri has also been able to maintain its cost of funds low at 1.91%. Moreover, Bank Mandiri has been able to sustain profitability at a stable level, with a NIM ratio reaching 5.48%. As a result, Bank Mandiri successfully recorded a net profit of Rp55.06 trillion as of the end of 2023, or grew by 33.7% yoy.

Bank Mandiri's outstanding performance has been appreciated by the market, as reflected in its stock price, which grew by 21.9% year to date by the end of 2023. Bank Mandiri's market capitalization has also increased significantly, reaching 2.3 times during the last three years. This noteworthy achievement is unquestionably due to Bank Mandiri's perseverance in pursuing a well-planned business strategy.

Bank Mandiri successfully outpaced the national banking industry growth in 2023, allowing it to maintain its market dominance. The Wholesale segment, as the Bank's core competence, managed to disburse loans amounting to Rp727.7 trillion, grew by 19.2% yoy. This growth was driven by the excellent performance of the corporate segment, which disbursed loans amounting to Rp409.8 trillion (12.6% yoy). With this achievement, Bank Mandiri's corporate segment increasingly dominates the market in Indonesia, with a market share reaching 30.5% by the end of 2023. Additionally, the growth of Bank Mandiri's Wholesale segment was also supported by the growth of several other segments, including Commercial Banking with loans of Rp237.9 trillion (21.2% yoy), Institutional Relations with loans of Rp72.7 trillion (64.9% yoy), and International Banking with loans of Rp7.2 trillion (23.5% yoy).

In recent years, the Bank has also implemented a strategy to shift towards the high-yield segment. As a result, Bank Mandiri's retail segment recorded loan disbursements amounting to Rp358.1 trillion, grew by 11.1% yoy. This growth was driven by the

BOARD OF DIRECTORS REPORT

SME segment amounting to Rp76.8 trillion (14.0% yoy), the productive micro segment amounting to Rp167.9 trillion (10.4% yoy), and the consumer loan segment amounting to Rp113.4 trillion (10.4% yoy).

Loan growth performance is balanced by the Bank's ability to maintain asset quality through a disciplined application of cautious principles. As a result, the NPL ratio (bank only) is maintained at a low level, even reaching an all-time low of 1.02% (-86bps) in December 2023. Bank Mandiri also continues to prepare sufficient allowances with an NPL Coverage Ratio (bank only) of 384.36%. The discipline in applying prudent risk management has led to a decrease in the cost of credit (bank only) by 58bps to 0.63% as of December 2023, improved significantly than the previous period of 1.21%.

Aside from the successful loan growth, the handling of COVID-19-affected loans has made substantial progress as the economic recovery momentum continues. By the end of 2023, the total restructuring of COVID-19-affected loans (bank only) had reached Rp17.2 trillion, a considerable decrease from the Rp35.90 trillion recorded at the end of 2022.

In addition to achieving significant growth in third-party funds acquisitions, the Bank also diversified its funding sources through various financial instruments, including bond issuances. In 2023, Bank Mandiri issued its fourth Global Bond program Euro Medium Term Notes (EMTN) with a par value of USD300 million on the Singapore Exchange (SGX) and Shelf-Registration Green Bonds I Phase I (Green Bonds in Rupiah) with a par value of Rp5 trillion on the Indonesia Stock Exchange (IDX). The bonds issued by Bank Mandiri received ratings of Baa2 (Moody's) and BBB- (Fitch) for USD-denominated bonds, and AAA.id from Pefindo for Rupiah-denominated bonds.

The outstanding fundamental performance of the Bank has been appreciated by both the public and investors. This is reflected in the stock performance

of Bank Mandiri, which recorded the highest stock price in its history, reaching Rp6,125 per share on 4 October 2023 (after the stock split on 6 April 2023).

To Become the Leading and Best Bank in Digitalization

Bank Mandiri continues to demonstrate its consistency in developing the Digital Banking segment to support digital transformation as a sustainable business, aiming to seize every opportunity across all sectors and potential segments. Building on the success of digital transformation initiatives started in 2021, Bank Mandiri has realized various digitalization initiatives in 2023 as part of an evolving digital banking roadmap tailored to customer needs. Bank Mandiri continues to develop innovative digital services by launching new features and applications to meet industry demands and fulfill customer needs through KOPRA by Mandiri, Livin' by Mandiri, and Smart Branch, aiming to establish Bank Mandiri as the forefront and best bank in digitalization.

In 2023, Bank Mandiri introduced a new breakthrough as evidence of its commitment to providing a seamless experience through KOPRA Beyond Borders. This innovation is aimed at meeting the needs of corporate customers in Indonesia and overseas for integrated digital financial services as an expansion of the customer's business ecosystem. The new innovation is believed to contribute to the increase in KOPRA users, which by the end of 2023 had reached more than 182 thousand users and had successfully increased the frequency of corporate digital transactions by 19.4% yoy with transaction value exceeding Rp19,100.0 trillion.

Bank Mandiri also introduced new features in Livin' by Mandiri such as Livin' Sukha to fulfill lifestyle needs and Livin' Investasi feature to complement customer financial services. Livin' Sukha currently offers new features, enriching entertainment content accessible to all Livin' by Mandiri users. The consistent development of these features has

BOARD OF DIRECTORS REPORT

led Livin' by Mandiri to be used by nearly 23 million users by the end of 2023, managing over 2.82 billion transactions, a 45.0% increase yoy, with transaction value reaching Rp3.271 trillion, grew by 32% yoy.

The increase in digital-based transactions has led to a continuous high growth in Bank Mandiri's Fee Based Income (FBI). The total FBI of Bank Mandiri (bank only) in 2023 reached Rp32.5 trillion, grew by 20.2% yoy. Digital transactions through Livin' that serves the Bank's retail customers contributed Rp2.2 trillion, grew by 25% yoy compared to the same period the previous year. Meanwhile, transactions from the Bank's wholesale customers through KOPRA recorded fee-based income of Rp2.2 trillion, grew by 8% yoy. Bank Mandiri's digitization has also improved the efficiency of its operational activities, as evidenced by a decrease in the ratio of operating expenses to operating income (BOPO) of Bank Mandiri (bank only) from 63.61% in 2022 to 58.13% in 2023.

We believe that KOPRA, Livin', and Branchless Banking will continue to drive Bank Mandiri's growth in three key areas: increasing revenue, both interest and fee-based revenue, and improving Bank Mandiri's CASA ratio, which will ultimately impact keeping the cost of funds low. KOPRA and Livin's services are also projected to further broaden the potential value chain of both wholesale and retail banking ecosystems. As such, we are committed to continuously implementing the various digitalization service development programs outlined in Bank Mandiri's digitalization roadmap.

Strategies and Strategic Policies

Bank Mandiri's strategic direction aligns with the achievement of the Government's Medium-Term Development Plan aimed at driving national growth and enhancing the country's prosperity. Bank Mandiri has established the Corporate Plan Vision 2020-2024, which is to "Be Your Preferred Financial Partner". Bank Mandiri complements this vision by setting the mission of "Providing Reliable, and

Simple Digital Banking Solutions that Become a Part of Customer Life." To realize this vision and mission, Bank Mandiri has identified **three main focus** areas:

1. Become the Prominent Wholesale Bank, beyond lending, by leveraging Bank Mandiri's strength as a Wholesale bank to go beyond lending, by acquiring potential new revenue streams from customers.
2. Drive Robust and Sustainable Growth in the SME & Micro segments.
3. Become the Best Modern Digital Bank by developing comprehensive digital banking solutions to meet customer needs.

Bank Mandiri also remained consistent in implementing the 3-3-1 strategy throughout 2023 in order to achieve these three main focus areas, drive sustainable growth, and build a holistic customer ecosystem. This strategic direction, which optimizes 3 strengths, 3 main focuses, and 1 gesture, aimed at accelerating the development of Digital Banking innovations to suit customers' dynamic financial service needs. Furthermore, to address the uncertain global and national economic conditions in 2023 and secure sustained performance growth, Bank Mandiri developed and implemented three main strategic focuses. These include a focus on sustainable growth, optimal margin and liquidity management, and progressive undertaking of initiatives.

The strategy for sustainable growth is implemented through effective liquidity management and low cost of funds, achieved by executing several strategic initiatives. One of these initiatives involves increasing market share in loan disbursement and third-party funds acquisition both in the Wholesale Banking segment with its unique all-rounder ecosystem potential, and Retail Banking, which is supported by an extensive network such as 241 Smart Branches, Livin', and KOPRA.

BOARD OF DIRECTORS REPORT

The strategy for optimal improvement of margins and liquidity management is achieved by, among others, maintaining a low Cost of Funds (CoF) by bolstering low-cost funds to ensure the Current Account Saving Account (CASA) ratio remains strong through transaction optimization and digital innovation. Meanwhile, the strategy of initiating progressive initiatives and innovations is realized by expanding the user base of Livin' and KOPRA with a focus on enhancing customer service and venturing into beyond banking, such as lifestyle services.

To continue driving increased digital transactions that provide optimal benefits for the Bank while reducing negative environmental impacts, Bank Mandiri has launched several new digital services, including Livin' Merchant, a refreshed and more engaging interface for Livin' Sukha, and the latest feature of KOPRA by Mandiri called KOPRA Beyond Borders, aimed at facilitating wholesale customers' transactions overseas.

The Role of the Board of Directors in Formulating Strategy and Strategic Policies

Bank Mandiri adheres to GCG principles in developing and implementing strategies to provide optimal results in accordance with industry needs and advancements, as well as competencies and prospective business expansion. Bank Mandiri always formulates strategies and strategic policies in accordance with the Bank's vision, mission, and strategic plans. The Board of Directors actively communicates work plans to shareholders and employees at all levels of the Bank.

These strategies are developed by taking into account the driving and inhibiting factors of success, with a focus on the company's competitiveness, and accompanied by implementation stages. The Board of Directors with the Board of Commissioners also consider external conditions that must be addressed to ensure the strategies can be performed with optimal results, as outlined in the Bank's Business Plan, particularly the Sustainable Financial Action Plan (SFAP). Bank Mandiri's SFAP is formulated, implemented, and evaluated as the

Bank's response to the growing global and national concerns regarding sustainability issues, as well as the Bank's support for the Sustainability programs implemented by the Indonesian Government to achieve the targets of the Sustainable Development Goals (SDGs).

The Board of Directors with the Board of Commissioners also define performance metrics for all programs outlined in the Business Plan and SFAP, taking into account their alignment with the corporate core values. This entails setting up a system of rewards and punishments for all levels to foster the execution of strategies with all available competencies.

The Process Undertaken by the Board of Directors to Ensure Strategy Implementation

Under the guidance and oversight from the Board of Commissioners, the Board of Directors coordinates the implementation of all programs and work plans established in the Business Plan and Sustainable Financial Action Plan with all executives under their authority. They delegate authority to execute each program according to the designated duties and authorities. The Board of Directors then periodically holds meetings with the Executive Committees, as well as the heads of divisions and departments to ensure that all program implementations and business activities of Bank Mandiri are conducted in line with the approved business strategy, risk appetite, and other policies agreed upon by the Board of Commissioners and the Board of Directors.

The meetings are conducted regularly, not only to formulate program implementation decisions but also to discuss, evaluate, and establish the Annual Corporate Work Plan and Budget (RKAP), Bank Business Plan, Long-Term Corporate Plan, as well as Sustainable Financial Action Plan for the future periods. This comprehensive approach yields tangible results, specifically the achievement of several predetermined performance targets.

BOARD OF DIRECTORS REPORT

Realization vs. Targets

Bank Mandiri has once again achieved remarkable performance amidst global and national economic uncertainties, as reflected in the total assets of Bank Mandiri (bank only) in 2023, which reached Rp1,688.8 trillion, up 7.55% (yoy) from Rp1,570.3 trillion in 2022. This figure successfully surpassed the 2023 RKAP target of Rp1,654.7 trillion.

The Bank's net profit also increased to Rp51.1 trillion, grew 35.56% (yoy) from Rp37.7 trillion in 2022. The Bank's profit also exceeded the 2023 RKAP target of Rp39.3 trillion. The driving factors behind this net profit achievement include Net Interest Income reaching Rp71.2 trillion, grew 9.40% yoy, and Fee Based Income that increased by 20.17% yoy to reach Rp32.5 trillion. The achievement of NII and FBI also successfully exceeded the 2023 RKAP targets of Rp70.03 trillion and Rp28.57 trillion respectively.

Bank Mandiri has also proven its ability to maintain consistency in preserving corporate efficiency, as reflected in the achievement of a Cost to Income Ratio that successfully decreased by 385 basis points (bps) year-on-year to 34.31% in 2023. Through prudent loan disbursement and regular monitoring, the Bank's credit quality continues to improve, with a Non-Performing Loan (NPL) ratio of 1.02%, down 86 bps from 1.88% in 2022. This NPL ratio has surpassed the 1.66% target set in the 2023 RKAP.

Financial Parameters and Ratios (bank only)	2023	
	Target	Realization
Loan Growth	10.0%-12.0%	12.62%
Third-Party Funds Growth	7.0%-9.0%	16.26%
Net Profit Growth	7.5%-8.0%	48.34%
Cost of Credit	1.3%-1.5%	1.25%
Gross NPL	2.0%-2.2%	1.02%
Net Interest Margin	5.0%-5.5%	5.25%

Challenges and Mitigation

High interest rate policies that remain in force in various major countries to curb inflation ultimately impact the banking industry's tight liquidity. However, the Indonesian banking industry, including Bank Mandiri, has effectively managed this situation, as indicated by the maintained CASA and LDR ratios. Mitigation against the main challenges is addressed by implementing sectoral loan portfolio management using Loan Portfolio Guideline (LPG) tools, which are structured and reviewed regularly (at least twice a year) to monitor the development of macroeconomic conditions and the latest loan portfolios. As a result, the Bank Mandiri's loan growth can be directed towards sectors that remain prospective and have reasonably fast recovery rates.

Bank Mandiri also consistently implements a policy of forming a larger Allowance for Impairment Losses during the COVID-19 relaxation period, referring to the assessment results of the credit risk level of borrowers, as an anticipation of credit quality decline post-COVID-19 relaxation (Build up CKPN). Additionally, as a mitigation against the risk of increasing NPLs (Non-Performing Loans) and LaR (Loan at Risk), Bank Mandiri prepares an action plan for borrowers who are potentially downgraded to NPLs.

BOARD OF DIRECTORS REPORT

BUSINESS PROSPECT ANALYSIS

The global economy in 2024 is projected to be overshadowed by various challenges and uncertainties. The IMF predicts that the global economy would slow in 2024 compared to 2023. The IMF forecasts that the global economy will grow by 3.1% in 2024, which is the same as the 3.1% growth projection for 2023.

The global economic growth is influenced by several factors, including the slowing pace of the Chinese economy due to weakening consumption and a crisis in its property sector. This condition can impact the slowdown in Indonesia's export performance, given that China is one of Indonesia's major trading partners. Additionally, conflicts such as the Israel-Hamas conflict in the second half of 2023 and the ongoing Russia-Ukraine war increase pressure on the global economy. These geopolitical risks have the potential to disrupt the trajectory of the world economy if they continue, and they are vulnerable to triggering increases in global energy and food prices, leading to inflation.

On the other hand, global benchmark interest rates, which increased throughout 2023, are predicted to begin decreasing in 2024, with an expected corresponding decrease in the benchmark interest rates of Bank Indonesia. This, of course, will have a positive impact on the Indonesian economy, particularly in increasing demand for bank loans.

Amidst the global economic uncertainty, the Indonesian economy remains resilient. Bank Indonesia forecasts that Indonesia's economic growth in 2024 will be in the range of 4.75% to 5.5%, supported by accommodative monetary policies aimed at stability and growth. In 2024, consumption performance, both private and governmental, and investment are expected to continue to increase, in line with the strong consumer consumption pattern, the positive impact of the election implementation, and the continuity of the National Strategic Projects (PSN) development.

In so far as domestic economic stability is sustained, the increase in the intermediation role of the banking sector is also expected to continue. Loan disbursement is projected to continue its upward trend in resilient sectors. Third-party funds growth in the banking industry is also expected to remain robust, ensuring that banking liquidity remains adequate.

Given these considerations, Bank Mandiri anticipates that its performance in 2024 will continue to improve sustainably. The Bank will consistently refine the strategies that have been deployed. We will focus on maintaining our wholesale market dominance and expanding through a value chain approach focused on ecosystems, while continuing to drive digital platform optimization to strengthen our low-cost funding base. Furthermore, we will urge all branch networks and subsidiaries to explore potential business opportunities in their respective regions.

Furthermore, as a loan growth guideline, Bank Mandiri employs techniques such as the Loan Portfolio Guideline (LPG) to identify low-risk sectors. By expanding in accordance with the LPG design, the Bank can increase its loan portfolio while enhancing credit quality. Prospective sectors include the government, food and beverage industry, telecommunications, energy and water, healthcare services, and downstream mineral and coal processing industries.

Given the public's rising digital adoption, Bank Mandiri continues to optimize low-cost fund acquisition by utilizing multi-transaction digital services such as Livin' and KOPRA, which provide transactional convenience and flexibility. Bank Mandiri's advantage in CASA acquisition is further deepened with various innovative features and new services from Livin' and KOPRA. As such, Bank Mandiri remains optimistic that third-party funds will continue to grow optimally in 2024, driven by low-cost funds.

BOARD OF DIRECTORS REPORT

GOOD CORPORATE GOVERNANCE PRACTICES

Bank Mandiri has continually demonstrated its commitment to establishing Good Corporate Governance (GCG) as the foundation for performing business activities. To fulfil its duties and responsibilities and ensure compliance with all principles of best management practices to address dynamically evolving and challenging business conditions, the Board of Directors held 48 (forty-eight) meetings in 2023, consisting of 45 (forty-five) Board of Directors Meetings and 3 (three) Board of Directors Meetings Inviting the Board of Commissioners.

In line with the latest developments in governance concepts, in addition to prioritizing the principles of TARIF, which are Transparency, Accountability, Responsibility, Independence, and Fairness, Bank Mandiri has also begun to implement the four pillars of Governance as outlined in the General Guidelines for Indonesian Corporate Governance (PUGKI) 2021, which have been updated by the National Committee on Governance Policy (KNKG). These four pillars are Ethical Conduct, Accountability, Transparency, and Sustainability. These governance pillars are aligned with the concept of integrated governance implementation, which combines quality corporate management with the achievement of sustainability goals. In order to continuously improve the quality of governance implementation, Bank Mandiri also regularly conducts self-assessments both individually and integrated, which are reviewed from the aspects of Governance Structure, Governance Process, and Governance Outcome.

To continue the process of improving the quality of governance implementation, Bank Mandiri actively participates in governance quality rankings conducted by External Parties to receive feedback on enhancing the Bank's governance quality. The External Party assessing the quality of Bank Mandiri's governance implementation is The Indonesian Institute for Corporate Governance (IICG), with reference to the Corporate Governance Perception Index (CGPI) assessment criteria and the ASEAN Capital Market Forum (ACMF) which releases the assessment results of the ASEAN Corporate Governance Scorecard (ACGS).

Bank Mandiri's GCG implementation quality has been improved in a structured manner and adopted the defined roadmap stages. The following were results of the implemented stages in 2023:

1. ACGS assessment, Bank Mandiri once again received the ASEAN Asset Class designation and was awarded "The Best Overall" at the 14th Indonesian Institute for Corporate Directorship (IICd) Corporate Governance Award 2023.
2. Bank Mandiri's participation in the Corporate Governance Perception Index (CGPI) program ranking conducted by The Indonesian Institute for Corporate Governance (IICG) successfully maintained "The Most Trusted" designation for the 17th consecutive time.
3. Three Bank Mandiri subsidiaries received "The Most Trusted" designation, four subsidiaries received the "Trusted" designation, and one sub-subsidiary received the "Trusted" designation in the Corporate Governance Perception Index (CGPI) ranking for 2022 held in 2023.

BOARD OF DIRECTORS REPORT

4. Bank Mandiri conducted self-assessments of Governance implementation individually based on POJK No. 17 of 2023 and SEOJK No. 13/POJK.03/2017 on the Implementation of Governance for Commercial Banks, which is conducted twice a year.
5. Bank Mandiri conducted self-assessments of Governance implementation in an integrated manner based on POJK No. 18/POJK.03/2014 and SEOJK No. 15/SEOJK.03/2015 on the Implementation of Integrated Governance for Financial Conglomerates, which is conducted twice a year.

Soundness Ratings

Bank Mandiri conducted another self-assessment of the Bank's Soundness Rating (TKB) regarding the Bank's risks and performance, following the guidelines of OJK Regulation No. 4/POJK.03/2016 on the Assessment of the Soundness Rating of Commercial Banks, and based on a risk-based approach (Risk-Based Bank Rating). The final result is reflected in the Composite Rating (PK), which includes assessments of risk profile factors, GCG, earnings, and capital.

Bank Mandiri's TKB self-assessment as of 31 December 2023 yielded a Composite Rating 1 (PK-1). This demonstrates the Bank's overall very robust condition, demonstrating its excellent ability to withstand significant negative influences from changes in business conditions and other external factors. This is reflected in the generally excellent ratings for several assessment factors such as

risk profile, governance implementation, profits characteristics, and capital. If any weaknesses are discovered, they may usually be rectified during normal business activities.

Assessment for Committees of the Board of Directors

In carrying out its management duties, the Board of Directors is assisted by 11 Committees. The Board evaluated these Committees throughout 2023 and determined that they had effectively carried out their duties and responsibilities.

The Asset & Liability Committee (ALCO) was established to assist the Board of Directors in determining asset and liability management strategies, setting interest rates, maintaining liquidity, and other matters concerning the company's assets and liabilities. The Committee also monitors the Recovery Plan, which has enabled Bank Mandiri overcome the financial crisis following COVID-19. In 2023, ALCO held 3 meetings.

The Business Committee (BC) was established to assist the Board of Directors in setting integrated business management strategies, organizing products and/or company activities, as well as determining strategies and the effectiveness of marketing communication in Wholesale banking and Retail banking segments. To carry out its duties, the BC held 8 meetings in 2023.

BOARD OF DIRECTORS REPORT

The Capital & Subsidiaries Committee (CSC)

was established to assist the Board of Directors in managing the capital of Bank Mandiri and overseeing its subsidiaries. The CSC aids the Board by determining capital management strategies, recommending corporate actions, establishing strategies and managing subsidiaries, including capital injections, divestments, appointing directors and/or commissioners of subsidiaries, and remuneration for directors and/or commissioners of subsidiaries. To carry out its duties, the CSC held 25 meetings in 2023, both in-person and via circular.

The Human Capital Policy Committee (HCPC)

was established to assist the Board of Directors in setting human capital management strategy, developing and enhancing the organization, and determining the strategic direction for the development of the Human Capital Information System to ensure its effective implementation. In 2023, the HCPC held 4 meetings.

The Information Technology & Digital Banking Committee (ITDC)

was established to assist the Board of Directors in determining the portfolio of IT initiatives, allocating IT budgets, aligning IT Strategy & Execution Plan (ISP), and planning IT development. In 2023, the ITDC held 12 meetings.

The Integrated Risk Committee (IRC)

has performed effectively in assisting the Board of Directors in drafting, among others, the Integrated Risk Management policy and improving or refining the policy based on implementation evaluations results. In 2023, the performance evaluation basis of the IRC was achieved through 7 virtual meetings and 4 circular meetings.

The Policy & Procedure Committee (PPC)

was established to discuss and recommend to the Board of Directors in the formulation and/or adjustment/refinement of Bank Mandiri's policies and to establish corporate procedures, as well as to discuss and decide on the delegation of authority to corporate officers (ex-officio). The duties were carried out

effectively through 49 PPC meetings in 2023.

The Risk Management & Credit Policy Committee (RMPC)

was established in two categories. Category A is responsible for identifying, measuring, and monitoring risks, setting risk management policies and strategies. Category B is responsible for formulating credit policies, overseeing the implementation of credit policies, monitoring the development and condition of the credit portfolio, and providing recommendations for improvement. The RMPC has successfully carried out its duties, by providing the recommendations and advice through 12 virtual meetings and 9 circular meetings held in 2023.

The Transformation Committee (TFC)

was established to assist the Board of Directors in monitoring and determining the Bank's transformation needs. In 2023, the TFC held 2 meetings, while discussions regarding business transformation were also held 15 times in the Board of Directors meetings.

The Credit Committee (RKK)

has the duty to assist the Board of Directors in deciding on lending (new, additional, reduction, and/or extension) managed by Business Units according to their authorized limits, including the determination/change of loan structure. In 2023, the RKK successfully carried out its duties through the decision-making on loan termination of 3,219 decisions, comprising 541 decisions in the Corporate segment, 2,366 decisions in the Commercial segment, 76 decisions in the Financial Institution segment, 42 decisions in the Institutional segment, and 194 decisions in the SAM segment.

The Social & Environmental Responsibility Committee (SERC)

was established to assist the Board of Directors in mapping and formulating the TJSL Program. The SERC has successfully executed its duties by providing recommendations regarding the TJSL Program, based on the outcomes of 2 meetings held in 2023.)

BOARD OF DIRECTORS REPORT

CHANGES OF THE BOARD OF DIRECTORS COMPOSITION

The Board of Directors' composition has changed in 2023. By the decision of the Annual General Meeting of Shareholders on 14 March 2023, Eka Fitria was appointed as Director of Treasury and International Banking, succeeding Panji Irawan. Thereby, the composition of the Board of Directors as of 31 December 2023, is as follows:

Name	Position	Appointment References	Effective Date
Darmawan Junaidi*	President Director	Annual GMS dated 10 March 2022	23 December 2020
Alexandra Askandar*	Vice President Director	Annual GMS dated 14 March 2023	23 December 2020
Ahmad Siddik* Badruddin	Director of Risk Management	Annual GMS dated 19 February 2020	25 June 2015
Agus Dwi Handaya*	Director of Compliance and HR	Annual GMS dated 14 March 2023	12 September 2018
Riduan*	Director of Commercial Banking	Annual GMS dated 14 March 2023	15 May 2019

Susana Indah K. Indriarti	Director of Corporate Banking	Extraordinary GMS dated 21 October 2020	24 August 2020
Rohan Hafas	Director of Institutional Relations	Extraordinary GMS dated 21 October 2020	23 December 2020
Sigit Prastowo	Director of Finance and Strategy	Extraordinary GMS dated 21 October 2020	23 December 2020
Timothy Utama	Director of Information Technology	Annual GMS dated 15 March 2021	24 Mei 2021
Eka Fitria **	Director of Treasury and International Banking	Annual GMS dated 14 March 2023	21 Agustus 2023

*J Serves as Member of the Board of Directors for the Second Term.

**J Appointed as Director at the Annual GMS dated 14 March 2023.

ENVIRONMENT, SOCIAL AND GOVERNANCE (ESG) MANAGEMENT

Bank Mandiri continues to demonstrate its consistency in upholding and implementing sustainable financial principles through the vision of "Becoming Indonesia's Sustainability Champion for a Better Future" by establishing sustainability strategies based on three pillars: sustainable banking, sustainable operations, and sustainability beyond banking, including the sustainability framework for 2024-2028.

Bank Mandiri's sustainability framework outlines strategic initiatives to lead Indonesia's transition to a low-carbon economy, achieve Net Zero Emissions from operational activities by 2030, and catalyze various growth opportunities that provide optimal social benefits in pursuit of the Sustainable Development Goals.

In the Sustainable Banking pillar, Bank Mandiri has developed and implemented loan policies that integrate Environmental, Social, and Governance (ESG) aspects into sectoral loan policies for business activities with relatively higher environmental and social risks. In 2023, Bank Mandiri reviewed and integrated sectoral loan policies for six new sectors: pulp & paper, telecommunications, transportation, other transportation

BOARD OF DIRECTORS REPORT

equipment industry (shipbuilding), pharmaceuticals & healthcare services, and oil and gas. These policies were also incorporated into the Industry Acceptance Criteria (IAC) technical guidelines.

As a manifestation of implementing these ESG policies, by the end of 2023, Bank Mandiri had disbursed sustainable financing amounting to Rp264 trillion, marking a 15.4% yoy growth. The green financing portion reached Rp129 trillion, while social financing reached Rp135 trillion. The achievement in sustainable financing was driven by a 58.2% yoy growth in the renewable energy sector, aligning with Indonesia's plans for energy transition.

Bank Mandiri's strategy in realizing the implementation of sustainable finance involves active collaboration with customers, industry practitioners, and regulators. In 2023, Bank Mandiri established an ESG Desk as an extension of the wholesale segment, focusing on understanding customer needs through advisory solutions in ESG Framework development. The Bank also provides innovative financial solutions, including Green Loans, Sustainability-Linked Loans, and Corporate-in-Transition Financing. On fund raising, Bank Mandiri has issued various financial instruments, including Green Bonds Phase I amounting to Rp5 trillion, ESG Repo totaling US\$500 million, and sustainability bonds worth US\$300 million.

In the second pillar, Sustainable Operation, Bank Mandiri focuses on eco-friendly operational initiatives, gender diversity in the workplace, and strengthening data security and privacy. Regarding eco-friendly operations, Bank Mandiri has targeted Net Zero Emission by 2030 through the installation of 727 solar panels, the use of 136 Battery-Based Electric Motor Vehicles (BBEMVs) for operational transportation, the implementation of 241 smart branches using 100% LED lighting, digitalization of banking transactions to reduce carbon footprint, implementation of 4 eco-friendly buildings, and carbon offsetting initiatives through participation in the Indonesian carbon exchange by purchasing 3,027 Voluntary Carbon Units (VCUs) and Nature Based Solutions (NBS) through land conservation

and restoration efforts. These efforts have successfully reduced operational emissions by 6.7% yoy compared to the previous year or by 17.57% compared to the 2019 baseline.

In terms of gender equality implementation at Bank Mandiri through the "Broaden Gender Diversity and Equality" initiative, which is one of the focuses of the Sustainable Operation pillar, Bank Mandiri provides equal opportunities for career development to all employees regardless of gender, ethnicity, religion, or other factors, starting from the recruitment stage, career development, to salary, facilities, and other benefits. As of December 2023, the proportion of female employees reached 52%, while male employees reached 48%. At the manager level and above, female employees reached 46%, while at the commissioner and director levels, they reached 22%. The achievement of a heterogeneous work environment is supported by programs to retain the best female talents, such as the Women Leadership Program, which develops personal and professional skills, offers equal remuneration at a 1:1 ratio between women and men, maternity and paternity leave, Mandiri Daycare to support employees' roles as parents at the office, and the Respectful Workplace Policy (RWP), which does not tolerate discrimination, sexual harassment, and violence in the workplace. The implementation of RWP is monitored by the Board of Commissioners as part of its oversight function and reported every semester to the Minister of State-Owned Enterprises. Through initiatives in Human Capital, Bank Mandiri aims to be synonymous with being the best talent pool and leader in Indonesia.

Moreover, on security and data privacy, Bank Mandiri recognizes the importance of information security as a driver in the digitization process and adoption of technology, with the goal of providing convenient and secure banking services to customers. This is realized through the enhancement of digital business processes while upholding the security of customer data. These efforts are achieved through policy updates and the implementation of current data protection practices to ensure maximum protection of customer data, with efforts to minimize the risk of

BOARD OF DIRECTORS REPORT

data breaches. As a concrete step to ensure the security and integrity of customer data, a series of digital transformations have adopted international/ISO certifications, including ISO 27001:2013, ISO 9001:2015, ISO 20000-1:2018, ISO 37001:2016, and ISO/IEC 17025:2017. The results of these measures include obtaining a Top Score in the Information Security Index by BSSN and the Indonesia Industry 4.0 Readiness Index.

The Sustainability Beyond Banking pillar is implemented to catalyze various growth potentials to provide optimal social impact in support of achieving the Sustainable Development Goals (SDGs). Bank Mandiri is committed to making a positive impact on society through financial inclusion initiatives and our corporate social responsibility. We have disbursed Rp62.3 trillion in People's Business Loans (KUR) to more than 2.88 million micro borrowers and established 130,100 Mandiri Agents, resulting in the opening of more than 2.8 million accounts. Additionally, we have provided training for more productive, effective agriculture and premium pricing to over 12,552 farmers (a 14.1% increase yoy), as well as other financial inclusion and CSR programs. In this pillar, Bank Mandiri strives to enhance access to financial services for the community, particularly those classified as priority groups designated by the government, empowering MSMEs through Digipreneurship.

To promote effective implementation of sustainable finance performance, Bank Mandiri has taken strategic steps by establishing a dedicated group called the ESG (Environmental, Social, and Governance) Group, which operates under the coordination of the Vice President Director. This decision reflects the Bank's strong commitment to integrating ESG principles into all operational aspects and decision-making processes.

SOCIAL & ENVIRONMENTAL RESPONSIBILITY

Bank Mandiri carries out Social and Environmental Responsibility (TJSL) programs as a demonstration of its commitment to achieving various Sustainable Development Goals. The implementation of TJSL programs is a tangible expression of Bank Mandiri's accountability to all stakeholders. Bank Mandiri's deployment of these programs illustrates that current business development is focused on harmonizing performance across economic, social, and environmental aspects.

Bank Mandiri adopts four principles in carrying out its TJSL programs to achieve performance in line with priorities and work plans. The principles are: Integrated; Directed; Measurable; and Emphasizing accountability. The strategic initiatives of Bank Mandiri's TJSL programs are formulated based on four main pillars, namely social, environmental, economic, and legal and governance, in line with the Regulation of the Minister of State-Owned Enterprises No. PER-01/MBU/03/2023 on the Social and Environmental Responsibility Program of State-Owned Enterprises.

Bank Mandiri set a target of Rp150 billion to foster the implementation of TJSL programs in 2023, focusing on the social, economic, environmental, and legal and governance pillars. The actual funds disbursed for TJSL programs until the end of 2023 was Rp174.6 billion, an increase of 16.4% from the allocated target of Rp150 billion. This allocation breakdown includes Rp74.0 billion or 42.4% for social programs, Rp70.4 billion or 40.3% for economic programs, Rp23.3 billion or 13.3% for environmental programs, and Rp6.9 billion or 4% for legal and governance programs.

Overall, Bank Mandiri implemented a total of 961 programs across the four TJSL pillars, which include 426 programs in the Social pillar, 280 programs in the Economic pillar, 232 programs in the Environmental pillar, and 23 programs in the Legal and Governance pillar.

BOARD OF DIRECTORS REPORT

APPRECIATION

Representing the Board of Directors of Bank Mandiri, we would like to express our gratitude to the Board of Commissioners for their guidance, direction, and oversight, to our shareholders and customers for their significant trust, which enabled Bank Mandiri to sustain significant growth and achieve outstanding operational and financial performance in a year marked by uncertainty and dynamics. We also extend our appreciation to regulators and other stakeholders for their support and collaboration throughout 2023.

Last but not least, we extend our appreciation to all employees for their dedication and hard work, which have enabled Bank Mandiri to continue to grow and successfully realize the vision and mission we uphold together. Let us make this outstanding performance in the current year the foundation for even greater achievements in the years to come, ensuring that together we can realize Bank Mandiri's aspiration as "Indonesia's Sustainability Champion for a Better Future," leaving a legacy of prosperity and inspiring future generations to thrive even further.

In closing, to all our customers and business partners, we would like to express our heartfelt pride, on behalf of the entire Bank Mandiri family, in being able to serve and meet all of your expectations regarding financial products and services tailored to the dynamic developments in both business scale and lifestyle.

CORPORATE BRANDING

Terdepan, Terpercaya Tumbuh bersama Anda.

The brand identity of Bank Mandiri consists of symbol, fonts, colours and tagline. Each element is elaborated as follows:

mandiri

Logo with Lowercase Fonts

The use of lowercase letters signifies a friendly message towards all business segments of Bank Mandiri and features a profound commitment to serve all customers courteously (customer centric).

Dark Blue Coloured Font

Symbolizes sense of comfort, calm, soothing, noble heritage, stability, serious (respect) and resistance to challenges (reliable). It symbolizes professionalism, strong foundation, loyal, trustworthy and high honour.

Leading, Trustworthy, Grow with You

Philosophy of the Tagline

"Leading, Trustworthy, Grow with You"

The word "Leading" symbolizes hard work and professionalism to place Bank Mandiri at the forefront. The word "**Trusted**" symbolizes the integrity of the transparency conduct to place Bank Mandiri as a trusted banking institution. The word "Grow with You" symbolizes customer focus and dedication from all Bank Mandiri personnel to grow with the Nation.

Golden Yellow

Precious metal colour that indicates grandeur, glory, prosperity and wealth. Symbolizes activeness, creativity, festivity, friendliness, fun and comfort.

Liquid Gold Wave

Symbolizes financial wealth in Asia that puts forward the nature of agility, progressive, forward looking, excellence, flexible, and resilient in addressing future challenges.

COMPANY AT A GLANCE

PT Bank Mandiri (Persero) Tbk. hereinafter referred to as Bank Mandiri was established on 2 October 1998 in the Republic of Indonesia under notary deed of Sutjipto, S.H., No. 10 in conjunction to Government regulation No. 75 Year 1998 dated 1 October 1998. The Deed of Establishment was ratified by the Minister of Justice of the Republic of Indonesia in Decree No.C2-16561.HT.01.01.Th.98 dated 2 October 1998, and was announced on the State Gazette of the Republic of Indonesia No. 97 dated 4 December 1998 and Supplement No. 6859.

COMPANY AT A GLANCE

Bank Mandiri was established through the merger of PT Bank Bumi Daya (Persero) (BBD), PT Bank Dagang Negara (Persero) (BDN), PT Bank Ekspor Impor Indonesia (Persero) (Exim Bank) and PT Bank Pembangunan Indonesia (Persero) (Bapindo) (hereinafter collectively referred to as Merged Bank). Pursuant to Clause 3 of the Articles of Association of Bank Mandiri, the scope of activities of Bank Mandiri is to conduct business in the banking sector in accordance with the prevailing laws and regulations. Bank Mandiri commenced its operations on 1 August 1999. The Bank's Parent Entity is the Government of the Republic of Indonesia through the Ministry of State-Owned Enterprises which is the Ministry within the Indonesian Government in charge of fostering state-owned enterprises.

The Articles of Association of Bank Mandiri have been amended several times, as lastly amended based on the Deed No. 12 dated 16 March 2023, made before Utiek R. Abdurachman, S.H., M.Kn., Notary in Jakarta. The amendments were made in relation to the stock split carried out by the Company and also adjustments to the provisions of the Indonesian Standard Business Field Classification (KBLI) Year 2020.

The amendment has been ratified by the Minister of Law and Human Rights of the Republic of Indonesia in accordance with the letter of receipt of notification No. AHU-AH.01.03-0041000 and decree No. AHU-0016584. AH.01.02.Tahun 2023 both dated 16 March 2023 and registered in the Company Register No. AHU-0054153. AH.01.11.Tahun 2023 dated 16 March 2023.

Information on Business Merger

At the end of February 1998, the Government of the Republic of Indonesia (hereinafter referred to as the Government) announced a plan to restructure the Merged Bank. In connection with the restructuring plan, the Government established Bank Mandiri in October 1998 by carrying out equity investment and transferring shares to the Merged Bank. The difference between the transfer price and book value of shares at restructuring period was not calculated due to impracticality. All losses incurred during the restructuring period were recognized in the Recapitalization Program.

The restructuring plan was designed to incorporate the Merged Banks' business into Bank Mandiri in July 1999 and Bank Mandiri's recapitalization. The

structurization of the Merged Bank into Bank Mandiri also includes:

- Restructuring of loan;
- Restructuring of non-credit assets;
- Rationalization of domestic and overseas branch offices;
- Rationalization of human resource.

Under the notarial deed made by Sutjipto, S.H., No. 100 dated 24 July 1999, the Merged Banks were legally incorporated into Bank Mandiri. The Deed of Merger was ratified by the Minister of Justice of the Republic of Indonesia under the Decree No. C-13.781. HT.01.04.TH.99 dated 29 July 1999 and approved by Bank Indonesia Governor under the Decree No. 1/9/KEP.GBI/1999, dated 29 July 1999. Such merger was deemed valid by the Head of Department of Industry and Trade of South Jakarta through Decree No. 09031827089 dated 31 July 1999 that was an effective date of the merger.

On the effective date of the merger:

- All assets and liabilities of the Merged Banks were transferred to Bank Mandiri as the Surviving Bank;
- All operations and business activities of the Merged Banks were transferred and operated by Bank Mandiri;
- Bank Mandiri received an additional paid-in capital at Rp1,000,000 (one million Rupiah) (full value) or equivalent to 1 (one) share of the remaining shares owned by the Government in each Merged Banks. On such effective date, the Merged Banks were legally dissolved without any liquidation process and Bank Mandiri as the Surviving Bank received all rights and liabilities of the Merged Banks.

Information on Name Change

In line with the brief history, Bank Mandiri has not changed its name since its inception to date. However, the Bank has made changes to its original status of a company from private company to a public company hence the Company name became PT Bank Mandiri (Persero) Tbk. The amendment was effective as of 19 April 2004 in accordance with the Decree of Senior Deputy Governor of Bank Indonesia No. 6/11/KEP.DGS/2004 dated 19 April 2004.

MILESTONES

2023

- Bank Mandiri realized a solid performance by achieving Third-Party Funds (TPF) of Rp1,242.15 trillion (bank only), grew 4.11% YoY. This achievement was driven by an increase in low-cost funds which reached 6.46% YoY (bank only) with the composition of low-cost funds of current account and saving account (CASA) reaching 79.40%, the highest since Bank Mandiri was established.
- Bank Mandiri held the mandiri ESG Festival by launching digital carbon insetting, the first pre-paid recycle card, and NZE Operational 2030 commitment.
- For 25 years, Bank Mandiri has consistently contributed to the people of Indonesia. Bank Mandiri's commitment to continue to provide the best service and performance has received appreciation from various parties, including LinkedIn Top Companies 2023 as the Best Place to Work to Develop a Career in Indonesia, Forbes World's Best Bank 2023 as the Number 1 State-Owned Bank in Indonesia, and AIBP Innovation Awards 2023 from the ASEAN Innovation Business Platform.

2017

Bank Mandiri began implementing the Corporate Plan Restart which was announced in September 2016. As a result, Bank Mandiri's annual net profit grew significantly by 49.5%.

2018

- Bank Mandiri implemented the new culture in early 2018. The application of new culture has enabled the Bank to reach 11th place out of 500 world's best companies in terms of work environment or "The World Best Employers 2018" by Forbes Magazine version.
- Bank Mandiri issued the Bank Mandiri Sustainable Bonds Phase III Year 2018 of Rp3 trillion. The Bank also issued Bank Mandiri Medium Term Notes I in 2018 with the total of Rp500 billion.

2019

Bank Mandiri issued Euro Medium Term Notes (EMTN) with a par value of USD750,000,000 (full amount) on the Singapore Exchange (SGX). This is the highest Global Bond transaction made by an Indonesian bank hitherto

2016

Bank Mandiri carried out several corporate actions such as the issuance of sustainability bonds, Asset Backed Securities in the form of Participation Letters (EBA-SP) and the total asset value of Rp1,000 trillion.

2015

The new chapter in Transformation Phase 3 to become "The Best Bank in ASEAN 2020." The Transformation **Phase 3** would bring Bank Mandiri to be regional players that is ready to compete in the ASEAN market to provide the best financial services for all customers and the community as well as to be the pride of Indonesia as the ASEAN best financial institution.

2014

Bank Mandiri successfully carried out the second phase of the transformation and prepared to implement Corporate Plan 2015-2020.

1824-1998

The establishment of Bank Mandiri began with the extensive journey of 4 (four) State-Owned Banks, namely Bank Ekspor Impor Indonesia, Bank Dagang Negara, Bank Bumi Daya, and Bank Pembangunan Indonesia.

1998

Established on 2 October 1998, Bank Mandiri was part of a banking restructuring program implemented by the Government of Indonesia.

1999

In July 1999, 4 (four) State-Owned Banks, Bank Ekspor Impor Indonesia, Bank Dagang Negara, Bank Bumi Daya, and Bank Pembangunan Indonesia were merged into one entity called Bank Mandiri.

2003

Bank Mandiri conducted the Initial Public Offering (IPO).

- Digital transformation continues to be carried out, this is done with the launch of the new Livin' Sukha 2.0 feature which provides a more interesting experience in accessing entertainment content and daily lifestyle transactions. As of October 2023, Livin' by Mandiri has been downloaded 34 million times, with its transaction value reaching Rp2,600 trillion or an increase of 36% year on year.
- Bank Mandiri also presents a new innovation Kopra beyond borders in meeting the needs of corporate customers abroad, to ensure convenience access to an integrated digital financial for the customer ecosystem. As of August 2023, a total of 677 transactions totaling Rp12.466 trillion have been managed by Bank Mandiri. Kopra by Mandiri's growth also increased 133% year-on-year (yoy) to 146,000 users within one year
- Bank Mandiri became the market leader in disbursing green financing of Rp115 trillion, up 9.5% year on year (YoY). This is a tangible form of the implementation of sustainable finance by Bank Mandiri, as well as a form of our commitment to support Indonesia's transition to net zero emission (NZE) by 2060 and the achievement of the United Nations Sustainable Development Goals (UN SDGs).

2020

Bank Mandiri issued Bank Mandiri Bonds II Phase I 2020 with a nominal value of Rp1,000,000.

- Launching of Livin'

- Launching of Kopra

- Issuance of Bank Mandiri first Sustainability Bond with a nominal value of USD300 million

2021

2022

- Bank Mandiri refined the Livin' by Mandiri application by launching the Livin' Sukha feature as a one-stop solution for all your lifestyle, which provides easy transactions in customers' daily lives.
- Bank Mandiri's share price reached an All-time high level of Rp 10,900 per share on 6 December 2022 and as of 30 December 2022 posted a growth of 41.3% YoY.
- Bank Mandiri has exercised equity investment addition to PT Bank Syariah Indonesia Tbk amounted to Rp2.8 trillion to support business and operations activities, as well as to foster Indonesia's sharia economy.
- Execution of the first Environmental, Social, and Governance (ESG) Repurchase Agreement (Repo) transaction in Indonesia with a nominal value of USD500

2012

Continued transformation in 2012 was carried out through Business Transformation, which focused on 3 (three) main areas, namely Wholesale Transaction, Retail Deposit and Payment and Retail Financing.

2011

- Bank Mandiri conducted a rights issue by issuing 2,336,838,591 shares at a price of Rp5,000 per share.
- The initial stage of the implementation of the Advanced Transformation of 2010-2014. Bank Mandiri had revitalized its vision of becoming the "most admired and progressive Indonesian Financial Institution".

2010

Bank Mandiri implemented Transformation Program Phase 2 "Outperform the Market" which focused on business expansion to ensure significant growth in various business segments and achieve the level of profitability that exceeds the market average target.

2005

Became a turning point period by launching Transformation **Phase 1** to 2010, to become the bank of excellent at the regional level (regional champion). Transformation was carried out with 4 (four) main strategies, which are cultural implementation, aggressive control of non-performing loans, improving business growth that exceeds market growth averages, and developing and managing alliance programs between directorates.

2006-2007

Bank Mandiri implemented the "Back on Track" Transformation Program as part of Transformation **Phase 1** which focused on reconstructing the fundamentals of Bank Mandiri.

2008-2009

Bank Mandiri implemented Transformation Program **Phase 2** "Outperform the Market" which focused on business expansion to ensure significant growth in various business segments and achieve the level of profitability that exceeds the market average target.

- Security Guarantee, with a certified system and implementation of authorization matrix approval for every transaction conducted through Kopra Value Chain.
- Real-time transaction and limit monitoring, ease access of transaction history, push notification, and report.
- Efficient and convenient service for invoice processing, payment initiation, and financing application accessible anywhere and anytime.

Kopra Value Chain provides two types of supply chain financing, namely:

- **Account Payable Financing**, a credit facility provided by Bank Mandiri to Debtor (as a Buyer) to ensure on time payment of Seller's invoice.
- **Account Receivable Financing**, a credit facility provided by Bank Mandiri to Debtor to accelerate Seller's invoice payment.

PRODUCTS AND SERVICES

TRADE FINANCE

Kopra Trade

Kopra Trade is a web-based online application that can be used by customers to submit trade and BG transactions, such as: issuing Letters of Credit (LC), Local Letters of Credit (SKBDN), Standby Letters of Credit (SBLC), Shipping Guarantees, and BG, including financing for trade transactions.

Customers who have trade or BG facilities can monitor total facilities, usage, and availability of the facilities in Kopra Trade. Customers will also receive reminders regarding transactions maturity date and track transactions status. Kopra Trade also provides document upload and save template features for ease and convenience of transactions.

Host to Host (H2H) Trade and Bank Guarantee

Bank Mandiri also offers H2H Trade and Bank Guarantee, which integrates customer's system with Bank Mandiri system to facilitate export, import, and Bank Guarantee transactions seamlessly.

Export

The company's liquidity is restrained due to export bills that have not been paid by importers or require additional liquidity because receiving soaring export orders is a variety of exporter issues that Bank Mandiri seeks to provide solutions for. Bank Mandiri provides integrated and complete export services at every stage of the transaction, from the process of realizing export orders, preparation of export documents, presentation of documents to accelerating the receipt of export results.

Bank Mandiri Trade Specialists spread throughout Indonesia can assist customers in carrying out international trade transactions using various payment methods, such as Letter of Credit (LC), Documentary Collection, and Open Account.

Moreover, Bank Mandiri can also provide financing for Customer export transactions starting from the stage prior to the delivery of export goods (pre-shipment financing) to the stage after the delivery of goods (post-shipment financing) by offering Pre-Export Financing and Export Money Order Takeover (PWE) solutions, both on the basis of LC and Non-LC (bill purchase).

Bank Mandiri's Export Services, including:

1. **Outward Documentary Collection**

Outward documentary collection is a document collection service without a customer's Letter of Credit to importers in export or domestic trade to obtain payment/acceptance.

2. **Letter of Credit**

Letter of Credit (LC) is the service of issuing an LC (a written agreement of the Bank that is irrevocable) or its amendment (if any) at the request of the customer in export or domestic trade, the content of which guarantees payment to the beneficiary on the basis of submission of documents in accordance with the terms and conditions of the LC or its changes. For the LC, Bank Mandiri has an LC notification service issued, forwarding LC, or amendment of LC-to-LC recipients (exporters/sellers).

3. **Letter of Credit Confirmation**

Bank Mandiri guarantees as the first payer of LC issued by other banks in accordance with the conditions that the LC documents are presented to the Bank and the documents are in compliance condition.

PRODUCTS AND SERVICES

Bank Mandiri's Export Financing includes:

1. Pre-Export Financing

Trade financing provided by the Bank to exporters in preparation for pre-shipment financing, either on an LC or Non-LC basis.

2. Export Money Order Takeover (Bill Purchase)

A short-term trade financing to accelerating the receipt of receivables for exporters in providing down payments with the right to collect (with recourse) on export money orders, both LC and non-LC transactions.

3. Forfaiting

A transaction of buying and selling bill rights between Bank Mandiri and Customers/Correspondent Banks based on futures trading documents at discounted prices without the right of regress.

Imports

In addition to requiring the allocation of working capital, import activities also require negotiations with exporters to agree on payment terms and payment methods that are appropriate for both parties.

Bank Mandiri provides an Import solution, where customers can purchase goods more securely, because payment will be made after the goods arrive at the port, or if the documents are in accordance with the requirements. In addition to facilitating the issuance of Letters of Credit (LC), Bank Mandiri also provides bridging payments for the purchase of imported goods and domestic trade. Bank Mandiri's import solution allows customers to be able to negotiate payment terms flexibly and maintain customer credibility with suppliers.

Bank Mandiri's Import Services include:

1. Inward Documentary Collection

Collecting documents related to the delivery of goods to the Customer, as an importer, in import or domestic trade according to the instructions of the sending bank for payment and/or acceptance.

2. Banker's Acceptance (Avalist) Inward Documentary Collection

The provision of acceptance/agreement of the Bank to pay term documents at maturity for inward documentary collection with the type of document submission, namely document against acceptance (D/A).

3. Issuance of Import Letter of Credit

A written agreement issued by Bank Mandiri and is irrevocable to suppliers abroad if the Supplier can present documents in accordance with the Letter of Credit issued.

4. Shipping Guarantee

Acceleration of the issuance of goods at the port without the presentation of shipping documents, based on the Guarantee issued by Bank Mandiri. This can reduce the risk of damage to goods and high demurrage costs.

Bank Mandiri's import financing includes:

1. Trust Receipt

Post-import/delivery trade financing of goods, which helps the Customer as a buyer, to pay the Customer's obligations for the payment of Letter of Credit (LC) and documentary collection.

2. Deferred Payment

Post-import financing product to cover the payment of the Customer's obligations for the Customer's open account or Letter of Credit (LC) issued by the Bank that is due.

PRODUCTS AND SERVICES

Domestic Trade

The vastness of Indonesia opens up great opportunities for trade between islands, between provinces, between cities in Indonesia. Transactions can be made using SKBDN (Domestic Documented Letter of Credit), or by Open Account. Similar to export and import transactions, Bank Mandiri also has solutions specifically for domestic trade transactions.

a. SKBDN as a solution for Bank Mandiri's Local Trade services

SKBDN is a written agreement of the Bank that is irrevocable or amended (if any) at the request of the Customer in domestic trade, where the content guarantees payment to the beneficiary on the basis of submitting documents in accordance with the terms and conditions of the SKBDN and its changes. The services provided start from the issuance of SKBDN to the forwarding of SKBDN.

b. Local trade financing solution

1. Account Receivable Financing

a) Receivables Financing

Trade financing by Bank Mandiri to Customers who act as sellers in preparation for the delivery of goods (purchase of raw materials, expenditure of production costs or preparation of delivery of other goods, and/or procurement of goods for resale) and acceleration of bill payments from buyers for the sale of goods/services for local trade transactions. Consists of Purchase Order Financing and Invoice Financing.

b) Takeover of Export Money Orders

Trade financing to accelerating the receipt of receivables for sellers on export money orders, both SKBDN and non-SKBDN transactions.

c) Forfaiting SKBDN

A transaction of buying and selling bill rights between Bank Mandiri and Customers/ Correspondent Banks based on futures trading documents at discounted prices without the right of regress.

2. Account Payable Financing

a) Trust Receipt

Post-import trade financing/delivery of goods that helps the Customer as a buyer, to cover the payment of the Customer's obligations for the payment of Letter of Credit (LC) and documentary collection.

b) Deferred Payment

Post-delivery financing products to cover the payment of Customer's obligations for the customer's open account or SKBDN issued by other banks.

Bank Guarantee

Bank Mandiri Bank Guarantee provides convenience transactions to customers. This service is the issuance of a guarantee issued by Bank Mandiri to guarantee the recipient of the guarantee (bowheer) if the guaranteed party does not fulfill the obligations to the recipient of the guarantee (bowheer) in accordance with the agreement/contract.

The advantages of issuing a Bank Guarantee include:

1. Issuance and confirmation online using Kopra Trade
2. Bank Guarantee issuing branches are located throughout Indonesia
3. Bonds can be picked up at different branches with the issuing branch of the Bank Guarantee
4. Same day service standards
5. Variety selection of covers
6. Scan QR Code for BG Confirmation

Not only does it offer various advantages, with the spirit of building the country and accelerating budget absorption, Bank Mandiri has a variety of programs that offer affordable collateral deposits. Moreover, Bank Mandiri has collaborated with the Ministry of Finance in an interconnection system to speed up the BG confirmation process in order to accelerate BG confirmation.

An investment product in foreign currency which is a combination of deposit product and FX option exchange sales transaction by the customers. At the beginning of the transaction, the customer determines the currency pair and the conversion of the exchange rate (strike price). On the maturity date, the customer will receive the investment proceeds in the original currency or the replacement currency. MDCI provides higher yields than conventional savings products. It has the characteristic of non- principal protected (non-protected deposit placement) as well.

- **Mandiri Market Linked Deposit (MMLD)**

An investment product in foreign currency which is a combination of deposit product and FX digital option. The interest rate of customer's deposit product will be converted to the digital option's variable rate. The customer will receive a yield that depends on the number of working days, where the movement of the exchange rate is within the agreed range. MMLD provides potentially higher yield than conventional saving products, and it has the characteristic of principal protected (protected deposit placement).

DIGITAL BANKING

Mandiri EDC

Electronic Data Capture (EDC) machine provisioning service available at shops/merchants that cooperate with Bank Mandiri. Mandiri EDC can facilitate the acceptance for the transactions of purchasing, payments, cash withdrawals and top-up of e-money using Mandiri Cards or other Banks electronically through the Domestic Network, International Payment Network, and the Bank Mandiri Network.

Mandiri ATM

Banking transaction services through ATM machines that facilitated customers to access their Mandiri Savings or Mandiri Current Accounts in making cash transactions, checking balances, transfers, payments and purchases using Mandiri Cards. Through the Domestic Network and International Payment Network, Mandiri ATM also served transactions with other bank cards.

Mandiri ATM Setor Tarik

One of ATM machine types for transactions such as cash deposits, cash withdrawals, inter banks transfer transactions, and payment/purchasing transactions for all Customers of Bank Mandiri that owned savings accounts. Other banking transaction services in the Mandiri ATM also can be accessed in the Mandiri ATM deposits-withdrawal machines.

Mandiri E-Commerce

Receiving services for Mandiri Card transactions and other banks at online stores / merchants that cooperated with Bank Mandiri. Mandiri e-commerce provided transaction convenience because payments were made in an integrated transaction flow without the need to access other banking channels. Customers could use Mandiri Cards or other banks through the International Payment Network.

PRODUCTS AND SERVICES

Mandiri Direct Debit

A frictionless and secure Mandiri Debit payment facility at e-commerce merchants by using a transaction ID in the form of a card number and expiry date and authorization using OTP in which authorization was carried out by the Bank itself as an issuing without involving the principal, and the OTP was sent by the Bank.

Mandiri QRIS

The QR Code transaction acceptance services at Bank Mandiri merchants with server-based electronic money and other sources. QR is standardized by Bank Indonesia thereby it enables an interoperability transaction with Livin' by Mandiri or other apps of the Bank and/or Non-Banks (fintech) registered and approved by Bank Indonesia. Mandiri QRIS provides cashless transactions convenience at merchants.

Mandiri Customer Service Machine (CS Machine)

Bank Mandiri's newest digital banking service complemented with biometric verification technology for cards replacement service (replacement of card types, replacement of damaged cards, and replacement of lost cards), including new account opening service. The customer can perform self-service transaction in the CS Machine with practical transactions (without completing the forms), fast, 24 hours service, and without the need to queue at branches.

Mandiri Application Programming Interface

Mandiri Application Programming Interface (API) provided easy access to banking products and services for players of the digital ecosystem integrated into the Partner application to take advantage of banking services conveniently and safely.

Digital Lending for Ecommerce and Fintech

Bank Mandiri was working with digital companies in Indonesia to provide working capital loans (non-revolving) to MSMEs registered as online sellers/merchants. The submission process was done online through the partner platform and sent to Bank Mandiri via API. Funds would be received in the customer's account after the loan was approved. In addition, for digital companies that did not yet have a platform for applying for financing, Bank Mandiri had an onboarding website that could process loan applications.

Digital Lending for Value Chain Business

It was a business financing product provided by Bank Mandiri to its customers who sold through the Digital Platform. Customers could withdraw the loan according to the desired nominal value repeatedly (revolving), as long as it had not reached the loan limit. The submission process was carried out online through a partner platform in collaboration with Bank Mandiri and sent to Bank Mandiri via API. Furthermore, customers could check the status of their loan application through the partner platform.

EMPLOYEES COMPETENCE DEVELOPMENT

To facilitate the enhancement of employee competencies for the purpose of attaining global competitiveness, Bank Mandiri has designed a number of ongoing talent development initiatives for employees in order to acquire outstanding human capital. Enhancing employee aptitude entails prioritizing the career development and competency development of employees.

Employee Career Development

Career development of Bank Mandiri employees is carried out through the Talent Management and Succession program based on the principle of fair opportunity, namely the existence of equal opportunities for every employee to grow and develop while still paying attention to the factors of Bank Mandiri's needs, job family of the intended position, ability, level of performance, value rating, talent group (talent classification), job title, and other

requirements. Talent management and succession are focused on developing employee talents to be ready to become successors who occupy critical positions within the Bank's management.

Talent management and succession have 5 elements in Mandirian Propeller which consist of Technical Capability (skill), Leadership Capability, Culture, Learning Agility and Purpose. The framework is used as a basis for talent development to ensure that these five aspects are carried out in a balanced and comprehensive manner.

A thorough explanation of HR development is presented in the Human Capital Chapter of this Annual Report.

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

Company Name	PT Bank Mandiri Taspen
Core Business	Banking Services
Company Profile	<p>PT Bank Mandiri Taspen (hereinafter referred to as Bank Mantap) was established in Denpasar on 3 November 1992, under the Deed of Establishment No. 4, made before Ida Bagus Alit Sudiatmika, S.H., a Notary in Denpasar, bearing the name of PT Bank Sinar Harapan Bali. The establishment was an upgrade of legal entity status, from previously an Indonesian Joint-Stock Company (Maskapai Andil Indonesia or MAI) into a Limited Liability Company (Perseroan Terbatas or PT). The deed of establishment was ratified by the Minister of Justice of the Republic of Indonesia under Decree No. C2-4581 HT.01.01 Th.93 dated 12 June 1993.</p> <p>On 3 May 2008, Bank Sinar was officially acquired by PT Bank Mandiri (Persero) Tbk in order to comply with the provisions of capital regulation as a commercial bank. The acquisition marked the beginning of Bank Mandiri's ownership of Bank Sinar and furthermore the management of Bank Sinar is carried out separately as a stand-alone bank with the status of Subsidiary focusing mainly on micro business and small business development.</p> <p>On 24 July 2015, the Financial Services Authority approved the change of name of PT Bank Sinar Harapan Bali into PT Bank Mandiri Taspen Pos and granted permission to conduct business activities under the name of Bank Mantap. The name change was accompanied by a license for logo change from Financial Services Authority on 31 July 2015. The changes of name and logo were announced to the public on 7 August 2015.</p> <p>On 9 October 2017, Bank Mandiri Taspen Pos held Extraordinary General Meeting of Shareholders (EGMS) that approved the change of shareholders composition into Bank Mandiri (59.44%), PT Taspen (40%), and individuals (0.56%). The EGMS also approved the change of company name from PT Bank Mandiri Taspen Pos to PT Bank Mandiri Taspen.</p> <p>On 16 December 2020, the Shareholders of Bank Mandiri Taspen signed the Circular decision to approved the changes of shareholders composition to become Bank Mandiri (51.098%), PT Taspen (48.437%) and individual shareholders (0.465%).</p>

Company Name	PT Mandiri Tunas Finance (MTF)
Core Business	Motor Vehicle and Multipurpose Financing Services
Company Profile	<p>The track record of PT Mandiri Tunas Finance, also known as the "Company" or "MTF", began in 1989 with the establishment of PT Tunas Financindo Corporation as stated in the deed of Limited Liability Company PT Tunas Financindo Corporation No. 262 dated 17 May 1989 which was made before Misahardi Wilamarta, S.H., Notary in Jakarta and was approved by the Minister of Justice and Human Rights of the Republic of Indonesia (formerly Minister of Justice of the Republic of Indonesia) in accordance with Decree No. C2-4868.HT.01.01.TH'89 dated 1 June 1989 and has been registered in the register book of the Central Jakarta District Court under No. 1206/1989 dated 21 June 1989 and has been published in the State Gazette of the Republic of Indonesia No. 57, dated 18 July 1989, Supplement No. 1369.</p> <p>On its early establishment, the Company was engaged in motor vehicle financing, which was initially aimed for consumers from the dealer network owned by the Tunas Ridean Group. In line with the growth of its business portfolio, PT Tunas Financindo Corporation changed its name in 2000 to PT Tunas Financindo Sarana based on the PT Tunas Financindo Corporation Limited Liability Company Deed Number 49, dated 18 August 2000 and was approved by the Minister of Law and Legislation of the Republic of Indonesia Number C-21195 HT.01.04. TH. 2000 dated 22 September 2000. And further made a name change in 2009 to PT Mandiri Tunas Finance based on the Deed of PT Tunas Financindo Sarana based on Number 181 dated 26 June 2009 and was approved by the Minister of Justice and Human Rights of the Republic of Indonesia Number AHU-40506. AH.01.02 Year 2009 dated 20 August 2009. From its initial establishment until 2009, the Company's share ownership was owned by PT Tunas Ridean Tbk, which was currently the largest independent automotive group with more than 100 branches across Indonesia.</p> <p>In 2009, the Company took strategic measures as part of business development to expand market reach and strengthen capital structure hence to optimize the potential to compete in the Indonesian automotive financing industry. The action taken was the acquisition of the Company by PT Bank Mandiri (Persero) Tbk as one of the State-Owned Enterprises in the banking sector with an extensive business network and expansive customer-base. PT Bank Mandiri (Persero) Tbk made an acquisition of 51.00% shares of the Tunas Ridean Group and changed the Company's name to PT Mandiri Tunas Finance which was followed by a change in the Company's logo. With the acquisition, the share percentage of PT Tunas Ridean Tbk stood at 49.00%.</p> <p>In the automotive financing segment, the Company provides financing for new cars, large motorbikes, commercial vehicles and heavy equipment. In following up the Financial Services Authority Regulation No. 35/POJK.05/2018 in lieu of the Financial Services Authority Regulation No. 07/POJK.05/2022 in order to create a resilient, contributive, inclusive financing industry and takes a role in maintaining a stable and sustainable financial system, the Company offers other financing types, among others, Investment, Working Capital and Multipurpose Financing.</p> <p>The Company provides easy, innovative and competitive financing facilities and solutions for consumers in helping to realize the dream of owning a new car, large motorbike, commercial vehicles and heavy equipment to support business activities, financing and leasing as well multipurpose by means of funding facilities for education, home renovation, weddings, traveling and health. The Company continues to prioritize service to consumers by providing convenience particularly the support of branch offices throughout Indonesia, quality human resources and adequate infrastructure facilities.</p>

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

Company Name	PT AXA Mandiri Financial Services (AXA Mandiri)
Core Business	Financial Planning Services through Insurance Products
Company Profile	<p>AXA Mandiri, which is engaged in the life insurance business, has obtained a business license in the life insurance business from the Directorate General of Financial Institutions through Decree No. KEP-605/KM.13/1991 dated December 4, 1991, which was granted to PT Asuransi Jiwa Staco Raharja, and then transferred to PT Asuransi Jiwa Mandiri through Decree of the Directorate General of Financial Institutions No. S-131/MK.6/2002 dated May 3, 2002. The transfer of the insurance business license was in line with the name change of PT Asuransi Jiwa Staco Mandiri to PT Asuransi Jiwa Mandiri and the entry of PT Bank Mandiri (Persero) Tbk as a shareholder. The name change was set forth in Notarial Deed No. 17, dated March 25, 2002, made before Notary Muhani Salim, S.H., Notary in Jakarta and approved by the Minister of Justice and Human Rights of the Republic of Indonesia in accordance with Decree No. C-07463 HT.01.04.TH.2002 dated April 30, 2002.</p> <p>Based on Notarial Deed of Aulia Taufani, S.H., Substitute Notary of Notary Sutjipto, S.H., No. 23 dated November 5, 2003, PT Asuransi Jiwa Mandiri changed its name to PT AXA Mandiri Financial Services after National Mutual International Pty. Limited as part of AXA Group officially became one of the Shareholders of PT AXA Mandiri Financial Services. This change was approved by the Minister of Law and Human Rights through Decree No. C-28747 HT.01.04.TH.2003 dated December 10, 2003 and announced in the official gazette of the Republic of Indonesia No. 64, Supplement No. 7728, dated August 10, 2004. Accordingly, on February 11, 2004, through Letter No. S-071/MK.6/2004, the Directorate General of Financial Institutions transferred the insurance business license issued since the establishment of PT Asuransi Jiwa Mandiri to PT AXA Mandiri Financial Services.</p> <p>On 20 August 2010, Bank Mandiri signed a sale and purchase agreement for the purchase of 2,027,844 shares or 2.00% of the issued and fully paid shares of NMI before the notary Dr. A. Partomuan Pohan, S.H., LL.M. The addition of ownership in AXA Mandiri had been approved by Bank Indonesia through its letter No. 12/71/DPB1/TPB1-1 dated 22 July 2010. Following the purchase, Bank Mandiri's ownership percentage in AXA Mandiri increased to 51.00%.</p> <p>AXA Mandiri underwent several changes including changes to the Articles of Association. One of the amendments to the Articles of Association was made to comply with the Limited Liability Company Law No. 40/2007, which had been ratified by the Notary Deed of Wahyu Nurani, S.H., No. 35 dated 29 July 2008 relating to Deed No. 8 dated 20 November 2008 which was approved by the Minister of Justice and Human Rights of the Republic of Indonesia through Decree No. AHU-08941.AH.01.02. year 2009 dated 23 March 2009.</p> <p>The latest amendment to the Articles of Association was ratified by the Notary Deed of Mala Mukti S.H., LL.M., No. 86 dated 26 July 2023 which has been accepted and registered in the Legal Entity Administration System of Ministry of Law and Human Rights of the Republic Indonesia based on Decree No. AHU-AH.01.03-0099062 dated 31 July 2023 and was approved by the Minister of Law and Human Rights of the Republic of Indonesia through Decree No. AHU-0044090.AH.01.02.TAHUN 2023 dated July 31, 2023.</p> <p>Changes in the composition of the Board of Directors and Board of Commissioners of AXA Mandiri have been authorized by Notarial Deed Mala Mukti S.H., LL.M. No. 79 dated October 25, 2023 which has been accepted and recorded in the Legal Entity Administration System of the Ministry of Law and Human Rights of the Republic of Indonesia based on Decree No. AHU-AH.01.09-0181862 dated November 06, 2023.</p>

SHARES LISTING CHRONOLOGY

A Dwiwarna Share owned by the Republic of Indonesia and is not transferable. The shares issued by Bank Mandiri consist of Series A Dwiwarna Shares and Common Shares on Series B. Name of Common Stock on behalf of Series B offered entirely consisting of divested shares of the Republic of Indonesia which give the holders equal and equal rights in all matters with Common Stock On behalf of other B Series, Bank Mandiri has been placed and fully paid.

Initial Public Offering

On 14 July 2003, Bank Mandiri conducted an Initial Public Offering (IPO) of 4,000,000,000 Ordinary Shares B Series with a par value of Rp500 (full amount) per share sold at Rp675 (full amount) per share. The IPO to the public was a divestment of 20.00% of Bank Mandiri's shares owned by the Government.

On 14 July 2003, 19,800,000,000 of Bank Mandiri's Ordinary Shares B Series have been listed on Jakarta and Surabaya Stock Exchanges based on the letter of approval from Jakarta Stock Exchange No. S-1187/BEJ.PSJ/07-2003 dated 8 July 2003 and Surabaya Stock Exchange No. JKT-028/LIST/BES/VII/2003 dated 10 July 2003.

Shareholding Divestment by the Government

On 11 March 2004, the Government divested an additional 10.00% ownership in Bank Mandiri or amounted to 2,000,000,000 Ordinary Shares B Series through private placements.

Limited Public Offering

To strengthen its capital structure, Bank Mandiri increased the issued and paid-up capital through Limited Public Offering (Rights Issue) with Pre-Emptive Rights. With regards to this Rights Issue, Bank Mandiri has submitted the first and second registration statements to Bapepam-LK on 26 December 2010 and 18 January 2011. Bapepam-LK under the

Chairman of Bapepam and LK's Letter No S-807/BL/2011 dated 27 January 2011 stated that the LPO registration with Bank Mandiri's Rights Issue has been effective and also obtained approval from the shareholders in accordance with the decision result of the Extraordinary GMS on 28 January 2011.

Bank Mandiri has issued 2,336,838,591 shares with pre-emptive rights with par value of Rp500 (full amount) per share determined on 25 January 2011 and trading period starting 14 February 2011 to 21 February 2011 with an offering price of Rp5,000 (full amount) per share.

The Government of the Republic of Indonesia as Bank Mandiri's majority shareholder did not exercise their right to acquire the Rights Issue, however transferred the shares to other public shareholders, hence the Government's shareholding percentage composition was reduced or diluted from 66.68% prior to the Rights Issue period to 60.00% following the implementation of the Rights Issue.

Implementation of the Stock Split

Pursuant to the resolutions of the Extraordinary GMS dated 21 August 2017 as set forth in the Deed No. 36 dated 24 August 2017, made before Ashoya Ratam SH, Mkn, the shareholders of Bank Mandiri, among others, approved the stock split of the Company from Rp500 (full amount) per share to Rp250 (full amount) per share hence the issued capital became 46,666,666,666 shares consisting of 1 share of Dwiwarna Series A and 46,666,666,665 shares of Series B. The implementation of the stock split was effective on 13 September 2017.

ECONOMIC OVERVIEW

Global economic prospects in 2023 continue to improve despite the pressures of the pandemic and the spread of Russia's war with Ukraine.

GLOBAL ECONOMIC ANALYSIS

Global economic prospects in 2023 continue to improve despite the pressures of the pandemic and the spread of Russia's war with Ukraine. However, the pace is anticipated to drop,

accompanied by growing disparities in economic growth among countries. The International Monetary Fund (IMF) estimates that the world economy will reach 3.1% in

2023, a decline from 3.5% in 2022. Meanwhile, the IMF projects that economic growth in the United States (US) and China would be 2.5% and 5.2%, respectively, in 2023.

Realization & Projection of GDP Growth of Several Major Trading Partner Countries of Indonesia (in percentage)

*) : Projection | Source: IMF World Economic Outlook January 2024, reworked.

Despite the bankruptcy of several banks with high exposure to the technology industry, the US economy will continue to develop strongly in 2023, fueled primarily by household consumption and a domestic-oriented service sector. Conversely, China's economic growth is expected to decrease in 2023 due to weaker consumption and a property sector crisis. Meanwhile, the European economy continues to experience stagflation in 2023. On the other hand, India and the ASEAN region proved to be somewhat resilient as bright spots, with relatively high economic growth compared to other regions, supported by recovering consumption and export performance.

In terms of global geopolitical risks, the pressure elevates in line with the Israeli and Hamas conflict in the second half of 2023, as well as the prolonged Russia-Ukraine war. These geopolitical risks certainly have the potential to significantly disrupt the pace of the global economy if the escalation continues. In addition, global geopolitical risks are also vulnerable to trigger an increase in world energy and food prices, which certainly add pressure to the global inflation rate.

GLOBAL ECONOMIC ANALYSIS

To curb inflation that remains above the medium-long term target for 2023, advanced countries responded by maintaining the implementation of higher for longer interest rate policies, including the Federal Funds Rate (FFR). The FFR rate as of December 2023 is at the level of 5.25% - 5.50%, an increase of 525 basis points (bps) from 0.25% in January 2022. The increase in global interest rates is expected to be followed by long-term tenors with an increase in yields on government bonds in developed countries, particularly the US (US Treasury). This condition certainly triggered foreign capital outflows from Emerging Markets to developed countries and encouraged significant strengthening of the US dollar against various world currencies.

In terms of global trade volume, the IMF forecasts 0.4% growth in 2023, which is lower than the 5.2% achieved in 2022. Meanwhile, the Global Manufacturing PMI, according to J.P. Morgan and S&P Global, continued to show a weakening trend at the beginning of the fourth quarter of 2023, struggling in the contraction zone (below 50.0), or decreased from 49.3 in November 2023 to 49.0 in December 2023. This is attributable in part to a weakening of international trade flows, which has an impact on the tightening of the employment market.

INDONESIA'S ECONOMIC ANALYSIS

Indonesia's economic development is recorded to keep growing strongly until the third quarter of 2023, demonstrating resilience to the influence of global propagation. The Central Statistics Agency (BPS) noted that Indonesia's economy grew 4.94% (yoy) until the third quarter of 2023. Economic growth was supported by most business areas, except Government Administration, Defense and Compulsory Social Security and Education Services which contracted by 6.23% and 2.07% respectively. Business fields that grew significantly were Transportation and Warehousing by 14.74% and followed by Other Services by 11.14%.

GDP GROWTH BY BUSINESS

GDP GROWTH BY SPENDING

Source: BPS

INDONESIA'S ECONOMIC ANALYSIS

Meanwhile, Bank Indonesia (BI) considers that Indonesia's economic growth in the third quarter of 2023 was driven by private consumption, including consumption among the younger generation, which is increasing in tandem with rising service sector consumption and high consumer confidence. Investment growth is also considered by BI to remain sound with the sustainability of the completion of National Strategic Projects (PSN). However, real growth of goods exports declined in line with weakening demand from major trading partner countries, particularly China, and falling commodity prices. Meanwhile, service exports continued to grow strongly in line with the increase in the number of foreign tourists.

In light of these developments, BI forecasts that Indonesia's economy will grow by 4.5% to 5.3% by the end of 2023. In the interim, the Indonesian government projects that the national economic growth will expand by 5.1% in 2023. According to the World Economic Outlook report published by the IMF in January 2024, it is anticipated that Indonesia's economy will grow by 5.00% in 2023.

GDP Nominal & GDP/Capita

Export & Import (USD Billion)

*) Projection; Source: IMF, BPS, & Kemendag.

BI forecasted that Indonesia's Balance of Payments (BOP) performance in 2023 continues to sustain external stability. The trade balance surplus remained to continue at USD3.3 billion in 2023 and support a healthy current account outlook with predictions in the range of a surplus of 0.4% to a deficit of 0.4% of GDP. Meanwhile, in terms of net inflows in the form of portfolio investment to domestic financial markets, the figure was also recorded to continue at USD5.4 billion at the end of 2023. Meanwhile, the position of reserve assets in Indonesia stood at USD146.38 billion in 2023, equivalent to financing 6.7 months of imports or 6.5 months of imports and servicing government external debt, which is above the international adequacy standard of around 3 months of imports

In relation to the development of the Rupiah exchange rate, the strong US dollar has caused pressure to weaken various currencies of other countries, including the Rupiah exchange rate. But towards the end of the year, global currencies turned stronger against the US dollar in line with the Federal Reserve's plan to lower its benchmark interest rate in 2024. In the December 2023 FOMC meeting, the Fed stated that it would cut its benchmark interest rate three times to 4.75% in 2024. Compared to the end of 2022, the US dollar exchange rate index against major currencies (DXY) in December 2023 was at the level of 101.3 or decreased by 2.14% (ytd). The decline in the DXY Index provides an opportunity for appreciation of major currencies, as can be seen

from the strengthening of the Euro currency which closed at 1.1037 or recorded an increase of 3.1% in 2023, the first appreciation since 2020. Similarly, the pound sterling currency which strengthened against the US dollar closed at 1.2730, or strengthened by 5.2% in 2023, its highest appreciation since 2017. The rupiah also closed up 1.1% (ytd) against the US dollar at a level of 15,397. Meanwhile, the policy mix adopted by BI will also be continued to maintain exchange rate stability and encourage capital flows into the market. Bank Indonesia has issued several new pro-market instruments such as Bank Indonesia Rupiah Securities (SRBI), Bank Indonesia Foreign Exchange Securities (SVBI), and Bank Indonesia Foreign Exchange Sukuk (SUVBI).

INDONESIA'S ECONOMIC ANALYSIS

Meanwhile, in terms of inflation, conditions are under control within the target range of $3.0 \pm 1\%$ in 2023. BPS records low inflation of 2.61% (yoy) with the Consumer Price Index (CPI) of 116.6 as of December 2023. Controlled inflation is a tangible result of monetary policy consistency to ensure inflation remains within the target corridor, government policy as a shock absorber of global turmoil, as well as close synergy in inflation control between Bank Indonesia and the Government (Central and Regional) in the Central and Regional Inflation Control Teams (TPIP and TPID) through strengthening the National Movement for Food Inflation Control (GNPIP) in various regions.

Annual Inflation Comparison

Source: BPS

Inflation in 2023 occurred due to an increase in prices indicated by an increase in all expenditure group indexes, namely the food, beverage and tobacco group by 6.18%; clothing and footwear group by 0.78%; housing, water, electricity and household fuel groups at 0.50%; household equipment, equipment and routine maintenance group at 1.57%; health group by 1.94%; transport group by 1.27%; information, communication and financial services group at 0.20%; leisure, sports and cultural groups at 1.69%; education group by 1.97%; food and beverage/restaurant supply group by 2.07%; and the personal care and other services group at 3.55%.

To maintain economic stability and growth in 2023, Bank Indonesia continued to strengthen monetary policy to mitigate the impact of global economic turmoil on rupiah stability. After maintaining the Bank Indonesia 7-Days Reverse Repo Rate (BI7DRRR) at 5.75% from the beginning to the third quarter of 2023, BI in October 2023 has raised BI7DRRR by 25bps to 6.00%, the Deposit Facility rate by 25bps to 5.25%, and the Lending Facility rate by 25bps to 6.75%. The hike is aimed at strengthening rupiah exchange rate stabilization policy against

the impact of increasing global uncertainty, as well as pre-emptive and forward-looking measures to mitigate the impact on imported inflation, hence inflation remains within the target corridor. In December 2023, BI changed the term BI7DRRR back to the BI Rate, but the amount will be maintained at 6.00% taking into account the latest economic conditions, especially with inflation still within target in the range of 2% - 4%.

BANKING INDUSTRY ANALYSIS

Key Financial Indicators of Indonesian Banking

Assets, Loans, & Third-Party Funds of Commercial Banks (Rp Trillion)

Source: Indonesian Banking Statistics November 2023 Financial Services Authority (assets data), BI, and KSSK.

The overall performance of the banking industry (commercial banks) continues to demonstrate positive developments, particularly in supporting the national economy in 2023, both in terms of financing (credit), raising funds, and earning profits. Commercial bank intermediation recorded growth of 10.38% (yoy) to Rp7,090 trillion in November 2023, with the highest growth occurring in working capital loans of 10.05% and 12.26% (yoy) respectively. This growth was supported by loose bank appetite and increasing demand for financing (credit) in line with good corporate performance. With this credit growth achievement, the Loan to Deposits Ratio (LDR) position of commercial banks increased to a level of 84.78% as of November 2023.

By sector, credit growth according to Bank Indonesia (BI) is primarily supported by the Business Services, Trade and Social Services sectors. Sharia financing also continued to increase to 14.12% (yoy) in November 2023. In the Micro, Small and Medium Enterprises (MSMEs) segment, credit growth reached 8.46% (yoy), supported by the Trade, Agriculture and Social Services sectors.

New loan disbursement in December 2023 is indicated to increase compared to November 2023

The results of the survey to banks indicate that the SBT on new loans disbursed in December 2023 was 73.3%, higher than 70.4% in the previous month. New loan disbursements in December 2023 were indicated to increase in almost all types of loans. The main factors influencing the expected increase in new loan disbursement are financing demand from customers, the prospect of future monetary and economic conditions, and the level of business competition from other banks. Meanwhile, new loan disbursement is expected to slow down for January 2024, affecting all categories of banks and all types of loans. The risk of lending as reflected in the ratio of Non-Performing Loans Gross (NPL gross) can be well controlled by commercial banks at a safe level, which was at 2.36% as of November 2023.

LDR (%)

NPL (%)

BANKING INDUSTRY ANALYSIS

The increase in financing (credit) also had a positive effect on increasing commercial banks' net profit or profit after tax which reached Rp222 trillion as of November 2023 or grew 18.15% (yoy) compared to the same period the previous year. Commercial banks' profitability is also reflected in, among others, the Return on Assets (ROA) and Net Interest Margin (NIM) ratios increasing to 2.76% and 4.93% respectively as of November 2023. In addition, the ratio of operating expenses to operating income (BOPO) also reduced to level 76.79% as of November 2023.

Profit After Tax
(Rp Trillion)

ROA (%)

NIM (%)

BOPO (%)

In terms of fund raising, commercial banks' Third-Party Funds (TPF) recorded an increase to Rp8,458 trillion in 2023, or grew 3.73% (yoy) compared to the same period the previous year which reached Rp8,154 trillion. Demand deposits were the largest contributor to third-party funds growth at 4.57% (yoy). Moderated deposit growth was partly due to increasing public consumption and increasing corporate investment needs after the lifting of the Covid-19 pandemic status, as well as other instruments that were better than banking products.

The liquidity in the banking industry as of the end of 2023 was generally at an adequate level with liquidity ratios well above the level of supervisory needs. The ratio of Liquid Instruments/Non-Core Deposits (AL/NCD) and Liquid Instruments/Deposits (AL/DPK) were 127.07% and 28.73%, respectively, remained well above the thresholds of 50% and 10% respectively.

Meanwhile, the Capital to Adequacy Ratio (CAR) position of banks (commercial banks) continued to improve to a high level of 27.69%. According to OJK, the CAR position is far above the average CAR of other countries which is below 20%. This indicates that prudential policies of national banks that remain conservative are very helpful in handling the global situation which remains overshadowed by uncertainty.

CAR (%)

ANALYSIS OF BANK MANDIRI'S POSITION IN THE BANKING INDUSTRY

In general, Bank Mandiri successfully sustained and enhanced its consolidated financial performance in 2023. The following table compares the growth of Bank Mandiri's consolidated financial performance against the banking industry (commercial banks).

Comparison of Bank Mandiri's Consolidated Financial Performance Growth (as of December 2023) compared to Banking Industry (Commercial Banks) as of November 2023 (yoy)

Performance	Banking Industry (Commercial Bank)	Bank Mandiri (Consolidated)
Assets	5.09%	9.12%
Loans	10.38%	16.29%

Loan to Deposit Ratio (LDR)	84.78%	86.75%

Source: OJK as of November 2023, Bank Mandiri Publication Report as of December 2023, and KKSK as of December 2023

With respect to financial ratios, Bank Mandiri's achievements until December 2023 remained generally improved compared to the banking industry (commercial banks). At 21.42%, Bank Mandiri's Capital Adequacy Ratio (CAR) remains in excess of the regulatory minimum requirements.

Bank Mandiri's asset quality also remained improved than that of the banking industry (commercial banks), reflected by its Gross NPL ratio of 1.02%, which is lower than the banking industry's Gross NPL ratio of 2.36%.

Furthermore, Bank Mandiri maintained a level of profitability that surpasses the achievements of the banking industry (commercial banks), reflected in Bank Mandiri's NIM and ROA ratios of 5.25% and 4.03%, respectively, higher than the NIM and ROA ratios of the banking industry of 4.83% and 2.72%.

Bank Mandiri has also managed to control more efficient operating expenses, particularly when compared to the banking industry (commercial banks). Bank Mandiri's Operating Expenses to Operating Income (BOPO) ratio stood at 51.88% much lower than the industry's BOPO of 76.80%.

CORPORATE STRATEGY

- Being the Prominent Wholesale Bank
- Driving Sound and Sustainable SME & Micro Segment Growth
- Being the Best Modern Digital Bank
- 3-3-1 Strategy

The preparation of the long-term strategy (Corporate Plan) for the 2020-2024 period refers to Presidential Regulation No. 18 of 2020 concerning the National Medium-Term Development Plan (RPJMN) for 2020-2024 and the SOEs Roadmap 2020-2024 which is outlined in five priority formulations of the Ministry of SOEs, as follows:

1. **Economic and Social Value for Indonesia**
Increase economic value added and social impact on the people and economy of Indonesia.
2. **Business Model Innovation**
Restructuring business models through ecosystem development, cooperation, consideration of stakeholder needs, and focus on core business.
3. **Technology Leadership**
Leading globally in strategic technologies and institutionalizing digital capabilities.
4. **Increased Investment**
Optimize asset value and create a robust investment ecosystem.
5. **Talent Development**
Educating and training the workforce, developing quality human resources (HR) for Indonesia, professionalizing governance and HR selection system.

Based on the Spirit of Prospering the Country, Bank Mandiri's Vision is To Be Your Preferred Financial Partner. To support the achievement of this vision, Bank Mandiri has a mission To Provide Reliable and Simple Digital Banking Solutions that Became a Part of Customer Life.

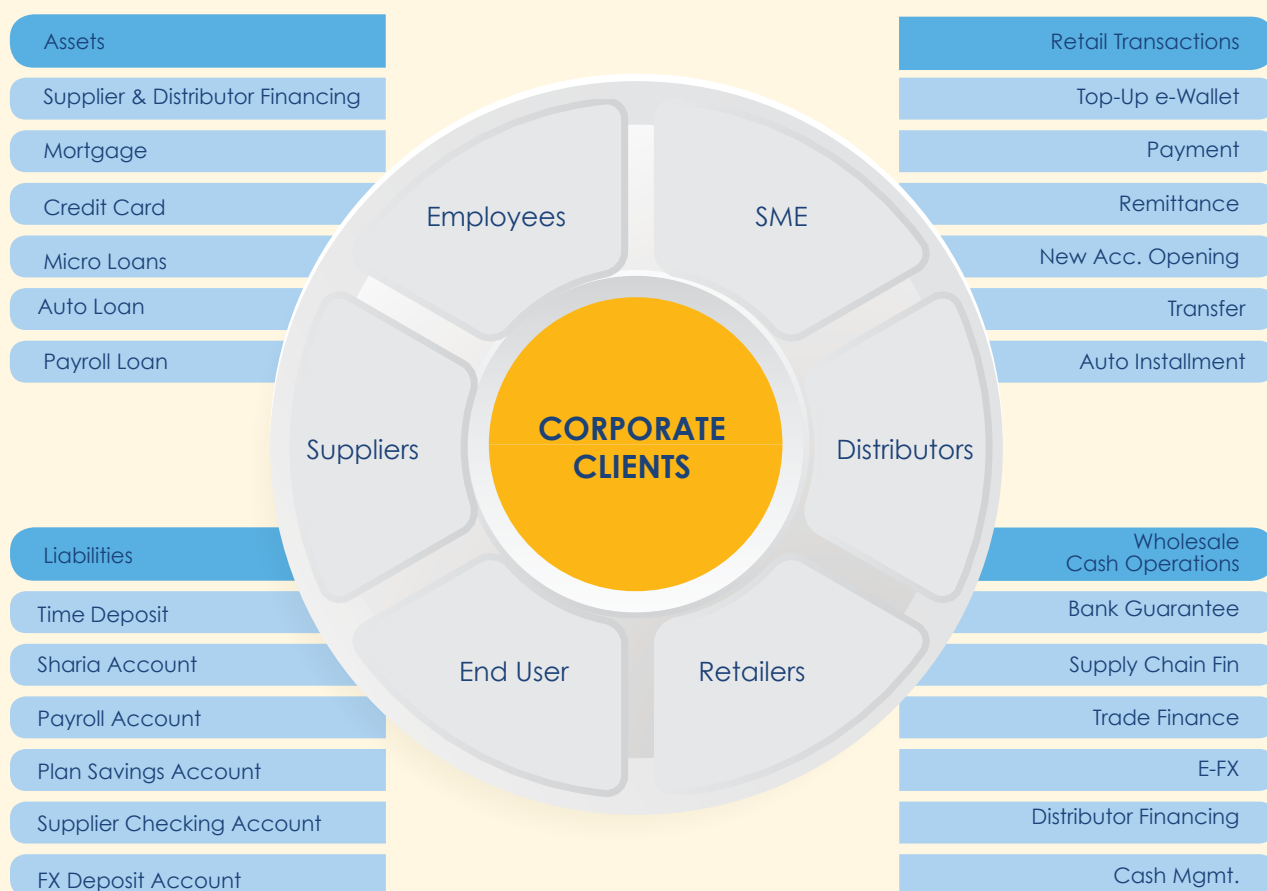

There are three main targets of Bank Mandiri in the focus of the Corporate Plan 2020-2024 strategy, as follows:

1. To be the Prominent Wholesale Bank, beyond lending, which is by leveraging Bank Mandiri's strength as a Wholesale bank to go beyond lending, by acquiring potential new revenue streams from customers through:
 - Provision of beyond lending solutions such as Structured Finance and Trade through collaboration with Bank Mandiri's subsidiaries, namely Mandiri Sekuritas and Foreign Office.
 - Improvement of transaction banking services, including cash management, forex, and trade.
 - Focus on anchor client penetration and progressive sectors.
 - Enhancement of the Relationship Manager (RM) capability to enable them to serve as financial advisors for Bank Mandiri customers of.
 - Strengthening the service capability of Wholesale Digital Super Platform KOPRA by Mandiri.
2. Promote sustainable SME & Micro Growth in the following ways:
 - Strengthening the SME network through strengthening the capabilities of the Sales Team and supporting tools.
 - Enhancing the effectiveness of data analytics usage through the Early Warning System (EWS).

CORPORATE STRATEGY

- Business process streamlining and value chain process improvement as well as the use of technology in the process of accelerating loan acquisition and analysis.
 - Improving branch capabilities through one-stop solution services for customers.
 - Mentoring micro customers to upgrade in class.
 - Improving the micro financing process.
 - Expanding partnerships with FinTech and utilizing branchless banking agents.
3. Being the Best Modern Digital Bank, with the following steps:
- Dominating the digital banking market share with a focus on the salaried-employee segment.
 - Increased penetration of payroll customers and growth of retail CASA through digital channels.
 - Development of a financial superstore app that is able to serve the needs of Bank Mandiri customers.
 - Strengthening partnerships with e-commerce in Indonesia.
 - Development of Bank Mandiri's digital application integrated in the back-end core system.
 - Increased digital service capabilities of retail banks.
 - Acceleration of transaction migration to digital channels and optimization of branch networks.

Extracting Business From Our Corporate Value Chain Ecosystem Through Digital Capabilities

CORPORATE STRATEGY

To ensure the achievement of business targets and main aspirations, Bank Mandiri has developed additional bank-wide strategic support mechanisms (enablers), including the following:

- Improving the ability of digital banking services both back-end and front-end to increase efficiency as shown by decreasing the level of efficiency ratio.
- Risk management alignment to balance growth and quality.
- Development of HR capabilities and corporate culture to support strategy achievement.

To be able to continue to drive sustainable growth and build a holistic customer ecosystem, Bank Mandiri also consistently implements the 3-3-1 strategy during 2023. This strategy departs from the need to improve Bank Mandiri's internal aspects in responding to increasingly intensive market challenges, as well as the strength of Bank Mandiri's identity as a wholesale bank with Unique All-Rounder Ecosystem Potential.

The direction of the strategy that optimizes 3 strengths, 3 focuses and 1 gesture is to accelerate the development of Digital Banking innovation in order to meet the dynamic financial service needs of customers. An overview of Bank Mandiri 3-3-1 strategy can be seen in the chart as follows:

BANK MANDIRI STRATEGI 3-3-1

FOCUS STRATEGY IN 2023

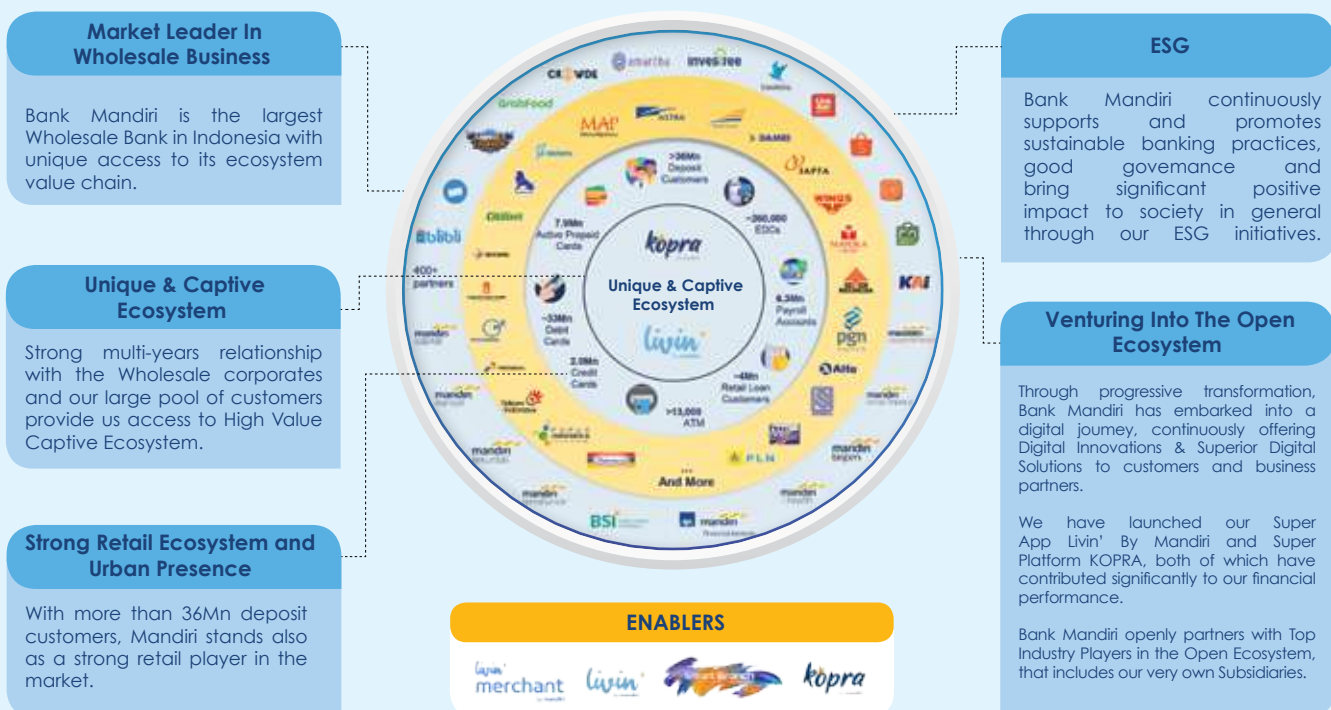

Bank Mandiri is committed to maintaining its sustainable performance growth throughout 2023, despite the prevailing uncertainty in the global economy. Hence, in 2023, Bank Mandiri fortifies and refines its strategy through the formulation of three main strategic objectives, thereby ensuring the achievement of this commitment.

The three main strategic focuses are to emphasize on optimal liquidity management and keeping the cost of funds to remain low, focus on continuing sustainable performance growth, and focus on accelerating digital initiatives progressively.

In implementing the first strategy, namely focusing on optimal liquidity management and keeping low cost of funds, Bank Mandiri carries out the following initiatives:

- Bolstering low-cost fund growth to ensure that the Current Account Saving Account (CASA) ratio remains strong and sustainable through transaction optimization and digital innovation for acquisitions and boosting customer transactional improvements;
- Optimizing derivative business growth opportunities from the wholesale customer ecosystem in a close-loop manner ranging from wholesale customers, distributors, suppliers, to payroll, one of which is by prioritizing the KOPRA platform, and working on the potential of regional-based superior businesses in expanding loans;
- Maintain competitive lending rates and deposits adjusted to market conditions;
- Maintain the Loan to Deposit Ratio (LDR) at an optimal level; and
- Maintain a healthy level of Capital Adequacy Ratio (CAR).

All-Rounder Ecosystem Bank Empowered By Digital Innovations

FOCUS STRATEGY IN 2023

As of December 2023, the realization of first strategy implementation by Bank Mandiri also delivered positive results. This is reflected in Bank Mandiri CASA market share (consolidated) of Commercial Banks CASA which continues to increase by 21.72% as of November 2023 from 21.21% in December 2022, with growth reaching 8.99% (yoy) or higher than Commercial Banks which on average only grew by 2.76% (yoy) as of November 2023. In addition, LDR was also relatively maintained and controlled at 88.24% as of December 2023, up from 80.19% in the same period the previous year. Meanwhile, CAR's position increased to 21.91% from the previous 19.65% in 2022 in line with Bank Mandiri net profit growth.

In the second strategy, which is to focus on continuing sustainable performance growth, Bank Mandiri carries out several initiatives, including:

- Bolstering an increase in the market share of loans and third-party funds (TPF), particularly low-cost funds, both in the Wholesale segment and in the Retail segment;
- Maintaining asset quality through credit quality monitoring discipline
- Maintaining Return on Equity (ROE) at a competitive level; and
- Implementing cost leadership effectively to keep JAWS positive in order to maximize profitability.

As of December 2023, the realization of the implementation of this second strategy has shown positive results for Bank Mandiri. This is reflected in, among others, Bank Mandiri loans growth which increased 16.29% year on year (yoy) driven by a value chain strategy and qualified digital capabilities, enabling Bank Mandiri loans market share of commercial bank loans also increased to 19.72% in December 2023 from 18.72% at the end of 2022. Further, the consolidated Non-Performing Loan gross (NPL gross) ratio decreased to 1.19% compared to the previous year's end of 1.92%, the

ROE (Avg Equity) position increased to 23.18% from 19.73% in 2022, and the ratio of Operating Expenses to Operating Income (BOPO) which could be suppressed to 58.13% from the previous 63.61% at the end of 2022.

Regarding the focus on progressively accelerating digital initiatives as the third main strategy, Bank Mandiri implements various initiatives, as follows:

- Expanding and strengthening the user base of Livin' and KOPRA with a focus on improving service to customers and entering beyond banking, namely lifestyle;
- Launching new features and business models that integrate with the ecosystem of top leading players such as SUKHA and Paylater; and
- Strengthening synergy with all subsidiaries.

As of December 2023, the implementation of this third strategy has also delivered significant results for Bank Mandiri, such as Livin' by Mandiri, which has been downloaded nearly 37 million times, and has managed more than 2.82 billion transactions, an increase of 45.0% yoy with a transaction value of Rp3,265.4 trillion or grew 34.10% yoy. Meanwhile, KOPRA by Mandiri has been used by more than 182 thousand users and has succeeded in increasing frequency by 19.4% yoy with a transaction value of more than Rp19.09.9 trillion.

To continue promoting digital transactions, Bank Mandiri has launched a number of the latest digital services in 2023 such as the presence of an entrepreneurial application that facilitates business customers, Livin' Merchant; a more attractive new look than Livin' Sukha; and KOPRA by Mandiri's latest feature titled KOPRA Beyond Borders which is intended to facilitate wholesale customers for overseas transactions.

Bank Mandiri's synergy with various subsidiaries is also getting closer and stronger, both in terms of providing various products and services, as well as in supporting Bank Mandiri's main business.

CONSISTENT DIGITAL TRANSFORMATION

Bank Mandiri, in the course of its digital transformation efforts in 2023, has established a digital banking road map that is continuously updated in response to evolving consumer demands. The roadmap comprises the subsequent five major sections:

1. **Levelling Up Digital Readiness**, as a basis for carrying out digital transformation, Bank Mandiri focuses on improving the reliability of IT System fundamentals, such as core banking improvement, business process re-engineering, provision of high-performance infrastructure and so forth.
2. **Developing Digital Native Products**, Bank Mandiri develops digital native service products through various innovations with customers as the focus. The development of digital native products is carried out to ensure that Bank Mandiri can provide end-to-end digital banking services.
3. **Modernizing Distribution Channels**, Bank Mandiri modernizes digital channels to improve customer experience both in terms of User Interface (UI) and User Experience (UX), as well as to answer various customer needs. Bank Mandiri undertakes this by continuing to develop Livin', KOPRA, and Smart Branch.
4. **Digital Ecosystem Expansion**, Bank Mandiri continues to increase collaboration with third parties or strategic partners in developing its digital ecosystem, as well as expanding access and digital ecosystem for customers. Thereby customers can directly access Bank Mandiri products and services on other channels.

Solidifying Our Wholesale Dominance Using Artificial Intelligence

5. **Data Driven Decision Making Process**, Bank Mandiri continues to optimize data utilization to drive business growth. Bank Mandiri achieves this, among others, by utilizing artificial intelligence, visual analytics, robust data management

governance and data analytics. Bank Mandiri undertakes this to support more accurate and sustainable business decision making, as well as deliver sustainable revenue sources.

Leverage Our Data Assets & AI-driven Technology To Generate Retail's Growth And Revenue

MAINTAINED ASSETS QUALITY

Bank Mandiri has implemented independent risk management and in compliance with standards of OJK, Bank Indonesia and best practices applied in international banking. Bank Mandiri applies the Enterprise Risk Management (ERM) concept as one of the comprehensive and integrated risk management strategies, and is tailored to Bank Mandiri's business and operational needs during 2023. The implementation of ERM will provide value added for Bank Mandiri and stakeholders.

Amidst uncertainty over global economic conditions during 2023, Bank Mandiri is able to consistently maintain asset quality. This is reflected in the gross bank only NPL position, which has decreased to a level of 1.02% as of December 2023. This position is strongly improved than December 2022 which was at the level of 1.88% or decreased by 86 basis points (bps).

Consolidated Total Covid-19 Restructured Loans

Bank Mandiri has established appropriate reserves to sustain asset quality throughout 2023. As of December 2023, Bank Mandiri has prepared sufficient reserves with the bank's NPL Coverage ratio reaching 384.36%, an increase from December 2022 position of 310.98%. Meanwhile, Bank Mandiri position of loan

restructuring affected by Covid-19 until December 2023, has decreased to Rp17.2 trillion, which is already much lower than December 2022 of Rp35.9 trillion, or decreased by -52.09% (yoy).

The decrease in loans restructuring impacted by Covid-19 due to repayments and installment

payments by debtors supported by their businesses has begun to return to normal. Discipline in implementing risk management has made Bank Mandiri succeed in reducing Cost of Credit (CoC) on a bank-only basis. From the previous 1.21% in December 2022, to strongly improve at 1.58% in December 2023.

STRATEGY TO INCREASE FEE BASED INCOME IN 2023

Bank Mandiri consolidated Fee Based Income amounted to Rp40.7 trillion, successfully grew 15.42% yoy. On a bank-only basis, Fee Based Income reached Rp32.5 trillion or managed to grow by 20.17% yoy. The growth of Fee Based Income was mainly driven by FBI recurring (bank only) which amounted to Rp14.2 trillion or grew 8.81% yoy, while FBI non-recurring reached Rp18.2 trillion or grew by 30.8% yoy. Bank Mandiri will continue to foster recurring fee-based growth by optimizing its channels.

Bank Mandiri digitalization has played a major role in the FBI's achievements in 2023. Livin' which serves Bank Mandiri retail customer transactions has recorded fee-based income of Rp2.2 trillion, grew 25.2% yoy compared to the same period previous year. This revenue growth is in line with the increasing number of customers and transaction volume on Livin'. Going forward, Livin' will continue to innovate to present a complete range of transaction conveniences, including customer journey in cross-border transactions and meet customer needs with various products, for a wider customer segment. In order to meet the lifestyle needs of customers, we present Livin' Sukha and Livin' paylater. As a form of our commitment to continue to promote the digitization of MSME communities, we have released the Livin' Merchant application which will digitize payment transactions at MSME merchants.

Meanwhile, Bank Mandiri's wholesale customer transactions through KOPRA managed to record fee-based income of Rp2.2 trillion or grew 8.01% yoy. This revenue growth is the result of the growth in the

value of KOPRA digital transactions which reached Rp19,099 trillion from more than 1 billion transactions. KOPRA offers various transaction conveniences supported by data analytics and adequate risk management.

Bank Mandiri also provides holistic treasury solutions for customers for investment, structured funding and hedging needs through product development and improving customer experience. Bank Mandiri strives to continuously increase trade product intensification for Bank Mandiri anchor customers in the Corporate and Commercial segments through the Value Chain Cluster. To increase revenue from BG trades, Bank Mandiri has intensified targeting the target market of existing customers with set-up limits for special transaction facilities and tariffs and by providing more efficient transaction solutions.

Going forward, Bank Mandiri continues to be committed to providing the best banking services to ensure transactional fee-based contributions to continue increase. The banking service is a combination of digital services and face-to-face services to improve customer experience in conducting banking activities at Bank Mandiri. For example, Bank Mandiri has adjusted its 241 office networks to Smart Branches that provide convenience for customers in conducting banking transactions with integrated service processes with Livin'. Bank Mandiri believes that the Smart Branch's features will provide customers with a banking experience that is fast, convenient, safe, and, certainly, transparent with the support of digital technology.

RESPONSE TO CHANGES IN THE DIRECTION OF MONETARY POLICY

The BI Board of Governors Meeting (RDG) continues to maintain the BI Rate at 6.00% as of December 2023 or the same as November 2023 at 6.00%. In line with the decision, BI also maintained the Deposit Facility rate at 5.25% and the Lending Facility rate at 6.75% as of December 2023. This decision remains consistent with rupiah exchange rate stabilization policy impacted by high global uncertainty as well as pre-emptive and forward-looking measures to mitigate the impact on imported inflation, thus controlling inflation within the target corridor of $3.0 \pm 1\%$ in 2023 and $2.5 \pm 1\%$ in 2024 to support sustainable economic growth. Loose macroprudential policy will continue to stimulate bank lending to businesses and households. Payment system digitalization acceleration will also continue to be encouraged to increase transaction volume and expand digital economy-finance inclusion, including digitalization of central and local government financial transactions.

Despite the benchmark interest rate starting to increase as of October 2023, Bank Mandiri prime lending rate (SBDK) as of December 2023 is set to remain the same as in December 2022, namely the base interest rate for corporate loans at 8.05%, retail loans at 8.30%, microloans at 11.30%, consumer loans at 7.30% and non-mortgage consumer loans at 8.80%.

Bank Indonesia			Bank Mandiri		
Benchmark interest rate	December 2023	December 2022	Basic Rupiah Lending Rate	November 2023	December 2022
BI7DRR	6.00%	5.50%	Corporation	8.05%	8.05%
Deposit Facility	5.25%	4.75%	Retail	8.30%	8.30%
Loan Facility	6.75%	6.25%	Micro	11.30%	11.30%
			Mortgage	7.30%	7.30%
			Non-Mortgage	8.80%	8.80%

Bank Indonesia continues to strengthen its monetary, macroprudential and payment system policy mix to maintain stability and support sustainable economic growth through the following efforts:

1. Rupiah exchange rate stabilization through intervention in the foreign exchange market in spot transactions, Domestic Non-Deliverable Forwards (DNDF), as well as purchases of Government Securities (SBN) in the secondary market.
2. Strengthening a "pro-market" monetary operations strategy for monetary policy effectiveness, including optimization of Bank Indonesia Rupiah Securities (SRBI) and Bank Indonesia Foreign Exchange Securities (SVBI), as well as issuance of Bank Indonesia Foreign Exchange Sukuk (SUVBI).
3. Strengthening prime lending rate (SBDK) transparency policy with a focus on lending rates per economic sector.
4. Accelerating payment system digitalization and expanding cooperation between countries to increase transaction volume and promote Digital Economy and Finance (ECD) inclusion, through:
 - Expansion of QRIS implementation by: (a) setting a QRIS usage target of 55 million users by 2024; (b) set a target of 2.5 billion QRIS transaction volume by 2024; and (c) strengthening the interstate QRIS implementation strategy to accelerate transaction acceptance.
 - Strengthening the implementation of the Indonesian Credit Card (KKI) Government Segment by developing the Online

RESPONSE TO CHANGES IN THE DIRECTION OF MONETARY POLICY

Payment feature KKI, as well as expanding socialization, coordination and more intensive monitoring.

5. Expansion of international cooperation with central banks and partner country authorities, particularly through cross-border QRIS and Local Currency Transactions (LCT), as well as facilitation of investment, trade and tourism promotion in priority sectors in collaboration with relevant institutions.

Policy coordination between Bank Indonesia and fiscal policy of the Government will continue to be enhanced to maintain macroeconomic stability

and support economic growth. Bank Indonesia has strengthened policy coordination with the Central Government, Regional Governments and strategic partners, including the National Movement to Control Food Inflation (GNPIP) program in various regions within the Central and Regional Inflation Control Teams (TPIP and TPID), as well as the Acceleration and Expansion of Digitalization of Central and Local Government Transactions (P2DD).

Policy synergy between Bank Indonesia and the Financial System Stability Committee has also been strengthened in order to maintain financial system stability and stimulate lending to the corporate sector, particularly in priority sectors.

FOCUS STRATEGY IN 2024

In 2024, Bank Mandiri's business strategy is focused on accelerating business growth in all potential sectors to achieve dominance in the banking industry. As such, in addressing challenges, opportunities, and business competition, Bank Mandiri has formulated 4 Focuses as a 2024 strategy which is a continuation of Bank Mandiri's series of strategy sharpening, as follows:

1. Accelerate growth in the wholesale segment to dominate the principal business and open new opportunities for other segments to optimize business potential in the derivative ecosystem.
2. Accelerate growth of the retail segment through an ecosystem-based value chain approach by effectively executing all derivative business potentials from the wholesale segment. In addition, the retail segment will also grow by paying attention to the leading sectors in each region by utilizing digital platforms as an expansion of acquisition channels.

3. Digital optimization of the platform to increase the transactional CASA base, to ensure the cost of funds to be kept at a low level. Digital platform optimization is carried out from the acquisition of new customers to the addition of excellent features to increase stickiness in order to increase Bank Mandiri's operational funds.
4. Increase synergy with all subsidiaries by aligning the strategy of the subsidiary against the strategy of the parent company. This is done through sharpening cross selling strategies and streamlining business processes by utilizing technology, as well as prudently carrying out the principles of risk management of the parent company.

These focuses are key to Bank Mandiri in continuing to achieve good performance to ensure sustainable business growth.

FOCUS STRATEGY IN 2024

Bank Mandiri's business strategy in 2024 in 4 Focuses can be further described as follows:

1. Maintain credit growth in 2024 by fostering principal growth in the long-term potential sector, resilient/defensive sectors, and sector expertise to continue to increase Bank Mandiri's market share and dominance.
2. Expand credit prudently by paying attention to the potential, capacity, and capability of each segment to capture all derivative business potential in the wholesale customer business ecosystem.
3. Maintain adequate liquidity through sustainable growth of low-cost funds to ensure in keeping low cost of funds through increased product holding, transaction optimization, and customer acquisition.
4. Optimizing Fee Based Income growth as a revenue driver by fostering recurring fee growth and increasing intensification of existing customers and focusing on top players in each industry group.
5. Maintain optimal level of Coverage Ratio & Cost of Credit to anticipate credit quality decline by maintaining coverage ratio.
6. Effective cost management by reducing cost of funds and maintaining cost of credit at a low level in order to achieve optimal returns.

BUSINESS PROSPECT

In 2024, the global economy will be dominated by a variety of challenges and uncertainties. The IMF predicts the global economy to weaken in 2024 compared to 2023. The IMF forecasts that the global economy would increase by 2.4% in 2024, down from the projected growth in 2023 of 3.0%.

The decline in global economic growth rate is driven by a number of factors, including the Chinese economy's tendency to decelerate due to weakening consumption and a property market crisis. This scenario may have an impact on Indonesia's export performance, given that China is one of its primary trading partners. Furthermore, the conflict between Israel and Hamas in the second half of 2023, as well as the ongoing Russia-Ukraine war, put strain on the global economy. If such geopolitical concerns persist, they have the ability to disrupt the global economy's pace and to cause increases in global oil and food prices, which will lead to an increase in inflation.

On the other hand, the global benchmark interest rate, which has increased throughout 2023, is predicted to begin to decline in 2024, which is also expected to be followed by a reduction in Bank Indonesia's benchmark interest rate. This will certainly have a positive impact on the Indonesian economy, specifically on increasing demand for bank loan.

Amidst global economic uncertainty, Indonesia's economy remains one of the resilient. Bank Indonesia predicts economic growth in Indonesia in 2024 in the 4.75%-5.5% range, supported by monetary policy that is accommodative to stability and growth. In 2024, consumption performance, both private and governmental, and investment are expected to continue to increase in line with strong public consumption patterns, the positive impact of the elections, and the sustainability of National Strategic Project (PSN) development.

BUSINESS PROSPECT

With maintained domestic economic stability, the increasing role of bank intermediation is also expected to continue. Loan disbursement will continue the positive trend with several driving sectors, such as the household sector, the trade sector, and the manufacturing industry sector. Deposit growth in the banking industry is also expected to grow healthily to ensure bank liquidity to be maintained at an adequate ratio.

Bank Mandiri is therefore optimistic that its performance will continue to grow sustainably in 2024. Bank Mandiri will perpetually refine its consistently implemented strategy. We will focus on maintaining dominance in the wholesale segment and growing through an ecosystem-based value chain approach, while encouraging digital platform optimization to strengthen the low-cost fund base, and encouraging all branch networks and subsidiaries to recognize the exceptional business opportunities in each region.

In addition, as a guideline in carrying out credit expansion, Bank Mandiri has a tool in the form of a Loan Portfolio Guideline (LPG) to identify prospective sectors with low risk. By growing according to LPG design, Bank Mandiri can expand credit while maintaining improved credit quality. Some sectors classified as prospective sectors include the Government sector, Food & Beverage Industry, Telecommunications, Energy & Water, Health Services, and processing industries related to the downstream mineral and coal program.

Seeing the increasingly massive digital development in the community, Bank Mandiri continues to optimize the collection of low-cost funds by utilizing multi-transaction digital services that offer transactional convenience and flexibility through Livin and KOPRA. Bank Mandiri's excellence in CASA collection continues to be deepened with various innovations, new features and services from Livin and KOPRA. With this, Bank Mandiri remains optimistic that deposits in 2024 can continue to grow optimally with low-cost funds as a growth driver.

Projections of Indonesia's Economy & Banking Industry in 2024

Description	IMF	World Bank	OECD	ADB	government	Bank Indonesia	OJK

MARKETING ASPECT

To meet the increasingly diverse customers' needs and aspires, Bank Mandiri has implemented business strategies both in the short and long term. Marketing strategy has become one aspect of Bank Mandiri's business strategy in reaching and serving customers with its excellent products and services, reaching the targets to be achieved, and strengthening Bank Mandiri's market share in the Indonesian banking industry.

MARKETING STRATEGY

Bank Mandiri continues to innovate in the development of financial products and services to respond to customer needs, both from the wholesale and retail segments. Bank Mandiri also focuses on the potential and opportunities that occur in the market, including monitoring market challenges and the development of digital technology.

Bank Mandiri products and services are developed based on a holistic marketing strategy, which not only increases customer awareness and knowledge of banking products and services, but also strengthens customer loyalty and fosters new customer acquisition by establishing a positive customer experience.

MARKETING ASPECT

A positive Customer Experience can be formed with several aspects of brand building including the following:

1. **Perceived Ease of Use**

Promoting the sense of being at ease in using Bank Mandiri products. This is supported by the ease of obtaining these products or services.

2. **Perceived Usefulness**

Promoting the features of Bank Mandiri's products and services that support the development of customers' financial needs anywhere and anytime.

3. **All-In-One Ecosystem**

With an all-rounder-ecosystem, Bank Mandiri comes with all services that are integrated with each other so as to support overall lifestyle and financial needs.

4. **Building Connection That Mandiri Elevate my Living Norm**

We are beyond banking. Bank Mandiri not only meets customers' financial needs, but also improves customers' living norms, as a sustainable bank and agent of development for Indonesia.

5. **Always Here For You!**

We grow together with our customers. Providing the best to customers will always be Bank Mandiri's top priority and identity. As such, Bank Mandiri hopes to always see customers develop and grow hand-in-hand.

Bank Mandiri considers the opportunity to expand and market digital banking services in Indonesia remain very large. Bank Mandiri optimizes marketing through attractive and relevant digital campaigns and promotions on various official Bank Mandiri

social media channels. As such, Bank Mandiri strives to optimize all existing communication channels for the effectiveness and efficiency of communication activities.

The use of conventional media as well as online or digital media is adjusted to each portion. The utilization of digital media (including social media, online publishers, search engine optimization, key opinion leader partnerships, messenger platforms such as WhatsApp, and so forth) reached 65%. Conventional media such as print ads on print media, advertisements on TV, radio, outdoor media, and other conventional media. Some of the social media used by Bank Mandiri including Instagram, Facebook, Twitter, Youtube, and TikTok contributed 35%.

Bank Mandiri also actively directs digital transformation by conducting digital collaboration and synergy with various partners to expand the digital ecosystem. This business transformation step is carried out to ensure that Bank Mandiri can continue to provide more value for customers in all segments and have a positive impact on the community's economy.

In 2023, Bank Mandiri received awards in the marketing sector, including the "Marketing Company of the Year" version of the Asia Marketing Federation (AMF) at the Asia Marketing Excellence Awards 2023 held in Bangkok, Thailand. This award is given to companies that are considered to have innovative, creative, and effective marketing strategies in facing market challenges in the Asian region. In addition, this award is also proof of Bank Mandiri's commitment to actively innovate and transform with a focus on meeting customer transaction needs.

MARKETING ASPECT

MARKET SHARES

As of December 2023, Bank Mandiri managed to strengthen its performance as reflected in the indicators of assets, loans, deposits, or CASA which were able to grow above the industry average. The growth of Bank Mandiri's four performance indicators have boosted respective market share of the industry to also increase, except for deposits. The following are graphs of Bank Mandiri assets, loans, third-party funds, and CASA market shares over the last three years:

Assets Market Shares

Loans Market Shares

Third-Party Funds Market Shares

CASA Market Shares

DAILY SHARES **GROWTH** YTD

BMRI Share Performance Versus JCI - YTD December 2023 Trend

Throughout 2023, Bank Mandiri's (BMRI) stock price performance also scored a brilliant performance and was marked by high market capitalization value growth on the stock exchange. BMRI's share price grew by 41.3% YtD where the market capitalization value managed to reach Rp564.67 trillion. Bank

Mandiri's share price performance is better when compared to the Jakarta Composite Index (JCI) which grew by 4.1%. We believe that this stock performance is a reflection of Bank Mandiri's business growth and performance during 2023 which is also complemented by a solid and targeted strategy.

BUSINESS REVIEW

Amidst the escalating global economic instability, Indonesia managed to sustain an annual growth rate of 4.94% until the third quarter of 2023. Strong household consumption and rising investment, coupled with the sustainable completion of National Strategic Projects, contribute to this growth.

BUSINESS REVIEW

Notwithstanding various uncertainties, several key indicators of the domestic economy continuously exhibit a positive trajectory, as reflected by the Purchasing Managers' Index (PMI) remaining at an expansive 52.2, the Retail Sales Index (RSI) attaining 217.9, consumer confidence maintained at an optimistic level with the Consumer Confidence Index (CCI) reaching 123.8, and the Mandiri Spending Index (MSI) reaching 220.8.

In line with Indonesia's economic growth, the bank intermediation function has demonstrated robust progress, as evidenced by the 10.38% yoy increase in national bank loans as of December 2023 and the 3.04% growth in deposits as of November 2023. As a result of credit growth outpacing deposit growth throughout 2023, the LDR of the national banking sector increased 518 basis points yoy to 84.78% as of November 2023.

Furthermore, Bank Mandiri achieved a noteworthy performance in 2023, which was in line with the robust Indonesia's economic conditions, followed by a comprehensive business transformation.

In 2023, Bank Mandiri generated a consolidated net profit of Rp55.06 trillion, or grew by 33.7% compared to the same period previous year. The increase in net profit was derived by the growth of excellent profit constituent components. Bank Mandiri's consolidated revenue in 2023 grew by 10.41% yoy, or Rp138.8 trillion, influenced by good growth in Net Interest Income which reached 8.45% yoy, or Rp98.0 trillion and non-interest income (Fee Based Income) at 15.4% yoy, or Rp40.7 trillion. This is also supported by Bank Mandiri's operational improvements with OPEX growth that can be maintained at a low level of 0.42% yoy. In addition, align with the continuously improving credit quality, allowance for impairment losses (CKPN) costs decreased by 35.40% yoy or Rp10.23 trillion. In line with the achievement of good performance in 2023, Bank Mandiri's consolidated ROE (Return on Equity) profitability ratio was 23.18%, or grew by 345bps yoy.

This good performance is a success of Bank Mandiri's commitment to continue to grow sustainably by synergizing Bank Mandiri's core strength as a Wholesale Bank and sharpening Bank Mandiri's strategy in 2023 through a strategy of 3 main focuses. This strategy has led Bank Mandiri to record various positive performance achievements, such as:

1. As of December 2023, Bank Mandiri's consolidated NIM is relatively stable at 5.48% with a low cost of funds of 1.91%. This achievement was mainly driven by the growth of low-cost funds which remained sustainable at 6.46% yoy with a CASA ratio on a bank-only basis reaching 79.40%. This aggressive CASA growth strengthens Bank Mandiri's position as the CASA market leader with a CASA market share of 18.39% as of November 2023.
2. Strengthening Bank Mandiri's core competence as a wholesale bank with a wholesale loan market share reaching 19.1% in October 2023, driven by wholesale loan growth of 19.21% yoy, or Rp727.7 trillion with a portion reaching 67% of total bank-wide loans.
3. Bank Mandiri's retail loans in 2023 grew aggressively by 11.1% yoy, above the industry average growth. This growth was mainly driven by the ecosystem-based growth strategy of wholesale customers' value chain as well as optimizing growth in leading sectors in the region.

In addition, Bank Mandiri's digital transformation efforts have delivered positive results, such as:

1. Livin by Mandiri has further strengthened into a financial super app with various banking features and complete beyond banking, where all the conveniences are contained in one application including:
 - a. Account opening from 120 countries with local SIM card, including rupiah account opening and 10 other foreign currencies such as USD, EUR, SGD, JPY, AUD, GBP, HKD, CHF, MYR and THB
 - b. In terms of loans, Livin presents credit card solutions ranging from applications, installments, to cash withdrawals.
 - c. Livin has a wide selection of investment products such as bonds and mutual funds through the Livin Investment feature.
 - d. Payment reminder feature as a form of synergy of digital solutions between KOPRA and Livin.
 - e. The All New Sukha feature, which carries the concept of a one stop solution for all your lifestyle, is equipped with three excellent features, namely SukhaTV, SukhaReels, and SukhaNews. Bank Mandiri as the first bank to have this feature.

In addition, as a form of Bank Mandiri's commitment to continue to foster digitalization of micro, small and medium enterprises (MSMEs), Bank Mandiri has launched the Livin' Merchant by Mandiri application which will digitize payment transactions at MSME merchants.

In more detail, by the end of 2023, Livin users have reached 22.5 million users with a growth of 44.6% yoy. In addition, livin transactions have also managed more than 2.82 billion transactions or an increase of 45.0% yoy with a transaction value of Rp3,265.4 trillion or grew 34.1% yoy.

2. KOPRA by Mandiri is a one stop financial platform to meet the needs of Bank Mandiri's corporate customers. KOPRA has supported the acquisition and improvement of business performance, particularly the wholesale segment. In 2023, KOPRA has been used by more than 182 thousand users and has succeeded in increasing transaction frequency by 19.4% yoy with a transaction value of more than Rp19,091 trillion.

BUSINESS REVIEW

KOPRA continues to innovate to provide relevant excellent features such as KOPRA Mobile biometric access, consolidated dashboard, integration of several features between Livin and KOPRA. Currently, KOPRA is available overseas to meet the needs of wholesale customers for cross-border transactions that are available in Singapore, Hong Kong, Shanghai and Dili Timor Leste.

3. 241 Smart Branches are present throughout Indonesia to provide fast, seamless, and paperless digital branch services. Smart branches are divided into 3 types, namely Digital Box, Hybrid Branch and Upgrade Branch, where each type of branch provides a different experience to meet customer needs

In 2023, Bank Mandiri set a record as the first bank in Indonesia to penetrate assets reaching Rp2,174.2 trillion, or grew by 9.12% year-on-year. The increase in assets was driven by consolidated credit growth of 16.29% yoy, or reached Rp1,398.1 trillion. Bank Mandiri's credit growth achievement remained above Industrial credit growth which reached 10.38% yoy in December 2023.

In detailed, Bank Mandiri recorded positive credit growth evenly in all segments. In terms of the wholesale segment, in 2023 Bank Mandiri disbursed loans of Rp727.7 trillion, or grew by 19.2% compared to the same period the previous year. This was driven by the performance of the corporate segment which managed to disburse loans of Rp409.9 trillion (+12.5% yoy), commercial segment Rp238.0 trillion (+21.2% yoy), institutional relations Rp72.7 trillion (+64.9% yoy) and treasury & international banking Rp7.2 trillion (+23.5% yoy). Meanwhile, in terms of the retail segment, Bank Mandiri posted loan disbursement of Rp358.1 trillion, or grew by 11.1% yoy. This growth was driven by the SME segment of Rp76.8 trillion (14.0% yoy), the micro segment of Rp167.9 trillion (10.4% yoy) and the consumer loan segment of Rp113.4 trillion (10.36% yoy).

In expanding credit, Bank Mandiri continues to prioritize the principle of prudence. This can be seen from Bank Mandiri's NPL ratio on a bank-only basis which continues to be maintained at a low

level, even reaching an all-time low position of 1.02% (-86bps) in December 2023, and has also prepared sufficient reserves with a bank-only NPL Coverage Ratio of 384.36%. Due to the discipline in the implementation of risk management, Bank Mandiri on a bank-only basis managed to reduce the cost of credit by 58bps to 0.63% as of December 2023. This figure is much better than the previous year's period which reached 1.21%.

Meanwhile, in terms of fund raising, Bank Mandiri recorded consolidated Third-Party Funds (TPF) of Rp1,577.0 trillion (+5.78% yoy). This growth was driven by low-cost funds, namely savings and current accounts which managed to reach 7.05% yoy, or Rp1,171.7 trillion. In terms of the wholesale segment, the corporate segment has raised funds of Rp299.8 trillion (-9.4% yoy), the commercial segment of Rp149.8 trillion (+7.8% yoy), the institutional relations segment of Rp97.9 trillion (+50.7% yoy), and the International Banking of Rp11.9 trillion (+18.6% yoy). Meanwhile, in terms of retail segment, the SME segment managed to raise funds of Rp266.9 trillion (+13.63% yoy), the micro segment of Rp52.9 trillion (14.0% yoy), and consumer deposits of Rp212.1 trillion (3.94% yoy).

Bank Mandiri's good performance is also inseparable from the contribution of the Subsidiaries' performance. On a consolidated basis, all subsidiaries booked a total net profit of Rp10,690 trillion, or grew by 26.21% yoy in December 2023, of which Rp5,691 trillion was Bank Mandiri's portion of ownership. Currently, Bank Mandiri has 10 subsidiaries and 1 associate entity engaged in sharia banking, insurance, consumer financing, remittance services, securities, banking and venture capital. Bank Mandiri continues to focus on increasing the contribution of the Subsidiaries, including supporting the capital aspects of the Subsidiaries for business expansion.

Bank Mandiri's positive performance in 2023 has received appreciation from the public and investors. This is reflected in the performance of Bank Mandiri's shares, which recorded the highest stock price in history, touching a price of Rp6,125 on 4 October 2023.

KEY HIGHLIGHTS

The increase in digital transactions and the growth of financial technology (fintech) and e-commerce companies are triggering digital innovation, particularly in the financial industry. This is a catalyst for conventional banks to compete for digital transformation to present various digital services and solutions.

As stated in the Corporate Plan 2022-2024, Bank Mandiri will continue to carry out digital transformation through a digital banking framework, starting from increasing Bank Mandiri's infrastructure capacity to support the surge in digital transactions, developing end-to-end digital products and services, and modernizing channels transactions by presenting Livin' by Mandiri for retail customers, KOPRA by Mandiri for wholesale customers, as well as branch digitalization through the Smart Branch initiative, expanding the digital ecosystem through collaboration with top digital players to utilizing the latest data and technology for business development.

DIGITAL BANKING

DIGITAL BANKING STRATEGY & INNOVATION IN 2023

In 2023, Bank Mandiri continued to be committed to improving the features in the superior products and services of the financial super app Livin' by Mandiri and the super platform KOPRA by Mandiri as part of its strategy to strengthen Bank Mandiri's digital banking.

The strategies implemented by Digital Banking in the Wholesale and Retail segment in 2023 are as follows:

Digital Banking – Wholesale Segment

During 2023, additional features and capabilities of KOPRA were available as follows:

- KOPRA LAJU (Money Transfer Service)
- KOPRA Host to Host Trade & Bank Guarantee
- Reserve for Branch Transaction
- Expansion of KOPRA by Mandiri implementation at the Foreign Office

Wholesale Segment Digital Banking Products and Services

The following digital banking products and services for Wholesale segment customers are existing e-channel products accompanied by a number of innovations and developments in accordance with the needs of Wholesale segment customers.

DIGITAL BANKING

**KOPRA by Mandiri**

Bank Mandiri continues to innovate following the latest digitalization developments to meet customer needs. One of them is by providing end-to-end solutions for the customer ecosystem and its value chain through the Wholesale Digital Super Platform KOPRA by Mandiri.

KOPRA by Mandiri, which has been launched since 2021, is a single access platform service to provide convenience for customers in accessing banking transaction needs ranging from Cash Management, Trade Finance, Supply Chain Management, Foreign Exchange, Custody to various other services through one platform. Not only that, in 2022, Bank Mandiri launched the KOPRA Mobile App to facilitate customers to access KOPRA by Mandiri anytime and anywhere.

In 2023, Bank Mandiri presents a new breakthrough as proof of its commitment to providing a seamless experience through KOPRA Beyond Borders. This innovation is available to address the needs of corporate customers in Indonesia and overseas for integrated digital financial services as an expansion of the customer's business ecosystem.

The presence of KOPRA Beyond Borders with the tagline 'Your Super Platform to The Future of Global Business' is part of the development of KOPRA by Mandiri, which carries the mission of improving customer user experience and digital journey by eliminating borders and becoming a liaison for corporate customers' transactions overseas in one consolidated portal, <https://koprabymandiri.com>.

DIGITAL BANKING

KOPRA Beyond Borders is equipped with excellent features, namely: Global Access and Consolidated Financial Dashboard to facilitate customers in monitoring their cash flow and financial transactions. With its various advantages, KOPRA by Mandiri is prepared to be a comprehensive Wholesale transaction solution of choice and customer trust.

Wholesale Digital Super Platform KOPRA by Mandiri has a major role in the overall growth of Bank Mandiri's Wholesale transactions. In 2023, various awards have also been received by Bank Mandiri due to the continuous innovation of KOPRA by Mandiri, including: Best Cash Management Bank in Indonesia and Best Digital Banking App in Indonesia: KOPRA by Mandiri from Alpha Southeast Asia, Best Trade Finance Bank in Indonesia from Global Business Outlook, Best Corporate Mobile Banking App from The Digital Banker, Cash Management as Market leader from Euromoney, Indonesia Domestic Cash Management Bank of the Year and Indonesia Trade Finance Bank of The Year from Asian Banking & Finance Award.

KOPRA consists of three variants, among which are:

1. KOPRA Portal: A front-end access-based digital service variant in the form of a single access portal.
2. KOPRA Host to Host: A variant of digital single access service based on integration between customer system and Bank system.
3. KOPRA Partnership: Solution for providing transactional services with specific added value for customers and their business ecosystem.

KOPRA by Mandiri has the following excellent features:

Remittance Tracking	Ease of tracking the status of fund transfers and the amount of fees charged at each intermediary bank for foreign currency remittance transactions made to other banks based on Bank Mandiri's transaction reference number.
Onboarding Suppliers	Online registration feature for suppliers to join the KOPRA by Mandiri ecosystem for principal customers.
Virtual Assistant	Easy access to communication with the bank through audio calls, video calls, and online chat in order to explain a product and submit complaints regarding the services of Bank Mandiri products registered with KOPRA by Mandiri
Consolidated Financial Dashboard	Feature to view financial information of customers. Some of the information displayed on this financial dashboard is as follows: <ol style="list-style-type: none"> a. Cash position: displays balance information and transaction history for all customer accounts either in Bank Mandiri or other Bank accounts b. Limit Information: displays limit trade, guarantee, and value chain information. c. Custody: displays information on total security assets owned by customers. d. Transaction Reminder: displays expiry dates and other important dates related to trade transactions, value chains, and custody. e. Exchange Rate Information: displays exchange rate information of 15 foreign currencies with special rate rates. f. Billing Information: displays Active Billing & History information.
Current Account Opening	Feature to allow customers to fill out a digital form for opening a checking account. For new customers (New to Bank), direct presence to the relevant branch is required for the KYC process. As for Bank Mandiri customers, the process of opening a current account can be done directly through KOPRA by Mandiri.
Online Onboarding Transactional Product	Ease of registration for Bank Mandiri Wholesale channels through filling out digital forms and signatures done online.
Online Subsidiaries Registration	Feature to register subsidiaries online with the aim that the Holding Company can see a summary of the subsidiary's financial information through the KOPRA by Mandiri dashboard.

DIGITAL BANKING

KOPRA by Mandiri has the following excellent features:

Market Overview	Features that allow customers to get an overview of the market outlook such as: Macroeconomic Forecast, Market Highlight, and Economic Review that have been provided by Bank Mandiri's Chief Economist team.
Independent User	User independent features are used only to view information on the KOPRA portal, namely Dashboard and 3rd Party Information.
Product Recommendation	A feature that allows customers to obtain information on relevant Bank product offerings according to their profile on the KOPRA portal page.

Wholesale Segment Digital Banking products that have been integrated with KOPRA Portal consist of:

KOPRA Cash Management	Internet-based electronic banking services provided by the Bank to corporate customers to carry out financial activities include access to information, domestic and international transfers, bill payments, payroll, tax payments, purchases of Pertamina products and liquidity management (cash concentration).

DIGITAL BANKING

Retail Segment Existing Digital Banking Products:

Mandiri e-Money	Chip-based electronic money issued by Bank Mandiri as a substitute for cash in payment transactions such as toll roads, parking, busways, trains, minimarkets, and various other merchants.
LinkAja	A server-based electronic payment platform managed by a group of SOEs. LinkAja is an integration product of similar products at state-owned banks, including Mandiri Pay from Bank Mandiri. LinkAja launching was carried out on 30 June 2019. LinkAja is committed to strengthening Indonesia's digital economy ecosystem in general and SOEs in particular. LinkAja can now be used at various merchants. Bank Mandiri supports the LinkAja program, by expanding LinkAja transaction acceptance at EDC and Bank Mandiri merchants. The Bank also expanded LinkAja's acceptance ecosystem with a focus on expanding cashless transactions in transactional areas and establishing an ecosystem of LinkAja usage in those locations.
Mandiri Chatbanking	Chat communication service between Bank Mandiri and customers through Bank Mandiri's official WhatsApp account at number 08118414000. In this service, Bank Mandiri uses a chat bot system in delivering information, notifications, and interacting with customers. Conversely, customers can also ask for information on Bank Mandiri products and services through the same WhatsApp number.
Mandiri EDC	Electronic data capture (EDC) machine provision services available at stores/merchants in collaboration with Bank Mandiri. Mandiri EDC can facilitate the acceptance of Mandiri Card transactions and other banks electronically through domestic networks, international payment networks, and Bank Mandiri networks.
Mandiri ATM	Banking transaction services through automated teller machines that facilitate customers to access Mandiri Tabungan or Mandiri Giro accounts in making cash transactions, balance inquiry, transfers, payments and purchases using Mandiri cards. Through domestic networks and international payment networks, Mandiri ATM can also serve transactions with other bank cards.
Mandiri e-Commerce	A service that accepts Mandiri card transactions and other banks at online stores/merchants that collaborate with Bank Mandiri. Mandiri e-commerce provides transaction convenience as payments are made in an integrated transaction flow, without the need to access other banking channels. Customers can use Mandiri cards or other banks through international payment networks.
Mandiri Direct Debit	Frictionless and safe Mandiri Debit payment facilities at e-commerce merchants using transaction IDs in the form of card numbers and expiry dates as well as authorization using OTP. For authorization, Bank Mandiri acts as issuing, without involving the principal by sending OTP directly to the customer.
Mandiri QRIS	QR-based transaction acceptance services use server-based electronic money and other sources of funds at stores/merchants in collaboration with Bank Mandiri. Mandiri QRIS (Quick Response Indonesia Standard) provides convenience for transactions at stores/merchants without using cash or cards. Transactions can be carried out interoperably using Mandiri Online, other mobile banking, or fintech applications that have been approved by Bank Indonesia.
Mandiri Customer Service Machine	Bank Mandiri's latest digital banking service that facilitate customers to replace cards (damaged cards, or lost cards) and open new accounts. Customers can transact in self-service on a customer service machine with practical and fast transaction stages, without the need to queue at the branch.
Mandiri Application Programming Interface (API)	Mandiri API provides easy access to banking products and services to digital financial service ecosystem players who are integrated into bank partner applications to utilize banking services safely and in real time.
Seller Financing	Bank Mandiri collaborates with digital companies in Indonesia to provide working capital loans (non-revolving) to MSMEs registered as online sellers/merchants. The application process is carried out online through the partner platform and sent to Bank Mandiri via API. Funds will be received in the customer's account after the loan is approved. In addition, for digital companies that do not yet have a platform for applying for financing, Bank Mandiri has an onboarding website that can process loan applications.
KUM Bridging Purchase	A business financing product provided by Bank Mandiri to its customers who sell through digital platforms. Customers can disburse loans according to the desired nominal repeatedly (revolve), as long as they have not reached the loan limit. The application process is carried out online through a partner platform in collaboration with Bank Mandiri and sent to Bank Mandiri via API. Furthermore, customers can check the status of their loan application through the partner platform.

DIGITAL BANKING

DIGITAL BANKING CHALLENGES IN
2023

Bank Mandiri identified several main challenges during 2023, namely the rapid development of fintech and Digital Banks, as well as diverse and dynamic customer needs. Other challenges are the increase in smartphone users which is estimated to reach 190 million people by 2024 and the acceleration of the use of digital platforms due to changes in people's shopping behavior due to the pandemic.

On the other hand, the Bank also faces challenges related to EDC, e-commerce, and QRIS. For EDC, Bank Mandiri encounters a shift in people's shopping behavior from using cards to online shopping, particularly in urban areas, shifting business to online, and merchant resilience in addressing business challenges in their respective industries.

For e-commerce transactions, Bank Mandiri identified the rampant social engineering fraud transactions and theft of customer data in the e-commerce industry, e-commerce transactions are vulnerable to transaction disputes due to factors such as shipping delays, goods disputes, and transaction cancellations due to pandemic uncertainty. In addition, e-commerce transactions are still dominated by payment transactions using wire transfers/VA rather than using cards.

For QRIS, Bank Mandiri encounters the challenge of many MSMEs that have not yet transacted digitally even though the government takes an active role in supporting the empowerment of MSMEs. In addition, other challenges are fintech aggressiveness in acquiring QRIS merchants, and the shift in public behavior from card payments to digital payments.

DIGITAL BANKING PERFORMANCE
IN 2023Wholesale Segment Digital Banking
Performance

Bank Mandiri's move to launch KOPRA by Mandiri on 2 October 2021 is the right step. KOPRA by Mandiri is a digital single access service serves as the center of information activities and financial transactions for the business ecosystem of business practitioners in the Wholesale segment and its comprehensive value chain from upstream to downstream (end to end). KOPRA by Mandiri application has competitive advantage that able to integrate all digital Wholesale services into a single portal access. Thereby, business practitioners are able to meet all corporate needs, such as online forex transactions, trade and guarantee, value chain, smart accounts, cash management, and online custody in one app.

The KOPRA by Mandiri application is expected to increase Bank Mandiri's growth and profitability. In addition, the KOPRA by Mandiri application is also expected to be the foundation in realizing Wholesale beyond lending. The advantages of the KOPRA by Mandiri application are able to increase customer current account deposits and increase transaction volume in addition to increasing loan and becoming an anchor for the customer's supply chain. In addition, KOPRA by Mandiri will increase the Bank's Fee Based Income generation. Bank Mandiri can also measure the financial health of debtors from the number of transactions they make through KOPRA by Mandiri. In the end, KOPRA by Mandiri is believed to be able to support Bank Mandiri's dominance in the Wholesale business segment.

The achievements of the Wholesale segment in 2023 are as follows:

Year	Description	Cash Management	Trade & Bank Guarantee	Value Chain
Dec-2023	Transaction amount	Rp18,277 trillion	Rp717,2 trillion	Rp70,6 trillion
Sep-2023	Transaction amount	Rp13,354 trillion	Rp511,9 trillion	Rp53,3 trillion
2022	Transaction amount	Rp102,8 trillion	Rp878,6 trillion	Rp58,2 trillion
2021	Transaction amount	Rp94,3 trillion	Rp647,1 trillion	Rp50,1 trillion

DIGITAL BANKING

KOPRA by Mandiri's Wholesale Digital Super Platform service has managed Rp19,100 trillion in transactions until December 2023 or grew 3.6% throughout 2023. The growth of KOPRA by Mandiri users, which is now also available in the mobile app version, also increased 2.19 times YoY to more than 182 thousand users.

Retail Segment Digital Banking Performance

Bank Mandiri's move to add a number of new innovations to the mobile banking program to become New Livin' in 2021 is able to strengthen the

Bank's performance. The application, which is a super app as it provides all comprehensive banking services in one app, is able to attract new users. As of December 2023, the number of registered users of super app Livin' was recorded at 22.8 million or grew 44% (yoy). With this achievement, Livin' by Mandiri has become the highest growing mobile application in Indonesia.

Backed by Bank Mandiri's continuous innovation, Livin' by Mandiri has been able to manage more than 2.82 billion transactions during 2023, or soared 45% compared to the previous year.

The increase in Livin' by Mandiri users cannot be separated from the provision of comprehensive services, including customers who can access digital teller services, digital sales, and digital customer service. Customers are also treated to superstore services, everything from insurance product offerings, investments to consumer loan.

The increase in active users of the application contributed positively to Bank Mandiri's Fee Based Income. Fee Based Income derived from the Livin' application reached Rp2,256 billion in 2023 compared to Rp1,737 billion in the previous year.

In addition, Bank Mandiri's digital transformation strategy is the right step supported by the large number of customers who switch their transactions using the Livin' application from transactions using ATMs.

DIGITAL BANKING

DIGITAL BANKING STRATEGY 2024

In 2024, Bank Mandiri continues to be committed to improving the features in the superior products and services of the financial super app Livin' by Mandiri and the super platform KOPRA by Mandiri as part of its strategy to strengthen Bank Mandiri's digital banking.

For the Livin' by Mandiri super app, several new innovations that will be implemented, among others:

1. Present account opening innovations to expand the reach for expansion into new segments that have never been targeted before.
2. Various new features to facilitate customer transactions both at home and abroad.
3. Completing the journey of customer digital loan solutions at Livin' by Mandiri where currently various loans can be accessed by customers, ranging from applying for credit cards, applying for multipurpose loans, to paylater.
4. The addition of investment products to continue to complete the customer's investment journey in Livin'.
5. Present service innovations to increase customer engagement with various attractive offers.

In addition to developing new features, user experience improvements will also continue to be carried out, to provide customer convenience in conducting financial transactions at Livin' by Mandiri.

Meanwhile, the KOPRA by Mandiri application is planned to add the following features and capabilities:

1. Electronic Invoicing Payment and Presentment (EIPP)
2. Cashflow Forecasting
3. Integrated ordering and financing solution
4. Interactive client service
5. Risk manager for anomaly transactions

The implementation of the Digital Banking strategy is scheduled for 2024.

OPERATIONAL REVIEW PER BUSINESS SEGMENT

OPERATIONAL SEGMENT
PROFITABILITY

The increase in Bank Mandiri's net profit which reached Rp55.06 trillion with growth of 33.74% (yoy) in 2023 was mainly supported by net profit in the Retail Banking segment which reached Rp44.07 trillion, followed by the Wholesale Banking segment and subsidiaries which reached a net profit of Rp36.00 trillion and Rp10.64 trillion, respectively.

Of the three segments that recorded the highest net profit growth in nominal and percentage terms in 2023 is the Retail Banking segment. Meanwhile, the Wholesale Banking sub-segment which net profit recorded a large growth in nominal terms was Corporate Banking which increased by Rp4.44 trillion to Rp19.15 trillion. Meanwhile, the Wholesale Banking sub-segment with the highest percentage of profit growth was Institutional Relations up to 80.60% (yoy) to Rp3.21 trillion.

The increase in Bank Mandiri's net profit is certainly inseparable from the achievement performance in interest and sharia income. In 2023, Bank Mandiri's

interest and sharia income was able to grow double-digit by 17.94% (yoy) to Rp132.54 trillion. Whereby the segment that contributed significantly to this growth was the Wholesale Banking segment with an increase of Rp28.35 trillion or grew 39.57% (yoy) to Rp99.99 trillion.

Sub-segments also contributed significantly to the increase in interest and sharia income of Wholesale Banking in 2023 sequentially, namely Corporate Banking which increased by Rp15.06 trillion with a growth of 50.21% (yoy) to Rp45.06 trillion, Treasury & International Banking increased by Rp3.06 trillion or grew 14.62% (yoy) to Rp23.96 trillion, Commercial Banking increased Rp6.63 trillion or grew 40.67% (yoy) to Rp22.92 trillion, and Institutional Relations increased Rp3.60 trillion or grew 80.94% (yoy) to Rp8.06 trillion.

Meanwhile, the Retail Banking segment posted an increase in interest and sharia income in 2023 in nominal terms of Rp14.75 trillion or grew 25.07% (yoy) to Rp73.57 trillion. Meanwhile, interest and sharia income from the subsidiaries segment grew by 16.06% (yoy) to Rp35.12 trillion.

KEY HIGHLIGHTS

- Corporate Banking provides financing to Global MNC Group, such as CNGR (Hong Kong), Jiangsu Delong (China), Road King (Hong Kong), Temasek (Singapore), Thiess (Australia), and Olam (Singapore)
- Becoming a leading role in Sustainability Linked Loan (SLL) advisory for Semen Baturaja and Dharma Satya Nusantara, Green Loan for PLN, and Project Finance Advisory for GNI and Dexin Steel
- Top 5 ASEAN Loan Mandated Lead Arranger League Table 2023 Bloomberg

CORPORATE BANKING

The focus of Corporate Banking segment business activities is to serve the needs of large corporate customers, both to meet the financing needs of large-scale and long-term projects, as well as for the placement of funds. Bank Mandiri Corporate Banking business activities are also supported by Mandiri Sekuritas.

The parameters of Corporate Banking customer profile are as follows:

Parameter	Corporate Banking
Company Size	Companies with Gross Annual Sales (GAS) of > Rp2 trillion including its business groups.
Customer	Domestic: Private companies, listed SOEs and business groups, business groups/sponsors of business groups including the best company categories in Indonesia or Asia.
	Foreign: <ul style="list-style-type: none"> Fund customers registered at Hongkong, Shanghai, Singapore, and Cayman Island branches. Overseas companies affiliated with Bank Mandiri customers in Indonesia or overseas companies that meet the criteria to obtain financing in accordance with the provisions in Indonesia and abroad.

Corporate Banking is the core competency and the main driving force of Bank Mandiri's performance. As such, Corporate Banking strives to exercise prudence in loan disbursement amidst the ongoing domestic situation impacted by the pandemic.

CORPORATE BANKING COMPETITIVE ADVANTAGES AND INNOVATIONS

Bank Mandiri Corporate Banking is the market leader in terms of lending in the corporate sector. This is supported by an excellent reputation and experience in the field of corporate with a customer base, which includes state-owned enterprises and the largest business conglomerate in Indonesia. In conducting its business, Corporate Banking strives to maintain a good and fairly close relationship with debtors at home and overseas. Moreover, the corporate segment received support from Bank Mandiri overseas branch offices and correspondence bank networks, as well as an extensive syndicated network.

CORPORATE BANKING STRATEGY FOR 2023

To address challenges while maximizing opportunities in the coming year, Corporate Banking implemented the following strategic plan:

- Portfolio Strategy**
Selection of sectors or debtors that have robust performance and have recovered from the pandemic recession. Besides, sectors are chosen based on the choice of products or services that are widely used by people during the pandemic and the new normal life.
- Business Strategy**
Increasing competitive advantage to ensure that customers continue to choose Bank Mandiri as the main bank in transactions, including through new financing techniques in the form of structured financing offers to customers. Synergy with Mandiri Group and subsidiaries will continue to be carried out in order to strengthen networks, develop human resources, and improve the quality of technology and digitalization.
- Operational Strategy**
Implementation of disciplined strategy execution through good monitoring and planning of lending, cost efficiency and improvement of banking transactions with customers.

CORPORATE BANKING

CORPORATE BANKING PRODUCTIVITIES AND REVENUES

Effective strategy implementation of the above strategies plays an important role in the productivity and revenue of Corporate Banking which is presented as follows.

Corporate Banking Performance

(in Rp Million)

Description	December 2023	December 2022	Growth	
			(Rp Million)	%
Total Loans	409,857,020	364,163,362	45,693,658	12.5
NPL Ratio (%)	0.37%	1.02%	-	-0.65
Total Third-Party Funds	299,754,584	330,742,799	-30,988,215	-9.37
Total Fee Based Income	3,198,530	2,792,541	405,989	14.54
Total Net interest Income	16,157,773	13,965,067	2,192,706	15.70

Bank Mandiri loan growth, which was able to grow above the banking industry average, was partly supported by an increase in loans disbursed by the Corporate Banking segment until December 2023. Corporate Banking loans stood at Rp409.86 trillion, grew 12.50% compared to December 2022 of Rp364.16 trillion. This growth achievement is in line with Indonesia's economy which continues to grow in 2023.

Meanwhile, Corporate Banking third-party funds stood at Rp299.75 trillion until December 2023, a

correction of 9.37% compared to December 2022. With an increase in Yield of Loans and interest cost efficiency, Corporate Banking was able to increase Net Interest Income by 15.70% to reach Rp16.16 trillion in December 2023.

Furthermore, the implementation of digitalization through the KOPRA application in this segment was able to increase Fee Based Income from Rp2.79 trillion as of December 2022 to Rp3.19 trillion as of December 2023 or grew 14.54% (yoy).

Corporate Banking Loans by Product

CORPORATE BANKING BUSINESS
PROSPECTS IN 2024

In 2024, Corporate Banking will continue to focus its business activities on aligning loan growth in sectors capable of rapid expansion, such as plantations, mining, and roads. Subsequently maintain credit quality by monitoring a watchlist whose performance is adequate to lower NPL levels. In addition, developing a higher-quality business process to deliver the best service to customers, as well as continuing the implementation of the KOPRA super platform to optimize the value chain and transactional banking to enhance Fee Based Income in 2024 and beyond.

CORPORATE BANKING WORK
PLAN 2024

In addressing challenges while maximizing opportunities in the coming year, Corporate Banking has set a strategic work plan for 2024 as follows:

1. **Portfolio Strategy**

Corporate Banking will maintain the quality of its already strong portfolio by focusing on sectors in which the company has extensive expertise and experience. Furthermore, Corporate Banking will focus on sectors that are classified as green and have significant long-term potential.

2. **Business Strategy**

Human Resource Development and technology are the main keys in optimizing business with customers including New Financing Technique in the form of advance structured financing. In addition, synergy between subsidiaries in Mandiri Group will continue to be carried out to expand the solutions and services provided to customers.

3. **Operation Strategy**

The implementation of a faster lending process with Bionic Credit Workflow elevates Bank Mandiri's competitive advantage while increasing cost and time efficiency

KEY HIGHLIGHTS

- The improvement in the Commercial Banking segment lending performance in 2023 also contributed to Bank Mandiri's loan growth.
- Commercial Banking posted a 21.18% increase in loans to Rp237.95 trillion in December 2023 compared to Rp196.36 trillion in December 2022 in line with Indonesia's economic recovery and post-pandemic control.

COMMERCIAL BANKING

The focus of Commercial Banking segment business activities is to serve the needs of medium-scale industrial customers with gross annual sales of more than Rp50 billion to Rp2 trillion. Bank Mandiri Commercial Banking also provides products and services by providing comprehensive transaction solutions that can facilitate customers' business activities

Commercial Banking customer profile parameters are as follows:

Parameter	Commercial Banking
Company Size	Companies with Gross Annual Sales of more than Rp50 billion to Rp2 trillion or with a credit limit of >Rp25 billion including business groups.
Customer	Loans and Funds in Overseas Branches which GAM Management is Commercial Unit, Loans and Funds in Non-GAM Overseas Branches initiated by Commercial units, BUMDs including RSUD and PDAM, multifinance business entities, local governments, private universities, rural banks, other non-individual fund customers that meet the criteria to be acquired by Commercial Banking.

COMMERCIAL BANKING COMPETITIVE ADVANTAGES AND INNOVATIONS

Commercial Banking has the following competitive advantages and innovations:

- Provide the best solution through total product solutions assets, liabilities, and transactions in accordance with customer needs and supported by e-channel services.
- Provide a solution structure that is fit and in accordance with customer needs.

STRATEGI COMMERCIAL BANKING TAHUN 2023

Commercial Banking has prepared a strategic plan in order to continue one of the Corporate Plan 2021-2024 strategies prepared based on the focus of each segment, namely "Be The Prominent Wholesale Bank, Beyond Lending". The formulation of robust growth strategies is as follows:

1. The loan growth was bolstered through the implementation of a transaction-oriented approach that prioritizes extending credit to

customers who have conducted transactions with Bank Mandiri.

2. The acquisition focuses on sectoral top players for Commercial Banking work units in each industrial sector which are subsequently acquired as new debtors at Bank Mandiri.
3. Strengthening Credit Execution Discipline, namely:
 - a. A timely and adequate pipeline discipline.
 - b. Monitoring discipline to maintain credit quality.
 - c. Billing discipline in collaboration with the Special Asset Management (SAM) unit in conducting intensive billing and conducting early warning restructuring.
4. Business optimization through the acquisition of the Wholesale deepening client relationship business ecosystem in each region.
5. Utilization of Bank Mandiri's potential through territorial strengthening where commercial solutions as a business enabler that provides regular sectoral and regional studies support every month to business units.
6. Organization and people development, supported by organizations that will be developed in the plantation sector and plans for the fulfillment of competent human resources.

COMMERCIAL BANKING

COMMERCIAL BANKING PRODUCTIVITIES AND REVENUES

Effective strategy implementation of the above strategy plays a significant role in Commercial Banking productivity and revenue which is presented as follows.

Commercial Banking Performance

(in Rp Million)

Description	December 2023	December 2022	Growth	
			(Rp Million)	%
Total Loans	237,952,186	196,360,207	41,591,979	21.18
NPL Ratio (%)	1.73%	4.92%	-	-3.19
Total Third-Party Funds	149,761,354	139,257,779	10,503,575	7.54
Total Fee Based Income	956,882	909,000	47,882	5.27
Total Net interest Income	6,813,952	7,518,743	(704,791)	(9.37)

The improvement in loan disbursement performance of the Commercial Banking segment until December 2023 also contributed to Bank Mandiri's loan growth. Commercial Banking posted an increase in loans to Rp237.95 trillion, grew 21.18% compared to Rp196.36 trillion in December 2022.

The expansion of this segment of lending was supported by the collection of third-party funds, with total deposits grew 7.54% from Rp139.26 trillion in December 2022 to Rp149.76 trillion. Most of the Commercial Banking segment's deposits derive from low-cost funds, which has a positive impact on the cost of funds in Commercial Banking. Meanwhile, net interest income stood at Rp6.81 trillion as of December 2023.

Furthermore, the implementation of digitalization through the KOPRA application in this segment was able to increase Fee Based Income from Rp905.00 billion in December 2022 to Rp956.88 billion in December 2023 or grew by 5.27% (yoy).

COMMERCIAL BANKING BUSINESS PROSPECTS IN 2024

The focus of Commercial Banking business activities in 2024 is business development concentrated on regions and sectors that have growth potential based on a consolidation strategy, minimal growth, moderate growth and maximum growth. In addition, the execution of the Corporate Plan will also be carried out appropriately with a strategic focus on optimizing the potential value chain of Wholesale customers that can be utilized to work on the potential of participating businesses, including retail

business from customer payroll. The competence of units in the region continues to be improved to better understand the potential and grow the business in accordance with the region potential.

COMMERCIAL BANKING WORK PLAN 2024

Commercial Banking has prepared a strategic plan in order to continue one of the Corporate Plan 2021-2024 strategies prepared based on the focus of each segment, namely "Be The Prominent Wholesale Bank, Beyond Lending". The formulation of robust growth strategies is as follows:

1. The loan growth was bolstered through the implementation of a transaction-oriented approach that prioritizes extending credit to customers who have conducted transactions with Bank Mandiri.

KEY HIGHLIGHTS

- Settlement and Handling of ATTB (settlement of abandoned property, settlement of vacant & securing assets, recovering ex. Legacy assets that have not been recorded by the Bank and negotiations in the context of Upgrading Rights of 7 SHGB to SHM).
- The total result of the utilization cooperation amounted to Rp167.20 billion (PNO from asset optimization of Rp68.39 billion & Cost Saving from the Head Office Building amounted to Rp98.81 billion).
- The ability to maintain market share advantage in defense equipment loans of 46% in foreign financing and 76% in domestic financing.
- Based on the results of Nielsen research, Livin managed to rank first in the brand awareness of the m-banking category with a percentage achievement of 91%, the impact of 3 communication channel contributions, namely Outdoor Media, Digital Media and Brand Activation.

INSTITUTIONAL RELATIONS

The establishment of the Institutional Relations Directorate in 2017 was intended to achieve the aspirations as the “Preferred Bank of choice for Institutional customers” through financial solutions supported by the collaborative efforts of Mandiri Group.

The functions carried out by this business segment are business functions, agent of development functions and supporting functions that add value to the Bank, such as the management of intangible fixed assets (ATTB). The Institutional Relations Directorate managed more than 779 customers of Ministries/Institutions, Public Service Agencies, non-listed State-Owned Enterprises; more than 1,832 value chain customers of government institutions, more than 900 thousand payroll customers of government institutions, more than 1,101 ATTB points worth Rp45.2 trillion, apart from Bank Mandiri's top of mind and its products.

Institutional Relations provides the placement of funds (current accounts and time deposits), financing facilities (investment and working capital), system solutions for state revenues (taxes, customs, PNPB) and other transaction solutions, such as MVA and MHAS (Dashboard System Solution) for vertical hospital institutions and educational institutions in order to build holistic relationships with more than 779 institutional customers. This segment also takes a role as a collaboration leader for the retail segment and other segments, especially related to the management of 900 thousand value chain

customers of Government institutions through payroll packages, bulk pre-approved KSM, bulk approval Corporate Card – Credit Card – ID Card and BG Cash Loan of Partners' Units.

Institutional Relations also actively participates in enforcing government programs as a spirit to bring prosperity to the nation through the management of special units. The active contribution of the Institutional Relations unit in the government programs includes basic food assistance, Keluarga Harapan Program (PKH), Kartu Tani, Wage Subsidy Assistance, Social Rehabilitation Assistance Program, Rumah Sejahtera Terpadu Program, Natural Disaster & Social Disaster Social Handling Assistance, Education Assistance, and Urban Livin Program. In daily activities, the Institutional Relations manages 3.99 million beneficiaries of basic food programs, 2.04 million beneficiaries of Keluarga Harapan programs, 62 thousand recipients of other programs (integrated welfare homes, social rehabilitation assistance, social handling of natural disasters & social disasters), 3.75 million recipients of El Nino cash transfer programs, and 2.1 million recipients of education assistance programs.

Institutional Relations also functions as added value to the Bank, namely related to the management of ATTB to the management of customers' top of mind for Bank Mandiri and its products. Institutional Relations manages ATTB in more than 1,101 location points throughout Indonesia with asset values reaching more than Rp45.2 trillion including ADP. In addition, Institutional Relations also manages the top of mind customers, particularly retail products such as Individual Savings and Mandiri Online by issuing various promotional programs on various media channels.

INSTITUTIONAL RELATIONS STRATEGY FOR 2023

The strategy and focus of business activities of Institutional Relations in 2023 based on Bank Mandiri's Corporate Plan 2020-2024 include the following:

1. Increase customer funds of Ministries/Institutions and SOEs as well as their derivative businesses in the Wholesale and Retail segments through deepening client relationships, optimizing customer transactions,

INSTITUTIONAL RELATIONS

- comprehensive financial solutions, as well as payroll packages of basic salary and performance allowances.
2. Increase loan growth of Ministries/Institutions and SOE customers by focusing on sectors that are potential, robust, and able to deliver value chain businesses, such as the financial, healthcare, defense equipment and education sectors. This healthy credit growth is also supported by comprehensive credit monitoring, procedures and policies, as well as sharpening of credit information systems from upstream to downstream.
3. Increase Fee Based Income through increased cooperation in financial services/financial transactions, such as custodian bank cooperation, remittance, and cooperation in the distribution and receipt of State Budget (APBN) and Non APBN through optimization of e-channel.
4. Sharpening relationship models and account strategies by improving customer business processes in the Ministry/Institution and SOE sectors, particularly in terms of derivative business management in the Wholesale and Retail segments.
5. Leading collaboration for the new core business segment, Wholesale, affiliated companies, and subsidiaries of Bank Mandiri through bundling product cooperation and payroll package solutions to customers in the Ministry/Institution and SOE sectors.

6. Strengthening organization and risk management by increasing the competence and capability of human resources, developing customer monitoring systems for Ministries/Institutions and SOEs, as well as assistance from business expertise in the Institutional Relations segment.
7. Managing Bank Mandiri's ATTB optimization by digitizing to ensure that more than 1,101 ATTB points are able to self-finance and other assets.

INSTITUTIONAL RELATIONS COMPETITIVE ADVANTAGES AND INNOVATIONS

Institutional Relations innovates by changing its business focus from what was initially a very dominated portfolio on collecting Institutional Customer Funds (TPF) to rebalance shifting to Credit with the following milestones:

- Loan disbursement growth of 64.88% to Rp72.74 trillion in 2023 with very well managed credit quality with an NPL ratio of 0%.
- Maintain the composition of the Low-Cost Fund ratio of 66.16%.
- The achievement of Fee Based Income (FBI) amounted to Rp531.46 billion with contributions mostly deriving from FBI Trade BG, FBI Credit Admin and FBI Custodian.
- Optimization of Work Units and partners' task force

by supporting SME loan disbursement by 30.70% yoy to Rp7.59 trillion with 1,289 SME debtors and Bank Guarantee (BG) distribution of partners' task force of Rp44.2 trillion

- Increased contribution to Retail Loans in the form of KSM, KPR and Credit Cards through optimization of Civil Servant Payroll with the number of payrolls grew by 13% yoy to 900,642 accounts.

Institutional Relations also performs its function as an agent of development and supporting functions that increase the added value of the Bank related to ATTB management and top of mind management of customers/Bank Products including innovation in digitalization with achievements including:

- Settlement and Handling of ATTB (settlement of abandoned property, settlement of vacant & securing assets, recovering ex. Legacy assets that have not been recorded by the Bank and negotiations in the context of Upgrading Rights of 7 SHGB to SHM).
- The total result of the utilization cooperation amounted to Rp167.20 billion (PNO from asset optimization of Rp68.39 billion & Cost Saving from the Head Office Building of Rp98.81 billion).
- The ability to maintain market share advantage in defense equipment loans of 46% in foreign financing and 76% in domestic financing.
- Based on the results of Nielsen research, Livin managed to rank first in the brand awareness of the m-banking

INSTITUTIONAL RELATIONS

- category with a percentage achievement of 91%, the impact of 3 communication channel contributions, namely Outdoor Media, Digital Media and Brand Activation.
- Bank Mandiri has received more than 120 awards: The Gold Winner rating at the PR Indonesia Awards 2023 in the BUMN Print Media category and Platinum Rating in the Asia Sustainability Reporting Rating 2022 event by the National Center of Corporate Reporting (NCCR) are part of a total of 21 award achieved by the Corporate Secretary Group.
 - CSR distribution amounted to Rp174.7 billion for 965 activities in 12 regions. The Wirausaha Muda Mandiri Program (WMM) in 2023 has succeeded in attracting 8,000 young entrepreneurs, the Sahabat Mandiri program, the Rumah BUMN program, the Mandiri education program in 32 State Elementary Schools (SDN) in Indonesia, the healthy homecoming program with SOEs, the MSME infrastructure improvement program, the waste to energy program, farmer entrepreneurship, and the bangkit bersama mandiri program.
 - Bank Mandiri's communication in various digital media: generated 4.1 billion total impressions, 21 million of which were the result of Bank Mandiri's collaboration with Key Opinion Leader

INSTITUTIONAL RELATIONS PRODUCTIVITIES AND REVENUES

Effective strategy implementation of the above strategy plays an important role in the productivity and revenue of Institutional Relations which is explained as follows.

INSTITUTIONAL RELATIONS

Loan disbursement by Institutional Relations reached Rp72.74 trillion or grew 64.9% YoY compared to Rp44.11 trillion in 2022. This increase was supported by gross expansion of Rp72.1 trillion with growth of 77.3% yoy. The composition of financing in Rupiah reached 46.3% with the largest contribution coming from defense equipment and infrastructure sector financing.

In the midst of the credit expansion, the credit quality of Institutional Relations was well maintained at the level of 0%. This is driven by the provision of highly selective financing by focusing on government projects/programs related to the State Budget. In addition, to maintain credit quality, Bank Mandiri also conducts:

- Collectibility review and watchlist analysis on a periodic and orderly basis.
- Monitoring the fulfillment of credit obligations before maturity to ensure that no customer enters into collectibility two.
- Fulfillment of the terms and conditions stipulated in the credit agreement.
- Improvement of business processes through increasing the effectiveness of the credit extension process simultaneously, customers in one group of debtors and extending credit facilities three months before maturity.

The strategy of Institutional Relations to re-balance the loan and institutional portfolio delivered results with the achievement of the Average Balance of Low-Cost Funds of Rp51.41 trillion in 2023.

INSTITUTIONAL RELATIONS BUSINESS PROSPECTS IN 2024

Institutional Relations considers that the prospect of business development of this segment remains very large in line with the sustainability of Government spending in Ministerial/ Institutional Institutions (K/L). K/L spending in the 2024 State Budget is planned to increase to Rp1,077.22 trillion. The budget is not only used to support sustainability and accelerate economic transformation,

but also to support multiyear project funding, defense equipment modernization, and the continuation of budgeting reforms by continuing and sharpening fiscal consolidation and discipline policies.

The K/L expenditure was sourced from Pure Rupiah, Companion Pure Rupiah (RMP), PNBP/BLU usage ceiling, Foreign Loans and Grants, Domestic Loans (PDN), and State Sharia Securities (SBSN). In this case, Bank Mandiri through Institutional Relations certainly has a big role.

The transformation of State-Owned Enterprises (SOEs) through improved governance, strengthening risk management functions, and continuous supervision, as well as the implementation of Environmental Social Governance (ESG) aspects in work programs and every investment made, also provides positive sentiment for Bank Mandiri's business development in the Institutional Relations segment in the future.

In addition, the holding of elections and regional elections in 2024 will also have a significant impact on the national economy, particularly through consumption related to holding elections. National political stability is expected to be maintained and foster public and business optimism to continue economic activities and the positive trend of new job opening. As such, Bank Mandiri is increasingly optimistic about the business prospects of Institutional Relations in 2024.

Nevertheless, Bank Mandiri remains vigilant of global economic risks such as geopolitics which remained surrounded by uncertainty. Strengthening related to coordination and joint commitment between the Government and other institutions and stakeholders is needed to anticipate and prepare mitigation measures to maintain the current positive trend of national economic growth.

INSTITUTIONAL RELATIONS WORK PLAN 2024

In addressing 2024, the following are challenges for Institutional Relations:

1. Fostering an increase in customer funds of Ministries/Institutions and SOEs, as well as derivative businesses in the Wholesale and retail segments through deepening client relationships, optimizing customer transactions, and also providing more digital and comprehensive financial solutions.
2. Increase loan growth of ministerial/institutional and state-owned enterprise customers by focusing on potential, robust sectors and large value chains, such as the financial and healthcare sectors to ensure that they can be acquired from upstream to downstream.
3. Increase fee-based income through increased cooperation in transactions in the financial sector, such as

cooperation as a custodian bank, as well as cooperation in the distribution and receipt of State Budget (APBN) and Non-APBN through optimization of digital solutions.

4. Sharpening relationship models and account strategies to increase business deepening both in terms of wholesale and retail.
5. Collaborating between wholesale, retail and Bank Mandiri's subsidiaries through product bundling cooperation to address the needs of Ministry/Institution and SOE customers.
6. Organizational strengthening and risk management by increasing human resource competencies and capabilities, developing monitoring systems and mentoring business expertise in the Institutional Relations segment.
7. Managing Bank Mandiri's ATTB optimization to ensure that more than 1,000 ATTB points are able to self-finance and other assets.

KEY HIGHLIGHTS

- Treasury & International Banking third-party funds increased by 18.6% in 2023 compared to the previous year. The increase was derived from deposits in the Non-Banks Financial Institutions customer segment, which includes Pension Funds, Insurance Companies, Investment Managers and Securities Companies.
- Foreign Office was able to record Net Interest Income of Rp2.4 trillion or an increase of 21.3% compared to the previous year.

TREASURY & INTERNATIONAL BANKING

Bank Mandiri's Treasury & International Banking segment conducts business activities related to financial institutions, capital markets, and international business through its head office, branch offices and subsidiaries at home and abroad. Financial Institutions Business (FIB) Group manages activities related to the business activities of financial institutions and capital markets.

Business activities with financial institutions include transactions related to trade finance, remittances, insurance company funds, and credit to banks. On the other hand, business activities related to the capital market consist of custodian services, trustees, and short-term loans to securities companies. In addition, business activities also include foreign exchange transactions, money markets, securities and derivatives managed in trading or banking portfolios. This business activity is part of the treasury business and can be carried out with interbank counterparts or with customers of Non-Bank Financial Institutions (IKNB).

The segments included in financial institutions are Banks and Non-Bank Financial Institutions (IKNB). Banks include domestic banks and international banks and exclude rural banks (BPR). Meanwhile, IKNB covers private insurance companies and their derivative financial institutions (including insurance and reinsurance brokers), Financial Institution Pension Funds (DPLK), and Employer Pension Funds (DPPK).

Bank Mandiri's Treasury business is managed by the Treasury Group which has 10 dealing rooms spread throughout Indonesia to serve the needs of Wholesale

and Retail segment customers. Bank Mandiri's treasury business has a variety of businesses including foreign exchange transactions, money market, fixed income, international banking business, and capital market which includes financial, corporate, commercial, and retail institutions.

The Directorate of Treasury & International Banking also oversees the Overseas Banking Network (OBN) Group, which supervises business synergies between Bank Mandiri as the parent entity with overseas branch offices and subsidiaries abroad.

TREASURY & INTERNATIONAL BANKING COMPETITIVE ADVANTAGES AND INNOVATIONS

Bank Mandiri Treasury & International Banking dominates the treasury business segment in Indonesia with a market share related to national foreign exchange transaction volume reaching 14.7% (interbank and customer). The recognition of Bank Mandiri's Treasury & International Banking segment achievements is also shown

through a number of awards received from various institutions during 2023.

Bank Mandiri received three awards from Bank Indonesia related to money market development, which are the Best Patron of Rupiah Money Market Development, Best Foreign Exchange Market Development Patron, and Conventional Bank as Best Patron of Foreign Exchange Monetary Operation Innovation.

Bank Mandiri was also named the best in Indonesia at the Alpha Southeast Asia Awards 2023 in categories including Best Foreign Exchange Bank for Corporates & Financial Institutions, Best Foreign Exchange Bank for Interest Rates, Foreign Exchange Research & Market, and Best Cash Management Bank & Digital Banking App in Indonesia.

This appreciation and award are an acknowledgement of Bank Mandiri's hard work in carrying out digital transformation to meet the increasingly complex transactional needs of customers. In addition, Bank Mandiri is also recognized for being able to innovate and develop customer financial transaction products and solutions on an ongoing basis. With digital support, corporate customers

TREASURY & INTERNATIONAL BANKING

and financial institutions can maximize efficiency in the process of buying and selling foreign currency transactions at Bank Mandiri.

Furthermore, Bank Mandiri also has a variety of hedging products that can be tailored to customer needs. These products include FX Forward, FX Par Forward, FX Swap, FX Option, Mandiri Call Spread, Interest Rate Swap, and Cross Currency Swap.

For investment needs, Bank Mandiri also has various products, such as Mandiri Deposit Swap, Mandiri Market Linked Deposit, Mandiri Dual Currency Investment, and Securities. The choice of investment products can also be adjusted to the customer's risk profile and investment objectives.

Online foreign currency buying and selling transaction services can be enjoyed through the KOPRA by Mandiri digital service. Thereby, customers can make foreign exchange buying and selling transactions online and in real time with various advantages, such as special prices. This digital transformation also enables the end-to-end exchange rate dealing process from uploading underlying documents, buying and selling rate deals, and making settlements without customers having to contact dealers or visit to branches.

Bank Mandiri Treasury & International Banking provides treasury transaction services to customers throughout Indonesia through head offices and treasury

regional offices spread across various cities in Indonesia, namely Medan, Palembang, Batam, Bandung, Semarang, Solo, Surabaya, Denpasar, Balikpapan and Makassar. Bank Mandiri also provides Mandiri e-fx and Mandiri Cash management (MCM) electronic channels as solutions for customers to conduct foreign exchange transactions.

Bank Mandiri optimizes its reciprocity-based cooperation network with 916 correspondent banks in 73 countries resulting in increased utilization of business cooperation which includes treasury, trade finance, remittances, risk sharing and bilateral financing. Meanwhile, in terms of funding, Bank Mandiri received more than enough financing from international banks and financial institutions which reflected international trust in Bank Mandiri. On the other hand, to diversify rupiah fund placement instruments, Bank Mandiri added services for selling and purchasing Corporate Securities to customers.

Treasury & International Banking's commitment to innovation in 2023 is realized through the KOPRA super platform with the addition of features to improve customer transaction services, including Biller notification KOPRA with Livin, and KOPRA Beyond Borders which aims to improve customer transactions experience through KOPRA based on voice of customers. In 2022, the number of users has reached 182,000 customers with a volume of Rp19,099 trillion and a frequency of 1.1 billion transactions.

In relation to compliance with regulatory regulations, Bank Mandiri is always able to meet Bank Indonesia regulations related to reserve requirements. The realization of the rupiah reserve requirement as of 31 December 2023 was 8.00%, above Bank Indonesia's regulation of 6.98% and the realization of the foreign exchange reserve requirement as of 31 December 2023 was 4.10%, or above Bank Indonesia's regulation of 4.00%.

TREASURY & INTERNATIONAL BANKING STRATEGY IN 2023

Bank Mandiri Treasury & International Banking has prepared various strategies to maximize existing opportunities during 2023. The strategic plan is intended to provide an extensive one stop solution for counterparties both at the head office and foreign offices. Bank Mandiri's strategy to develop the Treasury & International Banking segment in 2023 is as follows:

- Optimizing Bank Mandiri's liquidity strength to provide financing and funding solutions in accordance with customer needs, such as Bank Loans. In this initiative, Bank Mandiri also offers a variety of liquidity solutions, asset development, transaction enhancement and synergy in various fields with other domestic banks in Indonesia, particularly Regional Development Banks.

TREASURY & INTERNATIONAL BANKING

- Maximizing Mandiri's digitalization in capturing the insurance ecosystem by becoming the main operating account of insurance companies through embedded collection and payment solutions, as well as increasing business reciprocity with insurance companies.
- Re-sharpening for business penetration in Capital Market by providing extensive solutions to Capital Market customers, and improving seamless digital services for both Wholesale and Retail customers.
- Increased assets by overseas branch offices both through lending and increasing the portfolio of securities and trade assets. The foreign office pro-actively cooperates with business units at the head office, as well as with partner banks to seek business opportunities and channel credit to mentored customers who meet the bank's criteria.

- Strengthening treasury transaction activities, increasing trade financing volume, developing cross border supply chain business, developing wealth management services and increasing remittance transaction disbursement.
- Creating more efficient work processes and providing seamless digital services to customers.
- Improvement of other services through the provision of digital services for Indonesian Migrant Workers (PMI), implementation of the New Trade System, and so forth

business both interbank and with customers, Bank Mandiri strives to continue to penetrate more offensive markets. This measure is taken in order to provide alternative product solutions to customers. Bank Mandiri continues to develop Treasury products through structured products with the aim of yield enhancement and hedging, which received positive responses from both the Wholesale and Retail segments.

In 2023, Total Treasury revenue reached Rp14.26 trillion, supported by Net Interest Income of Rp10.25 trillion and Fee Based Income of Rp4.01 trillion.

Treasury Fee Based Income of Rp4.01 trillion was supported by Foreign Exchange Transaction Income of Rp1.40 trillion, Securities Transaction Income of Rp1.36 trillion, and Other Income of Rp1.25 trillion.

TREASURY & INTERNATIONAL BANKING

TREASURY & INTERNATIONAL BANKING BUSINESS PROSPECTS IN 2024

Bank Mandiri will continue to strengthen its treasury business by optimizing digital services and providing innovative products that suit customer needs. Through this strategy, Bank Mandiri believes that it will increase its contribution to non-interest income to maintain profitability. In addition, Bank Mandiri also has a great commitment in providing the best financial services and products and solutions for customers. Hence it is expected that customer transactions will continue to increase and become one of the main pillars of business growth in the treasury and international banking segments.

In 2024, Bank Mandiri will continue to review various business strategy initiatives as well as innovation of financial products and services related to treasury and international banking businesses. In order to foster commitment as an agent of development, Bank Mandiri carries sustainable growth to strengthen its role to contribute to the national economy. For information, Bank Mandiri has consistently been able to maintain positive and sustainable performance

growth. This is evident from Bank Mandiri's overall performance growth which has continued to improve in the last three years.

On the other hand, Indonesia's economic development is expected to remain resilient amid global dynamics, as driven by strengthening household consumption and export performance. With a positive national economic outlook, Bank Mandiri is optimistic that it will be able to boost business performance in the treasury and international banking segments in the future. This factor is also strengthened by the high confidence of foreign investors in the Indonesian economy which is considered capable of reducing global financial turmoil in recent years

TREASURY & INTERNATIONAL BANKING WORK PLAN 2024

Not only focusing on business development, with the increasing trend of digitalization of banking services, the Treasury and International Banking Segment will also continue to innovate to create more efficient work processes and provide seamless digital services to customers. On the capital market, optimization of the use

of the new core custodian system will be carried out, which also includes the implementation of online custody services that can facilitate customers to access their portfolios in real time and send instructions online. Going forward, the implementation of new core custodian system will also be integrated with Bank Mandiri's wealth management service system to ensure that it can provide a better user experience, particularly for retail customers.

In terms of foreign offices, Bank Mandiri also continues to improve its services, among others, by providing digital services for Indonesian Migrant Workers (PMI), implementing the New Trade System as well as increasing assets both through lending and increasing the portfolio of securities, and at the same time trade assets also continue to be developed. The foreign office proactively cooperates with business units at the head office as well as with partner banks to seek business opportunities and disburse loans to mentored customers who meet the bank's criteria. The Foreign Office will also increase its participation in international syndication. Moreover, going forward the foreign office will also strengthen treasury transaction activities, increase trade financing volume, develop cross-border supply chain business, develop wealth management services and increase remittance transaction distribution.

KEY HIGHLIGHTS

As of December 2023, Bank Mandiri Retail Banking loans reached Rp358.07 trillion, grew 11.14% from Rp322.19 trillion in December 2022. Bank Mandiri's success cannot be separated from the optimization of value chain for retail customers and Wholesale customer ecosystem. Moreover, the convenient of Bank Mandiri's individual customers to submit applications for retail loans through Livin' also increases the achievement of Bank Mandiri's consumer retail loan business. The process of onboarding productive microfinancing customers in 2023 which is carried out digitally and through collaboration with e-commerce companies is a game changer in achieving productive retail microfinancing business.

RETAIL BANKING

Retail Banking was able to achieve third-party funds of Rp679.83 trillion in 2023, grew 5.05% compared to the previous year's position of Rp646.72 trillion. The third-party funds support also contributed to the increase in loans disbursed amounting to Rp358.07 trillion, up 11.14% from the previous year of Rp322.19 trillion in line with economic recovery and people's purchasing power.

In line with the improvement in lending, Retail's Net interest income grew 32.41% to Rp45.95 trillion. Meanwhile, Retail Fee Based Income posted an increase of 14.60% to Rp17.26 trillion in 2023, driven by increased use of digital banking services by customers.

As stated in Bank Mandiri Corporate Plan 2021 – 2024, the Retail Banking segment, particularly Micro, Small and Medium Enterprises (MSMEs), is one of the focuses of Bank Mandiri's strategy. Bank Mandiri Retail Banking manages business activities covering several segments as follows:

1. Micro Banking is responsible for managing individual customers, cooperatives, and other business entities that meet the criteria to obtain a maximum loan limit of Rp1 billion and managing Branchless Banking Agents.
2. Small Medium Enterprises (SME) is responsible for managing individual customers, cooperatives, business entities, and legal entities that meet the criteria to obtain a maximum loan limit of Rp25 billion.
3. Consumer Loan is responsible for managing individual customers, cooperatives, and business entities that meet the criteria for obtaining a consumer loan limit for the purchase of homes and motor vehicles.
4. Credit Card is responsible for managing individual customers and legal entities that meet the requirements to obtain a credit card.
5. Retail Deposit is responsible for managing savings and deposits.
6. Wealth Management is responsible for managing individual customers by delivering excellent customer service (including customer

portfolio management) and developing investment products (Mutual Funds and Securities) according to the needs of bank customers

Retail Banking offers a variety of products, as follows:

1. Loans include consumer financing loans, such as Mortgage Loans (KPR), Mandiri Multipurpose Loans, Livin' Paylater, Motor Vehicle Loans (KKB), credit cards and productive financing loans for micro, small and medium enterprises (MSMEs) loans customers.
2. Third Party Funds include Tabungan Mitra Usaha (TabunganMU) and Tabungan Bisnis.
3. Transaction services include Mandiri Internet, Mandiri InterNet Bisnis and Mandiri Cash management to meet the transactional needs of Retail Banking depositor customers

RETAIL BANKING COMPETITIVE ADVANTAGES AND INNOVATIONS

The Bank's competitive advantage in generating customers from the wholesale customer business ecosystem is the main driver of Retail Banking loans growth. In this case, payroll customers from the wholesale customer business ecosystem are the main focus of consumer retail loans growth. The continuously honed application of data analytics and big data provides specific offers to retail customers. The integration of onboarding retail loans customers through the Livin' by Mandiri application in 2023, which is increasingly diverse, has made a positive contribution in boosting retail loans business.

RETAIL BANKING

In meeting the needs of retail customers, Bank Mandiri continues to optimize its leading business in each region. Bank Mandiri also focuses on working on the leading sectors of each region in the expansion of productive retail loans. The leading sector of the region and the cultivation of retail business from the Wholesale customer business ecosystem are game changers for the growth of productive retail loans targeting entrepreneurs with micro, small and medium enterprise scale.

In terms of collaboration, Bank Mandiri has collaborated with e-commerce and fintech to reach a wider customer base. In addition to sharpening the target market, the underwriting process of productive retail loans is also getting faster and safer at Bank Mandiri. Digitalization of productive retail loan business processes through Digital Offering, New Los and Mandiri Pintar is able to offset the aggressiveness of retail loan business growth while still prioritizing prudent aspects and healthy credit quality.

Bank Mandiri's Retail Banking continues to innovate in creating services that can meet customer needs both from digital and non-digital service features.

RETAIL BANKING STRATEGY IN 2023

Bank Mandiri continues to cultivate the value chain of the derivative business of Wholesale customers and strengthen digital-based business processes, one of which is with Livin' App as the main strategy

of the Retail Banking segment. The Bank also continues to expand cooperation with fintech and e-commerce partners in order to be able to reach the productive loan target market of the retail segment. Further development of the mandiri pintar application has also been carried out to strengthen Bank Mandiri's digital strategy in productive loan in the Retail Banking segment.

The payroll-based segment remains the core target market for the consumer loan business in the Retail Banking segment in 2023. In addition, Bank Mandiri also continues to work on the payroll-based business potential of Wholesale anchor clients. After the launch of the digital application, digital channels have become the main choice in reaching the consumer loan target market of the Retail Banking segment and the service features in the digital application will continue to be developed to meet customer needs.

Furthermore, developing cooperation with leading marketplaces and direct offerings through salespeople is the main work plan in 2023 for KSM, KPR, KKB and Credit Card businesses. The growth of the credit business is also certainly supported by reliable business processes. Business process improvements that have been carried out in the previous period through business process reengineering are expected to enforce better Retail Banking business growth through a fast and reliable underwriting process, as well as cross-selling credit products in the Retail Banking segment as a whole.

RETAIL BANKING

RETAIL BANKING PRODUCTIVITIES AND REVENUES

Retail Banking productivity and revenue in 2023 are as follows:

Retail Banking Performance

(in Rp Million)

Description	December 2023	December 2022	Growth	
			(Rp Million)	%
Total Third-Party Funds	679,380,210	646,720,362	32,659,849	5.05
Total Loans	358,074,141	322,194,600	35,880	11.14
Total Fee Based Income	17,264,512	15,064,469	2,200,043	14.60
Total Net interest Income	34,049,164	25,119,862	8,929,302	35.55

Retail Banking was able to achieve third-party funds of Rp679.83 trillion in 2023, grew 5.05% compared to the previous year's position of Rp646.72 trillion. The third-party funds support also contributed to the increase in loans disbursed amounting to Rp358.07 trillion, up 11.14% from the previous year of Rp322.19 trillion in line with economic recovery and people's purchasing power.

In line with the improvement in lending, Net interest income grew 35.55% to Rp34.05 trillion. Meanwhile, Fee Based Income posted an increase of 14.60% to Rp17.26 trillion in 2023, driven by an increase in the use of digital banking services by customers.

MICRO LOANS

Bank Mandiri's micro loans and/or Micro Banking segment consist of Micro Business Loans (KUM), People's Business Loans (KUR) and Mandiri Multipurpose Loans (KSM). KUM and KUR are business/productive financing loans that can assist debtors in increasing business scale or meeting working capital financing needs. Meanwhile, KSM meets various kinds of customer financing needs without collateral. The achievement of micro loans by credit type as of 31 December 2023 is as follows:

Micro Loans by Loans Type

(in Rp Million)

Description	2023		2022		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(%)	(Rp Million)
Micro Business Loans (KUM)	20,508,333	12.22	15,432,608	10.25	32.89	5,075,725
People's Business Loans (KUR)	62,311,294	37.11	62,051,851	40.80	0.42	259,443
Mandiri Multipurpose Loans (KSM)	85,058,779	50.67	74,594,420	49.05	14.03	10,464,359
Total Loans	167,878,406	100.00	152,078,879	100.00	10.39	15,799,527

Bank Mandiri micro segment managed to record total loans of Rp167.88 trillion in December 2023. Growth of 10.39% in 2023 was mainly driven by an increase in KSM which managed to reach Rp85.06 trillion, an increase of 14.03% compared to the 2022 position of Rp74.59 trillion. Meanwhile, KUM and KUR reached Rp20.51 trillion and Rp62.31 trillion, respectively, up 32.89% (yoy) and 0.42% (yoy) compared to positions in 2022.

In 2023, both KUM and KUR were mostly be disbursed to the Trade sector. KSM in 2023 will be provided to payroll customers in the government segment (PNS, TNI/POLRI and SOE employees) who are relatively low-risk, and grow selectively in the private employee segment. Bank Mandiri mapped the excellent potential in each Region with a focus on acquiring employees of the Wholesale customer value chain ecosystem and collaborating with subsidiaries to work on target markets.

RETAIL BANKING

In addition to the above, KSM disbursement is also carried out through digital channels (Livin' by Mandiri) to ensure that the loan acquisition process can be affordable, fast and close as a form of the Bank's commitment to improve the quality of service to customers.

Micro Funds Based on Third-Party Funds

(in Rp Million)

Description	2023		2022		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(%)	(Rp Million)
Current Account and Savings Account	48,897,814	92.50	40,281,395	92.73%	8,616,419	21.39
Time Deposits	3,962,052	7.50	3,158,735	7.27%	803,317	25.43
Total TPF	52,859,866	100.00	43,440,130	100.00%	9,419,736	21.68

Branchless Banking

Bank Mandiri reported a total of 130,100 Mandiri Agents consisting of 129,926 individuals and 174 agents in the form of legal entities. The decrease in the number of agents was caused by the rearrangement of Mandiri Agent and digitization of processes in order to optimize the Branchless Banking business. The results of this arrangement are reflected in an increase in agent customer transactions, thereby transactions in 2023 reached 86.83 million transactions with a transaction volume of Rp92.82 trillion, as well as an increase in the number of agent ecosystem customers by 24.85% yoy, hence in 2023 Mandiri Agent has 2.87 million customers with funds raised amounted to Rp18.26 trillion, grew 28.56% yoy.

Mandiri Agent

2019	2020	2021	2022	2023
101,744	134,518	162,416	156,191	130,100

The Branchless Banking network continues to be strengthened by implementing the Mandiri Agent Application as part of digitizing Branchless Banking agent products and services. Mandiri Agent Application users will reach 37,057 agents in 2023 or around 28.5% of the total Mandiri Agent population. The number of users increased by 16% compared to 2022 and will continue to be enforced going forward to ensure that all Mandiri Agents use the application.

Bank Mandiri also collaborates with the Ministry of SOEs and Social Services to make Branchless Banking agents as agents for distributing social assistance, Kartu Tani programs, Keluarga Harapan Programs (PKH) and Non-Cash Food Assistance (BPNT), as well as Village-Owned Enterprises (BUMDes).

SMALL AND MEDIUM BUSINESS LOANS

In the SME segment, customer profiles with business fields in potential sectors have a credit limit of up to Rp25 billion from Bank Mandiri to meet working capital and investment needs.

Description	2023		2022		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(%)	(Rp Million)
Working Capital Loans	28,323,177	36.89%	25,943,946	38.52%	9.17%	2,379,231

KAD	18,981,736	24.72%	16,847,800	25.02%	12.67%	2,133,936
Cooperatives	10,121,940	13.18%	10,054,804	14.93%	0.67%	67,135
TR & Others	8,993,892	11.71%	6,807,287	10.11%	32.12%	2,186,605
Total SME Loans	76,785,112	100.00%	67,347,955	100.00%	14.01%	9,437,157

RETAIL BANKING

Bank Mandiri booked total SME loans of Rp76.78 trillion, grew 14.01% compared to Rp67.34 trillion in 2022. Of this amount, most of the loans disbursed were in the form of working capital loans which reached 36.89%.

Bank Mandiri focuses the growth of this SME segment on business acquisitions that are value chains from Wholesale segment customers, which are Bank Mandiri's core competencies, as well as business acquisitions from leading sectors or ecosystems in the region. The acquisition continued to be carried out prudently and managed to maintain portfolio quality with NPL of 0.97%.

The increase in SME loans was supported by an increase in loans disbursed to the Investment Loans sector with a growth of 31.63% or equivalent to Rp24.28 trillion as explained in the following table:

SME Loans by Type of Economic Sector

(in Rp Million)

Description	2023		2022		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(%)	(Rp Million)

CONSUMER LOANS

Bank Mandiri provides financing solutions for home ownership, vehicles, credit cards, and multipurpose loans for customers through consumer loans. Bank Mandiri in financing new and second home ownership has collaborated with leading developers, both national and regional scale as well as several well-known brokerage agencies throughout Indonesia.

RETAIL BANKING

On vehicle financing, Bank Mandiri has cooperated, among others, with two subsidiaries, namely Mandiri Tunas Finance (MTF) and Mandiri Utama Finance (MUF). With this collaboration, Bank Mandiri customers can apply for two- and four-wheeled vehicle financing, both new and used, as well as Multipurpose Vehicles throughout Indonesia.

Bank Mandiri is also increasingly active in innovating credit card products in its retail segment. This is done to capture the potential of public spending which is projected to increase in 2023. As such, Bank Mandiri increases the synergy of Mandiri Credit Card services with Super App Livin' by Mandiri to ensure

that it can provide convenience to customers in digital transactions.

As of December 2023, Bank Mandiri's consumer loans stood at Rp113.41 trillion or grew 10.36% (yoy) compared to December 2022 of Rp102.77 trillion. This growth was mainly driven by Mandiri Mortgage Loans (KPR) which increased by Rp5.90 trillion or grew 11.76% to Rp56.01 trillion as of December 2023. The increase in consumer loans also lifted in terms of fee-based income which rose 21.93% (yoy) to Rp3.23 trillion from Rp2.65 trillion in the same period the previous year.

Mandiri KPR

Mandiri KPR is Bank Mandiri's mortgage loan (KPR) offered individually to purchase residential houses/apartments/shophouses/storehouses, either through developers or non-developers. The features provided by Mandiri KPR are:

1. Mandiri KPR (New Booking)
Financing for the purchase of residential houses/apartments/shophouses/ storehouses either new or second. Purchases can be made through developers or non-developers.
2. Mandiri KPR Take Over
Financing for loan takeover from other banks' mortgages, with a maximum credit limit of the last outstanding (remaining loan) at the original bank or with an additional new loan limit according to the bank's calculation. Hence, if the amount is greater than the last outstanding at the original bank, the customer can use it to meet various other needs.
3. Mandiri KPR Top Up
The addition of credit limit for mandiri KPR that has been running for at least one year, with collectability (installment payment status) has been running efficiently for the last six months. The additional credit limit allows you to meet a variety of other needs.

During 2023, Bank Mandiri has collaborated with a number of leading developers to hold another property expo titled Find Your Property (FYP) Fest 2023. This expo property show is to accommodate the high enthusiasm of the community in looking for their dream home, specifically employees who are aiming for first home. In

RETAIL BANKING

addition, it is also a manifestation of Bank Mandiri's commitment in providing easy purchases and attractive and special promotions to meet the needs of customers. At FYP Fest 2023, Bank Mandiri offers special promos in the form of special interest rate programs with several alternatives such as 3-year, 5-year, to 10-year fixed rates, and life insurance discount programs of up to 10%.

a. **FYP Fest 2023**

To be able to accommodate the community high enthusiasm in finding their dream residence, Bank Mandiri held a property expo exhibition entitled Find Your Property (FYP) Fest 2023 on 13-19 February 2023 at Menara Mandiri, Sudirman, Jakarta, which offers 68 projects from 25 property asset developer groups in Jabodetabek. At this exhibition, visitors can enjoy a variety of special promos in the form of special interest rate programs starting from 3.65% fixed for 3 years and life insurance discount programs of up to 10% specifically for visitors who apply during the event.

b. **10 Years Tiered Fixed Interest**

In the midst of gradually improving economic conditions, the Government has resumed providing Value Added Tax (PPN DTP) incentives for people who buy houses of up to Rp5 billion from November 2023 to June 2024. This incentive is certainly expected to effectively increase people's purchasing power with the government-borne value-added tax (PPN DTP) incentive for people who buy houses of up to Rp5 billion from November 2023 to June 2024.

In addition, the incentive is also expected to support the housing sector with a large multiplier effect on the national economy, and can increase the growth of KPR Mandiri in the future. As such, Bank Mandiri in responding to government initiatives related to VAT DTP also aligns it with main strategies, such as working on a derivative business ecosystem from Bank Mandiri's wholesale customers which is Bank Mandiri's core business strength, solidifying and increasing cooperation with leading developers both on a national and regional scale, and strengthening digital channels in marketing KPR Mandiri products to expand the reach of customers to have access to Mortgage Loans.

In line with the government, to always provide various facilities, conveniences and financing waivers to realize the dreams of Bank Mandiri customers to have their dream residence. One of these conveniences comes in the form of a 10-year tiered fixed interest rate option that can provide long-term certainty. This 10-year Fixed Tiered Interest starts from 5.88% fixed in years 1 to 3, then 8.88% fixed in years 4 to 6 and 9.88% fixed in years 7 to 10. The 10-year tiered fixed interest period with the option runs until 31 May 2023.

RETAIL BANKING

c. **Rumah Idamanku (RIKu) & KPRKu.id**

Until 2023, various digital products that support Bank Mandiri's business in Mortgage Loans include the Rumah Idamanku (RIKu) application. This application is a mobile application resulting from an exclusive collaboration between Bank Mandiri and property technology startup Pinhome. RIKu provides solutions for property transaction needs in a finger-tip, ranging from searching, setting visit schedules, consultations, simulations/calculations of mortgages, selection of products/financing programs, to applying for Mandiri KPR. RIKu can be downloaded on Android and iOS-based strings.

Further, Bank Mandiri also had a kprku.id website platform which is a program for Mandiri KPR existing debtors to get convenience in tracking the status of Mandiri KPR Debtor Application submissions via Whatsapp blast. Program Period and Area Coverage of this program is carried out every month from May 2022 to July 2023 and applies to all regions in Indonesia.

d. **Property-Technology (PropTech) Simple, Ideal and Lamudi**

PropTech (Property Technology) is now becoming prevalent in rapid technological advances. Disruptions that occur due to technological developments change the course of the conventional property industry. The existence of PropTech really supports the enhancement of property sector. The development of PropTech in Indonesia also continues to run although not as fast as in developed countries. Startup companies that provide property listings have been developed in Indonesia.

Bank Mandiri continues to carry out digital transformation to ensure that it is always relevant and keeps up with the times. Collaborating with marketplaces, e-commerce and other digital-based businesses such as PropTech is one of Bank Mandiri's pillars in terms of leveraging the digital ecosystem.

In 2023, Bank Mandiri has held a Mandiri KKB promo event with the theme Mandiri Auto Festival 2023. The automotive event organized by Bank Mandiri with Mandiri Utama Finance provides various attractive offers for Bank Mandiri customers and Bank Mandiri employees. These attractive offers include special rates (flat) and competitive for financing new and used cars and motorcycles, with down payments (DP) starting from 10%. In addition, financing for certain brands of electric motorcycles is also available valid for 0% DP specifically for employees of SOEs and government agencies, easier and faster transaction processes, and various other attractive offers.

RETAIL BANKING

Mandiri Credit Card

Mandiri Credit Card is one of Bank Mandiri's payment instrument products that provides a variety of products relevant to today's needs and lifestyles, providing convenience for customers everywhere with acceptance at all merchants in the world through Visa, Mastercard, and JCB networks.

The Development of Mandiri Credit Card

Credit card	2023	2022	Growth (%)
Outstanding (Rp Million)	16,705,235	14,115,086	18,35%
Sales Volume	51,187,330	40,419,735	26,64%
NPL	1,23%	1,06%	0,17%
Fee Based Income (Rp Billion)	1,949	1,708	14,09%

As of December 2023, active Mandiri credit card users are recorded at 1.9 million cards or grew 10.39% (yoy). Meanwhile, the outstanding of Mandiri Credit Cards reached Rp16.70 trillion, an increase of 18.35% compared to the same period the previous year of Rp14.12 trillion. This achievement is inseparable from the support of Bank Mandiri's retail and wholesale strength and extensive network distribution.

In addition, optimizing the use of Livin' by Mandiri also supports the development of Mandiri's credit card business during 2023, such as 80% of Mandiri credit card users have made installments via Livin'

and continue to show improvement. The trend of online shopping is also one of the driving factors for Mandiri credit card business, especially in terms of digital transactions.

Bank Mandiri continues to innovate Mandiri credit card features during 2023 such as the launch of Livin's Everyday cardless credit card. The process of applying, transacting, and accessing Livin' Everyday credit card information can be done by customers through Livin' SuperApp. The presence of Livin' Everyday as well as a rebranding of the existing Mandiri Everyday Credit Card.

RETAIL BANKING

With Livin' Everyday, customers no longer need to wait for credit card delivery from couriers and have the potential to reduce plastic waste and carbon emissions. The switch to virtual credit cards is also a manifestation of Bank Mandiri's commitment to implement the Environment, Social, and Governance (ESG) framework, especially the Environment aspect.

Livin' Everyday targets millennials and Gen Z by offering various services and benefits, such as online shopping, installment payments, cash, QRIS payments, paying routine bills, and free annual fees. Various special promos from various selected merchants can also be enjoyed by customers.

RETAIL DEPOSIT

In raising funds, Bank Mandiri continues to focus on the retail segment, particularly in raising low-cost funds (current accounts and savings). The growth of low-cost retail deposits in 2023 shows a positive trend with the achievement of an average current account and savings balance of Rp159.00 trillion, an increase of 5.48% compared to the average balance in 2022 of Rp150.74 trillion.

Deposit Funds Based on Product Type

(in Rp Million)

Description	2023		2022		Growth	
	(Rp Million)	(%)	(Rp Million)	(%)	(%)	(Rp Million)
Current Account and Savings Account	174,900,873	82.74%	165,272,204	80.99%	9,628,669	5.83
Time Deposits	37,188,246	17.53%	38,782,667	19.01%	-1,594,421	-4.11
Total	212,089,120	100%	204,054,872	100.00%	8,034,248	3.94

Bank Mandiri posted total retail deposit funds of Rp174.9 trillion, an increase of 3.91% compared to 2022 of Rp204.05 trillion.

WEALTH MANAGEMENT

Bank Mandiri wealth management is a more complete financial service and solution, particularly related to investment, and in accordance with the needs of priority and private customers who are more diverse. Bank Mandiri is optimistic that performance in the Wealth Management business continued to grow until the end of 2023 with the expectation that the number of priority and private customers can grow 5% yoy and its managed funds will increase by more than 10% yoy. In 2023, Bank Mandiri was also recorded as the "Best Wealth Management Bank" at the Alpha Southeast Asia Awards 2023 held in Singapore.

The Bank Mandiri Wealth Management products offered to customers are as follows:

Mutual Funds

Bank Mandiri as a Mutual Fund Selling Agent (APERD) is in charge of selling mutual fund securities based on a cooperation contract with the Investment Manager of the mutual fund manager. Bank Mandiri has been registered as an APERD at the Financial Services Authority (OJK) since 2007. In offering mutual fund products to customers, Bank Mandiri has collaborated with nine Investment Managers who have good competence.

RETAIL BANKING

Mutual fund products marketed through Bank Mandiri are as follows:

1. Money Market Mutual Fund is a mutual fund that only invests in domestic money market instruments and/or debt securities with maturities of less than one year.
2. Fixed Income Mutual Fund is a mutual fund that invests at least 80% of Net Asset Value in the form of debt securities, whether issued by the government or corporations. This mutual fund is available in two denominations, namely Rupiah and US Dollar.
3. Mixed Mutual Fund is a mutual fund that invests in the form of equity securities, debt securities, and/or domestic money market instruments, each of which does not exceed 79% of its assets, where in its portfolio there must be equity securities and debt securities.
4. Equity Mutual Fund is a mutual fund that invests at least 80% of its assets in the form of equity securities. This mutual fund is available in two denominations, namely Rupiah and US Dollar.
5. Index Mutual Fund is a mutual fund that is managed to get investment returns that are similar to an Index that is used as a reference, both Bond Index and Stock Index.
6. Protected Mutual Fund (RDT) is a mutual fund that provides protection for investors' initial investment through its portfolio management mechanism. The Protected Mutual Fund Investment Manager will invest part of the funds under management in debt securities that fall into the investment grade category, enabling the value of debt securities at maturity to at least cover the amount of protected value.
7. Limited Participation Mutual Fund (RDPT) is a mutual fund that collects funds from professional investors which are then invested in Securities Portfolios based on Real Sector Activities. Real Sector activities are activities either directly or indirectly, related to the production of goods, the provision of services in the real sector including but not limited to the production of goods, and/or working capital from these activities.

To facilitate customers to make mutual fund product transactions, Bank Mandiri since May 2022 has launched the Livin' Investasi feature, enabling customer access to buy, sell, transfer and monitor mutual fund products and portfolios to be done easily. Going forward, the Livin' Investasi feature will continue to be developed for investment product offerings other than mutual funds.

RETAIL BANKING

Mutual fund product transaction services can be carried out by Bank Mandiri customers through APERD branch offices and the Livin' Investasi feature. The growth in the number of customers using the Livin' Investasi feature is recorded at more than 100% during 2023. Where the average transaction volume of Livin' Investasi shows an increase, from previously around Rp400 billion every month in 2022 to more than Rp800 billion every month in 2023.

In 2023, Bank Mandiri consistently met customers' investment needs, among others, by expanding sustainable products, including sustainable investing products. In collaboration with its sub-subsidiary, Mandiri Manajemen Investasi (MMI), Bank Mandiri presents the Mandiri index fund FTSE Indonesia ESG Index which is the first index fund in Indonesia with reference to the FTSE Indonesia ESG Index.

This Environmental, Social and Governance (ESG)-based mutual fund can be an alternative investment while helping to preserve the environment, respect social rights, and support good governance practices. The Mandiri index fund FTSE Indonesia ESG Index can be bought and sold easily on the Livin' by Mandiri digital application starting 2023.

In addition, to continue to expand investment access for customers with an increasingly varied and quality choice of instruments in 2023, Bank Mandiri also collaborates with PT Trimegah Asset Management. The result of the collaboration presents three selected mutual funds in various asset classes that can be accessed through the Livin' Investasi feature on the Livin' By Mandiri SuperApp.

Bank Mandiri customers can purchase Money Market Mutual Fund products (TRIM Kas 2 Class B) for customers who have a conservative risk profile. Then Fixed Income Mutual Fund (Trimegah Fixed Income Plan) for customers who have a moderate risk profile, and Equity Mutual Fund (TRIM Kapital) for customers who have an aggressive risk profile. This mutual fund product will complement the types of investment products for Bank Mandiri's Wealth Management customers in accordance with risk tolerance and expectations of an increase in the value of the investment portfolio.

Other various attractive programs and offers are available for customers to enjoy in transacting mutual funds through Livin' by Mandiri during 2023, including:

In 2023, Bank Mandiri's Retail Banking has recorded a total AUM Wealth Management of Rp23.98 trillion, a decrease of -9.70% compared to the previous year's achievement of Rp26.56 trillion. Meanwhile, the acquisition of Fee Based Income Wealth Management amounted to Rp232.63 billion, a decrease of -10.07% compared to Rp258.67 billion in 2022.

Primary Market and Secondary Market Retail Government Securities

Retail Government Securities (SBN) are SBN products issued by the Government specifically for retail investors/customers in the primary market whose interest and principal payments are made directly

by the Republic of Indonesia, in accordance with the term of the securities. The types of SBN Retail Primary Market marketed by Bank Mandiri are divided based on two types, namely Government Bonds (SUN) and State Sharia Securities (SBSN). Where SUN consists of Retail Government Bonds (ORI) and Retail Savings Bonds (SBR), while SBSN consists of Retail Sukuk (SR) and Savings Sukuk (ST).

In addition to offering SBN Retail Primary Market products, Bank Mandiri also offers securities products in the secondary market to customers. Secondary market securities transactions are carried out in collaboration with Treasury Group.

Volume and Revenue of Primary Market Retail Government Securities

(in Rp Million)

Asset Under Management (Volume)	Initial Securities with Volume				Initial Securities Income			
	2023	2022	Growth		2023	2022	Growth	
			(Nominal)	(%)			(Nominal)	(%)
Primary Market Retail Government Securities	22,810,892	13,707,888	9,103,400	66.4	75.839	44.918	30.921	68.8

RETAIL BANKING

Bank Mandiri's Retail SBN sales in 2023 reached Rp22.81 trillion, an increase compared to the previous year of Rp13.70 trillion. Meanwhile, Fee Based Income from Retail SBN sales activities in 2023 reached Rp75.84 billion, up 68.8% from Rp44.90 billion in 2022. The increase in Retail SBN sales volume in the Primary Market was influenced by increasing liquidity in the general economy.

Bancassurance

In selling bancassurance products, Bank Mandiri has collaborated with a number of insurance companies to provide products that can provide financial protection from health, life, and education costs, pension costs, and customer assets. Bank Mandiri's bancassurance products and services offered to customers are Mandiri Elite Plan-Prime Insurance, Mandiri Legacy Plan Platinum Insurance, Mandiri Legacy Plan Titanium Insurance, Mandiri Investasi Prestige Insurance, and Mandiri Secure Criticare Insurance.

Referral Retail Brokerage

The retail brokerage referral service is a manifestation of Bank Mandiri's efforts in collaboration with Mandiri Sekuritas to become one stop financial services. This service is available to facilitate customers to get access to the capital market through Mandiri Sekuritas, thus providing additional alternative choices of investment instruments for Bank Mandiri customers' portfolio management, such as Corporate Bonds, Medium Term Notes (MTN), stocks, and others.

In 2023, Bank Mandiri's subsidiary, Mandiri Sekuritas, has recorded an increase in debt securities transaction volume to Rp1,224 billion, an increase compared to the previous year of Rp919 billion. This is in line with the increase in the number of customers transactions triggered by the increased risk in the company's debt securities investment. In terms of Fee Based Income, this referral service recorded revenue of Rp3.82 billion in 2023, which includes transactions from the primary market and secondary market.

Foreign Exchange Transactions and Structured Products

Wealth Management collaborates with Treasury Group to provide Foreign Exchange transaction services and offers structured products, such as Mandiri Deposit Swap, Mandiri Dual Currency Investment, and Mandiri Market Linked Deposit to customers who have registered in excellent customer service. The choice of this investment product can be adjusted to the customer's risk profile and investment objectives.

Other Investment Alternatives

In addition to acting as APERD and Government Securities Distribution Partner, Bank Mandiri also provides access to more advanced investment products, such as Individual Customer Portfolio Management (PDNI), Infrastructure Investment Funds in the Form of Collective Investment Contracts (DINFRA), Real Estate Investment Funds in the Form of Collective Investment Contracts (DIRE), and Asset-Backed Securities Collective Investment Contracts (KIK-EBA). Bank Mandiri cooperates with investment managers who are authorized to manage these investment products.

Strengthen Collaboration to Foster Investment in the Country

Bank Bank Mandiri also consistently fosters increased investment from local and foreign investors to the country through strengthening collaboration. During 2023, Bank Mandiri has collaborated, among others, with the Ministry of Investment/BKPM which is realized through the collaboration of Investment Promotion with 7 Bank Mandiri Foreign Offices (Singapore, Hong Kong, China, UK, Malaysia, Cayman Island, and Timor Leste) with the Indonesia Investment Promotion Center (IIPC)-Ministry of Investment/BKPM.

Through this collaboration, investors will attain various benefits ranging from easy information channels regarding developing investment procedures and opportunities in the country, potential synergies with trusted partners who have become Bank Mandiri customers, and access to various excellent services of the Mandiri Group. This is expected to improve the quality of investment services to investors.

RETAIL BANKING

Bank Mandiri believes that the cooperation between IIPC and Bank Mandiri's Foreign Office that has been well established will continue to be improved going forward. As it can provide a domino effect and multiplication of inbound investment that will occur and at the same time support Indonesia to become a developed country in 2045.

Bank Mandiri already has comprehensive capabilities in various industrial sectors from upstream to downstream that can help potential investors to build a footprint, find the right local partner and develop their investment in Indonesia. Bank Mandiri has also prepared communication media in the form of investor landing pages and marketing toolkits that contain various information to facilitate investors in starting and developing their investments in Indonesia

Retail Banking Business Prospects In 2024

Amidst intense competition in the Retail Banking business in the national banking industry over the past few years, Bank Mandiri remains optimistic that it can maintain and continue to increase the growth of the Retail Banking business with a double-digit target or in the range of 11% to 12% every year. This growth target has certainly referred to the portfolio guideline that has been prepared by Bank Mandiri's Risk Management Team.

As a bank that has the largest Wholesale Banking segment in Indonesia, Bank Mandiri has a strong relationship over the years that gives banks access to the value chain ecosystem of the Wholesale Corporation to also grow in the retail segment. With leverage from the Wholesale ecosystem and solid digital channel services, Bank Mandiri believes it will be able to strengthen its presence in the Retail Banking business in Indonesia in 2024 and in the future.

As of the end of 2023, Bank Mandiri is recorded to have more than 35 million deposit customers, as well as more than 6 million customers in retail loans. Meanwhile, the Livin' by Mandiri digital channel has been downloaded by 32 million customers since its launch in October 2021. Bank Mandiri always has a great commitment to continue to carry out

progressive transformation, offer various innovations and digital solutions for customers, and strengthen relationships with business partners in order to maintain the growth of the Retail Banking business.

RETAIL BANKING WORK PLAN FOR 2024

In 2024, Bank Mandiri strives to continue the positive trend of Retail Banking performance with several strategies as follows:

1. Maximizing business potential in the customer ecosystem through synergy between the retail segment and the wholesale segment in executing business potential, launching thematic programs according to market conditions and customer needs, presenting a seamless process to facilitate customers, enabling loans growth with maintained credit quality.
2. To increase liquidity, Bank Mandiri will focus on acquiring business potential from the micro, business, individual, and payroll segments, maximizing cross-selling and transaction potential to optimize customer fund volume, particularly debtors, and maximizing potential funds from the customer closed loop transaction ecosystem.
3. The Bank will also continue to optimize digital-platform to increase fee-based income with several initiatives, including:
 - a. Super App livin' to acquire business and individual customers, activate usage daily transaction and enrich usecase Livin' Sukha, Livin' Investasi and Mandiri Credit Card as source of fund.
 - b. Optimization of merchant and card business for ecosystem expansion through merchant acquisition, Integrated Solution in the business ecosystem, Game Changer: Livin' Merchant, Digital Merchant Activation, Fostering Cross Border Transactions with competitive exchange rates and increasing credit card installment transactions.
4. In terms of business processes, process improvement is carried out through branch transformation, network optimization and people development.

HEAD OFFICE

SUBSIDIARY PERFORMANCE REVIEW

Excellent performance of Bank Mandiri in 2023 is bolstered by the performance contribution of the subsidiaries. As of December 2023, the consolidated net profit of all subsidiaries amounted to Rp10.68 trillion, representing a growth of approximately 25.5% year-over-year. Among this amount, Rp5.68 trillion represented the profit portion under Bank Mandiri's ownership.

SUBSIDIARY PERFORMANCE REVIEW

After the first divestment process that changed Bank Mandiri's ownership in All to 20% in 2018, a second divestment was carried out which changed Bank Mandiri's share ownership in All to 0% on October 4, 2023. Hence, All is no longer a subsidiary of Bank Mandiri. As of December 2023, Bank Mandiri has 10 (ten) Subsidiaries with various types of businesses as follows:

Bank Mandiri measures the productivity of its subsidiaries through business volume. As of 31 December 2023, in line with the largest asset ownership compared to other subsidiaries, BSI managed to record the highest total funding of Rp293.78 trillion and was followed by Bank Mandiri Taspen with total funding of Rp44.98 trillion. The two subsidiaries reported funding

growth of 12.4% and 10.6% yoy respectively in 2023.

Meanwhile, in terms of profitability, Bank Syariah Indonesia and Bank Mandiri Taspen are 2 (two) Subsidiaries that are able to contribute the largest Net income of Rp5.70 trillion and Rp1.41 trillion, respectively. However, when viewed in terms of growth, Mandiri Utama Finance and

Mandiri Tunas Finance are 2 (two) Subsidiaries that recorded the highest profit growth, which are 58.3% and 54.6% yoy respectively in 2023.

The following is a summary of each subsidiary performance as of 31 December 2023, in which the order of explanation is based on the type of business activity.

SUBSIDIARY PERFORMANCE REVIEW

PT BANK SYARIAH INDONESIA TBK

Statement of Financial Position
(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Assets	353,624	305,727	47,897	15.7
Liabilities	314,885	272,226	42,659	15.7
Equity	38,739	33,501	5,238	15.6

*Unaudited cut-off 4 January 2024

Bank Syariah Indonesia (BSI) successfully recorded an increase in assets by 15.7% to Rp353.62 trillion in 2023 compared to Rp305.73 trillion in 2022. This increase was driven by BSI's business expansion, which was able to record (net) financing of Rp237.91 trillion in 2023, an increase of Rp31.70 trillion or 15.37% from Rp206.21 trillion in 2022. This financing growth was supported by the third fund acquisition which reached Rp293.78 trillion with a growth of 12.4% from Rp261.49 trillion in 2022. The increase in

third party funds also increased BSI's liabilities from Rp272.23 trillion in 2022 to Rp314.89 trillion.

The improvement in BSI's performance was also increased in equity to Rp38.74 trillion in 2023. This achievement was 15.6% higher than the previous year of Rp33.50 trillion. The increase in equity was mainly supported by BSI's net profit which reached Rp5.7 trillion in 2023.

Statement of Profit or Loss
(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Operating Income	26,326	23,323	3,003	12.9
Expenses**)	18,759	17,676	1,083	6.1
Net Profit/(Loss)	5,701	4,260	1,441	33.8

*Unaudited cut-off 4 January 2024

**Expenses are profit sharing costs, overhead costs and allowance for impairment losses costs

In line with the increase in financing activities throughout 2023, BSI was able to record operating income of Rp26.33 trillion or grew 12.9% from Rp23.32 trillion in 2022. Meanwhile, BSI's operating expenses increased to Rp18.76 trillion, an increase of 6.1% compared to Rp17.68 trillion in 2022. The increase in operating expenses occurred amid BSI's business expansion. The improved performance management was finally able to generate a net profit of Rp5.70 trillion.

SUBSIDIARY PERFORMANCE REVIEW

PT BANK MANDIRI TASPEN

Statement of Financial Position
(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Assets	60,537	53,915	6,622	12.3
Liabilities	54,121	48,832	5,289	10.8
Equity	6,416	5,084	1,332	26.2

*Unaudited cut-off 31 December 2023

Bank Mandiri Taspen (Bank Mantap) total assets reached Rp60.54 trillion in 2023, grew 12.3% from the previous year's Rp53.92 trillion. This asset growth was mainly supported by an increase in loans which grew to Rp41.35 trillion in line with stronger Indonesia's GDP growth in 2023. On the other hand, the Bank's liabilities also increased by 10.8% from Rp48.83 trillion to Rp54.12 trillion in 2023. The increase in Bank Mandiri Taspen's liabilities was mainly influenced by

an increase in customer deposits to Rp44.98 trillion from Rp40.66 trillion in 2022.

Meanwhile, Bank Mandiri Taspen's equity reached Rp6.42 trillion in 2023. This achievement increased by 26.2% from the previous year of Rp5.08 trillion, reinforced by an increase in retained earnings in line with a better profitability profile.

Statement of Profit or Loss
(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Operating Income	6,064	5,536	529	9.5
Expenses	4,224	3,965	258	6.5
Net Profit/(Loss)	1,409	1,206	203	16.9

*Unaudited cut-off 31 December 2023

**Expenses are profit sharing costs, overhead costs and allowance for impairment losses costs

Bank Mandiri Taspen was able to increase operating income by 9.5% to Rp6.06 trillion, mainly supported by an increase in lending activities throughout 2023. In line with increase in operating income, the Bank's net profit increased from Rp1.21 trillion in 2022 to Rp1.41 trillion with a growth of 16.9% despite an increase in operating expenses of 6.5%. The increase in operating expenses to Rp4.22 trillion is in line with the business expansion carried out in 2023.

SUBSIDIARY PERFORMANCE REVIEW

BANK MANDIRI (EUROPE) LIMITED

Statement of Financial Position

(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Assets	4,048	3,766	282	7.5
Liabilities	3,241	2,993	248	8.3
Equity	807	773	34	4.4

*Unaudited cut-off 31 December 2023

Bank Mandiri (Europe) Limited posted an increase in total assets to Rp4.05 trillion in 2023 or grew by 7.5% year-on-year. The increase in total assets in 2023 mainly derived from earnings assets which increased 15.71% year-on-year to Rp3.7 trillion, supported by credit growth (gross) which increased 49.77% year-on-year to Rp721.3 billion, all of which were classified as financing in current quality.

Bank Mandiri (Europe) Limited's productive asset growth in 2023 is supported by growth in liabilities sourced from third party funds (TPF), as well as

wholesale and money market funding. Bank Mandiri (Europe) Limited's total liabilities in 2023 increased by 8.3% year-on-year to Rp3.24 trillion.

In line with aggressive but prudent business growth in 2023, Bank Mandiri (Europe) Limited posted an increase in equity to Rp807 billion from Rp773 billion in 2022. The increase in equity derived organically from net income booked throughout 2023, which was entirely a component of retained earnings as well as an increase in other comprehensive income.

Statement of Profit or Loss

(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Operating Income	77.8	67.5	10.3	15.3
Expenses	64.6	58.0	6.6	11.4
Net Profit/(Loss)	13.2	9.5	2.6	39.0

*Unaudited cut-off 31 December 2023

**Expenses are profit sharing costs, overhead costs and allowance for impairment losses costs

Bank Mandiri (Europe) Limited's operating income grew by 15.26% from Rp51.5 billion to Rp67.5 billion in 2023 supported by net interest income which grew by 12.20% year-on-year to Rp65.0 billion. On the other hand, through its efficiency, Bank Mandiri (Europe) Limited was able to maintain the increase in expenses in 2023 by 6.6% year-on-year which also positively contributes to net profit growth of 39.0% year-on-year to Rp13.2 billion.

SUBSIDIARY PERFORMANCE REVIEW

PT AXA MANDIRI FINANCIAL SERVICES

Statement of Financial Position

(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Assets	41,114	40,165	949	2.4
Liabilities	37,495	36,929	566	1.5
Equity	3,619	3,236	383	11.8

*Unaudited cut-off 9 January 2024

AXA Mandiri Financial Services (AMFS) total assets increased by 2.4% to Rp41.11 trillion in 2023. This increase was influenced by the increase in total investment, particularly from customer unit link assets, premium receivables and reinsurance. Meanwhile, in terms of liabilities, AMFS posted an increase of 1.5% from Rp36.93 trillion in 2022 to Rp37.50 trillion in 2023 due to an increase in liabilities to non-unit linked policyholders.

However, AMFS's equity was able to grow 11.8% to Rp3.62 trillion in 2023 from Rp3.24 trillion in the previous year. This derives from the 13.3% increase in the company's net profit in 2023 compared to the previous year.

Statement of Profit or Loss

(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Operating Income	13,983	14,628	(645)	-4.4
Expenses	12,418	13,210	(792)	-6.0
Net Profit/(Loss)	1,327	1,172	155	13.3

*Unaudited cut-off 9 January 2023

AMFS posted a decrease in operating income in line with slowing growth in unit link policy premiums. In addition, a decrease in expenses by -6.0% to Rp12.4 trillion also affected the increase in net profit by 13.25%. AMFS's net profit increased to Rp1.33 trillion in 2023 from Rp1.17 trillion in 2022.

SUBSIDIARY PERFORMANCE REVIEW

PT ASURANSI JIWA INHEALTH INDONESIA

Statement of Financial Position
(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Assets	2,824	2,706	118	4.4
Liabilities	1,239	1,269	(30)	-2.4
Equity	1,585	1,437	148	10.3

Asuransi Jiwa Inhealth Indonesia was able to increase consolidated assets by 4.4% to Rp2.82 trillion in 2023 compared to Rp2.71 trillion in the previous year. This increase was mainly due to an increase in total investment to Rp2.39 trillion with a growth of 16.15% in 2023. Meanwhile, in terms of consolidated liabilities, an increase in technical reserves by 3.3% to Rp1.02 trillion boosted liabilities to Rp1.24 trillion in 2023 compared to Rp1.23 trillion in 2022.

In terms of consolidated equity, Asuransi Jiwa Inhealth Indonesia managed to record stronger equity to Rp1.59 trillion in 2023. The increase of 10.3% from the previous position of Rp1.44 trillion was mainly due to an increase in the balance of profit which reached Rp175 billion in 2023. This was driven by improved profitability of Asuransi Jiwa Inhealth Indonesia during the year.

Consolidated Statement of Profit or Loss
(Dalam Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Operating Income	2,896	2,585	311	12.0
Expenses	2,681	2,394	287	12.0
Net Profit/(Loss)	175	146	29	20.0

Asuransi Jiwa Inhealth Indonesia revenue grew 12.0% from Rp2.59 trillion to Rp2.90 trillion in 2023. This increase was mainly driven by an increase in premium income to Rp3.44 trillion. Supported by an increase in revenue, consolidated net profit stood at Rp175 billion in 2023, grew 20.0% despite at the same time posting an increase in operating expenses at Rp2.68 trillion.

PT MANDIRI TUNAS FINANCE

Statement of Financial Position
(in Rp Billion)

Description	2023*	2022	Growth	
			Rp	%
Assets	29,727	23,742	5,985	25.2
Liabilities	25,697	20,690	5,007	24.2
Equity	4,030	3,052	978	32.0

*Unaudited cut-off 31 December 2023

Mandiri Tunas Finance's (MTF) total assets reached Rp29.73 trillion in 2023. The increase of 25.2% from the previous year was mainly supported by an increase in consumer financing receivables which rose 25.17% to Rp28.2 trillion in 2023. On the other hand, Mandiri Tunas Finance posted an increase in liabilities by 24.2% to Rp25.70 trillion in 2023. The increase was primarily attributable to an increase in bank lending

to support financing business expansion in line with stronger economic growth.

Meanwhile, Mandiri Tunas Finance's equity strengthened by 32% to Rp4.03 trillion in 2023 from Rp3.05 trillion in the previous year. The stronger equity is in line with the increase in retained earnings to Rp1,161 billion in the same year.

*Unaudited cut-off 31 December 2023

Mandiri International Remittance Tunggal Berhad (MIR) posted an increase in assets by 0.12% from Rp24.36 billion to Rp24.39 billion in 2023. The increase in assets was mainly influenced by the increase in cash at banks. On the other hand, MIR's liabilities also increased to Rp4.63 billion, 8.18% higher than Rp4.28 billion in the previous year. This increase in

liabilities was due to the increase in Lease Liability Payable.

Furthermore, MIR posted a decrease in equity to Rp19.76 billion in 2023. This indicator decreased by 1.59% from Rp20.08 billion in 2022.

Statement of Profit or Loss

*Unaudited. cut-off 8 January 2024

Revenue improved to Rp829 billion in 2023, with a growth of 4.4%. However, MCI's profitability decreased by around 93.6% yoy, the majority of which was influenced by investment revaluation hence delivering profit of Rp17 billion in 2023.

FINANCIAL REVIEW

In 2023, Bank Mandiri generated a consolidated net profit of Rp55.06 trillion, or grew by 33.74% when compared to the same period previous year. The increase in net profit was derived by the growth of excellent profit constituent components. Bank Mandiri's consolidated revenue (Include Net Interest Income and Fee Based Income) in 2023 grew by 10.41% yoy, or Rp138.8 trillion, influenced by good growth in Net Interest Income which reached 8.45% yoy, or Rp98.01 trillion and non-interest income (Fee Based Income) of 15.42% yoy, or Rp40.76 trillion.

FINANCIAL REVIEW

The analysis and discussion of the financial performance review refers to the consolidated financial statements of PT Bank Mandiri (Persero) Tbk and its Subsidiaries dated 31 December 2023 and 2022, which are also attached to this annual report. The consolidated financial statements consist of a consolidated statement of financial position, a consolidated statement of profit or loss and other comprehensive income, a consolidated statement of changes in equity, and a consolidated statement of cash flows for the financial year ended on that date.

The consolidated financial statements of PT Bank Mandiri (Persero) Tbk and its Subsidiaries are audited by Public Accounting Firm (KAP) Tanudiredja, Wibisana, Rintis & Rekan (a member firm of the PwC global network), whose reporting was signed by auditor Lucy Luciana Suhenda, S.E., Ak., CPA with Public Accountant Practice License No. AP. 0229.

In the opinion of the Public Accounting Firm, the consolidated financial statements of PT Bank Mandiri (Persero) Tbk as of 31 December 2023 and 2022 present fairly, in all material respects, the Group's consolidated financial position, as well as its consolidated financial performance and consolidated cash flows for the years ended on that date, in accordance with Financial Accounting Standards in Indonesia

STATEMENT OF FINANCIAL POSITION

In 2023, Bank Mandiri's total assets reached Rp2,174.22 trillion with a year-to-date (ytd) growth of 9.12% compared to the end of 2022 of Rp1,992.54 trillion. Meanwhile, the position of total liabilities reached Rp1,660.44 trillion, up 7.53% (ytd) from the position at the end of the previous year which reached Rp1,544.10 trillion. Meanwhile, total equity increased by 13.97% (ytd) to Rp287.49 trillion in 2023.

CONSOLIDATED STATEMENT OF FINANCIAL POSITION

(in Rp Million)

Account Post	2023	2022	2021	Growth 2023-2022	
				Nominal	%
Assets	2,174,219,449	1,992,544,687	1,725,611,128	181,674,762	9.12

Cash

Bank Mandiri booked cash of Rp26.43 trillion in December 2023, decreased 2.87% (ytd) compared to the end of 2022 which reached Rp27.21 trillion. This decrease was mainly influenced by the decrease in cash denominated in Rupiah of Rp1.31 trillion to Rp23.22 trillion. However, cash in foreign currencies increased by Rp0.53 trillion to Rp3.21 trillion.

Current Accounts with Bank Indonesia

Current accounts with Bank Indonesia increased by 1.17% (ytd) from Rp107.35 trillion in 2022 to Rp108.61 trillion in December 2023. The increase was primarily attributable to the Rupiah currency rising 0.05% (ytd) to Rp95.82 trillion and the United States Dollar increased by 10.46% (ytd) to Rp12.78 trillion.

As of 31 December 2023, Bank Mandiri has met the ratio as stipulated by Bank Indonesia with rupiah and foreign currency reserve requirements

and macroprudential liquidity buffers of 7.32%; 4.10%; and 19.25% respectively. In addition, Bank Mandiri has also fulfilled the RIM Current Account by 0.68%.

Current Accounts with Other Banks

As of December 2023, current accounts with other banks reached Rp36.61 trillion, decreased 23.43% (ytd) from the position at the end of 2022. This decline was influenced by current accounts with other banks in foreign exchange, which fell 24.22% (ytd) to Rp35.75 trillion at the end of 2023. The collectability of this account is current based on Bank Indonesia's collectability with adequate impairment loss allowances (CKPN) of Rp0.03 trillion from Rp0.02 trillion in 2022. The average annual interest rate for this account in Rupiah was 3.62% while in foreign currency was 2.67%.

STATEMENT OF FINANCIAL POSITION

Placement with Bank Indonesia and Other Banks

Bank Mandiri posted placements with Bank Indonesia and other banks of Rp73.89 trillion in 2023, decreased 22.49% (ytd) from the previous year of Rp95.32 trillion. This decrease was due to a decrease in placements with Bank Indonesia and other banks in foreign currencies to Rp40.01 trillion compared to the previous year of Rp64.51 trillion.

Of the total placements with Bank Indonesia and other banks, placements with Bank Indonesia and other banks from third parties decreased to Rp71.84 trillion in December 2023 compared to the end of the previous year's Rp92.24 trillion.

Marketable Securities

Bank Mandiri net marketable securities increased by 14.31% (ytd) from Rp82.84 trillion in 2022 to Rp94.70 trillion in 2023. This increase was in line with the increase in marketable securities from third parties

to Rp70.81 trillion compared to Rp55.53 trillion in 2022. Meanwhile, based on currency, the increase in these marketable securities was mainly due to the increase in marketable securities denominated in Rupiah from Rp58.81 trillion in 2022 to Rp74.38 trillion in December 2023.

Based on the issuer group, the increase in these marketable securities was mainly influenced by the increase in marketable securities issued by the Central Bank from Rp8.90 trillion in 2022 to Rp30.58 trillion in 2023.

Government Bonds

Bank Mandiri's government bonds decreased to Rp309.18 trillion in 2023 from Rp329.21 trillion in 2022. This decline was influenced by a decrease in government bond denominated in Rupiah from Rp273.07 trillion in 2022 to Rp256.40 trillion in 2023. The portion of government bonds denominated in Rupiah was 82.93% in 2023 and 82.95% in 2022 as described in the following chart:

Composition of Government Bonds

STATEMENT OF FINANCIAL POSITION

In addition, the decline in government bonds denominated in Rupiah was also caused by a decrease in government bonds measured at amortized acquisition cost to Rp138.37 trillion in 2023, decreased 10.63% (ytd) from the previous year of Rp154.84 trillion. Of these, government bonds with a tenor of less than 1 year posted the largest decline from Rp15.89 trillion in 2022 to Rp9.22 trillion in 2023.

Other Receivables - Trading Transactions

Bank Mandiri posted a decrease in other receivables – trading transactions by 22.93% (ytd) from Rp33.79 trillion in 2022 to Rp26.04 trillion in 2023. This decrease mainly came from related parties by 49.98% from Rp15.16 trillion to Rp7.58 trillion. Meanwhile, based

on currency, other receivables – trading transactions denominated in Rupiah decreased by 34.65% from Rp21.37 trillion in 2022 to Rp13.97 trillion in December 2023. Meanwhile, other receivables – trading transactions in foreign currencies decreased by 2.77% to Rp12.08 trillion in December 2023 compared to Rp12.42 trillion in 2022.

Based on type, this account decline was mainly due to a decrease in trading transaction receivables on Supplier Chain Financing receivables which fell 67.64% from Rp9.22 trillion in 2022 to Rp2.98 trillion in 2023. Supplier Chain Financing receivables contributed 11.46% of total other receivables – trading transactions in December 2023, while in 2022 they contributed 27.28%.

Other Receivables – Trading Transactions Composition

STATEMENT OF FINANCIAL POSITION

Receivables on Securities Purchased Under Agreements to Resell

Bank Mandiri posted receivables on securities purchased under agreements to resell of Rp22.69 trillion in 2023. This achievement increased by 93.86% compared to Rp11.71 trillion in 2022. In 2023 and 2022, there were no impairment hence the CKPN receivables on securities purchased under agreements to resell was not formed by Bank Mandiri.

Derivative Receivables

Bank Mandiri's derivative receivables decreased by 11.42% to Rp1.99 trillion in 2023. In the previous year, derivative receivables reached Rp2.25 trillion. This decrease mainly came from third parties which decreased from Rp2.14 trillion to Rp1.80 trillion.

Loans and Sharia Receivables/Financing

As of December 2023, Bank Mandiri's sharia lending and receivables/financing reached Rp1,359.83 trillion or grew 15.97% (ytd) compared to the end of 2022 of Rp1,172.60 trillion. Based on currency, the increase in loans was mainly supported by rupiah denominations with growth of 16.86% (ytd) to Rp1,100.74 trillion in December 2023 from Rp941.96 trillion at the end of 2022. Therefore, in terms of contribution, loans denominated in Rupiah increased from 80.33% in 2022 to 80.95% in 2023.

Loans and Sharia Receivables/Financing Based on Currency

STATEMENT OF FINANCIAL POSITION

In terms of type, in 2023 Bank Mandiri's growth in lending and receivables/sharia financing was driven by an increase in all types of loans and financing. Where the three types of loans and financing that contributed significantly to the increase in total loans sequentially were investment loans with an increase of Rp39.31 trillion or grew 11.14% (ytd) to Rp392.15 trillion, consumer loans increased Rp37.74 trillion with a growth of 14.22% (ytd) to Rp303.14 trillion, and working capital loans which increased Rp74.43 trillion or grew 23.76% (ytd) to Rp387.69 trillion.

There are also types of sharia loans and receivables/financing whose portion decreased at the end of 2023 compared to the end of 2022, namely investment loans from 30.09% to 28.84%, government program loans from 6.86% to 6.32%, and employee loans from 3.53% to 3.31%.

Meanwhile, Bank Mandiri's sharia loans and receivables/financing based on the economic sector as of 2023 against the end of 2022, the top three that support growth in nominal increments are the business service sector increased by Rp28.70

trillion to Rp115.84 trillion, the social services sector increased by Rp27.62 trillion to Rp77.82 trillion, and the agricultural sector increased by Rp16.86 trillion to Rp142 trillion.

On the other hand, Bank Mandiri's sharia loans and receivables/financing, which are listed as the top three economic sectors with the highest percentage growth as of the end of 2023 against the end of 2022, are the social services sector with growth of 55.02% (ytd), the business sector grew 32.93% (ytd), and the mining sector 21.59% (ytd).

Government Program Loans

As one of the banks owned by the Government, Bank Mandiri is actively involved in supporting the disbursement of government program loans. This loan consists of investment loans, permanent working capital loans, working capital loans and KPR Sejahtera Housing Financing Liquidity Facility (FLPP), where the Government can provide part and/or all of the funds.

In order to accelerate the National Economic Recovery in 2020, the Bank participated in lending to the National Economic Recovery ("PEN") program in accordance with Minister of Finance Regulation No. 70/PMK.05/2020 which was subsequently updated with PMK No. 104/PMK.05/2020 dated 6 August 2020. The loan disbursement program for PEN is sourced from the placement of state money to banks, one of which is at Bank Mandiri, in the form of time deposits with a 3-month tenor of Rp10 trillion on 25 June 2020. The Government funds have been disbursed in the form of loans amounting to Rp39.04

trillion until the maturity date of time deposits on 25 September 2020, and then the funds are returned to the Government.

Based on Bank Mandiri's evaluation and proposal, and in accordance with Minister of Finance Regulation No. 104/PMK.05/2020, the Government has placed Phase II Government Funds into banks, one of which is Bank Mandiri, in the form of time deposits with a tenor of 110 days, amounting to Rp15 trillion on 25 September 2020, which has been disbursed in the form of accumulative loans of Rp66.63 trillion until the maturity date of deposits on 13 January 2021. The placement of Phase II Government Funds has ended and has been returned to the Government on 13 January 2021.

As of December 31, 2023, outstanding government program loans at Bank Mandiri stood at Rp85.90 trillion, grew 6.85% from the previous year which reached Rp80.39 trillion.

STATEMENT OF FINANCIAL POSITION

MSME Lending

On Micro, Small and Medium Enterprises (MSMEs) loans, Bank Mandiri also takes an active role in lending with MSME loans guarantees from the government in accordance with PMK No.71/PMK.08/2020 dated 23 June 2020. Government guarantee through guarantee business entities, namely through PT Jaminan Kredit Indonesia and PT Asuransi Kredit Indonesia. As of 30 November 2021, MSME loans with loans guarantees from the government were distributed to 13,352 MSME debtors with a loan disbursement value of Rp2.84 trillion.

In 2022, the disbursement of MSME loans guarantee program from the government was extended in accordance with PMK No. 28/PMK.08/2022 dated 30 March 2022. As of 31 December 2022, MSME loans with loans guarantees from the government were distributed to 3,030 MSME debtors with a loan disbursement value of Rp0.15 trillion.

Loans Restructuring

As of December 2023, related to the loan restructuring program, Bank Mandiri has restructured loans totaling Rp96.98 trillion. In the previous year, loans restructuring reached Rp125.54 trillion. Loans restructuring is carried out through loan term extension schemes, term extensions and loan interest rate reductions as well as loan term extensions and other restructuring schemes. Other restructuring schemes mainly consist of restructuring schemes to reduce loan interest rates, reschedule delinquent interest and extend the term of payment of delinquent interest.

The composition of loan restructuring and its collectability as of 31 December 2023 and 31 December 2022 are described in the following charts and tables:

STATEMENT OF FINANCIAL POSITION

The following is the number of loans that have been restructured based on collectability as of 31 December 2023 and 31 December 2022.

Loans Restructuring Collectability

(in Rp Million)

Consumer Financing Receivables

In consumer financing receivables, Bank Mandiri through its subsidiaries was able to increase its business until December 2023. Consumer financing receivables grew 37.85% (ytd), from Rp23.76 trillion in 2022 to Rp32.75 trillion in 2023.

In addition, Bank Mandiri subsidiaries are also able to properly manage earnings assets amid the expansion of the financing business. This can be seen from the composition of the collectability of financing receivables which is dominated by current with a portion of 93.70% in December 2023. The average effective interest rate charged to consumers for vehicle and motorcycle financing was 12.31% and 23.72% at the end of 2023, respectively, and 13.79% and 24.77% at the end of the previous year

Details of consumer financing receivables based on Bank Indonesia collectability

(in Rp Million)

Description	2023	2022	Growth 2023-2022	
			Nominal	%

STATEMENT OF FINANCIAL POSITION

Net Investment Finance Leases

In addition to conducting consumer financing business activities, Bank Mandiri Subsidiaries also carry out net investment in finance leases activities. This business activity reached Rp5.49 trillion at the end of 2023 or a correction of 6.53% (ytd) compared to the previous year of Rp5.87 trillion. The term of the financing contract disbursed by the Subsidiary for motor vehicles ranges from 12 months - 60 months.

The collectability of finance leases until the end of 2023 appears to be dominated in the current category, which shows that the quality of earnings asset management is well carried out by the Subsidiaries. The portion of finance leases receivables for the current category reached 95.78% in 2023 and 96.67% in 2022 as illustrated in the following table:

Collectability of Finance Leases
(in Rp Million)

Description	2023	2022	Growth 2023-2022	
			Nominal	%
Current	5,257,583	5,676,952	(419,369)	(7.39)
Special Mention	212,580	168,819	43,761	25.92
Substandard	5,957	8,157	(2,200)	(26.97)
Doubtful	13,122	18,632	(5,510)	(29.57)
Loss	-	-	-	-
Total	5,489,242	5,872,560	(383,318)	(6.53)

The average effective interest rate charged to consumers for vehicle, heavy equipment and machinery financing as of December 2023 was 13.26%; 11.53%; and 11.89% respectively. In the previous year, the average effective interest rate for the three types of financing leases was 10.28%; 11.85%; and 12.39%.

Acceptance Receivables

In 2023, Bank Mandiri's acceptance receivables increased to Rp14.79 trillion from Rp11.78 trillion in 2022. This increase mainly derived from receivables to debtors which rose to Rp13.78 trillion in 2023 or grew 26.11% (ytd) from the previous Rp10.93 trillion in 2022. In addition, receivables to other banks also increased to Rp1.01 trillion with a growth of 18.59% (ytd) from the previous Rp0.85 trillion in 2022.

Acceptance receivables from the third-party stood at Rp12.54 trillion in 2023 from Rp9.88 trillion in the previous year. Meanwhile, based on the type of currency, only acceptance receivables denominated in Rupiah increased by 105.18% from Rp4.48 trillion in 2022 to Rp9.19 trillion in 2023.

Investments in Shares

Bank Mandiri posted a 32.50% decrease in Investments in Shares from Rp2.76 trillion in 2022 to Rp1.86 trillion the following year. Of this amount, third-party Investments in Shares increased 23.15% to Rp1.21 trillion in 2023, while related party Investments in Shares decreased 63.26% to Rp0.65 trillion.

Deferred Tax Assets – net	10,179,244	12,045,479	10,354,794	(1,866,235)	(15.49)
Total Non-Financial Assets	115,066,291	105,437,726	92,002,784	9,628,565	9.13

Prepaid Expenses

In 2023, Bank Mandiri posted prepaid expenses of Rp2.72 trillion or grew by 43.49% from the previous year of Rp1.90 trillion. The largest increase in this account in nominal terms came from loans transaction expenses which reached Rp0.25 trillion. Followed by an increase in insurance premium expenses by Rp0.09 trillion to Rp0.45 trillion, and building maintenance expenses by Rp0.08 trillion to Rp0.72 trillion.

Meanwhile, the largest increase in percentage growth occurred in promotional expenses, system maintenance fee, and loans transaction expenses, which grew 671.61% (ytd), 330.55% (ytd), and 283.31% (ytd) respectively in 2023 compared to the end of the previous year.

Prepaid Taxes

Bank Mandiri's prepaid taxes reached Rp0.44 trillion in 2023. This amount is lower than the end of the previous year of Rp1.16 trillion. This decrease was in line with the reduction in Bank Mandiri's portion by 54.92% to Rp0.24 trillion. Meanwhile, the portion of subsidiaries increased 45.08% to Rp0.20 trillion.

Fixed Assets

Bank Mandiri posted fixed assets of Rp82.32 trillion, an increase of 5.57% (ytd) compared to the previous year's Rp77.97 trillion. This was mainly due to, among others, an increase in direct ownership of assets under development of Rp1.32 trillion to Rp4.44 trillion from the previous Rp3.12 trillion in 2022. Followed by an increase in direct ownership of buildings of Rp0.74 trillion to Rp11.90 trillion and an increase in equipment, office equipment and computers of Rp0.44 trillion to Rp15.59 trillion in 2023 compared to Rp15.15 trillion in 2022.

Bank Mandiri's direct ownership of land in 2023 increased by Rp0.06 trillion or to Rp41.42 trillion. In 2023, right-of-use assets also increased by Rp1.79 trillion to Rp8.73 trillion compared to the previous year of Rp6.93 trillion.

Intangible Assets

Bank Mandiri's intangible assets increased by 16.71% (ytd) to Rp13.67 trillion in 2023 compared to the end of the previous year. This increase was in line with the increase in accumulated amortization expenses to Rp7.79 trillion in 2023 from Rp6.62 trillion in 2022.

STATEMENT OF FINANCIAL POSITION

Other Assets

Bank Mandiri posted total other assets of Rp39.47 trillion or grew 29.75% (ytd) in 2023 from the previous year of Rp30.42 trillion. The increase in this account was mainly influenced by an increase in accrued income which increased to Rp10.26 trillion in 2023 compared to 2022 of Rp9.53 trillion, and receivables from sales of marketable securities from Rp0.23 trillion in 2022 to Rp0.57 trillion in 2023. Then, Bank Mandiri also posted an increase in *Ijarah* receivables which rose to Rp0.22 trillion in 2023 from Rp0.01 trillion in the previous year.

Deferred Tax Assets

Cumulatively, Bank Mandiri recorded net deferred tax assets of Rp10.18 trillion or a decrease of 15.49% (ytd) compared to the previous year of Rp12.05 trillion. This decrease was mainly due to the impact of a decrease of allowance for impairment losses on loans and sharia receivables/financing of Rp1.35 trillion to Rp5.02 trillion in 2023, as well as the decreasing effect of unrealized gains from an increase in the fair value of government securities and bonds measured at fair value through other comprehensive income of Rp0.12 trillion to Rp0.81 trillion.

STATEMENT OF FINANCIAL POSITION

Obligation Due Immediately

Bank Mandiri's obligation due immediately reached Rp4.48 trillion in 2023, a 10.58% higher than the previous year of Rp4.06 trillion.

Deposits from Customer

Bank Mandiri's consolidated deposits from customer or third-party funds (TPF) consist of demand deposits and *Wadiah* demand deposits, savings deposits and *Wadiah* savings deposits, and time deposits. Bank Mandiri's total deposits in 2023 increased 4.31% (ytd) to Rp1,351.45 trillion compared to the previous year of Rp1,295.58 trillion

Of this total deposit, low-cost fund or CASA reached 74.30% or equivalent to Rp1,171.71 trillion in 2023. Meanwhile, in 2022, the CASA ratio reached 73.42% or equivalent to Rp1,094.55 trillion. The composition of deposits and the average interest rate on customer deposits per year are as follows:

Deposits from Customer	Currency	2023	2022
Demand Deposits and Wadiah Demand Deposits	Rupiah	2.64%	1.88%
	Foreign currency	1.95%	0.44%
Saving Deposits and Wadiah Saving Deposits	Rupiah	0.50%	0.51%
	Foreign currency	0.18%	0.19%
Time Deposits	Rupiah	3.53%	2.63%
	Foreign currency	3.01%	1.01%

STATEMENT OF FINANCIAL POSITION

Deposits from Other Banks

Bank Mandiri also posted deposits from other banks in the form of demand deposits, *Wadiah* demand deposits and saving deposits, inter-bank call money, and time deposits. Cumulatively, deposits from other banks reached Rp17.68 trillion in 2023, grew 19.11% (ytd) from Rp14.85 trillion in 2022. Of these, Inter-Bank Call Money has the largest portion of 41.18%; then demand deposits, *Wadiah* demand deposits and savings deposits with a portion of 37.85%; and the portion of time deposits of 20.97%. The comparison of the portion of each deposit from other banks per year 2023 against the portion in 2022 is illustrated in the following chart with a table of the average interest rates per year.

Deposits from Other Banks	Currency	2023	2022
Demand Deposits and <i>Wadiah</i> Demand Deposits	Rupiah	2.64%	1.88%
	Foreign currency	1.95%	0.44%
Saving Deposits	Rupiah	0.50%	0.51%
	Foreign currency	0.18%	0.19%
Inter-Bank Call Money	Rupiah	3.53%	2.63%
	Foreign currency	3.01%	1.01%
Time Deposits	Rupiah	3.21%	2.41%
	Foreign currency	3.28%	1.01%

Liabilities to Unit-Link Holders

This account is the Subsidiary's liabilities to unit-link holders placed on unit-linked investments. Cumulatively, liabilities to unit-link holders reached Rp29.19 trillion in 2023, decreased 1.74% (ytd) from the previous year of Rp29.71 trillion

STATEMENT OF FINANCIAL POSITION

Liabilities on Securities Sold under Agreements to Repurchase

Bank Mandiri posted liabilities on securities sold under agreement to repurchase of Rp36.33 trillion in 2023 compared to the previous year of Rp24.33 trillion. This increase was mainly due to an increase in liabilities on securities sold under agreement to repurchase in foreign currencies from Rp23.19 trillion in 2022 to Rp36.33 trillion in 2023.

Derivative Liabilities

Bank Mandiri's derivative liabilities reached Rp2.11 trillion in 2023, decreased 0.61% (ytd) from Rp2.13 trillion in the previous year. Of this amount, related party derivative liabilities decreased from Rp0.09 trillion in 2022 to Rp0.08 trillion in 2023. Related parties derivative liabilities on foreign currency related forward-sell of US Dollar decreased by 91.28% (ytd) or Rp0.04 trillion. On the other hand, related party derivative liabilities on Interest rate related Swap – other interest rate increased by 296.72% (ytd) or Rp0.01 trillion in 2023.

Acceptance Payables

Bank Mandiri posted acceptance payables of Rp14.79 trillion in 2023, 25.57% (ytd) higher than in 2022 of Rp11.78 trillion. This increase was driven by an increase in transactions with related parties and third parties to Rp2.61 trillion and Rp12.18 trillion in 2023, from Rp1.75 trillion and Rp10.03 trillion in 2022, respectively.

Debt Securities Issued

On a consolidated basis, net debt securities issued by Bank Mandiri and subsidiaries that have matured reached Rp50.52 trillion in 2023. Of this amount, securities issued in Rupiah reached Rp22.17 trillion while in foreign currencies amounted to Rp28.42 trillion with the following composition:

STATEMENT OF FINANCIAL POSITION

The securities issued by Bank Mandiri in both Rupiah and foreign currencies are described in the following table. Meanwhile, securities issued by Subsidiaries are presented in the audited financial statements note No. 30 and 37 of this annual report or the financial and annual statements of each Subsidiary.

Estimated Losses on Commitments and Contingencies

Bank Mandiri posted an estimated losses on commitments and contingencies of Rp1.14 trillion in 2023, decreased 44.84% (ytd) from Rp2.07 trillion in the previous year.

Accrued Expenses

Accrued expenses decreased by 26.09% from Rp6.49 trillion in 2022 to Rp4.80 trillion in 2023. The decline in accounts was mainly due to a decrease in the procurement of fixed assets, software, operations and ATMs from Rp2.35 trillion in 2022 to Rp1.42 trillion in 2023, as well as a decrease in accrued expenses related to marketing from Rp1.08 trillion in 2023 to Rp0.58 trillion in 2023.

STATEMENT OF FINANCIAL POSITION

Other Liabilities

Cumulatively, Bank Mandiri's other liabilities reached Rp37.40 trillion in 2023 or grew 36.81% (ytd) from the previous Rp27.34 trillion in 2022. This increase was mainly due to liabilities of ATM and credit card transactions in Rupiah which increased from Rp2.80 trillion in 2022 to Rp7.01 trillion in 2023. In addition, other major increases are liabilities to policyholders denominated in Rupiah to Rp6.83 trillion in 2023 from Rp6.00 trillion in 2022, and Foreign Exchange Term Deposits from Exports which increased from RpNil in 2022 to Rp3.72 trillion in 2023.

Fund Borrowings

Bank Mandiri fund borrowings reached Rp95.45 trillion in 2023. This account increased 51.89% (ytd) from the end of the previous year of Rp62.84 trillion in line with the increase in fund borrowings in Rupiah from Rp21.62 trillion in 2022 to Rp38.95 trillion in 2023. The Bank also recorded an increase in fund borrowings in foreign currencies from third parties

in the form of trade financing facilities (Banker's Acceptance) to reach Rp33.25 trillion in 2023, grew 57.37% from the previous year of Rp21.13 trillion.

Subordinated Loans and Marketable Securities - Net

Cumulatively, Bank Mandiri's net subordinated loans and marketable securities reached Rp0.22 trillion in 2023. Of this amount, Rp0.1 trillion was in the form of Bank Mandiri's Subordinated Medium Term Notes (MTN) II Year 2023 issued on 23 June 2023 with a five-year tenor and a fixed interest rate of 6.95% per year and rated idAA from Pefindo. This subordinated effect will mature on 23 June 2028.

Subordinated MTN II can be recorded as a component of decreased complementary capital (Tier 2) pursuant to approval from the Financial Services Authority through letter No. SR-51/PB.21/2023 dated 20 July 2023

Non-Financial Liabilities

Non-Financial Liabilities	2023	2022	2021	Growth 2023-2022	
				Nominal	(%)
Tax Payable	2,690,902	3,590,522	2,862,716	(899,620)	(25.06)
Employee Benefits Liabilities	11,894,629	12,607,759	11,205,546	(713,130)	(5.66)
Provision	286,081	323,365	413,876	(37,284)	(11.53)
Total Non-Financial Liabilities	14,871,612	16,521,646	14,482,138	(1,650,034)	(9.99)

Taxes Payable

Bank Mandiri's tax payable decreased by 25.06% to Rp2.69 trillion in 2023 compared to the end of the previous year of Rp3.59 trillion. This decrease was in line with the decrease in tax payable recorded by Bank Mandiri as the parent company and subsidiary.

Employee Benefits Liabilities

Bank Mandiri posted employee benefit liabilities of Rp11.89 trillion in 2023, decreased 5.66% (ytd) from the previous year of Rp12.61 trillion. This decrease was mainly influenced by the decrease in allowances for bonuses, incentives, leave and THR to Rp8.34 trillion in 2023 from Rp9.36 trillion in 2022.

Provision

Bank Mandiri's provision decreased by 11.53% (ytd) to Rp0.29 trillion by the end of 2023. In the previous year, this account was recorded at Rp0.32 trillion.

STATEMENT OF FINANCIAL POSITION

Temporary Syirkah Funds

Bank Mandiri records temporary syirkah funds originating from deposits from customers and deposits from other banks as described in the table below:

Temporary Syirkah Funds	2023	2022	2021	Growth 2023-2022	
				Nominal	(%)
Deposits from customers	225,501,470	195,268,663	175,897,406	30,232,807	15.48
Deposits from other Banks	780,202	933,938	1,010,203	(153,736)	(16.46)
Total Temporary Syirkah Funds	226,281,672	196,202,601	176,907,609	30,079,071	15.33

Deposits from Customers

Bank Mandiri deposits from customers consist of mudharabah demand deposits, mudharabah saving deposits, mudharabah time deposits, and mudharabah musytarakah demand deposits. Cumulatively, deposits from customer reached Rp225.5 trillion in 2023 or grew 15.48% from the previous year of Rp195.27 trillion.

Of the total deposits from customer at the end of 2023, the portion of mudharabah deposits remained the highest at 51.20% in 2023, followed by mudharabah savings deposits at 34.46%, and mudharabah demand deposits as well as mudharabah musytarakah demand deposits at 14.34% compared to the previous year at 51.35%; 37.01%; and 11.64% respectively.

STATEMENT OF FINANCIAL POSITION

Deposits from Other Banks

Deposits from other banks consist of mudharabah demand deposits, mudharabah saving deposits, and mudharabah time deposits. Cumulatively, deposits from other banks remained dominated by mudharabah savings deposits at 74.35% and mudharabah time deposits at 17.52% at the end of 2023. In the previous year, the portion of the two types of deposits from other banks was 67.20% and 29.38% as described in the following chart:

Bank Mandiri was able to record a stronger amount of equity until 2023, mainly supported by improved earnings profile, thereby increasing the balance of profit in the year. The Bank's equity reached Rp287.49 trillion in 2023, grew 13.97% from the previous year of Rp252.25 trillion. The increase in equity was mainly supported by an increase in retained earnings by 18.16% (ytd) from Rp166.99 trillion in 2022 to Rp197.30 trillion in 2023.

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Bank Mandiri managed to record an increase in profit for the current period by 33.74% to Rp55.06 trillion in 2023 compared to 2022 of Rp41.17 trillion. The improved profile of profit for the year was mainly supported by an increase in total net interest and sharia income by 9.08% (yoy) in line with growth in sharia lending and receivables/financing by 15.97% (ytd) in 2023. In addition, this business expansion can be balanced with the efficiency of interest expenses and sharia expenses in addition to better management of earnings assets.

Interest Income

Bank Mandiri successfully posted an increase in interest income by 18.56% (yoy) to Rp113.75 trillion in 2023. This increase was mainly due to the expansion of loan disbursement which grew by 15.97% (ytd) in the period. This is reflected in interest income from loans reaching Rp84.34 trillion in 2023 or grew 21.57% (yoy) from the previous year of Rp69.37 trillion. In addition, the other largest source of interest income came from interest income placement with Bank Indonesia and other banks which grew by 123.03% (yoy) from Rp1.45 trillion in 2022 to Rp3.22 trillion in 2023.

Description	2023	2022	2021	Growth 2023-2022

Total Sharia Expenses	5,993,168	4,032,169	4,245,085	1,960,999	49.63

Interest Income and Sharia Income – Net

In 2023, Bank Mandiri's net interest income and sharia income stood at Rp95.89 trillion or grew 9.08% (yoy) from 2022 achievement of Rp87.90 trillion. This growth was mainly driven by the increase in interest income and sharia income and at the same time Bank Mandiri was able to properly control the increase in interest expenses and sharia expenses.

Premium Income – Net

Cumulatively, Bank Mandiri's net premium income reached Rp2.12 trillion in 2023, decreased 13.97% (yoy) from Rp2.47 trillion in the same period the previous year. This decrease was mainly influenced by a decrease in premium income by 4.58% (yoy) to Rp13.72 trillion in 2023 from Rp14.38 trillion in 2022.

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Interest, Sharia and Premium Income – Net

Bank Mandiri posted net interest, sharia and premium income of Rp98.01 trillion in 2023, an increase of 8.45% (yoy) from 2022 of Rp90.37 trillion.

Other Operating Income

Bank Mandiri posted other operating income derived from fees and commissions, income from the fair value group through net profit and loss and other income. Cumulatively, other operating income grew 18.21% (yoy) to Rp40.52 trillion in 2023 compared to Rp34.28 trillion in 2022.

The increase in other operating income was mainly supported by an increase in fees and commissions which reached Rp20.15 trillion in 2023 with a growth of 7.16% (yoy) compared to the same period the previous year of Rp18.80 trillion. Of the total fees and commissions, those derived from loans grew by 12.91% (yoy) from Rp3.95 trillion in 2022 to Rp4.46 trillion in 2023 as described in the following table:

Description	2023	2022	2021	Growth 2023-2022	
				Nominal	%

Allowance for Impairment Losses

Supported by good earnings asset management with lower NPL ratios, Bank Mandiri was able to record allowance for impairment losses (CKPN) of Rp11.15 trillion in 2023, 30.71% (yoy) lower than Rp16.10 trillion in 2022. The decrease in CKPN was mainly due to a decrease in CKPN loans expenses by Rp5.66 trillion from Rp15.45 trillion in 2022 to Rp9.79 trillion in 2023.

Reversal of Allowance for Estimated Losses on Commitments and Contingencies

Bank Mandiri posted a reversal of the allowance for estimated losses on commitments and contingencies of Rp0.92 trillion in 2023, up from the previous Rp0.26 trillion in 2022.

Reversal/(Establishment) of Other Allowances and Losses of Operational Risk

Bank Mandiri posted a decrease in the formation of other allowances and operational risk losses from the formation of allowances of Rp0.28 trillion in 2022 to a reversal of allowances of Rp0.09 trillion in 2023. This decline was mainly influenced by the increase in the reversal of allowance for other assets to Rp0.15 trillion in 2023 from Rp(0.19) trillion in 2022.

CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Gains on Sale of Marketable Securities and Government Bonds

Bank Mandiri posted a decrease in gains from the sale of government securities and bonds by 86.07% (yoy) from Rp0.90 trillion in 2022 to Rp0.13 trillion in 2023.

Other Operating Expenses

Other operational expenses consist of net salaries and employee benefit expenses, general and administrative expenses, and other expenses. In 2023, Bank Mandiri posted an increase in total operating expenses of Rp0.61 trillion or grew 1.14% (yoy) from Rp53.26 trillion in 2022 to Rp53.87 trillion in 2023. This increase was mainly due to an increase in general administrative expenses of Rp0.63 trillion from Rp22.10 trillion in 2022 to Rp22.73 trillion in 2023.

Operating Income

Cumulatively, Bank Mandiri was able to record an increase in operating income by 32.89% (yoy) to Rp74.64 trillion in 2023 from Rp56.17 trillion in 2022, in line with the increase in interest income and sharia income during 2023.

Income Before Tax and Noncontrolling Interest

After adding net non-operating income of Rp0.04 trillion, Bank Mandiri managed to record income before tax and non-controlling interests of Rp74.68 trillion in 2023. This achievement is higher than the same period the previous year of Rp56.38 trillion.

Income for The Year

Bank Mandiri posted income for the year of Rp60.05 trillion in 2023, grew 33.59% compared to the same period the previous year of Rp44.95 trillion.

Total Comprehensive Income for the Year

Bank Mandiri's total comprehensive income for the year increased by 34.43% (yoy) to Rp60.96 trillion in 2023, compared to the same period the previous year of Rp45.35 trillion.

Basic and Diluted Earnings Per Share

Bank Mandiri's basic and diluted earnings per share grew 33.69% (yoy) from Rp441.26 (full value) in 2022 to Rp589.93 (full value) in 2023, supported by an increase in income for the year.

Bank Mandiri Earnings (2021-2023)

CONSOLIDATED STATEMENT OF CASH FLOW

Bank Mandiri was able to record final cash and cash equivalents at the end of 2023 of Rp243.80 trillion. This achievement decreased compared to the achievement of the same period the previous year which amounted to Rp274.89 trillion.

Description	2023	2022	2021	Growth 2023-2022	
				Nominal	%
Net Cash (Used for)/Provided by Operating Activities	(69,622,480)	99,975,305	129,892,493	(169,597,785)	(169.64)
Net Cash Provided by/(Used for) Investing Activities	16,010,540	(41,889,931)	(132,477,052)	57,900,471	(138.22)
Net Cash Provided by Financing Activities	23,470,655	13,329,320	(3,435,459)	10,141,335	76.08
Net (Decrease)/Increase in Cash and Cash Equivalents	(30,141,285)	71,414,694	(6,020,018)	(101,555,979)	(142.21)
Effect of Exchange Rate Changes on Cash and Cash Equivalent	(946,566)	9,843,138	(269,997)	(10,789,704)	(109.62)
Cash and Cash Equivalents, Beginning of The Year	274,889,544	193,631,712	199,921,727	81,257,832	41.97
Cash and Cash Equivalents, End of The Year	243,801,693	274,889,544	193,631,712	(31,087,851)	(11.31)

Cash Flow from Operating Activities

Bank Mandiri posted net cash used for operating activities of Rp69.62 trillion in 2023. This was influenced by, among others, an increase in loans and a decrease in deposits from customer (demand deposits, *Wadiah* demand deposits, savings deposits, and *Wadiah* savings deposits). In the previous year, Bank Mandiri posted net cash provided by operating activities of Rp99.98 trillion in 2022.

Cash Flow from Investing Activities

Bank Mandiri posted net cash provided by investing activities of Rp16.01 trillion in 2023. This was primarily due to a decrease in government bonds other than measured at fair value through profit and loss and divestment in associated entities. In the previous year, Bank Mandiri recorded net cash used for investing activities of Rp41.89 trillion in 2022.

Cash Flow from Financing Activities

Bank Mandiri posted net cash provided by financing activities of Rp23.47 trillion in 2023. In the same period the previous year, Bank Mandiri posted net cash provided by financing activities of Rp13.33 trillion. This increase was attributable to, among others, an increase in net receipts from debt securities issued and net Receipts from fund borrowings.

Cash and Cash Equivalents at the End of the Year

Bank Mandiri posted a decrease in net cash and cash equivalents of Rp30.14 trillion in 2023, bringing cash and cash equivalents at the end of 2023 to Rp243.80 trillion

SOLVENCY AND RECEIVABLES COLLECTIBILITY

SOLVENCY

From the Bank's internal side, Bank Mandiri's solvency can be seen from its liquidity and solvency profile. Meanwhile, from an external point of view, in relation to issued MTN and bonds, Moody's and Fitch have set Bank Mandiri a rating for the issuance of MTN in foreign currencies listed on the Singapore Stock Exchange. On the other hand, Pefindo has set ratings for Rupiah-denominated corporate bonds listed on the Indonesia Stock Exchange as follows:

Rating Agencies	Rating Criteria	Ratings
Lembaga Pemeringkat Internasional		
Moody's (as of March 2023)	Long-Term Counterparty Risk Rating	Baa2
	Long-Term Deposit	Baa2
	Long-Term Debt	Baa2
Fitch Ratings (as of February 2023)	International Long-Term Rating	BBB-
	National Long Term Rating	AA+(idn)
	National Short-Term Rating	F1+(idn)
Standard & Poor's (as of December 2022)	Issuer Credit Rating	BBB-/STABLE/A-3
National Rating Agency		
PT Pemeringkat Efek Indonesia (as of February 2023)	Long Term General Obligation	idAAA

The credibility of the rating can be proven by Bank Mandiri's ability to pay maturing bonds on time.

Short-Term Debt Repayment Ability (Bank Liquidity)

Bank Mandiri's liquidity adequacy can be seen from several indicators used to measure liquidity, such as the minimum reserve requirement ratio, macroprudential liquidity buffer, liquidity reserves, macroprudential intermediation ratio (MIR), liquidity coverage ratio (LCR), and Net Stable Funding ratio (NSFR).

- The reserve requirement is set by the central bank based on the percentage of third-party funds collected by banks, which must be maintained by banks in current accounts at BI.
- Bank Mandiri has a limit in the form of a safety level limit, which is a projection of liquidity

reserves for the next month. At the end of December 2023, Bank Mandiri's liquidity reserves are above the safety level.

- RIM is a ratio of the results of a comparison between loans and corporate securities that meet certain requirements held against deposits, securities that meet certain requirements issued by banks, and loans that meet certain requirements.
- LCR is the ratio between High Quality Liquid Assets (HQLA) and estimated total net cash outflow for the next 30 days in a crisis scenario. LCR aims to improve banks' short-term liquidity resilience in crisis conditions. Regulators who set LCR compliance at least 100%.
- NSFR is a comparative ratio between available stable funding and required stable funding. The regulator that sets the NSFR fulfillment is the lowest 100%.

The achievements of the ratios mentioned above are as follows:

Liquidity	2023	2022	2021
Rupiah reserve requirement	7.32%	8.53%	3.97%
Macroprudential Intermediation Ratio (MIR)	83.73%	75.98%	78.35%
Liquidity Coverage Ratio (LCR)	176.24%	191.02%	200.56%
Net Stable Funding Ratio (NSFR)	116.59%	119.93%	126.20%

Long-Term Debt Repayment Ability (Bank Solvency)

Bank Mandiri Capital Adequacy Ratio or CAR (Bank Only) reached 21.48% in December 2023, higher than the CAR ratio for the same period the previous year of 19.46%. This ratio indicates that Bank Mandiri's solvency remains positive as it has exceeded the minimum CAR ratio requirement from the Regulator, enabling the Bank to meet credit risk, market risk and operational risk

Bank Mandiri projects its liquidity position in the future through the liquidity gap methodology, which is a maturity mismatch between asset and liability components (including off balance sheets), which is arranged into time buckets based on contractual maturity or behavioral maturity.

For the next 12 months, Bank Mandiri estimates liquidity conditions to be in a surplus position.

However, alternative funding if market liquidity conditions become tight or not in accordance with predictions is still prepared by the Bank.

In addition, Bank Mandiri also conducts periodic liquidity risk stress-testing in order to determine the impact of changes in market factors and internal factors in extreme conditions (crisis) on liquidity conditions. Bank Mandiri reported that the Bank was able to survive the liquidity crisis based on the results of the stress-testing. In addition to stress-testing, the Bank also has a Liquidity Contingency Plan (LCP) that regulates funding strategies and pricing strategies in crisis conditions, including money market loans, repos, bilateral loans, FX swaps and wholesale funding. In the LCP, the Bank determines liquidity conditions and funding strategies by considering internal and external conditions.

SOLVENCY AND RECEIVABLES COLLECTIBILITY

Debt Payment Ability from Issued Securities

Bank Mandiri has issued debt securities or corporate bonds denominated in Rupiah listed on the Indonesia Stock Exchange. The Bank also issues debt securities denominated in foreign currencies (US Dollars) in the form of global bonds listed on the Singapore Stock Exchange and offered to investors outside the United States subject to Regulation S under the US Securities Act.

The issued securities have been rated by the rating agency and will be periodically reassessed until the debt securities mature. The quality of securities is largely determined by the ability of the issuing company to pay securities at maturity and the ability to pay interest or coupons during the term of issuance of the securities.

The structure of debt securities issued by Bank Mandiri both in Rupiah and foreign currencies with the rating of debt securities has been explained in the financial review section of the issued securities. The meaning of the rating that has been determined by the rating agency is as follows:

Earnings

Bank Mandiri uses Return on Assets (ROA), Return on Equity (ROE), Net Interest Income Margin (NIM), Operating Expenses to Operating Income (BOPO), and Cost Efficiency Ratio (CER) to determine the Bank's earnings performance. The Bank's achievements related to these ratios in September 2023 are as follows

Profitability	2023	2022	2021
Return on Assets (ROA)	4.03%	3.30%	2.53%
Return on Equity (ROE, Avg Tier 1 Capital)	27.31%	22.62%	16.24%
Net Interest Margin (NIM)	5.25%	5.16%	4.73%
Operating Expenses to Operating Income (BOPO)	51.88%	57.35%	67.26%
Cost Efficiency Ratio (CER)	35.08%	38.90%	44.89%
Cost to Income Ratio (CIR)	34.36%	38.16%	42.50%

The achievement of ROE (Avg Tier 1 Capital) and ROA ratios of 27.31% and 4.03% respectively in December 2023 was supported by operational efficiency reflected by BOPO and CIR ratios of 51.88% and 34.31% respectively in December 2023. Meanwhile, the Bank's NIM ratio reached 5.25% in December 2023, up from 5.15% in the same period the previous year.

SOLVENCY AND RECEIVABLES COLLECTIBILITY

Receivables Collectability

The receivables collectability is measured by the efficient payment of lending. Bank Mandiri reported the receivables collectability from lending activities (banks only) as follows:

Category	2023	2022	2021	2020	2019
Current	1,027,406,545	874,645,487	764,469,150	701,951,159	734,848,329
Special Mention	47,381,346	40,549,922	40,525,825	36,796,337	38,663,525
Substandard	2,289,310	1,280,514	1,913,657	2,065,985	3,372,638
Doubtful	4,322,560	5,402,034	4,369,540	938,038	3,533,071
Loss	4,387,666	10,761,094	16,835,691	21,851,897	11,933,553
Total Loans	1,085,787,427	932,639,051	828,113,863	763,603,416	792,351,116
NPL gross*)	10,999,536	17,443,642	23,118,888	24,855,920	18,839,262
NPL (%)	1.02%	1.88%	2.81%	3.29%	2.39%

*) NPL ratio is calculated excluding Loans to Other Banks

Indonesia's economy appears to be growing stronger until the end of 2023. Bank Mandiri took advantage of the momentum of economic improvement while contributing directly to the Indonesian economy by disbursing loans. Amidst such loan expansion, the Bank always prioritizes the principle of prudence in loan management. One indication of improved loans management is the achievement of the NPL (Gross) ratio of 1.02% in December 2023, lower than the same period the previous year of 1.88%. Net NPL ratio was also relatively controlled at 0.29% in December 2023 compared to 0.26% in December 2022. This improvement in the NPL ratio has a positive impact on Bank Mandiri's loans collectability profile and reduces the expenses of allowance for impairment losses.

Bank Mandiri has standard procedures in loans management from beginning to end. For the wholesale segment, Bank Mandiri begins the loans management process by determining the target market through the Loan Portfolio Guideline which establishes the Industry Classification (attractive, neutral, selective) and Industry Limit in accordance with the Bank's appetite, as well as selecting and screening target customers through Industry

Acceptance Criteria and Name Clearance, to produce a pipeline of qualified debtors. This process is continued with a credit risk assessment using a series of credit risk tools (credit risk rating, spreadsheet, CPA, NAK, and so forth), which is then taken a decision by the Credit Approver Authority Holder (through a Credit Committee Meeting) with a four-eyes principle involving the Business Unit and Credit Risk Management Unit independently.

Meanwhile, for the retail or mass market segment, the loan management process is carried out more automatically using a credit risk scorecard, by referring to the Risk Acceptance Criteria of each product, and processed through an automated work-flow (loan factory).

Furthermore, for the credit monitoring process, Bank Mandiri applies the Portfolio Quality Review mechanism based on the credit portfolio. This process is followed by collection and recovery for non-performing parts of the portfolio. The Bank also conducts what-if analysis of wholesale and retail portfolios through a stress testing process using certain macroeconomic scenarios to anticipate worsening macroeconomic conditions.

CAPITAL STRUCTURE

MANAGEMENT POLICY ON CAPITAL STRUCTURE

Bank Mandiri's capital policy is prudently to meet regulatory capital requirements, diversify capital sources to anticipate long-term strategic plans and allocate capital efficiently to business segments that have the potential to provide an optimal risk-return profile, including placement and participation in Subsidiaries in order to meet stakeholder expectations including investors and regulators.

Bank Mandiri ensures that it has sufficient capital to be able to meet credit risk, market risk and operational risk, both in supporting business growth under normal conditions and to anticipate stressful conditions.

In calculating the capital adequacy, Bank Mandiri refers to the provisions of the Financial Services Authority (OJK) including the following:

- POJK No. 27 of 2022 dated 28 December 2022 on the Second Amendment to POJK 11/POJK.03/2016 concerning the Capital Adequacy Ratio for Commercial Banks.
- POJK No. 34/POJK.03/2016 dated 22 September 2016 on Amendments to POJK

No. 11/POJK.03/2016 concerning the Capital Adequacy Ratio for Commercial Banks.

- SEOJK No. 26/SEOJK.03/2016 on the Capital Adequacy Ratio in accordance with Risk Profile and Fulfillment of Capital Equivalency maintained assets.

For the calculation of Risk-Weighted Assets (RWA), Bank Mandiri applies the Standardized Approach which refers to Basel III Reforms (Standardized Approach) for Credit Risk effective from January 2023. For Market Risk, the Bank applies the Basel II Standard Measurement Method and internally applies Value at Risk. For Operational Risk, the Bank refers to the Standardized Approach under Basel III Reforms effective from January 2023.

The Bank's consolidated capital adequacy ratios as of 31 December 2023 and 2022, taking into account credit, operational and market risks, were 21.99% and 19.65%, respectively, by calculating credit and operational risks of 22.21% and 19.75%, respectively.

The tables below describe the results of the RWA calculation (Credit, Operational, and Market) as well as the Capital Adequacy Ratio for the positions of 31 December 2023 and 31 December 2022 for Bank Mandiri only.

Expansion

Align with the improvement of digital banking services, Bank Mandiri reduced the number of branches by 117 sub-branch offices. This step is carried out to optimize banking services to customers by considering the level of digital penetration in each location. This reflects Bank Mandiri's commitment to always provide the widest possible access to the public to obtain banking services and products through the development of digital platforms and branchless banking.

Divestments

Following the first divestment process that changed Bank Mandiri's ownership in PT AXA Insurance Indonesia or All (formerly PT Mandiri AXA General Insurance) to 20% in 2018, a second divestment has been carried out which changed Bank Mandiri's

share ownership in All to 0% on 4 October 2023. Thereby, All is no longer a subsidiary of Bank Mandiri.

Acquisition

Bank Mandiri has no acquisition-related transactions or activities with a material value throughout 2023.

Debt and Capital Restructuring

Bank Mandiri did not conduct debt restructuring and/or capital restructuring transactions during 2023.

Use of Third-Party Services

The use of third-party services to assess the fairness of investment transactions, acquisitions, divestments and restructuring is carried out by adhering to prevailing capital market regulations.

Total Training Cost (in Rp Billion)	313.75	351.94	364	207

MATERIAL INFORMATION AND SUBSEQUENT EVENTS

Based on Bank Mandiri's dated financial statements for the period ended 31 December 2023 prepared by Management and audited by Public Accounting Firm Tanudiredja, Wibisana, Rintis & Rekan (a member firm of the PwC global network) with a public accountant in charge Lucy Luciana Suhenda, S.E., Ak., CPA, no subsequent events after the financial

position statement date of 31 December 2023, until 31 January 2024 which will result in additional adjustments or disclosures to the financial statements where the Financial Accounting Standards applicable in Indonesia require adjustments or disclosures.

DIVIDEND POLICY AND DISTRIBUTION

DIVIDEND POLICY

In general, the dividend distribution carried out by Bank Mandiri refers to Law No. 40 of 2007 concerning Limited Liability Companies and the Bank's articles of association. Based on the law, all net profit minus allowance for impairment is distributed to shareholders as dividends, unless otherwise specified in the General Meeting of Shareholders (GMS).

Bank Mandiri distributes dividends once a year preceded by the Annual General Meeting of Shareholders (AGMS) which has the authority to determine and approve dividend distribution. Bank Mandiri's policy regarding dividend distribution to customer holders is to maintain a dividend payout ratio of around 45% or more of net profit per year, unless the AGMS states otherwise depending on various considerations related to the performance

of the relevant year. In this case, Bank Mandiri will consider several important factors related to Bank Mandiri's financial health, level of capital adequacy, Bank Mandiri's fund needs for further business expansion, without prejudice to the right of Bank Mandiri's AGMS to determine in accordance with the provisions of the Company's Articles of Association.

In addition, dividend payments from net profit are made by Bank Mandiri based on prevailing law in Indonesia and will pay dividends (if any) in cash in Rupiah and always comply with prevailing regulations on the stock exchange by making payments on time. Bank Mandiri has no restrictions (negative covenants) in connection with restrictions on third parties in the context of dividend distribution that can detriment the rights of public shareholders.

ANNOUNCEMENT AND PAYMENT OF DIVIDENDS

Bank Mandiri has announced and distributed dividends as stipulated in the AGMS in the last five years as follows:

STOCK OPTION PROGRAM BY EMPLOYEES AND/OR MANAGEMENT

Pursuant to the Resolution of the Extraordinary GMS dated 20 May 2003 as stated in the Notarial Deed of Sutjipto, S.H., No. 142 dated 29 May 2003, Bank Mandiri's shareholders also approved the share ownership plan by employees and Directors through the Employee Stock Allocation (ESA) Program and the Granting of Stock Option to Management Stock Option Plan (MSOP). The ESA program consists of a Share Plan Bonus program and a Share Purchase at Discount program. While the MSOP program is intended for Directors and leadership employees at certain levels or criteria. The fees and discounts for the ESA program are borne by Bank Mandiri, whose expenses comes from the established reserves. The management and implementation of ESA and MSOP programs are carried out by the Board of Directors, while supervision is carried out by the Board of Commissioners.

On 14 July 2003, the Government of the Republic of Indonesia released 4,000,000,000 of its shares, representing 20.00% of its ownership in Bank Mandiri, through an Initial Public Offering (IPO). As a follow-up to the Government Regulation of the Republic of Indonesia No. 27/2003 dated 2 June 2003 which approved the divestment of up to 30.00% of the Government's ownership in Bank Mandiri and based on the decision of the Privatization Policy Team of State-Owned Enterprises No. Kep-05/TKP/01/2004 dated 19 January 2004, the Government of the Republic of Indonesia further divested 10.00% ownership in Bank Mandiri or as many as 2,000,000,000 Series B ordinary shares on 11 March 2004 through private placement.

At the time of the IPO on 14 July 2003, Bank Mandiri granted stock purchase options to management through the MSOP Phase 1 (one) program totaling 378,583,785 options with an execution price of Rp742.50 (full value) per share and a nominal value of Rp500 (full value) per share. This stock option grant is recorded in the Equity - Stock Option item with a fair value of Rp69.71 (full value) per share. The options exercised from MSOP Phase 1 (one)

amounted to 375,365,957 shares, resulting in an increase in Issued and Paid-up Capital of Rp187,683, an increase in Agio Share of Rp117,193.

Furthermore, at the Annual GMS on 16 May 2005, MSOP Phase 2 (two) of 312,000,000 stock options was approved. The execution price per share is Rp1,190.50 (full value) for the first year and Rp2,493 (full value) for the second and following years. The nominal value per share is Rp500 (full value). This stock option grant is recorded in equity post - stock options with a fair value of stock options of Rp642.28 (full value) per share. The options exercised from MSOP Phase 2 (two) amounted to 311,713,697 shares, resulting in an increase in issued and paid-up capital of Rp155,857 and an increase in agio share of Rp425,233.

The Annual GMS on 22 May 2006 approved the granting of MSOP Phase 3 (three) totaling 309,416,215 stock options. The GMS also authorizes the Board of Commissioners to determine the implementation and supervision policy for the MSOP Phase 3 (three) program and report it at the upcoming GMS. The option execution price per MSOP Phase 3 (three) share is Rp1,495.08 (full value) with a nominal value of Rp500 (full value) per share. This stock option grant is recorded in the Equity post - Stock Options with a fair value of stock options of Rp593.89 (full value) per share. The options exercised from MSOP Phase 3 (three) amounted to 309,415,088 shares, resulting in an increase in issued and paid-up capital of Rp154,707 and an increase in agio share of Rp491,651.

On 27 December 2010, the Bank has made its first registration to OJK (formerly the Capital Market and Financial Institutions Supervisory Agency (Bapepam and LK)) in the framework of a Limited Public Offering (Rights Issue) to the Bank's shareholders for the Issuance of Preemptive Rights (HMETD) of 2,336,838,591 series B shares. The Bank has submitted a notification regarding the Rights Issue to Bank Indonesia through a letter dated 17 September

STOCK OPTION PROGRAM BY EMPLOYEES AND/OR MANAGEMENT

2010. This Rights Issue has also been promulgated through Government Regulation of the Republic of Indonesia No. 75 of 2010 dated 20 November 2010. The Rights Issue has received effective approval from Baepem and LK through letter No. S-807/BL/2011 dated 27 January 2011, where the Rights Issue became effective after obtaining approval from shareholders in the Extraordinary General Meeting of Shareholders held on 28 January 2011.

Preemptive rights of 2,336,838,591 shares were traded during the period 14 - 21 February 2011 with an exercise price of Rp5,000 (full value) per share resulting in an increase in issued and paid-up capital of Rp1,168,420. Based on the resolution of the EGMS dated 21 August 2017, Bank Mandiri's shareholders, among others, approved a stock split from Rp500 (full value) per share to Rp250 (full value) per share, hence the issued capital becomes 46,666,666,666 shares consisting of 1 (one) Dwiwarna Series A share and 46,666,666,665 Series B shares. The stock split par value became effective on 13 September 2017.

As a continuation of the previously distributed ESOP and MSOP programs, Bank Mandiri provides similar programs to employees and Management with predetermined grant and vesting requirements.

Bank Mandiri has a Management Stock Ownership Program (MSOP) in the form of Long-Term Incentive (LTI) of shares measured based on the achievement of company performance targets (Performance Share Plan) for the Board of Directors and Board

of Commissioners non-Independent to provide motivation in improving performance in the future, rewarding efforts to maintain and/or increase stock value in the long term. The LTI program for the Board of Directors and Board of Commissioners is given based on the performance period of 2022 – 2024. The performance measurement period/ Performance/ Vesting Period is Annual (January to December) for 3 years (2022-2024). LTI vests fully in the 4th year (2025) after the financial statements are audited by independent auditors and the annual report is approved by/determined at the GMS. The calculation of achieving performance targets uses a 3-year average calculation (2022-2024) with indicators, namely Total Shareholder Return (TSR), Return on Equity (ROE) and Non-Performing Loan (NPL).

Bank Mandiri also has an Employee Stock Ownership Program (ESOP) in order to increase the sense of belonging while motivating employees to make the best contribution in the long term. ESOPs are given to certain grades and levels of positions that meet the criteria according to Management approval consisting of individual performance, talent classification, and employee track record. During the period 2015 to 2022, Bank Mandiri has distributed 96,003,800 shares with a vesting period of 3 – 5 years. In 2023, Bank Mandiri does not have an Employee Stock Ownership Program (ESOP).

Bank Mandiri will implement a similar shareholding program for employees and management in the following years.

REALIZATION OF THE USE OF PROCEEDS FROM THE PUBLIC OFFERING

REALIZATION OF THE USE OF PUBLIC OFFERING PROCEEDS

On 14 July 2003, Bank Mandiri conducted an IPO of 4,000,000,000 Series B Ordinary Shares, with a par value of Rp500 (full value) per share sold at a price of Rp675 (full value) per share. The public offering was a divestment of 20.00% of Bank Mandiri's shares owned by the Government.

On 14 July 2003, a total of 19,800,000,000 shares of Bank Mandiri's Series B Ordinary Shares were listed on the Jakarta Stock Exchange and Surabaya Stock Exchange based on approval letters from the Jakarta Stock Exchange No. S-1187/JSX. PSJ/07-2003 dated 8 July 2003 and Surabaya Stock Exchange No. JKT- 028/LIST/BES/VII/2003 dated 10 July 2003.

In compliance with POJK No. 30/POJK.04/2015 on the Realization Report on the Use of Public Offering Proceeds, Bank Mandiri has reported the Realization of the Use of Public Offering Proceeds for Bank Mandiri Shelf-Registration Green Bonds I Phase I Year 2023 as follows:

No	Types of Public Offerings	Effective Date	Realization Value of Public Offering Results			Plan of Use of Funds	Realization of the Use of Funds	Remaining Public Offering Proceeds
			Number of Public Offering Proceeds	Public Offering Fees	Net Results			
1	Bank Mandiri Shelf-Registration Green Bond I Phase I 2023	4 July 2023	Rp5,000 Billion	Rp12.26 Billion	Rp4,987.74 Billion	Rp4,987.74 Billion	Rp4,987.74 Billion	Rp0

* Loan included in the category of Green Business Activities (KUBL) as regulated in POJK No.60/2017

On 4 July 2023, Bank Mandiri issued Bank Mandiri Shelf-Registration Green Bonds I Phase I Year 2023 ("Shelf-Registration Green Bonds I Phase I") with a par value of Rp5,000,000,000,000 consisting of 2 (two) series.

Interest on Green Bonds I Phase I is paid quarterly with the first interest payment made on 4 October 2023. The last interest payment and principal repayment which is the maturity date of the bonds is 4 July 2026 for series A and 4 July 2028 for series B. The trustee of the issuance of Green Bonds I Phase I is PT Bank Negara Indonesia (Persero) Tbk.

All funds obtained from the Public Offering of Green Bonds, after deducting emission costs, will be entirely used to finance or refinance activities included in the category of Environmental Business Activities (KUBL) as stipulated in the Financial Services Authority Regulation (POJK) No. 60/POJK.04/2017 on Issuance and Requirements of Green Bond Securities, with a portion of at least 70% (seventy percent) used to finance KUBL.

The public offering of both stock and bond securities has been completed and all proceeds from the public offering have been used and reported in accordance with applicable regulations.

MATERIAL TRANSACTION INFORMATION CONTAINING CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATES/RELATED PARTIES

AFFILIATE TRANSACTIONS

Bank Mandiri and its Subsidiaries conduct transactions with related parties as defined in PSAK No. 7 concerning "Disclosure of Related Parties" and Bapepam and LK Regulation No. KEP-347/BL/2012 dated 25 June 2012 on Presentation and Disclosure of Financial Statements of Issuers or Public Companies and Financial Services Authority Regulation No. 42/POJK.04/2020 dated 2 July 2020 concerning Affiliate Transactions and Conflict of Interest Transactions.

A related party is a person or entity related to the entity that prepares its financial statements (reporting entity). The related parties are as follows:

1. Person who:
 - a. have joint control or control over the reporting entity;
 - b. have significant influence over the reporting entity; or
 - c. is the key management personnel of the reporting entity or the parent entity of the reporting entity
2. An entity is related to a reporting entity if it satisfies any of the following:
 - a. The reporting entity and entity are members of the same business group;
 - b. An entity is an associate or joint venture entity of the entity;
 - c. Both entities are joint ventures of the same third party;
 - d. An entity is a joint venture of a third entity and another entity is an associate entity of a third entity;
 - e. The entity is a post-employment benefit plan for employee benefits of one of the reporting entities or entities related to the reporting entity;
 - f. Entities jointly controlled or controlled by persons identified as referred to in number 1); or

- g. The person identified as referred to in number 1) letter a) has significant influence over the entity or is a key management personnel of the entity;
- h. Entities controlled, jointly controlled or significantly influenced by the Government i.e. the Minister of Finance or Local Government who are shareholders of the entity.

In Article 1 paragraph (1) of POJK 42/2022, the description of Affiliation is as follows:

- a. family relations due to marriage and dependent to the second degree, both horizontally and vertically;
- b. relationship between the party and the employees, directors, or commissioners of that party;
- c. relationship between 2 (two) companies where there are 1 (one) or more members of the same Board of Directors or Board of Commissioners;
- d. relationship between the Company and the party, whether directly or indirectly, controlling or controlled by such Company;
- e. relationship between 2 (two) companies controlled, either directly or indirectly, by the same party; or
- f. relationship between the company and the major shareholders

Meanwhile, the definition of Affiliate Transaction in Article 1 paragraph (3) of POJK 42/2022 is any activity and/or transaction carried out by a public company or controlled company with an Affiliate of a public company or an Affiliate of a member of the board of directors, members of the board of commissioners, major shareholder, or Controller, including any activity and/or transaction carried out by a public company or controlled company for the benefit of Affiliates of a public company or Affiliations of members of the board of directors, members of the board of commissioners, major shareholders, or Controllers.

MATERIAL TRANSACTION INFORMATION CONTAINING CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATES/RELATED PARTIES

During 2023, Bank Mandiri has reported Affiliate Transactions to OJK by referring to the provisions of Article 6 paragraph (2) of POJK 42/2020. The first Affiliate Transaction Reporting describes that Bank Mandiri has signed a Subscription Agreement on 28 March 2023 with Mandiri Securities Pte. Ltd. (Mansec), The Hongkong and Shanghai Banking Corporation Limited, J.P. Morgan Securities plc, Citigroup Global Markets Limited, MUFG Securities Asia Limited Singapore Branch and Standard Chartered Bank as joint lead managers in relation to the issuance of debt securities (notes) denominated in U.S. Dollar.

The bond issuance amount was recorded at USD300 million with an interest rate of 5,500% and maturing in 2026, which is part of the issuance phase of Bank Mandiri Senior Medium-Term Note (Euro Medium Term Note or EMTN) program which has a principal amount of up to USD4 billion.

The Subscription Agreement was signed for Mansec, as a joint lead manager, to underwrite the issuance of bonds. The signing of this Subscription Agreement

is one of the conditions for the issuance of Debt Securities to be carried out by Bank Mandiri. The value of the Bond Issuance does not reach 20% of Bank Mandiri's equity hence it is not a material transaction as stipulated in POJK No. 17/POJK.04/2020 concerning Material Transactions and Changes in Business Activities.

Mansec is a company indirectly controlled by Bank Mandiri, where 100% of shares in Mansec are owned by PT Mandiri Sekuritas. 99.99% of shares in PT Mandiri Sekuritas are owned by Bank Mandiri. Thereby, Mansec is also one of the joint lead managers who has collaborated with Bank Mandiri for previous bond issuances under the EMTN Program. With the issuance of these Bonds, Bank Mandiri obtains funds that will be used for Bank Mandiri's general purposes.

The second Bank Mandiri Affiliate Transaction Reporting to OJK in 2023 describes that Bank Mandiri has signed an agreement related to the Management Information System of the Ministry of State-Owned Enterprises (KBUMN) on 14 June 2023 between Bank Mandiri and 46 other SOEs, as follows:

1. Perum Bulog	24. PT Jasa Marga (Persero) Tbk
2. Perum Damri	25. PT Kereta Api Indonesia (Persero)
3. Perum Jasa Tirta I	26. PT Krakatau Steel (Persero) Tbk
4. Perum Jasa Tirta II	27. PT Len Industri (Persero)
5. Perum Lembaga Kantor Berita Nasional Antara	28. PT Pelabuhan Indonesia (Persero)
6. Perum Lembaga Penyelenggara Pelayanan Navigasi Penerbangan Indonesia	29. Perusahaan Perseroan (Persero) PT Pelayaran Nasional Indonesia
7. Perum Percetakan Uang Republik Indonesia	30. PT Pembangunan Perumahan (Persero) Tbk
8. Perum Perhutani	31. PT Perkebunan Nusantara III (Persero)
9. Perum Perumnas	32. PT Pos Indonesia (Persero)
10. Perum Produksi Film Negara	33. PT Reasuransi Indonesia Utama (Persero)
11. PT Adhi Karya (Persero) Tbk	34. PT Semen Indonesia (Persero) Tbk
12. PT Asabri (Persero)	35. PT Taspen (Persero)
13. PT ASDP Indonesia Ferry (Persero)	36. PT Waskita Karya (Persero) Tbk
14. PT Asuransi Jiwasraya (Persero)	37. PT Wijaya Karya (Persero) Tbk

MATERIAL TRANSACTION INFORMATION CONTAINING CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATES/RELATED PARTIES

15. PT Aviassi Pariwisata Indonesia (Persero)	38. PT Bank Rakyat Indonesia (Persero) Tbk (BRI)
16. PT Bahana Pembinaan Usaha Indonesia (Persero)	39. PT Bank Negara Indonesia (Persero) Tbk (BNI)
17. PT Bio Farma (Persero)	40. PT Bank Tabungan Negara (Persero) Tbk (BTN)
18. PT Biro Klasifikasi Indonesia (Persero)	41. PT Danareksa (Persero)
19. PT Brantas Abipraya (Persero)	42. PT Pertamina (Persero)
20. PT Garuda Indonesia (Persero) Tbk	43. PT Perusahaan Listrik Negara (Persero) (PLN)
21. PT Hutama Karya (Persero)	44. PT Pupuk Indonesia (Persero)
22. PT Mineral Industri Indonesia (Persero)	45. PT Rajawali Nusantara Indonesia (Persero)
23. PT Industri Kereta Api (Persero)	46. PT Telkom Indonesia (Persero) Tbk

The agreement was carried out in connection with the Ministry of SOEs that has built an SOE Management Information System as part of integrated risk management using the Anaplan platform. The parties agreed on the use of the Anaplan platform as a data storage medium from each party to the Ministry of SOEs. The signing of this agreement was carried out in the context of the needs of implementing an Integrated Risk Management and Governance System within SOEs.

The third Bank Mandiri Affiliate Transaction Reporting to OJK in 2023 describes that Bank Mandiri has signed an agreement on Joint Procurement of Legal Consultant Services in the framework of a plan for capital participation to PT Kliring Penjaminan Efek Indonesia (KPEI) in connection with the development of a Central Counterparty for Over-the-Counter Interest Rate and Exchange Rate Derivative Transactions (CCP SBNT) on 9

October 2023 between Bank Mandiri and BNI and BRI (the Parties).

The parties have an affiliate relationship, in this case the State of the Republic of Indonesia represented by the Ministry of SOEs which is the main shareholder of the parties. This agreement is carried out in connection with the need for the parties to obtain a legal opinion from an independent legal consultant on the planned capital participation in KPEI in connection with the development of CCP SBNT.

In addition, the signing of the agreement was also carried out in order to ensure the legal basis for the involvement of banks, especially HIMBARA, in the development of CCP SBNT through the mechanism of share participation to KPEI, the legal basis and authority of Bank Indonesia (BI) and the Ministry of SOEs to mandate the implementation of capital

participation to CCP SBNT, and other legal and compliance impacts that may be caused by the planned capital participation to KPEI in connection with development CCP SBNT.

Transactions are possible to make changes and/or updates according to the agreement of the parties. The transaction may also be followed up with other cooperation in the form of the use of the parties' resources which can be viewed as a series of transactions to support a purpose of capital participation in KPEI.

In addition to reporting the three Affiliate Transactions to OJK, Bank Mandiri also has other Affiliate Transactions during 2023 with the object of Transactions in the form of Securities. Whether it's Bank Mandiri with a number of affiliated companies or other SOEs. These affiliated parties are described in the table below:

CHANGES IN ACCOUNTING POLICIES AND IMPACT IMPLEMENTED IN 2023

Changes in accounting policies are made in order to comply with applicable PSAK relevant to the operations of the Bank and Subsidiaries.

Changes in Accounting Policy and Its Impact (Effective 1 January 2023)

No	Description of Changes in Accounting Policy	Quantitative Impact of Changes in Accounting Policy on Financial Statements	Exposure to Consequences and Adjustments Made
1,	Amendment to PSAK 1 concerning the Presentation of Financial Statements on Disclosure of Accounting Policies	<p>This amendment changes "significant accounting policy information" to "material accounting policy information" and clarifies that not all accounting policy information related to transactions, events or other material conditions is material to the financial statements.</p> <p>The impact of the application of the new standard and the aforementioned adjustments or amendments is not material to the group's consolidated financial statements.</p>	Updating Bank Mandiri's internal accounting policies in accordance with the requirements provided by the amendment
2,	Amendment to PSAK 16 on fixed assets on Results Before Intensive Use	<p>This amendment clarifies examples of costs that can be directly attributed to the acquisition value of assets. This amendment adds arrangements for the recognition of sales proceeds and acquisition costs of items produced when bringing fixed assets to the required locations and conditions in accordance with management's intentions in Profit or Loss and the measurement of acquisition costs of such items by applying the measurement requirements in PSAK 14: Inventory.</p> <p>The impact of the application of the new standard and the aforementioned adjustments or amendments is not material to the group's consolidated financial statements.</p>	Updating Bank Mandiri's internal accounting policies in accordance with the requirements provided by the amendment
3,	Amendment to PSAK 25 on Accounting Policy, Changes in Accounting Estimates and Errors on the Definition of Accounting Estimates	<p>The amendment to PSAK 25 introduces the definition of accounting estimates and clarifies estimation techniques and valuation techniques are examples of measurement techniques used in developing accounting estimates, as well as changes in accounting estimates as a result of new information or new developments that do not constitute error correction.</p> <p>The impact of the application of the new standard and the aforementioned adjustments or amendments is not material to the group's consolidated financial statements.</p>	Update Bank Mandiri's internal accounting policies in accordance with the requirements provided by the annual adjustment.

PERUBAHAN KEBIJAKAN AKUNTANSI DAN DAMPAKNYA YANG DITERAPKAN DI TAHUN 2023

No	Description of Changes in Accounting Policy	Quantitative Impact of Changes in Accounting Policy on Financial Statements	Exposure to Consequences and Adjustments Made
4,	Amendment to PSAK 46 on Income Tax on Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction	<p>The amendment to PSAK 46 proposes that entities recognize tax-deferred assets and liabilities at the time of their initial recognition, for example from lease transactions, to eliminate differences in on-the-ground practices over such and similar transactions.</p> <p>The impact of the application of the new standard and the aforementioned adjustments or amendments is not material to the group's consolidated financial statements</p>	Update Bank Mandiri's internal accounting policies in accordance with the requirements provided by the annual adjustment.
5,	Changes to PSAK 107 concerning Accounting Ijarah	<p>This has an impact on changes in the policy of implementing multi-service <i>Ijarah</i> on lease contracts that were still valid at the beginning of the PSAK implementation. The scope of PSAK 107 covers <i>Ijarah</i> contracts both used in the financial sector and the real sector. The arrangements in this PSAK include Asset <i>Ijarah</i>, Direct Service <i>Ijarah</i> and Indirect Service <i>Ijarah</i>. The implementation of PSAK also has an impact on increasing the profit balance due to differences in the charging method from the depreciation method of <i>Ijarah</i> assets with the straight-line method to the method of decreasing outstanding <i>Ijarah</i> receivables of the principal portion.</p>	Update Bank Mandiri's internal accounting policies in accordance with the requirements provided by the annual adjustment.

BANK SOUNDNESS RATING

Bank Mandiri conducts a self-assessment of the Bank's Soundness Rating (TKB) on the Bank's risk and performance, guided by OJK Regulation No. 4/POJK.03/2016 on the Soundness Rating Assessment of Commercial Banks. Bank Mandiri conducts self-assessment of the Soundness Rating based on a risk-based bank rating, with the final result reflected in the Composite Rating (PK), which includes an assessment of the following factors:

1. Risk Profile
2. Good Corporate Governance (GCG)
3. Earnings
4. Capital

Bank Mandiri Soundness Rating Position 31 December 2023 and 2022 by Individual (Self-Assessment)

Assessment Factors	Rating	
	Per 31 December 2023	Per 31 December 2022
Risk Profile	1	2
Good Corporate Governance (GCG)	1	1
Earnings	1	1
Capital	1	1
Bank Soundness Rating Composite Rating	PK-1	PK-1

The results of Bank Mandiri's Self-Assessment of Individual Soundness Rating as of 31 December 2023 was in Composite Rank 1 (PK-1). This reflects the Bank's overall excellent robust condition, which makes it very capable of dealing with significant negative influences from changes in business conditions and other external factors, as evidenced by the rating of assessment factors such as risk profile, governance implementation, profitability aspects, and generally very good capital. If weaknesses are found, then in general these weaknesses can be resolved in normal business activities.

BUSINESS CONTINUITY INFORMATION

The Government of Indonesia through the Ministry of Finance estimates that Indonesia's growth will still be well maintained supported by improved inflation management to ensure that the annual inflation rate in 2024 is expected to be lower than inflation in 2023. The impact of the pandemic is expected to decrease even though global negative sentiment, especially related to the impact of the geopolitical crisis in Ukraine, is still a challenge for the global economy and Indonesia. Nevertheless, sustainable infrastructure development will have a positive impact on the Indonesian economy gradually in the medium to long term. In addition, government policies to downstream various commodities are expected to increase added value for these commodities while strengthening the Indonesian economy. The achievement of the economic target next year is also driven by the effectiveness of government expenditure realization.

In this regard, as a bank owned by the Government, Bank Mandiri continues to implement strategic policies that are in line with government policies as stated in the Annual Government Work Plan, State Budget Plan (RAPBN), and Medium-Term Development Plan (RPJM). In addition, the Bank's policy adapts to economic developments, the banking industry, and the challenges of the pandemic that have not completely ended. This is done to ensure that Bank Mandiri and its Subsidiaries can continue business continuity in the future.

MANAGEMENT'S ASSESSMENT ON MATTERS WITH A SIGNIFICANT IMPACT ON BUSINESS CONTINUITY

Bank Mandiri views that there are no issues with the potential to significantly affect the continuity of its business in the Indonesian banking industry in the coming year. From an external or macroeconomic point of view, the Government targets Indonesia's GDP to grow by 5.3% partly driven by the estimated

growth of household consumption of 5.2% in 2023. This economic growth is supported by a more controlled inflation forecast of 3.3% or in line with Bank Indonesia's target, the Rupiah exchange rate of 14,750/US Dollar, and the 10-year SUN interest rate of 7.9%.

Moreover, Bank Indonesia forecasts that Indonesia's economy will continue to improve on the back of increasing private consumption and investment, strong exports and maintained public purchasing power amidst rising inflation. Various indicators and results of the latest Bank Indonesia survey, such as consumer confidence, retail sales, and the Manufacturing Purchasing Managers Index (PMI) indicate the ongoing process of domestic economic recovery. Bank Indonesia estimates economic growth in 2022 to be biased upwards within BI's projection range of 4.5-5.3% with estimated growth in lending/financing of around 10-12% in 2023.

Bank Indonesia also projects the value of Electronic Money (EM) transactions in 2023 to grow 25.7% or reach Rp508 trillion. Meanwhile, the value of digital banking transactions is estimated to increase by 27.2% to reach Rp67,600 trillion in 2023. The acceleration of payment system digitalization has encouraged e-commerce transactions to grow rapidly and is projected to grow 17.0% to Rp572 trillion in 2023.

In response to the aforementioned conditions, Bank Mandiri continues to assess the Bank's ability to continue its business continuity and considers that Bank Mandiri has the resources to continue its business going forward. Management assessment is carried out by considering various factors, such as analysis of the strength of financial and non-financial conditions. This analysis is reflected in the assessment of the Bank's soundness.

BUSINESS CONTINUITY INFORMATION

ASSUMPTIONS USED BY
MANAGEMENT IN CONDUCTING
ASSESSMENT

Bank Mandiri applies several assumptions as consideration in assessing business continuity, including:

- a. Stronger economic growth could lead to stronger financial system stabilization.
- b. Bank Mandiri's internal study related to the Bank's positioning in the Indonesian banking industry through Strength Weakness Opportunity Threats (SWOT) Analysis.
- c. Bank Mandiri's condition is generally excellent with the Bank's Soundness rating being ranked composite 1 (one) which reflects that Bank Mandiri is considered very capable of addressing significant negative influences from changes in business conditions and other external factors.
- d. Bank Mandiri's capital adequacy is very adequate with core capital of Rp209.72 triliun with a CAR (Bank only) ratio of 21.88% in 2023
- e. Bank Mandiri is included in the ASEAN Asset Class category in the ASEAN Corporate Governance Scorecard (ACGS) ranking by the ASEAN Corporate Governance Scorecard (ACGS) by the ASEAN Capital Market Forum (ACMF).
- f. Recognition of the implementation of Good Corporate Governance (GCG) at Bank Mandiri from various parties in 2023 as:
 - GCG rating by The Indonesian Institute for Corporate Directorship (IICD) in the 14th IICD Corporate Governance Conference and Awards 2023, Bank Mandiri received "The Best Overall" category.
 - Bank Mandiri has successfully maintained the title of "The Most Trusted" for 17 (seventeen) consecutive times in the Bank's participation in the ranking of the Corporate Governance Perception Index (CGPI) program organized by The Institute Indonesian for Corporate Governance (IICG).
 - In 2023, 3 (three) Entities in the Bank Mandiri Financial Conglomeration received "The Most Trusted" rating, 5 (five) Entities received the "Trusted" rating, and one Sub-Subsidiary received "trusted" rating, in the 2022 Corporate Governance Perception Index (CGPI) ranking

PRIME LENDING RATE

Bank Mandiri disclosed information on Prime Lending Rate (SBDK) as an implementation of OJK Circular No. 9/SEOJK.03/2020 on Transparency and Publication of Conventional Commercial Bank Reports which requires Commercial Banks' business activities to conventionally report and publish prime lending rates in Rupiah.

Prime Lending Rate is used as the basis for determining loan interest rates that will be charged by the Bank to customers. The prime lending rate has not taken into account the estimated risk premium component, the amount of which depends on the Bank's assessment of the risk for each debtor or group of debtors. As such, the amount of credit interest rates charged to debtors is not necessarily the same as prime lending rates.

(in %)

Year	Basic Rupiah Lending Rate Based on Business Segment (Effective % per annum)

NON-COMPLIANCE IN TAX PAYMENT

As of 31 December 2023, no non-compliance by Bank Mandiri in its obligation to pay taxes (NIL).

MAXIMUM LIMIT FOR LENDING AND LARGE EXPOSURES FOR COMMERCIAL BANKS

FUNDING TO RELATED PARTIES

Bank Mandiri has established policies that include limits on funding to related parties in accordance with the Regulation of the Financial Services Authority of the Republic of Indonesia No. 32/POJK.03/2018 on the Legal Lending Limit (LLL) and Large Exposures for Commercial Banks as last amended by POJK No. 38/POJK.03/2019. Related parties in this case are individuals or companies that have a controlling relationship with the Bank, either directly or indirectly, through ownership, management, and/or financial relationships.

Based on data as of 31 December 2023, Bank Mandiri's capital for LLL calculation stood at Rp221,330,385 million. Meanwhile, Bank Mandiri's core capital (Tier 1) for the calculation of LLL of un-Related Parties amounted to Rp209,069,924 million.

In accordance with the provisions for calculating LLL in POJK No. 32/POJK.03/2019, the value of Bank Mandiri's LLL at 31 December 2023 is as follows:

(in Rp Million)

Description	LLL Percentage	LLL Value Limit	Funding	Allowance of Fund Preparation Against LLL
Related Parties LLL	10% of Bank Capital	22,133,039	5,694,033	16,439,006
LLL of Un-Related Parties - Borrowers/Borrower Groups	25% of the Bank's Core Capital (Tier 1)	52,267,481	34,167,295	18,100,186
LLL of SOEs for development purposes	30% of Bank Capital	66,399,116	-	-

Violations and/or Excesses against LLL for Funding to Bank Mandiri's Related Parties

Information	List of Related Parties Getting Funding	List of Largest Debtors Un-Related Parties (Borrowers)
Leeway LLL	Nil	Nil
Exceeding LLL	Nil	Nil

Bank Mandiri states that there is no leeway and/or exceed against LLL for funding to Bank Mandiri's Related Parties. The calculation of LLL is carried out by referring to the Regulation of the Financial Services Authority of the Republic of Indonesia No. 32/POJK.03/2018 on the Legal Lending Limit (LLL) and Large Exposures for Commercial Banks as last amended by POJK No. 38/POJK.03/2019

DERIVATIVES AND HEDGING FACILITIES

Derivative receivables are classified as financial assets in the group at fair value through profit or loss, while derivative liabilities are classified as financial liabilities in the group at fair value through profit or loss.

Bank Mandiri presents derivative receivables equal to unrealized profits from derivative contracts, net of impairment loss reserves. Meanwhile, the presentation of derivative liabilities is equal to the unrealized loss of the derivative contract.

Gains or losses from derivative contracts are presented in the consolidated financial statements based on the Bank's objectives for the transaction, namely to (1) hedge fair value, (2) hedge cash flows, (3) hedge net investments in foreign operations and (4) trading instruments, as follows:

1. Gains or losses from derivative contracts that are intended and qualify as hedging instruments at fair value and gains or losses on changes in the fair value of protected assets and liabilities, are recognized as mutually write-off gains or losses within the same accounting period. Any

difference that occurs indicates the occurrence of ineffectiveness of hedging and is directly recognized as the current year's consolidated profit or loss.

2. The effective portion of gains or losses on derivative contracts intended as a hedge on cash flows is reported as other comprehensive income. The ineffective portion of the hedge is reported as the current year's consolidated profit or loss.
3. Gains or losses from derivative contracts intended as a hedge on net investments in foreign operations are reported as other comprehensive income, to the extent that the transaction is considered effective as a hedging transaction.
4. Gains or losses from derivative contracts that are not intended as hedging instruments (or derivative contracts that do not qualify as hedging instruments) are recognized as consolidated profits or losses in the current year.

HUMAN CAPITAL MANAGEMENT

In light of the banking industry confronted with the challenges posed by intensifying business competition and swift information technology advancements, industry participants must adopt to change their mindset to remain relevant in the market. To address these challenges, a strategy is required to ensure the adequacy of quantity and quality of reliable banking talents. Based on AKHLAK's Core Values as a strong fundamental aspect, Bank Mandiri carries out Human Capital management to create banking talents with global competitiveness to ensure the creation of a high-performing organization with a maintained reputation. With the spirit of learning, synergizing, growing and contributing to Indonesia, Human Capital management at Bank Mandiri is prepared through a Human Capital strategy that is aligned with the Bank's strategy to create a Strategic Business Leader with Always Deliver and Always Ahead character, in order to realize Bank Mandiri's aspirations to become an Undisputed Industry Leader in Indonesia.

HUMAN CAPITAL FRAMEWORK

Bank Mandiri is resolute in its commitment to further develop the organization through strengthening Human Resources capacities, in line with the Bank's Corporate Plan and Strategy,

which aims to foster business growth and establish sustainable employee productivity. In support of the Bank's business strategy achievement, Bank Mandiri human resource management

is carried out by designing and realizing various programs aimed at fostering the development of a strong business mindset and a proactive but prudent culture.

STRATEGI 3-3-1

In line with the vision and mission of the Corporate Plan 2020-2024, Bank Mandiri Human Capital continues to focus on developing the best talents through the 3-3-1 strategy, which prioritizes the role of People & Culture.

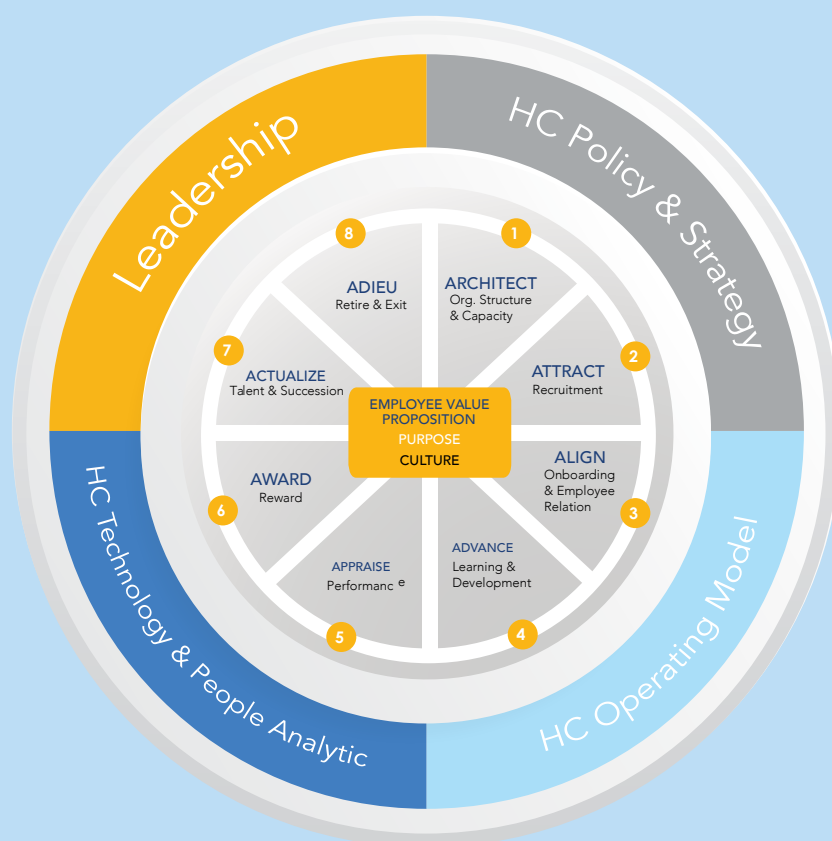

Due to the significance of the role that people and culture play in fostering sustainable business growth, Bank Mandiri implements two main focuses on human capital management programs:

1. **People:** The Bank focuses on improving the ability to capture business opportunities through productive HR management.
2. **Culture:** To be able to realize sustainable business growth, the Bank transforms its business mindset.

HUMAN CAPITAL FRAMEWORK

ARSITEKTUR HUMAN CAPITAL BANK MANDIRI

1. Employee Value Proposition (EVP) & Culture

The Bank Mandiri Human Capital development is founded on the purpose to build the culture of AKHLAK Mandirian and realize the Bank as a workplace that provides opportunities to learn, grow, and synergize in order to benefit both Bank Mandiri and Indonesia (Employee Value Proposition).

2. Human Capital Life Cycle

To realize the Employee Value Proposition (EVP), the "Human Capital Life Cycle" defines the management of all phases of the personnel cycle, which includes the design of organizational structure and capacity, employee recruitment, onboarding, appreciation, development, retirement, and exit. The Human Capital Life Cycle includes:

- a. ARCHITECT (Organization Structure and Capacity) – Organization Development
Organizational development which includes organizational structure design and position evaluation, career development, and employee needs planning (capacity planning).
- b. ATTRACT (Recruitment – Human Resource Fulfillment)
A reliable Human Resources fulfillment system both through internal and external sources, and employee attraction (strategies to attract employees).
- c. ALIGN (Onboarding & Employee Relation – Employee Onboarding and Employment Relations System)
A friendly system of employee onboarding and relations for employees and new

HUMAN CAPITAL FRAMEWORK

- employees.
- d. ADVANCE (Learning and Development)
Training and capability development of employees to support business needs.
- e. APPRAISE (Performance – Individual Performance Management)
Employee performance appraisal and feedback system that is accountable and transparent.
- f. AWARD (Reward – Reward System (Total Reward))
Competitive and accurate employee reward system.
- g. ACTUALIZE (Talent and Succession)
Quality and timely talent and succession management system.
- h. ADIEU (Retire and Exit)
Employee termination system and pension plan.

3. Human Capital Platform

The management of the Human Capital Life Cycle is carried out through the implementation of an operating model supported by technological infrastructure and leaders who are also responsible for managing Human Capital.

The following is the Human Capital Platform that supports Bank Mandiri Human Capital management:

- HC Technology & People Analytic
 - a. Human Capital Information System (HCIS)
Core human capital system to support administrative processes, databases, verification and employee payroll integrated with the finance system.
 - b. Mandiri CLiCK
Platform for digitizing personnel administration processes and information centers related to Human Capital provisions.
 - c. New Learning Management System (MY Learn)
End-to-end digital learning and capability development solutions that are integrated with more than 9,000 learning courses both internally and externally to provide a better employee learning experience.
- d. Standalone EASy
Systems to support the goal setting process, performance management and processes in the compensation cycle.
- e. Mandiri TaMS (Talent Management System)
Bank Mandiri Talent Management is related to talent profile, successor pipeline, assessment result and centralized top talent management.
- f. Recruitment Platform System
Recruitment and application tracking system to accelerate and support the recruitment process and candidate tracking.
- Leadership
Bank Mandiri Human Capital annually holds a Co-creating Future Mandirian forum, which is a collaboration forum between all Leaders and Human Capital in order to align and communicate programs that require the involvement of all Leaders.
- HC Policy & Strategy
Each Human Capital policy is listed in SPSDM in accordance with the Employee Life Cycle. Human Capital Strategy is prepared in alignment with the direction of the Bank's strategy and is reviewed annually. The purpose of implementing the 3-3-1 Human Capital strategy is to increase productivity, increase employee engagement, in addition to continuing to nurture and develop new leaders in order to ensure sustainable business growth.
- HC Operating Model
Bank Mandiri Human Capital Architecture is designated as the HC Operating Model by the Bank in order to facilitate ongoing organizational development and align with current business developments.

HUMAN CAPITAL STRATEGY

To realize People and Culture as part of the Bank's strategic focus, Bank Mandiri has the following Human Capital Strategy:

The purpose of Bank Mandiri Human Capital is to elevate employee engagement and productivity in order to be able to foster sustainable business growth and develop new leaders. To achieve this goal, Bank Mandiri Human Capital has 3 Strategies and 3 Mandates.

The 3 strategies are:

1. Strategy #1: Increase productivity
2. Strategy #2: Accelerate capability improvement
3. Strategy #3: Deepen Employee Engagement with AKHLAK & EVP

Below are 3 mandates of Human Capital:

1. For Mandiri: To support and activate the Strategy and Corporate Plan
2. For Our Nation: To contribute to building talent for Indonesia
3. For Our Employee: To create a meaningful Employee Experience.

ORGANIZATIONAL STRUCTURE OF BANK MANDIRI HUMAN CAPITAL MANAGEMENT

DIVERSITY AND EQUAL OPPORTUNITY

In its human capital management practices, Bank Mandiri consistently demonstrates its commitment to advancing and developing employees equitably and with diversity, irrespective of their ethnicity, religion, race, and so forth. This commitment aligns with Bank Mandiri human capital management policy, which ensures equitable treatment for all employees regardless of ethnicity, religion, race, and so forth.

Bank Mandiri ensures that human capital management is carried out based on competence in order to ensure that all employees get equal opportunities, both in the aspect of career development and in increasing competence, providing remuneration, and so forth.

The commitment to equality is shown in the relatively balanced percentage of female employees, which is 52.32% of all employees. Meanwhile, the percentage of women occupying top level management, namely Assistant Vice President to Director in the 2023 reporting year is around 35.17%.

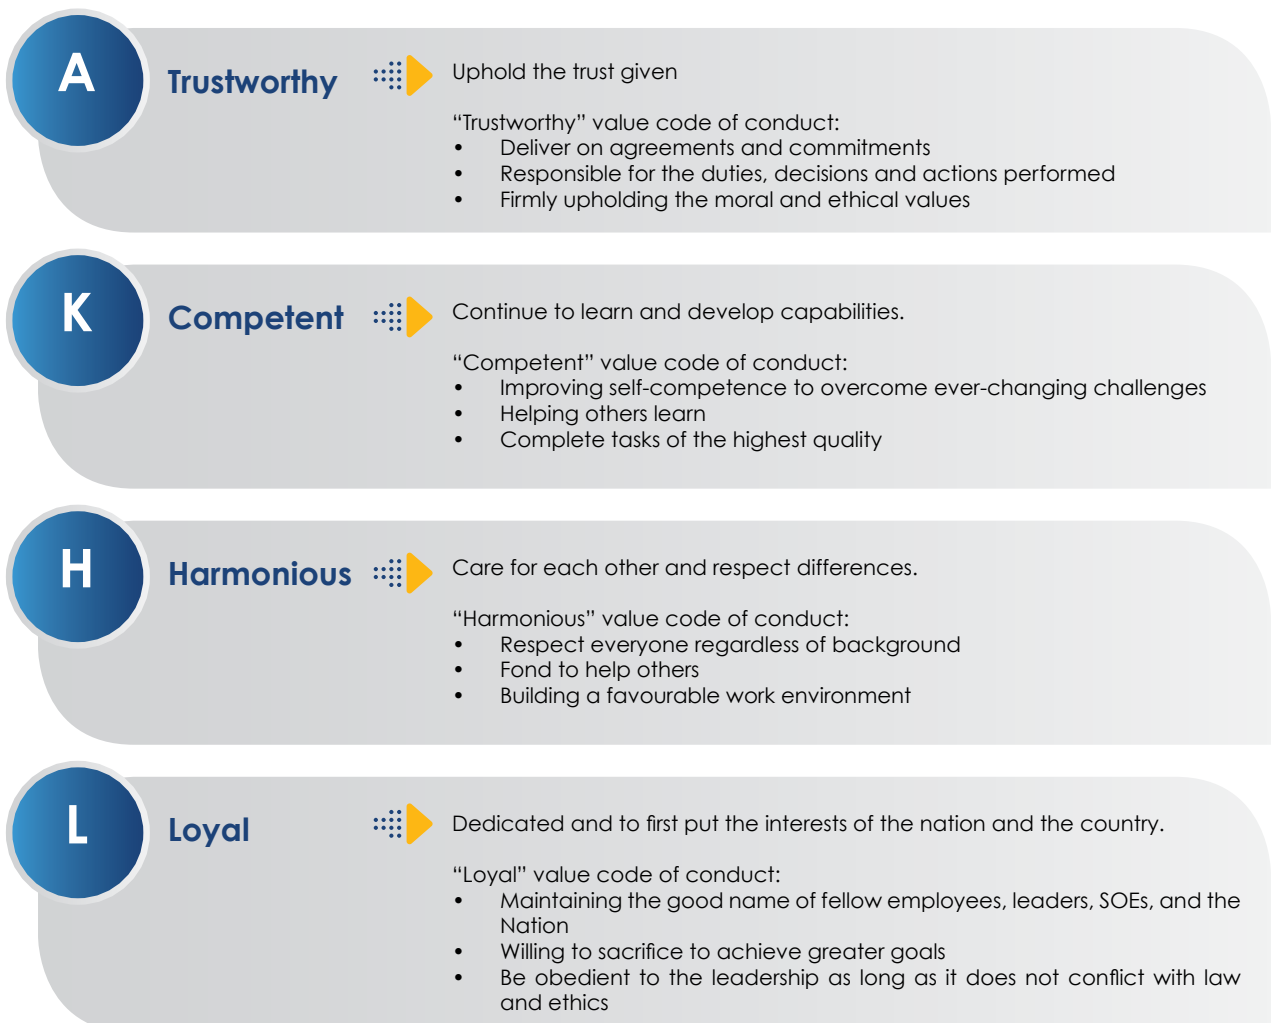

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

Bank Mandiri already has a qualified human capital management program in place, which is being carried out regularly to achieve the Bank's corporate plan and strategy. The programs are as follows:

INTERNALIZATION OF CORPORATE CULTURE

Bank Mandiri consistently and continuously implements the AKHLAK Core Values to implement the Mandirian DNA (m-DNA) framework through Mandirian's Unique Characteristics as a Way of Working at Bank Mandiri.

Mandirian DNA (m-DNA) is defined as a form of embodiment of AKHLAK's Core Values, which consists of:

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

A

Adaptif

Continue to innovate & be enthusiastic in enforcing or overcoming change.

"Adaptive" value code of conduct:

- Quickly adjust to perform better
- Constantly make improvements following technological developments
- Act proactively

K

Collaborative

Build synergistic cooperation.

"Collaborative" value code of conduct:

- Provide opportunities for various parties to contribute
- Open to working together to generate added value
- Drive the utilization of multiple resources for a common goal

Bank Mandiri Culture Implementation Framework:

The cultural implementation framework is illustrated through the culture framework to facilitate Mandirian in understanding and implementing the Main Values of AKHLAK. To strengthen the sustainable implementation

of AKHLAK core values, Bank Mandiri developed a Mandirian DNA (m-DNA) framework which is reflected in the unique characteristics of all Bank Mandiri employees called Mandirian DNA (m-DNA). m-DNA is a unique characteristic of Mandirian as a manifestation of core values (Trustworthy,

Competent, Harmonious, Loyal, Adaptive, and Collaborative). These unique characteristics are actualized through Gerakan Bersama Mandirian to realize Mandirian who always deliver & ahead (m-DNA) in realizing Bank Mandiri's vision and aspirations.

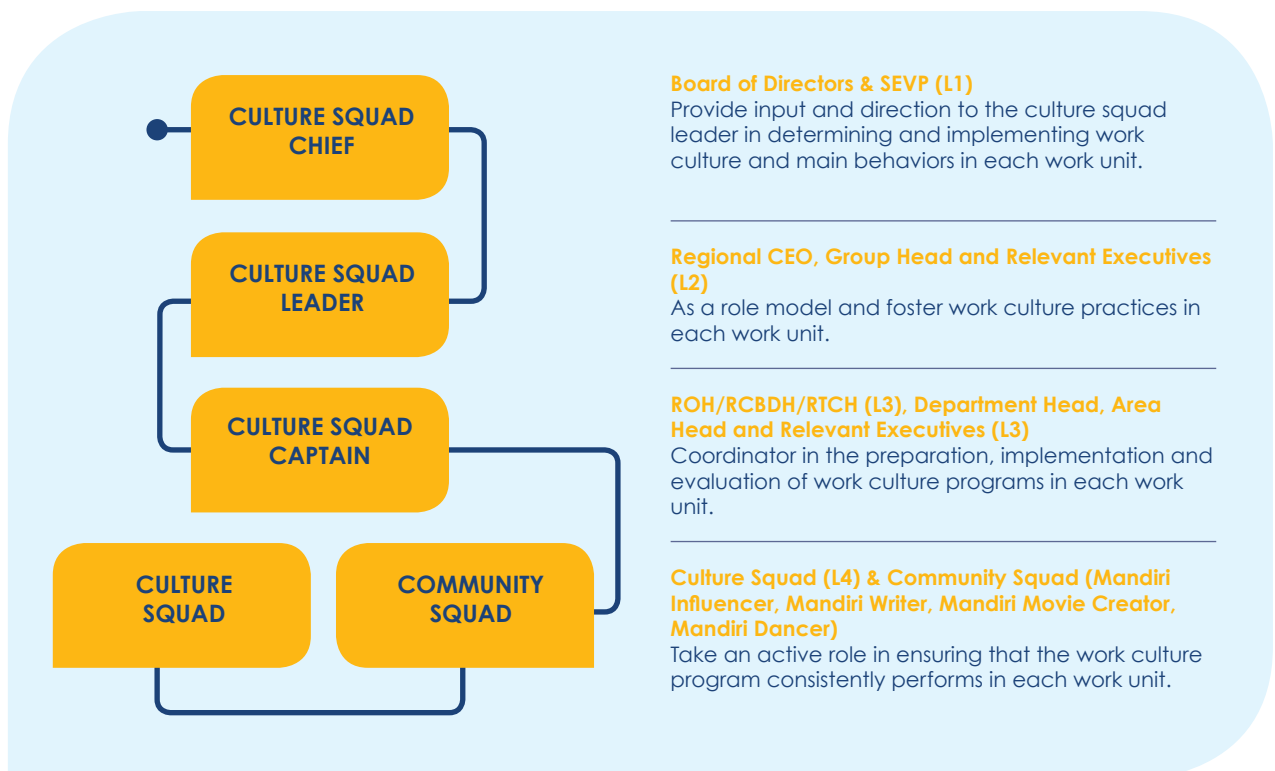

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

To be able to accelerate the implementation of culture in supporting productivity improvement, Bank Mandiri formed a Culture Network Team (CNT) which has a strategic role as an enabler in shaping the Super Happy Super Productive work culture through cultural programs that are embedded

with daily work to deliver an impact on the formation of employee mindset and behavior.

Culture Network Team (CNT) is a strategic partner of Human Capital that engages all levels of employees both at the Top Management level, Senior Management to the junior level

of employees. CNT carries out its role by implementing culture through programs hosted both within work units and across bank-wide, such as events, campaigns, and cultural programs, to deliver management and motivation messages to employees across all work units.

*) Provisions related to Culture Network Team refer to:

- Memorandum No. PPP.HCE/CMD.273/2021 & PPP Letter No. HCE/CMD.141/2021 dated 30 April 2021 on the adjustment of the organizational structure of the Culture Network Team in order to strengthen work culture practices in 2021.
- Decree of the Board of Directors No. KEP. DIR/34/2022 dated 23 September 2022 on Appointment and Determination as Culture Squad.
- Decree of the Board of Directors No. KEP. DIR/33/2022 dated 23 September 2022 on Appointment and Determination as Culture Squad Captain.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

RECRUITMENT

Bank Mandiri establishes several stages of employee recruitment, as stated in the following chart:

The Bank's employees recruitment is carried out through two sources, internally and external sources. Internal sources are carried out through internal development programs for leadership employee levels, while external sources are carried out through fresh graduate and experience hire or pro hire channels for both leadership and executive employee levels. All employee recruitment is carried out by taking into account the needs of the Bank and other matters in accordance with the Bank's regulations.

Recruitment Through Internal Sources

Recruitment through internal sources is carried out by Human Capital Services for the position of "Staff Development Program (SDP)". The provisions for the implementation of the SDP program are listed in Bank Mandiri's internal rules with the following explanation:

1. Officers and Security Officers with the top priority of the Authority Holder Employees (P3K).

2. Minimum education of Diploma 4 or Bachelor degree.
3. Have a professional disposition, namely: speak with respect, well dressed, well mannered, self-confidence.
4. Minimum Performance Level of PL2 in the last 2 years.
5. Minimum service period of 5 years from the effective date of employment.
6. HIPO/CR Talent Classification.
7. Maximum age of 45 years at the time of initial selection.
8. Minimum Individual Grade of PP2.
9. Not in the process of audit/ investigation due to violations of employee discipline.
10. Not sanctioned in the last 1 year and not currently under sanctions.
11. Have never participated in the SDP selection more than 3 (three) times.
12. Have never participated in the SDP selection in the previous year.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

Specifically for security officer:

1. Implementing Authority Holder Employees (P3K) Security/Security Supervisor.
2. Minimum Individual Grade of PM1.

Specifically for officers of Branch Sales Staff, Branch Sales Supervisor and Unit Supervisor:

1. Minimum working period of 2 (two) years is calculated from PKWT as Branch Sales Staff, Branch Sales supervisor and Unit Supervisor.
2. No minimum Individual Grade.

In 2023, the number of employees participating in recruitment from internal sources was 2,959 personnel, an increase of 42.67% from 2,074 personnel in 2022. This increase was due to the addition of eligible employees based on the above criteria to follow the development process and a need for leadership employees from the SDP path in work units.

Description	2023	2022
SDP Recruitment	2,959	2,074

Recruitment through internal sources is carried out through rotation, detasering, promotion, and demotion as part of the employee career development process. The Bank applies holistic considerations, not only in terms of promotion but also in terms of capability improvement, authority expansion, individual development, and remuneration increase.

Rotation is the movement of employees in one work unit or between work units, detasering is the assignment of employees who are temporary within a certain period of time, promotion is the transfer of employees from one position to another in one work unit or between work units where the new position has a higher position rank and/or promotion to the same position and work unit. Meanwhile, demotion is the transfer of employees from higher positions to lower positions with the aim of coaching and learning employees so as to increase productivity in managing the Bank's business and organization.

Number of Bank Mandiri Promotion, Demotion and Rotation Employees

Description	2023	2022
Promotions (MPC and SPC)*	9,210	10,964
Demotion	5	4
Rotation	13,440	13,045

*MPC is a Main Promotion Cycle and SPC is a Secondary Promotion Cycle.

Recruitment Through External Sources

Recruitment through external sources is carried out to fulfill the position of "Officer Development Program (ODP)". The provisions for the ODP program implementation are listed in the internal provisions of Bank Mandiri with the following explanation:

- a. Minimum of Bachelor Degree Education Level
- b. Candidates from the graduates of universities with the best reputation in Indonesia and overseas set by Bank Mandiri.
- c. Courses:
 - Economics: Management, Accounting, Development Studies, Finance, Business
 - Engineering
 - MIPA: mathematics, statistics
 - Computer Science, Informatics
 - Social: Law, International Relations, Communication Studies
 - Other Study Programs needed by the Bank

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

- d. Maximum age at the time of following the initial selection:
 - 26.0 years for Bachelor Degree/equivalent graduates
 - 28.0 years for Master Degree graduates
- e. Minimum Grade Point Average (GPA):
 - Bachelor Degree graduates: 2.75 – 3.00 (4.00 scale)
 - Master Degree graduates: 3.20
 - Graduates of Overseas Universities: Pass or based on certain standards according to the origin of the University
- d. Unmarried and willing to be unmarried during the program.
- e. Have no Criminal record from the Police or a record of misconduct from the previous company.

In 2023, the total recruitment of ODP programs was 640 personnel, a decrease of 14.78% from previous year's recruitment of 751 personnel. This decrease was due to a decrease in the need for leadership employees in Bank Mandiri work units.

Description	2023	2022
Recruited ODP	640	751

The sources of fulfillment of leadership employees through the ODP program in 2023 came from Jobfair and campus hiring participated in by Bank Mandiri, the talent referral program, internship program and the Applicant Tracking System which is organized in collaboration with third parties.

CPDK (Special Regional Leadership Candidate) Recruitment

This recruitment is specifically aimed at fresh graduate candidates who come from region. Employees recruited through the CPDK route will receive coaching and training through a special and intensive development program consisting of in-class and on the job training in order to understand standard operations and business processes in the work unit, ready to carry out roles and duties as employees in the local area. In 2023, there was no fulfillment of leadership employees from the CPDK route as the needs have been met from internal sources through the SDP program and external sources through the ODP program.

Recruitment of Disabled Employees

Bank Mandiri also has a policy for the recruitment of employees with disabilities as a form of commitment

to equal employment opportunities. Currently, the recruitment of employees with disabilities is intended for positions of Contact Center staff, Mandiri University staff and IT staff.

The recruitment process for employees with disabilities is carried out independently by the relevant work unit and coordinates with Human Capital. One of the work units that recruits independently is the Mandiri Call 14000 service at the Mandiri Contact Center.

In addition, the recruitment of employees with disabilities is also carried out in collaboration with FHCI (Indonesian Human Capital Forum) as a forum for managers and practitioners of Human Capital Management within SOEs in interacting, learning and synergizing for their members for the advancement of Human Capital management.

In 2023, the Bank recruited 18 employees with disabilities, an increase of 5.88% from 17 in 2022. The following is the recruitment of Bank Mandiri's employees with disabilities.

Description	2023	2022
Disability Recruitment	18	17

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

Internship Recruitment

The internship program is intended to provide training and develop the competencies of school and university graduates to be ready to enter the business world. Interns who have good abilities and competencies will be assigned as pool candidates in the Bank Mandiri recruitment process. Bank Mandiri's internship program, which is a recruitment sourcing consists of 2 (two) types, namely Kriya Mandiri and the Partnership Internship Program (Certified Student Internship Program (PMMB) and the Independent Campus Certified Internship Program (MBKM)).

Kriya Mandiri is an integrated internship program introduced in 2012 for high school students/ equivalent, Diploma 3 (D3) and Bachelor Degree programs with the aim of providing knowledge, skills and hands-on experience in the business world, particularly in the banking industry. The learning modules are back office, call center, customer service, and tellers. For this type of contact center, the Bank has a special internship program for persons with disabilities with a minimum education of high school graduates. This program is called Kriya Mandiri Contact Center, where participants will take part in 3 (three) stages of the program, namely basic, intermediate and advanced. The three stages are carried out comprehensively for 3 (three) years according to the prepared syllabus

and curriculum. In 2023, 2,804 participants of Kriya Mandiri were recorded, of which 817 were Bank Mandiri employees. This number increased 96.39% from previous year's 416 participants.

The Partnership Internship Program is implemented by Bank Mandiri jointly with 2 (two) ministries, namely the Ministry of State-Owned Enterprises (SOEs) and the Indonesian Human Capital Forum (FHCI) to implement the Magenta Internship Program and the Ministry of Education, Culture, Research, and Technology, by implementing the Independent Campus Certified Internship Program (MBKM). The implementation of the Magenta Internship Program starts in 2023, while MBKM has been implemented since 2021. This internship program is intended for students from various Public/Private Universities. This program is a form of implementation of the "SOEs for the Country" program. The aim is to support government programs in preparing excellent and competitive human capital, as well as being the initiator of the creation of links and matches between the curriculum and syllabus of universities and the industrial sector. Interns who participate in this program will gain comprehensive and structured work knowledge and skills, particularly in the banking sector. In 2023, 481 participants were successfully recruited, an increase of 30% from previous year's 370 participants.

Internship Program	2023	2022
PMMB	-	160
MBKM	152	210
Magenta dan General Internship	329	-
Total	481	370

EMPLOYEE DEVELOPMENT

To support the preparation process of employee capabilities to be globally competitive, Bank Mandiri has designed several sustainable employee talent development programs for the Bank to attain excellent human resources (HR). Employee talent development focuses on employee career development, and employee competency development.

Employee Career Development

Career development of Bank Mandiri employees is carried out through the Talent Management and Succession program based on the principle of fair opportunity, namely the existence of equal opportunities for every employee to grow and develop while still paying attention to the factors of Bank Mandiri's needs, job family of the intended position, ability, level of performance, value rating, talent group (talent classification), job title, and other requirements.

Talent management and succession are focused on developing employee talents to be ready to become successors who occupy critical positions within the Bank's management.

Talent management and succession have 5 elements in Mandiri Propeller which consist of Technical Capability (skill), Leadership Capability, Culture, Learning Agility and Purpose. The framework is used as a basis for talent development to ensure that these five aspects are carried out in a balanced and comprehensive manner.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

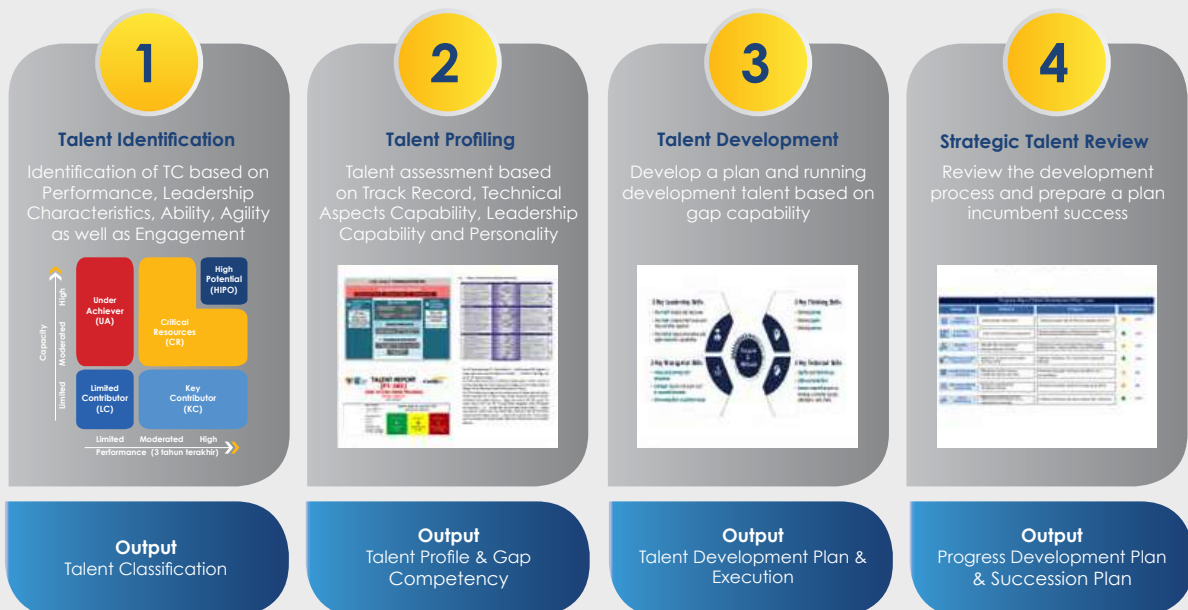

Super Happy, Super Productive,
Sustainable Business

The talent management and succession process is divided into 4 (four) main processes, as follows:

1. Talent Identification
TC Identification Process (Talent Classification) based on performance, Leadership Characteristics, Ability, Agility and Engagement.
2. Talent Profiling
Talent assessment process based on track record, technical capability, leadership capability and personality aspects.
3. Talent Development
Plan and execute talent development based on capability gaps.
4. Strategic Talent Review
Review development progress and prepare an incumbent succession plan.

Bank Mandiri Talent Management Process

Managers: Talent Employees, Human Capital, Head of Work Units, Field Directors

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

Employee Competency Development

Competency development of Bank Mandiri employees is carried out through a corporate university called Mandiri University using an operating model, referring to the Strategic Learning Process, which is a learning chain that starts from analyzing business needs and employee competencies to measuring the impact of learning solutions on business achievement. The Strategic Learning Process is described as follows:

Learning culture, infrastructure, administration, support system

INPUT	Organizational capability competency requirements based on business plan & strategy	Learning blue print & roadmaps	Learning program/module	Data outcome of learning (survey, questionnaires, observation, interviews, etc)

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

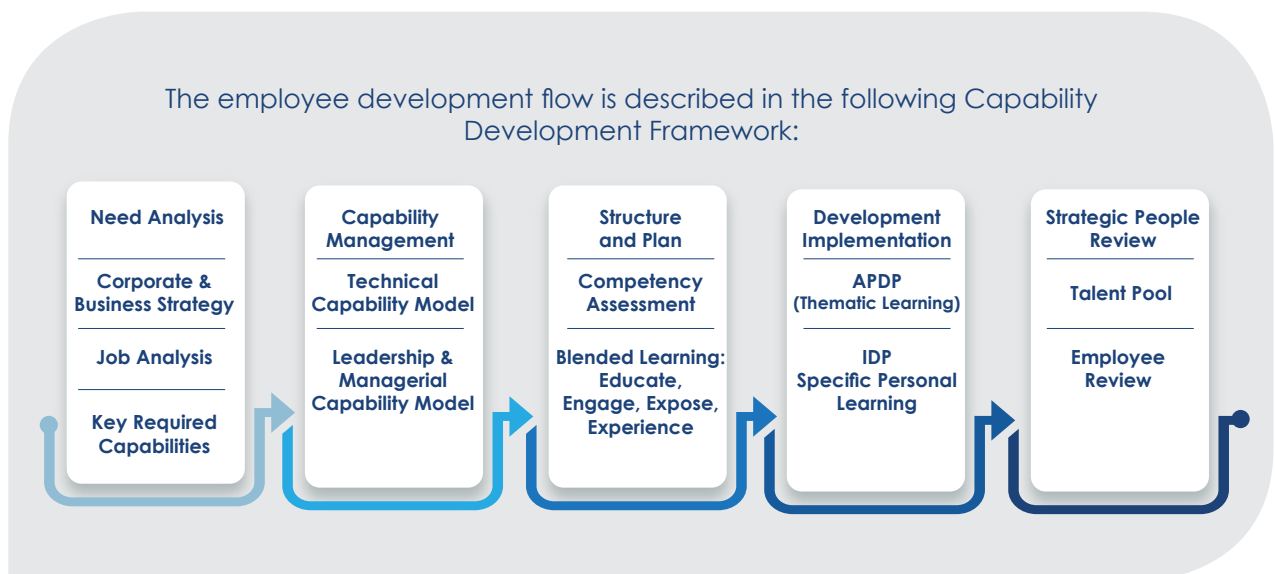

The employee development program managed by Mandiri University aims to realize the implementation of Bank Mandiri's Corporate Plan by improving employee competence that supports the achievement of Bank Mandiri's vision. To be in line with the implementation of Bank Mandiri's strategy, employee competency improvement is carried out through the development of leadership & managerial and technical competencies, particularly in the fields of wholesale banking, retail banking, risk management, IT and digital banking, as well as other fields including banking operations, finance, and human resources. The development of leadership competencies and technical competencies is carried out by referring to the Leadership Capability Model (LCM) and Technical Capability Model (TCM).

In the area of technical competencies, in addition to training and development programs that have been identified based on business needs and individual employees, since 2022 and continuing in 2023, Bank Mandiri has also focused on the execution of Reskilling, Upskilling & Redeployment in line with the implementation of Smart Branch, as well as on building digital capability for all employees. Employee development in each Directorate at Bank Mandiri is carried out in a planned manner to suit business needs, informed early on to all stakeholders, resource allocation can be done well, and achievement/realization can be monitored regularly.

The employee development plan is outlined in the Annual People Development Plan (APDP) document specifically

for each Directorate according to its needs and is prepared systematically, starting with exploring business needs (learning needs analysis), establishing learning solutions in the form of training modules, preparing program implementation schedules (learning delivery and deployment), to measuring the learning impact. APDP is prepared by Mandiri University with related work units and HCBP, where the training programs in the APDP are top-down according to organizational needs (Thematic Learning). In addition to the top-down learning program, Bank Mandiri also plans bottom-up employee development according to the Specific Personal Learning gap that has been discussed with its superiors through development dialogue. The bottom-up training program is prepared through an Individual Development Plan (IDP) for each employee.

The employee development flow is described in the following Capability Development Framework:

Mandiri University has several academies for each business segment of the Bank, allowing employees in the work unit that manages each business segment to receive training and development that focuses on the duties and work responsibilities of each unit. The following academies are available at Bank Mandiri:

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

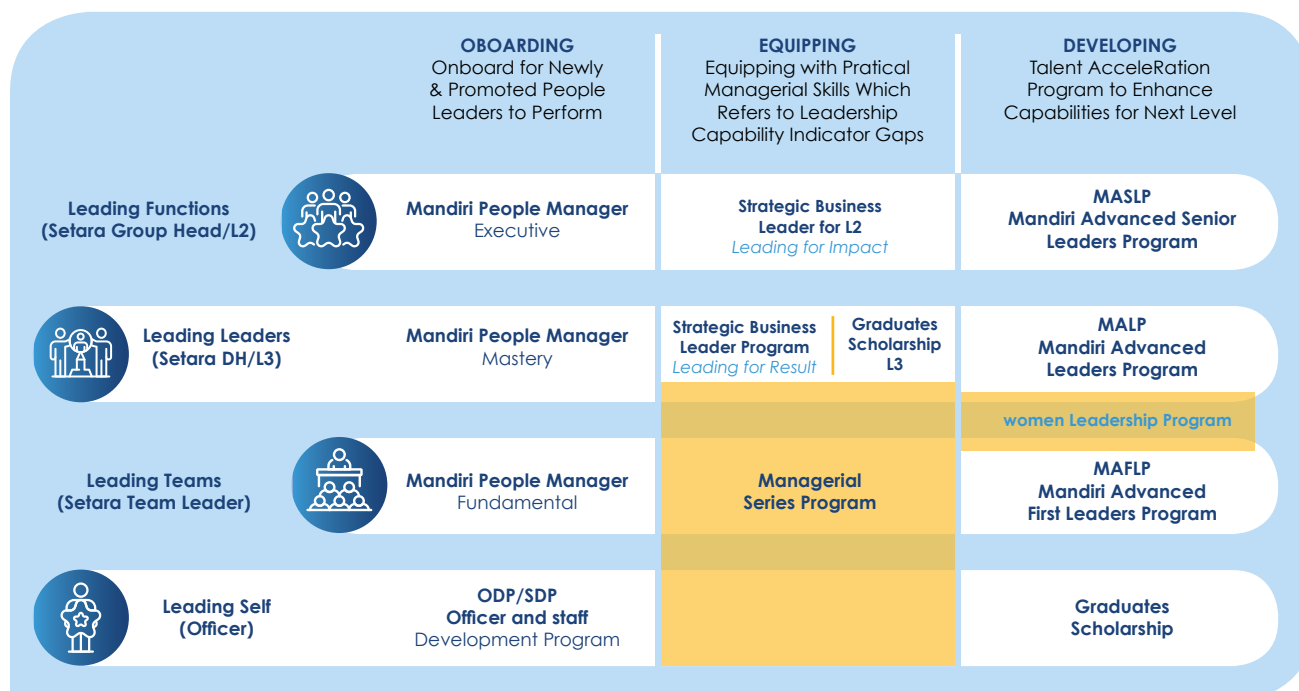

Akademi	Segment
Wholesale Banking Academy	Focus on the development of Wholesale Banking, Trade Finance, Treasury, International Banking and Overseas Unit segments.
Retail Banking Academy	Focus on developing the Small Medium Enterprise, Retail Banking, Consumer Deposit, Financial Services and Investment Management segments.
Operations Academy	Focus on competency development in Business Continuity Management, Credit Operations, e-Channel Operations, Trade Services Operations and Customer Care.
Risk Academy	Focus on developing competencies in Risk Management, Audit and Control Function, Compliance and Legal.
Digital Banking and Information Technology Academy	Focus on competency development in Digital Banking, Information Technology, Enterprise Data Management.
Human Capital and Finance Academy	Focus on competency development in Finance, Corporate Transformation and Human Capital.
Leadership and Management Development Academy	Focus on leadership and managerial development at Bank Mandiri.

Bank Mandiri's employee competency development program is divided into Leadership Development Program and Technical Development Program which are prepared based on core competencies in each job family and capability model. These programs will support employees' careers and be able to increase agility to challenges, carry out cultural values and have a goal to jointly build the nation. The explanation of the two programs is as follows:

a. Leadership Development Program

A series of leadership development programs that are tiered and structured according to leadership capacity at each employee level. This program is divided into 3 main phases for each level of organizational leadership, namely Onboarding, Equipping, and Developing. The purpose of onboarding is to equip employees with leadership capacity when occupying new positions. The purpose of Equipping is to equip employees with various leadership skills to support their work specifically according to competency gaps. While the purpose of Developing is to prepare and accelerate employees to the next level of leadership. Program objectives are aimed at all employees at every level of organizational leadership, from officer level to Director.

Leadership Pipeline Bank Mandiri

The tiered programs in the leadership development program are as follows:

- **Officer Development Program (ODP)**

An onboarding development path intended for fresh graduate candidates or candidates who have less than 4 (four) years of work experience. Candidates who pass the recruitment and selection stage will be determined as prospective employees and are required to attend an intensive ODP education program for 1 year, consisting of 3 months of classroom learning, 5 months on the job training, and 3 months probation before becoming a permanent employee. To meet business needs, competency development in ODP includes aspects of Information Technology (IT), Risk Management, wholesale banking, retail banking, and support functions. During 2023, a total of 640 prospective employees in 21 batches participated in the ODP development.

- **Staff Development Program**

An employee onboarding development program promoted from staff level to leadership employee level. The focus of development includes briefing related to leadership, managerial, and technical skills needed by an officer: self-leadership, business banking, general banking, IT, risk management, and culture. The learning program lasts for 3 months in class and 3 months On the Job Training in the placement unit. During 2023, the number of employees participating in the SDP was 568 employees with 16 batches.

- **SESPIBANK Program**

The Bank Staff and Leadership College (SESPIBANK) is a development program in collaboration with the Indonesian Banking Development Institute for Bank Mandiri Level L3

leaders to prepare employees to the next level. The SESPIBANK curriculum consists of classical classes, general banking certification tests, benchmarking, and making papers as final evaluation material. After participating in this program, participants are expected to develop more advanced banking technical skills, as well as network with official participants from various other banks in Indonesia. In 2023, 1 (one) Bank Mandiri employee participated in the SESPIBANK program.

- **Mandiri People Manager (MPM) Fundamental**

A training program for employees at the P3K and L4 (officer) levels to equip leadership skills. The curriculum includes the preparation of a SMART work plan, prioritization of tasks based on PDCA, performance monitoring, and communication. The duration of the program is 1 day.

- **Mandiri People Manager (MPM) Advanced**

A training program for employees at the L4 level (Team Leader and equivalent) to equip leadership skills to lead the team. The curriculum includes building effective work teams, managing change, planning and guidance, managing stakeholders, and developing talents. The duration of the program is 1 day.

- **Mandiri People Manager (MPM) Mastery**

A training program for employees at the L3 level (Department Head level and equivalent) with the aim of improving leadership capabilities in managing, motivating, and improving team performance. The curriculum includes building effective work teams, managing change to achieve goals, planning, mentoring and execution, as well as managing energy and prioritizing team goals. During 2023, 66 employees have participated in the PM Mastery program.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

- Mandiri Advanced Senior Leaders Program (MASLP)**

Mandiri Advanced Senior Leaders Program (MASLP) is a leadership development program that prepares BOD-1 top talents to be part of long-term transformation at Bank Mandiri, while maintaining business continuity and ongoing operations. The focus of this program development is Intrapreneurship, strategic leadership, people focus & digital leadership according to the needs and strategies of the Bank.

Educate**Engage****Expose**

Learning through in-class training, reading materials, business simulation & group coaching (Jul - Aug '23)

Learning through collaborative interaction with coaches, mentors and colleagues.

International exposure through benchmarking to global companies

3-month journey through collaborative interactions with coaches, mentors and mentees

Journey ± 3 months through mentoring sessions (becoming a mentee & mentor)

1-week ± program through global benchmarking sessions

Educate

Learning through in-class training, reading materials, business simulation & group coaching (Jul - Aug '23)

Engage

Learning through collaborative interaction with coaches, mentors and colleagues.

Expose

International exposure through benchmarking to global companies

3-month journey through collaborative interactions with coaches, mentors and mentees

Journey ± 3 months through mentoring sessions (becoming a mentee & mentor)

1-week ± program through global benchmarking sessions

Modul 1 (3-7 Jul '23)
Strategic Leadership & Digital Leadership

MASLP participants attend coaching sessions **with IMD Coaches**, both in groups and individually (participants can add additional individual coaching time).

Immersion – Visitation to Ambidex Winning Global Companies

Benchmarking towards Global company with Leadership Practices & superior management, with case studies of the dynamics of the company's transformation that can be applied at Bank Mandiri

Modul 2 (7-11 Ags '23)
Ambidextrous Leadership, People Focus & Stakeholder Management

MASLP participants will also take part in further mentoring in the following sessions:

- Cross-mentoring with Directors
- Participants as Mentors

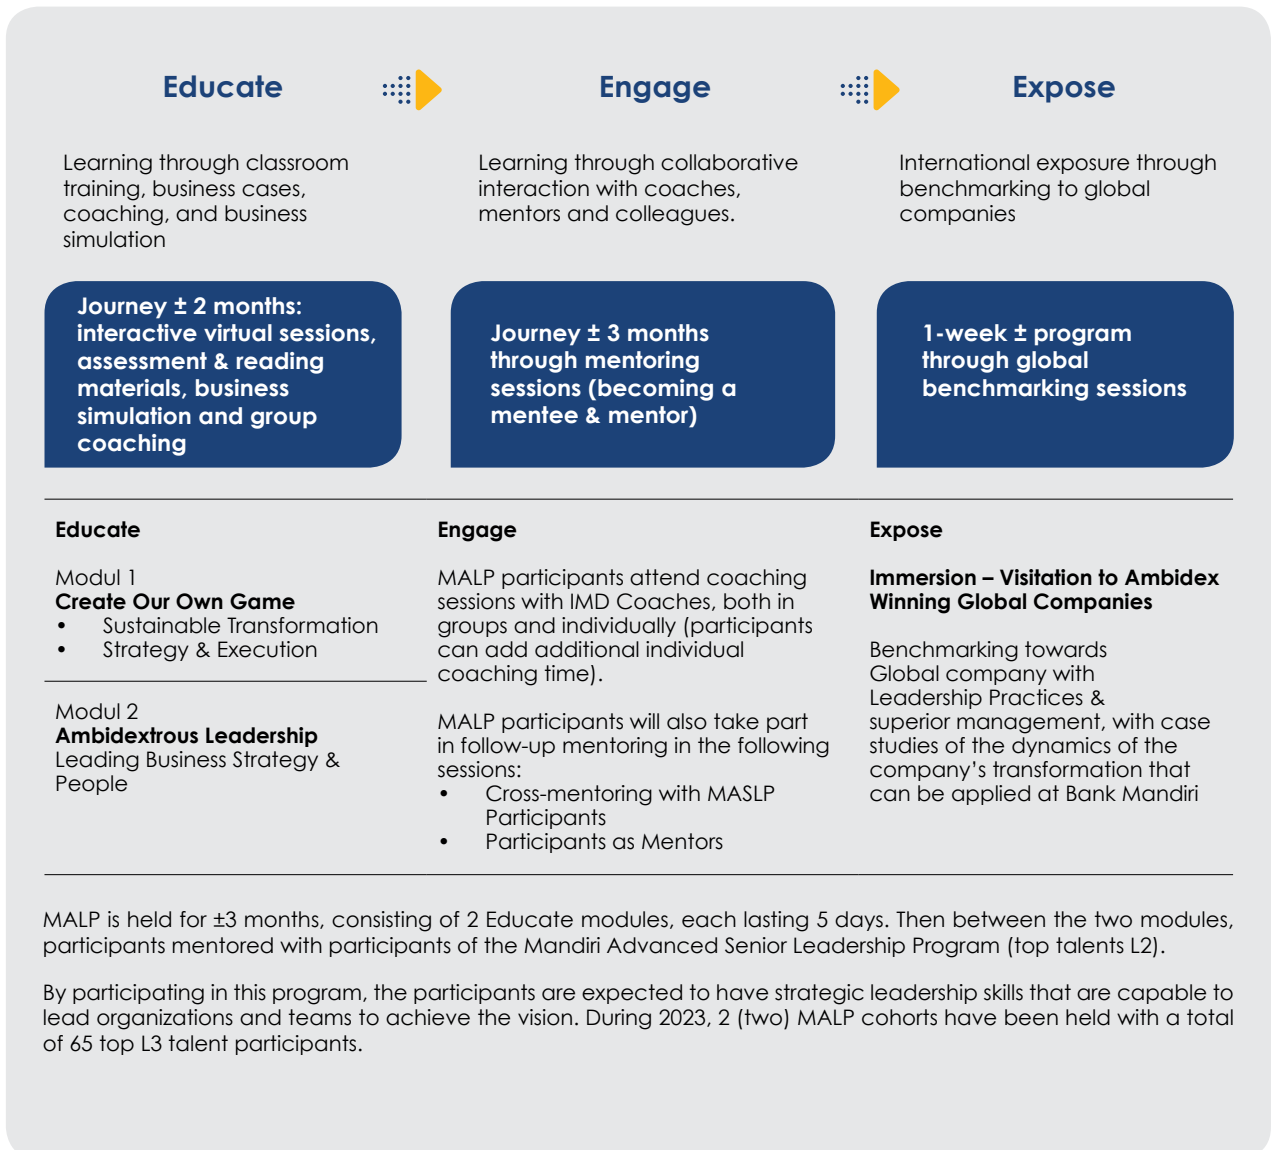

MASLP is held for ±6 months, consisting of 2 Educate modules, each lasting 5 days. Then between the two modules, participants cross-mentored with Bank Mandiri's Board of Directors/SEVPs, and became mentors for MALP (BOD-2) participants. The Expose stage cannot be carried out in 2023 due to several internal conditions, hence the journey expose will be held the following year.

Through participation in this program, it is hoped that participants can have strategic leadership skills to ensure that they are able to lead the organization and create a team that is capable to jointly achieve the vision of Bank Mandiri. During 2023, 1 (one) MASLP cohort has been held with a total of 23 top L2 talent participants.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

- Mandiri Advanced Leaders Program (MALP)**

Mandiri Advanced Leaders Program (MALP) is a leadership development program that prepares BOD-2 top talents to the next level of leadership. The focus of this program development is Intrapreneurship, strategic leadership, people focus & digital leadership in accordance with the needs and strategies of the Bank.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

OFFICER ONBOARDING SYSTEM

New employees of Bank Mandiri, both from the New Hire program (newly joined employees) and the New Promote (Onboarding for New at Level) program must go through an onboarding system to obtain the knowledge, abilities, and behaviors needed as Bank employees.

In order to digitize the onboarding system, the Bank introduced a more interactive new onboarding process through the application of gamification-based learning consisting of 10 learning topics with a duration of 3 months and can be accessed online.

The General Principles of the implementation of employee onboarding are as follows:

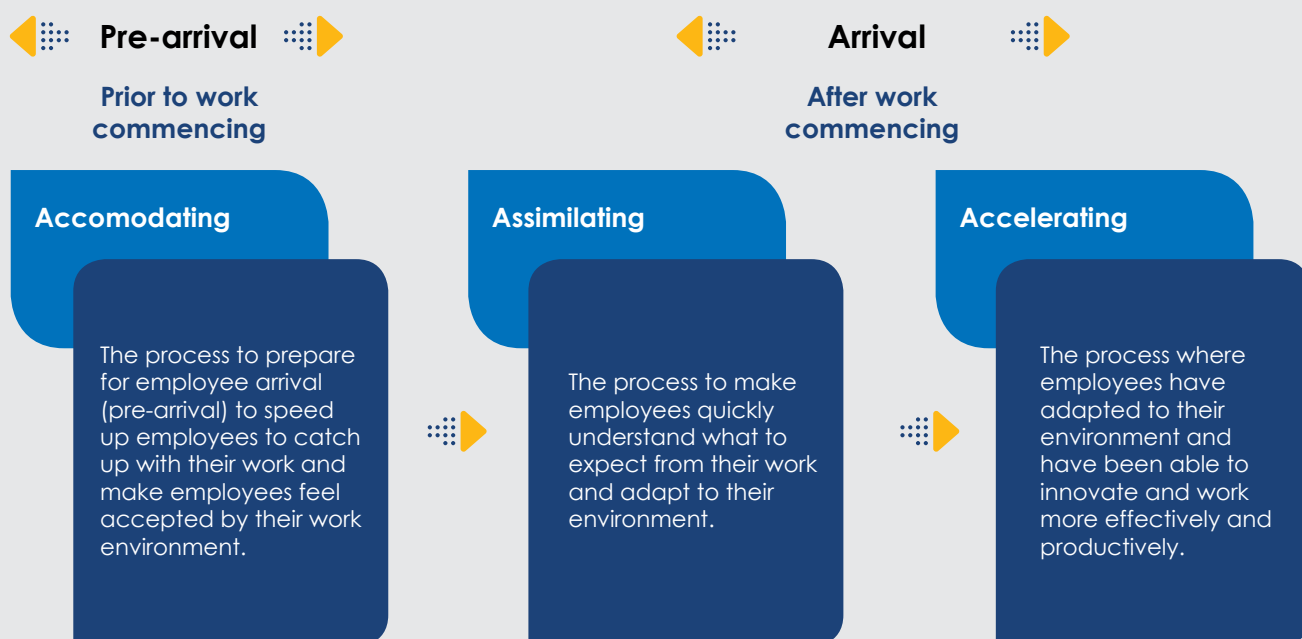

1. Compliance
The Bank prepares employees to understand the basics of the provisions and policies applicable at the Bank.
2. Culture
The Bank prepares employees to be able to accept and implement the Bank's norms including the Bank's work culture and core values.
3. Clarification
The Bank ensures that employees understand and aware on the duties and responsibilities of their new job and the expected performance results.

4. Connection

The Bank ensures that employees can maintain good and positive relationships between employees

Onboarding for New Hire

The On Boarding Program is implemented to help New Hire adapt to the new work environment to ensure fast understanding on the conduct and work in new unit. The On Boarding program is carried out since New Hire joined its new unit. The On Boarding Program consists of 2 (two) stages, namely the Pre-Arrival stage and the Arrival stage. Each of these stages consists of 2 (two) integrated processes as follows:

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

The objectives of Onboarding for New Hire are as follows:

1. Accelerate the process of employees' comprehension of their work so as to increase Speed to Productivity, which begins by providing facilities and infrastructure that can support work explanation on Job Description and Goals.
2. Introducing Bank Mandiri Culture in order to gain an understanding of aligned values for employees to quickly adapt to their work environment (attach to new culture).
3. Introducing the applicable provisions and systems for employees to attain risk awareness thereby able to measure and manage the risks encountered during their work.
4. Building a Resilient Independent spirit with a pattern of Resilient Learners who are willing to learn proactively from various sources (build proactive learner).

The supporting facilities provided during Onboarding for New Hire are as follows:

Welcome Kit Onboarding

1. *Welcome Kit Onboarding*
The Onboarding Welcome Kit is a package that contains equipment to support the performance and general information about Bank Mandiri provided to New Hire. The Onboarding Welcome Kit is given to increase understanding of Bank Mandiri and the productivity and work motivation of New Hire.

2. Buddy System

During Onboarding, New Hire will be accompanied by a Buddy. The Buddy's role in implementing the Onboarding Program is very important, particularly in introducing the work environment thereby able to speed up the New Hire adaptation process. A Buddy must have an adequate understanding related to the work unit and Bank Mandiri as its function is to always be able to provide positive and precise information to New Hire.

3. Onboarding Mission Checklist

The Mission Checklist is a guide to onboarding activities to assist New Hire in the process of adapting to the work environment during the Onboarding implementation.

Onboarding for New at Level

To help new employees adapt quickly to the environment and understand the work, Bank Mandiri conducts an Onboarding for New at Level program. This program is intended for employees who join through the New Promote program to help talent understand the job descriptions and goal settings, introduction on culture and the applicable Code of Conducts and Business Ethics.

The objectives of the Onboarding for New at Level Program are as follows:

1. Understand leadership & bank-wide expectations
2. Understand specific missions & responsibilities
3. Integrity Reminder & Awareness
4. Understand the conditions & objectives of the unit to be led

5. Understand the preparation of a New Unit strategic plan (including Quick Win & improvement)

Stages of Onboarding for New at Level program:

1. Onboarding Development Dialog
2. Onboarding Briefing
3. Onboarding Learning
4. Mid-Review
5. Evaluation of Probation Period

EMPLOYEE COMPETENCE DEVELOPMENT EVALUATION

To improve the quality of employee competence development programs, Mandiri University conducts continuous evaluations of material content, teacher quality, and learning methods. The following are the stages of evaluation carried out by Mandiri University on the implementation of employee competency development programs:

- Level 1 (L1) is an evaluation to assess participants' reactions to the implementation of learning carried out using the Net Promoter Score (NPS) method, which includes the suitability of the material, the ability of teachers to deliver the material, and the availability of learning facilities.
- Level 2 (L2) is an evaluation to assess the level of understanding of participants during learning using written examination methods (theory) and practical exams.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

- Level 3 (L3) is an evaluation to assess the implementation of learning materials and changes in behaviour before and after learning with the multirater method, namely asking for opinions/ assessments from employees, supervisors, colleagues, subordinates of employees who are the training participants. This evaluation is carried out at least 3 (three) months after learning.
- Level 4 (L4) is an evaluation to assess the impact of learning on the resulting performance. This evaluation uses the performance assessment method and is carried out at least 3 (three) months after learning period.

During 2023, Bank Mandiri held 6,087 training with various learning media, both face-to-face, virtual classroom and e-learning with a total of 4,401 training modules attended by 790,101 participants.

For the training conducted in 2023, Bank Mandiri has evaluated the employee competency development program as summarized in the table below:

Jenis Evaluasi	Result
Level 1, Reaction	The average level of training participant satisfaction (NPS) reached a value of +7 5.7 4 from a scale of -100 to +100 and an average evaluation score of 5.5 4 from a scale of 1-6
Level 2, Learning	The average level of comprehension of participants was 85.59, on a scale of 0-100
Level 3, Behavior	The average change in employee behavior after training was felt in their performance, with an average evaluation score of 5.05 on a scale of 1-6

EMPLOYEE COMPETENCE DEVELOPMENT COSTS

During 2023, Bank Mandiri realizes employee competency development costs of up to Rp382,832 billion. This figure is increase from the realization of the 2022 budget of Rp363.745 billion.

The following is competency development costs for Bank Mandiri employees.

Employee Competence Development Cost

No.	Program	Realization of Employee Development Costs (Rp Million)		
		2023	2022	2021
1	Executive Development Program	5.800	3,681	5,800

4	Pre Retirement	1.882	18,115	28,330
5	Strategic & Technical Skill Program	90.524	8,896	1,882
6	Elearning	23.715	240,657	70,941
Total		222.062	363,745	232,023

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

KNOWLEDGE MANAGEMENT

Bank Mandiri implements knowledge management to ensure that explicit and tacit knowledge of employees and organizations can be equally extracted, documented, and distributed. This is done in order to maintain and increase the competitive advantage of the organization.

Knowledge management activities at Bank Mandiri include a series of continuous activities, as follows:

Mandirian Learners Community to Facilitate Knowledge Management Activities

The Bank established Mandirian Learners Community as one of the efforts to manage the knowledge. Mandirian Learners Community (KMP) is a community of practitioners consisting of a group of Bank Mandiri employees who have the same profession, expertise, and interests with the aim of sharing specific knowledge practices so as to build innovation and create new ideas/knowledge/work practices and/or improve current work practices. The knowledge/work practices generated by Mandirian Learners Community are then curated, stored, and redistributed through the Bank's platform for adoption by the organization.

Currently, the following are several KMPs that specifically address certain fields:

- **KMP Smart Branch Knowledge (SBK) Corner** is a community of general bankers to share knowledge, experience, and best practices in Smart Branch.
- **KMP Legal Warrior** is a community of legal officers and employees of Bank Mandiri with legal education backgrounds to discuss legal knowledge and practice.
- **KMP KOPRA Community Network (KoCoNet)** is a community of Bank Mandiri employees who have an interest in sharing knowledge and experience related to KOPRA.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

- **KMP Data Quality** is Bank Mandiri's data inputer community that has the same interest/concern regarding efforts to improve data accuracy.
- **KMP Let's Grow** is a community consisting of Bank Mandiri's learning partners and facilitators who have an interest in increasing knowledge and competencies related to the learning process strategy.
- **KMP Mandiri Facilitator Squad** is a community of Bank Mandiri facilitators who are expected to improve the knowledge, skills of community members in carrying out their role as a facilitator.

Mandirian Learners Community Platform

Bank Mandiri uses MY Learn as one of KMP's platforms for the community members to be able to connect, and build relationships with each other, facilitate community related activities and data management related activities.

EMPLOYEE PERFORMANCE ASSESSMENTS

Bank Mandiri conducts employee performance assessments to measure results (Achievement), as well as the application of culture and leadership characteristics in daily work (Attitude). Bank Mandiri has implemented 360 Survey as a tool in measuring employee attitude since 2019. The implementation of the 360 Survey covers employees with the position level of Assistant Vice President (minus 2-BOD) to Senior Executive Vice President (minus-1 BOD).

The purpose of this assessment is for all leaders at Bank Mandiri to be assessed through observation with a broader perspective, as well as attain reliable input for continuous improvement, both in terms of performance, leadership and decision making. In an effort to optimize the results of the 360 Survey, adjustments were made to the format and expansion of the distribution of the 360 Survey Report. The aim is to encourage the use of 360 Survey results as part of employee development plans.

The assessment component is also enhanced through the integration of 10 Leadership Characteristics parameters with 6 AKHLAK Main Values as a reflection of leaders who apply the core values of SOEs. The purpose of these improvements is to build an objective and transparent assessment process based on factual observations in the field and maintain the integrity of decisions where policy, recommended distribution, fairness and consistency are the basis for the application of employee performance appraisals.

Performance Assessment System

The employee performance assessment system is based on the achievement of agreed Key Performance Indicators (KPI) (Achievement) and the implementation of competencies/core values (Attitude). The elements of performance assessed consist of process and result elements. Process indicates how to achieve targets (lead measure) and Results indicate the results of employee achievement over targets (lag measure).

The results of performance assessment are categorized based on 5 (five) ratings, namely:

1. Excellent Performance, indicates exceptional/extraordinary performance.
2. Very Good Performance, indicates satisfactory/excellent performance.
3. Good Performance, indicates good performance/meeting expectations
4. Requires some improvement, indicates improvements requirements to help improve the performance.
5. Under Performance, indicates undeliverable of appropriate/expected performance.

In 2023, an adjustment to the KPI (Goal Setting) mechanism is made, where the Employee Manager approves the Individual KPIs that have been sent by employees to the system. The adjustment aims to ensure that employee individual KPIs have been discussed and agreed upon jointly by employees and employee managers.

The performance assessment process of Bank Mandiri employees consists of 3 (three) stages, as follows:

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

1. **Goal Setting**
Bank Mandiri employees first set goals at the beginning of the year through development dialogue between employees and Employee Manager.
2. **Mid-Review**
Mid review is carried out by employees in the middle of the year to readjust to the Bank's business conditions.
3. **Final Assessment**
At the end of the year, a final assessment is conducted in which employees are given the opportunity to conduct a self-assessment of their achievements. The results of the self-assessment are further discussed, reviewed, and validated by the Employee Manager to be further calibrated by the Employee Manager's Manager. The parties engage in the employee performance assessment are described in the following chart.

With the performance appraisal system, it is expected to encourage employees to improve performance in the next period. The results of performance assessments are used as one of the factors in determining compensation, determining talent categories, and promotions.

In 2023, the number of employees participating in the performance assessment reached around 38,000 employees. The results of performance assessments are used as one of the factors in determining compensation, determining talent categories, promotion and employee development

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

EMPLOYEE
ENGAGEMENTS

To maintain employees' emotional attachment to the Company, Bank Mandiri implements various methods, one of which is by implementing an increase in the welfare of all employees in order to spur the creation of optimal productivity. Improvement of the welfare of Bank employees is provided materially and non-materially. The following is a description of several employee engagement improvement programs carried out by Bank Mandiri.

Employee Remuneration

The remuneration of Bank Mandiri employees is determined by referring to prevailing regulations. The amount of remuneration is adjusted to the applicable internal regulations and is above the Minimum Wage standard applicable in Bank Mandiri's operational area. Nevertheless, Bank Mandiri strives to maintain employee remuneration to remain competitive and in line with the Bank's remuneration strategy.

Bank Mandiri does not distinguish between basic salary and remuneration between female and male at each level of position. The ratio of basic salary and remuneration between female and male is 1:1. Salaries and facilities are set according

to position and performance, not based on gender differences.

Allowances

Bank Mandiri also provides benefits as an effort to maintain employee loyalty. Employee benefits are provided according to the employee's employment status, level, and type of work.

Maternity Leave Provisions

Bank Mandiri provides maternity leave for female employees, and a paternity leave for male employees by providing their rights in accordance with prevailing regulations and laws. Bank Mandiri accepts employees to return after the leave period ends, and employees can attain to their previous positions.

During 2023, a total of 1,633 employees taking maternity leave consisting of 1,007 female employees and 603 male employees. This number decreased by 7.16% from previous year's 1,759 employees (1,169 female employees and 590 male employees).

Of the employees who took maternity leave, 100% of employees have returned to work after the leave ended. In addition, 100% of employees who took maternity leave in the previous year have returned to work at Bank Mandiri after the leave ended. The high percentage of employees who

return to work after maternity leave indicates that Bank Mandiri is an 'employer of choice' and provides adequate support for the development of female employees.

Pension Plan

Bank Mandiri's pension program is provided in the form of pension funds and training before retirement.

Bank Mandiri's pension fund is managed by the Pension Fund established by the Bank. Bank Mandiri's type of pension fund program is a defined contribution program, in addition to a special defined benefit pension program for employees who join the Bank.

As a form of appreciation to employees who have served, Bank Mandiri also provides pension program training for employees who will enter retirement to maintain welfare and remain productive in retirement.

Various topics related to self-employment, health, and psychology are discussed in this seminar. For 2023, the training before retirement is attended by 31 batches with a total of 379 employees who will retire within the next 0-1 year. This training is conducted for 2-3 days offline.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

Awards

One of the ways that the Bank does to enhance employee engagement is by giving appreciation in the form of awards to Bank employees through the Mandiri Employee Award (MEA). This award event is held regularly every year, with the following awarding categories:

- **Mandatory Award**

The highest appreciation given by the management to Mandiri Best Employee (MBE), namely the award to the best employees for consistency in delivering the best performance, as well as implementing corporate culture that are being reflected in work behavior in line with the Core Values of AKHLAK, aim at elevating employee motivation and engagement to continue to make the best contribution.

In 2023, the total number of employees receiving MBE awards were 121 employees and 15 employees of subsidiaries.

- **Thematic Award**

An appreciation to the Work Unit/Employees who have contributed and have achievements in supporting bank-wide initiatives, including related to the execution of corporate strategies, business growth and sustainability, strengthening the mindset of strong learners, and implementing corporate culture, with the following details:

- a. **Best Strategy Bankwide**

Appreciation to Work Units that have the best performance achievements through the implementation of 3-3-1 strategies, 8 Strategic Goals, and LUNAR

- b. **Best Collection & Recovery of The Year**

Appreciation to Mandirian that exceeds the target in billing and in line with applicable ethics.

- c. **Best Bansos Heroes**

Appreciation to the Work Unit that has made the best contribution in the distribution of Social Assistance to the community.

- d. **Best Facilitator**

Awards to Mandirian who are active as teachers/trainers.

- e. **Mandiri Service Award**

Mandiri Service Award (MSA) 2023 is an event to select the best Frontliner and Branch consisting of 2 (two) main activities, namely:

1. National Frontliner Championship (NFC) is Bank Mandiri's Frontliner competition program which is attended by Regular Branches, Smart Branches, Priority Outlets with General Banker, Customer Service, Teller, Security, RM Priority Banking, and Service Quality Officer categories.
2. Service Excellence Award is the selection of Branches (conventional and smart branches), Priority Outlets, and Areas with the best service value in each Region nationally based on survey values conducted by externally.

For 2023, NFC was held on 15 -17 November 2023. This national-level competition was attended by 60 best frontliners from a total of 17,000 frontliners spread across 2,400 branches throughout Indonesia from Region I to Region XII. The Frontliners who participated in the competition at the National level were 1 of the best Frontliner representatives from each category who passed through the Region selection.

Through this MSA event, Bank Mandiri hopes that all Frontliners, Branches, Priority Outlets, Areas, and Regions can be motivated to strive to be the best and consistently provide remarkable customer experience to customers.

- f. **Mandiri Innovation eXperience (MIX)**

MIX is Bank Mandiri's innovation platform to address future business challenges. Bank Mandiri will give appreciation to this innovation.

- g. **Mandiri Best ESG Stewardship**

Appreciation to Work Units that support the achievement of the "Indonesia Sustainability Champion" target through the development of sustainable products, the implementation of green operations and community empowerment.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

LACTATION ROOM

To enhance employee engagement, Bank Mandiri provides lactation rooms for female employees who are breastfeeding both at the Head Office and at regional/branch offices. The lactation room is built with a comfortable and clean atmosphere, and is equipped with various facilities and standard needs for breastfeeding mothers.

ENGAGEMENT SURVEY

The Bank again conducted an engagement survey to 28,415 employees, conducted during the December 2023 period, with a score of 89.65% (an increase of 1.59% compared to 88.06% in 2022). The survey was conducted by independent consultants by measuring organization, leadership, career development, relationships and communication, compensation benefits, job suitability, contribution/opportunity to provide the best and work groups.

EMPLOYEE TURNOVER

To measure employee engagement, Bank Mandiri monitors the Resignation Rate regularly every year. The measurement is carried out for the Bank to exactly analyze and determine the profile of the employee who resigned, particularly the reason/background of the employee's resignation hence the Bank can find and design the right employee engagement program. Bank Mandiri's Resignation Rate trend for 2021 – 2023 is presented in the table below:

Bank Mandiri's Resignation Rate Trend 2020-2022

Tahun	Total Resignation (person)	Total Employees (person)	Percentage
2023	1,044	38,940	2.68%
2022	1,102	38,176	2.89%
2021	1,185	37,840	3.13%

In 2023, the total number of employees resigning from the Bank was 2,048 personnel with an employee turnover rate of 5.26%.

Employee Resignation Trend

Description	2023	2022	2021
Jumlah karyawan yang keluar (orang)	2,048	1,840	1,998
Jumlah karyawan akhir tahun (orang)	38,940	38,176	37,840
Persentase turnover (%)	5.26%	4.82%	5.28%

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

INDUSTRIAL RELATIONS

The Bank conducts industrial relations based on Law No. 13 of 2003 on Manpower as last amended by Law No. 6 of 2023 concerning the Stipulation of Government Regulations in Lieu of Law No. 2 of 2022 on Job Creation into Law and its implementing regulations in order to create and build a comfortable, transparent, positive and progressive work environment. To obtain the best results, the Bank pursues various approaches as follows:

1. Creating harmonious Industrial Relations that are well built and managed, with the active role of employees, the Bank Employees Union, and employee organizations recognized by the Bank.
2. Creating activities that can increase the level of employee engagement with the Bank through programs that can effectively have an impact on changing employee attitudes and work behavior and bring positive changes to the Bank's performance.

The Bank builds good Industrial Relations based on the understanding that Bank Mandiri, Employees, and Employee Unions must respect each other, trust, and resolve to work together in carrying out their respective rights, obligations, and responsibilities with the aim of ensuring business continuity, growing business scale and improving employee welfare.

To achieve industrial relations as agreed above, the Bank provides industrial relations facilities, including:

1. Employee Unions
Bank Mandiri provides freedom for employees to join employee union organizations. Bank Mandiri Employees Union (SPBM) is an employee union formed to establish good relations between Bank Mandiri employees and management, so as to create harmonious industrial relations. SPBM was established in 2000 and has been registered at the Ministry of Manpower and Transmigration of the Republic of Indonesia No. KEP.804/M/BW/2000 and registered at the Ministry of Transmigration of the Republic of Indonesia No. 45/V/P/V/2001.
2. Collective Labor Agreement
Bank Mandiri already has a Collective Labor Agreement (CLA), resulted from the negotiations between Bank Mandiri and SPBM that contains the terms of work, rights and obligations of both parties based on laws and regulations.

CLA is valid for 2 (two) years from the date of signing and can be extended for a maximum of 1 (one) year provided that the extension is valid for 1 (one) time only.

The first CLA is valid for the 2004-2006 period and the current agreement is the 11th CLA for the 2023-2025 period which has been registered and approved by the Ministry of Manpower of the Republic of Indonesia, in line with the Decree of the Director General of Industrial Relations Development and Labor Social Security No. KEP.4/HI.00.01/00.0000.231228008/B/I/2024 dated 10 January 2024.

3. Internal and External Regulations
Bank Mandiri strives to adhere and complies with prevailing laws and regulations, both external and internal regulations, including the Operational Policy (Human Resources) which has been updated and approved on 3 April 2023 and the Human Resources Guideline Standard which was last updated in December 2023
4. Bipartite Cooperation Institute
The Bipartite Cooperation Institute (LKS) at Bank Mandiri was established in 2005 and has been registered in the South Jakarta Municipal Manpower and Transmigration Service Office.

Pursuant to the mandate of Law No. 13/2003 and as stated in CLA 2023-2025, Bank Mandiri and the Employee Union routinely carry out Bipartite LKS as a forum for communication and consultation on matters related to industrial relations. At the forum, Bank Mandiri communicated policies related to Human Capital, as well as several matters that are the focus of the Bank's business development in line with the set forth vision and mission. The Employee Union also had the opportunity to submit suggestions and inputs for improvement, as well as several aspirations of Employees to Management.

5. Complaints Handling
To create a favorable work climate, Bank Mandiri strives to properly manage complaints through an open communication forum in order to create effective employment relations.

HUMAN CAPITAL MANAGEMENT PROGRAM IN 2023

6. Industrial Relations Dispute Resolution

Settlement of Industrial Relations Disputes at Bank Mandiri refers to Law No. 2 of 2004 concerning Settlement of Industrial Relations Disputes, by prioritizing communication to reach an agreement (win-win solution). This is able to create peace of work for employees, to ensure harmonious industrial relations to be maintained which in turn can increase work productivity.

The development and training of Bank Mandiri employees in principle aims to support the implementation of Bank Mandiri's corporate plan and business strategy in a sustainable manner. As such, the curriculum and learning methods are built to achieve organizational goals, to produce the best leaders that deliver excellent performance, as well as to foster a culture of continuous learning in every employee.

To achieve this, three employee development and training strategies were established, namely Capability Enabler, Learning-to-Business Alignment, and Learning Experience Design.

Untuk mencapai hal tersebut, ditetapkan tiga strategi pengembangan dan pelatihan pegawai, yaitu Capability Enabler, Learning-to-Business Alignment, dan Learning Experience Design.

- The Capability Enabler strategy aims to build existing competency for productivity and upcoming competency to anticipate future challenges.
- The Learning-to-Business Alignment strategy aims to ensure that all development and training programs held will have a positive impact on the business, particularly to achieve business targets according to the established strategy.

- The Learning Experience Design strategy aims to build a learning mindset and learning culture for all employees and also provide a learning experience that builds employee engagement. By having a good learning mindset, learning culture, and learning experience, employees will then take the initiative to build their competencies independently.

Based on these three strategies, programs and initiatives for employee development and training were then developed. Employee development and training programs and initiatives in 2023 are carried out through the development of leadership and technical competencies, which among others focus on developing wholesale capability, strategic business leaders and also building digital talent. Employee development is carried out in a planned manner to suit business needs, informed early on to all stakeholders, resource allocation can be done well, and achievement/realization can be monitored regularly.

The employee training and development program is carried out using a blended learning method that combines structured learning methods (classroom, virtual learning, e-learning), learning from others (development dialogue, mentoring), and experiential learning, among others, through on-the-job training and job rotation. In 2023, Bank Mandiri also continued the implementation of digital learning that began several years ago, including building knowledge management to support specific businesses, among others through the community of practice.

EMPLOYEE DEVELOPMENT PLAN 2024

The development and training of Bank Mandiri employees in principle aims to support the implementation of Bank Mandiri's corporate plan and business strategy in a sustainable manner. As such, the curriculum and learning methods are built to support the Bank in achieving organizational goals, producing the best leaders with excellent performance, as well as fostering a culture of continuous learning in every employee.

To achieve this, three employee development and training strategies were established, namely Capability Enabler, Learning-to-Business Alignment, and Learning Experience Design.

The Capability Enabler strategy aims to build existing competency for productivity and upcoming competency to anticipate future challenges.

The Learning-to-Business Alignment aims to ensure that all development and training programs held will deliver a positive impact on the business, particularly to achieve business targets according to the set forth strategy.

The Learning Experience Design aims to build a learning mindset and learning culture for all

employees and also provide a learning experience that builds employee engagement. By having a good learning mindset, learning culture, and learning experience, employees will then take the initiative to build their competencies independently.

Based on these three strategies, programs and initiatives for employee development and training were then developed. Employee development and training programs and initiatives in 2024 will be carried out through the development of leadership and technical competencies, which among others focus on developing wholesale capability, strategic business leaders and also building digital talent. Employee development is carried out in a planned manner to suit

business needs, informed early on to all stakeholders, resource allocation can be done well, and achievement/realization can be monitored regularly.

The employee training and development program is carried out using a blended learning method that combines structured learning methods (classroom, virtual learning, e-learning), learning from others (development dialogue, mentoring), and experiential learning, among others, in the form of on-the-job training and job rotation. In 2024, Bank Mandiri will also continue the implementation of digital learning that began several years ago, including building knowledge management to support specific businesses, including in the form of community of practice.

INFORMATION TECHNOLOGY

In the midst of the financial services industry's intensive digitalization, Bank Mandiri has proven to be a strong industry leader, armed with a unique all-rounder ecosystem powered by reliable, available, scalable, and secure information technology. The Bank's application of information technology is centered on supporting its mission of providing reliable and simple digital banking products that are part of customers' lives.

INFORMATION TECHNOLOGY STRATEGIC PLAN

Bank Mandiri continues to foster digitalization in all business lines and internal processes of the Bank. As such, the use of technology in a planned and appropriate manner is one of the keys to the success of Bank Mandiri's digital transformation.

Bank Mandiri's Information Technology (IT) executes discipline and continuous IT Strategic Plan in line with Bank Mandiri's Corporate Plan 2020-2024. The strategy is outlined in the IT Strategy & Execution Plan 2020-2024 with a vision to become a **technology strategic partner that "Always Deliver, Always Ahead"** to

provide added value and promote innovation to all stakeholders in fostering robust and sustainable business growth. The vision is realized in 3 (three) main focuses, namely Fit For Growth, Drive Digital Transformation and Transform IT.

IT Strategy & Execution Plan 2020-2024

VISI IT 2020-2024

Becoming a **technology strategic partner** that is **"Always Deliver, Always Ahead"** to provide added value and enforce innovation to all stakeholders in promoting sound and sustainable business growth.

MISI IT 2020-2024

A Fit For Growth

Providing **reliable, available, scalable & secure** technology in accommodating business growth

B Drive Digital Transformation

Providing **adaptive** technology to **drive digital transformation & business innovation**

C Transform IT

Build the best and sustainable **operating model, organization, and people capability** to support IT strategy execution

INFORMATION TECHNOLOGY STRATEGIC PLAN

A. Fit For Growth

To provide reliable digital services, Bank Mandiri provides reliable, available, scalable and secure technology in accommodating the Bank's business growth through:

1. **Core banking** modernization to ensure features, capacity & scalability can optimally support business.
2. **Improvement of IT reliability, availability and scalability as well as strengthening cyber security** to support the Bank's services and business.
3. **Implementation of initiatives related to regulatory & compliance** to ensure system readiness to meet the needs of regulators and principals.
4. **Development and optimization of data analytics** in supporting the Bank's services and business.

B. Drive Digital Transformation

Providing adaptive technology to drive digital transformation & business innovation through:

1. **Wholesale** digitalization to foster digital transformation and business innovation in the wholesale segment, such as the development of KOPRA as a single access platform for all customer transaction needs.
2. **Retail** digitalization by strengthening capabilities and developing IT systems to optimize banking services that are fast, easy and user-friendly in every channel, such as the development of Livin' by Mandiri

as a digital channel to improve customer experience for retail segment customers, transforming branches through Smart Branch, and expanding Livin' ecosystem to offline merchants

3. **Development** of IT capabilities to support SME & Micro segment business strategies, such as developing sales tools to accelerate credit acquisition and increase productivity of Relationship Managers.
4. **Improvement** of capabilities to support the use of enterprise-wide applications & operations that include HR management, financial records, risk & fraud monitoring, and operations improvement.

C. Transform IT

Building fundamental IT aspects consisting of the best and sustainable operating model, organization, and people capability to support IT strategy execution through:

1. **Optimization of operating models and internal processes** to improve operational quality & solution delivery.
2. **Organizational alignment and capacity building and IT resource competence** to support digitalization and improve the quality of IT service delivery.
3. **Improvement of collaboration and synergy of Mandiri Group** to drive cost efficiency, mitigate reputation and operational risks and share knowledge.

IMPLEMENTATION OF INFORMATION TECHNOLOGY STRATEGIC PLAN 2023

The IT strategic plan for 2023 is outlined in a work program that is structured to support the strategic direction of IT. This work program is implemented in strategic areas that are aligned with the focus of IT strategy, as follows:

A. Fit For Growth

In line with business development, in 2023 the Bank continued its core banking modernization initiatives to ensure features, capacity & scalability can optimally support the business. In addition, to ensure IT reliability, availability, scalability and security, several initiatives have been carried out, including:

1. Providing core system support for various features in digital lending services, payment systems, card-based services (debit and credit) and custodian services.
2. Ensuring the stability of performance, scalability and functionality of IT systems and services both in the front office, middle office and back office through continuous upgrading of applications, databases and operating systems as well as improvement of application architecture.

3. Always comply with regulatory and principal initiatives, including the implementation of integrated reporting with PPATK (Center for Financial Transaction Reporting and Analysis), system adjustments for the adoption of the PDP Law (Personal Data Protection Law) and the adoption of payment standards (BI Fast, SWIFT, etc.) on an ongoing basis.
4. Increased capabilities and utilization of data analytics to support the Bank's business in a sustainable manner, among others through lead generation and personalized campaigns in various business segments.

Bank Mandiri also continues to maintain the quality of IT support through the adoption of international best practices that are recognized through several certifications such as:

- ISO 9001:2015 untuk Operation and Development of Data Center, DRC & IT Infrastructure
- ISO 20000-1:2018 untuk IT Service Management
- ISO/IEC 27001 untuk Provision and Development of Infrastructure and Operational DC & DRC

Bank Mandiri ISO 9001:2015, ISO 20000-1:2018, dan ISO/IEC 27001 Certification

IMPLEMENTATION OF INFORMATION TECHNOLOGY STRATEGIC PLAN 2023

B. Drive Digital Transformation

In 2023, Bank Mandiri continued to foster digital transformation and business innovation through agile-based development to ensure that it can quickly and adaptively deliver features to provide benefits for customers. The initiative is implemented in the following four areas:

1. Wholesale Digitalization

KOPRA as a single access platform for Wholesale customers is currently equipped with the KOPRA Mobile App to approve transactions safely as there is already a biometric login feature. Currently, KOPRA can also be used to manage financial transactions with customer partners overseas. Moreover, we continue to foster digitalization and end-to-end integration of wholesale credit processes in improving operational efficiency while strengthening risk management.

2. Retail Digitalization

In this segment, Bank Mandiri continuously innovates by strengthening capabilities and developing IT systems in optimizing fast, secure and user-friendly banking services in every channel, such as:

- Development of Livin' by Mandiri Super Apps and Smart Branch transformation to improve customer experience for retail customers.
- Expanding the digital ecosystem for offline merchants through the development of Livin' Merchant and for online merchants through the development of the Livin' Sukha 2.0 feature, which is currently collaborating with various partners.

3. SME and Micro Growth Strategy

Development of IT capabilities to support business strategies in the SME & Micro segment in 2023, including the development of customer acquisition tools through digital offerings based on e-channels and end-to-end integrated landing pages

4. Enterprise System dan Operations

Develop enterprise system capabilities on an ongoing basis both for HR management, financial records and fraud prevention. Optimization of credit operations is also supported by the development of a mobile platform for the collateral valuation process.

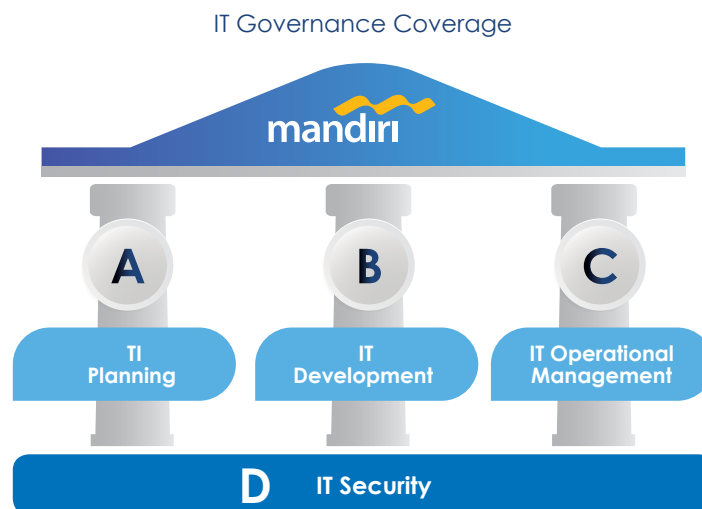

C. Transform IT

In 2023, Bank Mandiri's IT carried out an operating model improvement on an ongoing basis to foster development with a fast and quality speed-to-market orientation. In addition, the Bank also continues to focus on building internal development capabilities and capacity through the Center of Excellence (CoE) and agile squad that adopts the Agile Release Train in accommodating multiple releases in one period.

Mandiri Group's collaboration and synergy in the IT sector also continues to be improved through the implementation of the Special Interest Group (SIG), which is a thematic forum that is technical in nature as a forum for sharing and collaboration between Mandiri Group with several strategic themes including IT security, IT infrastructure and IT project portfolio management.

INFORMATION TECHNOLOGY GOVERNANCE

In general, Bank Mandiri's IT governance is divided into 4 (four) processes, namely Planning, Development, Operational Management and IT Security, as follows:

A. IT Planning

IT planning includes several IT strategic processes including the preparation and review of IT long-term strategic plans, the preparation of IT project portfolios aligned with the Bank's strategy, the management of IT standards as a reference for IT development and IT strategic research and studies for optimization of application utilization, IT infrastructure and adoption of new technology/business processes that have competitive value for the bank.

B. IT Development

IT development governance includes the end-to-end IT development process starting from the stages of defining needs, design, to testing and deployment. Bank Mandiri adopts a waterfall and agile System Development Life Cycle (SDLC) development methodology that is tailored to the readiness of resources and the character of project needs. Bank Mandiri also applies the DevSecOps method which is an intensive collaboration of each role (product, development, security, risk management, and operation) in the team supported by the use of tools.

C. Operational Management

IT Operational Management includes activities carried out to ensure the operation of Bank Mandiri's IT system is well maintained. This includes managing system operations, managing backup & restore, managing networks, maintaining systems, and managing IT infrastructure.

D. IT Security

IT security processes are attached to each process end-to-end, from planning, development, to managing IT operations. IT security governance focuses on a cybersecurity framework consisting of three execution pillars (Governance, Protection, and Operations). Each pillar has the following aspects:

- Governance: includes, among others, security awareness, security standards and organizational adequacy.
- Protection: includes, among others, defense mechanism, penetration testing dan user access management.
- Operation: includes, among others, Security Operation Center 24x7, threat intelligence, and vendor security assessment.

INFORMATION TECHNOLOGY SECURITY

The development of digital era and technology adoption makes the customers' transactions easier and more convenient. However, services digitalization also carries the threat of information security risks including theft, loss, manipulation and misuse of data, disclosure of sensitive information and damage or destruction of unlawfully information that can threaten the confidentiality, integrity, and availability of information.

To maintain information security, Bank Mandiri has developed and implemented an IT security strategy that complies with regulations (BI & OJK), in line with international standards (ISO 27001) & best practices (NIST Cybersecurity Framework, COBIT Framework, PCI Security Standard). The information security management system strategy is divided into three main areas, namely People, Process, and Technology as follows:

1. People

a. Security Awareness

The Security Awareness Program is carried out to foster awareness on information security in daily behavior which ultimately becomes the Bank's culture. Bank Mandiri conducts security awareness certification every year to all levels of employees in

domestic and overseas offices. Routine security awareness campaign programs are also carried out in various media, namely newsletters (monthly), posters (quarterly), podcasts (quarterly), and phishing drills (quarterly). Some of the topics of security awareness campaigns include data security protection, maintaining data confidentiality, the latest cyber-attack trends, how to identify and avoid phishing, and online transaction security.

Moreover, Bank Mandiri continues to increase customer security awareness with educational programs through various official Bank channels such as websites, social media (Instagram, Facebook, Twitter), and YouTube.

INFORMATION TECHNOLOGY SECURITY

Campaign Security Awareness untuk Nasabah

b. Human Resource Development (HR)

Strengthening the people aspect is carried out by continuous skills development (capacity and capability) on human resources. Bank Mandiri provides training & certification to regularly develop soft skills and hard skills to all employees, and vendors/ contractors.

1. Training & certification for employees: CISM (Certified Information Security Manager), CISSP (Certified Information Systems Security Professional), CRISC (Certified in Risk and Information Systems Control), ISO 27001 Lead Implementer, ISO 27001 Lead Auditor, CISA (Certified Information Systems Auditor), CEH (Certified Ethical Hacker), CHFI (Computer Hacking Forensic Investigator), and product-based knowledge training to deepening and expertise on the Bank security system.
2. Training for vendors/contractors: Internal training for vendor employees who work for operational support.

Soft skill development is provided through training such as leadership mindset, strategic thinking, creative thinking, design thinking, problem solving, presentation skill, and negotiation skill.

Training & certification is provided through various methods, both onsite

and online (virtual) training through public platforms.

2. Process

c. Three Lines of Defense (3LoD)

Bank Mandiri has implemented a risk management mechanism consisting of three levels of defense:

- 1st line of defense - CISO Office Group, responsible for bank information security through three main functions, namely:
 - Design, designing security architecture and security requirements that are embedded from the beginning of development, implementation to system/ application operations.
 - Services, developing, reviewing and disseminating standard procedures, awareness programs and risk management. IT also implements security controls in the IT planning and development process.
 - Operations, conducting 24/7 monitoring, detecting attack threat anomalies and handling information security incidents which include identification, protection, detection, response and recovery of cyber security incidents.
- 2nd line of defense - Operational Risk Group, responsible for developing the bank-wide operational risk management framework.

INFORMATION TECHNOLOGY SECURITY

- 3rd line of defense – Internal Audit, responsible for carrying out assurance functions on operational activities in accordance with internal and regulatory regulations.

b. Security Policy & Procedure

Bank Mandiri already has a structure of information security policies and procedures based on regulations and International Standards such as POJK No. 11/POJK.03/2022 on the Implementation of Information Technology by Commercial Banks), ISO 27001 (Information Security Management System) and other best practices. These policies and procedures are regularly reviewed to be relevant and up-to-date with international standards & best practices, as well as technological developments. These policies and procedures are also a reference for the Company's Subsidiaries.

c. Security Operation Center (SOC)

Bank Mandiri implements optimal best-in-class security devices according to the function and application of layered architecture to secure the Bank's systems and data, as well as identify and block security event anomalies at each layer, namely:

1. Applications accessed by customers, for example: Securing transactions with a PIN.
2. Network, example: Firewall equipped with Intrusion Prevention System (IPS).
3. Endpoint (PC/Laptop), example: Antimalware.
4. Server (Branch Server & Data Center), example: Antimalware.

In dealing with the threat of cyber-attacks, Bank Mandiri has the capability to detect and handle cyber-attacks through the Security Operation Center (SOC) which operates for 7x24 hours. SOC together with related work units are registered as Bank Mandiri Computer Security Incident Response Team (CSIRT) registered with the State Cyber and Encryption Agency (BSSN) to collaborate, facilitate coordination, and

share information if there is a cyber incident. In responding and handling cyber incidents, Bank Mandiri CSIRT implements an incident response plan consisting of the following stages:

- Identification: includes the process of detecting and receiving cyber incident reports.
- Handling & escalation: includes the process of cyber incident analysis, isolation/containment of affected systems, follow-up destruction/eradication to stop cyber incidents, and recovery to restore the entire system to normal work as before.

These stages are carried out in conjunction with periodic escalation and reporting to relevant stakeholders & regulators.

CSIRT conducts regular testing and simulation of cyber incidents to train the readiness of organizations and employees to respond to incidents. Every cyber event and incident is managed consistently, effectively and measurably.

SOC proactively follows up on information on the development of cyberattacks from the reputable Threat Intelligence Service. In addition, Bank Mandiri also builds internal capabilities to conduct threat hunting in providing online protection for brands & websites from threats such as phishing, online scams, unauthorized access and counterfeit.

d. Cyber Security Forum

Bank Mandiri's seriousness in monitoring information security is expressed by the direct involvement of the Board of Commissioners and Directors in this topic through the Risk Oversight Committee, Audit Committee and Integrated Governance Committee which are carried out regularly. The agenda of discussion at the committee meeting included reporting on ESG initiatives in the quarterly Privacy & Data Security aspect, multi-layer defense mechanism, and fulfillment of Mandiri Group's security requirements.

INFORMATION TECHNOLOGY SECURITY

e. Cybersecurity Testing

To maintain and evaluate resilience and cybersecurity, Bank Mandiri periodically conducts resilience and cybersecurity tests in accordance with applicable regulations, as follows:

1. Based on vulnerability analysis, Bank Mandiri conducts penetration testing for every new application development and periodically for internet-facing and/or very critical applications at least once a year. Penetration testing is carried out by external independent parties certified by international penetration tester standards.

2. Bank Mandiri conducted scenario-based testing through activities:

- a. Table-top Exercise (Cybersecurity Drill)

This testing activity is based on discussions where each personnel from across work units gathers and discusses handling and countermeasures in the event of a cyber incident in accordance with their respective duties. This testing activity is carried out by involving relevant work units, including IT units, risk management units, business continuity units, customer care units, and corporate secretary units. Examples of scenarios that have been tested include: ransomware attacks, illegal hacking, unauthorized access, data leakage, e-mail threats, and others.

Bank Mandiri collaborates with reputable international consultants (external independent parties) in the preparation of scenarios and the implementation of table-top exercise activities to adopt the latest cyber-attack trends and best practices for testing implementation.

- b. Social Engineering Exercise (Phishing Drill)

The testing activity was by simulating a social engineering (phishing) attack via email asking employees to divulge sensitive information such as passwords. This testing activity is carried out using a phishing drill tool that can automatically send a simulated phishing e-mail to all employees. This activity aims to assist employees in identifying and reporting if they receive phishing emails in a near-real experience.

- c. Adversarial Attack Simulation Exercise (AASE)

Testing activities by simulating real-life attacks by reputable international consultants (external independent parties) who use the latest and customized tactics, techniques, and procedures of cyberattacks in the real world by targeting aspects of people, process, technology to test cyber resilience. This testing activity is carried out at least in collaboration with reputable international consultants (external independent parties) in the preparation of scenarios and the implementation of AASE activities to adopt the latest cyber-attack tactics, techniques, and procedures as well as best practices for conducting tests. Examples of scenarios that have been tested include: Getting unauthorized access, theft of application source code from the code repository, disabling defense systems; theft of confidential data from the Data Center.

The results of the resilience and cybersecurity tests are reported to the Board of Directors and regulators in accordance with relevant regulations.

INFORMATION TECHNOLOGY SECURITY

d. Third Party Security Review

Bank Mandiri is aware of the risk of information security threats from third parties (supply chain) in collaboration with Bank Mandiri. As such, Bank Mandiri routinely conducts information security reviews implemented by third party organizations (people, process, technology) in accordance with the scope of their interests and involvement with Bank Mandiri. This review is carried out through several methods such as filling out questionnaires, interviews, and/or site visits.

Furthermore, to measure and evaluate the optimization of the information security process, Bank Mandiri conducted a series of assessment activities by the dependent external assessor, namely the State Cyber and Encryption Agency (BSSN) related:

a. **Cyber Security Maturity (CSM) assessment**

with maturity level 5 – "Optimal" (highest score). CSM Assessment is an instrument from BSSN to assess the level of cybersecurity maturity of an organization, including the assessment of the maturity of management and protection of personal data confidentiality (data privacy).

b. **Measurement of Incident Handling Maturity Level (TMPI)**

with the result of maturity level 5 – "Optimise" (highest value). TMPI is a tool to map the level of organizational readiness in responding to and recovering cybersecurity incidents, including detecting and responding if there is an incident of personal data leakage due to system security gaps.

3. **Technology**

Bank Mandiri conducts multi-layer defense mechanism starting from securing applications, networks, and systems that use best-in-class technology and are always up-to-date on technological developments relevant to the latest cybersecurity trends. Bank Mandiri actively secures technology from various sides, including:

a. **Information Security Architecture**

The Bank continuously improves capabilities through investment in every layer of IT security, namely endpoint security, network security, application security, data security and IT infrastructure security. Furthermore, Bank Mandiri also builds anomalous network & account activity detection capabilities by utilizing AI and machine learning technology.

b. **Endpoint Security**

In supporting endpoint security from all inherent vulnerabilities, Bank Mandiri implements Virtual Private Network, Network Access Control (NAC), antivirus/antimalware, Endpoint Detection Response (EDR), disk encryption, Multi Factor Authentication (MFA) and others.

c. **Network Security**

The use of layered and redundant tools to make the internal network more resilient, Bank Mandiri implements an Intrusion Prevention System, Anti-DDoS, Antispam, Virtual Patch and Web Application Firewall. Security devices are placed in the Data Center & Disaster Recovery Center, to maintain service availability and readiness for business continuity (Business Continuity Plan).

d. **Application Security**

Bank Mandiri has adopted the Agile Development method to support business needs quickly. Both methods are equipped with testing stages that use Dynamic Application Security Testing (DAST) and Static Application Security Testing (SAST) techniques. In addition, source code management also includes security source code review.

Bank Mandiri also has digital forensic capabilities that support the security incident investigation process to support post-incident recovery, improve security posture and prevent similar incidents.

INFORMATION TECHNOLOGY SECURITY

e. Data Security

The implementation of Bank and customer data/information security has been implemented at every stage in the data lifecycle, namely when Data-in-Use, Data-in-Transit and Data-at-Rest. The use of Data Loss Prevention (DLP) tools can prevent data leakage both intentional and unintentional, and provide security for personal data.

f. Infrastructure Security

Bank Mandiri carries out maintenance of IT infrastructure security devices by paying attention to the expiration period (technology obsolescence) of the system used. In addition, security measurement and strengthening activities are carried out periodically through vulnerability assessment (VA), patching hardening, and penetration testing. Similarly, security in terms of managing access rights and provisioning user IDs is carried out centrally through Identity Management. Meanwhile, the management of access rights with the highest authority (power user) is carried out using Privileged Access Management (PAM) which is equipped with the Privileged Threat Analytics (PTA) feature to detect and notify the rules that have been defined.

INFORMATION SECURITY MANAGEMENT IMPLEMENTATION IN 2023

Bank Mandiri realizes the important role of resilience and cybersecurity in supporting the digitization of Bank services to customers. As a continuous improvement measure in increasing customer trust and the Bank's reputation, Bank Mandiri implements regulation-based information security management, international standards & best practices. This is shown by several certifications and accreditation achievements, including:

- ISO 27001:2013 (Information Security Management System) certification for:
 - a) Provision of application development and IT operation related to Livin' by Mandiri
 - b) Security Operation Centre to manage cyber security threats in banking systems & cyber operations
 - c) Provision of Infrastructure and Operational Data Center and Disaster Recovery Center
- ISO 17025:2017 Accreditation for CISO Office Group Digital Forensics Laboratory granted by the National Accreditation Committee (KAN)

IT HR DEVELOPMENT

Enhancing IT HR competencies is needed to deliver IT strategic plans. Particularly for IT human resources, the Bank has designed and implemented a systematic and structured employee competency development plan through the Annual People Development Plan (APDP) through five focuses:

A. Internal IT Challenges

Competency improvement programs in the digital and IT fields to overcome internal IT challenges, which include training, certification and deepening/specialization. Among them are aspects of information security, infrastructure maintenance, technology integration, availability and capacity, data quality, employee development, project management, and alignment with business.

B. Bank-wide Strategies

The program to support the Bank's overall vision and strategy, includes an in-depth understanding of the company's vision, targets and how each part of the IT Division can contribute to achieving it.

C. Regulatory Training

Programs to complement employees' knowledge and understanding related to regulations, following changes in regulations that continue to develop. This training focuses on understanding current regulations and how to integrate them into every aspect of work in IT.

D. Technical Competency

The employee technical competency improvement program includes the latest updates on the latest technology, software development methods, and a deep understanding of the IT infrastructure used.

E. Leadership

Employee leadership competency improvement programs that include onboarding, equipping, and developing (top talent) programs.

Throughout 2023, some of the signature IT employee development programs include:

1. **Digital Product Developer:** An onboarding program for IT employees aimed at developing inhouse development capabilities for the bank's digital solutions. This program is delivered with classroom and assignment methods
2. **Cyber Security Certification:** A certification program in order to improve understanding and ability for cyber security.
3. **Data Analytics:** A program to improve the ability to analyze and produce data visualizations, to gain insights to support business growth.

IT HR is also equipped with international certifications to create competitive advantages, including through certifications in the fields of Cyber Security (CEHv12, CHFI, CIPM), Governance & Architecture (TOGAF), Infrastructure (CCSP, Cloud Security) and Project Management (PMP).

INFORMATION TECHNOLOGY PLAN 2024

We will continue to accelerate digital transformation by utilizing Information Technology oriented to the IT Strategic Plan. This is realized by prioritizing feature development, capacity fulfillment, scalability and flexibility of IT systems, as well as comprehensive IT security.

In addition, IT will provide support to the Bank's business and operational segments through several strategic initiatives such as KOPRA, Livin' by Mandiri, Smart Branch, Technops as well as regulatory and principal initiatives.

The fulfillment of fundamental aspects of IT becomes very critical to ensure the sustainability of IT development execution. As such, in 2024 Bank Mandiri's IT will continuously improve the

IT operating model, continue to develop HR capacity and capability, and foster added value to the Subsidiaries through knowledge sharing, assistance and coaching on the implementation of IT governance on an ongoing basis. Moreover, as our dedication to continue to deliver solid Information Technology services, we carried out the construction of the Mandiri Digital Tower Building as an IT Center located in the Slipi Area, West Jakarta and is planned to start operating in 2024.

CORPORATE GOVERNANCE

Bank Mandiri strives to make a concerted effort to further enhance the execution of corporate governance in 2023 by adopting an integrated perspective that connects financial reporting and sustainability. This will enable the Bank to create long-term sustainability value, increase its contribution to the national economy, and foster a more favorable business environment.

GCG AWARDS 2023

GCG rating by The Indonesian Institute for Corporate Directorship (IICD) in the 14th IICD Corporate Governance Conference and Awards 2023, Bank Mandiri received an award in **“Best Overall”**.

In 2023, Bank Mandiri has successfully maintained the title of **“The Most Trusted” for 17 (seventeen)** consecutive times in the Bank's participation in the ranking of the Corporate Governance Perception Index (CGPI) program organized by The Institute Indonesian for Corporate Governance (IICG).

In 2023, 3 (three) Entities in the Bank Mandiri Financial Conglomeration received **“The Most Trusted”** rating, 4 (four) Entities received the **“Trusted”** rating, and 1 (one) Sub-Subsidiary received **“trusted”** rating in the Corporate Governance Perception Index (CGPI) ranking.

CORPORATE GOVERNANCE PRACTICES

Bank Mandiri strives to make a concerted effort to further enhance the execution of corporate governance in 2023 by adopting an integrated perspective that connects financial reporting and sustainability. This will enable the Bank to create long-term sustainability value, increase its contribution to the national economy, and foster a more favorable business environment.

As the largest bank in Indonesia by market capitalization, Bank Mandiri strives to drive sustainability value creation through an integrated mindset that connects financial and sustainability data, processes and analysis. Bank Mandiri is of the opinion that by adopting an integrated mindset, the Bank's sustainability processes, and financial reporting will be more effectively aligned with its business value.

An integrated mindset is required to deliver high-quality and decision-useful information to management, the Board of Directors and investors. Furthermore, it is anticipated that the adoption of an integrated mindset will enhance the quality and reliability of data as well as advance sustainability and improve corporate reporting

so that the information provided is consistent, comparable, reliable, assured, and able to provide a clear picture to all stakeholders of the Bank's ability to create sustainable value over time.

Bank Mandiri is of the opinion that it is unattainable to incorporate sustainability concerns into the company's way of thinking without an integrated mindset. A perspective that is integrated is the key to creating sustainable value.

CORPORATE GOVERNANCE COMMITMENT

Understanding material issues related to sustainability is critical for the Bank Management as a basis for decision making. Bank Mandiri is committed to connecting information and reporting processes related to governance, risk, sustainability, and financial reporting in order provide a broader perspective of value creation. This is done as part of the Bank Mandiri commitment to adopting sustainable corporate governance.

The implementation of sustainable corporate governance with an integrated mindset can provide positive energy for the Bank Mandiri in addressing various challenges while also serving as a strong foundation for adding value to every stakeholder. Additionally, as part of the State-Owned Enterprises (SOEs), the Bank Mandiri is also committed to optimizing the value of SOEs to have strong competitiveness, both nationally and internationally.

Consistent with this, Bank Mandiri strives to make a concerted effort to further enhance the execution of corporate governance in 2023 by adopting an integrated perspective that connects financial reporting and sustainability. This will enable the Bank to create long-term sustainability value, increase its contribution to the national economy, and foster a more favorable business environment.

CORPORATE GOVERNANCE REFERENCES

The legal basis of corporate governance implementation in Bank Mandiri refers to the applicable Laws and Regulations including the Financial Services Authority Regulations, these include the following:

No.	Regulations
1.	Law No. 40 of 2007 concerning Limited Liability Companies as amended by Government Regulation in Lieu of Law No. 2 of 2022 concerning Job Creation as stipulated into Law based on Law No. 6 of 2023 on the Stipulation of Government Regulations in Lieu of Law No. 2 of 2022 concerning Job Creation into Law.
2.	Law of the Republic of Indonesia No. 10 of 1998 on amendments to Law No. 7 of 1992 concerning Banking as amended by Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector ("Law P2SK")
3.	Law of the Republic of Indonesia No. 8 of 1995 concerning Capital Market as amended by Law P2SK.

Bank Mandiri also applies the following Governance implementation guidelines:

1. The Company's Articles of Association.
2. SOE Minister Regulation No. PER-2/MBU/03/2023 regarding Governance Guidelines and Significant Corporate Activities of the State-Owned Enterprises.
3. The Company's Internal Regulations including the Company's policies regarding GCG.
4. Corporate Governance Principles developed by the Organization for Economic Cooperation and Development (OECD).
5. Indonesian GCG Guideline developed by the National Committee on Governance Policies (Komite Nasional Kebijakan Governance/KNKG).
6. Principles for Enhancing Corporate Governance issued by Basel Committee on Banking Supervision.
7. ASEAN Corporate Governance Scorecard.

CORPORATE GOVERNANCE PRINCIPLES

TRANSPARENCY

1. The Company discloses information in a timely, adequate, clear, accurate, and comparable manner and can be accessed by concerned parties (stakeholders).
2. The Company discloses information which includes but not limited to the Company's vision, mission, business objectives, strategy, the Company's financial and non-financial conditions, the Board of Directors and Board of Commissioners compositions, controlling shareholders, risk management, supervisory and internal control systems, compliance functions, Corporate Governance as well as material information and facts that may influence investors' decisions.
3. The Company policies must be written and communicated to stakeholders who are entitled to obtain information about the policy.
4. The principle of openness shall still observe the provisions of Company secrets, position secrets and personal rights in accordance with applicable regulations.

ACCOUNTABILITY

1. The Company sets business goals and strategies to be accountable to the stakeholders.
2. The Company establishes clear duties and responsibilities for each member of the Board of Commissioners and Board of Directors organs as well as all levels under them which are in line with the Company vision, mission, values, business objectives and strategies.
3. The Company must ensure that each member of the Board of Commissioners and the Board of Directors as well as all ranks below them to have the competence in accordance with their responsibilities and understands their role in Corporate Governance.
4. The Company establishes a check and balance system in its management.
5. The Company has performance standards for all levels based on agreed measurements consistent with the corporate core values, the business goals and strategies and has a rewards and punishment system.

RESPONSIBILITY

1. The Company adheres to the principle of prudential banking practices and guarantees compliance with applicable regulations.
2. The Company as a good corporate citizen care about the environment and carries out social responsibility fairly.

INDEPENDENSI

1. The Company avoids unfair domination by any stakeholder and is not influenced by unilateral interests, and is free from conflicts of interest.
2. The Company makes decisions objectively and is free from any party's pressure.

FAIRNESS

1. The Company gives due observance to all stakeholders' interests based on the principles of equality and fairness (equal treatment).
2. The Company provides opportunities for all stakeholders to provide input and express opinions for the interests of the Company and give access to information in accordance with the principle of openness.

CORPORATE GOVERNANCE PRINCIPLES

IMPLEMENTATION OF GCG PRINCIPLES

To manifest good governance practices, Bank Mandiri adheres to the basic principles of GCG in accordance with the INDONESIA CORPORATE GOVERNANCE GENERAL GUIDELINES (PUG-KI) 2021 that have been updated by the Governance Policy National Committee (KNKG), namely Ethical Conduct, Accountability, Transparency, and Sustainability.

GCG Principles Implementation in the Company

GCG Principles	Explanation	Application in the Company
Ethical Conduct	In carrying out its activities, the corporation always consistently prioritizes honesty, treats all parties with respect, fulfills commitments, builds and maintains moral values and beliefs. The corporation pays attention to the interests of shareholders and other stakeholders based on the principles of fairness and is managed independently so that each organ of the company does not dominate each other and cannot be intervened by other parties.	<ol style="list-style-type: none"> 1. Bank Mandiri strives to uphold Ethical Behavior in carrying out business and operational activities, as evidenced by the application of compliance principles which are supported by: <ol style="list-style-type: none"> a. Implementation of Anti-Money Laundering Programs, Prevention of Terrorism Financing and Prevention of Financing of Proliferation of Weapons of Mass Destruction; b. Implementation of anti-corruption practices and culture; c. Implementation of Gratification control; d. Implementation of Whistleblowing System 2. The Company considers the interests of all stakeholders based on the principle of equality and fairness (equal treatment). 3. The Company provides opportunities for all stakeholders to provide input and express opinions for the interests of the Company and render access to information in accordance with the principle of transparency.
Accountability	The corporation can account for its performance transparently and reasonably. For this reason, the Corporation must be managed correctly, measurably and in accordance with corporate interests while considering the interests of shareholders and stakeholders. Accountability is a prerequisite for achieving sustainable performance.	<ol style="list-style-type: none"> 1. The Company sets business goals and strategies to be accountable to the stakeholders. 2. The Company establishes clear duties and responsibilities for each member of the Board of Commissioners and Board of Directors organs as well as all levels under them which are in line with the Company vision, mission, values, business objectives and strategies. 3. The Company must ensure that each member of the Board of Commissioners and the Board of Directors as well as all ranks below them to have the competence in accordance with their responsibilities and understands their role in corporate governance. 4. The Company establishes a check and balance system in its management. 5. The Company has performance standards for all levels based on agreed measurements consistent with the corporate core values, the business goals and strategies and has a rewards and punishment system.

CORPORATE GOVERNANCE PRINCIPLES

GCG Principles Implementation in the Company

GCG Principles	Explanation	Application in the Company
Transparency	To maintain objectivity in conducting business, corporations provide material and relevant information in a way that is easily accessible and understood by stakeholders. Corporations take the initiative to disclose not only issues required by laws and regulations, but also those that are important for decision-making by shareholders, creditors and other stakeholders.	<ol style="list-style-type: none"> 1. The Company discloses information in a timely, adequate, clear, accurate and comparable manner and can be accessed by concerned parties (stakeholders). 2. The Company discloses information which includes but not limited to the Company's vision, mission, business objectives, strategy, the Company's financial and non-financial conditions, the Board of Directors and Board of Commissioners compositions, controlling shareholders, risk management, supervisory and internal control systems, compliance functions, corporate governance as well as material information and facts that may influence investors' decisions. 3. The Company policies must be written and communicated to stakeholders who are entitled to obtain information about the policy. 4. The principle of openness shall still observe the provisions of Company secrets, position secrets and personal rights in accordance with applicable regulations.
Sustainability	The Corporation complies with laws and regulations and is committed to carrying out its responsibility towards society and the environment to contribute to sustainable development through cooperation with all relevant stakeholders to improve their lives in a way that is in line with business interests and the sustainable development agenda.	<ol style="list-style-type: none"> 1. The Company has established a dedicated ESG Unit under the supervision of Vice President Director to coordinating the implementation of sustainability programs. 2. The Company has established a negative investment list and implemented Industry Acceptance Criteria (IAC) as part of fulfilling the ESG concept. 3. The Company has established Bank Mandiri ESG Governance Structure, including to determine the Bank's direction related to climate change and SDGs achievement; oversee ESG implementation, fulfillment of sustainability targets and initiatives; and oversee the implementation of integrated governance of Sustainability of Bank Mandiri and Subsidiaries. 4. The Company organizes specific training programs on sustainability aspects that must be followed by representatives of functions related to lending, credit supervision, risk management and others. 5. The Company holds periodic meetings specifically to discuss the progress of sustainability programs.

CORPORATE GOVERNANCE ROADMAP

The Corporate Governance implementation is carried out structurally with the following roadmap stages:

1998

Beginning of Merger

The GCG implementation awareness was driven by the banking crisis due to bad governance practices throughout the banking industry, this led to many banks needing to be bailed out and then the Board of Directors and the Board of Commissioners of the Bank had to sign a Management Contract with the World Bank which included the obligations to implement GCG.

2000 – 2001

Establishing Governance Commitment, Structure, and Mechanisms Fundamentals

Bank Mandiri responded to the Management Contract with the World Bank by issuing the following:

1. Board of Directors and the Board of Commissioners Joint Decree on GCG Principles.
2. Board of Directors and the Board of Commissioners Joint Decree regarding the Code of Conduct in interacting with customers, partners and fellow employees.
3. Board of Directors Decree on the Compliance Policy which requires all Bank Mandiri employees to take full individual responsibility in carrying out the Bank's activities in their respective fields.
4. The Bank appointed an independent consultant to conduct a diagnostic review on GCG implementation. The Independent Rating Agency has given a 6,2 GCG assessment score for 2003, an increase from the previous year score of 5,4.

2003

4. Bank Mandiri has made adjustments to Integrated Governance Committee Members through the Decree of the Board of Directors No. KEP. DIR/018/2023 dated 11 April 2023.

GOVERNANCE IMPLEMENTATION IN 2023 & 2024 PLAN

As part of the commitment and awareness of Corporate Governance's role in business continuity, the governance practices in Bank Mandiri are continuously improved in 2023.

The activities are as follows:

1. Governance Self-Assessment – Bank Only

To improve the implementation of Governance in a sustainable manner, Bank Mandiri conducts a self-assessment of Governance implementation - bank only based on POJK No. 17 of 2023 and SEOJK No. 13/SEOJK.03/2017 concerning the Implementation of Governance for Commercial Banks. The self-assessment is carried out twice a year (the period of June and December).

The results of the self-assessment of the implementation of Governance on an individual basis in the first Semester of 2023 received a score of 1 (one), but OJK provided feedback on 5 December 2023 with a score of 2 (two), which reflects that Bank Mandiri's management has implemented Governance that is generally good. This is reflected in the adequate fulfillment of Governance principles. If there are weaknesses in the implementation of Governance principles, in general these weaknesses are less significant and can be resolved with normal actions by Bank Mandiri's management.

The self-assessment results for the first semester of 2023 obtained a score of 1 (one), then receiving feedback from the OJK with a score of 2 (two). This indicates that Bank Mandiri's management has generally implemented good corporate governance practices, as reflected in the adequate fulfillment of governance principles. In the second semester of 2023, the self-assessment score for individual governance was 1 (one), reflecting the excellent implementation of corporate governance by Bank Mandiri. Bank Mandiri has not received feedback from OJK for the self-assessment of the second semester of 2023.

2. Integrated Governance Self-Assessment

In addition to conducting a self-assessment of Governance Implementation – bank only, Bank Mandiri also conducts a self-assessment on Integrated Governance implementation of based on POJK No.18/POJK.03/2014 and OJK Circular No. 15/SEOJK.03/2015 on Integrated Governance. The self-assessment is carried out twice a year (June and December period) engaging all Financial Service Institutions (LJK) in the Financial Conglomerates of Bank Mandiri.

GOVERNANCE IMPLEMENTATION IN 2023 & 2024 PLAN

For the self-assessment of the implementation of Integrated Governance in the first Semester of 2023, a score of 1 (one) was obtained, which reflects that the Financial Conglomerate is considered to have implemented a generally very good Integrated Governance. This is indicated in the highly adequate fulfillment of the principles of Integrated Governance. In the event of weaknesses in the implementation of Integrated Governance, in general these weaknesses are not significant and can be immediately amended by the Main Entity and/or Financial Services Authority in the Financial Conglomerate.

The results of the self-assessment of the implementation of Integrated Governance in the second Semester of 2023 obtained a score of 1 (one) which reflected that the Financial Conglomerate was considered to have implemented Integrated Governance which was generally very good. This is reflected in the very adequate fulfillment of the principles of Integrated Governance. If there were weaknesses in the implementation of the principles of Integrated Governance, in general the weaknesses were not significant and could be immediately improved by the Main Entity and/or FSI in the Financial Conglomerate.

3. ASEAN Corporate Governance Scorecard

To continue the improvement of Governance, Bank Mandiri has adopted a Governance assessment by referring to the Governance principles developed by the Organization for Economic Cooperation and Development (OECD) and has been agreed upon by the ASEAN Capital Market Forum (ACMF) called the ASEAN Corporate Governance Scorecard (ACGS).

The ASEAN Corporate Governance Scorecard is used to assess the Governance practices of publicly listed companies in ASEAN countries. The assessment is based on publicly available information including the Annual Report, Audited Financial Statements, Sustainability Report, Announcement and Invitation of General Meeting of Shareholders, Company Website

and other public information. The components of the ASEAN Corporate Governance Scorecard assessment are as follows:

- a. Shareholder Rights
- b. Equal Treatment of Shareholders
- c. Role of Stakeholders
- d. Disclosure and Transparency
- e. Responsibilities of the Board of Directors and Board of Commissioners

4. Corporate Governance Perception Index

On the assessment of the quality of governance implementation, Bank Mandiri has participated in a research and rating program for Governance implementation, namely the Corporate Governance Perception Index (CGPI) rating 2021, which was carried out in 2022. The theme of CGPI was "Building Resilience in the GCG Framework". The stages of CGPI assessment include self-assessment, assessment of completeness of documents and observation. CGPI assessment aspects include Governance Structure, Governance Process, and Governance Outcome.

This is Bank Mandiri 20th participation since 2003 up to 2023, Bank Mandiri has successfully maintained the title of "The Most Trusted" Company for 17 (seventeen) consecutive times with a score of 95.22.

Plans for 2024

To improve the quality of Governance implementation, Bank Mandiri has developed a work plan for 2024, including:

1. Participation of Mandiri Group in Good Corporate Governance (GCG) ranking/assessment.
2. Fulfillment of ASEAN Corporate Governance Scorecard (ACGS) implementation.
3. Implementation of self-assessment of Individual Governance and self-assessment of Integrated Governance implementation.

GOVERNANCE ASSESSMENT

To improve the implementation of the Bank's governance in a sustainable manner, Bank Mandiri conducted Governance assessment by semester. In addition, Bank Mandiri also carried out GCG assessment through independent external parties by participating in the Corporate Governance Perception Index (CGPI) ranking and fulfilling the implementation of the ASEAN Corporate Governance Scorecard (ACGS).

SELF ASSESSMENT

Bank Mandiri conducted Governance self-assessment of bank only based on POJK No. 55/POJK.03/2016 and SEOJK No. 13/POJK.03/2017 on Governance Implementation for Commercial Banks.

Applied Criteria

The criteria in conducting Governance self-assessment of bank only refers to OJK Circular No. 13/SEOJK.03/2017 on Implementation of governance for Commercial Banks. The self-assessment is intended to map the strengths and weaknesses of the implementation of corporate governance in terms of three aspects, namely:

1. Governance Structure

The governance structure assessment aims to assess the adequacy of the Bank's Governance structure and infrastructure; hence the implementation process of corporate governance principles produces outcomes that are in line with the goals of the Company's stakeholders. The governance structure consisted of the Board of Commissioners, Directors, Committees and work units. The governance infrastructure includes policies and procedures, management information systems and the main duties and functions of each organizational structure.

2. Governance Process

The governance process assessment aims to assess the effectiveness of implementation process of corporate governance principles supported by the adequacy of the governance structure and infrastructure to produce outcomes in accordance with the expectations of stakeholders.

3. Governance Outcome

The governance outcome assessment aims to assess the quality of outcomes that meet stakeholders' expectations which are the results of the implementation process of corporate governance principles supported by the adequacy of the governance structure and infrastructure of the Company. Matters included in governance outcomes are qualitative and quantitative aspects, such as:

- a. Adequacy of report transparency.
- b. Compliance with laws and regulations.
- c. Consumer protection.
- d. Objectivity in conducting an assessment/audit.
- e. Bank performance such as profitability, efficiency, and capital.
- f. Enhancement/diminution of compliance with applicable regulations and resolution of issues

GOVERNANCE ASSESSMENT

faced by the Bank, such as fraud, violations of the Legal Lending Limit (LLL), violations of provisions related to bank statements to regulators.

The Governance self-assessment of bank only covers 11 (eleven) factors of governance assessment which include:

1. Implementation of duties and responsibilities of the Board of Commissioners.
2. Implementation of duties and responsibilities of the Board of Directors.
3. Completeness and implementation of duties of the Committees.
4. Handling conflicts of interest.
5. Application of the compliance function.
6. Implementation of the internal audit function.
7. Implementation of the external audit function.

8. Application of risk management including the internal control system.
9. Funding to related parties and large exposures.
10. Transparency of the Bank's financial and non-financial conditions, reports on Corporate Governance implementation and internal reporting.
11. Bank Strategic Plans.

Assessors

The process of Corporate Governance self-assessment of bank only involves the entire Board of Commissioners, Directors and units related to the intended governance assessment factors

Assessment Scores

In the first semester of 2023, Bank Mandiri conducted an individual Governance self-assessment with a score of 1, however OJK provided the following assessment feedback:

Nilai	Definition of Composite
2	Reflecting that in general the Company's management had implemented a good Governance. This was reflected in the adequate fulfilment of the principles of Governance. Where there were weaknesses in the application of GCG principles, in general these weaknesses were insignificant and could be resolved by regular actions by the Bank's management.

In semester II of 2023, Bank Mandiri has conducted Governance self-assessment. The OJK has not provided feedback for the self-assessment results for the Semester II of 2023. The assessment is as follows:

Nilai	Definition of Composite
1	Reflecting that in general the Company's management had implemented a very good Governance. This was reflected in the adequate fulfilment of the principles of Governance. In the event that there were weaknesses in the application of GCG principles, in general these weaknesses were insignificant and could be immediately improved by the Bank's management.

From the assessment results, the implementation of Bank Mandiri Governance in 2023 can be concluded as follows:

STRENGTH	WEAKNESS
STRUCTURE	
<ol style="list-style-type: none"> 1. Bank Mandiri organizes the Annual GMS to make changes to the Board of Directors and Board of Commissioners. 2. All members of the Board of Directors and Board of Commissioners have passed the OJK fit and proper test. 3. Adjustments have been made to the Committee Membership Decree under the Board of Commissioners as follows: <ol style="list-style-type: none"> a. Risk Oversight Committee through Decree of the Board of Directors No. KEP.DIR/016/2023 dated April 11, 2023. b. Remuneration and Nomination Committee through Decree of the Board of Directors No. KEP.DIR/017/2023 dated April 11, 2023. c. Integrated Governance Committee through Board of Directors Decree No. KEP.DIR/018/2023 dated April 11, 2023. d. Audit Committee through Board of Directors Decree No. KEP.DIR/033/2023 dated September 12, 2023. 	None
PROCESS	
<ol style="list-style-type: none"> 1. To carry out the duties and responsibilities of the Board of Commissioners and the Board of Directors, 30 (thirty) Board of Commissioners Meetings and 49 (forty-nine) Board of Directors Meetings were held during 2023. 2. Recommendations and Follow Ups

From the results of the 2023 CGPI assessment, there were several recommendations from the IICG on the Bank's governance implementation. These recommendations will be used for improving governance implementation at Bank Mandiri.

GOVERNANCE ASSESSMENT

Recommendations and Follow Ups:

RECOMMENDATIONS	FOLLOW-UP
GOVERNANCE STRUCTURE	
The Bank needs to periodically monitor and evaluate the adequacy, completeness and effectiveness of organizational structures that are in line with the realization of adaptive, strong, agile and efficient corporate strategies in supporting sustainable company growth.	Bank Mandiri has conducted regular monitoring and evaluation of the adequacy, completeness and effectiveness of the organizational structure. To support Bank Mandiri's aspirations as the customer's preferred financial partner and also the realization of corporate strategy, Bank Mandiri groups the work units in its organizational structure into 3 large groups, namely: <ul style="list-style-type: none"> • Business Units • Support Functions • Business & Network
Bank Mandiri needs to optimize HR competencies, particularly for key positions in organizational structures with national and international standard certifications.	Bank Mandiri has optimized HR competencies in key positions and also the Bank's elements in other functions with national and international standard certifications. In addition, to continuously improve the quality, capacity and capability, Bank Mandiri's human resources continued to attend training that is relevant to the current development of the banking industry.
Bank Mandiri needs to make adjustments to corporate policies and strategies periodically and prudently in every dynamic of change that occurs by exploring emerging challenges, managing vulnerabilities, adapting to managing changes, and taking opportunities by optimizing potential to ensure it can achieve its goals based on the best achievements.	<ul style="list-style-type: none"> • The process of adjusting and improving Bank Mandiri's policies has always been carried out by taking into account aspects of prevailing regulations, Bank Strategy and also business needs. • Bank Mandiri's strategy is prepared comprehensively in accordance with the Bank's Vision, Mission and Strategy, considering external and internal factors and paying attention to the principle of prudence and also the application of risk management.
GOVERNANCE PROCESS	
Bank Mandiri can optimize compliance management systems and mechanisms by considering adopting or implementing the ISO 37301:2021 standard concerning Compliance Management System Bank Mandiri may consider implementing ISO 37000:2021 Governance of Organization guidelines. Bank Mandiri can optimize the whistleblowing system and mechanism (WBS) by considering adopting or implementing the ISO 37002:2021 standard concerning Whistleblowing Management System.	<ul style="list-style-type: none"> • Bank Mandiri has optimized compliance, risk and governance management systems and mechanisms in an integrated manner including management in the Mandiri Group • Bank Mandiri has carried out compliance, risk and governance in accordance with prevailing legal regulations. • Bank Mandiri has optimized the Whistleblowing System (WBS) and continuously improves the effectiveness of its implementation. In 2023, improvements have been made to the WBS, namely integration with the KPK's WBS.
Bank Mandiri needs to optimize the strengthening of the quality, capacity and capability of human resources who are always ready to adapt quickly, accurately and appropriately to the dynamics of change; with good spirit and lively; and equipped with appropriate competency certifications.	Bank Mandiri is committed to continuously improving, developing and strengthening the quality, capacity and capability of human resources, enabling Bank Mandiri's human resources to have high competitiveness and resilience, and are able to anticipate development trends in the industry, particularly in the digital era. Improvement, development and strengthening are carried out through: <ul style="list-style-type: none"> • Face-to-face and virtual training • E-learning • National and international certifications to support its function in the company's lines.
Bank Mandiri needs to identify and map the company's stakeholders, including by considering the adoption of the 2015 AA1000SES criteria (Stakeholder Engagement Standard) in order to carry out effective engagement and foster sustainable value creation for company stakeholders.	Bank Mandiri strives to implement corporate governance practices as a foundation in creating sustainable added value for all stakeholders. Bank Mandiri also continues to transform into a strategic partner that is able to innovate and provide added value to all stakeholders.
Bank Mandiri needs to develop a reliable structure and system related to consumer protection and empowerment	As a form of Bank Mandiri's commitment in supporting the creation of a reliable consumer protection system and realizing a financial system that grows sustainably, stably and is able to protect the interests of consumers and the public, Bank Mandiri has a Bank Operational Policy that regulates the implementation of consumer protection functions. Bank Mandiri has also established a Consumer Protection Unit.
GOVERNANCE OUTCOME	
Bank Mandiri needs to foster a resilient and agile culture with the ability to quickly adapt and respond to changes and manage challenges in order to become opportunities to compete.	In building a Resilient Mandiri, Bank Mandiri implements the core values of AKHLAK (Trust, Competent, Harmonious, Loyal, Adaptive & Collaborative) through cultural programs held to shape the mindset and behavior of each employee, to ensure that Mandirian can always quickly adapt and create a strong Mandirian character.

GOVERNANCE ASSESSMENT

RECOMMENDATIONS	FOLLOW-UP
Bank Mandiri needs to optimize the company's capabilities, capacity, and main competencies through the achievement of adaptive, strong, agile and efficient strategy implementation in supporting sustainable company growth	<ul style="list-style-type: none"> Bank Mandiri focuses on becoming a leading wholesale bank by utilizing Bank Mandiri's strength as a wholesale bank that is able to acquire potential new sources of income. ASEAN CORPORATE GOVERNANCE SCORECARD (ACGS)

One of other assessments carried out related to GCG implementation at Bank Mandiri is the ASEAN Corporate Governance Scorecard, which is a parameter for measuring governance practices agreed upon by the ASEAN Capital Market Forum (ACMF). These parameters are based on the OECD Principles and are expected to increase investor confidence in listing companies in ASEAN.

Applied Criteria

The assessment components of the ASEAN Corporate Governance Scorecard are as follows:

1. Shareholders' Rights.
2. Equal Treatment of Shareholders.
3. Role of Stakeholders.
4. Disclosure and Transparency
5. Responsibilities of the Board of Directors and Board of Commissioners.

Assessors

The assessor that conducted the ASEAN CG Scorecard assessment is the ASEAN Capital Market Forum (ACMF).

Scores of Independent Party Assessments

Bank Mandiri is included in the list of companies that received the title of ASEAN Asset Class Public Listed Companies in the ASEAN Corporate Governance Scorecard assessment.

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

IMPLEMENTATION OF CORPORATE GOVERNANCE ASPECTS AND PRINCIPLES PURSUANT TO FINANCIAL SERVICES AUTHORITY REGULATIONS

The Company implements Corporate Governance Guidelines for Public Company as stipulated in POJK No. 21/POJK.04/2015 dated 16 November 2015 on the Enactment of Governance Guidelines of Public Companies as elaborated under SEOJK No. 32/SEOJK.04/2015 dated 17 November 2015 on the Corporate Governance Guidelines of Public Companies. The following are description on the implementation of these regulations:

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
A. ASPECT 1: RELATIONSHIP BETWEEN PUBLIC COMPANY AND SHAREHOLDERS IN ENSURING THE RIGHTS OF SHAREHOLDERS.		
A.1. Principle 1: Enhancing the Value of General Meeting of Shareholders (GMS).		
A.1.1 Recommendation 1:	The Public Company has technical means or procedure for both open and closed voting that prioritize independency and interest of Shareholders.	In the Annual General Meeting of Shareholders (GMS) and Extraordinary GMS, Bank Mandiri has exercised open and close voting which is stated in the GMS Mechanisms.
Explanation:	<p>Every issued share with voting right has one vote (one share one vote). The Shareholders may use their voting rights during the decision-making process, in particular to decision with voting mechanism. However, both open and closed voting mechanism has not been regulated in detail.</p> <p>The Public Company is recommended to have voting procedure in decision making of GMS agenda. Such voting procedure must maintain independency or freedom of Shareholders. As an example, an open voting mechanism is implemented by raising hand in accordance with option as offered by the GMS chairman. Whilst a close voting mechanism is conducted in any decision that required confidentiality or by request from Shareholders through voting card or electronic voting.</p>	<p>The voting mechanism at the GMS is regulated in the Bank's Articles of Association.</p> <p>In the 2023 Fiscal Year Annual GMS, the open voting mechanism, and specifically for the agenda of changes of the management was done with close mechanism which was carried out by the Bank's officers and collects the voting rights by approaching all present shareholders, in which voting are stored in the voting box.</p> <p>The Bank has developed the GMS Procedures that can be downloaded in the Company's website and were distributed to the Shareholders during the GMS.</p>
A.1.2. Recommendation 2:	Commissioners of Public Company attends the Annual GMS.	The Annual GMS Fiscal Year 2023 was attended by all members of the Board of Commissioners and Board of Directors
Explanation :	The presence of all members of the Board of Directors and the Board of Commissioners of the Public Company is intended so that each member of the Board of Directors and the Board of Commissioners can pay attention to, explain, and answer directly the issues or questions as raised by shareholders related the GMS agenda.	Remark: Comply

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
A.1.3. Recommendation 3:	The Summary of Minutes of GMS is available in the Public Company's website at least for one (1) year.	The Annual GMS minutes of meeting of 2023, in both Indonesian and English language, was announced at the latest 2 (two) working days following the GMS, which is published on the Bank's website, IDX Electronic Reporting System, OJK and eASY KSEI.
Explanation :	Based on Article 34 paragraph (2) of the OJK Regulation No.32/POJK.04/2014 on the Plan and Implementation of the General Meeting of Shareholders of Public Company, The Public Company is required to make summary of GMS Minutes in Indonesian and foreign language (minimum in English), and announced to the public within two (2) working days after the GMS is held, one of which is through the Public Company Website. The availability of summary of GMS Minutes in the Public Company Website provides an opportunity for shareholders who are not present, to easily obtain important information in GMS implementation. Therefore, the provision on the minimum period of availability of GMS Minutes summary in the Website are intended to provide sufficient time for shareholders to obtain such information.	The Bank's website presented the GMS convention, including GMS minutes for the last 5 (five) years. In addition, Bank Mandiri has prepared GMS Highlights both in Indonesian and English which are uploaded 1 (one) working day after the GMS on the Bank Mandiri Website and proof of the announcement of the GMS results has been reported by the Company to OJK and the Indonesia Stock Exchange through Letter No. HBK. CSC/CMA.980/2023 dated 16 March 2023 and reported through the OJK Electronic Reporting System and the Indonesia Stock Exchange.
Remark: Comply		
A.2 Principle 2: Enhancing the Quality of Communication between Public Company with Shareholders or Investors.		
A.2.1. Recommendation 4:	Public Company has communication policy with the Shareholders and Investors.	The Bank has a communication policy with shareholders or investors, as stipulated in the Corporate Secretary Charter, Chapter III.A.I. Disclosures.
Explanation :	The communication between Public Company and shareholders or investors is intended so that shareholders or investors obtain clarity of information that has been published to the public, such as periodic reports, information disclosure, business condition or prospect and performance, as well as implementation of public company governance. In addition, the shareholders or investors can also submit input and opinion to the management of Public Company. The communication policy with shareholders or investors shows the commitment of the Public Company in carrying out communication with shareholders or investors. This policy can include strategies, programs, and timing of communication implementation, as well as guideline that support shareholders or investors to participate in the communication.	The disclosure to the stakeholders is formulated by referring to the Capital Market regulations and other relevant laws and regulations, which can be summarized as follows: 1. Periodic and or incidental reporting to regulators (OJK, Bank Indonesia, LPS, Ministry of Justice and Human Rights, Indonesia Stock Exchange) and reporting through Electronic Reporting System. 2. General Meeting of Shareholders (GMS). 3. Implemented according to laws and the Bank's Articles of Association consisted of the Annual GMS and Extraordinary GMS. 4. Organizing other activities related to corporate actions and/or disclosures such as: a. Performance Presentation (quarterly) b. Public Expose (annually) c. Analyst Meeting (quarterly) The Performance Presentation, Public Expose dan Analyst Meeting exercised quarterly and annually were aimed at disclosing information to public and investors on the Bank's conditions, business prospects, performances, as well as its corporate governance implementation. The Bank also has established specific unit that is tasked to maintain and manage good relations with investors, as well as serve as a centre of information on the Bank's performance to the investors.
Remark: Comply		
A.2.2. Recommendation 5:	The Public Company discloses the Communication Policy of Public Company with shareholders or investors in Website.	The Bank has in place the communication policy on Public Company with shareholders or investors as stated in the Corporate Secretary Charter, Chapter III.A.I Disclosures. The policy is provided in the Website. The Bank also continually manages the information in the website, hence latest information is ready for the shareholders and investors, such as Products/Services, Performance, Management, and Activities.
Explanation :	Disclosure of communication policy is a form of transparency on the commitment of the Public Company in providing equality to all shareholders or investors for the implementation of communication. The disclosure of information also aims to increase the participation and role of shareholders or investors in the implementation of the Public Company communication program.	Remark: Comply

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
B. ASPECT 2: FUNCTION AND ROLES OF THE BOARD OF COMMISSIONERS		
B.1 Principle 3: Strengthen the Membership composition of the Board of Commissioners.		
B.1.1. Recommendation 6:	Determination of total members of the Board of Commissioners takes into account the conditions of the Public Company.	Bank Mandiri has complied with the Articles 20 POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers and Public Companies, namely number of members of the Board of Commissioners is more than 2 (two) members and Article 35 paragraph (1) of POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, namely that Banks are required to have members of the Board of Commissioners with at least 3 (three) personnel and at most equal to the number of members of the Board of Directors.
Explanation :	The total members of the Board of Commissioners may affect the effectiveness of the duties of the Board of Commissioners. Determination of total members of the Board of Commissioners of a Public Company must refer to the provisions of the prevailing law in which at least consists of two (2) people based on the provisions of the POJK No. 33/POJK.04/2 14 on The Board of Directors and Commissioners of Issuers or Public Companies. In addition, it is also necessary to consider the condition of the Public Company, which includes among other, the characteristic, capacity and size, as well as achievement of target and fulfillment of different business needs among the Public Companies. However, exorbitant Board of Commissioners has the potential to disrupt the effectiveness on the implementation function of the Board of Commissioners.	As of 31 December 2023, the number of members of the Board of Commissioners of Bank Mandiri is 11 (eleven) personnel consisting of 6 (six) Independent Commissioners and 5 (five) non-Independent Commissioners. Remark: Comply
B.1.2. Recommendation 7:	Determination on the composition of members of the Board of Commissioners takes into account on diversity of expertise, knowledge and required experience.	The composition of members of the Board of Commissioners takes into account the diversity of expertise, knowledge and experience needed as disclosed in the Section of Composition and Assignment of the Bank's Board of Commissioners.
Explanation :	The composition of the Board of Commissioners is a combination of characteristics from both organ and individual perspective according to the need of respective Public Company. These characteristics can be reflected in the determination of expertise, knowledge and experience required in the implementation of supervisory and advisory duty by the Board of Commissioners of the Public Company. The composition that has taken into account the need of the Public Company is a positive, especially related to decision making related with supervisory function as carried out by considering various broader aspects.	Remark: Comply
B.2. Principle 4: Enhancing the Quality of Implementation of Duties and Responsibilities of the Board of Commissioners.		
B.2.1. Recommendation 8:	The Board of Commissioners has Self-Assessment Policy to evaluate the performance of the Board of Commissioners.	The Board of Commissioners has in place the self-assessment policy that regulated in the BOC Charter. The Performance Assessment of the Board of Commissioners is carried out by each member of the Board of Commissioners through self-assessment mechanism based on assessment criteria of duties implementation and responsibilities of the Board of Commissioners covering the aspects of structure, directives and oversight.
Explanation	The Board of Commissioners' Self-Assessment policy is a guideline that is used as a form of collegial accountability for evaluating the performance of the Board of Commissioners. Self-assessment is carried out by each member to assess the collegial performance of the Board of Commissioners, and not to assess the individual performance of each member of the Board of Commissioners. With this Self-Assessment, it is expected that each member of the Board of Commissioners can contribute in improving the performance of the Board of Commissioners on an ongoing basis. This policy can include the assessment activity as carried out along with the purpose and objective, periodic period of implementation, and benchmark or assessment criteria being used in accordance with the recommendations from the Remuneration and Nomination function of Public Company as required by OJK Regulation on the Remuneration and Nomination Committee of Issuer or Public Company.	Remark: Comply

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
B.2.2. Recommendation 9:	The Self-Assessment Policy to evaluate the performance of the Board of Commissioners is disclosed in the Annual Report of Public Company.	The self-assessment policy on the Board of Commissioners' performance assessment has been disclosed in this Annual Report.
Explanation :	The disclosure of Self-Assessment Policy on performance of the Board of Commissioners is conducted not only to comply with transparency aspect as form of accountability of its duties but also to provide assurance to the Shareholders or investors on efforts that need to be done in improving the performance of the Board of Commissioners. Upon the availability of disclosure, the Shareholders or investors acknowledge the check and balance mechanism towards the Board of Commissioners.	Remark : Comply
B.2.3. Recommendation 10:	The Board of Commissioners has policy on resignation of member of the Board of Commissioner when involved in financial crime.	Bank Mandiri has in place the policy on resignation of member of the Board of Commissioners when involved in financial crime as stated in the Bank's Articles of Association, namely the tenure of the Board of Commissioners is ended upon the violations of laws and regulations and upon resignation.
Explanation :	<p>The resignation policy of member of the Board of Commissioners being involved in financial crime is a policy that can increase the stakeholders' trust in the Public Company, so that corporate integrity will be maintained. This policy is needed to help the legal process and so that the legal process does not interfere the course of business activities. In addition, in terms of morality, this policy builds an ethical culture within the Public Company. This policy can be included in the Code or the Code of Ethics that applies to the Board of Commissioners.</p> <p>Furthermore, being involved in financial crimes shall means the convicted status from the authorities of respective member of the Board of Commissioners. The financial crimes are manipulation and various forms of embezzlement in financial service activities as well as Money Laundering Criminal Action as referred to Law Number 8 of 2010 on Prevention and Eradication of Money Laundering Crimes.</p>	<p>Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Commissioners is ended if no longer meet the requirements as member of the Board of Commissioners based on the Articles of Association and other laws and regulations. In the event that a member of the Board of Commissioners is resigning including if involved in the financial crime, thus a concerned member of the Board of Commissioners shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Commissioners within 90 days after the acceptance of the resignation.</p> <p>Remark : Comply</p>
B.2.4. Recommendation 11:	The Board of Commissioners or Committee that perform the Remuneration and Nomination Function formulates the succession policy in the nomination process of member of the Board of Directors.	Bank Mandiri has established the Remuneration and Nomination Committee that assists the Board of Commissioners to propose recommendations to the shareholders of series A Dwiwarna, in terms of the following: Developing, implementing and analysing the nominating criteria and procedures for candidates of the Board of Commissioners and Directors.
Explanation :	Based on the provision of the OJK Regulation No. 34/POJK.04/2014 on the Remuneration and Nomination Committee of Issuer or Public Company, the committee that carries out the nomination function has the task of formulating policy and criteria needed in the nomination process of potential member of the Board of Directors. Policy that can support the nomination process is the succession policy of member of the Board of Directors. The policy on succession aims to maintain the continuity of the regeneration of leadership in the company in order to maintain the business continuity and the company's long-term objective.	<p>Identifying candidates of Directors from internal and/or external of the company, and candidates of Commissioners that meet the requirements for being proposed/appointed as Director or Commissioner.</p> <p>To prepare future leadership regeneration, Bank Mandiri designed the Talent and Succession Management program, a succession policy for the Board of Directors which refers to SOE Minister Regulation No. PER-11/MBU/2021 concerning requirements, procedures for appointment and dismissal of SOE Board of Directors members as last amended by SOE Minister Regulation No. PER-3/MBU/03/2023. In addition, as a Public Company, the Bank's Policy also refers to POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies. The appointment and dismissal of the Bank's Board of Directors is carried out based on the principles of professionalism and Good Corporate Governance (GCG).</p> <p>Remark : Comply</p>

C. ASPECT 3: FUNCTION AND ROLES OF THE BOARD OF DIRECTORS		
C.1. Principle 5: Strengthen the Membership composition of the Board of Directors		
C.1.1.Recommendation 12:	<p>Determination of total members of the Board of Directors takes into account on the condition of the Public Company and effectiveness in decision making.</p> <p>Being the Company's organ that is authorized in managing the Company, the determination of total members of the Board of Directors has significant impact to the Company's performance. Thus, the determination of the total members of the Board of Directors must be done through careful consideration and refer to the provisions of the applicable regulation, whereby based on OJK Regulation No.33/POJK.04/2 14 on the Board of Directors and Board of Commissioners of Public Company, shall at least consists of 2 (two) people. In addition, the determination of total members of the Board of Directors must be based on the need to achieve the objectives and purpose of public company and being adjusted to the conditions of the public company including the characteristic, capacity and size of the public company and effectiveness of the decision making by the Board of Directors.</p>	<p>Bank Mandiri has complied with Article 20 POJK 33/POJK.04/2014 on the Board of Directors and the Board of Commissioners of Issuers or Public Companies, namely the Board of Directors of Issuers or Public Companies consists of 2 (two) members and Article 6 paragraph (1) of POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, namely Banks are required to have at least 3 (three) members of the Board of Directors.</p> <p>As of 31 December 2023, number of the Bank's Directors are 12 (twelve) members, and has been stipulated based on complexity and requirements of the Bank. In the Board of Directors rules, the mechanism of decision making of the Board of Directors has been stipulated.</p> <p>Remark : Comply</p>
C.1.2. Recommendation 13:	<p>Determination on the composition of members of the Board of Directors takes into account on diversity of expertise, knowledge and required experience.</p> <p>Similar with the Board of Commissioners, the composition diversity of members of the Board of Directors is a combination of required characteristic from both organ and individual perspective according to the needs of respective Public Company. The combination is determined in view of expertise, knowledge and experience in accordance with segregation of tasks and functions of the Board of Directors in achieving the purpose of the Public Company. Thus, consideration of the combination of characteristics will have an impact on the accuracy of the collegial nomination and appointment of individual member of the Board of Directors or Directors.</p>	<p>The determination of the Bank's Board of Directors' composition has taken into account the Bank's needs and business complexity, namely by considering the diversity of skills, educational background, and professional experience, and is gender equality. The Board of Directors' structure diversity is expected to provide alternative in resolving the increasingly complex issues faced by the Bank, compared to member of Directors that are naturally homogenic, thereby delivering the best decisions in the decision-making process.</p> <p>Remark : Comply</p>
C.1.3. Recommendation 14:	<p>Member of the Board of Directors in charge of accounting or finance has expertise and/or knowledge in accounting field.</p> <p>The Financial Report is a management accountability report for resources management owned by the Public Company, which must be compiled and presented in accordance with Financial Accounting Standards in Indonesia as well as related OJK regulations, including regulation in the Capital Market sector which regulates the presentation and disclosure of Public Company Financial Statement. Based on the laws and regulations in the Capital Market sector that regulates the responsibility of the Board of Directors for the Financial Report, the Board of Directors is jointly responsible for the Financial Report, signed by the President Director and member of the Board of Directors in charge of accounting or finance.</p> <p>As such, the financial disclosure and information presented in the financial statements will be very much dependent on the skills, and/or expertise of the Board of Directors, specifically member of the Board of Directors in charge of accounting or finance. Adequate qualifications and/or expertise in accounting that at least proficient by the concerned members of the Board of Directors, will ensure confidence in the preparation of financial statements, thereby the financial statements can be relied on by the stakeholders as a basic in decision making economically related to the concerned Public Company. The expertise and/or skills shall be affirmed by educational background, training certificates, and/or related work experiences.</p>	<p>The director in charge of accounting or finance at Bank Mandiri is the Director of Finance, namely Mr. Sigit Prastowo with experience and competence in the field of Treasury (Finance), who in carrying out his duties requires the knowledge in accounting. In addition, to support the implementation of his duties, he often participates in forums and seminars related to finance both at home and abroad.</p> <p>Remark : Comply</p>

C.2. Prinsip 6 : Meningkatkan Kualitas Pelaksanaan Tugas dan Tanggung Jawab Direksi		
C.2.1 Recommendation 15:	The Board of Directors has Self-Assessment Policy to evaluate the performance of the Board of Directors.	The Board of Directors has a self-assessment policy. The performance assessment of the Board of Directors is carried out by each member of the Board of Directors through a self-assessment mechanism to evaluate the performance of the Board of Directors collegially, and not to assess the individual performance of each member of the Board of Directors. As described in the Annual Report in the section of the Performance Assessment of the Board of Directors.
Explanation :	<p>Similar with the Board of Commissioners, the Board of Directors' Self-Assessment policy is a guideline being used as a form of accountability to evaluate collegial performance of the Board of Directors. The self-assessment is conducted by each member of the Board of Directors to assess the collegial performance of the Board of Directors, and not to assess the individual performance of each member of the Board of Directors. With this self-assessment, it is expected that each member of the Board of Directors can contribute to improve the performance of the Board of Directors on an ongoing basis.</p> <p>This policy can include the assessment activity as carried out along with the purpose and objective, periodic period of implementation, and benchmark or assessment criteria being used in accordance with the recommendations from the Remuneration and Nomination function of Public Company as required by OJK Regulation No. 34/POJK.04/2014 on the Remuneration and Nomination Committee of Issuer or Public Company.</p>	Remark : Comply
C.2.2 Recommendation 16:	The Self-Assessment Policy to evaluate the performance of the Board of Directors is disclosed in the Annual Report of Public Company.	The self-Assessment policy on the performance of the Board of Directors has been disclosed in the 2023 Fiscal Year Annual Report in the Board of Directors Performance Evaluation section.
Explanation :	The disclosure of Self-Assessment Policy on performance of the Board of Directors is conducted not only to comply with transparency aspect as form of accountability of its duties but also to provide assurance to the Shareholders or investors on efforts that need to be done in improving the performance of the Board of Commissioners. Upon the availability of disclosure, the Shareholders or investors acknowledge the check and balance mechanism towards the Board of Directors.	Remark : Comply
C.2.3 Recommendation 17:	The Board of Directors has policy on resignation of member of the Board of Commissioner when involved in financial crime.	Bank Mandiri has in place the policy on resignation of member of the Board of Directors when involved in financial crime as stated in the Bank's Articles of Association.
Explanation :	<p>The resignation policy of the Board of Directors involved in financial crimes is a policy that can increase the stakeholders' trust in the Public Company, so that corporate integrity will be maintained. This policy is needed to help the legal process and so that the legal process does not interfere with the course of business activities. In addition, in terms of morality, this policy will build an ethical culture within the Public Company. This policy can cover in the Code or the Code of Ethics that applies to the Board of Directors.</p> <p>Furthermore, what is meant by being involved in a financial crime is the status of being convicted of a member of the Board of Directors from an authorized party. These financial crimes include manipulation and various forms of embezzlement in financial service activities as well as the Criminal Act of Money Laundering as referred to in Law No. 8 of 2010 concerning Prevention and Eradication of Money Laundering.</p>	<p>Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Directors is ended if no longer meet the requirements as member of the Board of Directors based on the Articles of Association and other laws and regulations, including involvement in financial crime. Explanation :	A person with inside information is prohibited from conducting a Securities transaction by using inside information as stipulate under the Capital Market Law. Public company can minimize the occurrence of insider trading through prevention policies, for example by firmly separating between confidential and public data as well as distributing the duties and responsibilities on information management in proportional and efficient manner.	
D.1.2. Recommendation 19:	The Public Company has the anti-corruption and anti-fraud policies.	<p>Gratuity Control</p> <p>Bank Mandiri realizes the gratuity control is vital to maintain business process in line with business ethics that uphold high integrity value. To that end, since 2013, Bank Mandiri has in place the Gift Disclosure Statement regulating the prohibition to accept gratification for all Employees, and since 2015, the Bank has in place the Gratification Control Unit to carry out gratuity control function at the Bank.</p> <p>In addition, gratuity control aims at building the values of good corporate governance and embedding integrity value to all employees thereby all business activities with Customer, Vendor, Partner, and all Stakeholders are always founded upon ethics, mutual trusts, and responsibility. As such business interests can be performed properly and ethically while keeping in line with the gratuity prohibition rules. Currently, the Bank strives to carry out continuous improvement in implementing its gratuity control.</p> <p>To adapt to applicable regulations and current business developments for the Bank to be able to carrying out daily business activities and maintain good cooperative relations with all stakeholders, Bank Mandiri has periodically made improvements to the Gratification Control Technical Operational Guidelines (PTO) which were last refined on 8 December 2023.</p> <p>Anti-Bribery Management System</p> <p>To foster the effort in eradicating corruption continuously, the Bank has received ISO 37001:2016 certificate of Anti-Bribery Management System on 10 August 2020 and the scope of ISO 37001:2016 of Anti-Bribery Management System has been extended to Procurement, Vendor Management and Internal Audit Process on 20 September 2022.</p>
Explanation :	The anti-corruption policy ensures that the business activities of the Public Company are carried out legally, prudently and in accordance with the principles of good governance. The policy can be part of a code of ethics, or in a separate form. This policy may include, among others, the programs and procedures implemented in dealing with corrupt practices, kickbacks, fraud, bribery and/or gratuities in public companies. The scope of the policy must describe the prevention of the Public Company against all corrupt practices, either giving or receiving from other parties.

NO.	ASPECTS – PRINCIPLES - RECOMMENDATIONS	COMPLY OR EXPLAIN
		<p>Implementation of Anti-Fraud Strategy</p> <p>Bank Mandiri has implemented an Anti-Fraud Strategy in accordance with the POJK No. 39/POJK.03/2019 for Commercial Banks. As part of the improvement of the Internal Control Policy, Bank Mandiri continues to make improvements to these regulations. This is also done in every policy such as Standard Operating Procedures (SPO), Technical Operational Guidelines (PTO) and other regulations.</p> <p>Bank Mandiri's Anti-Fraud Strategy regulates 4 pillars, namely:</p> <ol style="list-style-type: none"> 1. Pillar 1 (Prevention) It is the responsibility of all levels of the Bank (work unit) and is part of the Fraud Control System in order to reduce the potential for fraud. Programs implemented in this pillar include: <ol style="list-style-type: none"> a. Anti-Fraud Awareness, such as socialization of Anti-Fraud Statement, Employee Awareness Program and Customer Awareness Program. The Employee Awareness Program is carried out by providing training, socialization, publication of fraud awareness through the Bank's internal media that reaches all employees and block leave obligations for each employee. Customer Awareness Program is carried out through the use of social media effectively, periodically and dynamically. b. Identification of Vulnerabilities, such as the application of Risk Management principles where all policies and procedures are designed with due regard to internal control, the application of GCG principles and Compliance. The implementation of work by employees in accordance with their authority and responsibilities is stated in the job description of each employee, and signed by the employee concerned. In addition, the signing of the Annual Disclosure by all employees at the beginning of the year. c. Know Your Employee (KYE) Policy is a principle applied by the Bank to get to know each employee well both in terms of ability and personality. KYE is carried out through a candidate selection process as well as monitoring the character and lifestyle of employees 2. Pillar 2 (Detection) It is the responsibility of all units, both first-line, second-line, and third-line and is part of the fraud control system in order to identify and find fraud in the bank's business activities. The programs implemented by Bank Mandiri in this pillar include: <ol style="list-style-type: none"> a. Whistleblowing System-Letter to CEO, which is managed by an independent party to minimize conflicts of interest and provide a sense of security to whistleblowers. b. Fraud Detection System, which has been implemented to support the Bank's detection activities which includes detection of transactional fraud and non-transactional fraud. c. Surprise Audit, whose implementation is prioritized in business units that are at high risk or prone to fraud. d. Surveillance System, which aim to monitor and review the internal control effectiveness (including fraud control system). 3. Pillar 3 (Investigation, Reporting, Sanctions and Legal Process) is part of the Fraud Control System in the context of handling fraud that occurs through investigations and the results are reported to the President Director, Board of Commissioners, and Regulators, including the proposed imposition of sanctions and legal processes for fraudsters. In order to strengthen the function of the Third Pillar, delegation of authority for the implementation of investigations and imposition of sanctions to each region has been carried out to accelerate the process of handling cases and recovery.

D.1.5. Recommendation 22:	The Public Company has the Whistleblowing System policy.	1. Implementation of the Whistleblowing system at Bank Mandiri is called the Letter to CEO (LTC). LTC is a facility for reporting fraud or indications of fraud from Bank Mandiri employees and stakeholders to the President Director with an emphasis on disclosure of complaints to increase the effectiveness of the implementation of the internal control system within Bank Mandiri.
Explanation :	A well-developed Whistleblowing system policy will provide certainty of protection to witness or reporter for an indication of violation committed by employees or management of the Public Company. The implementation of the policy will have an impact on establishing a culture of good corporate governance. The Whistleblowing system policy includes, among others, type of violations that can be reported through the Whistleblowing system, complaint procedure, protection and guarantee of the confidentiality of the reporter, handling procedure for received complaints, parties that managing the complaints, and the results and follow-up of complaints handling.	2. Bank Mandiri's LTC has been implemented since 2009 with the LTC arrangement in the Letter to CEO (LTC) Technical Operational Manual which is continuously updated with the latest update on 03 October 2022. 3. Since its revitalization in 2018, LTC management has involved independent parties to provide a safe-environment that encourages employees and stakeholders to dare to report. The reporter can include his complete identity or anonymously (the identity is only known by independent parties). 4. Submission of LTC reports can be submitted through the following media: Website https://bmri-wbsltc.tipoffs.info/ Email to bmri-wbsltc.tipoffs.info Letter to POBOX 1007 JKS 12007 SMS and WA to 0811-9007777

D.1.6. Recommendation 23:	The Public Company has a long-term incentive policy for the Board of Directors and employees.	Bank Mandiri has a policy of providing long-term incentives to Commissioners and Directors according to the provisions in POJK No. 45/POJK.03/2015 concerning Implementation of Governance in Providing Remuneration for Commercial Banks. Bank Mandiri implements Governance in the Provision of Remuneration that has considered various aspects, including bank financial stability, the creation of risk management, short-term and long-term liquidity needs, and potential future income.
Explanation :	Long-term incentive is a given incentive based long-term performance achievement. The long-term incentive plan has the rationale that the long-term performance of the company is reflected in the growth of shares value or other long-term target of the company. Long-term incentive shall have the benefit to maintain loyalty and provide motivation to the Board of Directors and employees to improve their performance or productivity, which will have an impact on improving the company's performance in the long run. The availability of a long-term incentive policy is an actual commitment by the Public Company to encourage the implementation of long-term incentive to the Board of Directors and Employees with terms, procedures and forms being adjusted to the long-term objectives of the Public Company. The policy can include, amongst other, the purpose of objective in providing the long-term incentive, terms and procedures in providing the incentive, and condition as well as risks that must be considered by the Public Company in providing the incentives. This policy can also be included in the existing public company remuneration policy.	Bank Mandiri can postpone deferred variable remuneration (Malus) or withdraw variable remuneration that has been paid (Clawback) to officials who are classified as Material Risk Taker (MRT). Explanation :	The Capital Market Regulation that regulates the submission of annual reports of Public Company has regulated the obligation to Disclose information regarding shareholders with 5% (five percent) or more shares of the Public Company, as well as the obligation to disclose information about directly or indirectly main and controlling shareholders of Public Company up to the owner of the last benefit in the ownership of the shares. In this Governance Guideline, it is recommended to disclose the ultimate benefit owner of the shares of the Public Company at least 5% (five percent), in addition to disclosing the owner of the final benefit of share	Remark: Comply

IMPLEMENTATION OF CORPORATE GOVERNANCE ASPECTS AND PRINCIPLES APPLICATION BASED ON GUIDELINES OF CORPORATE GOVERNANCE PRINCIPLES FOR BANKS PUBLISHED BY BASEL COMMITTEE IN BANKING SUPERVISION

The Governance Guidelines cover 12 principles of corporate governance. The Governance Guidelines are the standard of best practices applied as a reference in implementing corporate governance in banks. The description of the application can be explained, as follows:

PRINCIPLES	EXPLANATION	IMPLEMENTATION IN BANK MANDIRI
Principle 1 Responsibilities of the Board of Commissioners	The Board of Commissioners has the responsibilities of amongst others approval and supervisory on the implementation of business strategy, structure and governance mechanism as well as the Corporate Culture	In the Board of Commissioners 'code of conduct as outlined in the Board of Commissioners' Decree KOM/014/2019 it is stated that the responsibility of the Board of Commissioners is to provide opinions and suggestions on Annual Work Plans and Budgets and provide advice on important including corporate culture.
Principle 2 Qualification and Composition of the Board of Commissioners	Member of the Board of Commissioners must have the quality in accordance with duties and responsibilities as both collegial and as per individual. The Board of Commissioners shall understand the roles within the supervisory and implementation of corporate governance, as well as KOM/014/2019 to conduct a sound and objective decision process.	The Board of Commissioners of Bank Mandiri does not have a financial relationship, management, share ownership and/ or family relations with other members of the Board of Commissioners, Directors and/or Controlling Shareholders or relations with the Bank, which may affect the ability to act independently as stipulated in the Implementation provisions Good Corporate Governance for Commercial Banks and has signed an Independent Statement.
Principle 3 Structure and Mechanism of the Board of Commissioners	The Board of Commissioners must apply the proper governance practice and structure in performing their duties and to periodically review its effectiveness.	The Board of Commissioners has Committees under the Board of Commissioners assisting with the implementation of the duties of the Board of Commissioners, namely the Audit Committee, Risk Oversight Committee, Remuneration and Nomination Committee and Integrated Governance Committee.
Principle 4 The Board of Directors	Under the direction and supervision of the Board of Commissioners, the Board of Directors manage the Bank's activities in accordance with the business strategy, risk appetite, remuneration policy and other policies that have been approved by the Board of Commissioners.	The Board of Directors manages the Company under the direction and supervision of the Board of Commissioners, as evidenced by the company's business achievements that have increased from the previous year. All policies underlying the operations of Bank Mandiri must obtain the approval of the Board of Commissioners.
Principle 5 Governance Structure of Business Group	In a business group, the Board of Commissioners of the parent company has overall responsibility on the business group and to ensure the establishment and implementation of clean governance practice related to the structure, business and risks of business group and entities. The Board of Commissioners and the Board of Directors must understand the business group organizational structure as well as the encountered risk.	The Board of Directors and Board of Commissioners of Bank Mandiri have knowledge and understanding of the main business and the main risks of the company, as evidenced by the passing of the entire Board of Commissioners and Directors from Fit and Proper Test. The Board of Directors and the Board of Commissioners also constantly attend training and development to improve their capabilities.
Principle 6 Risk Management Function	The Bank must have the qualified, independent risk management function that has qualified resources with access to the Board of Commissioners.	Bank Mandiri performs the Risk Identification, Measurement, Monitoring, Control and Risk Management Information System through an Enterprise Risk Management (ERM) framework. Bank Mandiri continues to improve the capabilities and knowledge of all employees, especially in terms of risk management, by holding internal training regularly through the Risk Management Academy. In addition, Bank Mandiri also routinely holds at least once a year socialization, discussion forums, internships, and programs on risk management along with the internalization of the corporate culture. Bank Mandiri communicates risk management to the Board of Commissioners through the Risk Oversight Committee and the Integrated Governance Committee.
Principle 7 Identification of Risk Oversight and Control	Risks must be identified, monitored and controlled for all activities of the Bank. The quality of risk management infrastructure and internal control must be able to keep up with changes in the Bank's risk profile, external risk conditions and industry practice.	In managing Bank Mandiri's Risk Management, bankwide identification, measurement and risk assessment has been performed by periodically developing risk profiles. Risk measurement and assessment has been able to work well according to the established Risk Management Policy that is adjusted to the level of risk faced by Bank Mandiri.

IMPLEMENTATION OF CORPORATE GOVERNANCE ASPECTS AND PRINCIPLES APPLICATION BASED ON GUIDELINES OF CORPORATE GOVERNANCE PRINCIPLES FOR BANKS PUBLISHED BY BASEL COMMITTEE IN BANKING SUPERVISION

PRINCIPLES	EXPLANATION	IMPLEMENTATION IN BANK MANDIRI
Principle 8 Risk Communication	Effective risk governance implementation requires accurate risk communication in the Bank environment both between organizations and through reporting to the Board of Commissioners and the Board of Directors.	Each semester assessment of Risk Based Bank Rating (RBBR) is submitted to the Integrated Risk Committee (IRC), which consists of Directors of Bank Mandiri and Subsidiaries. In addition, the results of RBBR assessment are submitted to the Board of Commissioners through the Integrated Governance Committee.
Principle 9 Compliance	The Board of Commissioners is responsible for overseeing management related to the Bank's compliance risk. The Board of Commissioners must determine the compliance function and provide approval for policies and processes for identification, assessment, monitoring and reporting, and providing advice on compliance risks.	The Board of Commissioners ensures the implementation of good corporate governance in every business activity and corporate governance policies, including the implementation of compliance. The compliance risk assessment in RBBR is reported periodically to the Board of Commissioners every 6 (six) months.
Principle 10 Internal Audit	The internal audit function must report independent assurance activities to the Board of Commissioners and must support the Board of Commissioners and the Board of Directors in encouraging the implementation of effective governance processes and long-term soundness of the Bank.	Conduct objective testing of evidence provide an independent assessment of the adequacy of internal control, risk management and governance processes within the organization. Internal Audit is directly responsible to the President Director and communicates with the Board of Commissioners through the Audit Committee.
Principle 11 Compensation	The Bank's remuneration structure must support the implementation of corporate governance and risk management.	The current remuneration structure of Bank Mandiri is in accordance with POJK No. 45/POJK.03/2015 on the implementation of Governance in the Provision of Remuneration for Commercial Banks.
Principle 12 Disclosure and Transparency	The implementation of governance from the Bank must be carried out transparently to Shareholders, Depositors, other relevant Stakeholders and Market Participants	Bank Mandiri constantly updates its website www.bankmandiri.co.id to ensure the availability of the most updated information for stakeholders. Moreover, disclosure of Bank Mandiri information is carried out through Annual Reports, Sustainability Reports and Public Expose.

STRUCTURE AND MECHANISM OF CORPORATE GOVERNANCE

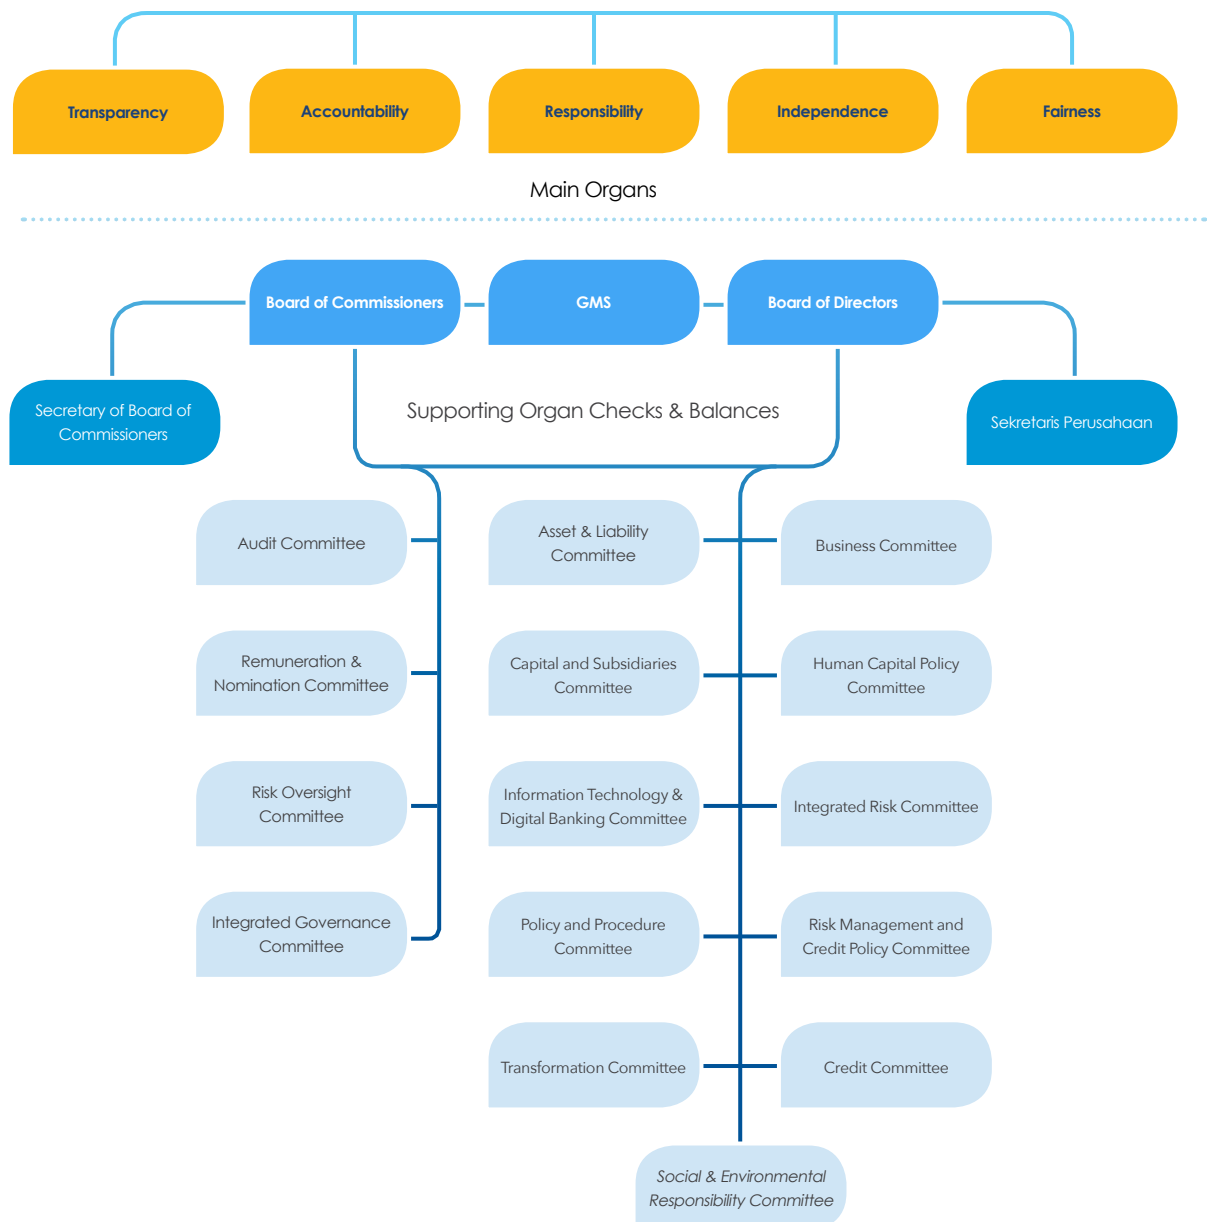

Pursuant to the Law of the Republic of Indonesia No. 40 of 2007 concerning Limited Liability Companies, the Organs of the Company consists of General Meeting of Shareholders (GMS), Board of Commissioners and Board of Directors. In line with the Articles of Association and prevailing laws and regulations, each organ has an important role in implementing corporate governance and carrying out their respective functions, duties, and responsibilities for the benefit of the Company.

The GMS is the highest decision-making forum for the shareholders. While the stewardship system applies a two-tier system comprising Board of Commissioners and Board of Directors with clear authorities and responsibilities according to their respective functions stipulated in the Articles of Association as well as laws and regulations. However, both are responsible for the Company's business sustainability in the long term. Therefore, the Board of Commissioners and the Board of Directors should have common perceptions of the Company's vision, missions, and values.

In carrying out the Company's corporate stewardship, the Board of Directors is supported by an effective management structure, while the Board of Commissioners performs its supervisory and advisory duties with the assistance of its supporting organs, namely Audit Committee, Nomination and Remuneration Committee, Risk Oversight Committee, and Integrated Governance Committee.

STRUCTURE AND MECHANISM OF CORPORATE GOVERNANCE

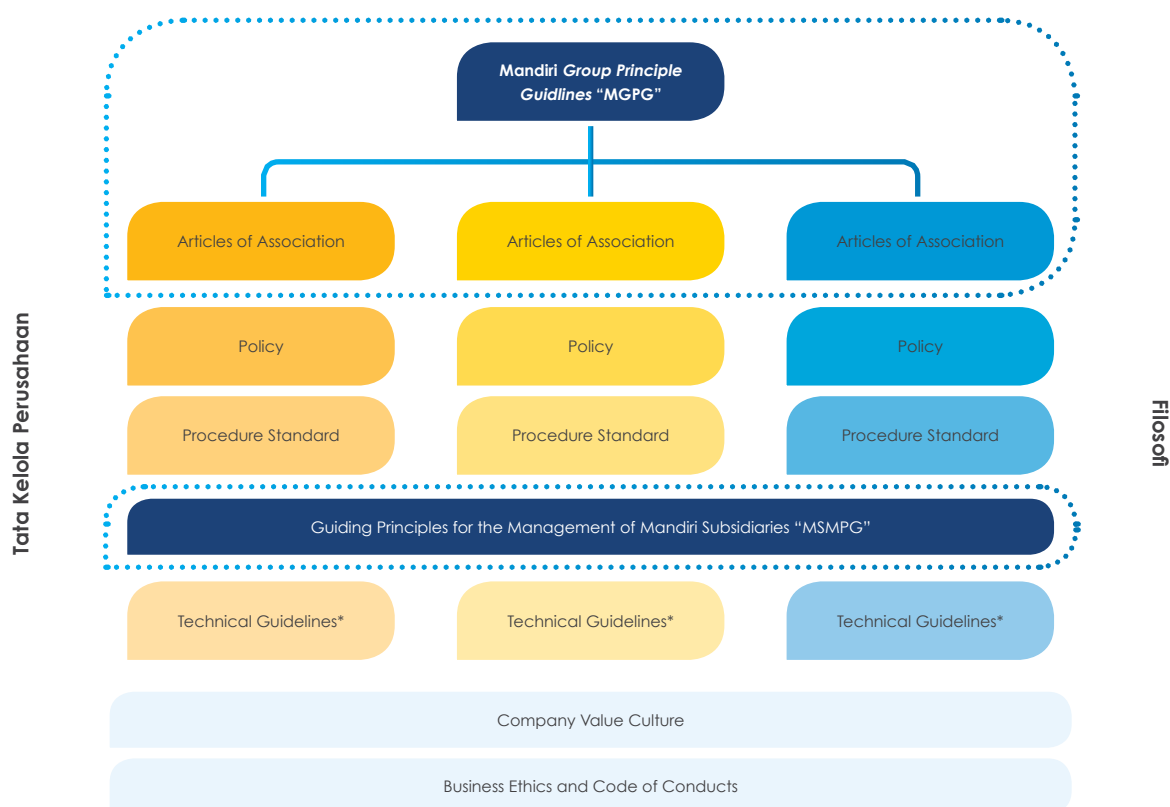

Corporate Organ Structure

STRUCTURE AND MECHANISM OF CORPORATE GOVERNANCE

MECHANISMS OF CORPORATE GOVERNANCE

Corporate governance mechanism is a process to implement corporate governance principles supported by the adequacy of bank governance structure and infrastructure, producing outcomes compatible with the stakeholders' expectation. The process to implement corporate governance is inherent to the structure of corporate governance as follows.

Shareholders

Shareholder is an individual or a legal entity who lawfully owns one or more share in a Company. Shareholders are owners of the Company. Company's Share is a share on behalf of and is issued by the owners who are registered in the List of Shareholders and which consist of:

1. Series A Dwiwarna Share that may only be owned by the Republic of Indonesia.
2. Series B Share that may be owned by the Republic of Indonesia and/or the Citizens.

Rights of the Shareholders

As a State-Owned Enterprises (SOE), the majority ownership of Bank Mandiri is owned by the Government of the Republic of Indonesia, which in this case is represented by the Ministry of SOE. As such, the Main and Controlling Shareholder of Bank Mandiri is the Government of the Republic of Indonesia. There are no Main and Controlling Shareholders indirectly, up to individual owners. In addition, there are no Shareholders who act on behalf of other Shareholders.

STRUCTURE AND MECHANISM OF CORPORATE GOVERNANCE

**Pemerintah Republik
Indonesia**

mandiri
PT Bank Mandiri (Persero) Tbk

At the time of establishment, the state equity investment by the Republic of Indonesia to Bank Mandiri was undertaken based on Government Regulation No. 75 of 1998 on State Equity Investment of the Republic of Indonesia for the Establishment of Limited Liability Company in Banking Field dated 1 October 1998.

The equity investment was undertaken by altering state held shares to the ex-legacies of Bank Mandiri: Bank Bumi Daya, Bank Dagang Negara, Bank Ekspor Impor Indonesia and Bank Pembangunan Indonesia.

As the majority shareholder, the Government of the Republic of Indonesia currently holds 52% of the shares, or 48,533,333,334 shares, in which one Series A Dwiwarna share is among all the shares. Series A Dwiwarna shareholder is entitled to the following privileges that other shareholders do not hold:

1. Right to approve the following matters in GMS:
 - a. Approving the Amendment to the Company's Articles of Association.
 - b. Approving capital change.
 - c. Approving the appointment and dismissal of members of the Board of Directors and Board of Commissioners.
 - d. Approval of merger, consolidation, acquisition, segregation, dissolution of the Company.
 - e. Approving the remuneration of the Board of Directors or Board of Commissioners.
 - f. Approving asset transfer and assurance which requires GMS approval as per the Articles of Association.
 - g. Approving the investment and reduction to

the percentage of capital investment at other company which requires GMS approval as per the Articles of Association.

- h. Approving the utilization of net profit.
- i. Approving the non-operational investment and long-term funding which requires GMS approval as per the Articles of Association
2. Right to propose GMS agenda.
3. Right to request and access company data and documents.
4. Right to propose binding nomination of candidates of Board of Directors members and candidates of Board of Commissioners members.

In addition to the above privileges, certain actions of the Board of Directors with certain criteria must obtain written approval from the Board of Commissioners and Series Shareholders A Dwiwarna as stipulated in Article 12 paragraph (7) Bank Mandiri's Articles of Association.

Rights of General Shareholders

Bank Mandiri Shareholders, both Holders of Series A Dwiwarna Share and Holders of Series B Share, have the same right in addition to the Special Right of Series A Dwiwarna Share above and as long as not regulated otherwise by the Company's Articles of Association, as follows:

1. The right to attend, express opinions, and vote in a GMS based on one share.
2. Each Shareholder has the right of 1 (one) vote/share (one share one vote)
3. Obtain an explanation of the voting procedure before the GMS begins.
4. The voting mechanism is done by the polling method.

STRUCTURE AND MECHANISM OF CORPORATE GOVERNANCE

5. Opportunity to propose an agenda in GMS.
6. Opportunity to grant authority to another party if a shareholder is unable to attend the GMS.
7. Reveal practices to encourage involvement of Shareholders outside the GMS
8. To propose questions in every agenda discussion and every decision of GMS agenda.
9. Opportunity to vote as agree, disagree, or abstain in every proposal of decision of GMS agenda.
10. Right to obtain information regarding the company in manners that are on time, correct, and regular, except for matters that are confidential.
11. Right to obtain part of the Company's profit that is allocated for Shareholder in the form of dividend and another distribution of profit, which is proportional to the number of owned shares.
12. Right to obtain comprehensive description and accurate information regarding procedure that needs to be executed in relation to the implementation of GMS.

Responsibilities of Shareholders

In addition to the rights and authorities, Bank Mandiri Shareholders as the capital owners also have responsibilities that must be fulfilled to the Company.

Controlling Shareholders

Their responsibilities are as follows:

1. Controlling shareholders must be able to:
 - a. Consider the interests of minority shareholders and stakeholders pursuant to the applicable conditions and laws and regulations;
 - b. In the event of alleged violation to the laws and regulations or as requested by relevant authority, names of shareholders and ultimate shareholders shall be disclosed to law enforcement authorities regarding the ultimate controlling shareholders, or as requested by relevant authority.
2. As for controlling shareholders with shares in several public companies, they have to be open with regard to accountability and relationship between public companies.

All Shareholders

The shareholders' responsibilities are as follows:

1. Distinguishing the ownership of the property of public company and personal property.
2. Distinguishing their functions as shareholders and members of Board of Commissioners or Board of Directors in the event that shareholders serve in one of those organs.
3. Shareholders who have particular interests are not allowed to vote.
4. Minority shareholders are responsible to exercise their rights effectively pursuant to the Articles of Association of the Company as well as the laws and regulations.

Policy of Relationship with Shareholders

As a Public Company, Bank Mandiri strives to provide accurate, periodic, and up-to-date information to Shareholders. Currently, communication activity to the Shareholders in Bank Mandiri is managed by the Corporate Secretary and Investor Relations. Pursuant to Article 5 of POJK No. 35/POJK.04/2014 concerning the Corporate Secretary of Issuers or Public Companies, one of the functions of Corporate Secretary is as a liaison between the Company and shareholders, OJK, and other stakeholders. The internal policy regulating the relationship between Bank Mandiri and Shareholders is the Policy and Standard Operating Procedure of Corporate Secretary which, among others, regulates the Corporate Communication Activity.

Equal Treatment to Shareholders

Pursuant to the regulations of the Capital Market, Bank Mandiri upholds equality principles for all shareholders (majority or minority). This commitment is reflected in the internal regulations as stated in the Bank Mandiri Operations Policy and Standard Operating of Bank Mandiri Corporate Secretary that are periodically reviewed, regulating equal rights for all shareholders to attain information transparency from Bank Mandiri, such as information on the company performance, financial information, and other information required by all shareholders.

Equal treatment to shareholders is also reflected in the implementation of the Company GMS. Each shareholder is entitled to propose the GMS agenda to the Company.

GENERAL MEETING OF SHAREHOLDERS

The General Meeting of Shareholders (GMS) is an organ of the Company that has authority not granted to the Board of Directors or the Board of Commissioners within the limits specified in the Limited Liability Company Law and/or the Company's Articles of Association.

The GMS is a forum for shareholders to exercise their rights in expressing opinions and obtaining information related to the Company as long as it is related to the agenda of the meeting and does not conflict with the interests of the Company and pay attention to the provisions of the Company's Articles of Association and laws and regulations.

The GMS also serves as a forum for shareholders to make resolutions related to their capital investments in the Company. The GMS also functions as a forum for the Board of Directors and the Board of Commissioners monitoring to report their accountability for the corporate stewardship performance in one financial year.

Legal Basis of GMS Implementation

Implementation of GMS in Bank Mandiri refers to the following regulations:

1. Law No. 40 of 2007 concerning Limited Liability Company.
2. POJK No. 15/POJK.04/2020 concerning the Plan and Implementation of General Meeting of Shareholders of a Public Company.
3. POJK OJK No. 16/POJK.04/2020 concerning the Electronic Implementation of General Meeting of Shareholders of a Public Company.

The Company's GMS

The GMS consists of an Annual GMS (AGMS) and Extraordinary GMS (EGMS). AGMS must be held no later than the 6 (six) months after the closing of the Company's financial year, while EGMS can be held at any time as required with due regard to the legislation and articles of association of the Company.

In addition to the implementation of the GMS as referred to in OJK Regulations regarding the plan and implementation of the GMS of Public Companies, the Company can conduct the GMS electronically in accordance with the laws and regulations in the Capital Market.

Pursuant to Article 20 of the Articles of Association, the Company may conduct the GMS electronically (hereinafter referred to as "e-GMS") by using the e-GMS provided by:

1. Depository and Settlement Institution appointed by regulators in Capital Market;
2. Provider of e-GMS, namely the party that provides and manages the e-GMS; or
3. Company; as specifically stipulated in the Capital Market regulations.

GENERAL MEETING OF SHAREHOLDERS

The GMS Authorities

The GMS has authorities stipulated by law, including:

1. Appoint and discharge members of the Board of Commissioners and/or the Board of Directors;
2. Determine remuneration for the Board of Commissioners and the Board of Directors;
3. Evaluate performance of the Board of Commissioners and the Board of Directors;
4. Ratify amendments to the Articles of Association.
5. Approve the annual report;
6. Determine allocations of profits including dividend distribution to shareholders;
7. Appoint public accountant;
8. Approve corporate actions in relation to the Company's stewardship.

The GMS resolutions are made based on the Company's long-term business interests. GMS and/or shareholders cannot intervene the implementation of duties, functions and authorities of the Board of Commissioners and The Board of Directors notwithstanding GMS authorities in accordance with the Articles of Association as well as laws and regulations.

Rights of Shareholders in the GMS

Pursuant to the Company's Articles of Association, the following are the shareholders' rights in the GMS:

1. Shareholders, either alone or represented based on a proxy, are entitled to attend the GMS.
2. Shareholders who are entitled to attend the GMS are shareholders whose names are recorded in the Company's Register of Shareholders 1 (one) working day prior to the GMS invitations.
3. In the event of the second GMS and third GMS, the provisions for shareholders who are entitled to attend are as follows:
 - a. for the second GMS, the shareholders who are entitled to attend are shareholders registered in the Company's Register of Shareholders 1 (one) working day before the invitations of the second GMS; and
 - b. for the third GMS, the shareholders who are entitled to attend are shareholders registered in the Company's Register of Shareholders 1 (one) working day prior to the invitations of the third GMS.
4. In the event of a recall, the shareholders who are entitled to attend the GMS are shareholders whose names are recorded in the Company's Register of Shareholders 1 (one) working day prior to the GMS recall.

Process of GMS Implementation and Voting

GENERAL MEETING OF SHAREHOLDERS

Quorum Provision

The quorum provisions regarding the attendance and resolutions of GMS, in relation to matters that must be resolved, were executed as follows:

1. The meeting is attended by shareholders who represent more than 1/2 (one half) of the entire shares with valid voting rights, and resolutions are valid when agreed by more than 1/2 (one half) of the entire number of shares with voting rights which were present in the Meeting, unless the Law and/or Articles of Association of the Company determines a higher quorum.
2. In the event that presence quorum as specified is not achieved, the second GMS is valid and is entitled to make binding resolutions when attended by shareholders who represent minimum 1/3 (one third) of the entire shares with valid voting rights, and resolutions are valid when agreed by more than 1/2 (one half) of the entire number of shares with voting rights which were present in the Meeting, unless the Law and/or Articles of Association of the Company determines a higher quorum.
3. In the event that attendance rate of the second GMS as specified is not achieved, the third GMS can be held under the condition that it is valid and is entitled to make decisions when attended by shareholders of shares with valid voting rights, within a presence

quorum and requirement to make decision that are determined by Financial Services Authority at the Company's request.

Decision Making Mechanisms

The decision-making mechanism in the meeting is conducted by deliberation to reach consensus. But if deliberation for consensus was not reached, then the decision making in the Meeting was conducted in a way voting. Voting is carried out verbally with shareholders who vote disagree or abstain being asked to submit the sound card. Voting is conducted transparently, except for the agenda of the change of management that is carried out by closed voting.

GENERAL MEETING OF SHAREHOLDERS

AGENDA 8

5. The new appointed members of the Board of Directors and Board of Commissioners as referred to in point 2 may only commence performing their tasks after obtaining approval from the Financial Services Authority (OJK) for the Fit and Proper Test and complying with the applicable laws and regulations. In the event that the members of the Board of Directors and the Board of Commissioners of the Company, in fact, are not approved as members of the Board of Directors and the Board of Commissioners in the Fit and Proper Test by the OJK, the members of the Board of Directors and the Board of Commissioners of the Company shall be honorably dismissed from the date of the decision of the OJK Fit and Proper Test results.
6. Members of the Board of Directors and the Board of Commissioners appointed as referred to in point 2 who are still serving in other positions that are prohibited by laws and regulations to be concurrently held by members of the Board of Directors or the Board of Commissioners of the State-Owned Enterprises, the concerned person must resign or be dismissed from his/her position.
7. Requested the Board of Directors to submit a written request to the OJK for the implementation of the Fit and Proper Test for the new appointed members of the Board of Directors and the Board of Commissioners as referred to in point 2.
8. Granted a power of attorney with the rights of substitution to the Board of Directors of the Company to restate the resolutions of this GMS in a Notarial deed and to appear before a Notary or the authorized official, and to make necessary adjustments or rectifications if required by the competent authorities for the purposes of implementing the resolutions of the meeting.

Follow-up

1. Mr. Heru Kristiyana has obtained OJK approval of the Fit and Proper Test assessment as stated in the copy of OJK Board of Commissioners Decree No. KEPR-98/D.03/2023 dated 21 August 2023 and OJK Letter No. SR-163/PB.02/2023 dated 21 August 2023, and his appointment as Independent Commissioner is effective as of 21 August 2023 as stated in Bank Mandiri Letter No. KPS/1181/2023 dated 24 August 2023.
2. Mr. Zainudin Amali has obtained OJK's approval of the Fit and Proper Test assessment as stated in the copy of OJK Board of Commissioners Decree No. KEPR-139/D.03/2023 dated 06 November 2023 and OJK Letter No. SR-250/PB.02/2023 dated 06 November 2023, and his appointment as Independent Commissioner is effective as of 06 November 2023 as stated in Bank Mandiri Letter No. KPS/1428/2023 dated 08 November 2023.
3. Ms. Eka Fitria has obtained OJK's approval of the Fit and Proper Test assessment as stated in the copy of OJK Board of Commissioners Decree No. KEPR-97/D.03/2023 dated 21 August 2023 and OJK Letter No. SR-163/PB.02/2023 dated 21 August 2023, and her appointment as Independent Commissioner is effective as of 21 August 2023 as stated in Bank Mandiri Letter No. KPS/1181/2023 dated 24 August 2023.
4. The Board of Directors of Bank Mandiri has taken all necessary actions related to the decisions of this agenda in accordance with the applicable laws and regulations.

Status : Terealisasi

- 6. Closing

**BOARD OF COMMISSIONERS
DUTIES AND RESPONSIBILITIES**

The duties, obligations, and responsibilities of the Board of Commissioners based on the Board of Commissioners' Charter are as follows.

1. The Board of Commissioners has the duties to supervising the interests of the Company on the policies and management of the Board of Directors, providing advice to the Board of Directors, and being responsible for such supervision, in accordance with the aims and objectives of the Company as stipulated in the provisions of laws and regulations, articles of association, and resolutions of the GMS.
2. The Board of Commissioners shall carry out its duties, authorities and responsibilities in good faith and with prudential principles, and comply with the provisions of laws and regulations and the Articles of Association.
3. In conducting supervision, the Board of Commissioners shall direct, monitor, and evaluate the implementation of integrated governance, risk management, and compliance, as well as the Company's strategic policies, in line with the provisions of laws and regulations, Articles of Association, and/or GMS resolutions.
4. The Board of Commissioners shall receive and exercise the authority delegated and/or granted to the Board of Commissioners in accordance with the provisions of laws and regulations, Articles of Association, and/or GMS resolutions.
5. In carrying out supervision, the Board of Commissioners is prohibited from participating in decision making on the Company's operational activities, except:
 - a. provision of funds to related parties, in line with POJK regarding the maximum limit of lending and large exposures for commercial banks, POJK regarding the maximum limit of distribution of funds and distribution of large exposures for sharia commercial banks; and
 - b. other matters stipulated in the Company's Articles of Association or the provisions of laws and regulations.
6. Decision making on the Company's operational activities by the Board of Commissioners as referred to in paragraph (5) is part of the supervisory duties by the Board of Commissioners so as not to negate the responsibility of the Board of Directors for the implementation of the Company's management.
7. In carrying out its supervisory and advisory duties as referred to in article (1), the Board of Commissioners shall be responsible to:
 - a. Ensure the implementation of effective and sustainable good governance;
 - b. Safeguard the interests of the Company with due regard to the interests of the Shareholders and being responsible to the GMS;
 - c. Provide opinion and approval of the Company's Annual Work Plan and Budget, Sustainable Finance Action Plan, as well as work plans and other strategic matters prepared by the Board of Directors in accordance with the provisions of the Articles of Association;
 - d. Prepare the annual work plan and budget of the Board of Commissioners which is an integral part of the Company's Annual Work Plan and Budget;
 - e. Follow the development of the Company's activities, provide opinions and suggestions to the GMS on issues deemed important and material to the Company.
 - f. Report to the GMS for an indication of decline in the Company's performance with recommendations on the corrective measures that must be taken;
 - g. Examine and review the periodic reports and Annual Report prepared by the Board of Directors and sign the Annual Report;
 - h. Provide explanations, opinions and recommendations to the GMS regarding the Annual Report, if requested;
 - i. Report the implementation of supervisory duties that have been carried out during the previous fiscal year to the GMS;
 - j. Evaluate and decide on requests from the Board of Directors relating to transactions that require the approval of the Board of Commissioners, including proposed internal provisions that by regulation require the approval of the Board of Commissioners;
 - k. Conduct active supervision and evaluation of at least:

BOARD OF COMMISSIONERS

- i) Follow-up of the Board of Directors on audit findings and recommendations from the Company's Internal Audit Unit, External Auditor, supervisory results of the Financial Services Authority and/or supervisory results of other authorities and institutions;
 - ii) Implementation of the compliance function;
 - iii) Implementation of Risk Management and Capital Management in an integrated manner in accordance with the characteristics and complexity of the Financial Conglomeration business within the Company;
 - iv) Effectiveness of Anti-Fraud Strategy (SAF) implementation and code of conduct implementation among others related to Fraud prevention for all levels of the organization;
 - v) Implementation of Anti-Money Laundering Program, Prevention of Financing of Terrorism, and Prevention of Financing of Proliferation of Weapons of Mass Destruction;

- Duties and Responsibilities of President Commissioner
Based on the President Commissioner Guidelines and Charter, the duties and responsibilities of the President Commissioner are as follows:
- 1. Inviting to the Board of Commissioners Meeting in writing, submitted to all members of the Board of Commissioners by stating the agenda, date, time and place of the meeting.
 - 2. Coordinating and ensuring the implementation of duties and meetings of the Board of Commissioners and the Board of Commissioner's Committee Meeting in accordance with prevailing regulations.

BOARD OF COMMISSIONERS

Rights and Authorities of the Board of Commissioners

The rights and authorities of the Board of Commissioners are as follows:

1. Providing decisions on the actions of the Board of Directors as stipulated in the Company's Articles of Association.
2. Each Commissioner, collectively or individually at any time has the right to enter the buildings and areas or other places used or controlled by the Company and has the right to examine books, letters of evidence, inventories goods, examine and match the cash situation for verification and securities purposes as well as to know all actions taken by the Directors.
3. Actions in such cases as mentioned in paragraph (2) shall be carried out in the capacity of the Board of Commissioners and shall be reported at the Board of Commissioners meeting on such actions.
4. If deemed necessary, the Board of Commissioners has the right to request the assistance of experts in carrying out their duties for a limited period at the Company's expense.
5. Each Commissioner has the right to request an explanation of all matters from the Board of Directors as well as from all levels below it, and the Board of Directors must provide an explanation.
6. Each Commissioner has the right to attend meetings held by the Directors or subordinate units without participating in the decision making.
7. The Board of Commissioners with the most votes at any time have the right to temporarily dismiss one or more members of the Board of Directors, if proven to be acting contrary to the Articles of Association or proven to have neglected their obligations or there is an urgent reason for the Company.
8. The temporary termination must be notified in writing to the person concerned along with the reasons for the action.
9. Within 90 (ninety) days after the date of the temporary dismissal, the Board of Commissioners is required to hold a General Meeting of Shareholders which will decide whether the relevant member of the Board of Directors will be permanently dismissed or returned to his position, where he is given the opportunity to attend and defend himself.
10. Approving the appointment and dismissal of the Corporate Secretary and Head of the Company's Internal Audit Work Unit which is proposed by the Directors and recommended by the Audit Committee.
11. Conducting other supervisory authorities as long as they do not conflict with the laws and regulations, the Articles of Association, and/or GMS Decree.

ASSIGNMENT OF THE BOARD OF COMMISSIONERS OVERSIGHT DUTIES

To optimize the implementation of functions and duties of the Board of Commissioners, the assignment of duties for each member of the Board of Commissioners has been determined. This assignment does not reduce the rights, obligations, responsibilities and authority of each member of the Board of Commissioners in carrying out their functions and duties. The assignments are as follows:

DECISION REQUIRING THE APPROVAL
OF THE BOARD OF COMMISSIONERS

The decisions that require the approval of the Board of Commissioners are stipulated in the Company's Articles of Association and the Board of Commissioners Decree No. KEP.KOM/004/2020 dated 26 November 2020 concerning the Determination of the Limitations of Actions of the Board of Directors of PT Bank Mandiri (Persero) Tbk that must obtain written approval from the Board of Commissioners and Dwiwarna A Series Shareholders, and the GMS. The decisions that need to be approved by the Board of Commissioners include:

1. Releasing/transferring and/or pledging the Company's assets with criteria and values exceeding a certain amount determined by the Board of Commissioners, taking into account legislation in the capital market and banking sector for a nominal value of Rp200 billion to Rp500 billion.
2. Establishing cooperation with business entities or other parties, in the form of joint operations (KSO), business cooperation (KSU), licensing cooperation, Build-Operate and Transfer (BOT), Build-Owned Ownership (Build, Operate and Own/BOO) and other agreements having the same nature, the term of which or the value exceeds the value determined by the Board of Commissioners for a nominal of Rp200 billion to Rp500 billion and a period of 5-10 years.
3. Conducting capital participation, releasing capital participation including changes in capital structure with a certain value determined by the Board of Commissioners of other companies, subsidiaries and joint ventures that are not in the framework of saving receivables, by taking into account provisions in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.
4. Establishing a subsidiary and/or joint venture of a certain value determined by the Board of Commissioners by taking into account legislation in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.

5. Proposing representatives of the Company to become prospective members of the Board of Directors and Board of Commissioners of subsidiaries that make significant contributions to the Company and/or strategic values according to the Limits and/or criteria set by the Board of Commissioners.
6. Joining, merging, taking over, separation and dissolution of subsidiaries and joint ventures with a certain value determined by the Board of Commissioners by observing the laws and regulations in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.

TENURE OF THE BOARD OF
COMMISSIONERS

Pursuant to the Company's Articles of Association, members of the Board of Commissioners are appointed and dismissed by GMS. The GMS is attended by shareholders of Series A Dwiwarna Share and the resolutions of the meeting must be approved by the shareholders. Members of the Board of Commissioners are appointed by the GMS from the candidates proposed by the GMS, from the candidates proposed by shareholders of series A Dwiwarna, and the candidacy is binding to the GMS.

The GMS resolutions on the appointment and dismissal of members of the Board of Commissioners also decide the time for the appointment and dismissal. In the event that GMS does not make the decision, the appointment and dismissal of members of the Board of Commissioners are effective as of the closing of GMS by observing the laws and regulations.

BOARD OF COMMISSIONERS

Members of the Board of Commissioners are appointed for a period of time as of the date determined by GMS, which appointed them, and expired on the closing of the 5th (five) Annual GMS following the date of their appointment, provided that it may not exceed the 5 (five) year period, by observing the laws and regulations of the Capital Market, however without prejudice to the rights of GMS to dismiss members of the Board of Commissioners at any time prior to their tenures expire. Following the end of tenure, members of the Board of Commissioners may be reappointed by the GMS for one tenure.

CRITERIA FOR THE BOARD OF COMMISSIONERS MEMBERS

The Board of Commissioners shall meet the criteria as stipulated by OJK Regulation No. 33/POJK.04/2014 as follows:

The resignation and dismissal mechanism of the Board of Commissioners under the SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises, are as follows:

1. The Minister/Deputy Minister can evaluate the members of the SOEs Board of Commissioners/Supervisory Board prior to dismissing members of the SOEs Board of Commissioners/Supervisory Board.
2. The results of the Minister/Deputy Minister's evaluation of members of the SOEs Board of Commissioners/Supervisory Board are further processed by the Deputy by submitting the draft Ministerial Decree/GMS regarding the dismissal of members of the SOEs Board of Commissioners/Supervisory Board to obtain determination.
3. The plan to dismiss a member of the SOEs Board of Commissioners/Supervisory Board prior to the end of his/her term of office must be notified in advance to the member of the Board of Commissioners/Supervisory Board of SOEs concerned orally or in writing by the Minister.

BOARD OF COMMISSIONERS

4. In the event that the Minister does not give notice, the Minister by this Ministerial Regulation authorizes with the right of substitution to the Deputy to make such notification.
5. The Deputy may authorize the Sector Deputy Assistant and the Deputy Assistant to make such notices.
6. The decision to dismiss on grounds other than being found guilty by a court decision that has permanent legal force and resign is taken after the person concerned is given the opportunity to defend himself.
7. Self-defense may be given directly upon notification to the notifying official.
8. In the case of oral notification and self-defense, it is carried out face-to-face and evidenced by minutes signed by members of the Board of Commissioners/Supervisory Board of SOEs concerned and the notifying official.
9. If the member of the Board of Commissioners/Supervisory Board of SOEs concerned is not willing to sign the minutes then the reason is stated in the minutes of the event.
10. In the event that notification is made at the GMS, self-defense is carried out at the GMS in accordance with the provisions of self-defense as stipulated in the law regarding limited liability companies.
11. In the process of dismissing members of the Board of Commissioners/Supervisory Board of SOEs, the Minister may request the consideration of the Deputy Minister, Deputy and/or Secretary of the Ministry.
12. The determination of the dismissal of members of the SOEs Supervisory Board is carried out by Ministerial Decree.
13. The determination of the dismissal of members of the SOEs Board of Commissioners can be done by Ministerial Decree as the GMS, GMS resolution, and circular decisions of all shareholders.
14. In the event that the determination of the dismissal of members of the Board of Commissioners/Supervisory Board of SOEs is carried out by Ministerial Decree or circular decision of all shareholders, the Deputy processes the draft Ministerial Decree or the decision of all shareholders circularly.
15. In the event that the determination of dismissal of members of the SOEs Board of Commissioners/Supervisory Board is carried out in the GMS offline and/or online and the Minister cannot attend the GMS in person, the Minister authorizes with the right of substitution to the Deputy Minister to attend and make decisions at the GMS.
16. The Deputy Minister may authorize the Assistant Deputy Sector to attend and make decisions at the GMS.
17. The Minister may authorize the Deputy and/or Secretary of the Ministry to attend and take decisions at the GMS.
18. As long as the dismissal is still in process, the members of the Board of Commissioners/Supervisory Board of SOEs concerned must continue to carry out their duties as they should.
19. The dismissal of members of the Board of Commissioners/Supervisory Board of SOEs can be processed simultaneously with the process of appointing members of the Board of Commissioners/Supervisory Board of the relevant SOEs.
20. The dismissal of members of the SOEs Board of Commissioners/Supervisory Board is effective from the date stipulated in the Ministerial Decree/GMS/all shareholders circularly.

BOARD OF COMMISSIONERS RESIGNATION MECHANISMS

The resignation mechanism of the Board of Commissioners based on the Articles of Association, are as follows:

1. A member of the Board of Commissioners has the right to resign from the position prior to the end of tenure by notifying in writing of the purpose to the Company.
2. The Company shall convene the GMS to resolve the resignation request of member of the Board of Commissioners at the latest 90 (ninety) days after the acceptance of the resignation letter.
3. The Company shall implement disclosure of information to the public and to convey to the OJK at the latest 2 (two) days after the acceptance of the resignation request from member of the Board of Commissioners.
4. Prior to the effective of the resignation, the said member of the Board of Commissioners remains to carry out the obligation to complete the duties and responsibilities according to the Articles of Association and the laws and regulations.
5. The resigning member of the Board of Commissioners may still be requested for responsibilities as a member of the Board of Commissioners until the date of the approval by the GMS.

BOARD OF COMMISSIONERS

6. The release of responsibilities to the resigning member of the Board of Commissioners shall be provided after the release from the Annual GMS.
7. In the event that the resignation of a member of the Board of Commissioners resulting in the reduction of numbers of member of the Board of Commissioners to less than 3 (three), such resignation shall be valid upon the GMS stipulation and a new member has been appointed, hence to meet the minimum requirement of member of the Board of Commissioners.

In accordance with SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises Article 70:

1. The position of a member of the Board of Commissioners/Supervisory Board of SOEs ends if:
 - a. passed-away;
 - b. his/her term of office expired;
 - c. dismissed based on the decision of the GMS/Minister; and/or
 - d. no longer meets the requirements as a member of the SOEs Board of Commissioners/Supervisory Board based on the provisions of the articles of association and laws and regulations, including concurrent positions that are prohibited.
2. The term of office ends as referred to in paragraph (1) point b including resigning from office.
3. In the event that the position of a member of the SOEs Board of Commissioners/Supervisory Board ends for reasons as referred to in paragraph (1) letter a, letter b, and letter d then:
 - a. The Deputy shall convey information regarding the situation to the Minister and at the same time process the dismissal in accordance with the provisions of this Ministerial Regulation; and
 - b. The expiration of the position of members of the SOEs Board of Commissioners/Supervisory Board is confirmed by a Ministerial decree or GMS.

Policies Related to the Resignation of the Board of Commissioners Getting Involved in Financial Crime

Bank Mandiri has in place the policy on resignation of member of the Board of Commissioners when involved in financial crime as stated in the Bank's Articles of Association, namely the tenure of the Board of Commissioners is ended upon the violations of laws and regulations and upon resignation.

MANAGEMENT OF THE BOARD OF COMMISSIONER'S CONFLICTS OF INTEREST

The management of conflict-of-interest for the Board of Commissioners is regulated in the BOC Charter as follows:

- Pursuant to laws and regulations, each Commissioner shall maintain the information by keeping it confidential including provisions on insider trading and other information that the Company has not disclosed to the public.
- Each Commissioner shall disclose:
 - Ownership of shares in the Company and in other companies domestically or abroad.
 - Financial and family relationships with other members of the Board of Commissioners and members of the Board of Directors and their families.
 - Other information related to laws and regulations must be disclosed to the public.
- The Board of Commissioners is prohibited from being involved in making decisions related to banking operational activities and/or making decisions that may cause conflicts of interest.
- The Board of Commissioners in carrying out its duties, responsibilities and authority is prohibited from using the Company for personal, family, other companies or certain parties' interests in a manner that is contrary to the laws and regulations and the Company's code of ethics.

BOARD OF COMMISSIONERS

SHARE OWNERSHIP OF THE BOARD OF COMMISSIONERS

The Board of Commissioners has disclosed its ownership (<5%) in both Bank Mandiri and other banks and other companies domiciled at home and abroad. Bank Mandiri's Board of Commissioners shares ownership can be seen in the table below.

BOARD OF COMMISSIONERS

ORIENTATION PROGRAM FOR NEW COMMISSIONERS

New member of the Board of Commissioner who is appointed for the first time is given an orientation in relation to their duties and responsibilities. The orientation program aims to provide an understanding and idea on the Company's condition in general, the Company's values, vision and mission, introduction to the business activities of the Company and its subsidiaries as well as regulations, procedures, and implementation of corporate governance.

The orientation program for new Commissioners is carried out by presenting relevant material by the relevant Directors and coordinated by the Corporate Secretary.

In addition to direct explanations by the relevant Directors, new Commissioners are also given a Board Manual, a document on regulations that shall be acknowledged by the Board of Commissioners to carry out its duties and responsibilities, including the Articles of Association, BOC Charter, Committee Charter, and other related documents.

In 2023, orientation programs had been held for new Commissioners with the following details:

			29-30 May, 05 June 2023	Risk Management Training for Commercial Banks' Commissioner Candidates	LPPI

BOARD OF COMMISSIONERS MEETING

The Board of Commissioners meetings is regulated in the BOC Charter and also refer to the POJK No. 33/2014, as follows:

1. The Board of Commissioners must hold a meeting at least once in one month or at any time if deemed necessary by one or more members of the Board of Commissioners or at the request of the Board of Directors.
2. The Board of Commissioners must hold regular meetings with the Board of Directors (Joint Meetings) at least once in 4 (four) months.
3. The meeting of the Board of Commissioners is legal and has the right to make binding decisions if 2/3 of the total members of the Board of Commissioners are present or represented at the meeting.
4. A Commissioner can be represented at a meeting by another Commissioner based on a proxy.
5. A Commissioner can only represent one other Commissioner.
6. The Board of Commissioners can schedule the Board of Commissioners meetings for the following year prior to the fiscal year ends.

BOARD OF COMMISSIONERS

Materials for the Board of Commissioners meetings are distributed to all meeting participants no later than 5 (five) working days prior to the meeting, unless the meeting is held out of schedule, the meeting materials can be delivered prior to the meeting.

Meeting of the Board of Commissioners may also be held remotely (such as teleconference, video conference or other electronic media) if such way enables all participants to directly hear, see and participate live in the meeting.

The Board of Commissioners meeting is chaired by the President Commissioner or one of elected members of the Board of Commissioners, in the absent of President Commissioner. The Board of Commissioners meeting shall be recorded in the minutes of meeting and distributed to all members of the Board of Commissioners as well as shall be documented by the Company.

The Board of Commissioners may also take lawful decisions without convening the Board of Commissioners meeting (in circular) provided that all members of the Board of Commissioners have been notified and give their written approval concerning the proposed plan. This Circular Resolution shall have the same effect as the resolution validly adopted in the Board of Commissioners meeting.

Board of Commissioners Meetings Plan

The Board of Commissioners' meetings plan for 2023 as uploaded on the Bank Mandiri website are as follows:

BOARD OF COMMISSIONERS

IMPLEMENTATION OF DUTIES AND RESPONSIBILITIES OF THE BOARD OF COMMISSIONERS

Frequency and Procedures of advice to the Board of Directors

The advisory from the Board of Commissioners to the Board of Directors is carried out both formally through the meetings and informally in non-meetings. The formal meetings consisted of 3 (three) types, which are:

1. The meetings of Supporting Committee of the Board of Commissioners, consisting of the Audit Committee Meetings, Risk Oversight Committee Meetings, Integrated Governance Committee Meetings and Remuneration and Nomination Committee Meetings.
2. Meeting of the Board of Commissioners (RAKOM), which is an internal meeting of the Board of Commissioners and/or by inviting the Director of the related field.
3. Meeting of the Board of Commissioners with the Board of Directors (RAKOMDIR), namely the Joint Meeting of the Board of Commissioners and the Board of Directors.

Board of Commissioners Supervisory on the Implementation of Corporate Strategy

Pursuant to OJK Regulation No. 5/POJK.03/2016 concerning the Bank Business Plans, the Board of Commissioners shall carry out supervision on the implementation of the Bank Business Plan that includes policies and management strategies. The results of the supervision are set forth in the Supervision Report on the Implementation of the Bank's Business Plan which is submitted to the Financial Services Authority every half year.

In addition, the Board of Commissioners also submit Supervision Report on Performance and KPI Achievement quarterly to the Ministry of SOEs as Dwiwarna Series A Shareholders. In 2023, the Board of Commissioners has prepared and submitted the following Supervision Report on the Implementation of the Bank's Business Plan:

No.	OJK	Kementerian BUMN
1.	Letter No. KOM/019/2023 dated 19 February 2023 concerning Bank Business Plan Supervision Report 2022 – 2024 of PT Bank Mandiri (Persero) Tbk Second Semester of 2022.	Letter No. KOM/009/2023 dated 31 January 2023 concerning Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk Year 2022.

No.	OJK	Kementerian BUMN
2.	Letter No. KOM/094/2023 dated 18 August 2023 concerning Bank Business Plan Supervision Report 2023 – 2025 of PT Bank Mandiri (Persero) Tbk Semester I of 2023.	Letter No. KOM/009/2023 dated 31 January 2023 concerning Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk Year 2022. Letter No. KOM/053/2023 dated 28 April 2023 concerning Response to Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk until Quarter I/2023. Letter No. KOM/085/2023 dated 31 July 2023 concerning Response to Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk until Quarter II/2023 Letter No. KOM/129/2023 dated 30 October 2023 concerning Response to Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk until Quarter III/2023.

Report on supervision of the implementation of the Bank's Business Plan submitted to OJK and Responses to the Achievement of the Bank's Performance and KPI submitted to the Ministry of SOEs includes reports on:

1. Assessment of the Board of Commissioners regarding the implementation of the Bank Mandiri Business Plan in the form of evaluating both quantitative and qualitative aspects of the realization of the Business Plan.
2. The Board of Commissioners' assessment of the factors that affect Bank Mandiri's performance in general, particularly regarding capital, profitability, risk profiles, especially credit risk, market risk, and liquidity risk.
3. Assessment of the Board of Commissioners regarding efforts to improve the performance of Bank Mandiri, in the case that according to the assessment concerned the performance of the Bank as referred to in point 2 above has decreased.

The assessment of the Board of Commissioners in points 1-3 was also complemented with external factors assessment affecting the Bank's performance.

BOARD OF COMMISSIONERS

Board of Commissioners Duties Implementation

The Board of Commissioners carried out its duties, obligations and responsibilities in order to oversee the policies and the management of the Company which are determined based on prevailing laws and regulations, the Company's Articles of Association and Work Plans established at the beginning of the year.

The duties, obligations and responsibilities are undertaken through the Board of Commissioners Meetings, Joint Meetings with the Board of Directors, or Joint Meetings and Evaluations of supporting committees of the Board of Commissioners. The implementation of duties of the Board of Commissioners during 2023 were as follows:

1. Supervised the policies and management carried out by the Board of Directors during 2023, including supervision of the implementation of the Company's Work Plan and Budget (RKAP) for 2023, Bank Business Plan (RBB) for 2023 – 2025, Sustainable Finance Action Plan (RAKB) for 2023-2027, and IT Strategic Plan.
2. Ensured that good governance has been implemented effectively and sustainably.
3. Conducted active supervision and evaluation of at least:
 - a. followed-up of the Board of Directors on audit findings and recommendations from the Company's Internal Audit Unit, External Auditor, supervision results of the Financial Services Authority and/or supervision results of other authorities and institutions;
 - b. implementation of the compliance function;
 - c. implementation of Risk Management and Capital Management in an integrated manner in accordance with the characteristics and complexity of the Financial Conglomerate business in the Company;
 - d. the effectiveness of the implementation of the Anti-Fraud Strategy (SAF) and the implementation of the code of ethics, among others, related to the prevention of Fraud for all levels of the organization;
 - e. implementation of Anti-Money Laundering Program, Prevention of Financing of Terrorism, and Prevention of Financing of Proliferation of Weapons of Mass Destruction;
 - f. implementation of Remuneration policy;
 - g. Information Technology (IT) strategic plan and implementation of IT governance;
 - h. policies and strategic plans for risk management related to cybersecurity;
 - i. Recovery Plan and Resolution Plan and its updates, including providing approval; and
 - j. implementation of the Company's Social & Environmental Responsibility (CSR) Program.
4. Conducted regular monitoring of HR planning (Manpower Planning) in line with the Corporate Plan, RBB, as well as the tangible needs of long-term business development, particularly in IT, Credit and Risk.
5. Conducted regular monitoring of the implementation of several Corporate Actions of the Company and Subsidiaries during 2023.
6. Conducted regular monitoring of performance developments and risk mitigation of Subsidiaries/ Sub-Subsidiaries, as well as synergy development during 2023.
7. Provided direction, monitored the preparation, and gave approval, among others, to the proposed RKAP in 2024, RBB in 2024-2026, RAKB in 2024-2028, and the initiation of the Recovery Plan in 2023.
8. Followed the development of the Company's activities, provided opinions and recommendations to the Board of Directors regarding issues considered vital and material for the management of the Company, including related to the results of internal and external audits during 2023.

*) Appointed as Independent Commissioner at the Annual GMS dated 14 March 2023.

Risk Management Certificate Equalization and Alignment

SEOJK No. 28/SEOJK.03/2022 also regulates the equalization and alignment of risk management certificates for management and executives of commercial banks by:

1. SKKNI in the field of Banking Risk Management, in accordance with the Decree of the Minister of Manpower of the Republic of Indonesia No. 218 of 2020 concerning the Establishment of Indonesian National Work Competency Standards (SKKNI) in the category of Financial Activities and Insurance of the Main Group of Financial Services Activities, Non-Insurance and Pension Funds in the Field of Banking Risk Management; and
2. KKNi in the field of Banking Risk Management as Decree of Members of the Board of Commissioners of the Financial Services Authority No. KEP-18/D.02/2021 concerning the Indonesian National Qualification Framework (KKNi) in the Field of Banking Risk Management.

BOARD OF COMMISSIONERS PERFORMANCE ASSESSMENT

The performance of the Board of Commissioners is undertaken through self-assessment and reported to the GMS, where the performance of the Board of Commissioners is presented through a report on the implementation of the duties to the Shareholders. The GMS further grants the release and discharge of the total responsibility to the Board of Commissioners and Board of Directors of the Company for the oversight and management during the Fiscal Year.

Procedures of Performance Self-Assessment of the Board of Commissioners

1. Risk Profile
2. Good Corporate Governance
3. Profitability
4. Bank Capital

Remuneration (Tantiem)

BOARD OF COMMISSIONERS

Board of Commissioners' Performance Assessment Criteria and Results

The Board of Commissioners' performance assessment is measured by the achievement of Key Performance Indicators (KPIs) that have been prepared at the beginning of the year, which include aspects of Planning, Supervision and Advice, Reporting, and Business Dynamics. The following are the achievements of the Board of Commissioners' KPI in 2023:

No	Aspects and Parameters	Period	Output Unit	Weight	Output Plan	Output Realization	Value	Achievement
I. Planning Aspects								
	Preparing Work Plan and Budget and KPI 2022 of the Board of Commissioners	Annual	Document	10	1	1	10	100%
Sub Total I				10			10	100%
II. Supervisory and Advisory Aspects								
1	Provide feedback/recommendations to Shareholders on:							
	a. Company Work Plan and Budget	Annual	Letter	5	1	1	5	100%
	b. Annual Report	Annual	Letter	5	1	1	5	100%
	c. Quarterly Performance Analysis	Quarter	Letter	5	3	3	5	100%
	d. Bank Business Plan	Year	Letter	5	1	1	5	100%
2	Provide approval and advice to the Board of Directors in accordance with the field of duty of the Board of Commissioners	Year	Letter/ Minutes	10	10	30	11	110%
3	Board of Commissioners Meeting							
	a. Number of Meetings	Monthly	Time	12	12	41	13,2	110%
	b. Meeting Attendance	Monthly	%	5	100	96	4,8	96%
	c. Meeting Minutes Resolution	Monthly	Minutes	5	12	41	5,5	110%
4	Board of Commissioners Working Visit	Year	Visit	8	2	6	8,8	110%
Sub Total II				60			63,3	106%
III. Reporting Aspects								
1	Annual Board of Commissioners Supervisory Report	Annual	Report	10	1	1	10	100%
Sub Total III				10			10	100%
IV. Dynamic Aspects								
1	External Auditor Proposal to Shareholders	Annual	Letter	5	1	1	5	100%
2	Competency Improvement through seminars, workshops, etc.	Annual	Time	10	2	5	11	110%
3	GCG assessment results of the Board of Commissioners (self-assessment/ Independent Consultant)	Annual	Category	5	Good	Excellent	5	110%
Sub Total IV				20			21	105%
Grand Total				100			104,3	104%

Assessors

The Board of Commissioners carried out self-assessment to its performance in 2023.

PERFORMANCE ASSESSMENT OF THE COMMITTEES UNDER THE BOARD OF COMMISSIONERS AND ASSESSMENT BASIS

Pursuant to POJK No. 55/POJK.04/2015 on the Establishment and Audit Committees Charter, POJK No. 34/POJK.04/2014 of 2014 on Nomination and Remuneration Committee of Issuers or Public Companies, POJK No. 18/POJK.03/2014 on the Implementation of Integrated Governance for Financial Conglomerates, POJK No. 17/2023 on the Governance Implementation for Commercial Banks, as well as SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines of Governance and Significant Corporate Activities of State-Owned Enterprises, in carrying out its duties, the Board of Commissioners receives assistance from committees directly responsible to the Board of Commissioners. These committees execute their duties and responsibilities in accordance with the Committee Charter.

BOARD OF COMMISSIONERS

In implementing its oversight functions, the Bank's Board of Commissioners has established 4 (four) committees:

1. Audit Committee
2. Remuneration and Nomination Committee
3. Risk Oversight Committee
4. Integrated Governance Committee

The Board of Commissioners periodically (annually) evaluates the effectiveness of the committee's performance under the Board of Commissioners. Overall, based on the work programs outlined in the Work Plans of each Committee in 2023, the Board of Commissioners concludes that the four Committees have effectively executed their mandates. Furthermore, the Board of Commissioners has accepted and incorporated each committee's recommendation in the decision-making process on proposals put forth by the Board of Directors. Regarding communication, the four Committees have established effective and robust channels of communication throughout 2023 in order to discuss on matters pertaining to Bank Mandiri and the advancement of subsequent settlements initiated by the Board of Directors.

Audit Committee

In 2023, the Audit Committee has provided the Board of Commissioners with effective support in carrying out its oversight duties, which encompass internal and external audit functions, corporate governance implementation, and adherence to prevailing laws and regulations. The Audit Committee has held 28 meetings while carrying out its functions.

The details information on the Audit Committee activities is presented in the sub-chapter of Audit Committee in the Corporate Governance Chapter of this Annual Report.

Remuneration and Nomination Committee

Through 12 meetings in 2023, the Remuneration and Nomination Committee has provided the Board of Commissioners with recommendations/proposals for candidates who meet the requirements as Members of the Board of Commissioners and Directors of the Bank for submission to the GMS. The Committee obtained the proposal through a series of processes, included the

preparation of nomination process policies, criteria, and qualifications for prospective members of the Board of Commissioners and Directors in line with the Company's strategic plan. Apart from identifying qualified candidates for the Board of Commissioners, the Remuneration and Nomination Committee assists the Board of Commissioners in obtaining and analyzing data on prospective Board of Directors candidates from the talent pool of executives one level below the Board of Directors.

In addition to the nomination system, the Remuneration and Nomination Committee has also assisted the Board of Commissioners in proposing an appropriate remuneration system for the Board of Directors and Board of Commissioners of the Bank in the form of a payroll/honorarium system, facilities/benefits, and *tantiem* for 2023.

The details information on the Remuneration and Nomination Committee activities is presented in the sub-chapter of Remuneration and Nomination Committee in the Corporate Governance Chapter of this Annual Report.

Risk Oversight Committee

In 2023, The Risk Oversight Committee has provided input to the Board of Commissioners regarding the evaluation of risk management conducted by the Board of Directors. The Risk Oversight Committee held 25 meetings.

The details information on the Risk Oversight Committee activities is presented in the sub-chapter of Risk Oversight Committee in the Corporate Governance Chapter of this Annual Report.

Integrated Governance Committee

In 2023, the Integrated Governance Committee has convened 6 (six) meetings. The meeting results, include reviews, analysis as well as recommendations and agreed decisions, have been stated in the meeting minutes and well documented.

The details information on the Integrated Governance Committee activities is presented in the sub-chapter of Integrated Governance Committee in the Corporate Governance Chapter of this Annual Report.

ORGAN AND COMMITTEES UNDER THE BOARD OF COMMISSIONERS

In its supervisory functions, the Board of Commissioners is assisted by the Secretary to the Board of Commissioners and Committees. The Committees under the Board of Commissioners consist of the Audit Committee, Risk Oversight Committee, Remuneration and Nomination Committee, Risk Oversight Committee and other committees if required by taking into account the company's capabilities.

SECRETARY TO THE BOARD OF COMMISSIONERS

The Bank's Board of Commissioners has a Secretary to the Board of Commissioners appointed from external party, who is appointed and terminated by and responsible to the Board of Commissioners.

Secretary to the Board of Commissioners of Bank Mandiri has the duty to carry out the secretarial duties of the Board of Commissioners. Based on SOE Minister Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State-Owned Enterprises, the Board of Commissioners shall establish a Board of Commissioners Secretariat led by the Secretary to the Board of Commissioners whose duty is to assist in the efficient execution of administrative activities in the implementation of duties and responsibilities of the Board of Commissioners.

Duties and Responsibilities

Based on the Decree of the Board of Commissioners No. KEP. KOM/008/2023 concerning the Board of Commissioners Charter, the Secretary to the Board of Commissioners has the following duties and responsibilities:

1. Prepare meetings, including briefing sheets for the Board of Commissioners;
2. Develop minutes of meetings of the Board of Commissioners in line with the Articles of Association;
3. Administer the Board of Commissioners' documents, both incoming letters, outgoing letters, minutes of meetings and other documents;
4. Prepare the draft work plan and budget for the Board of Commissioners;
5. Prepare draft reports of the Board of Commissioners; and
6. Carry out other duties of the Board of Commissioners.

In addition to carrying out the duties as referred to above, the secretary to the Board of Commissioners as the head of the Secretariat of the Board of Commissioners carries out other duties, such as:

1. Ensure that the Board of Commissioners complies with laws and regulations and applies the principles of good corporate governance;
2. Provide information required by the Board of Commissioners periodically and/or at any time if requested;
3. Coordinate committee members, if necessary, in order to expedite the duties of the Board of Commissioners; and
4. As a liaison officer of the Board of Commissioners with other parties.

Audit Committee Charter

In carrying out its duties, the Audit Committee is guided by the Audit Committee Charter, which was last updated on 12 October 2023 based on the Decree of the Board of Commissioners No. KEP.KOM/005/2023 concerning the Audit Committee Charter and the Audit Committee Code of Conduct of PT Bank Mandiri (Persero) Tbk.

The Audit Committee Charter includes:

1. General Purpose
2. Basic Regulations
3. Duties, Responsibilities and Authority
4. Composition, Structure, Membership Requirements and Tenure
5. Meetings
6. Reports and Recommendations
7. Handling of Complaints/Reporting Regarding Alleged Violations on Financial Reporting
8. Closing

Duties and Responsibilities of the Audit Committee

Duties and responsibilities of the Audit Committee are regulated in the Audit Committee Charter as follows:

1. Financial Statements

a. Monitoring and reviewing:

- i) Credibility and objectivity of the Company's financial statements and information to be issued to external parties and regulatory institutions, including follow-up of complaints and/or notes of impropriety against the reports during the Audit Committee review period.
- ii) Audit Reports related to the Company's Financial Statements.
- iii) The Company's Work Plan and Budget as well as the Company's Long-Term Plan.
- iv) Complaints relating to the accounting and financial reporting process of the Company.
- v) The financial reporting process audited by the External Auditor.

b. Ensure of a satisfactory evaluation procedure for all information released by the Company.

c. Conducting periodic meetings with relevant work units and Auditors (Internal and External) to request additional information and clarification in accounting and finance.

AUDIT COMMITTEE

- d. Monitoring and evaluating the appropriateness of the implementation of financial policies of the Company and Financial Services Institutions (FSIs) within the Financial Conglomeration.
 - e. Provide recommendations to the Board of Commissioners on matters that support the effectiveness and accuracy of the financial reporting process of the Company and FSIs within the Financial Conglomeration.
2. Internal Control
- a. Internal Control Process and System
 - i) Monitoring and reviewing:
 - » The Company's standardized internal control system in accordance with applicable best practices.
 - » Audit reports of the Internal Audit Unit and External Auditors that audit the Company to ensure that internal control has been properly implemented.
 - » Implementation of the Board of Directors' follow-up on the findings of the Internal Audit Unit, public accountants and the results of regulatory supervision.
 - » The adequacy of internal control in the Financial Services Institutions within the Financial Conglomerate.
 - b. Internal Audit
 - i) To monitor, review and assess:
 - » Audit Plan, Scope and Budget of the Internal Audit Unit.
 - » Implementation of internal audit activities and results as well as the effectiveness of internal audit implementation.
 - » Performance of the Internal Audit Unit.
 - » Audit Result Reports, particularly significant findings and ensuring the Board of Directors takes the necessary corrective actions quickly to address control weaknesses, fraud, compliance issues with policies, laws and regulations, or other issues identified and reported by the Internal Audit Unit.
 - » Suitability of the implementation of the Internal Audit policies of the Company and FSIs in the Financial Conglomeration.
 - » Implementation of other Internal Audit Unit functions in accordance with the provisions of laws and regulations, articles of association, and/or decisions of the GMS/Minister of SOEs.
 - ii) Ensure that the Internal Audit Unit works objectively, independently, and upholds integrity in carrying out its duties.
- iii) Request assistance from the Internal Audit Unit to conduct special audits/investigations if there are audit findings and/or information relating to violations of prevailing laws and regulations and provide input deemed necessary in the implementation of the audit.
 - iv) Ensure that the Internal Audit Unit communicates with the Board of Directors, Board of Commissioners, External Auditors, and Regulators.
 - v) Provide recommendations to the Board of Commissioners regarding:
 - » Appointment and dismissal of the Head of the Company's Internal Audit Unit proposed by the Board of Directors.
 - » Audit Plan, Scope, and Budget of the Internal Audit Unit.
 - » Provision of annual remuneration for the Internal Audit Unit as a whole and as a performance awards.
 - » Corrective actions to address control weaknesses, fraud, compliance issues with policies and laws and regulations or other issues identified and reported by the Internal Audit Unit.
 - » Improvement of the management control system and its implementation.
 - vi) Conduct communication/meetings with the Internal Audit Unit (periodically or as needed) to discuss matters including the following:
 - » Realization of the Annual Audit Plan and Budget of the Internal Audit Unit.
 - » Significant audit findings and no further Internal Audit recommendations.
 - » Other matters that require clarification or explanation.
- c. External Audit
- i) Monitoring, reviewing, and assessing the effectiveness of audit implementation by AP and/or KAP.
 - ii) Ensure the objectivity and independence of AP, KAP, and KAP insiders.
 - iii) Provide recommendations on:
 - » Appointment of Public Accountant (AP) and Public Accounting Firm (KAP) that will audit the Company's financial statements to the Board of Commissioners to be submitted to the General Meeting of Shareholders (GMS). In preparing the recommendation, the Audit Committee may consider:

AUDIT COMMITTEE

- » Independence of AP, KAP, and KAP human resources;
 - » Audit scope;
 - » Audit service fees;
 - » Expertise and experience of AP, KAP, and Audit Team from KAP;
 - » Audit methodologies, techniques, and tools used by KAP;
 - » the benefits of new perspectives that will be obtained through the replacement of AP, KAP, and Audit Team from KAP;
 - » Potential risks of using audit services by the same KAP consecutively for a long period of time; and
 - » The result of evaluation on the implementation of audit services on annual historical financial information by AP and KAP in the previous period, if any.
- In the event that the AP and/or KAP that has been decided by the GMS cannot complete the audit services on annual historical financial information during the professional assignment period, the appointment of a replacement of AP and/or KAP shall be carried out by the Board of Commissioners after obtaining approval from the GMS by taking into account the recommendations of the Audit Committee.
- » Termination of AP and KAP.
- iv) Review and ensure that:
- » Bank Mandiri has a standardized procedure and is in accordance with the prevailing rules/regulations in the implementation of KAP selection.
 - » The process of KAP selection is in accordance with standardized procedures.
- v) The Audit Committee evaluated the implementation of audit services on annual historical financial information by AP and/or KAP. The evaluation is conducted through:
- » Compliance of audit implementation by AP and/or KAP with applicable audit standards.
 - » Adequacy of field work time.
 - » Assessment of the scope of services provided and the adequacy of the audit.
 - » Recommendations for improvement provided by the AP and/or KAP.
- vi) Communicating periodically with KAP who is auditing Bank Mandiri to discuss matters that need to be communicated, including the following:
- » Progress of inspection implementation.
 - » Important findings.
 - » Changes in accounting and financial regulations/rules from authorized institutions.
 - » Adjustments made based on the examination results.
 - » Constraints/obstacles encountered in the implementation of the audit.
- vii) Reviewing and monitoring:
- » All significant findings from the examination results of the External Auditor and other auditing institutions.
 - » The auditee's follow-up to the results of the audit conducted by the external auditor.
- viii) Providing an independent opinion in the event of a difference of opinion between the Board of Directors and the AP and/or KAP on the services provided.
- ix) Specifically for the procurement of non-audit services that will invite KAP who is auditing the Company's financial statements in the current year and its affiliates, and based on Management's review there is no conflict of interest, Management must submit a proposal for approval to the Audit Committee regarding the partners invited to the procurement of consulting services.
- ### 3. Compliance
- Monitoring and reviewing:
- a. The Company's compliance with laws and regulations, both internal and external, relating to the Company's business activities.
 - b. Audit reports related to the Company's compliance with internal and external regulations issued by the Internal and External Audit Unit.
 - c. Suitability of audit implementation by the Public Accounting Firm with applicable audit standards.
 - d. Conformity of financial statements with applicable accounting standards.
 - e. Potential conflict of interest of the Company.

AUDIT COMMITTEE

4. Conducting periodic meetings with relevant work units to discuss matters within the scope of its supervision.
5. Prepare the Audit Committee Charter and review it as needed at least every 2 (two) years.

Audit Committee Authority

The Audit Committee has the authority to:

1. Communicate directly with employees, including the Board of Directors, parties that implement the internal audit function, risk management, and other parties at the Public Accountant Firm that audits the Company for information, clarification and requests for documents and reports needed.
2. Access all relevant information about the Company related to the implementation of its duties and functions, including records or information about employees, funds, assets, and other resources belonging to the Company.
3. Obtaining reports on the audit results of the Internal Auditor and External Auditor, as well as other supervisory/auditors.
4. Assign the Internal Auditor and/or External Auditor to conduct a special audit/investigation, if there is a strong suspicion of fraud, violation of law and violation of prevailing laws and regulations.
5. Obtain input and/or advice from external of the Company relating to its duties.
6. Involve independent parties from external of the Committee members as necessary to assist in the performance of its duties (if required).
7. Perform other authorities granted by the Board of Commissioners.

Audit Committee Tenure

The tenure of members of the Audit Committee as members of the Board of Commissioners must not be longer than the tenure of the Board of Commissioners as stipulated in the Articles of Association and can be re-elected for the next 1 (one) period. Whereas the tenure of the Audit Committee members from Non-Commissioner Independent Parties is the latest 3 (three) years and can be extended 1 (one) time during 2 (two) years of tenure by not eliminating the rights of the Board of Commissioners to terminate at any time.

Audit Committee Reporting

The Audit Committee is required to prepare periodic reports to the Board of Commissioners regarding the activities of the Audit Committee, at least once in 3 (three) months. The Audit Committee is also required to submit a report to the Board of Commissioners on each assignment and or for each identified problem requiring the attention of the Board of Commissioners.

The Audit Committee also prepares audit evaluation results on the annual historical financial information by the External Auditors at the latest 6 (six) month after the fiscal year ends or at any time if necessary.

Audit Committee Qualifications and Professional Background

The Audit Committee membership requirements are as follows:

1. General Requirements
 - a. Having integrity, character and good morals.

Forensic (08 June 2023), Mandiri University (25 July 2023), and Region I-Area Batam (21-22 August 2023).
8. Prepared the Audit Committee Work Plan 2024.
9. All Committee members had participated in at least 1 (one) time competency development activities related to Banking/Audit.

Audit Committee Work Plan 2024

At the end of 2023, the Audit Committee has prepared a work plan 2024 and has obtained the approval from the Board of Commissioners. The Audit Committee work plan 2023 is divided into 2 (two) activities, which are: Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Financial Statements, Public Accountant (AP) and Public Accounting Firm (KAP), Compliance, Internal Audit, Corporate Work Plan & Budget (RKAP) and Bank Business Plan (RBB), as well as other Internal Audit Committee activities.
2. Non-Regular, which includes the concern and focus of the Audit Committee on certain issues, particularly business and credit, IT and operations, and GRC.

Statement of the Audit Committee on the Effectiveness of Internal Control System and Risk Management

The internal control system performed by Bank Mandiri was considered effective and adequate, reflected in the effectiveness of the implementation of internal control functions, among others internal audit function, risk management, compliance, financial and operational controls.

REMUNERATION AND NOMINATION COMMITTEE

The establishment of the Remuneration and Nomination Committee aimed at assisting the Board of Commissioners in its oversight functions and ensure the objective, efficient, and effective execution of the nomination and remuneration determination processes for strategic management positions. As an implementation of GCG, OJK regulations mandate that banks form a Remuneration and Nomination Committee to ensure compliance of management with the principles of transparency, accountability, responsibility, independence, and fairness

Legal Reference

The establishment of the Remuneration and Nomination Committee refers to:

	- Employment	Provided as per the Bank's Internal rules
	- Business Trips	In accordance with Bank Mandiri employee stipulation/equivalent to Group Head

Remuneration and Nomination Committee Activities in 2023

In 2023, referring to the duties and functions of the Remuneration and Nomination Committee stated in Bank Mandiri Remuneration and Nomination Committee Charter, the Remuneration and Nomination Committee has provided recommendations/proposals for candidates who qualify as Members of the Board of Commissioners and Directors of the Bank to the Board of Commissioners for submission to the GMS. The proposal was obtained through a series of processes carried out by the Remuneration and Nomination Committee including the preparation of policies, criteria, and qualifications needed in the nomination process for prospective members of the Board of Commissioners and Directors in line with the Company's strategic plan. The Remuneration and Nomination Committee also assists the Board of Commissioners in obtaining and analyzing data on prospective candidates for the Board of Directors from the talent pool of executives one level below the Board of Directors and identifying qualified candidates for the Board of Commissioners.

REMUNERATION AND NOMINATION COMMITTEE

In addition to the nomination system, the Remuneration and Nomination Committee has also assisted the Board of Commissioners in proposing a suitable remuneration system for the Board of Directors and Board of Commissioners of Bank Mandiri in the form of a payroll/honorarium, facilities/benefits, and tantien system for 2023.

2024 Work Plans of the Remuneration and Nomination Committee

At the end of 2023, the Remuneration and Nomination Committee has prepared a 2024 work plan and has obtained approval from the Board of Commissioners. The work plan of the Remuneration and Nomination Committee in 2024 is divided into several activities, namely activities related to the functions of Nomination, Remuneration, discussion of certain issues and internal activities of the Remuneration and Nomination Committee. The work plan is one of the KPIs that is the basis for assessing the effectiveness of the Remuneration and Nomination Committee's performance during 2024.

BOARD OF DIRECTORS SUCCESSION POLICY

The Board of Directors succession policy of Bank Mandiri refers to the Minister of SOE Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises. One of the duties of the Remuneration and Nomination Committee is to form a nomination system for members of the Board of Commissioners and/or Directors of the Company that will be part of the Good Corporate Governance Policy of the Company and become a guideline for the Board of Commissioners and the GMS in determining the remuneration and nomination of the Board of Commissioners and/or Directors.

Basic Principles

Requirements for Board of Directors and Board of Commissioners.

1. Candidates for Directors and Commissioners must meet the requirements determined in the Company's Articles of Association and the applicable laws and regulations.
2. Candidacy and Candidate Proposal for Board of Directors and Board of Commissioners.
3. Candidates for Directors and Commissioners are proposed through a selection by taking into account the set requirements.

Succession Management

In accordance with SOE Minister Regulation No. PER-3/MBU/03/2023 Article 30, the basis for Succession Management of Directors of State-Owned Enterprises, is as follows:

1. Succession management is the process of selecting SOE Directors from the Talent Pool of the Ministry of SOEs or other sources determined by the Minister.
2. Succession management is carried out by the Ministry of SOEs through the Fit and Proper Test mechanism by the Succession Committee and/or considering the results of Assessments from Professional Institutions.

Procedures

In the Nomination function, the Bank Mandiri Remuneration and Nomination Committee performs the following procedures:

1. Develop the composition and process of nominating the Directors and/or Commissioners.
2. Formulate policies and criteria of nominating process of candidates of Directors and/or Commissioners.
3. Identify candidates who meet the criteria.
4. Assist the performance assessment of the Board of Directors and/or Board of Commissioners.
5. Develop capacity building programs for the Directors and/or Commissioners.
6. Review and propose candidates that fulfils the requirements as Commissioners and/or prospective Directors to the Board of Commissioners for submission to the GMS.
7. The selection process is carried out prior to the tenure ends or is requested by the Board of Commissioners, or if there is a vacancy.

REMUNERATION AND NOMINATION COMMITTEE

Requirements and Criteria

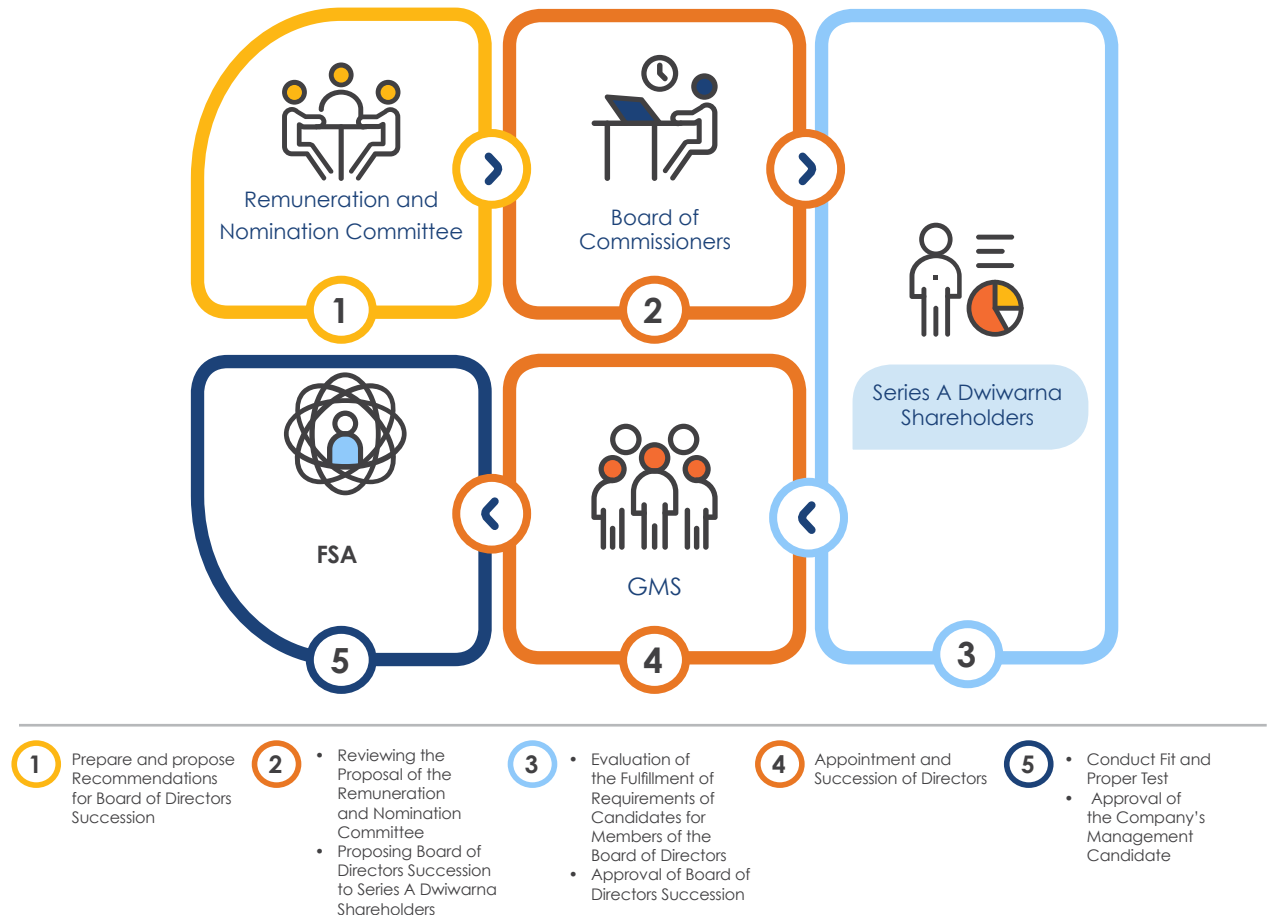

The requirements and criteria for candidates of Board of Directors and/or Commissioners are in accordance with the Company's Articles of Association and other applicable provisions, which are as follows:

1. The person eligible as a member of the Board of Directors and/or Commissioners is an individual with legal capacity and has never been declared bankrupt or convicted which cause bankruptcy of a company, or an individual who has never been sentenced for criminal offense which harm the State treasury within 5 (five) years prior to his/her appointment, one or the other by taking into account the prevailing laws and regulations.
2. Does not have family relations to third degree, both horizontally or vertically nor by marriage (in laws) with other Directors or Commissioners.
3. Does not listed in the banking blacklist as determined by bank supervisory authorities.
4. Has good integrity, in the sense of:
 - a. Having good character and morals.
 - b. Complying with prevailing laws and regulations.
 - c. Having high commitment to the development of sound bank operations.
 - d. Deemed fit and proper to be a member of Board of Directors and/or Commissioners.
5. Integrity assessment is conducted by evaluating the candidates in the sense that they have never done any of the following:
 - a. Banking manipulation and practices that deviate from banking regulations.
 - b. Actions categorized as non-fulfilment of commitments to Bank Indonesia or Government.
 - c. Actions categorized as beneficial to Owner, Management, Employees, and or other parties that may detrimental or reduce bank's profit.
 - d. Actions categorized as violation of the provisions related to banking prudential principles.
 - e. Actions by Management and Executives categorized as not independent.

 - a. Having leadership skill supported by knowledge in economics, accounting and law.
 - b. For the Board of Commissioners, require having experience in banking or other financial institution supervisory.
 - c. For the Board of Directors, require having at least 3 (three) years' experience as Senior Management in banking or other financial institutions.

The candidates of Directors may be proposed from the Board of Commissioners following the assessment and if deemed eligible can be proposed to the SOE Minister. The candidates that will be nominated as Directors shall meet formal and other requirements set by PER- 03/MBU/02/2015 and OJK Regulation No. 33/POJK.04/2014 regarding the Board of Directors and Board of Commissioners of Issuers or Public Companies and has passed the Fit and Proper Test carried out by the OJK.

REMUNERATION AND NOMINATION COMMITTEE

Since 2021, Bank Mandiri has sent a list of top talent employees at the BoD-1 level to the Ministry of SOEs. Furthermore, the Ministry of SOEs will evaluate the list of top talents and assign one of the institutions organizing the talent assessment of the Directors of the Ministry of SOEs. The candidates that obtain recommendations from the Assessor Service Company will be reported by the Remuneration and Nomination Committee to the Board of Commissioners as the candidates for submission to the GMS.

RISK OVERSIGHT COMMITTEE

Bank Mandiri Board of Commissioners established the Risk Oversight Committee to assist in carrying out its duties and responsibilities regarding oversight and advisory to the Board of Directors, by ensuring that the risk management procedures and methodologies continue to be adequate. This ensures that the Bank's business activities remain within acceptable limits and continue to be advantageous to the Bank

Legal Basis of Establishment

The establishment of the Committee is guided by and refers to the prevailing laws and regulations as well as banking best practices in Indonesia, such as:

1. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises;

Risk Oversight Committee Authority

The Risk Oversight Committee has the authority to:

1. Communicate with the Head of Work Unit and other parties in the Company to obtain information, clarification and request needed documents and reports.
2. Access records or information about employees, funds, assets and other company resources related to the implementation of their duties.
3. Obtain a Risk Profile Report, Bank Soundness Report, and other reports related to the application of risk management, both individually and Consolidated with Subsidiaries.
4. Obtain input and or suggestions from outside parties of the Company relating to their duties.
5. Perform other authorities granted by the Board of Commissioners.

Risk Oversight Committee Tenure

The tenure of members of the Risk Oversight Committee shall not be longer than the term of office of the Board of Commissioners as stipulated in the Articles of Association and may be re-elected for the next 1 (one) period. The term of service of members of the Risk Oversight Committee originating from Non-Commissioners Independent Parties is a maximum of 3 (three) years and can be reappointed

for a maximum of 2 (two) years, without prejudice to the right of the Board of Commissioners to dismiss them at any time.

If a member of the Board of Commissioners who is the Chairman of the Risk Oversight Committee resigns prior to his term of service as Commissioner of the Company, the Chairman of the Risk Oversight Committee is replaced by another Independent Commissioner. If the term of service as the Board of Commissioners ends, then the term of service as a member of the Risk Oversight Committee also ends.

Risk Oversight Committee members from Non-Commissioners Independent Parties are given a monthly honorarium, the amount of which is determined by the Board of Commissioners while still referring to the prevailing laws and regulations and taking into account the Company's capabilities.

Education Qualification and Work Experience of Risk Oversight Committee

Requirements for members of the Risk Oversight Committee are as follows:

1. General Requirements
 - a. Having integrity, character and good morals.
 - b. Does not have personal interests/relationships that can cause conflict of interest against the Company.

RISK OVERSIGHT COMMITTEE

Key Performance Indicators Achievement of Risk Oversight Committee

The achievement of Key Performance Indicators (KPI) of the Risk Oversight Committee during 2023 is evident from the realization of the work plan, the quality of the recommendations that have been prepared, and the quality of communication that has been carried out both with the Board of Commissioners, Board of Directors, and Leaders of related Work Units.

In general, all work programs of the Committee as stated in the 2023 Risk Oversight Committee Work Plan have been properly realized. In addition, all recommendations of the Risk Oversight Committee have been accepted by the Board of Commissioners and taken into consideration in the decision-making process on proposals submitted by the Board of Directors. On communication aspect, good and intensive communication has been established during 2023 to discuss issues at Bank Mandiri and the progress of follow-up settlements carried out by the Board of Directors.

Risk Oversight Committee Remuneration

The remuneration of the Risk Oversight Committee of Independent Non-Commissioners is regulated in the Decree of the Board of Commissioners No. KEP.KOM/003/2023 dated 13 September 2023 concerning Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk and regulated in the Letter of Assignment as a member of the Committee under the Board of Commissioners issued by Bank Mandiri.

5.	Facilities	
	- Transportation Allowance	Not provided
	- Health	Provided as per the Bank's Internal rules
	- Employment	Provided as per the Bank's Internal rules
	- Business Trips	In accordance with Bank Mandiri employee stipulation/equivalent to Group Head

Activities Report of the Risk Oversight Committee in 2023

The Risk Oversight Committee has carried out its duties and functions as stipulated in the Risk Oversight Committee Charter by applying the GCG principles in accordance with prevailing regulations, and in line with the Committee 2023 work plans that has been approved by the Board of Commissioners.

The 2023 work plans of the Risk Oversight Committee are divided into 2 (two) activities, namely Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Risk Profile Report, review of Bank's Rating Report, review of Anti-Fraud Strategy Realization Report, review of Corporate Work & Budget Plans and Bank Business Plan, implementation of Compliance, management of the Bank's 8 (eight) Risks, and Internal Activities of the Risk Oversight Committee.

2. Non-Regular, which includes the concern and focus of the Risk Oversight Committee on certain issues regarding risk management, particularly related to the effectiveness of the implementation of the 3-3-1 strategy, credit, operations & IT, adequacy of SOPs, and the quality of performance of the Company's Subsidiaries.

The following were activities of the Risk Oversight Committee in 2023:

1. Held 25 Risk Oversight Committee Meetings, including compiling and documenting Meeting Minutes.
2. Held 69 Internal Discussions, Discussions with related Work Units, as well as Joint Discussions with the Audit Committee, including compiling and documenting Minutes of Discussion.

RISK OVERSIGHT COMMITTEE

3. Reviewed more than 25 reports, including Risk Profile Report, Bank Soundness Rating Report, Debtor Report with Credit Limit of over Rp3 trillion individually, Wholesale Segment Watchlist Debtor Report, and Anti-Fraud Strategy Realization Report.
4. Reviewed more than 15 Proposals/Recommendations of the Board of Directors that require written approval from the Board of Commissioners, including Proposals for Providing Funds to Related Parties, Corporate Action, Proposed Corporate Work & Budget Plans (RKAP) and Bank Business Plans (RBB) and revisions, Proposed Sustainable Finance Action Plan (RKAB), and Proposed Recovery Plan Initiation.
5. Prepared 4 (four) quarterly reports on Committee activities and have been submitted to the Board of Commissioners.
6. Conducted 6 (six) Site Visits including the preparation of Visit Results Reports, namely to Region X-Palu (05 April 2023), Region VII-Area DI Yogyakarta (12-14 April 2023), Region X-Morowali (16 May 2023), CISO Office & Lab. Forensic (08 June 2023), Mandiri University (25 July 2023), and Region I-Area Batam (21-22 August 2023).
7. Prepared a Risk Oversight Committee Work Plan for 2024.

All members of the Committee have participated in at least 1 (one) competency development activity related to Banking / Risk Management.

Risk Oversight Committee Work Plans for 2024

At the end of 2023, the Risk Oversight Committee has prepared a 2024 work plan and has obtained approval from the Board of Commissioners. The 2024 Risk Oversight Committee work plan is divided into 2 (two) activities, namely Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Risk Profile Reports, Bank Soundness Reports, Debtor Reports with Limits above Rp3 Trillion, Wholesale Debtor Reports Watchlist Category, Stress Test Results, Anti-Fraud Strategy Realization Reports, Realization of Company Work Plans & Budgets (RKAP) and Bank Business Plans (RBB), Sustainable Finance Action Plan (RAKB), implementation of Compliance, management of 8 (eight) types of Bank Risk, and Internal Activities of the Risk Oversight Committee.
2. Non-Regular, which includes matters that are the concern and focus of the Risk Oversight Committee, including business and credit, operations & IT, and GRC.

The work plan is one of KPIs that serves as a basic of performance effectiveness assessment of the Risk Oversight Committee in 2024.

INTEGRATED GOVERNANCE COMMITTEE

The Integrated Governance Committee has the duty and responsibility to assist the Board of Commissioners in carrying out its duties and supervisory functions over the implementation of Governance in each Financial Service Institution (FSI) in the Bank Mandiri Financial Conglomeration in accordance with the Integrated Governance Guidelines and the implementation of duties and responsibilities of the Bank's Board of Directors. In addition, the Committee also functions to provide directive or advice to the Bank's Board of Directors on the implementation and evaluation of the Integrated Governance Guidelines, including to provide direction for improvement

This Committee is directly responsible to the Board of Commissioners. As such, member of the Corporate Governance Committee is appointed and dismissed by the Board of Commissioners.

Appointment Basis of Integrated Governance Committee

The establishment of the Integrated Governance Committee refers to the prevailing laws and regulations as well as banking best practices in Indonesia, as follows:

1. SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises.
2. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines of Governance and Significant Corporate Activities of State-Owned Enterprises.
3. POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies.
4. POJK No. 18/POJK.03/2014 dated November 18, 2014 concerning the Implementation of Integrated Governance for Financial Conglomerates.
5. POJK No. 45/POJK.03/2020 concerning Financial Conglomerates.
6. POJK No. 17/2023 on the Governance Implementation for Commercial Banks.
7. Bank Mandiri Articles of Association and amendments.

8. Decree of the Board of Commissioners No. KEP. KOM/002/2023 dated 25 August 2023 concerning the Composition of Audit Committee Membership, Risk Oversight Committee, Integrated Governance Committee and Remuneration and Nomination Committee of PT Bank Mandiri (Persero) Tbk.
9. Board of Directors Decree No. KEP. DIR/018/2023 dated 11 April 2023 concerning Determination of Membership of the Integrated Governance Com

Structure, Membership and Profile of the Integrated Governance Committee

The Integrated Corporate Governance Committee membership consists of at least:

1. An Independent Commissioner who acts as President Commissioner of the Company and serves as Chairman of one of the committees in the Company, as chairman and concurrently member.
2. Independent Commissioner representing and appointed from Financial Services Authority in the Financial Conglomeration, as a member.
3. At least one Non-Commissioner Independent Party, as a member.
4. Member of the Sharia Supervisory Board of Bank Syariah Indonesia, as a member of the Independent Commissioner.
5. Membership in the Integrated Governance Committee representing and appointed from the Financial Conglomeration in accordance with the needs of the Financial Conglomeration.

INTEGRATED GOVERNANCE COMMITTEE

6. Other committee members who are not members of the Board of Commissioners, are not members of the Integrated Governance Committee, but may be assigned to assist the duties of the Integrated Governance Committee.
 7. Membership of Independent Commissioners, Non-Commissioners of Independent Parties, and members of the Sharia Supervisory Board in the Integrated Governance Committee of the Financial Conglomeration is not counted as concurrent positions.
 8. The number and composition of members of the Integrated Governance Committee are adjusted to the needs of the Financial Conglomeration, as well as the efficiency and effectiveness of the implementation of the duties of the Integrated Governance Committee by taking into account at least the representation of each financial services sector.
- As of 31 December 2023, the composition of the Integrated Governance Committee's membership appointed based on the Decree of the Board of Directors No. KEP.

INTEGRATED GOVERNANCE COMMITTEE

Activities Report of the Integrated Governance Committee in 2023

The Integrated Governance Committee has undertaken its duties and functions as stipulated in the Committee Charter by continuously implementing independence principles according to prevailing regulations and in line with the 2023 work plans of the Committee that have been approved by the Board of Commissioners.

The following are the activities of the Committee in 2023:

1. Held 6 (six) meetings, including to develop Meeting Minutes.
2. Held 9 (nine) internal discussions and discussions with related Units.
3. Evaluated the adequacy of the implementation of integrated internal control, integrated compliance, and integrated risk management, as well as providing recommendations of future improvements.

2024 Work Plans of the Integrated Governance Committee

At the end of 2023, the Integrated Governance Committee has prepared the 2024 work plans and has obtained the approval of the Board of Commissioners. The Committee 2024 work plans are divided into 2 (two) activities, which are Mandatory/Regular and Non-Regular, as follows:

1. Regular, which includes the review of Duties Implementation Reports of Integrated Governance Committee Unit, Integrated Risk Management Unit, and Integrated Internal Audit Unit.
2. Non-Regular, which includes matters of concern and focus of the Integrated Governance Committee as well as the Board of Commissioners related to Mandiri Group.

REPLACEMENT PROCEDURES OF COMMITTEES UNDER THE BOARD OF COMMISSIONERS

The following chart illustrates the procedures for replacing Committee members under the Board of Commissioners from Independent Parties.

DIVERSITY OF THE BOARD OF COMMISSIONERS AND DIRECTORS

The diversity policy of the Company's Board of Commissioners and Board of Directors is based on different age, educational background and experience required in performing their duties and responsibilities.

Policies on Diversity of the Board of Commissioners

The Bank Mandiri's Articles of Association regulated the diversity of the Board of Commissioners in accordance with the Attachment to SEOJK No. 32/SEOJK.04/2015 on Public Companies' Governance Guideline and SEOJK No. 13/SEOJK.03/2017 concerning Implementation of Governance for Commercial Banks.

The appointment of the Board of Commissioners is carried out by taking into account the age, gender, education, experience, integrity, dedication, comprehension of the company's management issues, having knowledge and/or expertise in the required areas of Bank Mandiri and being able to provide sufficient time to carry out duties and other requirements based on the laws and regulations. Currently the Board of Commissioners had met the criteria of age, gender, education, experience, integrity, dedication, comprehension of company management issues, as well as having knowledge and/or expertise in the areas required by Bank Mandiri.

In 2023, the diversity of the composition of the Board of Commissioners reflected in education, work experience, age and gender, as seen in the table below:

Diversity of the Board of Commissioners Composition

DIVERSITY OF THE BOARD

Board of Directors Diversity Policy

The Financial Services Authority recommendation as stated in the Attachment of SEOJK No. 32/SEOJK.04/2015 concerning Public Companies' Governance Guidelines and SEOJK No. 13/SEOJK.03/2017 concerning Implementation of Governance for Commercial Banks stated that the composition of the Board of Directors shall take into account the diversity of its members. The diversity of the Board of Directors' members is combination of desired characteristics from the Board of Directors organs as well as members as individuals, in accordance with the requirements of Public Companies. The combination of diversity is established by taking into account the expertise, knowledge and experience according to the segregation of duties and functions of the Board of Directors position in pursuing the objectives of the Public Companies.

The characteristic combination considerations shall take effect in the accuracy of nominating and appointment process of an individual member or collectively. The diversity of the Board of Directors' members as specified in the Attachment of SEOJK No. 32/SEOJK.04/2015 concerning Public Companies' Governance Guidelines and SEOJK No. 13/SEOJK.03/2017 concerning Implementation of Governance for Commercial Banks has been accommodated in the Company's Article of Association. The appointment of the Board of Directors is carried out by considering the integrity, dedication, understanding on the Company management issue related to one of the management functions, having knowledge and/or skill in the areas required by the Company and being able to provide sufficient time to carry out duties as well as other requirements in accordance the prevailing laws and regulations.

However, the diversity policy only regulates in terms of knowledge and/or skills in accordance with the scope of the Board of Directors. Bank Mandiri has not established the diversity policy related to age and gender as the nomination is prioritizing the Company requirements.

In 2023, the diversity of the composition of the Board of Directors reflected in education, work experience, age and gender, as seen in the table below:

Board of Directors Composition Diversity

GOVERNANCE IN PROVIDING REMUNERATIONS

Bank Mandiri has implemented a remuneration governance policy based on OJK Regulation No. 45/POJK.03/2015 concerning Implementation of Governance in the Provision of Remuneration for Commercial Banks. The remuneration is a reward stipulated and provided to the Board of Commissioners, Directors and/or Employees, permanent and non-permanent, in the form of cash and non-cash in accordance with their duties, authority and responsibilities. The implementation of governance in the provision of remuneration aims to encourage prudent risk taking to maintain the Bank's business sustainability.

Remuneration Policy for the Board of Commissioners and the Board of Directors

In providing remuneration for the Board of Commissioners and Directors, Bank Mandiri upholds the principle of prudential as well as refers to the prevailing regulations of law. Currently, the Company has implemented a good governance in terms of remuneration provision to the Board of Commissioners. This manner aims to promote prudent risk-taking to maintain the Company's sustainability.

Bank Mandiri is committed to implement governance in providing remuneration by formulating policies that have been authorized under the Joint Decree of the Board of Commissioners and Board of Directors on Remuneration Policy of PT Bank Mandiri (Persero) Tbk dated 20 March 2018. The determination of remuneration for the Board of Commissioners refers to:

1. SOE Minister Regulation No. PER-04/MBU/2014 regarding Guidelines for Determining the Remuneration of Directors, Board of Commissioners, and Supervisory Board of State-Owned Enterprises as amended by the SOE Minister Regulation No. PER-13/MBU/09/2021

dated 24 September 2021, and lastly amended by the SOE Minister Regulation No. PER-3/MBU/03/2023 concerning the Organization and Human Resources of State-Owned Enterprises.

2. SOE Minister Regulation No. PER-01/MBU/2011 regarding the Implementation of Good Corporate Governance in State-Owned Enterprises as amended by the SOE Minister Regulation No. PER-09/MBU/2012 concerning Amendments to the SOE Minister Regulation No. PER-01/MBU/2011 regarding the Implementation of Good Corporate Governance in State-Owned Enterprises, and lastly amended by the SOE Minister Regulation No. PER-2/MBU/03/2023 concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises.
3. POJK 17 of 2023 concerning the Implementation of Governance for Commercial Banks
4. OJK Regulation No.45/ POJK.03/2015 on the Implementation of Governance in Providing Remuneration for Commercial Banks.

GOVERNANCE IN PROVIDING REMUNERATIONS

5. The Company's Articles of Association

Pursuant to POJK No. 45/POJK.03/2015 on the Implementation of Governance in Providing Remuneration for Commercial Banks, Bank Mandiri has performed Governance in Providing Remuneration that has taken into account various aspects, including the bank financial stability, the creation of risk management, short-term and long-term liquidity requirements, and potential future revenue.

The Bank may carry out malus and clawback of variable remuneration for the Bank executives who are under the category of Material Risk Taker (MRT), with the following stipulations:

1. The Company will have malus and or clawback in specific circumstances in applying variable remuneration, by taking into account some factors as follows:
 - a. The financial or non-financial loss of the Company.
 - b. The direct or indirect involvement of the concerned executives in the loss.
2. Variable remuneration must be deferred amounting a percentage specified by the Company.
3. This policy applies for MRT executives under the following criteria:
 - a. Causing financial or non-financial loss to the Company.

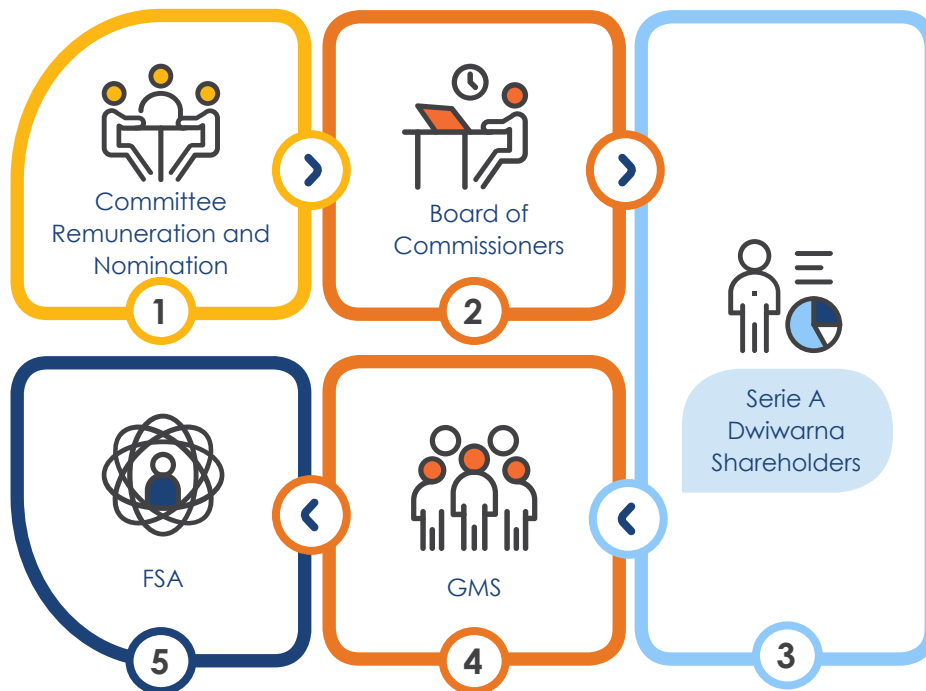

- b. Conducting frauds, breaking the law, behaving in an unethical manner, and/or falsifying records.
 - c. Intentionally violating the bank's policy, rules, and procedures.
 - d. Inducing significant negative impacts towards bank capital not caused by economic or industrial climate change.
4. In implementing remuneration for MRT executives, Bank Mandiri acts under the provisions from Financial Service Authority, Regulations of the Ministry of SOEs, and the Company's remuneration policy.

Remuneration and Nomination Committee

The Board of Commissioners has established the Remuneration and Nomination Committee that aims to assist in areas related to the remuneration and nomination of members of the Board of Directors and the Board of Commissioners. One of the duties of the Remuneration and Nomination Committee is to create a remuneration system for the Board of Commissioners and Directors which will become part of the corporate governance policy guidelines and will serve as the basis for the Board of Commissioners and the GMS in determining the remuneration for members of the Board of Commissioners and/or members of the Board of Directors.

The elaboration on the Remuneration and Nomination Committee is presented in the Remuneration and Nomination Committee section of the Corporate Governance Chapter in this Annual Report.

GOVERNANCE IN PROVIDING REMUNERATIONS

- 1** Prepare and propose Recommendations for Board of Directors Succession
- 2**
 - Review the proposal of the Remuneration and Nomination Committee
 - Propose Board of Directors Succession to Series A Dwiwarna Shareholders
- 3**
 - Evaluation of the Fulfillment of Requirements of Candidates for Members of the Board of Directors
 - Approval of Board of Directors Succession
- 4** Appointment and Succession of Directors
- 5**
 - Conduct Fit and Proper Test
 - Approval of the Company's Management Candidate

The determination of remuneration for the Board of Commissioners and Directors is carried out with the following procedures:

1. The Remuneration and Nomination Committee holds a review on remuneration for the Board of Commissioners and Directors.
2. The Committee coordinates with Human Capital Director and Executives as well as related unit to develop the remuneration proposal.
3. The Committee coordinates with the Risk Management Unit in establishing policies on variable remuneration.
4. Based on the review, the Committee draws up recommendation on remuneration for submission to the Board of Commissioners and Directors.
5. The Board of Commissioners presents the proposal and recommendation reviewed by the Remuneration and Nomination Committee to the General Meeting of Shareholders to obtain approval.
6. The proposal and recommendation of the Board of Commissioners may be in the form of:
 - a. Approval on the element and amount of the remuneration; or

- b. Approval of authority for the Board of Commissioners to determine the element and amount of the remuneration.

Remuneration Policy Scope and Its Implementation

Pursuant to OJK Regulation No. 45/POJK.03/2015 concerning the Implementation of Governance in Providing Remuneration for Commercial Banks, Bank Mandiri has a Remuneration Policy which was approved through a Joint Decree of the Board of Commissioners and Directors dated 20 March 2018. The remuneration policy is the bank's strategy in providing rewards to employees, adapted to the Bank's ability to accommodate changes in employee demographics, management of labour costs, and in order to promote the achievement of Bank Mandiri's business goals. Bank Mandiri remuneration is structured with the aim of being able to attract, retain, motivate and increase employee engagement so that they can continuously provide optimum performance, support the vision, mission and strategy of the Bank.

GOVERNANCE IN PROVIDING REMUNERATIONS

The remuneration policy that has been established currently regulates the remuneration of the Board of Commissioners and the Board of Directors, which will then be applied to employees at certain levels who will be determined as material risk takers. The determination of the material risk taker is carried out using qualitative and quantitative approaches. In determining the remuneration for employees, Executives, Directors and Commissioners, the Remuneration and Nomination Committee has several considerations, including:

1. Benchmarking results of employee remuneration, executives, members of the Board of Directors and members of the Board of Commissioners with similar industries (peer group).
2. The size and complexity of the firm's operations.
3. Remuneration consists of standardized salaries/ honorariums and benefits, namely Annual Holiday Allowances (THR), official housing, official vehicles, health facilities and utilities and other benefits. Meanwhile, performance-based remuneration is a bonus/ incentive for employees and bonuses for the Board of Directors and the Board of Commissioners.

In general, Bank Mandiri's remuneration strategy is guided by the Manpower Law and Financial Services Authority Regulations. The total reward strategy for the long term is that the Bank has a strong competitive value against the market, namely:

1. Strive for the general position of the Bank at 75 percentiles.
2. Especially for top talent and critical jobs, it can be positioned up to 90 percentiles.

Remuneration Associated with Risks

In providing remuneration, Bank Mandiri observes the principles of prudence which aim to encourage prudent risk taking in order to maintain the continuity of Bank Mandiri's business. Bank Mandiri determines the performance measurement method and types of risk in determining the provision of variable remuneration according to the scale and complexity of Bank Mandiri's business activities. In determining the remuneration policy, Bank Mandiri takes into account the types, criteria, impacts and changes in determining the main types of risk in determining remuneration.

Performance Measurement Related to Remuneration

In providing remuneration, Bank Mandiri conducts performance measurements related to remuneration including a review of remuneration policies related to performance assessments, methods of linking individual remuneration with Bank Mandiri performance, work unit performance and individual performance and methods used by Bank Mandiri to certify performance

(key performance indicators) that has been agreed upon cannot be achieved so it is necessary to make adjustments to the remuneration as well as the amount of remuneration adjustment if this condition occurs.

The application of the remuneration strategy is also carried out by taking into account the performance of each individual employee, the performance of the work unit and the overall performance of the Bank, but still within the stipulated budget. In general, in implementing total rewards, Bank Mandiri provides salaries, annual salary adjustments, holiday allowances (THR), annual leave fees, and large leave pay for each 3 (three) year working period. Bank Mandiri also provides health facilities for employees and their family members, including inpatient care, outpatient care, childbirth, dental care, General Check Up, eyeglasses and the health program for Bank Mandiri retirees.

Remuneration Adjustment Related to Performance and Risk

Bank Mandiri provides variable remuneration, namely remuneration related to performance and risk, including bonuses, rewards/ performance incentives or other equivalent forms. Remuneration in the form of bonuses, rewards, incentives can be given in the form of cash, shares or share-based instruments issued by Bank Mandiri with special provisions for the benefit of the Board of Commissioners given in cash to avoid conflict of interest in carrying out supervision.

External Consultant Services

To find out the position of the Bank's remuneration against market conditions, every year Bank Mandiri participates in the Annual Salary Survey which is conducted by an independent and competent third party. The results of the study from the survey were used as a basis for adjusting the remuneration strategy of Bank Mandiri which would then be proposed at the Board of Directors Meeting for approval.

Process for Preparation of Remuneration Policy

Remuneration policy was one of the important factors in obtaining and/or maintaining employees, executive officers, Directors and Board of Commissioners who were competent and qualified. It was the Bank's strategy in providing rewards according to the ability of Bank Mandiri in accommodating changes in employee demographics, management of labour costs, and to encourage the achievement of Bank Mandiri's business objectives.

GOVERNANCE IN PROVIDING REMUNERATIONS

Bank Mandiri's remuneration was prepared with the aim of being able to attract, maintain, motivate, and increase the commitment of employees to continuously provide optimal performance as well as to support Bank Mandiri's vision, mission and strategy.

Bank Mandiri's considerations when preparing the remuneration policy:

1. Financial performance and reserve fulfilment as stipulated in the applicable laws and regulations.
2. Remuneration that is adapted to the industry in accordance with the Company's business activities and the scale of the company's business in the industry.
3. The duties, responsibilities and authorities of members of the Board of Directors and members of the Board of Commissioners related to the achievement of the Company's goals and performance.
4. Target or performance of each member of the Board of Directors and/or members of the Board of Commissioners in order to achieve equality between the work results and the benefits received.
5. Balance between permanent and variable benefits.
6. The Bank's Long-term goals and Strategies

Indicators/Coverage of Remuneration Policy and Its Implementation

Pursuant to OJK Regulation No. 45/POJK.03/2015 concerning the Implementation of Governance in Providing Remuneration for Commercial Banks, Bank Mandiri has in place the Remuneration Policy which was ratified through a Joint Decree of the Board of Commissioners and Directors dated 20 March 2018. Currently, the remuneration policy only regulated the remuneration for the Board of Commissioners and Board of Directors, which will further be implemented to employees at certain levels determined as material risk takers. Determination of risk taker material will be carried out by using a qualitative and quantitative approaches.

Remuneration Policy for Employees

In determining the remuneration of employees, Executives, Directors and Board of Commissioners, the Remuneration and Nomination Committee consider the following:

1. Benchmarks on remuneration of employees, executive officers, members of the Board of Directors and members of the Board of Commissioners with similar industries (peer group).
2. The size and complexity of the company's operations.

3. Remuneration consisted of salary/honorarium and benefits that could be standardized, namely Annual Holiday Allowance (THR), Home Service, Vehicle Service, Health and Utilities Facilities and other benefits. Whereas remuneration based on performance was a bonus/incentive for employees and bonuses for the Board of Directors and Board of Commissioners.

REMUNERATION AND FACILITIES OF THE BOARD OF COMMISSIONERS AND DIRECTORS

Remuneration Structure of Members of the Board of Commissioners and Directors

By taking into account the prevailing remuneration stipulations, the remuneration for the Board of Commissioners and Board of Directors is provided in the form of:

1. Fixed remuneration, a remuneration that is unrelated to performance and risk, such as salary/honorarium, facilities, housing allowance, health allowance, education allowance, festive allowance, and post-employment benefit Salary/ honorarium, facilities, allowances, and post-employment benefit are provided in cash.
2. Variable remuneration: Remunerations provided in connection with performance and risks, such as bonuses, rewards/ performance incentives, or any other similar forms.

Bonuses, rewards, and incentives may be provided in cash, shares, or stock-based instruments issued by the Company, and cash only for the Board of Commissioners to prevent conflict of interest in their supervisory duties.

GOVERNANCE IN PROVIDING REMUNERATIONS

BOARD OF DIRECTORS NOMINATION AND SELECTION PROCESS

Pursuant to the Articles of Association, members of the Board of Directors are appointed and dismissed by the GMS, for a period of 5 (five) years effective from the date of GMS appointment. Members of the Board of Directors whose office terms are expired may be reappointed by the GMS.

The procedure for the appointment of Bank Mandiri Board of Directors refers to OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, and SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises. The following are procedures of the Board of Directors' appointment:

1. Origin of prospective SOE Board of Directors/Board of Directors candidates come from:
 - a. Former BUMN Director.
 - b. BUMN Board of Commissioners/Supervisory Board.
 - c. Structural Officers and Government Functional Officers.
 - d. Another source.
2. The GMS/Minister may appoint candidates proposed by the Succession Committee as members of the Board of Directors of SOEs.
3. For certain SOEs, the appointment of an individual as a member of the SOE Board of Directors may be made after passing the Fit and Proper Test (UKK) according to sectoral regulations.
4. In the event the appointment of SOE Board of Directors members is made before the UKK according to sectoral regulations, the SOE Board of Directors is authorized to carry out actions, duties, and functions as members of the SOE Board of Directors from the date they pass the UKK according to sectoral regulations.

BOARD OF DIRECTORS

5. SOE Board of Directors members as referred to in paragraph (3) have a term of office effective from the date determined by the GMS/Minister.
6. In the event certain SOE Board of Directors members fail the UKK according to sectoral regulations, the GMS/Minister may dismiss such SOE Board of Directors members, taking into account sectoral regulations.
7. The appointment of an individual as a member of the SOE Board of Directors may be made through:
 - a. Decision of the Minister as the GMS/owner of capital if all shares/capital of the SOEs are owned by the State; or
 - b. Decision of the GMS or decision of all shareholders by circular resolution, if not all shares are owned by the State.
8. For Public Companies, the curriculum vitae of candidates for appointment as members of the BUMN Board of Directors proposed to be appointed in the RUPS must be available and announced during the holding of the RUPS before the decision is made regarding the appointment of such individuals as members of the SOE Board of Directors.
9. Before being appointed as a member of the SOE Board of Directors, the individual concerned must sign a letter of resignation from other positions prohibited from being held concurrently with the position of SOE Board of Directors member effective from the date they are appointed as a member of the SOE Board of Directors.
10. In the event the individual concerned does not resign within the time frame as stipulated in the laws and regulations, their position as a member of the BUMN Board of Directors ends at that time.
11. 10. In the event the appointment decision is made by the Minister or decision of all shareholders by circular resolution, the Deputy processes the delivery of the Decision Letter to the selected SOE Board of Directors member after the Decision is determined.
12. In the process of delivering the Decision Letter, the Deputy is assisted by the high-level official responsible for legal affairs, Assistant Deputies, and Sector Assistant Deputies.
13. After the delivery of the Decision Letter is carried out, all documents are handed over to the Deputy for administration.
14. In the event the appointment will be determined in the GMS, the submission of the UKK results to the Minister is accompanied by a letter of appointment for the candidate and a power of attorney to attend and make decisions in the GMS.
15. After the GMS is held, all documents related to the appointment of SOE Board of Directors members are handed over to the Deputy for administration.
16. The administrative process by the Deputy as referred to in paragraphs (12) and (14) includes documentation of the appointment and assessment process.
17. Board members commence their duties effectively from the date specified in the Minister's Decision/GMS/decision of all shareholders by circular resolution.
18. The format of the statement letter related to the appointment and dismissal of the Board of Directors as stated in Annex IV is an integral part of SOE Minister Regulation No. PER-3/MBU/03/2023.

The process of nominating and selecting the Board of Directors is carried out through the proposal of the members of the Board of Directors to the GMS by taking into account the recommendations of the Board of Commissioners and the Remuneration and Nomination Committee. Prior to the discussion on the appointment and dismissal of the Board of Directors in the GMS, information was provided on the profiles of new and reappointed candidates for the Board of Directors.

MECHANISM OF RESIGNATION AND DISMISSAL OF THE BOARD OF DIRECTORS

Resignation and dismissal mechanism for the Board of Directors is regulated by the Articles of Association as follows:

1. The GMS may dismiss the Board of Director's members at any time by stating its reasons.
2. The dismissal of a member of the Board of Directors is called for if, based on the factual circumstance, the said members:
 - a. Is unable/inadequate to fulfil the obligations as agreed in the management contract;
 - b. Is unable to perform duties appropriately;
 - c. Violates the provisions of the Articles of Association and/or the applicable laws;
 - d. Engages in actions that detrimental to the Company and/or country;
 - e. Conduct actions that violate ethics and/or propriety that should be valued by member;
 - f. Is declared guilty by the Court's decision with permanent legal force;
 - g. Resigns;
 - h. Other reasons deemed appropriate by the GMS for the interests and objectives of the Company.

BOARD OF DIRECTORS

3. The dismissal by the reasons aforementioned is conducted after the person(s) concerned in the event of dismissal is given the opportunity to raise defense, excluding the dismissal specified in the provisions of points f and g.
4. The dismissal due to reasons as referred to in point letter d and f are considered dishonorable discharge.
5. Among the Board of Director's members and between the Board of Directors' members and the Board of Commissioners' members, there shall not be any blood relationship of three generations, either vertical or horizontal in the family tree, including the familial relationship arising from marriage.
6. In the event that such condition prevails, the GMS has the authority to dismiss one of the members.
7. A member for the Board of Directors may resign from his/her position before his/her term of office expires. In the event that a member of the Board of Directors resigns, the said member shall submit a written request for resignation to the Company.
8. The Company must hold the GMS to decide on the resignation request of a member of the Board of Directors no later than 90 (ninety) days after receiving the letter of resignation.
9. The Company is obliged to provide information transparency to the public and submit it to the Financial Service Authority no later than 2 (two) working days after:
 - a. The approval of the resignation application from a member of the Board of Directors.
 - b. The achievement of the GMS results.
10. Before the resignation is effective, the concerned member of the Board of Directors shall assume responsibility to complete the duties and the responsibilities in accordance with the Articles of Association and the applicable laws.
11. The resigning member will be released from any responsibility after obtaining discharge of duty from the annual GMS.
12. A member of the Board of Directors is dismissed if:
 - a. The resignation has been in effect;
 - b. Passed away;
 - c. The tenure has expired;
 - d. Dismissed by the decision of GMS;
 - e. Declared bankrupt by a Commercial Court which has a permanent legal force or under the auspices based on a Court's decision; or
 - f. No longer fulfilling the requirements as a member of the Board of Directors based on the provisions of the Articles of Association and the applicable laws.
13. For the member of the Board of Directors dismissed before or after the term of office, unless unable to resume the position due to passing, the concerned member shall therefore be held responsible for their actions that have been rejected by the GMS;
14. The Board of Director's members may at any time be temporarily dismissed by the Board of Commissioners if they conduct actions contrary to the Articles of Association or there are indications of actions that harm the Company or neglect the obligations or there are crucial explanations for the Company, by paying attention to the following provisions:
 - a. Temporary dismissal shall be notified in written to the said member along with the rationale, then forwarded to the Board of Directors;
 - b. The notification as referred to in the letter "a" shall be submitted no later than 2 (two) working days after the temporary dismissal is effective;
 - c. The member who is subject to temporarily dismissal has no authority to conduct the Company's management for the sake of the Company in relation with the purposes and objectives of the Company or to represent the Company either within or outside the Court;
 - d. Within a period of at most 90 (ninety) days after the temporary dismissal has been done, the Board of Commissioners shall organize the GMS to revoke or reinforce the temporary dismissal;
 - e. With the lapse of the period of holding the GMS as referred to in letter d or the GMS is unable to make a decision, the temporary dismissal will be cancelled;
 - f. The limitation of authority as stated in point c shall be effective since the effective date of temporary dismissal by the Board of Commissioners until:
 - there is a decision of the GMS which reinforces or revokes the temporary dismissal in letter d; or
 - the due date as stated in letter d has passed.

BOARD OF DIRECTORS

- g. In the GMS as referred to in letter d, the member of concerned shall be given an opportunity to raise defenses;
- h. Temporary dismissal cannot be extended or re-established by the same rationale if the temporary dismissal is declared void as referred to in letter e;
- i. In the event that the GMS revokes the temporary dismissal or circumstances as referred to in letter e prevail, the concerned member shall remain to perform his/her tasks;
- j. If the GMS outcome reinforces the decision of the temporary dismissal, then the member is dismissed permanently;
- k. If the member who is subjected to temporary dismissal does not attend the GMS after being summoned in written, the member shall be considered to have neglected his/her rights to defend himself/herself in the GMS and agree to the GMS decision.
- l. The Company is obliged to conduct information transparency to the public and submit it to the Financial Services Authority regarding:
 - The decision of temporary dismissal; and
 - The results of GMS either to revoke or reinforce the temporary dismissal decision as referred to in letter "d", or any information regarding the cancellation of the temporary dismissal by the Board of Commissioners due to the absence of the GMS until the due date as referred to in letter e of this article, no later than 2 (two) working days from such happening.

POLICIES RELATED TO THE RESIGNATION OF THE BOARD OF DIRECTORS' MEMBERS DUE TO THEIR INVOLVEMENT IN FINANCIAL CRIMES

Bank Mandiri has in place the policy on resignation of member of the Board of Directors when involved in financial crime as stated in the Bank's Articles of Association.

Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Directors is ended if no longer meet the requirements as member of the Board of Directors based on the Articles of Association and other laws and regulations, including involvement in financial crime. In the event that a member of the Board of Directors is resigning including if involved in the financial crime, thus a concerned member of the Board of Directors shall

inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Directors within 90 days after the acceptance of the resignation.

MANAGEMENT OF THE BOARD OF DIRECTORS CONFLICT OF INTEREST

Management of the Board of Directors conflict of interest is specified in Bank Mandiri Policy Architecture. Bank Mandiri Policy Architecture is a policy hierarchy/structure functioning as a framework and guidelines in policy preparation and implementation of Bank activity. The Management of the Board of Directors conflict of interest is as follows:

1. The Board of Commissioners, the Board of Directors, and Executives shall commit to prevent any forms of conflict of interest.
2. In the event that the Board of Directors member(s) has a personal Interests in a transaction, contract or contracts proposed in which one of the parties is the Bank, the interest shall be mentioned in the Board of Directors Meeting and the concerned Board of Directors member has no authority to take a vote.
3. Periodically, at least 1 (once) in a year, every member of the Board of Commissioners, the Board of Directors and the Executives are required to make a statement regarding conflict of interests with the Bank activities.
4. Members of the Board of Commissioners, the Board of Directors and the Executives are prohibited from having concurrent positions as specified in the applicable regulations.

ORIENTATION PROGRAM FOR THE NEW BOARD OF DIRECTORS

Orientation Program is held by the Company for new members of the Board of Directors in order to provide an understanding of amongst others:

1. The Company's strategy, policy and work plan.
2. The Company's values, vision and mission.
3. The duties, responsibilities and authorities of the Board of Directors pursuant to the Articles of Association and the prevailing regulation in Indonesia.
4. Policies related with Good Corporate Governance.
5. Facility to support the implementation of duties of the Board of Directors.
6. Other relevant programs.

BOARD OF DIRECTORS

RISK MANAGEMENT CERTIFICATION

As stipulated in Financial Services Authority Circular No. 28/SEOJK.03/2022 concerning Risk Management Certification for Commercial Bank Human Resources, Bank Management (Board of Commissioners and Board of Directors) must have a Risk Management Certificate issued by a Professional Certification Body, with the following classification:

No.	Position	Level	Validity
1.	Commissioner	Minimum Level 1	4 years
2.	Independent Commissioner	Minimum Level 2	4 years
3.	President Director and Directors of the Bank with assets > Rp10 trillion	5	2 years

After the certificate expires, a mandatory Refreshment Program must be taken regularly, at least:

1. once every year for certificate levels 1 and 2; or
2. once every year for certificate levels 3, 4, and 5.

In Bank Mandiri, as a bank with a total asset of > Rp10 Trillion, the entire members of its Board of Directors are holders of Risk Management Certificate Level 5. This certification is also part of OJK's fit and proper test requirements. The certificates of the Board of Directors are as follows.

BOARD OF DIRECTORS MEETINGS

The policy of the Board of Directors Meeting refers to the BOD Charter, the Articles of Association and POJK 33/2014, whereby the Board of Directors Meeting shall be conducted periodically at least once a month, or at any time as necessary as requested by one or more members of the Board of Directors, or as per written request from the Board of Commissioners. The Board of Directors shall also hold a joint meeting with the Board of Commissioners periodically in at least 1 (once) in 4 (four) months.

The Board of Directors Meetings are legal and have the right to make binding decisions when attended or represented by more than 2/3 of members of the Board of Directors. The meeting material shall be delivered to all participants 5 (five) working days prior to the meeting.

The Board of Directors Meeting is chaired by the President Director, and in the event that the President Director is unable to attend, the Board of Directors Meeting is chaired by the Substitute Director of the President Director, namely the Vice President Director. In the event that the Vice President Director is unable to attend, the Board of Directors Meeting shall be chaired by the Substitute Director of the two President Directors appointed based on the Board of Directors' Decision on Alternate Directors.

BOARD OF DIRECTORS

In the event that the President Director and Substitute Director of the President Director are unable to attend, then one of the longest-serving Directors as a member of the Board of Directors presides over the Board of Directors Meeting. In the event that the Director who has served the longest as a member of the Board of Directors of the Company is more than 1 (one) person, the oldest Director in age acts as the chairman of the Meeting of the Board of Directors.

Board of Director Meetings Plan

The Board of Director meetings plan for 2023 as uploaded on the Bank Mandiri website are as follows:

Quarter I	Monthly/quarterly review of the Company and Subsidiaries' performance.
	Monthly/quarterly review of the Company's Strategy and Work Plan.
	Preparation of the Annual General Meeting of Shareholders.
	Review and approval of the Audit Financial Statements Fiscal Year 2022.
	Selection of External Auditor for Fiscal Year 2023.
Quarter II	Monthly/quarterly review of the Company and Subsidiaries' performance.
	Monthly/quarterly review of the Company's Strategy and Work Plan.
	Discussion and Approval of RKAP (Work & Budget Plan) 2023 Revision & RBB (Bank Business Plan) 2023-2025 Revision.
Quarter III	Monthly/quarterly review of the Company and Subsidiaries' performance.
	Monthly/quarterly review of the Company's Strategy and Work Plan.
Quarter IV	Monthly/quarterly review of the Company and Subsidiaries' performance.
	Monthly/quarterly review of the Company's Strategy and Work Plan.
	Discussion and Approval of the Sustainable Financial Action Plan (RAKB) and Recovery Plan.
	Discussion and Approval of RKAP (Work & Budget Plan) 2024 & RBB (Bank Business Plan) 2024-2026.

PERFORMANCE ASSESSMENT OF THE COMMITTEE UNDER THE BOARD OF DIRECTORS AND THE BASIS OF THE ASSESSMENT

In carrying out its management duties, the Board of Directors is assisted by 11 (eleven) Committees under the Board of Directors called the Executive Committees:

1. Asset & Liability Committee (ALCO)
2. Business Committee (BC)
3. Capital & Subsidiaries Committee (CSC)
4. Human Capital Policy Committee (HCPC)
5. Information Technology & Digital Banking Committee (ITDC)
6. Integrated Risk Committee (IRC)

BOARD OF DIRECTORS

7. Policy and Procedure Committee (PPC)
8. Risk Management & Credit Policy Committee (RMPC)
9. Transformation Committee (TFC).
10. Credit Committee/ Rapat Komite Kredit (RKK)
11. Social & Environmental Responsibility Committee (SERC)

The following are results of performance assessment of Committees under the Board of Directors during 2023.

Asset & Liability Committee

In 2023, the Asset & Liability Committee (ALCO) has carried out its duties well and has assisted the Board of Directors in carrying out the functions of determining asset and liability management strategies, setting interest rates and maintaining liquidity, as well as other matters related to the management of the Company's assets and liabilities. During 2023, ALCO held 3 (three) meetings with topics according to the 2023 work plan and issues of concern to ALCO.

Business Committee

In 2023, the Business Committee (BC) had carried out its duties properly and assisted the Board of Directors in determining the Company's integrated business management strategy, managing the Company's products and/or activities as well as determining the strategy and effectiveness of marketing communication for Wholesale banking and Retail Banking. During 2023, BC held 8 (eight) meetings with topics according to the 2023 work plan and issues of concern to BC.

Capital & Subsidiaries Committee

In 2023, the Capital & Subsidiaries Committee (CSC) had carried out its duties properly and assisted the Board of Directors in managing the Company's Capital and the Subsidiaries, including determining the management strategy of the capital, providing recommendations for corporate actions, determining the strategy and management of the Subsidiaries, including equity participation, capital divestment, determining members of the Board of Directors and/or members of the Board of Commissioners of Subsidiaries, including remuneration for the Directors and/or Commissioners of Subsidiaries. During 2023, CSC held 25 (twenty five) meetings with topics according to the 2023 work plan and issues of concern to CSC.

Human Capital Policy Committee

In 2023, the Human Capital Policy Committee (HCPC) had carried out its duties properly and assisted the Board of Directors in determining the Company's Human Capital

management strategy, establishing and developing the organization, and setting the strategic direction of Human Capital Information System Development. During 2023, HCPC held 4 (four) meetings with topics according to the 2023 work plan and issues of concern to HCPC.

Information Technology & Digital Banking Committee

In 2023, the Information Technology & Digital Banking Committee (ITDC) has carried out its duties properly and has assisted the Board of Directors in establishing a portfolio of IT initiatives, IT budget allocations, alignment of IT Strategy & Execution Plan (ISP). During 2023, ITDC held 12 (twelve) meetings with topics according to the 2023 work plan and issues of concern to ITDC.

Integrated Risk Committee

In 2023, the Integrated Risk Committee (IRC) had carried out its duties properly and assisted the Board of Directors in the formulation of, among others, Integrated Risk Management policy and improvement or refinement of the Integrated Risk Management policy based on the assessment result. During 2023, IRC held 11 (eleven) meetings with topics according to the 2023 work plan and issues of concern to IRC.

Policy & Procedure Committee

In 2023, the Risk Management & Credit Policy Committee (RMPC) has effectively carried out its duties and assisted the Board of Directors in identifying, measuring, monitoring, and setting risk management strategies. Additionally, the Committee has also helped formulate and oversee loan policies, monitor portfolio developments, and provide recommendations for improvement. The fulfillment of these duties was formulated through the implementation of 12 virtual RMPC meetings and 9 circular meetings.

Risk Management & Credit Policy Committee

In 2023, the Risk Management & Credit Policy Committee (RMPC) which was established under two categories A and Category B, had carried out its duties properly and assisted the Board of Directors in implementing the duties of Category A include to identify, measure and monitor risks, determine risk management policies and strategies. Implementing the duties of Category B include to formulate credit policies, oversee credit policy implementation, monitor the development and condition of loans portfolio and provide recommendations for corrective measures, in which the basis of performance assessment was achieved from the implementation of 12 (twelve) RMPC online meetings and through 9 (nine) circulars during the year.

BOARD OF DIRECTORS

Transformation Committee

In 2023, the Transformation Committee (TFC) had carried out its duties properly and assisted the Board of Directors in maintaining and determining the Bank's transformation needs, in which the basis of performance assessment was achieved from the implementation of 2 (two) TFC meetings during the year. In addition to being discussed in TFC meetings, discussions regarding Business Transformation were also conducted in Board Meetings 15 (fifteen) times during 2023.

Credit Committee

In 2023, the Credit Committee/Credit Committee Meeting (RKK) had carried out its duties properly and assisted the Board of Directors in taking loans disbursement decision (new, additional, reduction, and/or extension) managed by Business Unit in line with the limit of authority, including the determination/change of the loans structure. During 2023, RKK decided on 3,219 credits, consisting of 541 decisions in the Corporate segment, 2,366 decisions in the Commercial segment, 76 decisions in the Financial Institution segment, 42 decisions in the Institutional segment, and 194 decisions in the Special Asset Management (SAM) segment.

Social & Environmental Responsibility Committee (SERC)

In 2023, the Social & Environmental Responsibility Committee (SERC) had carried out its duties properly and assisted the Board of Directors in mapping and preparing the Social & Environmental Responsibility Program (TJSL). During 2023, SERC held 2 (two) meetings with topics according to the 2023 work plan and issues of concern to SERC.

COMMITTEES OF THE BOARD OF DIRECTORS

In carrying out its duties, the Board of Directors is assisted by the Corporate Secretary and Committees whose tasks are to provide advice and recommendations relating to the policies and directions of the Directors. Bank Mandiri has 11 (eleven) committees under the Board of Directors, also called the Executive Committee as stated in the Decree of the Board of Directors No. KEP.DIR/001/2021 dated 13 January 2021 concerning the Board of Directors' Executive Committee of PT Bank Mandiri (Persero) Tbk and Decree of the Board of Directors No. KEP.DIR/059/2021 dated 24 November 2021 regarding the Adjustment of the Decision of the Board of Directors No. KEP.DIR/001/2021 dated 13 January 2021 regarding the Executive Committee.

In the capacity as a committee, none of Executive Committees have the authority to represent and on behalf of the Company in binding or signing agreements with third parties. All actions for and on behalf of the Company must be carried out in accordance with the provisions of the Company's Articles of Association.

ASSET & LIABILITY COMMITTEE

Asset & Liability Committee (ALCO) is a committee formed to assist the Board of Directors in carrying out the functions of determining asset and liability management strategies, determining interest rates and maintaining liquidity as well as other matters related to the management of the Company's assets and liabilities. In addition, in conditions of significant financial stress as well as during periods of financial and economic crisis, ALCO carries out monitoring and implementation/activation of the Recovery Plan.

Asset & Liability Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 states that the Bank must have guidelines and committee work rules, where the Asset & Liability Committee has been regulated in the Board of Directors Decree No. KEP.DIR/002/2021, which contains:

1. Purpose of the committee establishment
2. Duties, responsibilities, and authority of the committee
3. Structure and membership of the committee
4. Committee meetings, quorum and decision making
5. Committee reporting

Duties and Responsibilities of Asset & Liability Committee

In carrying out its functions, ALCO has the following duties and responsibilities:

1. Establish, develop and review the assets and liabilities management strategies.
2. Evaluate the position of the Company's assets and liabilities in accordance with liquidity risk, interest rates and exchange rates management objectives.
3. Evaluate the Company's position and the Assets & Liabilities Management (ALM) strategy to ensure that the results of the Company's risk-taking position are consistent with interest rates, liquidity and exchange rates management objectives.
4. Conduct an evaluation/review of asset and liability pricing to ensure that pricing can optimize the results of investment funds to minimize the cost of funds and maintain the Company's balance sheet structure in accordance with the Company's ALM strategy.

5. Evaluate/review deviations between the realization versus budget projection and Company business plan.
6. Discuss and set limits on liquidity management, gap management, pricing management, and FX management.
7. Establish a fund transfer pricing methodology.
8. Discuss and determine other matters in the scope of ALM, including Subsidiaries/entities controlled by the Company.
9. Monitor and implement/activate the Recovery Plan as follows:
10. Monitor the Bank's financial indicators listed in the Recovery Plan which include indicators of liquidity, capital, profitability and asset quality.
11. Escalate to the Board of Directors if the Recovery Plan indicators will or have violated the limit (trigger level) set to get the Recovery Plan activation decision.

RISK MANAGEMENT & CREDIT POLICY COMMITTEE

Risk Management & Credit Policy Committee Charter

In accordance with POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 states that the Bank must have guidelines and committee work rules, where the Risk Management & Credit Policy committee has been regulated in Board of Directors Decree No. KEP.DIR/009/2021, which contains:

- Purpose of the committee establishment
- Duties, responsibilities, and authority of the committee
- Structure and membership of the committee
- Committee meetings, quorum and decision making
- Committee reporting

Risk Management & Credit Policy Committee Duties and Responsibilities Description

1. Category A RMPC – Risk Management

The Category A RMPC's duties, authorities, and responsibilities are:

- Monitoring risk profile and management of all risks to establish risk appetite, risk limit, and integrated risk management strategy as well as capital adequacy.
- Establishing a risk management framework and methodology to identify, measure and mitigate risks, including for stress conditions and contingency plans.
- Performing improvements to the implementation of risk management on a regular basis and incidentally as a follow-up to changes in internal and external conditions that affected the capital adequacy and Company risk profile.
- Discussing and establishing strategic matters in the scope of risk management including in Subsidiaries.
- Determining items related to business decisions that had specific conditions (such as allocation and limit allocations in credit portfolio management).
- Offering recommendations to the President Director regarding:
 - Preparation and/or adjustment/improvement of Policies, Strategies and Guidelines for The Risk Management Implementation.
 - Enhancement or improvement of the Risk Management implementation based on the evaluation of the Risk Management implementation.
 - Determination of items related to business decisions, including those that deviated from normal procedures.
- Delegating authority to appointed officials to decide and implement operational activities.

2. Category B – Credit Policy

The Category B RMPC's duties, authorities, and responsibilities are as follows:

- Offering input to the board of directors in drafting and/or adjusting/improving the crediting policy or financing of the Bank, especially in relation to the formulation of prudence principles in credits.
- Monitoring and evaluating the development and quality of the credit portfolio or the overall financing.
- Supervising the application of the crediting policy and formulating a resolution in the event of any obstacles or constraints in its application, as well as conduct periodic review of the Credit Policy and advise the board of directors in the event necessary changes or improvement.
- Monitoring and evaluating the correctness of the implementation of credit decision, the process of giving, development and quality of credit provided to the parties related to the Bank and certain large debtors.
- Monitoring and evaluating the correctness of the provisions of the Minimum credit allowance (BMPK), adherence to the provisions of other laws and regulations in the implementation of credit grants, and the settlement of non-performing loans in accordance to those stipulated in the credit policy.
- Ensuring and evaluating the Bank's efforts in fulfilling the adequacy of amount of allowance for credit write-off
- Submitting a written report periodically and providing suggestions for corrective measures to the Board of Directors with a copy to the Board of Commissioners regarding the results of supervision over the implementation of credit policy and the results of monitoring and evaluation on the matters referred to in the above.

Transformation Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 states that the Bank must have guidelines and committee work rules, where the Transformation Committee has been regulated in the Board of Directors Decree No. KEP.DIR/66/2021, which contains:

1. Purpose of the committee establishment
2. Duties, responsibilities, and authority of the committee
3. Structure and membership of the committee
4. Committee meetings, quorum and decision making
5. Committee reporting

Transformation Committee Duties and Responsibilities

TFC's duties and responsibilities are as follows:

1. To determine the strategies of the Bank's transformation. Development.
2. To determine transformation initiatives/projects to be carried out and managed by the transformation unit in line with the Bank's business strategy.
3. To discuss and resolve strategic transformation management problems.
4. To establish organizational adjustments, operating units, and officials who carry out the transformation function according to the authority of organizational change.

Transformation Committee Duties Implementations in 2023

In carrying out its duties and responsibilities, TFC hold at least 3 (three) meetings a year or at any time if deemed necessary at the request of one or more committee members with voting rights, or at the request of the Board of Directors, or a written proposal from the related units by conveying the discussion material and to coordinating with the Committee Secretary.

In 2023, TFC has held 2 (two) meetings, with the following details:

No.	Date	Agenda	Quorum Attendance (%)	Remark
1	5 July 2023	Presentation and request for approval for the proposal of Key Success Indicators Business Transformation year 2023	100%	Onsite Regular Meeting
2	20 October 2023	Presentation and request for approval for the allocation of operating budget requirements year 2023	100%	Onsite Regular Meeting

In addition to the above two meetings, as per the request of the Board of Directors, the Business Transformation discussion was also held 15 times in the Board of Directors' meeting during 2023.

Transformation Committee Works Plan in 2024

TFC will set out the work plans in a year. The following are TFC work plans for 2024:

1. Establish the review results on the Bank's transformation progress.
2. Define the Bank's transformation strategy for 2024.
3. Resolve strategic transformation management issues.
4. Establish adjustments of organizations, work units and executives who perform transformation functions..

CREDIT COMMITTEE MEETING

Credit Committee/Credit Committee Meeting (RKK) was established to assist the Board of Directors in taking the decisions on lending (new loans, additional loans, reduction of loans, and/or loans extension) managed by the Business Unit according to limits of authority, including determination/change of loans structure.

Since the establishment of Bank Mandiri, the Credit Committee has been established which consists of Business Unit and Risk Unit functions and have been refined for several times, however in 2005 a fundamental revamp of lending process was carried out to guarantee more prudent and appropriate loan and risk management best practices as well as to reinforce the implementation of GCG principles.

Every loan approval in Wholesale segment can be carried out through a discussion in the forum of Loans Committee Meeting as a means of implementing four-eyes principle as well as a check and balance process between Business Unit as an Initiator unit with Risk Unit as a Risk Mitigation Unit.

In the Credit Committee, the Legal Group and the Compliance Group also be present to offer opinions on legal and compliance to reinforce the independence aspect, preventing the dominance of operating units, preventing conflict of interest and ensuring Objective and stress-free decision making. In the event that one of Credit Committee members is managing the credit recovery function, it is called the Restructuring Credit Committee.

Credit Committee Membership and Structure

RKK was formed as last stated in the Decree of the Board of Directors No. KEP. DIR/001/2021 dated January 13, 2021

concerning the Executive Committee of the Board of Directors of PT Bank Mandiri (Persero) Tbk and the Decree of the Board of Directors No. KEP. DIR/059/2021 dated November 24, 2021. Meanwhile, the composition of RKK members is regulated by referring to the Four Eyes Principles (proportional composition between business authority holders and credit risk authority holders). In its implementation, the Credit Committee is equipped with a Committee Secretary.

Credit Committee Charter

Bank Mandiri has a Credit Committee Charter which is regulated in the Standard Credit Procedure for each business segment.

The Credit Committee Charter, among others, regulates the duties, responsibilities and authorities of the Credit Committee and its structure and membership which represent the business function and credit risk function proportionately

Credit Committee Duties and Responsibilities

In carrying out its functions, the Credit Committee has the duties and responsibilities as set forth in the Loans Procedure Standards per segment as follows:

CREDIT COMMITTEE MEETING

1. Credit Committee
The Credit Committee shall recommend and/or terminate the loans (new, addition, reduction, and/or renewal) managed by the Business Unit in accordance with the authority limit, including the credit structure determination/amendment.
2. Credit Committee – Restructuring
Credit Committee – Restructuring is authorized to recommend and or decide as authorized by:
 - a. Restructuring and completion of loans for Collectability 3, 4, 5 and collectability 1 and 2 post restructuring which is still managed by the Credit Recovery Unit.
 - b. Restructuring of collectability Credits 1 and 2 category watch lists.
 - c. Recovery/settlement of loans extraction tables, including deciding the acquired assets (AYDA).
 - d. Write-off the book and remove credit charges.
3. The authority and responsibility for loans decision is attached by individual and not by position where each authority holder for loan decision is mutually independent and taken the same authority in the decision or refusal of a loan proposal.
4. The authority to terminate loans is utilized in accordance with the applicable lending and procedures.
5. The extension of loans period can only be done after the proportional distribution of debtor transactions has been carried out to the debtor's operating account at Bank Mandiri. If the distribution of debtor transactions to the operating account has not been carried out proportionally, then the extension of loan facility must be submitted and requested the approval from the Credit Committee/Credit Restructuring Committee according to the limit of authority by informing the condition.

Credit Committee Duties Implementation in 2023

In 2023, the Credit Committee has made 3.219 loans decisions, consisting of 541 in the Corporate segment, 2.366 in the Commercial segment, 76 in the Financial Institution segment, and 42 in the Institutional segment and 194 in the SAM segment.

Credit Committee Works Plan in 2024

The Credit Committee has set the 2024 works plan, among others, to provide recommendations and/or approval of lending (new, additional, decrease, and or renewal) managed by the Business Unit in accordance with the authority of limit, including the determination/change of loans structure.

SOCIAL & ENVIRONMENTAL RESPONSIBILITY COMMITTEE (SERC)

The Social & Environmental Responsibility Committee (SERC) was established to assist the Board of Directors in coordinating between work units/fields to formulate objectives and guidelines for the implementation of the Bank Mandiri TJSL Program, Mapping and preparing the Bank Mandiri TJSL Program, and Assist the Board of Directors in evaluating the implementation of the Bank Mandiri TJSL Program.

Structure and Memberships of the Social & Environmental Responsibility Committee

Based on the Decree of the Board of Directors No. KEP.DIR/049/2022 dated 30 December 2022 concerning the Social & Environmental Responsibility Committee, the structure and membership of the SERC are as follows:

INTERNAL AUDIT

The Internal Audit has the main function and responsibility to ensure and assist the Company's management on the implementation of corporate governance, the effectiveness of risk management process and internal control to ensure the optimal implementation of the governance practices in the Company and its Business Units.

Internal Audit has unlimited, free and unrestricted access to all records, physical property and the Company's employees that are relevant to the assignment and are responsible for maintaining the confidentiality and existence of such records and information.

Internal Audit carries out its duties and responsibilities independently and objectively led by the Head of Internal Audit who directly reports to the President Director and Board of Commissioners through the Audit Committee.

Head of Internal Audit is appointed and terminated by the President Director upon the approval of the Board of Commissioners and reported to the Financial Service Authority (OJK).

Holding a role as the Third line of defense, Bank Mandiri's Internal Audit ensures that Internal control in each line of defense is getting stronger and more mature. To that end, Internal Audit continues to innovate in the use of audit methodologies and tools hence audits are more effective and efficient.

Auditor Code of Ethics

The Internal Auditors of Bank Mandiri are required to be professional and obey the established code of ethics. The Bank Mandiri Internal Auditor's code of ethics are as follows:

1. Integrity

Internal Auditors have integrity by building trust which is the basis for making reliable judgments.

2. Objectivity

The Internal Auditor shows high objectivity in accordance with professional standards in collecting, evaluating and communicating information about the activities or processes being audited. In addition, the Internal Auditor conducts balanced judgments by paying attention to all relevant conditions and not influenced by personal or other people's interests.

3. Confidentiality

The Internal Auditor respects the value and ownership of the obtained information and does not disclose the information without authorization unless there is a legal or professional obligation to disclose the information.

4. Competency

The Internal Auditor uses knowledge, skills and experience required to carry out the audit duties. Internal audit activities must be carried out with professional skills and expertise that is having the knowledge, skills and other competencies needed to perform their responsibilities.

Internal Audit Capacity Building

The Internal Audit competency development is presented in the Profile Chapter of this Annual Report.

Information System of Internal Audit

To improve the effectiveness of audit implementation and provide a full picture to the Management regarding the audits, the audit activities consisting of planning, implementation, reporting and monitoring stages are carried out using an application called the Audit Management Information System (SIMANIS) which is carried out internally as a system of recording and monitoring the results of audits and investigations. The SIMANIS application had been applied since 21 February 2020 and, is constantly developed to improve from previous versions.

Audit Methods

Internal Audit applies a risk-based audit (RBA) methodology for internal audit activities by focusing on high-risk areas. The application of this methodology is in accordance with the needs of the Company, regulatory and best practices.

The application of a risk-based audit (RBA) methodology requires good cooperation between Internal Audit and the Operational Risk Management Unit and the Client.

The following is the grand design of risk-based audit application at Bank Mandiri:

INTERNAL AUDIT

Internal Audit Work Programs

In 2023, the Internal Audit has prepared audit plans with 41 (forty-one) subjects of assignments consisting of Thematic Audits, General Audits, Audit Mandatory, Audit of Subsidiaries and Consulting. These assignments are carried out by three work units in Internal Audit, namely the Wholesale & Corporate Center Audit Group Unit, Retail Audit Group, and Information & Technology Audit Group. The details of the assignment subjects are presented in the following chart.

INTERNAL AUDIT

Audit Activities in 2023

The dynamic development of the internal audit methodology encouraged the Company's Internal Audit unit to be more responsive and proactive. With this change, the audit plan which was originally static had become more dynamics, adapting to the conditions and needs of the Company. In 2023, audit activities were carried out based on the previously prepared audit plan hence the audit results will be followed up and used as material to make continuous improvements in the Company.

Standard Implementation of Bank Internal Audit Function

The Financial Services Authority (OJK) published POJK No. 1/POJK.03/2019 on the implementation of Internal Audit function of Commercial Banks, effective as of 29 January 2019 in lieu of the standard implementation of the internal Bank Audit function (SPFAIB) that has been used. Following up on the issuance of the POJK, Internal Audit has adopted the regulation on the internal rules, namely the Internal Audit Charter, Bank Mandiri Internal Control Policy (KICN), Internal Audit Guidelines Standards (SPIA) and Internal Audit Technical Guidelines (PTIA).). The changes to the Internal Control Policy were approved by the President Director and the Board of Commissioners in November 2023. The latest changes to other internal regulations were approved by Bank Mandiri Management (in this case Directors and Group Heads) in 2023.

OJK Regulation No. 38/POJK.03/2016 and OJK Circular No. 21/SEOJK. 03/2017

In conducting Audit, in particular IT Audit, the Bank is also subject to the provisions set out in the POJK No. 11/POJK.03/2022 on the Implementation of Information Technology by Commercial Banks, and SEOJK No. 21/SEOJK.03/2017 on Risk Management Application in the use of Information Technology by Commercial Banks, which aims at improving IT Audit work process in Bank Mandiri.

The International Standards for the Professional Practice of Internal Auditing

In addition to regulatory, the implementation of Internal Audit of Bank Mandiri adjusts to the International Standards for the Professional Practice of Internal Auditing (ISPPIA) stipulated by the Institute of Internal Auditors (IIA).

PUBLIC ACCOUNTANT

The External Audit function is implemented through the implementation of Audit of the Company's Financial Statements by a Public Accountant Firm, to ensure that the financial information referred to is prepared and presented in a quality manner, form and express an opinion on the fairness of the Company's Financial Statements and internal control review, including re-examining on matters that have been examined by Internal Audit and observing procedures performed by Internal Audit.

Pursuant to POJK No. 37/POJK.03/2019 on Transparency and Publication of Bank Reports and SEOJK No. 9/SEOJK.03/2020 on Transparency and Publication of Conventional Commercial Banks Reports, audits of the Company's Financial Statements for the 2023 fiscal year have been conducted by independent, competent, professional and objective public accountants according to the Public Accountants Professional Standards, as well as work agreements and the set audit scopes.

Appointment of Public Accountant

Relationship Among Banks, Public Accountants, and Regulators

In conducting the audit, other than fulfilling the applicable legal provisions, Bank Mandiri strives to improve communication with Public Accountants. The Audit Committee and Internal Audit continue to supervise the audit by Public Accountants. The assigned Public Accountants communicate the audit plan of Bank Mandiri financial statements to the Audit Committee and submits the audit plan, audit methodology and audit samples that will be used by the Internal Audit. During the audit, periodic discussions of audit progress and audit findings, as well as other matters considered important by the parties are conducted periodically, including findings related to internal control.

Periodically, the Audit Committee will monitor the performance of Public Accountants through Audit Committee meetings participated by manajemenrelated Directors. The meeting also discussed the follow-up of audit findings by Public Accountant Firm. Through this coordination, comprehensive and optimal audit results are expected to be achieved.

INTERNAL CONTROL SYSTEM

Internal control system serves to manage and control the risks properly so as to create sound and safe operations. This component covers policies and procedures across all operational functions that aim to protect the Bank's assets. The implementation of internal control is designed to achieve an accurate and reliable financial information, the effectiveness and efficiency in operation, as well as the compliance with the applicable laws and regulations.

The Internal Control System (SPI) is a control mechanism established by the Board of Directors with the approval of the Board of Commissioners on an ongoing basis with the aim of maintaining and securing the Bank's assets, ensuring the availability of accurate, comprehensive, efficient, and timely reports, improving compliance with regulation, legislation, and internal policies and provisions, reducing financial impacts/losses, irregularities including breach/fraud, and violations of the prudential aspects, improving organizational effectiveness and cost efficiency, and improving risk culture effectiveness in the organization comprehensively. The implementation of SPI in the Company refers to the Internal Control Policy (KICN).

As a process carried out by all levels of the Bank, SPI is applied in determining strategies throughout the organization and is designed to be able to identify the possibility of an event that can affect the company, manage risks to remain within the tolerance limit (risk appetite), to provide adequate confidence in achieving the Bank objectives.

Control Objectives

The objectives of effective SPI implementation are grouped into 4 (four) main objectives as follows:

1. Compliance Objectives

To ensure that all business activities of the Bank have been carried out in accordance with the prevailing laws and regulations, both the provisions issued by the Government, the Banking Supervisory Authority, the Capital Market Authority as well as the Bank's internal policies, provisions, and procedures.

2. Purpose of Information

To provide accurate, complete, timely and relevant information needed in making appropriate and accountable decisions, including financial and non-financial reporting needed by internal and external parties of the Bank.

3. Operational Objectives

To increase effectiveness and efficiency in using assets and other resources and protect the Bank from the risk of losses including those caused by fraud events.

4. Risk Culture Objectives

To identify weaknesses and assess deviations early and reassess the reasonableness of existing policies and procedures within the Bank on an ongoing basis.

INTERNAL CONTROL SYSTEM

Management Oversight and Control Culture

The control environment shows the overall commitment, behaviour, concern and measures taken by the Board of Directors and Board of Commissioners of Bank Mandiri in carrying out operational activities. The Board of Commissioners is responsible for ensuring that the Board of Directors has monitored the effectiveness of SPI implementation. The Board of Commissioners plays an active role in ensuring improvements to the Company's issues that can reduce the effectiveness of SPI.

The Board of Directors is responsible for establishing internal control policies and strategies and procedures. The Board of Directors is also responsible for monitoring the adequacy and effectiveness of the SPI. The Board of Commissioners and Board of Directors are responsible for improving work ethics and high integrity and creating an organizational culture that emphasizes all employees the importance of applicable internal control at Bank Mandiri.

Supervision by management is carried out through the establishment of a control culture through the stipulation of policies and practices of human resources, as follows:

1. Bank has written policies and procedures regarding human resources, including recruitment, career path, payroll and remuneration system, as well as employee coaching and development.
2. The Bank evaluates the performance, competence and application of cultural values by employees on a regular basis, the results of which become the basis for employee assignment and placement.
3. The Bank has an adequate organizational structure and reflects the field of duties and responsibilities established in accordance with applicable regulations.
4. The Bank has a written policy regarding the provisions and procedures for changing the organizational structure.
5. The management of the Bank is carried out by referring to the principles of Good Corporate Governance.
6. The Bank's decision-making is determined in the Board of Directors meeting.
7. The decision-making process is carried out in a bottom-up and top-down manner.
8. The Bank establishes policies aimed at preventing opportunities to commit irregularities or violations of the precautionary principle.
9. The Bank applies the principle of transparency hence employees can communicate to the relevant management about any issues that occur in the Bank's operational activities.

10. The entire process of recruitment, development and career path is carried out taking into account the competence of employees.
11. Management assigns and places employees based on job exposure, level of knowledge, ability, mastery of technical competence and application of behaviour and results of employee performance assessment.
12. The Board of Directors establishes a corporate culture that reflects the values underlying the conduct of the entire Bank's levels.
13. All levels of the Bank are required to have integrity and uphold ethical values.
14. Management becomes a role model, always increases the engagement level of all employees and has a high personal commitment to the development of a sound Bank.
15. Management is obliged to improve an effective risk culture and ensure that it is inherent at every level of the organization.

For the oversight of the Board of Directors and control culture, the Bank sets strategies & objectives as requirements for an effective event identification, risk assessment and risk response process, consisting of:

1. Strategic Objectives, the high-level targets and in line with the Bank's vision and mission.
2. Operational Objectives, the derivative goals and strategic objectives at the operational level (activities, work units and others).

The Bank has standard procedures for targets setting in accordance with the vision, mission and risk appetite.

Risk Recognition and Assessment

The Board of Directors identifies events that could potentially affect the Bank's ability to implement strategies and achieve targets effectively. The identification is carried out on events that are expected to have a negative impact (risk) that require the Bank's assessment and response. Identification is also carried out on events that are expected to have a positive impact which is an opportunity for the Board of Directors in developing strategies to achieve the Bank's goals.

In identifying potential events, the Board of Directors considers all aspects of the organization.

INTERNAL CONTROL SYSTEM

Risk assessment is a series of actions starting from the identification, analysis and measurement of the Bank's risk to achieve the set targets. Risk assessment is carried out on all types of risks inherent in each process/activity that has the potential to harm the Bank.

The Bank has a written risk management policy, which is determined by the Board of Directors and approved by the Board of Commissioners.

Risk assessment is carried out by identifying the risks appetite, setting limits and its risk control techniques, assessing risks that can be measured (quantitative) and those that cannot be measured (qualitative), as well as against risks that can be controlled and cannot be controlled, taking into account their costs and benefits. The risk assessment methodology is a benchmark for creating risk profiles in the form of data documentation that can be initiated periodically. Furthermore, the Bank must decide whether to take these risks or not, by reducing certain business activities.

Internal control needs to be reviewed appropriately in the event that there are risks that have not been controlled, both previously existing risks and newly emerging risks. The implementation of the review includes conducting continuous evaluations of the influence of any changes in the environment and conditions, as well as the impact of achieving targets or the effectiveness of internal control in the Bank's operational and organizational activities.

The Board of Directors establishes measures to respond to risks based on an assessment of the risks and relevant controls.

Control and Separation of Functions Activities

Control activities include control activities and segregation of duties, with the following description:

1. Control Activities

Control activities engage all levels of the Company, which includes planning, setting policies and procedures, implementing controls and early verification processes to ensure that policies and procedures have been consistently adhered to, and are activities that cannot be separated from every function or activity of the Bank on a daily basis. Control activities are implemented at all levels of functions according to the Bank's organizational structure, which includes:

- a. Review by the Board of Directors (Top Level Review)
The Board of Directors periodically requests explanations (information) and operational performance reports from the Head of the Work Unit in order to review the realization results compared to the targets that have been set. Based on the review, the Board of Directors immediately detects problems, such as control weaknesses, financial statement errors or other irregularities (fraud).
- b. Functional Review
This review is carried out by Internal Audit Unit at the time of audit or in the process of reporting to the regulator, which includes:
 - Review the risk assessment (risk profile report) produced by the Risk Management Unit.
 - Analyzing operational data, both data related to risk and financial data, namely verifying details and transaction activities compared to outputs (reports) produced by the Risk Management Unit.
 - Review the realization of the implementation of work plans and budgets made by each work unit (Group/Branch), in order to:
 - » Identifying the causes of significant deviations.
 - » Sets the requirements for corrective actions.
- c. Control of information systems
 - The Bank carries out verification of the accuracy and completeness of transactions, as well as the implementation of authorization procedures in accordance with applicable regulations.
 - The Bank carries out IT control measures to produce systems and data to maintain confidentiality and integrity and support the achievement of the Company's objectives.
 - Control of information systems includes:
 - » Control over data centre operations (databases), procurement systems, development and maintenance of systems/applications. Such control is applied to servers, and user work stations, as well as networks.
 - » Application control is applied to the program used by the Company in processing transactions and to ensure the availability of an effective audit process and to check the correctness of the audit process.

INTERNAL CONTROL SYSTEM

- d. Physical controls
 - i) Physical asset control is carried out to ensure the implementation of physical security of the Bank's assets.
 - ii) Physical asset control includes securing assets, records and documentation, as well as limited access to application programs.
 - iii) The Bank must check the value of assets (appraisal) periodically.
 - e. Documentation
 - i) The Bank formalizes and documents all policies, procedures, systems and work standards adequately.
 - ii) All policies, procedures, operational systems and accounting standards are updated regularly to describe actual operational activities, and must be informed to the Bank's officials and employees.
 - iii) Upon request, documents are always available for the benefit of internal auditors, external auditors and the Banking Supervisory Authority.
 - iv) The Internal Audit Unit assesses the accuracy and availability of these documents when conducting routine and non-routine audits.
2. Segregation of Duties
 - a. The separation of functions is intended for everyone in his/her position to not have the opportunity to commit and hide errors or deviations in the performance of his/her duties at all levels of the organization and all steps of operational activities.
 - b. The organizational structure is made by separating the functions of recording, audit, operational and non-operational (segregation of duties), hence to create a system of dual control, dual custody and avoid duplication of work in every activity and avoid conflicts of interest.
 - c. In carrying out the separation of functions, the Bank takes measures, including:
 - i) Establish certain functions or tasks in The Bank that are separated or allocated to several people in order to reduce the risk of manipulation of the Bank's data/ information or misuse of the Bank's assets.
 - ii) Such separation of functions is not limited to front and back-office activities, but also in the control against:
 - » assessment of the adequacy of credit documentation and monitoring of debtors after credit disbursement.
 - » other business activities that may cause conflicts of interest.
 - » independence of the risk management function at the Bank.
- d. Directors and Employees have an adequate job description that contains functions, duties, authorities and responsibilities.
 - e. The Board of Directors and Employees are prohibited from concurrently holding positions in the Bank's internal environment that can cause conflicts of interest.

Accountancy, Information and Communication Systems

1. Accounting System
 - a. The Bank has written accounting policies that meet the generally accepted accounting principles.
 - b. The Bank Accounting System includes methods and records in order to identify, group, analyse, classify, record/post and report all transactions and activities of the Bank.
 - c. The Accounting System must be applied consistently and persistently to all Bank transactions.
 - d. The Bank is obliged to reconcile the accounting data with the management information system every month. The results of the reconciliation are documented in an orderly manner.
 - e. Every Work Unit responsible for recording every transaction must record the transaction immediately, accurately, and carefully, and conduct control and monitoring processes to:
 - i) Review that each transaction has been recorded in the appropriate ledger.
 - ii) Review that each ledger corresponds accurately to its details.
 - iii) Resolve any outstanding accounts that have not been recorded in the appropriate ledger (temporary/holding accounts) promptly.
 - f. Every Work Unit that uses forms or worksheets must use standardized forms or worksheets containing appropriate security elements and supported by adequate documentation.

INTERNAL CONTROL SYSTEM

2. Information

- a. The Bank has an Information System that must be able to provide business activities, financial condition, risk management implementation, fulfillment provisions report to support Board of Directors and Board of Commissioners duties.
- b. The internal control system at least includes the provision of a reliable/adequate information system regarding all functional activities of the Bank, particularly functional activities that are significant and have a high potential for risk. Such information systems, including electronic data storage and use systems, must be guaranteed its security, monitored by independent parties (internal auditors) and supported by adequate contingency programs.
- c. The Bank ensures that information security is carried out effectively hence able to maintain the confidentiality, integrity and availability of information.

3. Communication

- a. The Bank has a communication system that is able to provide information to all stakeholders (interested parties) both internal and external, such as the Banking Supervisory Authority, external auditors, shareholders and customers of the Bank.
- b. The Internal Control System ensures that there is an effective communication channel hence the Management and Employees understand and comply with applicable policies and procedures in carrying out their duties and responsibilities.
- c. Management organizes effective communication channels/lines hence the necessary information is affordable to interested parties. This requirement applies to any information, both regarding established policies and procedures, risk exposure and actual transactions, as well as on the Bank's operational performance.

Monitoring Activities and Correcting Deficiencies

The Board of Directors continuously monitors the overall effectiveness of the implementation of SPI including but not limited to the effectiveness and security in the use of IT, where in its implementation the Board of Commissioners ensures that the Board of Directors has carried out proper monitoring.

Monitoring of the Company's main risks is part of the Company's daily activities including periodic evaluations, both by the Work Unit, Compliance Unit, Risk Management Unit, and Internal Audit Unit.

Related work units continuously monitor the adequacy of SPI related to changes in internal and external conditions and increase the capacity of the SPI hence its effectiveness can be improved. Meanwhile, if there are weaknesses in the SPI, both identified by the Work Unit (risk taking unit), Internal Audit Unit and other parties, it is immediately reported to the Management, and significant matter are also reported to the Board of Commissioners.

Compliance with SEOJK No. 35/SEOJK.03/2017 on Internal Control Standard Guidelines for Commercial Banks

SPI consists of 5 (five) components that are interrelated with each other and are effectively applied by all levels of organization in the Company in order to achieve the Company's objectives. The SPI component implemented by the Bank refers to the provisions of the Regulator and considers the principles/practices of internal control that apply internationally (international best practices).

The Internal Control System consists of 5 components that are interrelated with each other and determine the effectiveness of their application, namely:

1. Oversight by Management and a Control Culture
2. Risk Identification and Assessment
3. Control Activities and Separation of Functions
4. Accounting, Information, and Communication Systems
5. Monitoring Activities and Deviation Correction Actions

INTERNAL CONTROL SYSTEM

Evaluation of Internal Control System Implementation

The Board of Directors is responsible for the implementation of a reliable and effective SPI and has an obligation to improve an effective risk-aware culture and is obliged to ensure that it is inherent at every level of the organization.

Internal Audit is responsible for evaluating and playing an active role in improving the effectiveness of SPI on an ongoing basis related to operational implementation in achieving the targets set by the Company. Internal Audit conducts periodic reviews and audits on all activities in the Work Unit and Subsidiaries.

The results of the evaluation are submitted to the Board of Directors for follow-up and monitoring of its implementation to ensure that the SPI has performed effectively. The Board of Commissioners, particularly through the role of the Audit Committee, plays an active role in evaluating SPI by reviewing the results of the evaluation by the Internal Audit. Based on the evaluation that has been carried out during 2022, the results of SPI system at Bank Mandiri is adequate.

Effectiveness of Internal Control System

Internal Control System consisting of 5 (five) components as mentioned above, each other is interrelated and determines the effectiveness of SPI implementation in the Company.

The Management is responsible for the implementation of a reliable and effective Internal Control System and is obliged to improve an effective risk culture and to ensure that it is inherent at every level of the organization.

Internal Audit is responsible for evaluating and playing an active role in improving the effectiveness of the Internal Control System on an ongoing basis related to the implementation of the Company's operations in achieving the targets set by the Company. The results of the evaluation are submitted to management for follow-up and the implementation is monitored to ensure the Internal Control System is performed effectively.

The Management believes that the internal control system has been performing effectively, however improvements remain needed in line with the development and complexities of business.

COMPLIANCE FUNCTION

Bank Mandiri's Compliance Function is established as a series of preventive actions or measures to ensure that policies, provisions, systems, and procedures, as well as business activities carried out by the Bank are in accordance with the prevailing laws and regulations, as well as ensure the Bank's compliance with commitments made to the Regulator and/or other competent supervisory authorities

Align with the development and scope of Bank Mandiri's business that increasingly progressing and the rapid advancement of technology, it is a challenge to be cautious of compliance risks. As such, preventive measures are needed to minimize the occurrence of violations of internal regulations and prevailing laws and regulations.

Currently, all transactions carried out by Bank Mandiri are technology-based, this requires the Bank to move quickly and forward in collaboration to improve systems and strategies hence they can meet the needs of the society. Good and timely management of compliance risks and in line with the implementation of the latest risk management, is expected to minimize the impact of risks as early as possible. To address these risk exposures, it is necessary to implement a compliance function to minimize the occurrence of fraud that can cause losses to the Company.

In implementing the compliance function, Bank Mandiri refers to OJK Regulation No. 46/POJK.03/2017 concerning the Implementation of the Compliance Function of Commercial Banks. Currently, Bank Mandiri has compliance policies and standard procedures that outline the duties and responsibilities of the Compliance Unit (SKK) in carrying out compliance functions.

Organizational Structure of Compliance Functions

Organizations that carry out compliance functions are regulated in Bank Mandiri's Compliance Policy which is

further elaborated in detail in the Standard Compliance Procedures. The organization consists of:

1. Director in charge of the Compliance Function
2. Compliance Unit

Director In Charge of the Compliance Function

The Director who oversees the Company's Compliance Function is Mr. Agus Dwi Handaya as Director of Compliance & HR.

Compliance Unit

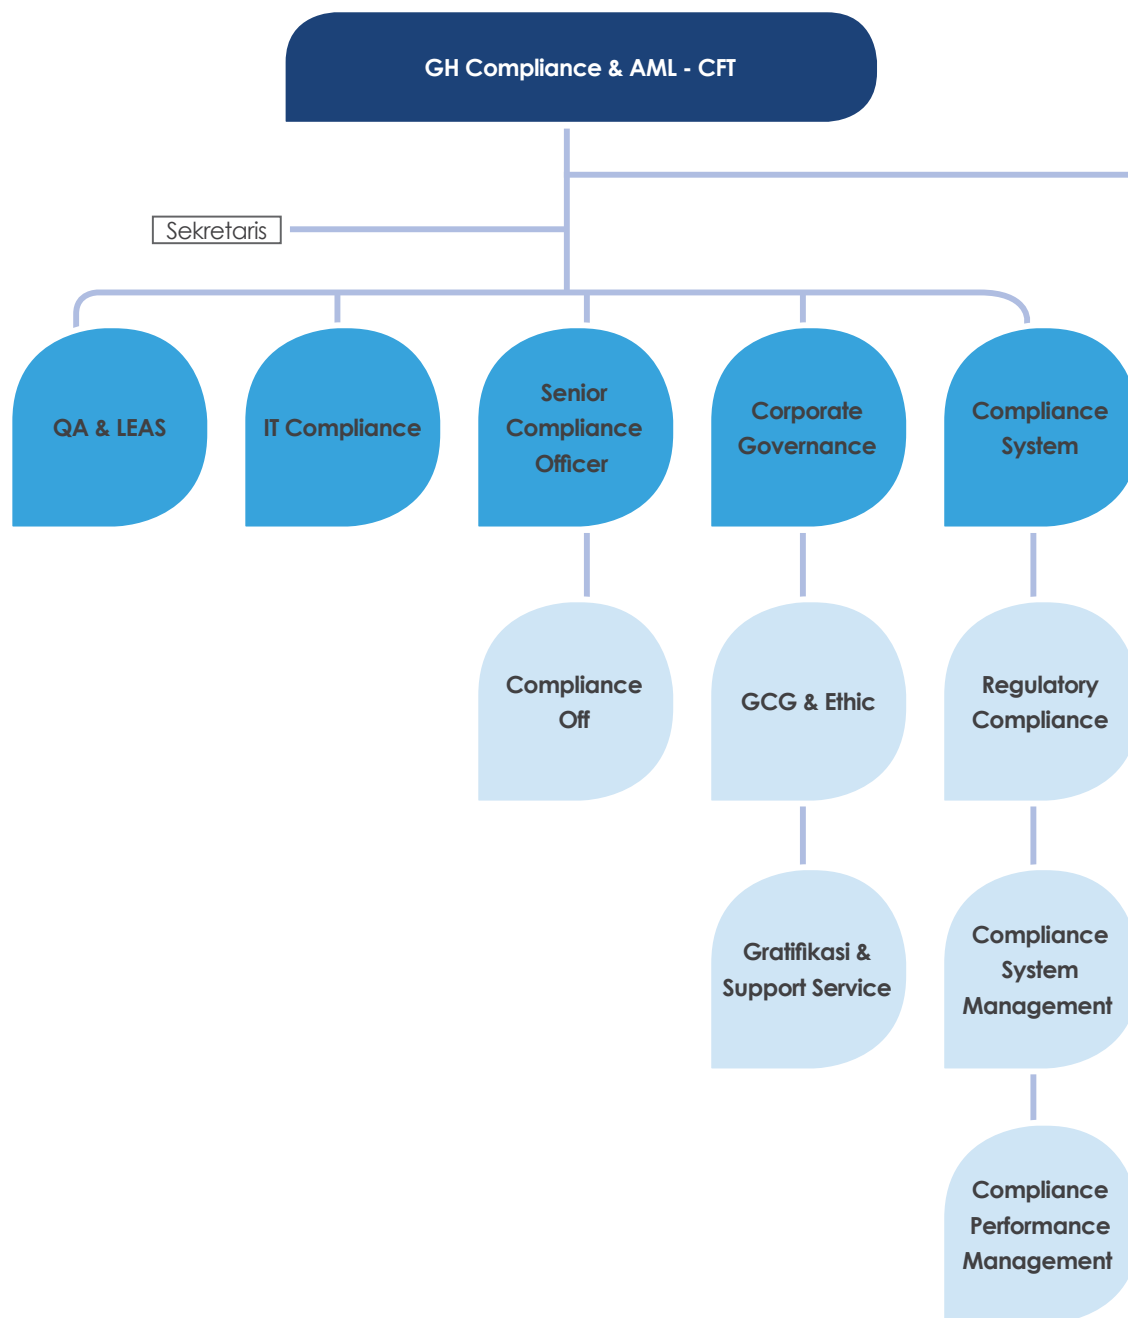

The Work Unit that acts as a Compliance Unit (SKK) at Bank Mandiri, which is directly responsible to the Director in charge of the Compliance Function is the Compliance & AML-CFT Group. In its role as a Compliance Unit (SKK), Compliance & AML- CFT Group has met the following requirements:

1. Independence.
2. Understanding the applicable provisions and laws and regulations.
3. Not performing other duties outside of the Compliance Function.
4. Have a high commitment to implement and develop a Compliance Culture.

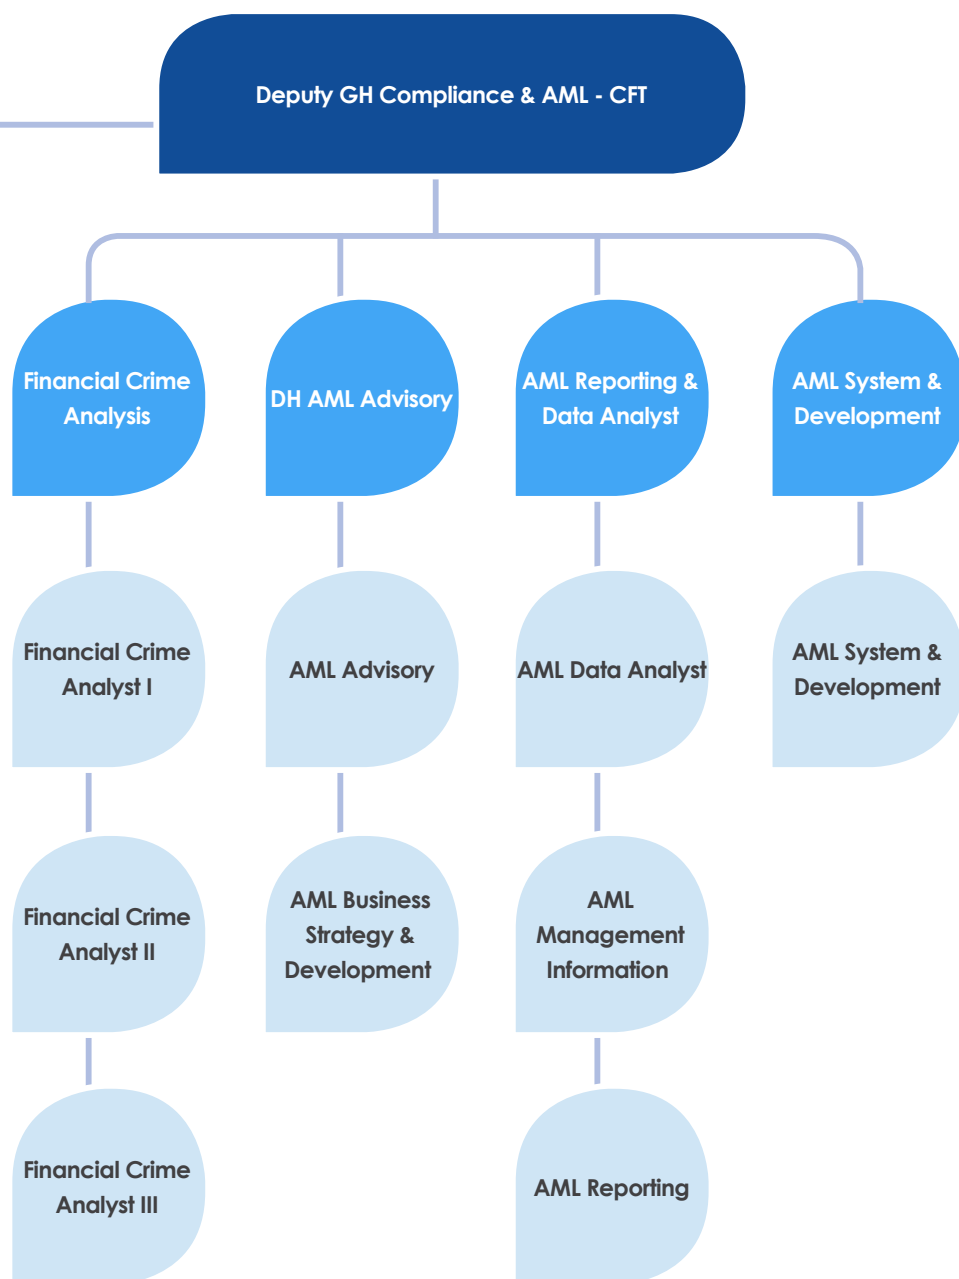

COMPLIANCE FUNCTION

In addition, in order to implement OJK Regulation No. 18/POJK.03/2014 concerning the Implementation of Integrated Governance for Financial Conglomerates, Compliance & AML- CFT Group also acts as an Integrated Compliance Unit (SKKT) to monitor and evaluate the implementation of compliance functions in all members of Financial Services Institutions (LJK) who are members of the Mandiri Group financial conglomerates.

To carry out these compliance functions, Compliance & AML-CTF Group consists of 5 (five) departments and 3 (three) functional units of Compliance Officer with the following structure:

COMPLIANCE FUNCTION

COMPLIANCE FUNCTION

Profile of Head of Compliance Function

The Bank's Compliance Unit is led by the Head of Compliance Unit. The appointment and/or dismissal of the Head of Compliance Unit refers to the Bank's Compliance Policy and is reported to the Regulator. Mr. Juliser Sigalingging was appointed as Compliance & AML- CFT Group Head based on the Board of Directors Decree No. KEP.DIR/HC.459/2020 dated 4 March 2020 regarding the Appointment and Assignment of Employee Positions.

Profile of Compliance & AML-CFT Group Head

Compliance Policies and Standard Procedures

Bank Mandiri already has in place the compliance policies and standard procedures that serve as the basis for all employees in fostering a Compliance Culture hence the Company's activities are always in line with prevailing laws and regulations and are based on the principle of prudence. The policies and standard procedures are reviewed periodically at least once a year according to the needs of the Bank and follow the changes in prevailing laws and regulations.

Bank Mandiri Compliance Policy

In general, Bank Mandiri's Compliance Policy contains guidelines for all employees in carrying out a Compliance Culture including: General Policy, Organization, Authority and Responsibility, Compliance Risk Management, Reporting, and Monitoring. The Compliance Policy also stipulates the Compliance Principles, which consist of:

1. The Company always complies with prevailing laws and regulations and applies the principle of prudence in carrying out all its activities (mandatory).
2. The Board of Commissioners and Board of Directors are role models based on honesty and integrity hence the implementation of compliance becomes the Company's culture (starts from the top).
3. All levels of the Company are fully responsible for carrying out compliance in each of their respective activities.

Bank Mandiri Standard Compliance Procedures

A more detailed elaboration of the Compliance Policy, which contains guidelines for the implementation of the Compliance Function, which includes organization, duties and responsibilities, governance and compliance work programs, implementation of compliance functions, compliance tools, enhancement of the effectiveness of compliance functions, compliance risks and its management, mitigation of compliance risks, as well as the relationship of the Compliance Unit (SKK) with the Internal Audit Unit (SKAI) and the Risk Management Unit (SKMR), particularly operational risk unit manager.

The implementation of compliance functions is carried out in the form of Compliance Assurance Services (CAS), namely Supervisory services, Review/examination services, Consultation services, Regulatory services.

Bank Mandiri Compliance Technical Guidelines

A procedure and technical operational process in carrying out compliance functions, which is an elaboration of the Compliance Procedure Standard. Specifically for compliance with provisions related to Anti-Money Laundering, Counter-Terrorist Financing, and Counter-Proliferation Financing of Weapons of Mass Destruction in the Financial Services Sector (AML, CTF, and PPPSPM), separate AML, CTF, and PPPSPM Policy and Guideline Standards apply.

In relation to the implementation of the integrated compliance function, Bank Mandiri already has the Mandiri Group Principle Guideline (MGPG) and the Mandiri Subsidiary Management Principles Guideline (MSMPG) as guidance in carrying out the integrated compliance function. Bank Mandiri, as the Main Entity, requires the financial institutions in the Financial Conglomerates to have compliance policies that are in line with Bank Mandiri's Compliance Policy and are adjusted to the applicable provisions in each industry of each LJK. As for the Overseas Unit, it is adjusted to the laws and regulations applicable in the local country.

Compliance Strategy 2023

To support the achievement of Bank Mandiri's vision in 2023, Bank Mandiri has established a compliance strategy so as to minimize the possibility of compliance risks and improve the compliance culture in each of the Bank's activities.

Compliance Function Work Programs in 2023

To support the improvement of the Compliance Culture, the following were efforts made by the Company:

1. Strengthening Compliance Infrastructure and Function Systems
2. Improvement of Compliance Culture
3. Improvement of Human Resources (HR) Competence

COMPLIANCE FUNCTION

4. Improvement of Awareness of Compliance Culture
5. Compliance Risk Management
6. AML-CFT Program Implementation
7. Implementation of Governance
8. Strengthening Integrated Governance
9. Reward & Punishment in the Implementation of Compliance Functions

Implementation of the 2023 Compliance Work Plan

Enhancement of Compliance Culture Awareness

1. Strengthening Compliance Infrastructure and Function Systems The compliance infrastructure and system of Bank Mandiri will be strengthened with the following explanation:
 - a. Review and sharpen policy materials, guidance standards, and compliance technical instructions.
 - b. Improvement of Knowledge Management System (KMS) Knowledge Management managed by Compliance & AML - CFT Group is a management system of internal and external regulatory documents, advocacy/opinion compliance, and sharing knowledge related to regulations.
 - c. To encourage the implementation of the code of ethics and support the implementation of the Anti-Fraud Strategy (SAF) program, the Bank also has a whistleblowing policy and mechanism, as well as a media for reporting whistleblowing complaints under the Letter to CEO (LTC). The LTC aims to detect deviant actions and/or acts or indications of fraud within Bank Mandiri, as well as encourage awareness and concern of all employees and improve the company's reputation with stakeholders.
 - d. Internal Application Development Supporting the implementation of the AML - CFT program.
2. Improvement of Compliance Culture
To build a compliance culture, the Bank has implemented a compliance test program for all levels of Bank Mandiri employees.
3. Improvement of Human Resources (HR) Competence
To improve the quality of human resources and implement competency standards in compliance, the Bank will conduct a Compliance Certification program at the national level, which will be attended by all employees of the Compliance Unit and Compliance Unit in the Work Unit.
4. Improvement of Awareness of Compliance Culture
As an effort to increase employee awareness regarding the importance of a Compliance Culture that can have an impact on compliance risk, the Bank conducts an awareness improvement program through the creation of a list of report obligations.
5. Compliance Risk Management
Compliance risk management is carried out regularly to minimize the occurrence of compliance risks. The compliance risk management process that has been carried out are:
 - a. Analysis of new provisions as a basis for preparing compliance risks and conducting prudential meetings with relevant work units to discuss the fulfilment of obligations for new regulations.
 - b. Socialization of new provisions resumes to all employees through electronic media.
6. Implementation of APU, PPT and PPPSPM Programs
Bank Mandiri is committed to improving the quality of AML-CFT and PPPSPM program implementation in line with POJK 8 of 2023 concerning the Implementation of Anti-Money Laundering Programs, Counter of Terrorism Financing, and Prevention of Financing of Proliferation of Weapons of Mass Destruction in the Financial Services Sector, as well as relevant prevailing laws and regulations, including the implementation of AML, CFT, and PPPSPM programs referring to International Best Practices, and Bank Business Plan.

In line with this, increasing expectations from Regulators/Authorities on the implementation of AML, CFT, and PPPSPM regimes in the Financial Services Sector in order to achieve Indonesia becoming a member of the Financial Action Task Force (FATF) on Money Laundering, encourage the Bank to continuously strengthen and improve all aspects that support the effectiveness of AML, CFT, and PPPSPM implementation in accordance with FATF Recommendations, National Risk Assessment (NRA), and Sectoral Risk Assessment (SRA).

Throughout 2023, Bank Mandiri has carried out a series of programs to strengthen the implementation of AML, CFT and PPPSPM programs, including :

- a. Updating the risk assessment of TPPU, TPPT, and PPSPM, as well as mitigating their risks;

COMPLIANCE FUNCTION

- b. Discussion on the implementation of AML, CFT, and PPPSPM programs with the Board of Directors and Board of Commissioners;
- c. Review and evaluation of Policies and Procedures related to the implementation of AML, CFT, and PPPSPM;
- d. Improvement of Systems and Applications Supporting the implementation of AML, CFT, and PPPSPM programs;
- e. Implementation of internal and external audits related to the implementation of AML, CFT, and PPPSPM programs;
- f. Increasing the competence and capability of Human Resources related to the implementation of AML, CFT, and PPPSPM programs;
- g. Fulfillment of reporting obligations related to AML, CFT, and PPPSPM;
- h. Implementation of evaluation and monitoring of the implementation of Integrated AML, CFT, and PPPSPM programs;
- i. Improving the Quality of Customer Data; and
- j. Other programs to support the increased implementation of AML, CFT, and PPPSPM programs.

7. Implementation of Governance

As a form of Bank Mandiri's commitment and consistency in implementing Governance to maintain business continuity, Bank Mandiri makes continuous improvements to the implementation of Governance. To improve the implementation of Governance continuously, Bank Mandiri conducts a Governance self-assessment – bank only based on POJK No. 17 of 2023 and SEOJK No. 13/POJK.03/2017 concerning the Implementation of Governance for Commercial Banks.

8. Strengthening Integrated Governance

The synergy of compliance with financial institutions in the Bank Mandiri Financial Conglomerates covers several subjects, including compliance risk management, the implementation of AML - CFT and the implementation of Integrated Governance

- a. In relation to the integrated compliance risk management process, the Bank will hold a discussion forum on the compliance risks of each Financial Conglomerate, and monitor the implementation of the Financial Conglomerate compliance function in the Financial Conglomerates through regular quarterly reporting.
- b. In relation to the implementation of integrated AML-CFT, Bank Mandiri is fully committed to realizing the implementation of risk-based AML and CFT programs with integrity in financial conglomeration, by always providing assistance to subsidiaries on aspects of organization, policies & procedures and human resources.
- c. In relation to the implementation of Integrated Governance, Bank Mandiri conducts self-assessment of the implementation of Integrated Governance based on POJK No. 18/POJK.03/2014 and OJK Circular No. 15/SEOJK.03/2015 concerning the Implementation of Integrated Governance for Financial Conglomerates. The self-assessment is carried out twice a year (June and December period) engaging all subsidiaries.
- d. In relation to the implementation of Integrated Governance, Bank Mandiri urges Financial Service Institutions in Financial Conglomerates to participate in Good Corporate Governance assessment activities by independent parties, namely The Indonesian Institute for Corporate Governance (IICG) with the aim of improving the application of the principles of Good Corporate Governance in the Financial Conglomerates of Bank Mandiri.

9. Reward & Punishment in the Implementation of Compliance Functions

In order to develop the compliance function, the Internal Control Score (ICS) parameter has been prepared as one of the components of the performance assessment of Bank Mandiri's work units related to the implementation and role of the compliance function in each work unit. The evaluation is expected to improve the quality of compliance culture implementation and compliance risk management in minimizing risks that may occur due to non-compliance with prevailing regulations.

COMPLIANCE FUNCTION

Evaluation of Compliance Function Effectiveness

The implementation of activities and performance of the Compliance Function is evaluated and assessed by the Compliance Director for the purpose of improving the effectiveness of implementation in the coming year. Compliance Function assessment criteria is based on Annual Work Plan, Key Performance Indicators (KPI) and Work Program/Work Activity of Non-Key Performance Indicator (Non KPI). The assessment based on KPIs includes aspects of Financial Perspective, Customer Perspective, Internal Business Perspective and Development Perspective.

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

Bank Mandiri effectively and efficiently implements AML, CFT, and PPPSPM programs by enhancing the competence of human resources and the reliability of the support system for the implementation of AML, CFT, and PPPSPM programs. The Bank continues to upgrade and strengthen the system by implementing new flexible and relevant technology, which is necessary given the growth in digital financial transactions and the Bank's current development.

The rapid and dynamic development of innovation and technology in the Financial Services Sector fosters Bank Mandiri to carry out business transformation through digitalization. This is stated as one aspect of Bank Mandiri's long-term strategy, namely "Game Changing Technology" which needs to be balanced with the application of the principles of prudence, security, confidentiality, and adequacy of risk mitigation in preventing the Bank from being used by perpetrators of Money Laundering (TPPU), Terrorism Financing (TPPT), and/or Financing the Proliferation of Weapons of Mass Destruction (PPSPM).

In line with the results of the FATF Plenary Meeting in Paris in October 2023, Indonesia has officially become a full member of the FATF, in which case Bank Mandiri's active contribution in the MER process has yielded positive results. This also makes it a new challenge for Bank Mandiri to continue to consistently support the AML, CFT, and PPPSPM regimes in Indonesia as a form of participation to develop the country.

In this regard, in order to strengthen the implementation of AML, CFT, and PPPSPM programs, Bank Mandiri is guided by the Provisions, Regulations, Risk Management, Bank Business Plan, and International Best Practices to realize Bank Mandiri's aspiration "Towards the Future of the Financial Services Sector with Integrity". The commitment to realize this is carried out through a series of strategies for implementing risk-based AML, CFT, and PPPSPM programs, focusing on aspects of Procedure & Process, System & Technology, and Human Resources in a sustainable manner.

Policies and Procedures for the Implementation of AML, CFT and PPPSPM Programs

The Bank has policies and procedures for the implementation of AML, CFT, and PPPSPM programs that are in line and in accordance with laws and regulations and International Best Practices which include, among others:

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

1. Active Supervision of the Board of Directors and Board of Commissioners;
2. Annual risk assessment of TPPU, TPPT, and/or PPSPM;
3. Identification and verification of Prospective Customers, Customers, and WICs, which include, among others, the Indonesian Diaspora and Individual Companies;
4. Identification and verification of Prospective Customers, Customers, WICs, and Beneficial Owners, including Prospective Customers who claim to have no income and Government Agencies/ State Institutions/ Public Companies;
5. Maintenance and updating of DTTOT & DPPSPM for the needs of screening for prospective customers and Bank Mandiri customers;
6. Obligation to ensure that Supporting Professional Services have implemented AML, CFT, and PPPSPM programs, and are registered in the reporting information system managed by PPATK;
7. Pre-employee screening procedures and know your employees, Directors, and Commissioners;
8. Fund Transfer Procedure;
9. Administration of Customer Documents and Transactions;
10. Customer Profile and Transaction Monitoring Procedures;
11. Implementation of AML, CFT, and PPPSPM Programs in Office Networks and Subsidiaries in Financial Conglomerations;
12. Internal Control;
13. Transaction Suspension and Transaction Temporary Suspension; and
14. Obligation to submit data for OJK supervision needs

Organizational Structure of AML, CFT, and PPPSPM

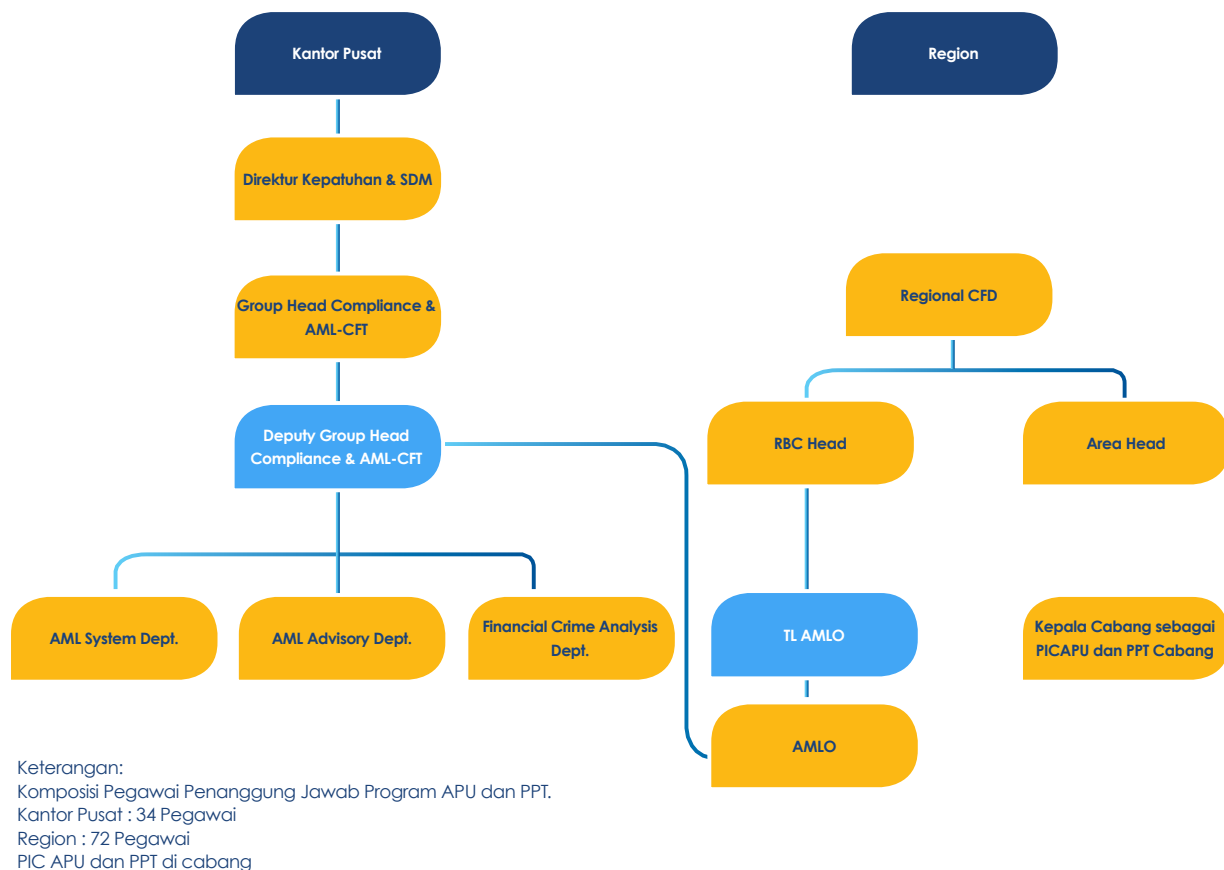

The effectiveness of the implementation of AML, CFT, and PPPSPM programs is inseparable from the active role of the Board of Directors and the Board of Commissioners which are the main keys in supervising the implementation of compliance culture including the implementation of AML, CFT, and PPPSPM programs. The involvement of the Board of Directors and Board of Commissioners is directly manifested in the Audit Committee and Integrated Governance Committee which discusses, among others, review of policies and procedures, management of customer data quality, implementation of AML, CFT, and PPPSPM programs, governance of the Financial Conglomerate, and other programs that support the improvement of Bank Mandiri's AML, CFT, and PPPSPM programs.

The AML, CFT, and PPPSPM functions at Bank Mandiri are carried out by the Special Work Unit (UKK) of AML, CFT, and PPPSPM at the Head Office which is responsible to the Director in charge of the compliance function. The measurement of the effectiveness of the implementation of AML, CFT, and PPPSPM programs in Branches is carried out by AMLO in each Region, which routinely coordinates with UKK AML, CFT, and PPPSPM at the Head Office as the coach of the AML, CFT, and PPPSPM programs at Bank Mandiri.

Bank Mandiri also supervises the effectiveness of AML, CFT, and PPPSPM program implementation in a network of offices domiciled overseas and Subsidiaries as the main entity in the Financial Conglomerate which is carried out continuously through risk-based AML, CFT, and PPPSPM programs in 5 (five) pillars, which are carried out with on-desk review methods and periodic discussion forums.

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

The Organizational Structure of AML, CFT, and PPPSPM can be described as follows:

AML, CFT, and PPPSPM Programs in 2023

Bank Mandiri's commitment in supporting the National AML, CFT, and PPPSPM regimes has been outlined in risk-based AML, CFT, and PPPSPM work programs, including the following:

1. The updated risk assessment of TPPU, TPPT, and PPPSPM Bank (Individual Risk Assessment/IRA) which refers to the results of the latest national risk assessment (NRA) and sectoral (Sectoral Risk Assessment/SRA) which assesses based on 4 (four) factors, customers, countries or geographic areas, products, services, transactions or distribution networks;
2. Drafting, adjusting, updating, and ensuring the adequacy of AML, CFT, and PPPSPM in all internal Bank Mandiri regulations in accordance with applicable regulations;
3. Review and evaluation of the adequacy and effectiveness of the implementation of AML, CFT, and PPPSPM programs perform by Work/Business Units, Branches, and Overseas Branches (CLN);
4. Implementation of Quality Quotation Test for Suspicious Financial Transaction Indication Reports;
5. Quality improvement and monitoring of reporting obligations related to AML, CFT, and PPPSPM, including Suspicious Financial Transaction Reports (LTKM), Cash Financial Transaction Reports (LTKT), Financial Transaction Reports of Fund Transfer From and to Abroad (LTKL), and Integrated Service User Information Systems (SIPESAT), including obligations to report AML, CFT, and other PPPSPM in accordance with the provisions and do not exceed Service Level Agreement (SLA) determined by the Regulator.

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

6. Improvement of systems and applications supporting the implementation of AML, CFT, and PPPSPM programs, including:
 - a. Development of an internal goAML application system used for reporting obligations in accordance with goAML PPATK requirements;
 - b. Enhancement to existing AML System applications and supporting applications;
 - c. Enhancement of New AML System to be able to follow technological developments in the application of AML, CFT, and PPPSPM and reporting obligations according to Regulatory requirements;
 - d. Developing the Mandiri Screening Portal (MSP) application which is a screening tool for profiles of prospective customers and Bank Mandiri customers against the sanction list database (DTTOT, DPPSPM, OFAC, EU, and UN), PEP, and Bank Mandiri's internal negative information.
 - e. Improvement of the Suspicious Credit Card Transaction Monitoring application system;
7. Increasing awareness and competence in implementing AML, CFT, and PPPSPM programs for all levels of Bank Mandiri employees, especially UKK AML, CFT, and PPPSPM at the Head Office and Region, including through certification, refreshment, socialization, and training;
8. Appointment as a Subject Matter Expert (SME) related to the implementation of AML, CFT, and PPPSPM programs in the implementation of Benchmarks with other companies in the financial services sector;
9. Improving Customer Data Quality through data improvement and/or updating programs that focus on the availability of LAKU (Comprehensive, Accurate, Current, and Complete) Customer information;
10. Establish and foster cooperation and coordination with Regulators, Law Enforcement Officials, and other stakeholders, in order to increase the effectiveness of AML, CFT, and PPPSPM implementation;
11. Supervision of the implementation of AML, CFT, and PPPSPM programs in the Financial Conglomeration (Integrated) through:
 - a. Review the provisions of the AML, CFT, and PPPSPM programs of Subsidiaries and Overseas Branches (CLN).
 - b. Monitoring the implementation of AML, CFT, and PPPSPM programs in Subsidiaries and CLN related to reporting obligations, fulfillment of audits related to AML, CFT, and PPPSPM, and adjustment of internal provisions with applicable AML, CFT, and PPPSPM regulations.
 - c. Implementation of working group discussion on the implementation of AML, CFT, and PPPSPM programs with Subsidiaries and CLN.
 - d. Discussion Forum of the Board of Directors and Board of Commissioners on the implementation of AML, CFT, and Integrated PPPSP.
 - e. Monitoring the implementation of AML, CFT, and PPPSPM of Subsidiaries and CLN through regular quarterly reports.
12. Taking an active role in work programs or activities organized by the Regulator, including:
 - a. Implementation of Financial Integrity Rating on Money Laundering and Terrorist Financing (FIR on ML/TF) Year 2023 to Financial Service Providers.
 - b. Appointment as a Respondent related to the preparation of SRA TPPU and TPPT Derived from Trafficking in Persons (TPPO), Migrant Smuggling Crime (TPPM), and Labor Smuggling Crime (TPTK) in 2023.
 - c. Appointment as a respondent in the preparation of Indeks Effectiveness PPATK 2023.
 - d. Subject Matter Expert (SME) in the implementation of Benchmarking, webinars and Forum Group Discussion (FGD) organized by OJK, PPATK and other agencies.

FUNDING TO SOCIAL AND/OR POLITICAL ACTIVITIES

In 2023, as a manifestation of its social and environmental responsibility, Bank Mandiri has allocated an expenditure for the development of community and environment aspects amounted to Rp174.6 billion.

No.	Description	Costs (Rp)			
		2023	2022	2021	2020

CODE OF CONDUCT

Bank Mandiri has a code of conduct in place that explains the basic principles of personal and professional behavior carried out by the Company. The code of conduct applies to all Bank Mandiri employees both contractual and permanent employees, and applies to all Board of Commissioners and Directors. The application of a code of conduct is expected to encourage the realization of professional, responsible, reasonable, appropriate and trustworthy behaviour in conducting business relationships with fellow co-workers and work partners.

The Company instils its core values and builds a strong culture through Code of Conduct as a commitment to enhancing the integrity of each of its employees in applying good corporate governance.

The Code of Conduct contains the Company's commitment to its various stakeholders to uphold business ethics and work ethics of the Company's personnel. The Code of Conduct applies to all personnel of the Company including the Board of Commissioners, Board of Directors, employees and other individuals or Institutions associated with the Company's business, whether in relation to the business ethics, work ethics or daily behavior. Every employee is required to behave in reflection of the Company's values in realizing its vision and mission.

The work ethic is an elaboration of the basic principles of personal and professional behaviors that are expected to be obeyed by Bank Mandiri Personnel. The business ethics are moral principles related to the behaviors of the individuals, protection of bank properties, and bank business activities including in its interaction with stakeholders as the basis for the behavior of the Bank in conducting its business operations. Those are standard behaviors that have to be implemented in all organizational levels.

CODE OF CONDUCT

Code of Conduct Basic Principles

The main points of Bank Mandiri's code of ethics contain arrangements for work ethics and business ethics. The work ethic that regulates Bank Mandiri personnel's behaviors covers the following aspects:

1	Conflict of interest	<p>Conflict of interest is a condition in which the Board of the Bank in carrying out its duties and responsibilities have interests beyond the interests of the service, both concerning personal, family or the interests of other parties so that the Board of the Bank of the possible loss of objectivity in making decisions and policies appropriate authority that the Bank has given. Therefore, the entire personnel of the Bank:</p> <p>Shall avoid activities that may cause a conflict of interest and report to the direct supervisor if unable to avoid.</p> <ol style="list-style-type: none"> Shall be prohibited to give consent and or request approval of any loan facilities, as well as special interest rates or other specificity for: <ol style="list-style-type: none"> Himself/Herself. His family. Companies where he and/or his family have an interest Shall be prohibited to work for another company, unless it has received a written assignment or permission from the Bank. Board of Commissioners and Board of Directors that follow regulatory requirements. Shall be prohibited to become a direct or indirect partner, either a partner for goods or services for the Bank. Shall be prohibited to collect goods belonging to the Bank for personal, family or other outside interests. Only allowed to conduct securities transactions, foreign exchange trading, precious metals, derivative transactions and other goods for their own benefit in the absence of conflict of interest, violation of insider trading rules of the Capital Market Authority, and other regulations.
2	Confidentially	<ol style="list-style-type: none"> Shall be required to understand and maintain the confidentiality of any information, in accordance with prevailing regulations Shall use the information received only for the banking activities. In providing information, must act in accordance with applicable provisions. To avoid misuse, the dissemination of customer information in the Bank's internal environment is done carefully and only to interested parties. Shall be prohibited from disseminating information to outside parties regarding: <ol style="list-style-type: none"> Bank Activities with the Government of the Republic of Indonesia. Internal policies and Bank work procedures. Management of Information Systems, Data and Reports Employee data, whether active or not Bank business activities, including activities with customers and partners. Except with the approval of the authorized Bank official or because of orders based on applicable laws and regulations. The obligation to maintain special matters that must be kept confidential, still applies to former Bank employees.
3	Position Abuse and Gratification	<ol style="list-style-type: none"> Shall be prohibited from abusing authority and taking advantage of directly or indirectly, from knowledge obtained from the Bank's business activities to: <ol style="list-style-type: none"> Personal benefits. Benefits for family members. Benefits for other parties. Shall be prohibited from requesting or accepting, permitting or agreeing to accept gratuities related to his position and contrary to his obligations in accordance with applicable laws and regulations. The types of gratuities and reporting mechanisms will be regulated in separate provisions. Shall be prohibited from requesting or accepting, permitting or agreeing to receive a gift or reward from a third party who obtains or seeks to get a job related to the procurement of goods or services from the Bank. In the case of customers, partners and other parties giving gifts in the form of goods or in other forms at certain times such as on holidays, certain celebrations, disasters and others, if: <ol style="list-style-type: none"> As a result of receiving the gift it is believed that it has a negative impact and affects the bank's decision, and The price of the gift is outside the reasonable limit, Then, the Bank Officers who receive the gift must immediately return the gift with a polite explanation that the Bank's Staff is not permitted to receive gifts. In the case of giving gifts as mentioned in point (d) above for one reason or another it is difficult to be returned, members of the Bank's Staff who receive the gift must immediately report to UPG with a copy to the Head of the Work Unit. In the case of customers, partners and other parties providing promotional items, so long as the result of receipt of the promotional item does not cause a negative impact, it is permissible to accept it. In order to procure goods and services from third parties for bank services, must try to get the best price with a maximum discounted price which is recorded for the Bank's profit. Shall be prohibited from using his position to borrow from a customer or to borrow from a customer. Shall be prohibited from taking advantage of the opportunity to use the Bank's facilities for its own benefit beyond those provided by the Bank.

CODE OF CONDUCT

4	Insider's behavior	<ol style="list-style-type: none"> 1. Bank employees who have confidential information are not permitted to use the information to take advantage of themselves, their families or other third parties. 2. Shall be prohibited from using internal information to make purchases, or trade securities, unless the information is known to the public. 3. Shall be prohibited from misusing his position and taking advantage of both directly and indirectly for himself and others who can influence the decision. 4. Decision making to sell or buy Bank assets and other services must be done by prioritizing the interests of the Bank.
5	Bank Data Integrity and Accuracy	<ol style="list-style-type: none"> 1. Shall be obliged to present accurate and accountable data. 2. Not allowed to book and/or change and/or delete books, with a view to obscuring the transaction. 3. It is only permitted to make changes or deletion of data based on the authorization of the competent authority in accordance with procedures established by the Bank. 4. Not allowed to manipulate documents.
6	Banking System Integrity	<ol style="list-style-type: none"> 1. Must always be introspective and avoid the involvement of the Bank in criminal activities in finance and banking. 2. Must be suspicious of unusual transactions and must take preventive actions in detecting accounts suspected of being used for activities such as money laundering, terrorism financing, corruption and other crimes.

The business ethics as the basis for the behaviour of the Bank's employees in carrying out business activities, covers the following aspects:

1	Individual behavior	<ol style="list-style-type: none"> 1. Personal integrity <ol style="list-style-type: none"> a. Upholds morals, has self-esteem and strong discipline. b. Maintain personal integrity in accordance with applicable rules, regulations, policies and systems. c. Has a commitment to maintain the Bank's image and reputation. d. Rely on all actions and behaviors on pure conscience. e. Act respectfully and responsibly and free from influences that allow loss of objectivity in carrying out tasks or cause the Bank to lose its business or reputation. f. Avoid activities related to an organization and/or individuals that enable conflicts of interest. g. Both individually and jointly always strive not to be involved in matters that can weaken or reduce the integrity of the banking system in Indonesia. 2. Treatment/Actions of Discrimination <ol style="list-style-type: none"> a. Uphold human rights. b. Prevent discrimination in all its forms. c. Acts of Harassment by Bank Officers must avoid all forms of conduct that violate public order and morality. 3. Acts of harassment <p>Must avoid all forms of actions that violate public order and morality</p>
2	Protection of Bank Property	<ol style="list-style-type: none"> 1. Bank Property <ol style="list-style-type: none"> a. Always maintains and protects all assets owned by the Bank, both tangible and intangible. b. Using the Bank's assets only for activities related to the interests of the Bank. c. Use the Bank's assets responsibly including the appropriateness of the designation. 2. Confidential Information Protection <ol style="list-style-type: none"> a. Protect and prevent valuable and confidential information from loss, misuse, leakage and theft. b. Do not disseminate reports/information about banks that are not intended to be public. 3. Intellectual Property of the Bank <ol style="list-style-type: none"> a. Safeguard the Bank's intellectual property. b. Dedicate competencies held for the interests of the Bank as intellectual property of the Bank. 4. Note and Reporting <ol style="list-style-type: none"> a. Responsible for the accuracy and completeness of the notes and reports presented.

CODE OF CONDUCT

3	Implementation of Bank Business	<ol style="list-style-type: none"> 1. Mis-representation <ol style="list-style-type: none"> a. Bank staff representing the Bank in dealing with third parties act according to their capacity and authority. b. Bank staff representing the Bank provide correct information, documents and reports in the right way. c. The Bank's Board of Directors avoids actions that can cause misunderstanding from other parties. 2. Relations with Business Partners <ol style="list-style-type: none"> a. always prioritize the interests of the Bank in dealing with business partners. b. Prevent the occurrence of corruption, collusion and nepotism and negative images in dealing with work partners. c. In working with partners, the principles of professionalism and justice are based on good faith. 3. Behaviour in Competing <ol style="list-style-type: none"> a. Responsible for creating and maintaining healthy competition in conducting business. b. Avoid and prevent unfair ways of competing in developing his career. 4. Adhere to the ethical principles and provisions that apply in fostering relationships with Regulators
---	---------------------------------	--

Respectful Workplace Policy (RWP) is a policy on a safe work environment, respecting and protecting human value and dignity, promoting mutual respect, free from discrimination, exclusion or restrictions, bullying and harassment, as well as various other forms of violence both mental and physical for all levels of the Bank including parties related to the Bank.

RWP is structured to create a harmonious, inclusive, conducive and productive work environment so as to foster the Bank's business sustainability and uphold Human Rights.

In order to implement RWP principles, all levels of the Bank must respect equality and differences (prohibited from behaving/discriminating), and avoid disrespectful behavior, including but not limited to behavior that will offend, intimidate, humiliate others, and/or various forms of harassment, bullying and other forms of violence that have the potential to degrade human value and dignity.

The Head of Work Unit has the role, duty, and responsibility to realize and maintain a harmonious, inclusive, conducive and productive work environment in their respective work units

Compliance to Code of Conduct

Bank Mandiri has a code of conduct that explains the basic principles of personal and professional behavior carried out by the Company. The code of conduct applies to all Bank Mandiri employees both contractual and permanent employees, and applies to all Board of Commissioners and Directors.

The application of a code of conduct is expected to encourage the realization of professional, responsible, reasonable, appropriate and trustworthy behaviour in conducting business relationships with fellow co-workers and work partners.

Dissemination of the Code of Conduct

The code of conduct has been communicated and socialized to the Board of Commissioners and its supporting aspects, Directors, officials one level below the Board of Directors and all employees, including through:

1. Company Website.
2. Email administrator delivered to all employees of the Company.
3. At the time of the signing of the collective labour agreement carried out between the union of the Company and the management of the Company.
4. Standing banners, flyers and other advertising media in the Company's office area.

In addition, the code of conduct can also be accessed at any time by all employees of Bank Mandiri through the Bank Mandiri portal called the Knowledge Management System (KMS).

Effort In Implementation and Enforcement of the Code of Conduct

The employees can report alleged violations of the implementation of the code of conduct to superiors through a whistleblowing system mechanism called a Letter to CEO (LTC). Any action that has been proven as a violation of the code of conduct will be subject to sanctions in accordance with applicable regulations.

CODE OF CONDUCT

Efforts to implement and enforce the Bank Mandiri code of conduct are carried out with full awareness in the form of commitments, attitudes and actions, which include:

1. Statement of Compliance with the Bank Mandiri Code of Conduct

Bank Mandiri Personnel are required to read, understand well and are required to sign a "Statement of Compliance with the Bank to the Code of Conduct".

2. Commitment of Management and Entire Bank Mandiri Employees

Management's commitment and entire employees of Bank Mandiri to not receive money and/or items of gratuity and/or gifts related to their obligations or duties are published through the mass media and the Company's website.

3. Annual Disclosure of Conflict of Interest

Bank Mandiri personnel are required to make annual disclosures related to conflicts of interest each year, and each work unit is required to submit a transaction/decision report containing a conflict of interest every quarter.

4. Integrity Pact

The integrity pact is signed by executives with authority and all partners/vendors of Bank Mandiri who are involved in the process of lending, procurement of goods and services, and accreditation of partners. In addition, the signing of the Annual Integrity Pact is carried out by all Board of Commissioners, Directors, and Executives of Bank Mandiri in an effort to implement gratuity control. All Bank Mandiri employees also sign the Integrity Pact for the application of gratuities every 1 (one) year.

5. Awareness Program

New Bank Mandiri employees will get the Bank Mandiri Code of Conduct induction program called the jump start program, as well as continuous and consistent policy socialization.

Types of Sanctions for Code of Conduct

The sanctions for Code of Conduct violation are categorized into 3 (three) types, namely minor, medium and serious sanctions. Every violation of the Code of Conduct will be subject to sanctions in accordance with the applicable Employee Discipline Regulations of Bank Mandiri, including criminal sanctions stipulated in the prevailing laws and regulations.

ANTI-CORRUPTION PROGRAM

Bank Mandiri strives to implement anti-corruption and anti-bribery practices and culture within the Company by instilling the corporate core values and establishing several regulations and/or policies related to corruption prevention, such as internal control policies, Employee Discipline Regulations, Code of Conduct, Business Ethics and reflected in the development of Corporate Culture, among others, instilling integrity values at all levels of the Bank

The actions taken by Bank Mandiri to address issues of corruption practices, specifically in the Code of Conduct, have been regulated as follows:

1. Comply with external and internal regulations
2. Prohibit all levels of the Bank from requesting or receiving, agreeing to receive a gift or reward from a third party that obtains or seeks to obtain facilities from the Company in the form of a "cash loan and non-cash loan" facility, or in order to purchase or discount letters notes, promissory notes, checks and trade papers or other proof of liability, or other facilities related to the Bank's operations and those related to the procurement of goods and services from the Bank.
3. Prohibition to all levels of the Bank in misusing their authority and taking advantage both directly and indirectly from the knowledge obtained from the Company's business activities to:
 4. Personal advantage
 5. Benefits for family members
 6. Benefits for other parties
 7. Providing sanctions from minor to serious for violators of the prohibition.

In order to eradicate corruption, on 4 November 2014, the Company declared a commitment to the Corruption Eradication Commission to:

8. Build a National Integrity System with a Work Culture and Prosperity Spirit approach.
9. Implement gratuity controls to support efforts to eradicate corruption in the Company.

As an implementation of the commitment, Bank Mandiri has done the following:

1. Established a gratuity Control Unit which is part of the Compliance unit as coordinator of gratuity control at Bank Mandiri.
2. Issued provisions regarding the gratuity control program within the Bank Mandiri, which every year or according to the needs of the Company are continually refined in line with the development of the Company and/or fulfilment of the laws and regulations and lastly as refined in 2023.
3. Conduct dissemination of the gratuity control program to all levels of Bank Mandiri employees and stakeholders.

GRATIFICATION POLICY

Bank Mandiri recognizes the importance of gratification control in keeping corporate operations functioning in compliance with business principles that uphold the value of integrity. Gratification control strives to establish Good Corporate Governance values in all employees, to ensure daily business interactions with customers, vendors, partners, and all stakeholders are always founded on ethics, mutual trust, and responsibility. Consequently, business interests can continue to operate successfully and ethically while not violating the restrictions of the gratuity prohibition

Bank Mandiri has in place the Operating Technical Guideline of Gratification Control that regulates the prohibition on receiving gratuity for all Bank Mandiri employees. Currently, Bank Mandiri strives to make continuous improvements in the implementation of its gratification controls.

Anti-Bribery Management System

To continuously foster Gratification Control program, specifically on anti-bribery that in line with the ISO 37001:2016 Standard of Anti-Bribery Management System, Bank Mandiri has stipulated the following matters:

1. Prohibits bribery practices and its kinds in the company's environment;
2. Compliance with laws and regulations and other prevailing rules related to anti-bribery;
3. Align the anti-bribery policies with the company's objectives;
4. Corporate governance that fosters the achievement of anti-bribery goals;
5. Commitment to fulfil the requirements of Anti-Bribery Management System;
6. Promote the improvement of anti-bribery awareness to related stakeholders;
7. Carry out sustainable improvement principles in the Anti-Bribery Management System;
8. Provide responsibility, authority, and independency to Anti-Bribery Compliance Functions;

9. Sanctions to the violators of the rules in the Anti-Bribery Management System.

Bank Mandiri has received ISO 37001:2016 Certificate of Anti-Bribery Management System for the scope of Procurement & Vendor Management since 10 August 2020 and addition of Internal Audit Process scope, thereby it changed to become Procurement, Vendor Management and Internal Audit Process since 20 September 2022. The updated ISO 37001:2016 Anti-Bribery Management System certificate with the scope of Procurement, Vendor Management and Internal Audit Process was obtained on 13 October 2023.

Bank Mandiri has obtained ISO 37001:2016 Anti-Bribery Management System Certificate for the scope of Procurement & Vendor Management for the first time on August 10, 2020. The updated ISO 37001:2016 Anti-Bribery Management System certificate was obtained on October 13, 2023 with the scope of Procurement, Vendor Management and Internal Audit Process.

Gratification Control Management

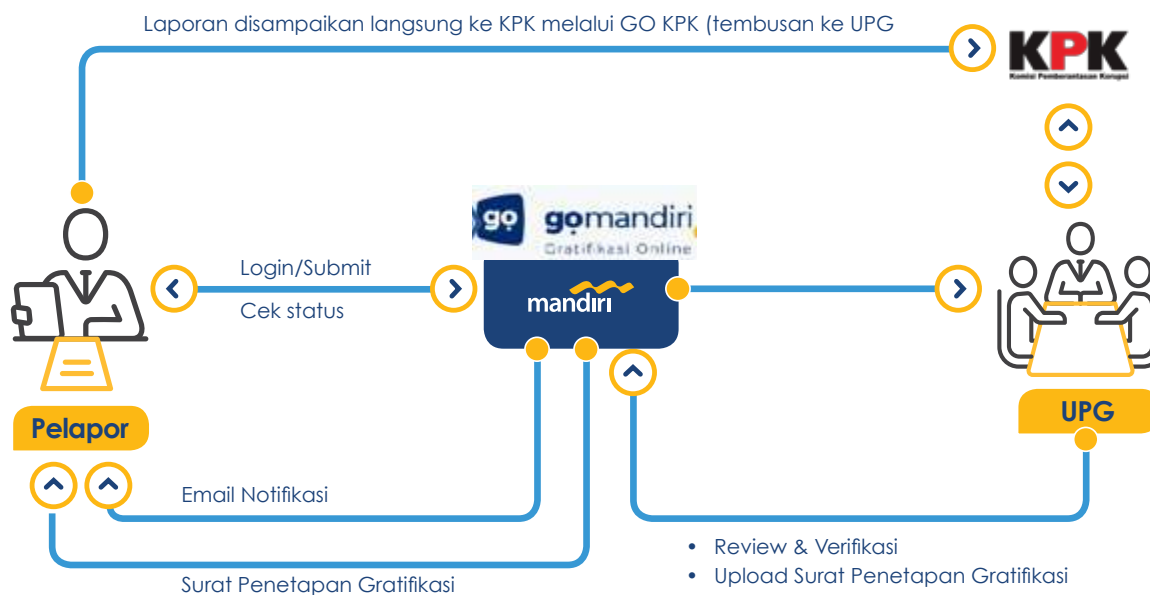

The Organization Structure of Gratification Control Unit (UPG) is managed by the Compliance Unit, namely the Compliance & AML-CFT Group. The UPG is established according to the Board of Directors Decree No. KEP. DIR/64/2021 dated 8 December 2021, and renewed by the Board of Directors Decree No. KEP.DIR/64/2021 dated 8 December 2021.

GRATIFICATION POLICY

The UPG functions to control gratuities within Bank Mandiri, which in carrying out their duties are assisted Regional Business Control (RBC) – Anti Money. Laundering Officer (AMLO).

Gratification Reporting Mechanism

Bank Mandiri has a gratification reporting mechanism that is adjusted to the KPK reporting mechanism, with the following charts:

Socialization of Gratification Policy

Socialization related to gratification control was carried out continuously to all levels of organization to increase awareness where in its implementation the UPG coordinated with RBC-AMLO. The socialization is carried out directly to the Working Units at Head Office, Regional Offices, Branch Offices and through regular ODP/SDP/BBMC.

During 2023, socialization has been carried out to Bank Mandiri employees, third parties (vendor meetings), and benchmark visits from Subsidiary Companies online.

Other media used in disseminating gratification control policies are:

1. Installation of Gratification Control Posters on email blasts, screen savers, home pages of internal websites of Bank Mandiri employees, Mandiri Magazine, Plaza Mandiri elevator hallways and the display of gratification control videos in the elevators of Bank Mandiri office buildings, as well as displays of gratification items on the display cabinet of gratuities in the south lobby of Plaza Mandiri.
2. Invite all Bank Mandiri partners/vendors not to provide gratuities related to religious celebrations through the media of national newspapers and Bank Mandiri's social media (Bank Mandiri's Instagram Story, Twitter, and Facebook), as well as Memorandums and Letters to the Board of Commissioners, Directors and Employees of Bank Mandiri at the Head Office and Regionals and Subsidiaries.

Gratification Reports In 2023

Bank Mandiri employees who accept/reject gratuities must report their receipt/rejection directly to the KPK through the GOL application (Online Gratification) with the <http://gol.kpk.go.id> address or UPG through the Mandiri Online Gratification application (GO Mandiri) with the web address of <https://ipa.corp.bankmandiri.co.id/GOMandiri/>.

During 2023, the number of reports of acceptance/refusal of gratuities received by the UPG was 68 reports. The reported gratuities included bribery, perishable food/goods, and honorarium in official circumstances.

INTERNAL FRAUD

The implementation of Anti-Fraud at Bank Mandiri is based on a strategy of 4 pillars, namely (1) prevention, (2) detection, (3) Investigation, Reporting, Sanctions and Legal Processes, and (4) Monitoring, Evaluation and Follow-up. Anti-Fraud Strategy is part of Bank Mandiri's fraud control system in order to reduce the potential for fraud

ANTI-FRAUD STRATEGY IMPLEMENTATION

Bank Mandiri has implemented the Anti-Fraud Strategy in accordance with POJK No. 39/POJK.03/2019 for the General Bank. As part of the improvement of the Internal Control Policy, Bank Mandiri continues to improve the provisions. This is also carried out on every policy such as Standard Operating Procedures (SOP), Technical Operational Instructions (PTO) and other regulations.

Bank Mandiri's Anti-Fraud Strategy regulates 4 pillars, which are:

1. Pillar 1 (Prevention)

The responsibility of all levels of the Bank (work units) and part of the Fraud Control System to reduce the potential of fraud. The programs of this pillar include:

- a. Anti-Fraud Awareness, such as socializing the Anti-Fraud Statement, Employee Awareness Program, and Customer Awareness Program. Employees are trained, socialized, and made aware of fraud awareness through internal media channels of the bank that reach all employees, as well as being required to take block leave. The Customer Awareness Program is implemented by utilizing social media effectively, periodically, and dynamically.

- b. Vulnerability Identifications, such as the application of Risk Management principles where all policies and procedures are designed while observing the internal control as well as GCG and Compliance principles. Employee's works according to their authority and responsibility is stated in each of their descriptions, and signed by the employee concerned. In addition, the Annual Disclosure was signed by all employees at the beginning of the year.

- c. Know Your Employee (KYE) is a principle applied by the Bank to know each employee well, both in terms of ability and personality. KYE is carried out through the selection of candidates as well as monitoring the character and lifestyle of employees.

2. Pillar 2 (Detect)

The responsibility of all units as first line, second line, and third line of defense and is part of the fraud control system in order to identify and identify fraud in the bank business activities. The programs implemented by Bank Mandiri in this pillar include:

- a. Whistleblowing System-Letter to CEO, which has been carried out and managed by an independent party to minimize conflicts of interest and provide a sense of security to the whistleblowers.

INTERNAL FRAUD

- b. Fraud Detection System, which has been implemented to support bank detection activities, including transactional and non-transactional fraud.
 - c. Surprise Audit, which is prioritized for business units that are high-risk or prone to fraud.
 - d. Surveillance System, which is aimed at monitoring and testing the effectiveness of the internal control system (including the fraud control system).
3. Pillar 3 (Investigation, Reporting, Sanctions and Legal Processes)
- Part of the Fraud Control System in fraud handling via investigations and the results are reported to the President Director, Board of Commissioners, and Regulators, including proposals of sanctions and legal processes for the perpetrators. To strengthen the function of this Pillar, the authority to carry out investigations and the imposition of sanctions has been delegated to each region so as to accelerate case handling process and the recovery.
4. Pillar 4 (Monitoring, Evaluation and Follow-up)
- Part of the Fraud Control System to monitor the follow-up to the results of investigations and evaluations of fraud incidents, to improve on weaknesses and strengthen the Internal Control System to prevent the recurrence of fraud due to similar weaknesses. Written reports to the President Director and the Board of Commissioners are carried out in an orderly manner to monitor the predetermined follow-up list.

Internal Fraud in 1 Year	Frauds Committed (Internal)

PREVENTION OF INSIDER TRADING

Bank Mandiri has in place the policy on Insider Trading as stated in the Architecture Policy and Corporate Secretary Standard Guidelines. The Bank's Architecture Policy has stipulated that "all Bank Executives are only permitted to carry out securities transactions, foreign exchange trading, precious metals, derivative transactions and other goods for their own interests if there is no conflict of interest, violation of Insider Trading regulations from the Capital Market Authority and other regulations.

Bank Mandiri has in place the policy on Insider Trading as stated in the Architecture Policy and Corporate Secretary Standard Guidelines. The Bank's Architecture Policy has stipulated that "all Bank Executives are only permitted to carry out securities transactions, foreign exchange trading, precious metals, derivative transactions and other goods for their own interests if there is no conflict of interest, violation of Insider Trading regulations from the Capital Market Authority and other regulations.

The Corporate Secretary Standard Guidelines stipulates the Insider Trading actions as stated in Chapter III No. 5 letter d, which are:

1. The insiders who have insider information, such as information about the Bank's financial situation, Bank activity plans and/or other unpublished material information which may be expected to influence the decisions of investors or shareholders, are prohibited to buying and/or selling the Bank shares.
2. The insiders who have insider information are prohibited from influencing any party including the Insider's family

to make a purchase or sale of shares.

3. The insiders other than the Board of Directors and Board of Commissioners who commit violations as stipulated above and proven to conduct transactions and/or provide insider information will be subject to disciplinary sanctions as stipulated in the Human Resources Guidelines Standard.
4. The Board of Directors and the Board of Commissioners and parties due to their positions, professions/relationships with the Bank that carries out insider trading are accountable in accordance with prevailing regulations.
5. Annual Disclosure/Annual Statement includes a prohibition on insider trading. The obligation for the Bank's executive to provide an annual statement is regulated in the code of conduct and/or Human Resources Guidelines Standard.

In 2023, there were no insider trading occurred in Bank Mandiri.

WHISTLEBLOWING SYSTEM – LETTER TO CEO

To maintain and improve the reputation of the Bank and in line with the second pillar of the Anti-Fraud Strategy (SAF), the detection pillar, risk control facilities and systems are needed and carried out through the Whistleblowing System (WBS) mechanism. Bank Mandiri has provided a reporting facility for complaints of violations called Whistleblowing System - Letter to CEO (WBS-LTC). WBS-LTC aims to detect acts of fraud or indications of fraud, encourage awareness and concern for all employees and improve the company's reputation to stakeholders.

The management of WBS-LTC reports acceptance and administration is carried out by an independent third party to provide a safe-environment that encourages employees and stakeholders to report acts of fraud or indications of fraud. The types of fraud reported include fraud, deception, embezzlement of assets, leakage of information, banking crimes, corruption crimes, and other actions that can be equated with fraud in accordance with the provisions of laws and regulations, as well as actions that categorised as breaches of employee disciplinary regulation of Bank Mandiri. In addition to reporting acts of fraud or indications of fraud, WBS-LTC can also be used to report violations of norms and ethics as well as violations of respectful workplace policy.

Development of Whistleblowing System - Letter to CEO (WBS-LTC)

The development and improvement of WBS-LTC continues to be carried out to continuously improve the effectiveness of its implementation. In 2023 improvements have also been made, with the following details:

2019	2020	2021	2022	2023
<ul style="list-style-type: none"> An identity of the whistleblower is a must For employees only Media only through mail, email and SMS WBS-LTC is managed by internal parties 	<ul style="list-style-type: none"> It is allowed not to include the identity of the whistleblower Vendors can report Media Reporting plus WBS-LTC website WBS-LTC reports include fraud reports/indications of fraud WBS-LTC is managed by internal parties 	<ul style="list-style-type: none"> WBS-LTC management involves independent parties The reporting party comes from internal or external parties The whistleblower can provide full identity or anonymous (identity is only known to independent parties) Media reporting: SMS/ WA, email, website and mail Broader WBS-LTC reports include fraud/ indication, non-fraud reports and inputs/ ideas for business process improvement 	<ul style="list-style-type: none"> Bank Mandiri's cooperation agreement (PKS) with KPK No. 83 of 2021, No. Dir.PKS/6/2021 dated 2 March 2021 concerning the handling of complaints in an effort to eradicate criminal acts of corruption signed by the Director of Compliance & Human Resources Strengthening the implementation of the LTC WBS program for members of financial conglomerates 	<ul style="list-style-type: none"> Bank Mandiri has been able to access the KPK Whistleblowing System (KWS) application to report Corruption Crimes (TPK)

WHISTLEBLOWING SYSTEM – LETTER TO CEO

Purposes and Objectives of WBS-LTC

The WBS-LTC program as one of the Anti-Fraud Strategy (SAF) programs, aims to:

1. Detecting indications or acts of fraud with the reports of Bank Mandiri employees or third parties, which can be submitted by clearly stating their identity or anonymous, which can then be carried out an investigation process or follow-up actions.
2. Encouraging awareness or concern of all employees to participate in protecting their work units from losses due to fraud, hence to improve the quality of supervision, and to elevate the sense of belonging of employees.
3. Improving the company's reputation with stakeholders, particularly in the context of Corporate Governance that will improve the company's image as it has adequate anti-fraud equipment.

WBS-LTC Management

The management of WBS-LTC engages the independent third party, which aims, among others, to:

1. Be Independent and professional.
2. Minimize the risk of conflict of interest.
3. Provide a sense of security for the whistleblower.
4. Increase stakeholder trust in WBS-LTC management.
5. The whistleblower can monitor the status of the follow-up to the WBS-LTC report being submitted.

Reporting Media

Bank Mandiri has provided reporting media for acts or indications of fraud and/or non-fraud that can harm the customers and Bank Mandiri as follows:

Website:

<https://bmri-wbslhc.tipoffs.info/>

Email:

bmri-wbslhc@tipoffs.info

Letter:

PO BOX 1007 JKS 12007

SMS and WA:

0811-900-7777

Confidentiality of Whistleblowers

As Bank Mandiri's commitment to maintaining the confidentiality of reporting data, the Bank provides:

1. Guarantee on the confidentiality of the whistleblower identity.
2. Guarantee for the confidentiality of the contents of the report submitted by the whistleblower.

Protection for Whistleblowers

Protection of Employees who submit reports containing information related to disciplinary violations and breaches of applicable stipulations/regulations, as long as the information submitted by the Employee is true, according to the facts and does not constitute a false report including no involvement of the whistleblower.

Types of Violations that can be Reported

Reports that can be submitted through WBS-LTC, among others, are:

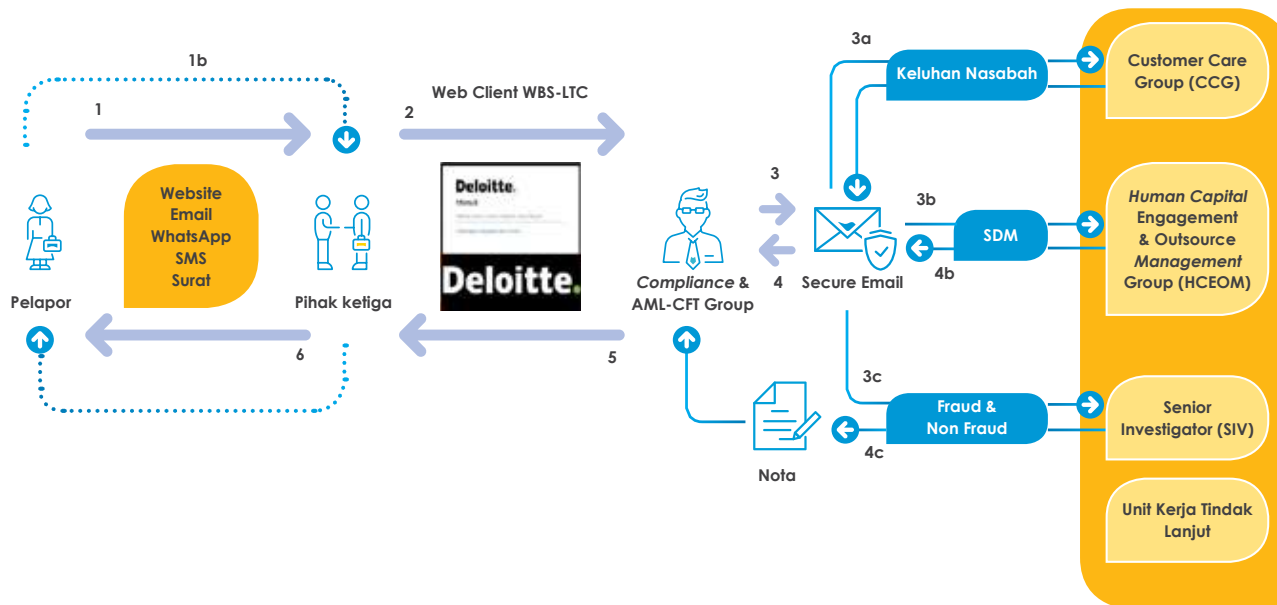

1. Fraud, which consists of:
 - a. Fraud
 - b. Deceptions
 - c. Embezzlement of Assets
 - d. Leak of Information
 - e. Banking Crimes
 - f. Corruption Crimes
 - g. Other actions that can be equated with fraud in accordance with the laws and regulations, as well as actions that are categorised as breaches to the employee disciplinary regulation of Bank Mandiri.
2. Non-fraud, including violations of external and internal rules, including norms and ethics (code of conduct), with examples such as:
 - a. Abuse of authority and/or position.
 - b. Actions that can degrade the reputation and/or good name of the Bank.
 - c. Immoral acts inside and outside the Bank.
 - d. Abuse.
 - e. Discrimination, violence and bullying in the workplace.
 - f. Drug use.
 - g. Engage in prohibited community activities.
 - h. Violations of ethics, include the use of social media.

Dissemination of WBS-LTC

To increase understanding of WBS-LTC at all levels within the organization, Bank Mandiri consistently and continuously conducts dissemination in various ways, including by presentation of short videos, placement of posters around the work environment, PC screen savers and e-mail blasts to Bank Mandiri employees, and the use of print media for WBS-LTC to be more effective going forward.

WHISTLEBLOWING SYSTEM – LETTER TO CEO

WBS-LTC Reporting Mechanism

Information:

- The whistleblower submits a WBS-LTC report through the website, email, Whatsapp & SMS or PO BOX Letter to Third Parties.
 - Third Parties request information, documents or supporting evidence to the Whistleblower if the reporting has not met the 4W1H principle.
 - The whistleblower completes the information.
- Third Party delivers WBS-LTC report to Compliance & AML – CFT Group.
- Compliance & AML – CFT Group analyzes WBS-LTC reports and forwards them to the relevant Work Units (CCG, HCEOM or SIV) according to the classification of report types.
- Each Work Unit that follows up on the WBS-LTC report, submits the results of the follow-up to Compliance & AML – CFT Group, then submits it to a Third Party to be informed to the Whistleblower.

WBS-LTC Handling Results

Reports of violation complaints entered through WBS-LTC media either through the website, e-mail, mailbox or SMS/ WA were as follows:

8. Other information that aims to support information disclosure, financial education and services to the public.

INTEGRATED GOVERNANCE REPORT

Implementation of Integrated Governance

Pursuant to OJK Regulation No.18/POJK.03/2014 concerning the Implementation of Integrated Governance for the Financial Conglomerates, Bank Mandiri as the Main Entity in the financial conglomerates with 11 (eleven) Subsidiaries and 1 (one) Sub-Subsidiaries, has compiled the Integrated Governance Guidelines as a reference for Bank Mandiri and all Financial Service Institutions within the Bank Mandiri Financial Conglomerates. Bank Mandiri has also updated the governance organs by establishing the Integrated Governance Committee, Integrated Compliance Unit, Integrated Risk Management Unit and Integrated Internal Audit Unit.

Self-Assessment Report of Integrated Governance During 1 (One) Fiscal Year

Self-assessment of Bank Mandiri and Financial Service Institutions within the Bank Mandiri Financial Conglomerates refers to the OJK Circular No. 15/SEOJK.03/2015 concerning the Implementation of Integrated Governance for Financial Conglomerates and refers to sectoral regulations of Financial Service Institutions.

The assessment is carried out on 3 (three) aspects of governance, namely structure, process and outcome on the following 7 (seven) Assessment Factors for Integrated Governance Implementation:

1. Implementation of duties and responsibilities of the Directors of the Main Entity.
2. Implementation of duties and responsibilities of the Board of Commissioners of the Main Entity.
3. Duties and responsibilities of the Integrated Governance Committee.
4. Duties and responsibilities of the Integrated Compliance Unit.

5. Duties and responsibilities of the Integrated Internal Audit Unit.
6. Implementation of Integrated Risk Management.
7. Development and implementation of Integrated Governance Guidelines.

The Integrated Governance assessment every semester involves all Directors and Board of Commissioners, Risk Management Unit, Internal Audit Unit, Compliance Unit and Corporate Secretary and all Financial Service Institutions in the Financial Conglomerates.

The following were results of the Integrated Governance assessment in 2023:

Rating Score

In the first semester of 2023, Bank Mandiri conducted a self-assessment on the implementation of Integrated Governance with a score 1.

INTEGRATED GOVERNANCE REPORT

Ratings	Definition of Rating
1 (Very good)	The assessment to the Financial Conglomerates in carrying out the Integrated Governance implementation was resulted in generally a very good rating. This was reflected in the adequate fulfilment of the Integrated Governance principles practices. In the event of weaknesses in the implementation of Integrated Governance, in general such gaps were not significant and could be resolved with normal actions by the Main Entity and/or Financial Service Institutions.

In semester II 2023, Bank Mandiri has conducted an Integrated Governance assessment. It obtained the following score:

Ratings	Definition of Rating
1 (Very good)	The Financial Conglomerates are considered to have implemented a generally very good Integrated Governance. This is reflected in the very adequate fulfilment of the implementation of Integrated Governance principles. If there are weaknesses in the implementation of Integrated Governance, in general these weaknesses are not significant and can be immediately corrected by the Main Entity and/or Financial Service Institutions.

The self-assessment of Integrated Governance is carried out by Bank Mandiri by involving all financial institutions in the Bank Mandiri Financial Conglomerates. Financial Conglomerates of Bank Mandiri has implemented Integrated Governance which is generally good, namely by fulfilling the three aspects of Integrated Governance consisting of aspects of structure, process and outcome.

From the structural aspect, Bank Mandiri has made adjustments to the Membership of the Integrated Governance Committee through the Decree of the Board of Directors No.KEP.DIR/18/2023 tanggal 11 April 2023.

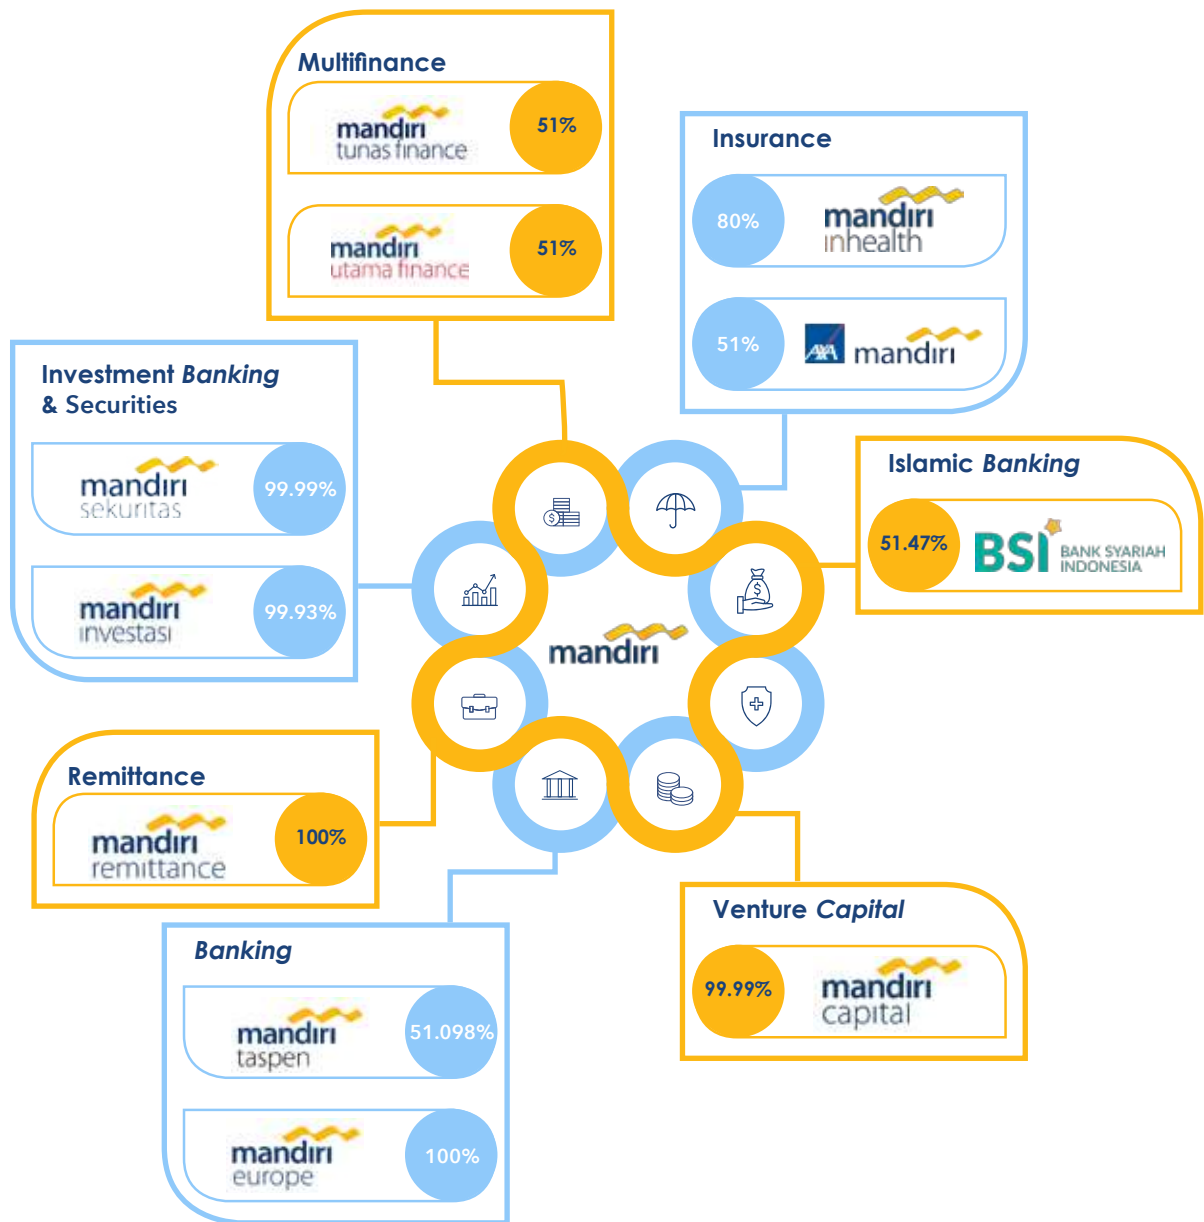

From the process aspect, Bank Mandiri has held 6 (six) Integrated Governance Committee meetings during 2023 where the implementation of the meeting has exceeded the provisions, namely at least 1 (one) time every semester. The discussion of the committee meeting included the results of self-assessment of Integrated Governance, the work plan of the Integrated Unit, Risk Based Bank Rating Consolidation and Integrated Risk Profile

In terms of outcome, Mandiri Group has participated in the 2022 Corporate Governance Perception Index (CGPI) research and ranking program held in 2023 by an Independent Party. 8 (eight) Companies in the Bank Mandiri Financial Conglomerates were participated in the CGPI 2023 ranking. In the CGPI assessment, 3 (three) companies, namely PT Bank Syariah Indonesia, PT Bank Mantap and PT Mandiri Sekuritas, successfully obtained the title as "Highly Trusted" companies and 5 (five) companies, namely PT Mandiri Tunas Finance, PT AXA Mandiri Financial Services, PT Asuransi Jiwa Inhealth Indonesia, PT Mandiri Utama Finance dan PT Mandiri Manajemen Investasi, successfully obtained the title as "Trusted" companies.

Management Structure of Financial Conglomerates

Pursuant to OJK Regulation No.18/POJK.03/2014 regarding Governance Practices of Financial Conglomerates, the management structure of Bank Mandiri Financial Conglomerates is as follows:

Board of Commissioners and Directors of Bank Mandiri Financial Conglomerates

The Board of Commissioners and Directors of Bank Mandiri have duties and responsibilities related to Integrated Governance as follows:

Board of Commissioners:

1. Supervising the implementation of duties and responsibilities, and providing advice to the Bank Mandiri Board of Directors as stipulated in the Articles of Association and prevailing laws.
2. Supervising the implementation of Integrated Governance.

Board of Directors:

1. Having full responsibility for the implementation of Bank Mandiri management.
2. Managing Bank Mandiri in accordance with the authority and responsibility as stipulated in the Articles of Association and the prevailing laws and regulations.
3. Ensuring the application of TKT in financial conglomerates.
4. Arranging and informing Integrated Governance Guidelines to all Subsidiaries.
5. Directing, monitoring and evaluating the implementation of Integrated Governance Guidelines.
6. Following up on the direction/advice of Bank Mandiri Board of Commissioners in order to improve the Integrated Governance Guidelines

Other than Bank Mandiri, the Management Structure in Mandiri Group consists of the Board of Commissioners, the Board of Directors and the Sharia Supervisory Board of Subsidiaries. All of those have the responsibility assigned in the Integrated Governance Guidelines as follows:

Board of Commissioners:

1. Supervising the implementation of governance, duties and responsibilities of the Board of Directors and following up on audit results from internal and external parties.
2. Establishing committees or appointing parties to carry out functions that support the duties and responsibilities of the Board of Commissioners at least audit committees/functions, and compliance monitoring committees/functions.
3. Organizing the Board of Commissioners meetings which at least includes frequency, attendance and decision-making procedures.
4. Developing the Board of Commissioners charter.

Board of Directors:

1. Implementing the principles of corporate governance.
2. Preparing the Corporate Governance Guidelines.
3. Following up on audit results and recommendations from the Internal Audit Unit, external auditors, and the results of supervision from the authorities.
4. Organizing the Board of Directors meetings.
5. Developing the charter that at least include the procedures for decision-making and meeting documentation.

Sharia Supervisory Board:

1. The Sharia Supervisory Board must carry out its duties and responsibilities in accordance with the principles of Governance.
2. The Sharia Supervisory Board is responsible for providing advice to the Board of Directors and monitoring activities in accordance with Sharia Principles.

INTEGRATED GOVERNANCE REPORT

3. The implementation of the duties and responsibilities of the Sharia Supervisory Board is adjusted to the prevailing laws and regulations in each Subsidiary.
4. Members of the Sharia Supervisory Board must provide sufficient time to carry out their duties and responsibilities optimally.
5. Developing the Sharia Supervisory Board charter.

INTEGRATED GOVERNANCE REPORT

Integrated Governance Committee

Bank Mandiri has established the Integrated Governance Committee consisting of Independent Commissioners of Bank Mandiri (as the Main Entity) and Independent Commissioners representing each industry in the Financial Conglomerates of Bank Mandiri. The Integrated Governance Committee has at least the following duties and responsibilities:

1. Supervise the implementation of Governance in each financial institution in the Bank Mandiri Financial Conglomerates in accordance with the Integrated Governance Guidelines.
2. Supervise the implementation of the duties and responsibilities of the Board of Directors of Bank Mandiri, as well as provide direction or advice to the Board of Directors of Bank Mandiri on the implementation of the Integrated Governance Guidelines.
3. Evaluate the implementation of Integrated Governance at least through an assessment of the adequacy of internal controls and the implementation of compliance functions in an integrated manner.
4. Provide recommendations to the Board of Commissioners of Bank Mandiri, regarding:
 - a. The results of the evaluation of the implementation of Integrated Governance;
 - b. Improvement of Integrated Governance Guidelines.

Integrated Compliance Unit

In line with the implementation of POJK No. 18/POJK.03/2014, Bank Mandiri has established a Compliance & AML-CFT Group as Compliance Unit which oversees the implementation of compliance function at Mandiri Group. The duties and responsibilities of Compliance Unit are as follows:

1. Monitoring and evaluating the implementation of compliance function in all Financial Service Institutions of Financial Conglomerates.
2. Preparing the integrated compliance report to the Director in charge of the Compliance Function and the annual report of Integrated Governance.
3. Organizing forums with Financial Service Institutions of Financial Conglomerates regarding the implementation of the integrated compliance function.

During 2023, the Compliance Unit of Bank Mandiri has carried out several initiatives on Integrated Governance implementation, as follows:

1. Alignment of compliance policies and compliance risk management mechanisms.
2. Submission of a letter to all Financial Service Institutions in the Financial Conglomerates to prepare a Quarterly Integrated Compliance Implementation Report (LPKT).
3. On a quarterly basis, receive a Report on the Implementation of the Integrated Compliance Function (LPKT).

4. Review and evaluate the Implementation of the Compliance Function of the Subsidiaries including the Reports on the Compliance Risk Profile of the Subsidiaries through the Integrated Risk Management Forum (IRMF).
5. Discussion forum with Financial Conglomerates to discuss forward looking and mitigation of compliance issues that occur in Subsidiaries.
6. The inclusion of a reporting framework for managing the compliance function in the Financial Conglomerates in Bank Mandiri's internal provisions to strengthen the synergy of integrated compliance function management.
7. Submission of a resume of new regulations to the Financial Conglomerates and monitoring the fulfillment of obligations in the new regulations that have a significant impact and have major sanctions.

Integrated Internal Audit Unit

The Main Entity has designed the Internal Audit as the Integrated Internal Audit Unit that is independent from the operating unit. The Integrated Internal Audit Unit, in this case Internal Audit, also collaborated with the 1st line and 2nd line of Bank Mandiri and the Internal Audit of Subsidiaries to ensure effective implementation of internal control function in Mandiri Group.

The Integrated Internal Audit Unit has the duties and responsibilities set out in the Integrated Governance Guidelines as follows:

1. Conducting an audit of the Subsidiary either individually, jointly or based on reports from the Subsidiary's Internal Audit Unit.
2. Monitoring the implementation of Internal audits at each Subsidiary Company by conducting:
 - a. Evaluation of the Subsidiary's audit plan in order to align with the integrated audit plan.
 - b. Evaluation of internal and external audits results of Subsidiaries and follow-ups to prepare an integrated internal audit report.

In 2023, the Integrated Internal Audit Unit of Bank Mandiri ensured the implementation of internal control functions in Subsidiaries by:

1. Conducting an audit of 6 (six) Subsidiaries.
2. Evaluating and aligning the audit plan with the Subsidiaries prior to preparing the Annual Audit Plan (AAP) of Bank Mandiri and Subsidiaries.
3. Reviewing the Subsidiaries' Internal Audit Unit's Audit Report and its follow-ups on a quarterly basis.
4. Preparing the Integrated Internal Audit Function Implementation Report.

INTEGRATED GOVERNANCE REPORT

In addition, the Integrated Internal Audit Unit of Bank Mandiri also carried out the following to improve the functions of Integrated Internal Audit Unit, as follows:

1. Placement of the Head of Integrated Internal Audit Unit in most of the Subsidiaries by taking into account the Integrated Internal Audit Unit recommendations.
2. Internal audit capabilities improvement forum for the Integrated Internal Audit Unit and Subsidiaries' Internal Audit Unit through trainings, workshops, benchmarking, attachment, and auditors of Internal Audit Unit PA are invited as guest auditors in several audit assignments of the Holding Internal Audit Unit.
3. Internal Audit Charter PA alignment forum.
4. Organizing the Integrated Internal Audit Unit of Mandiri Group forum periodically.

Integrated Risk Management Unit

Bank Mandiri sets the Integrated Risk Management Unit coordinated by the Credit Portfolio Risk Group, which is independent of other operating units and has adequate policies, procedures and risk limits. The Integrated Risk Management Unit has the duties and responsibilities contained in the Integrated Governance Guidelines, as follows:

1. Providing input to the Board of Directors of Bank Mandiri, among others, in the preparation of integrated risk management policies, as well as the improvement or refinement of integrated risk management policies based on the results of implementation evaluation.
2. Monitoring the implementation of integrated risk management policies including developing procedures and tools for risk identification, measurement, monitoring and control.
3. Monitoring risks in financial conglomerates based on the results of the assessment:
 - a. Risk profile of each Subsidiary in the Financial Conglomerates;
 - b. Integrated risk level of each risk;
 - c. Integrated risk profile.
4. Managing stress testing.
5. Carrying out periodic reviews to ensure:
 - a. The accuracy of the risk assessment methodology;
 - b. Adequacy of implementation of management information systems;
 - c. Integrated accuracy of policies, procedures and risk limits.
6. Reviewing strategic proposed new business lines that can be significantly influential on the risk exposure of financial conglomerates.
7. Providing information to the integrated risk management committee on matters that need to be followed up regarding the results of the evaluation on the implementation of integrated risk management.

8. Providing input to the integrated risk management committee, in order to organizing and improving integrated risk management policies.
9. Arranging and submitting an integrated risk profile report periodically to the Directors in charge of the integrated risk management function and to the integrated risk management committee.

In 2023, the Integrated Risk Management Unit has carried out several initiatives in implementing consolidated/ integrated risk management, among others:

1. Implementation of regular Stress Testing of Mandiri Group every Semester
2. Alignment and assistance in the preparation of the Risk Appetite Statement of Subsidiaries
3. Operational Risk Loss Alignment
4. Review of the Interest Rate Risk in the Banking Book (IRRBB) calculation model in Banking and Multifinance Subsidiaries.
5. Assistance in Liquidity Stress Testing methodology.
6. Integrated Risk Management Forum (IRMF) quarterly.

Intragroup Transaction Policy

The development of Bank Mandiri and its subsidiaries aggressively in various business segments, making Banks and its Subsidiaries synergize and collaborate in one business ecosystem. This raises the exposure of intragroup transactions within the Mandiri Group. The Bank always keeps the Intragroup Transactions in accordance with external and internal rules both in terms of exposure and process.

All intragroup transaction processes and cooperation established within the Mandiri Group are carried out in accordance with applicable internal rules, including the Risk Management Policy (KMNR), Standard Procedure for Implementing Risk Based Bank Ratings (RBBR), Technical Instructions for Operations for Risk-Based Bank Rating Assessments (RBBR) and guided by the Mandiri Subsidiary Management Principles Guideline, a guide for Mandiri Group in building a business collaboration ecosystem. The policy on intragroup transaction risk at Bank Mandiri refers to POJK No.17/POJK.03/2014 dated 18 November 2014 on the Implementation of Integrated Risk Management for Financial Conglomerates and SEOJK No.14/ SEOJK.03/2015 dated 25 May 2015 on the Implementation of Integrated Risk Management for Financial Conglomerates.

The Bank constantly monitors business performance and risks arising from the business synergy of the Bank and Subsidiaries. In this case, the Bank always ensures that Intragroup Transactions within the Mandiri Group are always in accordance with the rules and limits set by the Regulator.

INTEGRATED GOVERNANCE REPORT

Mandiri Subsidiaries Management Principle Guideline (MSMPG) Mandiri Subsidiaries Management Principles Guideline (MSMPG) is a guideline for Bank Mandiri and Subsidiaries in building an ecosystem of business collaboration through a culture of performance. It aims to create additional value for Bank Mandiri and its subsidiaries on an ongoing basis, by adhering to the principles of GCG and the Articles of Association of each of the Subsidiaries.

The principles of managing Bank Mandiri subsidiaries are in accordance with the provisions of MSMPG covering Integrated Governance activities, Financial Reports, Anti Money Laundering, and Prevention of Terrorism Funding (APU-PPT), Human Resources, Procurement, Synergy of Subsidiary Business, Strategy & Performance, Corporate Culture Values, Information Technology Cooperation, Data Management, Corporate Sustainability Principles, Controllers of Gratification and Investment Management.

MSMPG is implemented by referring to the basic principles of managing Subsidiaries as follows:

Subsidiaries are separated entities from Bank Mandiri.

Management of subsidiaries is carried out professionally and does not intervene in the operational activities of subsidiaries.

Management of Subsidiary Companies is carried out without disregarding the duties and responsibilities of the Board of Directors and Board of Commissioners of the Subsidiaries in accordance with the Articles of Association.

The management of Subsidiary Companies is aimed at optimizing sustainable profits, reducing risks, fulfilling regulatory requirements, and good governance.

BAD CORPORATE GOVERNANCE PRACTICES

The occurrence of bad corporate governance practices in a company will disrupt the Good Governance (GCG) system that has been built by the company. By realizing this, Bank Mandiri does not take any actions and policies related to these practices as shown in the table, as follows:

No	Remarks	Practices
1	There are reports of company activities that pollute the environment	None
2	Non-compliance in fulfilling tax obligations	None
3	The inconsistency in the presentation of annual reports and financial reports with applicable regulations and financial accounting standards (SAK)	None
4	Not submitting legal cases/litigation related to labour and employees	None
5	Did not disclose the operating segment review	None
6	Discrepancies in the Annual Report file between hardcopy and softcopy on the website	None
7	Do not disclose important cases currently being faced by the company, subsidiaries, members of the Board of Directors/Board of Commissioners who are currently serving in the Annual Report	None

STATEMENT OF GOOD CORPORATE GOVERNANCE IMPLEMENTATION

All members of the Board of Commissioners, Directors and Employees of Bank Mandiri are always committed and applied the principles of good corporate governance and there are no material violations to the prevailing laws and regulations. In addition, Bank Mandiri has implemented governance in accordance with ASEAN Corporate Governance Scorecard (ACGS). The principles that have not been implemented by Bank Mandiri have been explained on the Bank Mandiri website.

RISK MANAGEMENT

BANK MANDIRI IMPLEMENTS THE LATEST RISK MANAGEMENT THAT INTEGRATES THE BANK'S BUSINESS RISK MITIGATION WITH PROACTIVE ENVIRONMENTAL AND SOCIAL RISK MITIGATION IN ORDER TO ACHIEVE BALANCED FINANCIAL AND OPERATIONAL GROWTH WITH PERFORMANCE ACHIEVEMENTS IN ENVIRONMENTAL AND SOCIAL ASPECTS AS A FORM OF COMMITMENT IN CARRYING OUT GOOD CORPORATE GOVERNANCE PRACTICES BY MAKING SUSTAINABILITY ACHIEVEMENT A LONG-TERM GOAL. THE BANK THEN DETERMINES THE BEST RISK-ADJUSTED RETURN LEVEL BASED ON THE SPECIFIED RISK APPETITE.

RISK MANAGEMENT LEGAL REFERENCES

The Bank's risk management is governed by a bank risk management policy developed in compliance with Bank Indonesia regulations (PBI), Financial Services Authority Regulations (POJK), Basel regulations, the application of IFRS S2 Climate Related Disclosure, and other international best practices. This policy is reviewed regularly to anticipate changes in business conditions, regulations, internal Bank conditions, and social and environmental impacts.

Throughout 2023, the global economic recovery process following the pandemic remain marked by various uncertainties due to the protracted Russia-Ukraine war, escalating conflicts in the Middle East, supply chain disruptions, and intensified symptoms of global-scale climate change, which lead to high inflation. The increase in benchmark rates imposed by advanced countries to curb inflation resulted in capital outflows from Emerging Markets (EMs) and a prolonged weakening of global economic growth.

These factors raise the risks that the Bank must address, such as the potential increase in NPLs, Rupiah depreciation against foreign exchange exposure, weakening Net Interest Income, falling securities portfolio valuation, liquidity adequacy, reduced capital resilience, coupled with increased investment risk exposure due to stronger climate change sentiment, and rising social risks due to

rising food prices. The Bank undertakes internal stress testing regularly to measure the impact of worsening economic, environmental, and social factors that are now increasingly integrated, while also preparing relevant mitigations for any potential risks that occur.

Bank Mandiri has internally conducted periodic stress testing, both individually and integrated with subsidiaries, as a measure to anticipate the decline in macroeconomic stability, the deterioration of the impact of climate change, and the accompanying social conditions, based on macroeconomic scenarios prepared by the Office of Chief Economist, as well as considering scenarios of increasing climate change risks and social conditions submitted by internal parties. In addition to internal stress testing, Bank Mandiri also participates in regulatory Bottom-up Stress Testing on a regular basis, as well as ad hoc stress testing such as Basel Committee on Banking Supervision (BCBS) Risk & Vulnerability Group stress testing, which aims to obtain the Bank's assessment of regional banking resilience on potential challenges arising after pandemic recovery and hampered economic growth due to the ongoing factors triggering uncertainty mentioned above.

RISK MANAGEMENT

Bank Mandiri has updated its Recovery Plan and Recovery Options to prevent, recover or improve the Bank's financial condition and business continuity in the event of financial stress, as stipulated in OJK Regulation No.14/POJK.03/2017 concerning Recovery Plan for Systemic Banks. The Recovery Plan prepared includes an analysis of the condition of all business lines of the Bank and its Subsidiaries, including scenarios of crisis condition analysis (reverse stress testing) that can occur at the Bank idiosyncratically, market-wide shock, as well as the impact of climate change and social shock that can endanger the Bank's business continuity (point of non-viability).

In 2023, Bank Mandiri resubmitted the Resolution Plan document to the Deposit Insurance Corporation, Indonesia's resolution authority. The Resolution Plan is a document that contains the Bank's information that is in line with the Action Plan, as well as an analysis of the resolution strategy as one of the factors considered by the Deposit Insurance Corporation when handling or settling a failed bank. The Bank is committed to updating the Resolution Plan document and submitting the updated results to the resolution authority every 2 (two) years. LPS Regulation No. 1 of 2021 regarding Resolution Plans for Commercial Banks governs the obligation to prepare a Resolution Plan for Systemic Banks and Non-Systemic Banks appointed by the resolution authority.

In the implementation of risk management, Bank Mandiri strives to comply with and adheres to the prevailing laws and regulations in Indonesia such as:

1. Law No. 4 year 2023 on Financial Sector Development and Strengthening.
2. Regulation of the Minister of State-Owned Enterprise concerning Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises.
3. OJK Regulation No. 17 of 2023 dated 14 September 2023 concerning the Implementation of Governance for Commercial Banks.
4. Financial Services Authority Regulation (OJK Regulation) No. 4/POJK.03/2016 dated 26 January 2016 concerning Assessment of Soundness Rating of Commercial Banks.

BANK RISK MANAGEMENT POLICY

Bank risk management is governed by a risk management policy developed in compliance with the Bank Indonesia Regulations (PBI), the Financial Services Authority Regulations (POJK), Basel regulations, and international best practices. This policy is evaluated regularly to anticipate changes in the Bank's business conditions, regulations, and internal conditions. The Bank has a Risk Management Policy (KMNR) that defines the fundamentals of risk management and serves as the principal guideline and highest regulation in the area of risk management at Bank Mandiri. KMNR is a resource for risk management procedures and guidelines in accordance with prevailing regulations.

Risk Management Principles

Bank Mandiri's Risk Management Principles are as follows:

1. Capital
Bank Mandiri provides capital according to the risks appetite and maintains the capital level in accordance with prevailing regulations.
2. Transparency
Bank Mandiri transparently conveys relevant information in the risk-taking process and the risk-taking process itself.
3. Independence
The management of Bank Mandiri acts professionally and is free from the pressure and influence of other parties.
4. Integrated
Bank Mandiri applies Integrated Risk Management to Financial Services Institutions that are members of the financial conglomerates of Bank Mandiri in accordance with regulatory provisions.
5. Sustainable
Risk control is carried out continuously developed to better comply with existing business conditions and best practices.
6. Accountability
Bank Mandiri implements policies and procedures to ensure management accountability to stakeholders.
7. Responsibility
Bank Mandiri acts on the principle of prudence and in compliance with prevailing laws and regulations.
8. Fairness
Bank Mandiri pays attention to the interests of stakeholders based on the principle of equality and fairness (equal treatment).

Risk Management Process

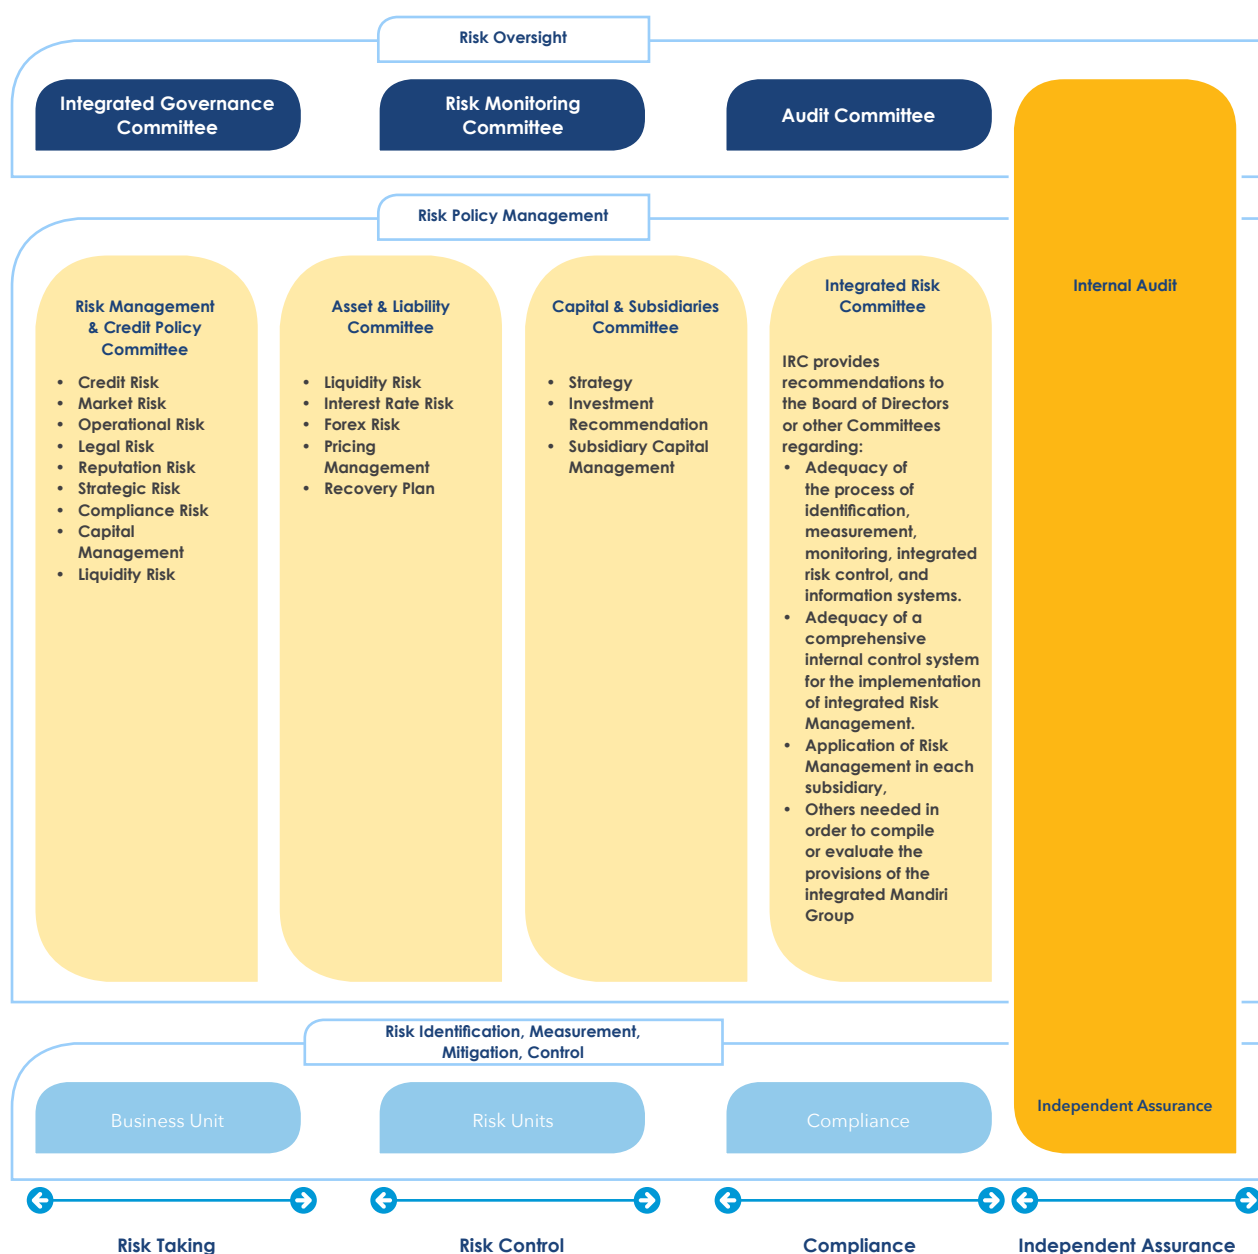

The Company's Risk Management process as stipulated in the Risk Management Policy is as follows:

1. Risk Management is carried out at all levels of the Bank up to the operational level both transactionally and at the portfolio level.
2. Risk Management is carried out individually and consolidated/integrated with the Subsidiaries while taking into account the regulations and business characteristics of the Subsidiaries.
3. The Risk Management process is a dynamic process, and is routinely compared to industry best practices and applicable regulations to be adjusted and updated where necessary.
4. The implementation of Risk Management is carried out in a series consisting of:
 - a. Risk identification
Risk identification aims to determine the types of risks inherent in each functional activity that have the potential to harm the Bank.
 - b. Risk measurement
Risk measurement aims to determine the risk exposure inherent in the Bank's activities to be compared with the Bank's risk appetite, hence the Bank can take risk mitigation measures and determine capital to cover residual risk.
 - c. Risk monitoring
Risk monitoring aims, among others, to compare the set risk limits with the risk exposure that is being managed.
 - d. Risk Control
Risk control is carried out on the potential for the occurrence of overreach of the risk limit that has been set and can be tolerated by the Bank.

RISK MANAGEMENT FRAMEWORK

The Bank's Risk Management Framework is contained in the Bank Mandiri Risk Governance Structure which includes three main parts, namely Risk Oversight, Risk Policy and Management, and Risk Identification, Measurement, Mitigation, and Control. The three main parts are supported by the Audit Unit as Independent Assurance in ensuring the effectiveness of its implementation.

In simple terms, Bank Mandiri's risk management framework and governance as mentioned above can be described as follows:

RISK MANAGEMENT FRAMEWORK

Bank Mandiri's Risk Governance Structure is developed based on four Risk Management Pillars as follows:

Active Supervision of the Board of Commissioners and Board of Directors

The risk management framework and governance at Bank Mandiri consists of the Board of Commissioners that carry out risk oversight functions through the Audit Committee, Risk Monitoring Committee and Integrated Governance Committee, as well as the Board of Directors that carry out risk policy and management functions through the Executive Committee related to risk management, namely the Risk Management & Credit Policy Committee, Assets & Liabilities Committee, Capital & Subsidiaries Committee, and Integrated Risk Committee. Operationally, the Risk Management Unit with Business Unit and Compliance Unit performs the functions of risk identification, risk measurement, risk mitigation and risk control.

The duties, responsibilities, and authorities of the Board of Commissioners related to active supervision in Risk Management activities include, among others:

1. Evaluating and approval of Risk Management Policy;
2. Evaluate the prepared-and-determined strategies by the Board of Directors in managing risks according to the regulatory taxonomy and other risks such as country risk and cyber risk.
3. Evaluating the Board of Directors' responsibility for the implementation of the Risk Management Policy;
4. Evaluating and deciding on the Board of Directors' application related to transactions that require the approval of the Board of Commissioners;
5. Requesting an explanation and/or accountability of the Board of Directors on the Financing to certain large borrowers;
6. Providing approval on the funding to related parties;
7. Conducting active oversight includes, among others, understanding the nature and level of risks faced by the Bank, assessing the adequacy of the quality of risk management and linking the risk level with capital adequacy of the Bank;
8. Conducting active supervision related to anti-Fraud at least includes the following:
 - a. Development of anti-Fraud awareness and culture in all levels of the organization, including anti-Fraud declarations and adequate communication on behavior that includes Fraud;
 - b. The signing of integrity pact by all organizational ranks of the Bank;

- c. Preparation and supervision of the implementation of a code of conduct related to fraud prevention for all levels of the organization;
 - d. Preparation and supervision of the implementation of an anti-Fraud strategy as a whole;
 - e. Development of the quality of human resources (HR), particularly those related to increasing awareness and control of Fraud;
 - f. Monitoring and evaluation of Frauds and determination of follow-up; and
 - g. Development of effective communication channels internally and for the Bank's external, hence all executives and employees of the Bank understand and comply with applicable policies and procedures, including policies and procedures for fraud control.
9. Providing approval, oversight and evaluation on the implementation of the Action Plan (Recovery Plan).
 10. For Resolution Plan, the Board of Commissioners shall:
 - a. Approve the Resolution Plan;
 - b. Supervise the Bank's fulfillment in compiling, updating, and/or improving the Resolution Plan to the Deposit Insurance Corporation;
 - c. Evaluate the Resolution Plan that has been prepared by the Board of Directors;
 - d. Supervise the implementation of plans to overcome potential obstacles to the implementation of resolution options.
 11. Maintaining and monitoring the Bank's Soundness Rating and take the necessary measures to maintain and/or improve the Bank's Soundness Rating;

To implement risk management as regulated by the Ministry of SOEs, the Board of Commissioners also has the duty to determine the Bank's Risk classification based on the level of Risk Intensity by considering the dimensions of the size and complexity of the Bank at the proposal of the Board of Directors, in accordance with applicable regulations.

To implement Integrated Risk Management, the Board of Commissioners is responsible to:

1. Direct, approve, and evaluate Integrated Risk Management policies;
2. Evaluate the implementation of Integrated Risk Management policies by the Board of Directors of the Main Entity.

RISK MANAGEMENT FRAMEWORK

3. Ensure the implementation of Integrated Risk Management is in accordance with the characteristics and complexity of the Financial Conglomerates business.

The duties, responsibilities, and authorities of the Board of Directors related to Risk Management activities include:

1. Developing and proposing Risk Management policies and strategies in writing and comprehensively;
2. Responsible for the implementation of the Risk Management Policy and risk exposure taken by the Bank as a whole;
3. Evaluating and deciding on transactions that require the approval of the Board of Directors;
4. Developing a culture of Risk Management at all levels;
5. The active supervision of the Board of Directors related to anti-Fraud is the same as that of the Board of Commissioners as stated in the duties and responsibilities of the Board of Commissioners;
6. Ensuring the improvement of human resource competencies related to Risk Management;
7. Ensuring that the Risk Management function has operated independently;
8. Conducting periodic reviews to ensure;
 - a. Accuracy of Risk assessment methodology;
 - b. Adequacy of Risk Management information system implementation;
 - c. Accuracy of Risk Management policies and procedures, as well as setting Risk Limit and/ Risk threshold.
9. Conducting active supervision includes, among others, understanding the nature and level of risks faced by the Bank, assessing the adequacy of the quality of risk management, and linking the risk level with capital adequacy of the Bank;
10. Developing and implementing the Bank's Recovery Plan, which includes:
 - a. Developing a realistic and comprehensive Recovery Plan;
 - b. Submitting the Recovery Plan to shareholders at the GMS for approval;
 - c. Communicating the Recovery Plan to all ranks or levels of the Bank's organization;
 - d. Evaluating and testing (Stress Testing) the Action Plan (Recovery Plan) periodically; and
 - e. Implementing the Recovery Plan effectively and in a timely manner.
11. Developing and implementing a Resolution Plan which includes:
 - a. Resolution Plan which includes;

- b. Ensuring the accuracy and completeness of data, information, and/or documents in compiling, updating, and/or improving the Resolution Plan, which is submitted to the Deposit Insurance Agency;
- c. Submitting a Resolution Plan to the Board of Commissioners and Shareholders at the General Meeting of Shareholders for approval;
- d. Submitting a Resolution Plan, updating and/ or improving the Resolution Plan to the Deposit Insurance Corporation in accordance with the predetermined time limit;
- e. Implementing plans to overcome potential obstacles to the implementation of resolution options.
12. Maintaining and monitoring the Bank's Soundness Rating and take the necessary measures to maintain and/or improve the Bank's Soundness Rating;
13. Implementing other Risk Management functions in accordance with laws and regulations, articles of association, and/or decisions of the RUPS/Minister of SOEs.

To implement risk management in accordance with that regulated by the Ministry of SOEs, the Board of Directors also has the duty to determine the classification of Subsidiary Company Risks based on the level of Risk Intensity, taking into account the dimensions of size and complexity, in accordance with applicable regulations.

To implement Integrated Risk Management, the Board of Directors is responsible to:

1. Develop an Integrated Risk Management Policy in writing and comprehensively;
2. Implement the established Integrated Risk Management Policy;
3. Develop a risk culture as part of the implementation of Integrated Risk Management in Financial Conglomerates;
4. Ensure the effectiveness of human resource management which includes the competence, qualifications, and adequacy of human resources in the Main Entity to carry out the Integrated Risk Management function;
5. Ensure that the implementation of Integrated Risk Management has been carried out independently;
6. Periodically evaluate the results of the Integrated Risk Management Unit review of the Integrated Risk Management process;
7. Ensure the implementation of Integrated Risk Management in accordance with the characteristics and complexity of the Financial Conglomerates business.

RISK MANAGEMENT FRAMEWORK

In order to support the effectiveness of the implementation of supervisory duties and responsibilities related to the Implementation of Risk Management, the Board of Commissioners and the Board of Directors may form committees that refer to the applicable regulatory regulations.

Bank Mandiri's risk management organization consists of:

1. Board of Commissioners
2. Committee under the Board Commissioners
3. Board of Directors
4. Committee under the Board of Directors
5. Director in charge of Risk Management function;
6. Risk Management Work Unit (SKMR);
7. Operational Work Unit (risk-taking unit);
8. Internal Audit Work Unit (SKAI);
9. Compliance Work Unit.

The Risk Management Unit (SKMR), the Internal Audit Unit (SKAI) and the Compliance Unit concurrently serve as an Integrated Unit.

Adequacy of Policies, Procedures, and Limits Setting

Bank Mandiri has a Risk Management Policy which is used as the main guideline in implementing risk management. For more specific business areas, Bank Mandiri has more specific policies and procedures, for example in the areas of credit, treasury, and operations. The policies and procedures stipulate the limits setting for each activity, both at the portfolio and transactional levels. All policies and procedures at Bank Mandiri are a form of risk management attached to each of the Company's operating activities that are evaluated and updated at least once a year. In accordance with SEOJK 34/SEOJK.03/2016 concerning the Implementation of Risk Management for Commercial Banks, in order to effectively control Risk, the policies and procedures owned by the Bank must be based on a Risk Management strategy by taking into account the level of Risk Appetite. Risk Appetite is a type & level of risk that can be taken/faced by the Bank, which is within its risk capacity, in order to achieve/exceed business objectives.

Bank Mandiri's Risk Appetite is realized through the Risk Appetite Framework which is a strategic decision-making that describes Bank Mandiri's risk strategy. Risk Appetite is reflected in the Bank's business strategy and objectives.

Risk appetite is articulated through a Risk Appetite Statement (RAS), which is a formal guideline in the risk-taking process to achieve business targets. RAS is pivotal because it will provide clear and consistent direction to all levels of Bank Mandiri on the Bank's risk-taking ability.

Adequacy of Risk Identification, Measurement, Monitoring, and Control Processes, as well as Risk Management Information Systems

Bank Mandiri performs the Risk Identification, Measurement, Monitoring, and Control Process, as well as the Risk Management Information System through the Enterprise Risk Management (ERM) framework. The implementation of ERM at Bank Mandiri uses a two-prong approach, to ensure that risks are not only properly mitigated through daily business processes, but also in downturn through capital reserves.

Internal Control System

Bank Mandiri operates an Internal Control System over the Risk Management function by implementing the Three Lines Models policy, which in its implementation is the joint responsibility of the first line, second line and third line.

The Internal Audit Unit as the third line performs assurance and consulting activities on the adequacy of the Bank's internal control system, risk management, and governance processes pursuant to prevailing laws and regulations, as well as Bank policies.

INTEGRATED RISK MANAGEMENT IMPLEMENTATION

Consolidated/Integrated Risk Management at Bank Mandiri has been implemented since 2008, in line with the issuance of Bank Indonesia Regulation No. 8/6/PBI/2006 concerning the Implementation of Consolidated Risk Management for Banks that Control Subsidiaries. In its development, the regulation was replaced by the Financial Services Authority Regulation No. 38/POJK.03/2017 concerning the Implementation of Consolidated Risk Management for Banks that Control Subsidiaries. In addition, Bank Mandiri has also implemented Integrated Risk Management in accordance with the Financial Services Authority Regulation No. 17/POJK.03/2014 concerning the Implementation of Integrated Risk Management for Financial Conglomerates. In the implementation of Integrated Risk Management, Bank Mandiri is also guided by the Integrated Governance Guidelines which refer to POJK No. 18/POJK.03/2014 concerning the Implementation of Integrated Governance for Financial Conglomerates.

The implementation of Consolidated/Integrated Risk Management is carried out while complying with the principles of Risk Management, taking into account the business characteristics of each Subsidiary and adjusting to the jurisdiction of the local Authority/Regulator. The subsidiaries of Bank Mandiri are Bank Syariah Indonesia, Bank Mandiri Taspen, Bank Mandiri (Europe) Ltd, Mandiri Tunas Finance, Mandiri Utama Finance, AXA Mandiri Financial Services, Mandiri Inhealth, Mandiri Sekuritas, Mandiri Capital Indonesia and Mandiri International Remittance.

As an active supervision of the Main Entity on the implementation of Consolidated/Integrated Risk Management, Bank Mandiri has the Integrated Risk Committee (IRC) consisting of the Board of Directors and executives of the Bank with the Board of Directors and/or Executives of Subsidiaries. Bank Mandiri also has an Integrated Risk Management Unit (SKMRT), which is directly responsible to the Director of Risk Management.

Bank Mandiri actively carries out identification, measurement, monitoring and control of Mandiri Group (self-assessment) risks, using an integrated information system, namely the Risk Assessment Consolidation

Generator (RACER) System to support the process of self-assessment as stated with the following explanation:

1. Risk Based Bank Rating (RBBR) approach, which includes an assessment of Risk Profile, Integrated Governance, Profitability and Capital. During 2023, the Bank has reported Bank Mandiri's Consolidated Soundness Rating for the Second Semester of 2022 and First Semester 2023 periods to the Regulator in a timely manner.
2. Consolidated Risk Profile which includes the management of 8 types of risks (Credit, Market, Liquidity, Operational, Legal, Reputational, Strategic and Compliance Risks). During 2023, Bank Mandiri has reported the results of the self-assessment of the Consolidated Risk Profile for the period of Quarter IV 2022 and Quarter I, II, III 2023 to the Regulator in a timely manner.
3. Integrated Risk Profile which includes the management of 10 types of risks (8 types of risks plus Intra-Group Transaction and Insurance Risks). During 2023, Bank Mandiri has reported the Integrated Risk Profile for the Second Semester of 2022 and First Semester 2023 periods to the Regulator in a timely manner.

The proposed results of the Consolidated/Integrated Risk Profile self-assessment and the Consolidated RBBR were recommended by the Integrated Risk Committee (IRC) and the approval was provided by the Risk Management & Credit Policy Committee (RMPC) Category A. Furthermore, the self-assessment results of the Consolidated/Integrated Risk Profile and the Consolidated RBBR approved by the RMPC are reported to the Regulator and submitted to the Integrated Governance Committee.

BUILDING RISK AWARENESS CULTURE

To realize Bank Mandiri's vision "We aim to be your preferred financial partner", the Bank promotes risk-awareness culture in all operational and business activities to mitigate risks that may disrupt the Bank's business continuity. The culture is introduced to all levels of the Bank, from top management to junior staff. The Bank's Board of Directors and Board of Commissioners have also determined a Risk Appetite Statement (RAS) that defines the risk level that the Bank is able to tolerate. RAS indicates the Bank's risk tolerance capacity and is developed to help the Bank achieve its business objectives. RAS informs business decision-making, and its implementation is intensively monitored.

Risk-awareness culture building is also reflected from the Bank's product and technology development; every development initiative observes the Risk Management System so that business sustainability can be maintained. Risk assessment and mitigation are also considered prior to a product or service launch/implementation. This risk approach also applies in the Bank's internal policies and technical guidelines formulation.

A successful risk-awareness culture needs support from everyone in the organization. Realizing this, the Bank incorporates risk-awareness into its corporate culture. The AKHLAK core values of the Bank are applied to ensure that they are deeply reflected in the employees' daily conduct – all employees are expected to drive for growth whilst keeping risk consideration in mind in order for that growth to be sustainable in the long run.

Solid communication strategies are also important in improving risk-awareness culture. Bank Mandiri utilizes a wide variety of communication channels to ensure the wide reach of its messages. The different media channels are employed in a comprehensive manner, adaptive, and sustainable in order to build risk-awareness culture within an open, efficient, and effective risk management framework.

RISK AWARENESS PROGRAM

Foundation of effective risk management is accomplished by building risk culture and continuous learning. To improve the culture of risk awareness, particularly operational risks among employees, Bank Mandiri has some flagship programs such as operational risk awareness (OPERA), fraud awareness, security awareness, compliance awareness, and business continuity awareness. These programs are designed to increase understanding and effectiveness of operational risk management by each level of Bank Mandiri employee. These awareness programs are organized regularly and thoroughly for bankwide, including for Subsidiaries and Overseas Branches. The risk awareness program series is arranged thematically that is adaptive, particularly in responding to emerging risk trends, namely the increase in existing risks and the emergence of new potential risks, including Cyber Resilience & Data Security, significant internal and external events, the latest news on operational risks, top global risk, Control Testing results, and so forth.

In 2023, alignment initiative on risk awareness program bank-wide was carried out in order for the programs to be delivered to all employees effectively according to regulatory compliance and eventually could minimize the Bank operational loss. This initiative is including standardization of program delivery, media or channel, and audience target.

In general, risk awareness program is divided into two categories based on the dimension of:

1. Buzz

Buzz is term for risk awareness program which is delivered one-way and doesn't need any feedback from employee, such as poster, toon, video, etc.

2. School

School is term for risk awareness which is delivered two-way and need feedback or response from employee, such as survey and e-learning.

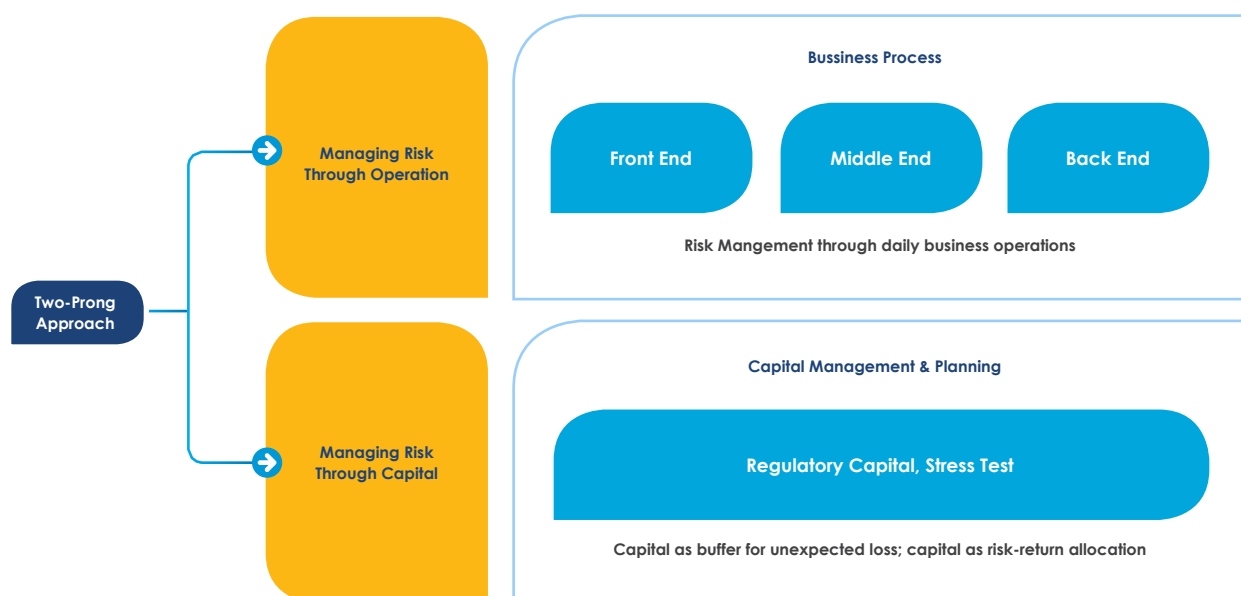

No.	Buzz Program	Frequency	Coverage
1	Tone Short cartoon character comics with light and contemporary daily content.	Monthly	<ul style="list-style-type: none"> Employees of Bank Mandiri Regional and Head Office Employees of Bank Mandiri Overseas Branch

No.	School Program	Frequency	Coverage
1	Forum Broadcasts/forums/workshops that discuss issues/trends around risk and mitigation.	Quarterly	<ul style="list-style-type: none"> Employees of Bank Mandiri Regional and Head Office Employee of Bank Mandiri Overseas Branch
2	Survey Survey/checklist contains short questions to employees through Ms. Form.	Monthly	<ul style="list-style-type: none"> Employees of Bank Mandiri Regional and Head Office Employee of Bank Mandiri Overseas Branch
3	E-learning Learning to employees contains material with post tests.	Annually	Organic employees

The Risk Awareness programs help employees to understand the importance of operational risk management, thereby improving its effectiveness and efficiency.

BANK RISK MANAGEMENT

In an effort to maximize shareholder value, the Bank risk management is carried out in an integrated manner through the Enterprise Risk Management framework which links strategic planning, risk appetite, execution, risk assessment and performance evaluation. The implementation of risk management is aimed at providing value added for the Bank and shareholders to realize the Corporate Plan. The implementation of ERM at Bank Mandiri uses a two-prong approach, namely risk management through capital and risk management through operational activities, as illustrated in the diagram below:

RISK AWARENESS PROGRAM

In the application of the two-prong approach, there are 4 (four) main components that function as supporting pillars, including:

1. Organization & Human Capital

The Risk Management Unit (SKMR) at Bank Mandiri is responsible for managing all risks faced by Bank Mandiri, including the development of supporting tools required in business and risk management. Moreover, there is a work unit acting as a risk counterpart of every business unit in the four-eye process of lending. Realizing that risk management is the responsibility of all work units at Bank Mandiri, the success of risk management is determined by risk awareness in all Bank Mandiri work units accompanied by adequate technical capabilities. As such, Bank Mandiri always improves the capabilities and knowledge of all employees, particularly in terms of risk management, by organizing regular internal training through the Risk Management Academy or through the use of expatriates in the area of risk management, hence there is a transfer of knowledge to Bank Mandiri employees. Bank Mandiri also regularly holds socialization at least once a year, discussion forums, internships, and programs on risk management that are in line with the internalization of corporate culture.

The Risk Management structure at Bank Mandiri consists of the Risk Management Directorate in charge of Independent Risk Management and Credit Approval Risk units comprising Wholesale Risk and Retail Risk. The Risk Management Directorate is led by the Director of Risk Management assisted by SEVP of Wholesale Risk.

2. Policies and Procedures

A Risk Management Policy (KMNR) become the main guidelines on the implementation of risk management at the operational level and the capital management at the Bank consists of:

- a. Prudence, which entails capital adequacy, fulfillment of prevailing laws and regulations, and an early warning system.
- b. Risk Management, which entails Risk Appetite, Risk Profile, Bank Soundness Rating, Stress Testing, Recovery Plan, and Resolution Plan, as well as Integrated Risk Management.
- c. Risk Management for each type of risks, which entails processes of risk identification, measurement, oversight, and control.

- d. Risk Oversight, which entails monitoring of activities/ methodologies of risk management at Bank Mandiri, and the Internal Control System.

This Risk Management Policy become the basis for making procedures and technical guidelines concerning risk management at Bank Mandiri.

3. System & Data

The risk management system is developed to support more efficient business processes so that decision-making is faster yet prudent. To maintain integrity and data quality, Bank Mandiri has adopted an Integrated Processing System and a Loan Origination System to increase the efficiency of credit processes and maintain data quality in the Corporate, Commercial, and Retail segments. To increase collection productivity level particularly in the Consumer and Retail segments, the Bank adopts an Integrated Collection System. Bank Mandiri utilizes a Summit System and an Ambit Focus System to manage trading book and banking book risks in the activities of treasury and assets & liabilities management.

To assess the Risk Profile and the Soundness Level of Mandiri Group at individual and consolidated/ integrated levels, the Bank has adopted a web-based tool called Risk Assessment Consolidation Generator System (RACER) so that the risk assessment processes are more effective, efficient, accurate, and accountable and that the authorized access to the system is maintained.

4. Methods/Model & Analytics

Bank Mandiri has continuously implemented a risk measurement that adheres to international best practices by using quantitative and qualitative methods and developing risk models such as rating, scoring, Value at Risk (VaR), portfolio management, stress testing, and others as support for judgmental decision-making.

Periodically, available models are validated by an independent Unit Model Validator to ensure the quality and validity of such models. These risk models are managed through a model risk management

RISK AWARENESS PROGRAM

framework inherent in the function of the Model Governance Guiding Unit. The management of model risk is done to ensure control over every component in the model used in business processes and decision-making. This model management framework includes:

a. Inventory Model
